**CALTRANS CONTRACT #01-262054
WILLITS, MENDOCINO COUNTY, CALIFORNIA
CONTRACTOR-SUPPLIED BIOLOGIST:
ANNUAL SCOPE OF WORK**

California Environmental Services (CES) has been requested to prepare this Scope of Work and estimated budget to provide comprehensive biological monitoring services during construction of the Willits Bypass Project (Project), located near the City of Willits, Mendocino County, California. Biological Monitoring tasks are identified throughout the Project permits, including: Lake or Streambed Alteration Agreement 1600-2010-0044-R1 Amendment No. 1 and Incidental Take Permit No. 2081-2010-007-01 (Revised March 10, 2014) as well as the Mitigation, Monitoring and Reporting Plan prepared for the Project. The Project is anticipated to take two years to complete. This Scope of Work outlines the tasks, staffing, assumptions, and costs associated with providing comprehensive biological monitoring services for this Project for one year.

TASKS

Task 1: Biological Monitoring

Description: CES will develop and provide an educational program for all persons employed or otherwise working on the Project site prior to performing any work on-site as described in Section 2.5 of the Lake or Streambed Alteration Agreement 1600-2010-0044-R1 Amendment No. 1 (Agreement) issued for the Project. The program will consist of a presentation that includes a discussion of the sensitive resources existing within and adjacent to the Project area, including State- and federally-listed species, as well as the protective measures required in the Agreement and the Incidental Take Permit (ITP) issued for the Project. Interpretation shall be provided for non-English speaking workers, and the same instruction shall be provided for any new workers prior to their performing work on-site. CES will prepare and distribute wallet-sized cards or a fact sheet handout containing this information for workers to carry on-site. Upon completion of the program, employees shall sign a form stating they attended the program and understand all protection measures. These forms will be maintained in a project permit binder kept on site by the Designated Biologist.

CES will provide one biological monitor (Designated Biologist) knowledgeable and experienced in the biology and natural history of the Project area. The Designated Biologist will be on-site daily during Project activities including all pile installation, dewatering, channel-, vegetation- or ground-disturbing activities that may affect special-status species are taking place to: (1) minimize incidental take of special-status species; (2) check for compliance with all mitigation and avoidance measures; (3) check all exclusion zones; and (4) ensure that signs, stakes, and fencing are intact, and that human activities are restricted outside of these protective zones.

The Designated Biologist will prepare a Daily Monitoring Report (DMR) summarizing: disturbance activities observed, oversight activities and compliance inspections, observations of fish and wildlife resources including special-status species, survey results, and monitoring activities required by the Agreement and other Project permits.

Designated Biologists will also conduct compliance inspections a minimum of once per month during periods of inactivity and after clearing, grubbing, and grading are completed.

Assumptions:

- CES assumes that one Designated Biologist will be required from June 1, 2015 through October 15, 2015 and from June 1, 2016 through October 15, 2016.
- CES assumes construction activities will take place Monday through Friday and that no weekend or holiday work will be required.
- CES assumes that work days will begin at approximately 7 am and conclude at approximately 3:30 pm (i.e. an 8-hour workday) and that no overtime will be required.
- CES assumes that educational training will occur in the normal course of each workday during safety tailboard meetings and that no separate, additional trainings will be required.

Deliverables:

- CES assumes that DMRs will be compiled weekly and submitted to either the Contractor or Caltrans in Microsoft Word™ format for subsequent submission to the resource and/or regulatory agencies.
- CES assumes that no hard copies of the weekly summaries will be required.

Annual Cost: \$86,846.00

Task 2: Special-Status Fish Relocations

Description: Per Section 2.29 of the Agreement, CES will provide up to two qualified fisheries biologists that are authorized by National Marine Fisheries Service (NMFS) and California Department of Fish and Wildlife (CDFW) to handle listed salmonids. Captured fish will be segregated by size to minimize predation, and maintained in cool, well-oxygenated water until released to suitable habitat outside the construction impact area.

Assumptions:

- CES assumes that one round of fish capture and relocation will be required for the Project.
- CES assumes that one round of fish capture and relocation will require no more than five 8-hour consecutive days to complete.
- CES assumes that a written report of capture and relocation efforts will be required.

• **Cost: \$16,820.00**

Task 3: Written Reports

Description: CES will prepare or assist in the preparation of the following reports:

- *Quarterly Compliance Report:* CES will compile the observation and inspection records identified in Section 4.1 of the Agreement (i.e. DMRs) into a Quarterly Compliance Report and along with a summary of Project activities, the current implementation status of each mitigation measure identified in the Agreement, and any recommended modifications in monitoring methods. Draft Quarterly Reports will be prepared every three months (i.e., August and November) during the construction monitoring period of June 1 through October 15. Draft Quarterly Reports will be submitted to the Contractor and/or Caltrans for finalization.

Assumptions:

- CES assumes one round of review and revisions of the Draft Quarterly Compliance Reports.
- CES assumes that no hard copies of the Final Quarterly Compliance Reports will be required.

- **Cost: \$10,130.00**

Schedule:

The Draft Quarterly Compliance Report will be electronically submitted in Microsoft Word® format to the contractor or Caltrans as appropriate for review on September 15 and November 15. Accompanying figures and/or graphics will be submitted in Adobe Acrobat® PDF format. Upon receipt of edits, comments, and/or questions, CES will complete revisions to the Draft Quarterly Compliance Report within 10 days and submit the Final Quarterly Compliance Report electronically to the contractor or Caltrans as appropriate.

INVITATION TO BID

February 10, 2015
CALIFORNIA ENVIRONMENTAL SERVICES, LLC
3170 CROW CANYON PLACE, SUITE 250
SAN RAMON, CA, 94583

We are seeking certified and qualified DBE subcontractors and/or suppliers for:

Project: Caltrans - Construction Adjacent To State Hwy In Mendocino County In And Near Willits At Various Locations

Location: Mendocino County In And Near Willits, CA

Bid Due Date: 03/03/15 at 02:00 PM PST

Solicitation Number: 01-262054

Contact: Kevin Heddy

Quotes are needed for:

Progress Schedule (Critical Path Method), Traffic Control System, Prepare Storm Water Pollution Prevention Plan, Storm Water Sampling and Analysis, Storm Water Annual Report, Move-In/Move-Out (Temporary Erosion Control), Temporary Tacked Straw, Temporary Cover, Temporary Fiber Roll, Temporary Silt Fence, Temporary Construction Entrance, Street Sweeping, Temporary Fence (Type ESA), Temporary Marker (Type ESA), Contractor-Supplied Biologist, Roadway Excavation, Roadside Clearing, Invasive Plant Removal, Soil Amendment, Plant Installation, Plant Establishment Work, Wood Mulch, Move-In/Move-Out (Erosion Control), Erosion Control (Dry Seed), Erosion Control (Drillseed), Straw (Native Grass), Incorporate Materials, Ripping (Earthwork), Disking (Earthwork), Rock Slope Protection (Facing, Method), Rock Slope Protection (No. 3, Method B), Clean Sand and Gravel, Cobblestone, Temporary Fence (Type CL-3).

100% performance and payment bonds may be required. Contact Hanford ARC for insurance and insurance assistance. Plans and specifications can be obtained by contacting Hanford ARC. Hanford ARC is an Equal Opportunity Employer CA License #461167

If you have any questions please do not hesitate to contact us.

Terms & Conditions:

1. All quotes must be on an R & S Trucking quote sheets (pages 1, 2, 3 & 4); all purchase orders/letter of intent to duplicate the same. **PLEASE ATTACH A COPY OF QUOTE, WITH ALL PURCHASE ORDERS OR WORK AUTHORIZATIONS.**
2. **Purchase orders/letter of intent must be issued within 14 working days of bid date; Hourly rates only will be honored during the transition period.**
3. When per load / un-scaled loads are quoted, the following allowable times apply: Quarry site / Load site with Aggregates for all truck (4 and 5 axle) types: 5 minutes. And at the Dumpsite / Job site with Aggregates for Double bottoms / Semi ends / Super dumps: 5 minutes.
4. **Demurrage / Standby Time charges will be charged, after the standard allowable times listed, based on the hourly rates quoted, on page 1) as an example: \$85.00 hourly = \$1.42 per minute. Or \$ 90.00 hourly = \$1.50 per minute, or \$ 98.00/hourly = \$ 1.63 per minute, etc. Also standby time / demurrage starts upon arrival at the jobsite, including but not limited too; when governmental agencies/general contractors require traffic control points before the actual jobsite (traffic control points, flagmen control, lane closure etc.), and then standby time / demurrage charges will commence starting at the point of that traffic control location.**
5. **It will be the contractor's /customers sole responsibility to collect all demurrage /standby time at any quarry site/ load site.**
6. **Never will any "Averaging of Standby Time" be allowed.** In other words; standby averaging is not allowed at all, as first stated on page 1, reflective in qualifying maximum allowable times in tonnage rate quotes. Demurrage / standby time will be billed and become due & payable after the maximum allowable times listed at the rate per minute quoted.
7. **Semi End Dumps, Double bottoms, Semi Bottoms and 10-Wheelers are hourly unless agreed in writing by R&S Trucking & Contractor prior to job commencing.**
8. **All quotes reflect 100% trucking of said job. R & S Trucking reserves the right to void any /all prices if less than 100%.**
9. Please call truck orders in by 2:00 p.m., to check availability. Please notify us several days in advance of any new jobs starting and/or any large truck orders of 10 or more.
10. On all jobs that require certification rosters, additional names may be added at any time.
11. **PROBLEMS ON PROJECTS:** The contractor must FAX into our main office a detailed description of the occurrence, including the sub hauler and/or drivers name, owner of the truck, truck number/trailer(s) number and description of truck/trailer(s), and copy of the freight tag that pertains to this incident or occurrence, along with estimated dollar (\$) amount of loss (when applicable) on the same day of the incident or occurrence. R&S Trucking will accept "NO DEDUCTS OR BACK CHARGES" unless they are notified as stated above. R & S Trucking will then respond back to customer after investigating the incident. All claims for recovery by contractor for loss or damage to commodity hauled must follow this procedure. Any deviation from this procedure will not change the costs incurred and may cause immediate withdrawal of trucking from said job
12. **It is the contractor's responsibility to FAX notice to R&S Trucking Estimator prior to job bidding if certified payroll and/or union participation is required (also see item.32 following).**
13. **Saturday rates: add 12.5% to the weekday rates, listed on Page 1. Also, Sunday & Holiday rates: add 25 % to the weekday rates, listed on Page 1. This applies to all rates quoted, regardless of hourly, per ton, per load = ALL RATES.**
14. **Minimum Show-up time: On every truck dispatched to customers project, customer will be responsible for paying at least a 8 hour minimum daytime, & 8 hour minimum nighttime, unless previously arranged with dispatch.**
15. All un-scaled tonnage quotes will be based on **26.20 tons** per load for Double bottoms. All scaled tonnage quotes for partial loads will be based on 24.00 tons for Transfers. All scaled tonnage quotes for partial loads will be based on 19.00 tons for Semi ends, Semi bottoms and Super Dumps These quotes are based on R&S Trucking performing all trucking requirements on said project. Also, when partial loads are sent back from the jobsite, back to the quarry: The time spent traveling back will be charged at the quoted hourly rate.
16. If Contractor chooses not to have loads weighted, then contractor is responsible for all overloads, overload tickets, and anything that occurs if load is not weighed.
17. Hourly time to be charged will start from the time reporting to work (time truck was ordered to be at load site), to the time completing the hourly service, which includes travel time back to the load site on the last load. Time to be charged shall include time for transportation in both directions, time for loading and unloading, and waiting or standby time, at origin and/or destination. Total chargeable time shall be computed to the nearest one-tenth of an hour. Deductions from the time only allowed for carrier equipment failure and meal delays. *** Travel-Time:** When listed and/or when applicable, travel-time charges will be billed at the hourly rates listed, per man, per truck, per day. **** Increased Hourly Rates:** When listed and/or when applicable, the increase of hourly rates will apply due to distance/mileage, traffic conditions & environment, duration of time involved, geography, etc.

