### **DETAILED EXPERIENCE:**

- **Consultant to the Transportation Corridor Agencies** providing special liaison services as a Deputy Project Manager.
- **Principal Transportation Engineer, Chief, Division of Construction and Facilitator for Private Toll Road Project Route 91, Caltrans District 12**, Orange County, California. Concurrently responsible for all construction programs in the district including hazardous waste, materials and the District Office Engineer functions while serving as Facilitator for Route 91 private toll road construction. As such, was responsible for meeting all time and quality standards throughout implementation of the first AB 680 Privatization Project.
- **Supervising Transportation Engineer, Deputy District Director** – Chief of Construction, Traffic Operations, Maintenance and Permits, Caltrans District 12, Orange County, California. Directed staff of 350 employees in all aspects of these major highway activities.
- **Supervising Transportation Engineer, Deputy District Director** – Project Engineering, Caltrans District 12, Orange County, California. Responsible for creating and staffing this department for the newly formed District 12.
- **Supervising Transportation Engineer, Chief** – Consulting Services Branch, Caltrans District 7, Los Angeles County, California. Created the Consulting Services Branch for Caltrans under tight time constraints and a heavy workload while simultaneously acting as Deputy for Construction and Engineering Support in District 12.
- **Supervising Transportation Engineer, Chief, I-105 Construction Branch**, Caltrans District 7, Los Angeles County, California. As Chief of Century Freeway (I-105) Construction Branch, directed staff of 150 and construction projects exceeding \$300 million.
- **Senior Transportation Engineer, Chief, Program Management**, Caltrans District 7, Los Angeles County, California. Served as Chief of Program Management for three annual STIP cycles, directing all attendant coordination with the regional transportation planning entities.
- **Senior Transportation Engineer**, Caltrans, District 7 **Design**, Los Angeles County, Project Development. Supervised five Design squads.
- **Associate Transportation Engineer**, Caltrans, District 7, Los Angeles County, California. Project Development; **Construction Resident Engineer**; **Bridge Resident Engineer** with 16 years with **Division of Structures**.
