*National Association of Women in
Construction: Building Your Future!*

Welcome to Region 10

Posted on January 30, 2013 by Region 10 of The National Association of Women In Construction

The National Association of Women in Construction (NAWIC) originally began in Fort Worth, Texas. It was founded in 1953 by 16 women working in the construction industry, who represented only a small fraction of the construction industry at the time. The founders organized a network of women in construction, and the Fort Worth chapter was so successful that it eventually became the National Association of Women in Construction.

NAWIC has a membership of more than 4,500 and approximately 167 chapters across the U.S. state. Since 1996, NAWIC has seen its Core Purpose grow worldwide and has entered into Agreements with the Canadian Association of Women in Construction, NAWIC-United Kingdom and South African Women in Construction. In NAWIC membership, NAWIC has advanced the causes of all women in construction, from owners.
