<sup>1</sup> Check plans and specifications for approved locations when using reduced size heads.

**Notes:**

1. If there is a discrepancy between this list and the prequalification letter issued by the California Department of Transportation ("Caltrans") to the manufacturer, the approval letter and any conditions therein control.
2. If any of the following occur, Caltrans may revoke the prequalification of a product, and remove it from this list: the design of the product changes, the material used in the product changes, or the manufacturer engages in fraud or misrepresentation in order to comply with the quality control and quality assurance requirements in section 52 of the Standard Specifications.
3. Caltrans takes no position respecting the validity of any intellectual property rights asserted in connection with any product on this list. Users of this list are solely responsible for determining the validity of any such intellectual property rights.

## **PREQUALIFIED LIST OF HEADED REINFORCING STEEL FABRICATORS**

4. This table was prepared to provide a reference source for headed bar reinforcement systems currently prequalified for use by Caltrans. Caltrans assumes no liability or responsibility for the accuracy or validity of this information if used by other entities.
5. If you have any questions about this list, please contact the appropriate Structural Materials Representative at <http://www.dot.ca.gov/hq/esc/Translab/smforms/StructuralMaterialsRepresentatives.pdf>.
