Scope of Work and Cost Estimate for Services Related to Caltrans Contract No. 01-0B0804

ADH Environmental is interesting in providing our environmental consulting services to Tidewater Contractors, Inc. as follows:

Task 1: Prepare Water Pollution Control Program

ADH Environmental will prepare a Water Pollution Control Program (WPCP) in compliance with the Caltrans SWPPP/WPCP Preparation Manual. Preparation of the WPCP by ADH Environmental shall include reasonable review and revision by Tidewater Contractors, Inc. and representative(s) of Caltrans.

Task 2 (optional): WPCP Implementation

ADH Environmental will perform, at Tidewater Contractors' request, any or all visual monitoring inspections and reporting as required by the WPCP.

Task 3 (optional): On-Going Hourly Consultation

ADH Environmental will perform, at Tidewater Contractors' request, any additional consulting required, including: meetings and correspondence outside of the scope of Tasks 1 and 2; special requests; additional unexpected labor related to discharge reporting or other incidents.

Task 1 is a lump sum cost estimate. Task 2 - if Tidewater Contractors is interested in contracting with ADH for this - can be billed as time and materials or cost per individual subtask. We have done both on two other local Caltrans projects (01-423704 and 01-3633U4). For the purposes of this proposal we have provided cost estimates per Task 2 subtasks based on our hourly rate for a QSP, although other staff would likely perform much of this task. Mileage is included.

Attached is a Consulting Services Agreement we have used in the past with Tidewater Contractors and which we only include here as an example. We understand Tidewater Contractors has its own standard Subcontract Agreement. Exhibit A of the attached agreement is the Scope of Work and Cost Estimate and Exhibit B is a fee schedule if ADH is to provide any services under Task 3.

Thank you for considering ADH Environmental for this project.

Client agrees to limit the Company's liability to Client and any other third party for any damage on account of any error, omission or negligence to a sum not to exceed the payment received by the Company for the particular service provided giving rise to the claim. The limitation of liability set forth herein is for any and all matters for which the Company may otherwise have liability arising out of or in connection with this Agreement, whether the claim arises in contract, tort, statute, or otherwise.

5.2 Remedy. Client's exclusive remedy for any claim arising out of or relating to this Agreement will be for the Company, upon receipt of written notice, either (i) to use commercially reasonable efforts to cure, at its expense, the matter that gave rise to the claim for which the Company is at fault, or (ii) return to Client the fees paid by Client to the Company for the

particular service provided that gives rise to the claim, subject to the limitation contained in Section 5.1. Client agrees that it will not allege that this remedy fails its essential purpose.

5.3 Survival. Articles 2, 4, 5, and 6 survive the expiration or termination of this Agreement for any reason.

6. MISCELLANEOUS

Should any part of this Agreement for any reason be declared invalid, such decision shall not affect the validity of any remaining provisions, which remaining provisions shall remain in full force and effect as if this Agreement had been executed with the invalid portion thereof eliminated, and it is hereby declared the intention of the parties that they would have executed the remaining portion of this Agreement without including any such part, parts, or portions which may, for any reason, be hereafter declared invalid. Any provision shall nevertheless remain in full force and effect in all other circumstances.

to be imaginative in designing mechanism and procedures to resolve disputes at this level. Such efforts shall include the referral of any remaining issues in dispute to higher authority within each participating party's organization for resolution. Failing resolution of conflicts at the organizational level, the Company and Client agree that any remaining conflicts arising out of or relating to this Contract shall be submitted to nonbinding mediation unless the Company and Client mutually agree otherwise. Client agrees that the Company's performance is dependent on Client's timely and effective cooperation with the Company. Accordingly, Client acknowledges that any delay by Client may result in the Company being released from an obligation or scheduled deadline or in Client having to pay extra fees for the Company's agreement to meet a specific obligation or deadline despite the delay.

6.12 Governing Law and Construction. This Agreement will be governed by and construed in accordance with the laws of California, without regard to the principles of conflicts of law. The language of this Agreement shall be deemed to be the result of negotiation among the parties and their respective counsel and shall not be construed strictly for or against any party. Each party agrees that any action arising out of or in connection with this Agreement shall be brought solely in courts of the State of California, and each party further consents to jurisdiction by the state and federal courts sitting in the State of California.

6.2 Entire Agreement; Survival. This Agreement, including any Exhibits, states the entire Agreement between the parties and supersedes all previous contracts, proposals, oral or written, and all other communications between the parties respecting the subject matter hereof, and supersedes any and all prior understandings, representations, warranties, agreements or contracts (whether oral or written) between Client and the Company respecting the subject matter hereof. This Agreement may only be amended by an agreement in writing executed by the parties hereto.

6.3 Force Majeure. The Company shall not be responsible for delays or failures (including any delay by the Company to make progress in the prosecution of any Services) if such delay arises out of causes beyond its control. Such causes may include, but are not restricted to, acts of God or of the public enemy, fires, floods, epidemics, riots, quarantine restrictions, strikes, freight embargoes, earthquakes, electrical outages, computer or communications failures, and severe weather, and acts or omissions of subcontractors or third parties.