Continued.....

18. R & S Trucking shall render to contractor invoices for services agreed to in the quote sheet/purchase order. Contractor agrees to pay R & S Trucking by the 20th day following the last day of the calendar month in which the work was performed, billed by the 5th day of the following month. When large truck orders are continuous in a given period it may be required that the contractor will be billed weekly and said payment to be no later than 10 days of receipt of invoice. Interest to be charged on all past due accounts at the maximum allowed by law.
19. Please provide R & S Trucking Estimator with all specific job information, which will be the basis of our quotes. Specific details such as lane closures, traffic control points, project labor agreements/organized labor unions, locations for transfers to drop trailers, State, County & City agencies road closures, on and/or off-ramp turn-around access, designated truck routes per job specific contract language, etc., are needed to qualify per ton or per load rates, as these types of rates reflect time constraints. R & S Trucking reserves the right to void quoted rates that reflect time constraints (per ton or per load) at any time, due to lack of specific accurate information given at time of request. Default to hourly rates might prevail, however that could change also dependent on information given at time of request!
20. **Contractor must provide a site on each job for all truckers to clean out trailers daily at end of the last load.**
21. R & S Trucking is not responsible for delays caused by equipment failure of employees, agents or sub haulers of R & S Trucking, or by act of God, strikers, lockouts or similar matters beyond the control of R & S Trucking.
22. If any action at law or in equity, including an Action for Declaratory Relief, is brought to enforce or interpret the provisions of this agreement, the prevailing party shall be entitled to reasonable attorney's fee which may be set by the court in the same action or in a separate action brought for that purpose in addition to any other relief to which that party may be entitle. This agreement will be governed by and construed in accordance with the laws of the State of California.
23. Any changes to R & S Trucking freight tags must be received by FAX in the R & S Trucking main office within 2 working days from date of work performed by R & S Trucking for review.
24. Notices will be deemed communicated to either party to this agreement by either fax or certified mail using date of actual receipt of notice to receiving party.
25. R&S Trucking is not responsible for project production due to availability of trucks or any other reason, on any job.
26. As it is standard practice in the construction industry for contractors not to sign truckers trucking quotes, If R & S Trucking sign's a contractor's agreement/contract for trucking services; this action will be construed as a contractor signing an R & S Trucking complete quote with its terms & agreements. This also means that an R & S Trucking quotes supersedes any/all contractors agreements/contract/purchase order, and contractor will hold harmless anything associated in that contract, including production.
27. **R&S Trucking Co. is a VENDOR, not a SUB CONTRACTOR.**
28. Yearly escalation raise on top of the base rate quoted shall occur at **6% yearly**, commencing 1 year after the job start date, and shall continue yearly with 6% raises, year after year, for the continued duration of this same job.
29. All Asphalt mix designs, such as **Polymer blends, Rubberized, Open-Grade, etc.**, require the contractor to supply a designated clean-out area on the jobsite, and to supply release agents, such as: United Products, Smart Solve Tar Remover # 603, along with additional equipment & manpower to help facilitate the clean-out of any and all truck and trailer(s). This also includes other sticky materials: such as Bay Mud, Wet Concrete mixes, etc. The time spent on this additional clean-out is chargeable at the hourly rates listed and accrues separately for this clean-out procedure, and this extra-time is not allowed to be averaged-out. In addition, R & S Trucking only hauls rubberized/open-grade type asphalts in 5-axle Double bottoms/Semi bottoms only, when available.
30. All rates quoted reflect a diesel cost per gallon up to and including: **\$ 3.65/per gallon**. After it rises to: **\$ 3.66/per gallon**, R & S Trucking will apply a **diesel fuel surcharge rate of 1% for every \$.10 cent per gallon cost increase**, as reported by the U.S. Dept. of Energy weekly on-highway diesel cost reports. Applying a diesel surcharge, after \$ 3.66/per gallon, shall be billed thru the previous weeks trucking work (1 week in arrears).
31. All quoted rates DO NOT reflect the cost of an on-site truck boss. If the need of one is required, and mutually agreed upon by R & S Trucking and the contractor requesting this need, then the requesting contractor agrees to pay all costs associated for an on-site truck boss type monitor: This additional fee typically runs approx. \$ 350.00/per day/per 8 hour shift, plus fuel cost. This rate is subject to change accordingly.

Continued.....

- 32. If & when and any & all Teamsters Local 315 or any other union local initiation fees and monthly union dues are required for any type of on-site/off-site/import/export trucking or trucks or owner-operators or independents that are pulling R & S Trucking's boxes or trailers = All dues payable will be paid out thru the general contractor awarded the above mentioned job. This applies to Project Labor Agreements also. **R & S Trucking is not obligated to be a member of the Teamsters or join any other agreement with any organized union, or any project labor agreements.**
- 33. When "budget trucking only estimates" are provided alongside quoted hourly rates, these budgets are provided reflecting the contractors/estimators desire & requests to help arrive to a: "Approximation of time cycles and/or tonnage estimate to help create a budget cost +/-". These budget costs/rates are not to be considered accurate enough for a commitment and are created only for a convenience, therefor only the hourly rates quoted at the time shall prevail.

DBE SAMPLING & ANALYSIS QUOTATION

Attn: Estimator

Bid Date: March 12, 2015

RE: CALTRANS No. 01-262054

01-Men-101-45.0/50.8 – Wetland and Riparian Planting and Erosion Control

We have reviewed the Plans and Specifications for the above-referenced contract, and submit for your consideration the following services:

<u>Bid Item No. 5 – Prepare SWPPP</u>	<u>\$3,900ea x 1 =</u>	<u>\$3,900.00</u>
A Storm Water Pollution Prevention Plan prepared by a certified QSD.		
<u>Bid Item No. 6 - Rain Event Action Plan</u>	<u>\$250ea x 90 =</u>	<u>\$22,500.00</u>
Preparation of a REAP by a certified QSP/D.		
<u>Bid Item No. 7 – Storm Water Sampling & Analysis Day</u>	<u>\$325ea x 100 =</u>	<u>\$32,500.00</u>
Storm water sampling & testing by a certified QSP/D. (PH & Turbidity only. Other pollutants on a time & materials basis)		
<u>Bid Item No. 8 – Storm Water Annual Report</u>	<u>\$1,100ea x 3 =</u>	<u>\$3,300.00</u>
Certified QSD preparation of a Storm Water Annual Report		
	<u>Project Total</u>	<u>\$62,200.00</u>

(Page 1 of 2)

*Alternate (Site Inspections & Water Pollution Control Manager)

- Weather monitoring
- Provide Water Pollution Control Manager to over-see inspections: including Contractor performed BMP inspections; daily, pre-storm, during extended events, and post-storm . (*Inspections can be performed for the alternate price below)
- GVCE QSP performed weekly storm water inspections.

Restoring Yesterday . . . Creating Tomorrow

municipal engineering
civil engineering
construction management
landscape architecture
land surveying

A. Provide weekly stormwater inspections only

\$400 per week

- \$400wk x 25weeks = \$10,000.00 (not-to-exceed)
- Based on the monitoring period lasting 500 working days
- Includes WPC Manager responsibilities
- Based on Contractor performed "pre", "during", & "post" event inspections.

B. Provide pre, during, and post-event stormwater inspections

\$125 each site visit

- \$125ea x 200ea = \$25,000.00 (not to exceed)
- Based on bid quantities for expected rain events
- Must be performed concurrently w/ Items 6 & 7, and Alt A.

Qualifications

- Design, layout, and/or monitoring of ATS are not included in pricing.
- Implementation and maintenance of BMPs are not included as part of this proposal.
- Items not specifically itemized above are not included, but may be performed on an hourly basis (\$100hr).
- Only sampling for PH & Turbidity will be performed. Any other pollutants will be performed on a time & materials basis.
- Site inspection and sampling will be performed at the intervals as outlined in the General Permit and/or the Contract Documents.
- Additional testing and monitoring resulting from NAL exceedance and/or NEL violations are not included and will be performed on a time & materials basis.
- Pricing is based on a Risk level 3 site & 500 working days.
- SWPPP preparation may be sub-consulted out, and may not qualify for DBE participation (\$3,900).
- Quantities based on inspection and monitoring during working days only.
- No retention to be with-held from payments.
- Payment shall be due within 30 days of client's receipt of invoice

If you have any questions or require any further information please contact this office at the number listed below.

Sincerely,

SECTION 2

Caltrans Good Faith Effort Documentation

Form Pages 1-3

STATE OF CALIFORNIA - DEPARTMENT OF TRANSPORTATION
DBE GOOD FAITH EFFORTS DOCUMENTATION
 DES-OE-0102.11A (REV 12/2014)

1. List items of work the Bidder made available to DBE firms. Identify items of work the Bidder might otherwise perform with its own forces, items that have been broken down into economically feasible units to facilitate DBE participation, and items for which the Bidder has established flexible time frames for performance and delivery schedules in a manner that encourages and facilitates DBE participation. For each item listed, show the dollar value and percentage of the total contract. The Bidder must demonstrate that sufficient work to meet the goal was made available to DBE firms.

Item of Work Offered, Services Offered, or Materials Supplied	Bidder Normally Performs Item Yes/No	Item Broken Down to Facilitate Participation Yes/No	Established Flexible Timeframes for Performance and Delivery Schedules Yes/No	Amount (\$)	Percentage of Total Bid
---	--------------------------------------	---	---	-------------	-------------------------

See Attachment A Items of work Bidder made available to DBE Firms

2. List the names of certified DBEs and all the dates on which they were solicited to bid on this project. Include the items of work offered and the dates and methods used for following up initial and follow-up solicitations to determine with certainty whether the DBEs were interested. Attach copies of solicitations, e-mail messages, telephone records, fax confirmations, etc.

Name of DBE Solicited	Date of Initial Solicitation	Items of Work Offered	Follow Up Methods and Dates
Hanford Applied Restoration & Conservation performed Good Faith efforts as attached under Tab 3 (phone logs, copies of solicitation faxes, and emails)			

3. For each item of work made available, indicate whether the Bidder provided plans and specifications specific to the items of work being offered, list the selected firm and its status as a DBE, the DBEs that provided quotes, the price quote for each firm, and the price difference for each DBE if the selected firm is not a DBE. Provide copies of each DBE and Non-DBE quote submitted to the Bidder whenever a Non-DBE firm was selected over a DBE for work on the Contract.

