A Storm Water Pollution Prevention

Plan (SWPPP) is required for all construction projects that disturb one acre or more of soil. Global Environmental Network, Inc. offers several SWPPP training workshops, from a 4-hour "Basics of BMPs"; the 24-Hour SWPPP Development, Preparation and Implementation Workshop for Contractors; to tailor made Construction Site Management courses. We can customize courses as needed! The SWPPP Training Workshop will:

- Meet the Caltrans requirement of 24 hours of Stormwater Training for the Water Pollution Control Manager
- Review coming major changes in the state and federal Stormwater Programs
- Review the NEW WPCP and SWPPP Templates
