

Seek a part in one of the largest public works projects in California history.

The new East Span of the San Francisco Bay Bridge is under construction, but it is not too late to compete for one of the contracts yet to be awarded, or to obtain supplemental work from the prime contractors and subcontractors currently working onsite.

Contractors' Outreach Meeting

Contract 04-0120F4 the Self-Anchored Suspension Superstructure

April 8th 2004, 9:00 a.m. to 12:30 p.m.

Old Oakland Army Base - BACSYS Building

2485 West 14th Street

Oakland, California

Free parking is available.

Participants in this prebid meeting will be informed of the specific project requirements and given an opportunity to network with other participants. Specific work opportunities on this particular phase of work are the following:

- Furnish and/or Installing Rebar or Reinforcing Steel.
- Structural Steel - Fabrication, Furnishing, Welding, Erection, Cleaning, and Painting
- Traffic Striping - Thermoplastic, Painted, and Pavement Marking
- Utility Related Work - Water and Comp. Air Lines, Install Fiber Optic Cables, Pump Station
- Transportation - Trucking, Barging, Transfer of project materials and personnel
- Motion Detection, Microwave Vehicle Detection, Navigation and Aviation Warning Systems, Photo Survey, Vibration Monitoring, Construction Survey, Erosion Control, Building and later Removing Multiple Temporary Tower Structures, Temporary Facilities for Prime Contractor, Pollution Control, Sign Structure, Fencing, Railings, Epoxy Asphalt Concrete, Polyester Concrete Overlay, Ready-Mix Concrete, Prestressing Concrete, and other types of work.

Who Should Attend

- Prime contractors and subcontractors currently working on existing contracts, bidding of the SAS superstructure, or planning to bid on remaining contracts on the San Francisco - Oakland Bay Bridge East Span.
- Local small businesses who are certified as a Disadvantaged Business Enterprise, a Small Business Enterprise, or a Disabled Veteran Business Enterprise.
- Businesses not currently certified but interested in working on the project.