Items of Work	Provided Plans/ Specifications for Work Offered Yes/No	Name of Selected Firm	DBE or Non-DBE	Name of Rejected Firm	Quote (\$)	Price Difference (\$)
Please See attached rejection list and all supporting documentation under Tab 4						

Please See attached rejection list and all supporting documentation under Tab 4

<input type="checkbox"/> YES <input type="checkbox"/> NO						
<input type="checkbox"/> YES <input type="checkbox"/> NO						
<input type="checkbox"/> YES <input type="checkbox"/> NO						
<input type="checkbox"/> YES <input type="checkbox"/> NO						
<input type="checkbox"/> YES <input type="checkbox"/> NO						
<input type="checkbox"/> YES <input type="checkbox"/> NO						
<input type="checkbox"/> YES <input type="checkbox"/> NO						
<input type="checkbox"/> YES <input type="checkbox"/> NO						

If the firm selected for the item is not a DBE, provide the reasons for the selection on a separate sheet and attach names, addresses, and phone numbers for the firms listed above. Provide evidence as to why additional agreements could not be reached for DBEs to perform work.

4. Describe the Bidder's outreach efforts to identify and solicit the interest of all certified DBEs that have the capability to perform the work of the Contract. Provide copies of supporting documents.

Description of Outreach	Dates	Location (if applicable)	Results
Compliance News	2/10/15 thru 3/12/15		received 30 ITB forms, fax log and ITB summary
Compliance News Daily Focus Journal	2/10/15 thru 3/12/15		phone calls received regarding solicitations
Compliance News Monthly Trade Journal	2/10/15 thru 3/12/15		phone calls received regarding solicitations
Dodge Data & Analytics	2/13/15 & 2/17/15		Ad was published for two consecutive weeks, then printed online on Dodge's website until bid opening date.

5. Describe the Bidder's efforts made to provide interested DBEs with adequate information about the plans, specifications, and requirements of the Contract to assist them in responding to a solicitation. Identify the DBEs assisted, the type of information provided, and the date of the contracts. Provide copies of supporting documents.

Information regarding access to the plans and specifications was provided in our solicitations. Plans were made available for viewing and copying at our Sonoma office from 8:00 a.m. - 5:00 p.m. daily. We also stated that the plans were available on the Caltrans website. In addition we stated that the plans and specifications (in electronic form) were available on Hanford Applied Restoration and Conservation's website.

6. Describe the Bidder's efforts made to assist interested DBEs in obtaining bonding, lines of credit, or insurance. Identify the DBEs assisted, the type of assistance offered, and the dates. Provide copies of supporting documents.

Hanford Applied Restoration and Conservation's estimating staff is available during regular business hours to provide requested assistance on bonding, credit and/or insurance questions upon request. Technical assistance is also available upon request. During this outreach and bid process we were not solicited for assistance.

7. Describe the Bidder's efforts made to assist interested DBEs in obtaining necessary equipment, supplies, materials, or related assistance or services, excluding supplies and equipment the DBE purchases or leases from the prime contractor or its affiliate. Identify the DBEs assisted, the type of assistance offered, and the dates. Provide copies of supporting documents. List efforts made to assist interested DBEs in obtaining bonding, lines of credit, insurance, necessary equipment, supplies, materials, or related assistance or services, excluding supplies and equipment the DBE subcontractor purchases or leases from the prime contractor or its affiliate. Identify the DBE assisted, the assistance offered, and the date. Provide copies of supporting documents.

Hanford Applied Restoration and Conservation's estimating and support staff is available during regular business hours to provide requested assistance in helping the DBE obtain necessary equipment, supplies, materials and/or related assistance or services.

8. List the names of agencies and the dates on which they were contacted to provide assistance in contacting, recruiting, and using DBE firms. If the agencies were contacted in writing, provide copies of supporting documents.

Compliance News
 Dodge Data & Analytics
 Caltrans Office Engineer

9. Include additional data to support a demonstration of good faith efforts.

Hanford Applied Restoration and Conservation is committed to the growth and use of small and diverse businesses. Hanford Applied Restoration and Conservation performed an extensive Good Faith Effort through the use of the internet, utilizing job/bid specific websites. Hanford Applied Restoration and Conservation also used the Caltrans website, searching the Opt-In records, DBE search engine and contacting the subcontractors and vendors listed and offering them a chance to submit a bid.

NOTE: USE ADDITIONAL SHEETS OF PAPER IF NECESSARY.

ADA Notice For individuals with sensory disabilities, this document is available in alternate formats. For information, call (916) 445-1233, TTY 711, or write to Records and Forms Management, 1120 N Street, MS-88, Sacramento, CA 95814.

Dear Kevin Heddy,

My name is Jenerro Lockhart with Alluvion Biological Consulting, we are a local CalTrans Certified DBE firm. In response to your solicitation on the Caltrans website, we are looking to join Hanford Applied Restoration & Conservation's proposal team for the Wetland and Riparian Planting and Erosion Control. Attached is a quote for Contractor Supplied Biologist, Personnel Classifications and Billing Rates. Also, attached is our firms SOQ that highlights our services, key staff and experience. If you have any questions please contact me.

Thank you for time, consideration and we wish you best of luck on your proposal.

Good morning Kevin

Thank you for getting back to me. Our per diem rates are GSA standard according rates in Mendocino County \$96 for lodging and \$66 for meals etc. We assume CalTrans uses the State's standard rates for per diem. Is there an ideal time frame for your proposal team selection?

Hi Kevin,
I neglected to attach our DBE cert. in the previous e-mail.
The DIR process apparently takes at least 7 days. I completed registering yesterday and will send that along once I receive it.

Categories: JOB_Willits Bypass 2015

To all interested parties,

My name is Duane Lee, I represent Grist Creek Aggregates. I am contacting you regarding Caltrans Job # 01-262054, Wetland and Riparian Planting and Erosion Control in Willits. We are located approximately 13 miles north of the north end of the project at the 2.2 mile marker on Hwy 162. I am including delivered prices to you for the Cobblestone as well as the Clean Sand and Gravel to assist you in the bidding process. All prices include all applicable taxes.

In the event you are successful and plan to purchase materials from us, please give us a substantial amount of lead time as the Clean Sand and Gravel will have to be mixed ahead of time. A timeframe on your plans would be helpful as well.

Cobblestone - \$ 40.46 / Ton

Clean Sand and Gravel - \$ 40.46 / Ton

Any inquiries or questions may be made by contacting me at 707-984-6626 or Cell 707-354-2421 , lee.duane@rocketmail.com , or Brian Hurt at 707-489-1463 / wylatti@willitsonline.com

Thank you very much for your time and good luck, Duane Lee

Bob,

We received your Quote for the CalTrans 01-262054 Project. Do you know whether you need to be registered with CA DIR for a subcontractor for this project?

See excerpt from Addendum #3:

In the Bid to the Department of Transportation folder, a field for the California Department of Industrial Relations'

Registration Number has been added.

The folders for Subcontractor List have been increased from 2 to 4 with the following changes:

- Each subcontractor has a field to enter the California Department of Industrial Relations' Registration Number.

Subject: Fwd: Willits bypass bidding specs
Attachments: CalTrans 2015 Standard Specifications - 2-24-15.pdf
Categories: JOB_Willits Bypass 2015

Hi Kevin

My name is Dimitra and I have a small cultural firm based out of Eureka, CA.

Last Friday I received a call from Heather regarding bidding on the Willits Bypass Phase 2. I have only been looking at the plans since this morning, but heres my impressions and questions:

In reviewing the stipulations, I am finding only general Caltrans language which implies having cultural oversight on board, but does not call out any specific AMA's (Archaeological Monitoring Areas) or list a requirement for an Archaeologist to be on site.

In reviewing the plans, I see a number of ESA's (Environmentally Sensitive Areas) however, the plans are not distinguishing between and ESA for cultural or an ESA for biological.

. have done some background research on this project as it has been very contentious with the local tribes and Caltrans.

To date, it appears they have found approximately 10 archaeology sites, including one major village. More are expected. Additionally, each of the three tribes has at least one cultural monitor on-site.

Heather says you are trying to package this for tomorrow and would like an estimate for work from my side.

In order to provide that, I'll have to make some assumptions at this point. If you can provide me the following, I can run some calculations.

1. How many work days are you estimating to complete this project?
 2. How many individual machines (specifically heavy equipment such as hogs, back hoes, bobcats etc) do you anticipate active on-site at any given time?
- Lastly, do you want a fully loaded daily billing rate, or can we do Time/Materials?

Please let me know any other information you require. My DBE/SBE and professional registration numbers are included in the attachment from my conversation with Heather, which I have forwarded here to you.

I will be traveling from Eureka to Redding at 3pm this afternoon, but will carve out time tonight and tomorrow morning to get this estimate to you.

.looking forward to hearing from you soon.

Categories: JOB_Willits Bypass 2015

Good afternoon Kevin,

Attached is the requested quote for CalTrans project 01-262054. The quote is for 1 Biologist as we discussed previously. We can however supply as many Biologist/Ecologist as needed per project description. If there are any questions please do not hesitate to contact me.

Thank you again for invited Alluvion Biological to bid on this project.

Best Regards,

Jenerro Lockhart | Principal Ecologist

Subject: RE: DBE Firm looking to join Hanford Applied Restoration & Conservation proposal team for the CalTrans Wetland and Riparian Planting and Erosion Control Project

Good morning Kevin

Thank you for getting back to me. Our per diem rates are GSA standard according rates in Mendocino County \$96 for lodging and \$66 for meals etc. We assume CalTrans uses the State's standard rates for per diem. Is there an ideal time frame for your proposal team selection?

Regards,

Dear Kevin Heddy,

My name is Jenerro Lockhart with Alluvion Biological Consulting, we are a local CalTrans Certified DBE firm. In response to your solicitation on the Caltrans website, we are a looking to join Hanford Applied Restoration & Conservation's proposal team for the Wetland and Riparian Planting and Erosion Control. Attached is a quote for Contractor Supplied Biologist, Personnel Classifications and Billing Rates. Also, attached is our firms SOQ that highlights our services, key staff and experience. If you have any questions please contact me.

Thank you for time, consideration and we wish you best of luck on your proposal.

Subject: Caltrans 01-262054 Bid Item 1

Here's our proposal to provide a baseline schedule per the specifications.

Develop a baseline schedule	\$ 3,795
<u>20 monthly updates @ \$195 each</u>	<u>3,900</u>
Total	\$ 7,695

Clarifications:

1. Hanford provides:
 - a. Original estimate for reference.
 - b. The Schedule of Values for reference.
2. Hanford's PM/Superintendent provides detailed construction methodology.
3. All work product is provided electronically.
4. No retention to be withheld from payments.
5. Deduct \$3,900 if monthly updates are not needed.

Good luck with the bid,

Kim Lloyd

To: kevin@hanfordarc.com

Hi Kevin

My name is Dimitra and I have a small cultural firm based out of Eureka, CA.

Last Friday I received a call from Heather regarding bidding on the Willits Bypass Phase 2. I have only been looking at the plans since this morning, but heres my impressions and questions:

In reviewing the stipulations, I am finding only general Caltrans language which implies having cultural oversight on board, but does not call out any specific AMA's (Archaeological Monitoring Areas) or list a requirement for an Archaeologist to be on site.

In reviewing the plans, I see a number of ESA's (Environmentally Sensitive Areas) however, the plans are not distinguishing between and ESA for cultural or an ESA for biological.

I have done some background research on this project as it has been very contentious with the local tribes and Caltrans.

to date, it appears they have found approximately 10 archaeology sites, including one major village. More are expected. Additionally, each of the three tribes has at least one cultural monitor on-site.

Heather says you are trying to package this for tomorrow and would like an estimate for work from my side.

In order to provide that, I'll have to make some assumptions at this point. If you can provide me the following, I can run some calculations.

