- Videos from Caltrans and others
- Student Study Guide for notes
- SWPPP Preparation Manual
- Construction BMPs Manual
- Binder for assembly of a SWPPP
- Examples of typical BMPs and Costs
- New methods and technologies
- Developing Run-on/Run-off data
- Sampling & Analysis Issues
- Inspection & Maintenance
- Sources of help on the web
- Review of Construction Site BMP Field Guide
- Caltrans/CASQA templates

A Storm Water Pollution Prevention Plan (SWPPP) is required for all construction projects that disturb one acre or more of soil. Global Environmental Network, Inc. offers several SWPPP training workshops, from a 4-hour "Basics of

BMPs"; the 24-Hour SWPPP Development, Preparation and Implementation Workshop for Contractors; to tailor made Construction Site Management courses. We can customize courses as needed!

The SWPPP Training Workshop will:

- Meet the Caltrans minimum requirement of 24 hours of stormwater training for the Water Pollution Control Manager
- Review coming major changes in the state and federal Stormwater Programs
- Review the NEW WPCP and SWPPP Templates
