---

**Education:** California Polytechnic State University, Pomona  
Bachelor of Science, Civil Engineering, December 1993

**Registration:** California Professional Engineer Registration, License No. C 56506

---

**Professional Experience:**

**Calif. Dept. of Transportation (Caltrans) - District 8 San Bernardino/ Riverside County**

**PRINCIPAL TRANSPORTATION ENGINEER**, Deputy Director of Construction (Jan. 2006 – March 2014)

-Plan, organize, and direct all activities for construction of District 8 Transportation facilities. Establish standards, policies, and procedures to implement work priorities of 300 employees to effectively and efficiently administer over \$2 billion construction projects. Involved with and resolved highly complex claims and politically sensitive construction issues. Administer and negotiate contract disputes, personnel matters, interagency and public relations work. Represent Department in various boards, hearings, commissions, legal matters, and public events.

-Negotiate and resolve complex contractual claims, change orders with contractor through "win-win" partnered solutions.

-As an Executive Team member, coordinate and advise with other district divisions, statewide, and external entities to maintain, plan, design, and establish cross functional support, policies, collaboration, partnerships, improvement/best management practices, strategic planning, and overall contract for delivery program to deliver construction program.

-Advocate and ensure for proper staffing of all functional units in division (Field Const, Utilities, Material Labs, Labor Compliance, Surveys, R/W Engineering, Permits, Admin Office Support, Electrical, Materials Engineering and Independent Assurance), consultants, and ensure that they are adequately resourced, equipped, trained, and comply with all safety requirements to deliver Departments Mission, Vision, and Goals.

**SUPERVISING TRANSPORTATION ENGINEER (Supv TE)**, Area Const. Manager (Nov. 2002 – Dec. 2005)

Deliver construction management administration by overseeing contracts with daily operations to ensure delivery of construction projects. Provide guidance and direction for contract claims, change orders, resolution and gain proper approvals.

**Senior TE**, District Materials –QC/QA Lab Manager (Mar. 2000 – Nov. 2002)

Lab Manager responsible for policies, procedures, and timely material sampling/testing of all field acceptance and lab testing staff, equipment, tests, and coordination of requests on a daily basis.

**TE**, Project Engineer – Design (Aug 94 – July 96), Resident Engineer – Const. (Aug 96- Feb 2000)

Administer contracts in accordance with contract plans, specs, and policy for on time, under budget, and with no claims.

**ASSISTANT LAND SURVEYOR**: (April 92 – July 94); Perform construction engineering/survey calculations, instrument man, rodman, chainman, GPS, and electronic data collection to establish horizontal / vertical control networks, set control monuments, R/W and construction staking.

**Committee Membership (past):** Survey Management Board, Construction Management Board, Right-of-Engineering Council, Caltrans Construction Partnering Steering Committee, Pavement Management Committee.