1. How many work days are you estimating to complete this project?
 2. How many individual machines (specifically heavy equipment such as hogs, back hoes, bobcats etc) do you anticipate active on-site at any given time?
- Lastly, do you want a fully loaded daily billing rate, or can we do Time/Materials?

Please let me know any other information you require. My DBE/SBE and professional registration numbers are included in the attachment from my conversation with Heather, which I have forwarded here to you.

I will be traveling from Eureka to Redding at 3pm this afternoon, but will carve out time tonight and tomorrow morning to get this estimate to you.

Looking forward to hearing from you soon.

Subject: Caltrans 01-262054 Bid Item 1

Here's our proposal to provide a baseline schedule and updates per the specifications:

Develop a P6 baseline schedule	\$ 3,225
<u>22 monthly update @ \$170 each</u>	<u>3,740</u>
Total	\$6,965

Clarifications:

1. Hanford provides:
 - a. Original estimate for reference, if needed.
 - b. The Schedule of Values, if needed.
2. Hanford's PM/Superintendent provides detailed construction methodology.
3. All work product is provided electronically.
4. No retention to be withheld from payments.
5. Deduct \$3,740 if monthly updates are not needed.

Good luck with the bid,

Kim Lloyd

Subject: RE: Willits

Berry brush we can do about 1-1.5 acres a day plus in flat ground (but guessing this is going to be slow with protestors/fences/etc.?) – (\$60/hour machine-\$92/hour operator- \$15/hour pick up- operated and maintained)- plus hotel and per diem for the one guy \$149/night. Move up and back at \$550/ea way. I would need one laborer to work with the mower. This works out to \$1500/day

Let me know if this is what you could use!

Bob,

We received your Quote for the CalTrans 01-262054 Project. Do you know whether you need to be registered with CA DIR for a subcontractor for this project?

See excerpt from Addendum #3:

In the Bid to the Department of Transportation folder, a field for the California Department of Industrial Relations' Registration Number has been added.

The folders for Subcontractor List have been increased from 2 to 4 with the following changes:

- Each subcontractor has a field to enter the California Department of Industrial Relations' Registration Number.

Subject: RE: DOT - Wetland and Riparian Planting and Erosion Control - Contract No. 01-262054

Hi Leon,

I understand from a phone message that Mike had left me that you did a job walk last week. I'm interested in what you are interested in bidding on. There are various components of the project that you can get involved on.

1. SWPPP
 - a. Plan
 - b. REAP5
 - c. Annual Reporting
 - d. Storm Water Analysis
2. Wetland restoration
 - a. i.e. Planting
 - b. plant maintenance
 - c. drill seeding
 - d. straw placement and incorporation
3. Alley way (site access roads)
4. Stream Crossings (in-channel rip rap structures)

You can submit a bid for any of the various components on the project including the components listed above. Please include all DBE and CA DIR registration # with your proposal.

Best,

Kevin Heddy

Sent: Sunday, March 01, 2015 5:39 PM
To: 'tyrrellresources@sbcglobal.net'
Subject: Hanford ARC Blackberry Removal Willits Bypass

Tyrell,

Bruce had mentioned that you are interested in the blackberry removal.

There is 45 Acres of Himalayan blackberry within the Willits Bypass Mitigation project site. You can download the plans from the link below:

WILLITS BYPASS MITIGATION 2015

The location of these areas is per the Plant Removal pages PR-1 through PR-34. You would be looking for *Rubus armeniacus* (Himalayan Blackberry). Note per special provision 20-6.02B that sub surface ground disturbance is not allowed. Also review 20-1.03C in the special provision for Invasive plant and weed control.

If you want to chat we can talk on Monday,

PROJECT QUOTATION FOR NETWORK ANALYSIS SYSTEM (CPM/PERT)

PROJECT: WETLAND AND RIPARIAN PLANTING AND EROSION CONTROL # 01-262054

Hanford Applied Restoration & Conservation

Fax: 707-996-6641

Dear Sir or Madam,

We would appreciate your consideration of the following quotation for providing the consulting service necessary to develop the Network Analysis Schedule (CPM) as detailed in the specification:

LUMP SUM \$ 14,000.00

The above price includes:

1. The approved initial submittal including the network graph and all required tabular reports.
2. All revisions required for owner approval of the initial schedule.
3. Monthly progress updating from data assembled by the client, following the owner approval of the initial schedule
4. Three copies of all specified tabular reports and graphics plus one copy for the client.
5. UPS Ground service. The client may request overnight air service for an additional charge.

Add/Option:

1. 1 copy of P6 Pro v7 software and one day on-site training for 4 people\$8,000**
** includes 1 year of P6 Pro software support and maintenance

Unless otherwise agreed to, additional meetings, recovery schedules, as-built logic, revisions to incorporate time extensions or change orders are not included in the above price. The above price includes a monthly service charge for the specified duration of the project or until termination of our service by the contractor. Termination of service prior to the specified contract completion date will occur thirty days after written notification and payment in full for services up to that date. Should the contractor wish to update less frequently, the above price will remain the same. Any purchase order or contract failing to incorporate the above exclusions without written agreement prior to start of work will be considered to include the above exclusions and conditions. Any clause contained in a purchase order or contract which could be construed as changing the provisions of this proposal will be considered void unless a written agreement exists prior to the start of work. The above price is based on the client being familiar with the project prior to the initial meeting; otherwise additional meetings prior to approval by the owner will be billed at eighty dollars (\$80) per hour plus expenses. Meetings after the initial approval of the owner will be billed at one hundred eighty five (\$185) per hour plus expenses. Short Interval Schedules (SIS) are not included in the above price but can be prepared for an additional charge of \$50 per week.

The above price is based on full payment received in this office within thirty days of the invoice date. Payments received in our office more than 30 days after the date of the invoice will be subject to a late fee of 1.5 % per month.

Our experience, acquired in scheduling over 5,000 construction projects during the past forty-five years, can improve your chances for equitable adjustment and help avoid liquidated damages. If you would like to save time and improve risks while preparing your own CPM, Forward is available to assist you in setting up your initial schedule.

Sincerely,

Donald C. Scarbrough
President

NRM COST PROPOSAL FOR SUBCONTRACTOR SERVICES FOR CALTRANS CONTRACT NO. 01-262054 MENDOCINO COUNTY- MITIGATION AREA NEAR WILLITS

The following hourly rates for key personnel associated with this project for performing biological surveying and monitoring work for CalTrans Contract No. 01-262054 near Willits, CA are offered by NRM as follows:

<u>Labor Category</u>	<u>2015 Charge Rate (Hourly)</u>
Wildlife Biologist	\$58.00

In developing a day rate for biological work associated with CalTrans Contract No. 01-262054, the above charge rates are used for the labor cost. Labor cost on an eight (8) hour workday basis is \$464.00/day.

These above rates are straight time only and do not include overtime hours.

Lodging is expected to be nearby in the Willits area, and costs are expected to be approximately \$105/night. Per diem is \$30/day/person.

Travel costs associated with this project will be billed at the IRS reimbursement rates. For 2015, the IRS rate is \$0.575/mile driven. Once a week travel between Eureka and Willits is approximately 280 miles round trip. Added to the daily on-site travel, 2015 travel costs are expected to be \$35.00/day. Following are the eight (8) hour workday costs per biologist associated with this bid:

Labor-	\$464.00/day	=	58/HR	} = \$ 80.51
Lodging-	\$105.00/day	=	13.13/HR	
Travel-	\$45.00/day	=	5.63/HR	
<u>Per Diem-</u>	<u>\$30.00/day</u>	=	<u>3.75/HR</u>	
Total-	\$644.00/day for a standard eight (8) hour day w/ no overtime			

Below is NRM's cost proposal per biologist for performing a twelve (12) hour work day if requested by the Contractor:

Labor-	\$812.00/day
Lodging-	\$105.00/day
Travel-	\$45.00/day
<u>Per Diem-</u>	<u>\$30.00/day</u>
Total-	\$992.00/day for a twelve (12) hour work day which includes overtime

If requested by the Contractor for biologist(s) to work more than twelve (12) hours per work day, the Labor rate portion of the daily cost would increase by \$116/hour (double time) for each hour worked more than twelve (12) hours per work day per biologist.

**Re: Response to Request for Subcontractors for CALTRANS Contract 01-262054
Item No. 18, Item Code 146002- Contractor Supplied Biologist (LS)- Mendocino
County near Willits**

Dear Kevin:

NRM is pleased to provide the attached offer for biological related services to Hanford Applied Restoration & Conservation for the above Mendocino County project. NRM is a Eureka based employee owned certified small business that has provided natural resources planning consulting services since 1971. We have previous subcontracting experience on this same project area in 2014. We also have previous experience with other similar projects and will be able to provide these services to your firm for the above project at cost effective rates.

NRM offers the following services: Natural Resource Protection Plans, Biological Resource Information Plans, worker awareness training, regulatory specialists, agency permitting including CDFW, USFWS, ACOE, RWQCB, Coastal Commission, etc., terrestrial and fisheries biologists, raptor and migratory bird surveys and plans, fish protection and salvage plans, botanical surveys, wetland delineations, pre-construction surveying and reporting, compliance monitoring, and GIS mapping. Please see www.nrmcorp.com for more information.

Please see the attached cost proposal. If desired, we can also provide a NRM company information sheet and profile, and professional resumes. If our services and cost structure meets your project needs, we would be interested in discussing project specifics for this and others. We appreciate the opportunity to provide this offer for your consideration and we look forward to working with your firm and CalTrans on this project.

Please feel free to contact us for additional information, or if you have any questions.

Sincerely,

Bob Kelley,
Vice President

NRM COST PROPOSAL FOR SUBCONTRACTOR SERVICES FOR CALTRANS CONTRACT NO. 01-262054 MENDOCINO COUNTY- MITIGATION AREA NEAR WILLITS

The above daily costs include all expected subcontractor costs required to conduct biological surveying and monitoring work described in CALTRANS Contract No. 01-262054. Our cost proposal includes fully burdened labor rates with employee benefits, taxes, payroll costs, insurance, overhead, and profit included in the rates.

As it is described in the CalTrans bid package for this project, it is unknown how many biologists would be needed at any given time, and is dependant on the Contractor's activity level. The above prices would apply to each biologist working on the project, including the Project Lead Biologist. NRM would supply as many qualified biologists to meet the need of the Contractor's schedule.

It is recognized Item No. 18, Item Code 146002 Contractor Supplied Biologist, requires a Lump Sum price. This in turn, requires that the quoted day rates be applied to the expected number of work days requiring a biologist(s). To arrive at this lump sum amount for the contractor supplied biologist, NRM would welcome the Contractor to provide their expected work schedule requiring a biologist and activity level to determine the number of biologists. This would then be applied against the day rates to arrive at the lump sum amount required by CalTrans. NRM would also welcome discussion with the Contractor of their anticipated schedule and activity level ahead of the bid due date (3-3-2015), where NRM could then provide the lump sum amount.

This fee schedule contains confidential business information for Alluvion Biological Consulting and is not to be copied or distributed for any purpose other than the use intended in this quote for Contractor Supplied Biologist.

Thank you for the possible opportunity to work with you. We look forward to hearing from you.

This fee schedule contains confidential business information for Alluvion Biological Consulting and is not to be copied or distributed for any purpose other than the use intended in this quote for Contractor Supplied Biologist.

