<p>For additional information, please send email to: julie.forsythe@dot.ca.gov</p>			

** Should the product be mounted upon a safety barrier at a minimum of 48 inches above grade in a manner consistent with that provided during the evaluation phase of this product, the Department will consider this to be a location which is not accessible to motor vehicle traffic and suitable for use within the clear recovery zone. This does not apply for use on structures.
