### PCMAC Announcement:

This is a status update to the new Precast Concrete Quality Control specification that was announced last year at this venue. As you know, projects now being advertised do include this new specification. This specification was developed with significant input from industry.

The new specification implements detailed QC requirements for plant personnel, record tracking, batch plant certification and plant audits. This specification applies to all precast concrete contractors and precast concrete subcontractors doing work that includes the following:

- Precast Piles
- Precast Girders
- Precast Deck Units
- Precast MSE panels

The specification can be found by clicking on the title S8-C15 at the following website:  
[http://www.dot.ca.gov/hq/esc/oe/specifications/SSPs/99-SSPs/Sec\\_08\\_Mtls/08-2\\_Concrete/](http://www.dot.ca.gov/hq/esc/oe/specifications/SSPs/99-SSPs/Sec_08_Mtls/08-2_Concrete/)

The Office of Structural Materials conducts the precast audits. The audit form, along with procedures for requesting and completing the audit, are available the following website