Personnel Classification	Hourly Billing Rate
Principal	\$110
Sr. Wildlife Biologist	\$115
Sr. Biologist Specialist	\$90
Staff Riparian Ecologist	\$65
Staff Biologist/Monitor	\$55
Administrative Support	\$50
Deposition and Testimony	2.0 times the standard
Transportation	Current IRS Federal Standard Mileage Rate
Field Equipment Operation	Variable depending on project needs

PERSONNEL CHARGES

The charge for all time required in the performance of the Scope of Services, including office, field and travel time, will be at the rate of 2.9 times the raw salary of the Alluvion Biological Consulting (Alluvion) staff performing the work or times the rate charged by contract personnel under Alluvion supervision and using Alluvion office.

When Alluvion staff appears as expert witnesses for depositions and testimonies, their time will be charged at 2.0 times the standard rate. All time spent by personnel preparing for such trials, hearings, and depositions, will be charged at the standard 2.9 times raw salary rate.

Overtime (hours worked in excess of eight hours per day) by exempt personnel will be charged at the above straight-time rate. Overtime by non-exempt personnel will be charged at 1 .5 times the above hourly rates.

Special project accounting reporting and financial services, including submission of invoice support documentation, will be charged.

COMMUNICATIONS

The cost of communications, including telephone, emails, mobile phones, network communications, facsimile, routine postage, and incidental copying costs will be charged a flat rate of 3 percent of total gross labor charges.

COMPUTERS

The charge for use of in-house computers for spreadsheets, word processing, and other similar functions are included in the hourly rates under Personnel Charges.

TRAVEL EXPENSES

For non-local services, the mileage charge for personal autos will be the then-current mileage rate established by the Internal Revenue Service.

USE OF EQUIPMENT CHARGES

Charges for laboratory services and equipment will be charged at standard usage rates. Rate schedules are available upon request.

BioMaAS DIR # #1000011997

Bid Item 18 - Contractor Supplied Biologist

BioMaAS will provide qualified biologists to conduct all biological monitoring for the 1,250 working day duration of the project. This work will be based on background materials, maps, and detailed project plans as necessary and as provided by the project engineer or client to BioMaAS.

Our work will include: Preconstruction surveys, Daily Monitoring Reports, Quarterly Compliance Report, Annual Report, Final Mitigation Report, environmental compliance monitoring during work days, environmental training of crew, and preparation and submittal of the Biological Resource Information Program.

Cost Scope: 01-262054 State Highway in Mendocino County in and near Willets

Bid Item	Item Code	Task Description	Rate	Quantity	Total
18	146002	*Contractor Supplied Biologist	\$645/ 8hr work day	1,250 days	\$806,250
		Per diem	\$130/day	1,250 days	\$162,500
		mileage			\$65,000
Total					\$1,033,750

=80.62
16.25

***Quote for Contractor Supplied Biologist includes the cost of one biologist to be onsite for the 8-hour day shifts for the entire 1,250 working days. Lump sum includes preconstruction survey, preparation of reports, the Biological Resource Information Program and training of all new workers by the on-site biologist. Additional biologists or time will be billed at above rate. Per diem and mileage is included.**

\$96.87/HR

CALTRANS PROJECT EXAMPLES:

Willits Bypass Project, Mendocino Co. CA Owner: Cal Trans District 1

BioMaAS provided a team of biologists to provide nesting bird surveys and construction monitoring during a Caltrans road construction project. Caltrans constructed a new segment of Route 101 that bypassed the City of Willits, in Mendocino County, the project covered a distance of approximately 6 miles. BioMaAS conducted nesting bird surveys, established buffers around nests, provided maps of nest locations, and provided monitoring during tree removal and other vegetation clearing.

Devil's Slide, Hwy. 1 Devil's Slide Tunnel Bypass Project, San Mateo Co. Owner: Cal Trans District 4, Environmental Department

Team biologists are presently the lead inspection team for biological and environmental compliance for the three contract sites associated with the Devil's Slide Tunnel Bypass Project and involved in coordinating compliance efforts to satisfy all relevant agency permits. This work includes SWPPP review and oversight of erosion control and storm water quality measures in accordance with the county, the California Coastal Commission, and federal and state permits. Environmental construction management consists of team meetings, compliance reports, and coordinating with contractors and Cal Trans Environmental, Structures, and District 4 engineers, and the project management team. Issues of concern include wetlands and special-status species such as California red-legged frog, San Francisco dusky-footed woodrat, nesting birds, and steelhead. Prior to construction we conducted surveys along the tunnel corridor for the specialstatus species present and conducted a trapping and relocation program for red-legged frogs and a nest dismantling relocation effort for San Francisco dusky-footed woodrats, as well as surveying for nesting birds throughout the entire corridor.

CC4 Discovery Bay Shoulder and Median Widening Project, Discovery Bay, CA Owner: Caltrans District 4

BioMaAS conducted preconstruction surveys for California red-legged frogs and nesting birds prior to vegetation removal for a road widening project along Highway 4. We also monitored nests of Swainson's hawks and cliff swallows to prevent nest disturbance during construction. We coordinated with the contractor and Caltrans engineering to assure that the work schedule didn't interfere with Swainson's hawk breeding. We also conducted contractor education training and filed daily reports.

101 Auxiliary Lane, Santa Clara County, CA Owner: Caltrans District 4

BioMaAS conducted preconstruction surveys for nesting birds prior to vegetation removal for a road widening project along Highway 101. BioMaAS monitored active nests and filed daily reports on their status. We coordinated with the contractor and prevented bird nesting in areas which were vital for construction.

MRN 37 Drain Repair Project, Novato, CA. Owner: Caltrans District 4

BioMaAS is currently providing a service approved biological monitor to conduct environmental and biological monitoring on a drain and levee repair project on Highway 37 in Novato. We conducted preconstruction surveys for salt marsh harvest mouse and California clapper rail, as well as a nesting bird survey. BioMaAS conducted a contractor education program and assisted the contractor in ESA fence placement. We are also providing daily on site monitoring and daily and weekly compliance reports.

SR 84 Expressway Widening , Livermore, CA. Owner: Caltrans District 4

BioMaAS is currently providing a service approved biological monitor to conduct environmental and biological monitoring on a roadway and bridge widening project on state Route 84 in Livermore. We conducted preconstruction surveys for California red-legged frog, and a nesting bird survey. BioMaAS is also conducting a contractor education program to train all project personnel. We are providing daily on site monitoring and daily compliance reports.

Schellville Road Realignment Safety Project SR121/12 Owner: Caltrans District 4

BioMaAS provided a USFWS approved biological monitor, to perform construction monitoring and nesting bird surveys for a road realignment project. We performed daily inspections of equipment, excavations, and wildlife exclusion fencing. Our biologist also completed daily reports detailing compliance issues, conducted contractor education, completed daily updates to nesting bird maps, and removed wildlife from the construction area. Special status species with the potential to occur at the project included the California Red-legged frog.

Old Niles Project, Alameda Co. CA Owner: Caltrans District 4

BioMaAS, Inc. 333 Valencia Street, Suite 324, San Francisco, CA 94103
Office 415-255-8077 Fax 925-887-4702
www.BioMaAS.com

BioMaAS conducted pre-construction surveys prior to retaining wall installation on Niles Canyon Road adjacent to Alameda Creek. Special status species potentially occurring within the area included California red-legged frog, Alameda whipsnake, and Central Coast ESU steelhead. We also conducted nesting bird surveys and mapped nests within and adjacent to the project area. We provided contractor education and construction monitoring during night work on buried electrical lines.

Route 92 West Albert Canyon Mitigation Project, San Mateo Co. Owner: Caltrans District 4 BioMaAS was responsible for environmental and biological monitoring on a culvert repair and creek bank restoration project on State Route 92. Special status species on site included California red-legged frog, San Francisco dusky-footed woodrat, and central coast steelhead. BioMaAS also conducted pre-construction surveys, nesting bird surveys, contractor education, completed daily reports, and removed wildlife from the construction area. After concrete was poured to line the inside of a culvert, an exclusion fence was erected around a plastic detention basin at the pipe outfall to prevent entry by California red-legged frog. BioMaAS conducted daily water tests on the discharge from the pipe after concrete was placed to check the pH and determine when it was safe to be released downstream. Until the proper pH levels were reached, water was pumped from the fenced detention basin and into a truck for disposal.

On-Call Services for Site Assessments, Focused Surveys, and Mitigation Projects for California Red-legged Frog, San Mateo County, California Owner: Cal Trans District 4, Environmental Dept.

BioMaAS biologists have provided on-call services to Cal Trans Environmental District 4 Department since 1998. We have conducted tasks primarily involving project site assessments, habitat use, surveys, and trapping and relocation of all life stages of California red-legged frogs. In coordination with Caltran's team, we designed several mitigation ponds and relocated frogs and egg masses in preparation for the current Tunnel Project. This was a joint project conducted in coordination with the State University System to collect data for research on red-legged frog habitat and ecology and used to design suitable breeding habitat for California red-legged frog. These projects were designed as a pilot study to identify critical habitat features for long-term population stability for red-legged frogs in newly created and restored wetland habitats.

Sweet Ranch Mitigation Project, Livermore. CA Owner: Caltrans District 4

BioMaAS provided a USFWS approved biological monitor to perform construction monitoring and conduct nesting bird surveys at a wetland mitigation site for Caltrans. We monitored vegetation clearing, ground disturbance, wetland creation, grading, and restoration planting in sensitive wetland habitat at a known breeding site for California red-legged frog and California tiger salamander. Our biologist performed daily inspections of equipment, excavations, and wildlife exclusion fencing. BioMaAS completed daily reports detailing compliance issues, conducted contractor education, completed daily updates to nesting bird maps, and removed wildlife from the construction area.

Tyler Ranch Mitigation Site, Sunol, Alameda County, CA Owner: Caltrans District 4

BioMaAS biologists designed and implemented an Alameda whipsnake trapping program to determine the presence and distribution of this listed species within a proposed Caltrans mitigation site located on Tyler Ranch. Whipsnakes were marked and photographed as part of an effort to ascertain population size. We also conducted aquatic sampling to determine the presence of California tiger salamander and California red-legged frog within wetlands on and adjacent to the property. In addition to special status wildlife surveys, we conducted rare plant surveys, mapped vegetative cover, and conducted wetland delineations throughout the project area.

Caltrans Adaptive Ramp Metering, Contra Costa Co. CA.

BioMaAS provided USFWS approved biological and environmental monitors for a Caltrans project along more than 20 miles of Interstate 80. Duties include preconstruction surveys and nesting bird surveys, inspecting the integrity of exclusion fencing, and monitoring during construction in sensitive areas such as salt marsh, creeks, and coastal scrub. Special status species in the area included California red-legged frog, Alameda whipsnake, California clapper rail, California black rail, salt marsh harvest mouse, bats, monarch butterfly, and nesting birds.

Quotation Number: 54016
Customer PO/Ref: TBD
Date of Quote: 03/11/2015
Term: 24 Months

Container, 8x40 Storage (Item1834)

All drawings and specifications are nominal.

