

Task: Verify a Test

Description:

Follow these instructions to verify a test. To verify a test means to once and for all confirm the test data, and associated sample data is correct and ready to be viewed by other Caltrans laboratories.

Who can perform this task?

Test data can only be published by users with 'Verify' privileges.

Steps:

1. Log into DIME by entering your Email and Password at the following login page:

<http://www.dot.ca.gov/hq/esc/Translab/DIME/login.php>

2. Point to the 'Test Results' menu item, then click on ' Verify Results.'

3. Navigate to the desired test based on the Project Number, Sample ID and Test Number.

4. Click the ' Verify ' link for the test of interest.

DIME	Test ID	Test Name	Date Tested	Verified?	Action
99999	2013-06-19-10-44-9981-1	Standard Method of Test for Specific Gravity and Absorption of Fine Aggregate	2013-06-19 10:45:00	no	Verify
99999	2013-06-19-00-00-4246-1	Method of Test for Determining Specific Gravity and Absorption of Fine Aggregate	2013-06-19 15:05:00	no	Verify
99999	2013-06-19-15-27-3659-1	Standard Method of Test for Uncompacted Void Content of Fine Aggregate	2013-06-19 15:31:00	no	Verify
99999	2013-06-13-00-00-8157-1	Compressive Strength of Cylindrical Concrete Specimens	2013-06-17 14:54:00	no	Verify
99999	2013-06-05-00-00-0066-1	Compressive Strength of Cylindrical Concrete Specimens	2013-06-20 14:22:00	no	Verify
99999	2013-06-05-00-00-6288-1	Compressive Strength of Cylindrical Concrete Specimens	2013-06-20 14:22:00	no	Verify
99999	2013-06-05-00-00-1234-1	Compressive Strength of Cylindrical Concrete Specimens	2013-06-20 14:22:00	no	Verify

5. Review the sample data and test data, then click the 'Verify' button at the bottom of the page.