Additional Information

- Quote is valid for 30 days
- A minimum cleaning charge per floor will apply for modular buildings and for containers with offices, no minimum cleaning charge applies for storage containers.
- Customer's site must be dry, compacted, level and accessible by normal truck delivery. Costs to dolly, crane, forklift, etc. will be paid by customer. Unless noted, prices do not include permits, ramp removal, stairs, foundation systems, foundation system removal, temporary power, skirting, skirting removal, engineering, taxes or utility hookups.
- In the event the driver arrives at Customer's site as agreed, but is unable to deliver the container for any reason, customer will be charged a "dry run" fee equal to the delivery charge.
- If the driver encounters any kind of delay which results in more than 30 minutes total delivery time, Customer will be charged at a rate of \$75 per hour in thirty minute increments.
- Subject to equipment availability. Unless noted, equipment and related furnishings, finishes, accessories and appliances provided are previously leased and materials, dimensions, and specifications vary. Detailed specifications may be available upon request. For lease transactions, Mobile Modular reserves the right to substitute equal or better equipment prior to delivery without notice.
- This transaction is subject to prior credit approval and all terms, conditions, and attachments of MMMC's standard contract.
- Security deposit and payment in advance may be required.
Rent will be billed in advance every 30 calendar days.
- **Prices do not include applicable sales and property tax.**
- **Unless otherwise noted, prices do not include prevailing wages, Davis-Bacon wages, or other special or certified wages.**

Container Lease Quotation

Quotation Number: 54016

Customer PO/Ref: TBD

Date of Quote: 03/11/2015

Term: 24 Months

CONTAINER LEASE TERMS AND CONDITIONS

1. **LEASE TERM.** The Lease shall commence on the Start Rent Date specified in the Agreement (which may be adjusted by mutual agreement of Lessee and Lessor), and shall continue thereafter for the number of months specified in the Agreement as the "Lease Term". Lessee is responsible for paying the Monthly Rent specified in the Agreement (as such may be adjusted pursuant to Section 3) for each month during the Lease Term. Lessee may be subject to cancellation fee if the Lease terminates prior to the expiration of the Lease Term. Lessor shall not be liable to Lessee for any failure or delay in obtaining, delivering or setting up the Equipment.

2. **EQUIPMENT PLACEMENT, RETURN AND CONDITION.** Regardless of the stated Lease Term, Lessee must provide a minimum of 10 business days' prior notice for return delivery of Equipment.

(a) **EQUIPMENT PLACEMENT:** The driver may not have the ability to move the Equipment more than a few feet. Avoid placing the Equipment in low lying areas in case of flooding or on surfaces with inadequate drainage. Lessor recommends the use of blocks of wood or concrete to elevate any Equipment, as Lessee deems appropriate to avoid flooded areas. In the case of Equipment located in the State of Florida, do not place the Equipment closer than two feet to another structure without advance written approval from the Lessor. Additional Set-up time due to unlevel site conditions may result in extra charges. The Lessee is responsible for any and all costs associated with obtaining necessary approval of the site and installation of the Equipment including any permits subject to jurisdiction where Equipment will be located. Any costs associated with moving the Equipment will be the responsibility of the Lessee.

(b) **Equipment is leased to Lessee "AS IS". Lessor warrants only that the Equipment correspond with the description thereof set forth in the Lease, and, otherwise, LESSOR MAKES NO WARRANTIES OR REPRESENTATIONS OF ANY KIND WHATSOEVER, EITHER EXPRESS OR IMPLIED, RELATING TO THE EQUIPMENT, INCLUDING WITHOUT LIMITATION, THE CONDITION OF ANY EQUIPMENT, ITS MERCHANTABILITY OR ITS FITNESS FOR ANY PARTICULAR PURPOSE, ANY WARRANTY AGAINST INFRINGEMENT OR AS TO TITLE OR OTHERWISE..**

(c) Lessee acknowledges and agrees to maintain all Equipment in good condition and repair (normal wear and tear excluded) and shall not make any alterations, improvements additions to Equipment without Lessor's prior written consent. Lessee shall be responsible for any repair costs (including water filtration) associated with repairs needed other than those resulting from normal wear and tear. Lessee shall be responsible for weekly inspections of the interior and exterior of the Equipment to assure that it is in good condition. Should Equipment not be in good condition, Lessee shall notify Lessor immediately.

(d) **CLEANING:** Unless otherwise noted in the Lease Agreement, Lessor reserves the right to charge a \$50 cleaning fee per each piece of Equipment. This fee is refundable only if the Equipment is returned in a cleanliness condition equal to or better than when it was originally shipped.

(e) **PRORATION:** Lessor prorates rent in one-half (1/2) month increments only. Any Equipment on rent beyond the 14th day of a billing cycle, Lessee will be responsible for the full month's rental payment. Under no circumstances will any Lease Term be for less than one (1) month.

HOLDING OVER; LEASE EXTENSION. If Lessee (a) fails to notify Lessor of the intended return of Equipment, (b) fails to prepare the Equipment for removal as required or (c) fails to pay the charges upon return as required, the Lease Term shall be extended, on a month-to-month basis, beyond the Lease Term stated above. In this

event, Lessor may establish a revised rental rate and other charges related to the return of the Equipment may also be revised by Lessor for such extended Lease Term.

4. **LESSEE AGREEMENTS.** Lessee agrees that:

(a) Lessor (or its agents, employees or contractors) may, from time to time at any reasonable time, enter upon the premises of Lessee for the purposes of (1) inspecting the Equipment or posting "Notices of Non-Responsibility" or similar notices thereon, or (2) photographing the Equipment, including any items or occupants within or surrounding the Equipment, for promotional or other purposes. If Lessor determines that repairs to the Equipment are needed, Lessee shall grant access for said repairs. Lessor shall bear the expense of any repairs that it determines are needed to ameliorate normal wear and tear; the expense of all other repairs (including any repairs requested by Lessee) shall be borne by Lessee. If Lessee does not grant access for such repairs between 8:00 a.m. and 5:00 p.m., Monday through Friday, Lessee shall bear the cost of repair rates for labor at the applicable overtime rates.

5. **ASSIGNMENT.** Lessee will not assign, convey, transfer, or hypothecate its interest, or any part thereof, in and to any Lease or the Equipment, whether voluntarily or involuntarily, without the prior written consent of Lessor.

6. **PAYMENTS.** Lessee agrees to pay to Lessor (at the office of Lessor or to such other person or at such other place as Lessor may from time to time designate to Lessee in writing) each payment specified herein on a net invoice basis without demand by Lessor. All payments due from Lessee pursuant to the terms of the Lease shall be made by Lessee without any abatement or setoff of any kind whatsoever arising from any cause whatsoever.

7. **TAXES AND LIENS.** Lessee agrees to keep the Equipment free of all levies, liens or encumbrances. Lessee shall, in the manner directed by Lessor, (a) make and file all declarations and returns in connection with all charges, fees and taxes (local, state and federal) levied or assessed either upon Lessee or Lessor, or upon the ownership, leasing, rental, sale, possession, use, or operation of the Equipment, and (b) pay all such charges, fees and taxes. However, Lessor shall pay all local, state or federal net income taxes relating to the Lease. If Lessee fails to pay taxes and charges as required by this Section, Lessor shall have the right, but not the obligation, to make such payments. In the event that Lessor makes any such payments, Lessee shall reimburse Lessor for such costs as deemed appropriate by Lessor and as invoiced by Lessor.

8. **LOSS OR DAMAGE.** Until the Equipment is returned to Lessor, Lessee assumes all risk of loss or damage to the Equipment. Subject to Section 10(b), should any Equipment damaged be capable of repair, the Lease shall not terminate, but Lessee shall cause the Equipment to be repaired and restored to its condition existing prior to such damage, at Lessee's sole expense. Lessee shall be entitled to the benefit of the proceeds from any insurance recovery received by Lessor, up to an amount equal to that paid to Lessor pursuant to this paragraph.

9. **INSURANCE.** Lessee shall provide, maintain, and pay all premiums for insurance covering the loss, theft, destruction, or damage to the Equipment in an amount not less than the full replacement value thereof, naming Lessor as loss payee of the proceeds. Should Lessee fail to procure and maintain such insurance, Lessee shall indemnify Lessor to the extent Lessor suffers or incurs loss, damage, liability or expense as a consequence of such failure.

INSURANCE (INCLUDING FIRE, HUMIDITY MOISTURE, MOLD OR OTHER DAMAGE) FOR EQUIPMENT CONTENTS (LESSEE'S PERSONAL OR OTHER PROPERTY OR OTHER CONTENTS IN, AROUND OR ABOUT EQUIPMENT) IS THE RESPONSIBILITY OF

Date of Quote: 03/11/2015
Term: 24 Months

LESSEE. UNDER NO CIRCUMSTANCES SHALL LESSOR PROVIDE ANY INSURANCE WHATSOEVER OR BE LIABLE FOR ANY DAMAGES TO LESSEE'S PERSONAL OR OTHER PROPERTY.

10. WAIVER AND INDEMNIFICATION.

(a) Lessor shall not be responsible or liable for any loss or damage upon or about the Equipment in Lessee's possession, any loss or damage of any kind whatsoever to any personal property or other items stored or any injuries to Lessee, Lessee's agent and third parties. Under no circumstances shall Lessor be liable to Lessee for any special, incidental or consequential damages of any kind (including, but not limited to damages for loss of use, or profit, by Lessee or for any collateral damages), whether or not caused by Lessor's negligence or delay, resulting from the Lease or the manufacture, delivery, installation, removal or use of the Equipment, or in connection with the services rendered by Lessor hereunder, even if the Lessee has been advised of the possibility of such damages.

(b) Lessee agrees to indemnify and hold harmless Lessor from and against any and all losses, liabilities, costs, expenses (including attorney fees), claims, actions, demands, fines, forfeitures, seizures or penalties (collectively, "Claims") arising out of Lessee's negligence in the maintenance, possession or use of the Equipment by Lessee, its employees, agents or any person invited, suffered or permitted by Lessee to use or be in, on or about the Equipment, and any theft or destruction of, or damage to, the Equipment.

11. EVENTS OF DEFAULT.

(a) Each of the following shall constitute an "Event of Default": (1) default by Lessee in making required payment(s) hereunder and the continuance of such default for ten (10) consecutive days; (2) any default or breach by Lessee (3) default by Lessee in the performance of any obligation, covenant or liability contained in the Lease or any other agreement or document with Lessor and the continuance of such default for ten (10) days after written notice, thereof by Lessor to Lessee; (4) loss, theft, damage, destruction or the attempted sale or encumbrance by Lessee of any of the Equipment, or any levy, seizure or attachment thereof or thereon; or (6) Lessee's dissolution, termination of existence, discontinuance of business, insolvency, or business failure; or the appointment of a receiver of any part of, the assignment for the benefit of creditors by, or the commencement of any proceedings under any bankruptcy, reorganization or arrangement laws by or against, Lessee. Lessee acknowledges that any Event of Default will substantially impair the lease value hereof.

(b) Upon Lessee's default, (1) Lessor has the right to accelerate all payments due hereunder; (2) terminate the Lease as to any or all items of the Equipment; (3) take possession of the Equipment wherever found, and for this purpose enter upon any premises of Lessee and remove the Equipment, without any liability for suit, action or other proceedings by Lessee; (4) direct Lessee at its expense to promptly prepare the Equipment for pickup by Lessor; (5) take such action that is permitted under law. Lessee waives any and all rights or claims of sovereign immunity and any property remaining in such Equipment upon its return will be deemed abandoned by Lessee subject to Section 18 below.

12. OWNERSHIP AND MARKING OF EQUIPMENT.

Title to the Equipment shall remain in Lessor (or its Principal). Excepting only as may be granted in a separate writing signed by Lessor, no option or other right to purchase the Equipment is granted or implied by the Lease to Lessee or any other person. The Equipment shall remain and be deemed to be personal property of Lessor, whether attached to realty or not, and upon termination of the Lease or the occurrence of an Event of Default, Lessee shall have the duty and Lessor shall have the right to remove the Equipment whether or not affixed to any realty or building without any liability to Lessor for damage to the realty or building caused by the removal of the Equipment. Any

replacement, substitutes, accessories or parts, whether placed in or upon the Equipment or not, whether made a component part thereof or not, shall be the property of Lessor and shall be included under the terms of the Lease.

13. **COMPLIANCE WITH LAW.** Lessee assumes all responsibility for any and all licenses, clearances, permits and other certificates as may be required for Lessee's lawful operation, use,

possession and occupancy of the Equipment. Lessee agrees to fully comply with all laws, rules, regulations and orders of all local, state and federal governmental authorities which in any way relate to the Equipment. Lessee shall pay the cost of all license and registration fees and renewals thereof.

14. **GOVERNING LAW.** Lessee and Lessor agree that the Lease shall be governed in all respects by, and interpreted in accordance with the laws of the State of California, without regard to its conflicts of laws provisions.

15. **JURISDICTION.** In any case where the Equipment is located in the State of Maryland or the State of Virginia, it is agreed that the venue for a legal action relating to the Lease shall be proper if brought in Alameda County, State of California. Subject to Section 10, the prevailing party shall be entitled to recover reasonable attorneys' fees and court costs, whether or not the action proceeds to judgment.

In all other cases, the Federal District Courts located within the State of California shall have non-exclusive jurisdiction over any lawsuit brought by Lessee or Lessor as a result of any dispute regarding matters arising in connection with the Lease. Further, it is agreed that the venue for a legal action relating to the Lease shall be proper if brought in Alameda County, State of California. Subject to Section 10, the prevailing party shall be entitled to recover reasonable attorneys' fees and court costs, whether or not the action proceeds to judgment.

16. **MEDIATION, ARBITRATION.** Lessee agrees to abide by Lessor's option (if Lessor shall so choose) to have any claims, disputes, or controversies arising out of or in relation to the performance, interpretation, application, or enforcement of the Lease, including but not limited to breach thereof, referred to mediation before, and as a condition precedent to, the initiation of any adjudicative action or proceeding, including arbitration. If mediation fails to resolve the claims, disputes or controversies between Lessor and Lessee, Lessee agrees to abide by Lessor's option (if Lessor shall so choose) to have the claims, disputes or controversies referred to binding arbitration. The parties hereto acknowledge that the subject matter of the Lease is a matter of interstate commerce.

17. **CREDIT CARD AUTHORIZATION.** Lessee hereby gives authorization to Lessor to charge against credit card provided all amounts billed for this transaction including applicable taxes, shipping and handling charges. For a rental/lease transaction, charges may be recurring and additional billing and charges will occur until such time as all Equipment and respective accessories are returned and the rental is terminated.

18. **LESSEE'S PERSONAL PROPERTY.** In the event that Lessee defaults on a payment and does not remove its personal property from the Equipment (as required herein), Lessor shall place a lien on Lessee's personal property stored in Equipment, to secure rent or other Lessee obligations under this Agreement which shall grant Lessor the right to dispose of personal property left in the Equipment at the end of the Lease Term or an Event of Default. At the end of the Lease Term, Lessee shall, at its expense, prepare the Equipment for pick up which includes but is not limited to removing all personal property of Lessee from the Equipment provided that, if any personal property shall remain located in the Equipment at such time, Lessee consents to Lessor's possession and disposal or destruction of such personal property without notice or accounting to Lessee, the costs and expenses of which

disposal or destruction, including reasonable attorneys' costs related thereto, shall be reimbursed by Lessee.

19. **HAZARDOUS MATERIALS.** Lessee agrees that no water, paint or chemicals, and no illegal, hazardous, controlled, toxic, explosive, flammable, restricted, contaminated or other dangerous materials, shall be maintained or stored in or on the Equipment.

20. **MISCELLANEOUS.** Time is of the essence of each and every provision of the Lease. Failure of Lessor to enforce any term or condition of the Lease shall not constitute a waiver of subsequent defaults by Lessee, nor shall it, in any manner, affect the rights of Lessor to enforce any of the provisions hereunder. The invalidity or unenforceability of any provision of the Lease shall not affect the validity or enforceability of any other provision.

21. **ENTIRE AGREEMENT.** The Lease constitutes the entire agreement between Lessor and Lessee with respect to the subject matter hereof and, except for the Incorporated Provisions that may be updated by Lessor from time to time in its sole discretion, may not be amended, altered or modified except by a writing signed by both Lessor and Lessee.

TERMS AND CONDITIONS

Rev. 5.8.09

1. Acceptance Customer shall be deemed to have accepted these terms and conditions upon the earliest to occur of: (i) two business days after receipt of an invoice from Company; (ii) delivery of items of equipment ("Equipment") identified in invoice to the site designated in the invoice (the "Site") and use or acceptance of; or (iii) acknowledgment or other conduct of Customer indicating acceptance. These terms and conditions shall supersede any inconsistent terms of any purchase order or other documents of Customer.

2. Payment Terms All agreements are subject to approval by Company. Customer shall pay all charges by Company during the term (the "Period") shown in the invoice. **All Company invoices are due and payable upon Customer's receipt of the invoice.** Customer shall be liable to Company for interest at the rate of 1.5% per month, or such lesser rate as may be the maximum lawful rate from time to time, on all overdue accounts. Customer shall pay all additional charges for services separately requested by Customer or made necessary by Customer's breach of these Terms and Conditions, including but not limited to, moving/relocation charges, special service charges, and special delivery and removal charges. In the event Customer's account becomes delinquent, Customer agrees to pay Company all collection expenses, including reasonable attorney's fees.

3. Service The Company offers servicing as an option on all portable restrooms.

4. Damage Waiver The Company offers a damage waiver program on certain Equipment. **Customer may decline the damage waiver by completing and executing the appropriate section at the end of these terms and conditions.** Unless Customer has declined the Damage Waiver in writing before the commencement of the Period or within five business days of the date of the first Invoice to Customer for any Equipment identified with a Damage Waiver on the invoice, whichever is later, Company shall impose, and Customer shall pay, any Damage Waiver fees indicated on the invoice and (provided Customer has not breached any of these terms and conditions) Customer shall have no responsibility for accidental structural damage to the Equipment, EXCEPT (i) Customer shall be liable for theft of any Equipment and for any losses resulting from any willful or grossly negligent acts or omissions of Customer or any of its agents, servants and employees, and (ii) if Customer has other insurance covering such loss or damage, Customer shall exercise all rights available to it under such insurance, take all actions necessary to press such claim and assign such claim and pay any and all proceeds from such insurance to Company. If Customer declines the Damage Waiver, Customer shall be liable for any loss or damage to the Equipment, regardless of cause or fault, except for reasonable wear and tear, and Customer shall pay Company the actual cost of repair or replacement cost thereof, and in addition thereto, for Company's loss of use of the Equipment. In the event of any loss of or damage to the Equipment, Customer shall promptly notify Company of such loss or damage and shall provide Company with copies of all reports relating to such loss or damage, including police reports, informal investigation reports and insurance reports. **The damage waiver described in this section does not apply to portable toilets and containers which become contaminated with hazardous materials or contaminants described in Paragraph 7 while in the Customer's control and possession.**

5. Equipment Location Customer warrants and represents that it has exercised due diligence and care in the selection of the location it has designated for the placing of portable toilets, temporary fencing, portable storage containers and any other Equipment provided by Company, and further agrees to give directions and supervise the placement of such temporary fencing, storage containers, portable toilets and other Equipment.

6. Equipment Responsibility Company will deliver the Equipment to the Site at the commencement of the Period and will remove the Equipment at the end of the Period. If servicing has been ordered by Customer, Company will remove any domestic septic waste ("DSW") from portable restrooms, if applicable, on the service day(s) scheduled by Company. In the event Company is unable to service the Equipment on the service day due to a holiday, inclement weather, or other interfering circumstances, Company shall service the Equipment on the earliest business day, excluding Sundays, available in accordance with Company's other service commitments. Company shall be granted access to the Equipment at any time for any servicing, maintenance or removal of Equipment. Customer shall not remove the Equipment from the Site, and shall not move the Equipment on the Site without written permission from Company. Customer shall not modify the equipment. Customer shall not sell, rent, lease or otherwise lose possession of the Equipment, nor shall Customer permit any lien to be placed on the Equipment. Customer acknowledges that Company has no control over the use of the Equipment by Customer, and Customer agrees to comply, at Customer's sole expense, with any and all applicable municipal, county, state, federal or quasi-governmental laws, ordinances, regulations and guidelines, including ANSI Standard Z4.3 and the requirements of the "Guide for Clean Portable Sanitation" published by PSAI, if applicable.

7. Equipment Contamination While portable restroom units are in Customer's possession, Customer shall prevent any contamination of such units with or from radioactive, volatile, flammable, explosive, toxic or hazardous materials (including oils, paints, adhesives and solvents). Company will not remove any waste other than DSW from portable restrooms and storage containers ("Other Waste"). In the event Other Waste is found in the Equipment, Customer shall arrange and pay for separate removal of such Other Waste. Until such Other Waste is removed, Customer may not terminate the Period and Customer is liable for all charges accrued during such period.

8. Liability Except to the extent Customer is not liable for damage to Equipment under the Damage Waiver program described in Section 5, Customer agrees to defend, indemnify and hold Company harmless to the maximum extent permitted by law from and for all claims, lawsuits, damages, expenses and other losses arising out of the rental or use of Equipment delivered to or rented by Customer. Customer's obligation will apply to the extent permitted by law to all accidents or incidents regardless of whether same occur as a result of Customer's or third party's negligence, fault or other legal liability. Customer will have no obligation to defend, indemnify or hold harmless Company if the accident or incident arises out of the sole negligence or willful misconduct of Company. Company, its officers, directors, employees and agents shall not, under any circumstances, be liable to Customer for consequential, incidental, special, exemplary or punitive damages arising out of or relating to the Equipment. Customer's sole and exclusive remedy for any claims or causes of action arising out of or related to the Equipment shall be to recover from Company direct damages in an amount not to exceed the amount paid by Customer for use of the Equipment.

9. No Prorating Agreed upon rates are the complete billing periods and are not to be prorated.

10. Termination Company may terminate this agreement and remove the Equipment immediately in the event (i) Customer fails to pay any amount when due to Company, (ii) Customer otherwise breaches or rejects any of these Terms and Conditions, (iii) there is any loss of or damage to the Equipment, (iv) any lien is placed, or is proposed to be placed, on any of the Equipment, or (v) a proceeding in bankruptcy or for other protection from creditors is commenced by or against Customer. Company shall not be responsible for loss of any personal property on the Site, which may be caused by removal of any of Company's Equipment pursuant to this paragraph.

11. Governance This agreement shall be governed by and construed in accordance with the laws of the state, shown on the invoice, in which the Company's place of business is located, without giving effect to any choice or conflict of law provision or rule that would cause the application of the laws of any jurisdiction other than such state. Each of the parties submits to the jurisdiction of any state or federal court sitting in such state, in any action or proceeding arising out of or relating to this agreement. All claims in respect of the action or proceeding may be heard and determined in any such court. No failure by Company to exercise any right hereunder shall operate as a waiver of any other right hereunder, and a waiver of any right on one occasion shall not constitute a bar to or a waiver of any such right on any future occasion. All modifications to these Terms and Conditions shall be in writing.

12. Taxes & Fees Customer shall pay any and all taxes, license fees or permit fees arising out of use of the Equipment. Customer shall pay such taxes whether such taxes are shown on the invoice or whether such taxes are later claimed by a governmental authority. In the event of a claim by a governmental authority for taxes related to the Equipment, Customer shall pay to Company such taxes on demand.

13. Additional Terms Additional Terms and Conditions apply to rental and service of Storage Containers ("Sheds") and Temporary Power equipment. These Terms & Conditions are shown on the back of your contract for these items.

14. Errors & Omissions Company reserves the right to correct any erroneous information that may appear in the invoice or may have appeared in a prior invoice including, without limitation, Customer's name or address, or billing amounts.

15. Conditional Payments Any payment check, or other form of payment that you send us for less than the full balance due that is marked "paid in full" or contains a similar notation, or that you otherwise tender in full satisfaction of a disputed amount, must be sent to United Site Services Inc., 50 Washington Street, Suite 1000, Westborough, MA 01581. We reserve all our rights regarding these payments (e.g., if it is determined there is no valid dispute, or if any such check is received at any other address, we may accept the check and you will still owe any remaining balance). We may refuse to accept any such payment by returning it to you, not cashing it or destroying it. All other payments that you make shall be sent to the address on the invoice.

Re: Tereso Flores

This letter serves as a personal evaluation of the qualification of Tereso Flores, a sweeper truck operator. Mr. Flores has been onsite for six months for the duration of the City of Lodi, Ca. Water Meter Project, Phase 3.

Mr. Flores has been highly responsive to the special needs this project involves, as well as a good knowledge of his responsibilities.

Mr. Flores is motivated, with good attention to issues of safety, works well with others and is responsive to concerns of the public.

Sincerely,

A handwritten signature in black ink, appearing to read "Kim Westfall".

To Whom It May Concern:

I am writing to you on behalf of Mr. Tereso Flores.

Through Universal Sweeping or Statewide Sweeping Service Mr Flores has worked for me directly here at Knife River Construction for over 10 years. Tereso has handled many jobsites under difficult conditions for me throughout Central California. I have worked with many other sweepers during this time and Tereso has consistently outperformed all others!

Tereso is requested by several of my foremen whenever a sweep is necessary. I will continue to request Tereso for my sweeper needs any time in the future.

If you have any questions, please feel free to contact my office at (209) 948-0302.

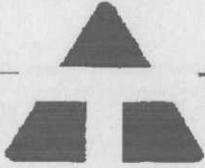

Sincerely,

Dispatch Manager

**TEICHERT CONSTRUCTION***Established 1887*

October 5, 2012

To whom it may concern,

I am writing this letter on behalf of Tereso Flores who operates a sweeper truck. Tereso has worked intermittently on projects for Teichert Construction that I have managed since 2007. When working on our projects, Tereso has demonstrated excellent concerns for Safety, Production and works well with others in a team environment.

Thereso Flores needs very little instruction and direction on the job, as he is very knowledgeable to our work and his role in the execution of the plan. He works well with others and respects direction from project staff. He shows dedication with a great attendance and willingness to work hard.

Sincerely,

Vince Graziano
Project Manager

CALIFORNIA UNIFIED CERTIFICATION PROGRAM (CUCP)

DEPARTMENT OF TRANSPORTATION

OFFICE OF BUSINESS AND ECONOMIC OPPORTUNITY

1823 14th STREET

SACRAMENTO, CA 95811

Phone: (916) 324-0449

TTY 711

May 20, 2014

Mr. Tereso Flores
Flores Sweeping Service Inc.
2072 Universal Dr.
Stockton, CA 95206

File Number: 41980

Dear Mr. Tereso Flores:

I am pleased to advise you that after careful review of your application and supporting documentation, the California Department of Transportation (Caltrans) has determined that your firm meets the eligibility standards to be certified as a Disadvantaged Business Enterprise (DBE) as required under the U.S. Department of Transportation's Code of Federal Regulation (CFR) 49, Part 26, as amended.

Your firm will be listed in the California Unified Certification Program (CUCP) database of certified DBEs under these specific areas of your expertise and license identified following a comprehensive review of your firm:

NAICS Category Codes

NAICS Category Codes	Description
488490	Other Support Activities for Road Transportation
561790	Other Services to Buildings & Dwellings

WORK Category Codes

Work Category Codes	Description
C9609	Street Sweeping Truck
I7349	Building Maintenance Services

Your DBE certification is recognized solely for the above codes. You may review your firm's information in the CUCP DBE Database, which can be accessed at Caltrans' Web site at <http://www.dot.ca.gov/hq/bep/>. Any additions and revisions must be submitted to Caltrans for review and approval.

07

Mr. Tereso Flores
May 20, 2014
Page 2

Firm Number: 41980

In order to assure continuing DBE status, you must annually submit a No Change Declaration Form (which will be sent to you) along with supporting documentation. Based on your annual submission – that no change in ownership and control has occurred – or if changes have occurred, they do not affect your firm's DBE standing. The DBE certification of your firm will continue until or unless it is removed by Caltrans.

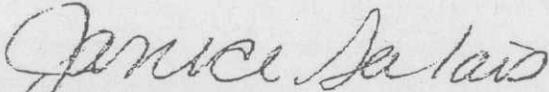

Also, should any changes occur that could affect your certification status prior to receipt of the No Change Declaration Form, such as changes in your firm's name, business/ mailing address, ownership, management or control, or failure to meet the applicable business-size standards or personal net worth standard, please notify us immediately. Failure to submit forms and/or change of information will be deemed a failure to cooperate under Section 26.109 of the Regulations.

Caltrans reserves the right to withdraw this certification if at any time it is determined that it was knowingly obtained by false, misleading, or incorrect information. DBE certification is subject to review at any time. The firm thereby consents to the examination of its books, records, and documents by Caltrans.

For information on Department contracting opportunities, please visit our website at <http://www.dot.ca.gov/hq/esc/oe/>.

Congratulations, and thank you for your continued interest in participating in the DBE Program. I wish you every business success.

Sincerely,

JANICE SALAIS

RE: CALTRANS No. 01-262054

01-Men-101-45.0/50.8 – Wetland and Riparian Planting and Erosion Control

We have reviewed the Plans and Specifications for the above-referenced contract, and submit for your consideration the following services:

Bid Item No. 5 – Prepare SWPPP **\$3,900ea x 1 =** **\$3,900.00**
A Storm Water Pollution Prevention Plan prepared by a certified QSD.

Bid Item No. 6 - Rain Event Action Plan **\$250ea x 90 =** **\$22,500.00**
Preparation of a REAP by a certified QSP/D.

Bid Item No. 7 – Storm Water Sampling & Analysis Day **\$325ea x 100 =** **\$32,500.00**
Storm water sampling & testing by a certified QSP/D.
(PH & Turbidity only. Other pollutants on a time & materials basis)

Bid Item No. 8 – Storm Water Annual Report **\$1,100ea x 3 =** **\$3,300.00**
Certified QSD preparation of a Storm Water Annual Report

Project Total **\$62,200.00**

(Page 1 of 2)

*Alternate (Site Inspections & Water Pollution Control Manager)

- Weather monitoring
- Provide Water Pollution Control Manager to over-see inspections: including Contractor performed BMP inspections; daily, pre-storm, during extended events, and post-storm . (*Inspections can be performed for the alternate price below)
- GVCE QSP performed weekly storm water inspections.

Restoring Yesterday . . . Creating Tomorrow

municipal engineering
civil engineering
construction management
landscape architecture
land surveying

A. Provide weekly stormwater inspections only **\$400 per week**

- \$400wk x 25weeks = \$10,000.00 (not-to-exceed)
- Based on the monitoring period lasting 500 working days
- Includes WPC Manager responsibilities
- Based on Contractor performed "pre", "during", & "post" event inspections.

B. Provide pre, during, and post-event stormwater inspections **\$125 each site visit**

- \$125ea x 200ea = \$25,000.00 (not to exceed)
- Based on bid quantities for expected rain events
- Must be performed concurrently w/ Items 6 & 7, and Alt A.

- Qualifications
- Design, layout, and/or monitoring of ATS are not included in pricing.
 - Implementation and maintenance of BMPs are not included as part of this proposal.
 - Items not specifically itemized above are not included, but may be performed on an hourly basis (\$100hr).
 - Only sampling for PH & Turbidity will be performed. Any other pollutants will be performed on a time & materials basis.
 - Site inspection and sampling will be performed at the intervals as outlined in the General Permit and/or the Contract Documents.
 - Additional testing and monitoring resulting from NAL exceedance and/or NEL violations are not included and will be performed on a time & materials basis.
 - Pricing is based on a Risk level 3 site & 500 working days.
 - SWPPP preparation may be sub-consulted out, and may not qualify for DBE participation (\$3,900).
 - Quantities based on inspection and monitoring during working days only.
 - No retention to be with-held from payments.
 - Payment shall be due within 30 days of client's receipt of invoice

If you have any questions or require any further information please contact this office at the number listed below.

Sincerely,

Re: Willits Bypass: Wetland, Riparian & Erosion Control
Subject: Cost Proposal for SWPPP/WPCD and QSD/QSP Services

REVISED
3/12

Dear Kevin,

Thank you for allowing Chaudhary & Associates to provide you our Cost Proposal for the above referenced project. We are very excited about this project and looking forward to continue our excellent working relationships.

Based on the Project Plans and Special Provisions received on March 2, 2015, below is the Fee for our services:

Bid #	Description	Quantity	Units	Unit Price	Total
SUBMITTALS					
5	Prepare SWPPP	1	LS	\$5,500.00	\$5,500.00
6	Rain Event Action Plan	90	EA	\$500.00	\$45,000.00
7	Storm Water Sampling & Analysis Day	100	EA	\$840.00	\$84,000.00
8	Storm Water Annual Report	3	EA	\$2,500.00	\$7,500.00
Total Cost					\$142,000.00
RATE COSTS					
-	As Needed Consulting Services by QSD/QSP	1	HR	\$185.00	\$185.00
-	As Needed Field Inspection Services (under QSP Supervision)	1	HR	\$125.00	\$125.00

Assumptions/Exclusions:

1. Due to the Project being Risk Level 3, Chaudhary & Associates will provide sampling and analysis for PH & Turbidity only. Other specific lab tests, if required, are not included.
2. Bid Item #7: Stormwater Sampling & Analysis Day does not include pre-rain or post-rain event site observations.
3. Prepare & submit Weekly Stormwater Site Inspection Report.
4. Prepare Quarterly Non-Stormwater and Non-visible Pollutants Report.
5. File Notice of Termination on State SMART System.

Please feel free to call me at (707) 255-2729 or e-mail at tam2@chaudhary.com if you have any questions.

RE: Proposal for SWPPP for Caltrans 01-262054, Bids 3/13/15

Dear Prime Contractor;

Thank you for the opportunity to provide a bid for this work. We provide civil and stormwater engineering services.

Scope of Work:

- A. Prepare Stormwater Pollution Prevention Plan (SWPPP).
 - I. Prepare SWPPP per State and contract requirements. Include Rain Event Action Plan (REAP) template, Construction Site Monitoring Plan and Sampling and Analysis Plan where required.
 - II. Prepare Water Pollution Control Drawings as part of the SWPPP.
 - III. Exclusions: Installation and implementation of water pollution practices, providing a WPC Manager, conducting training, and monitoring, inspection and correcting water pollution control practices are excluded. A WPC Manager, training, monitoring and inspection are available as an additional service upon request.
- B. Storm Water Annual Report
 - I. Prepare Stormwater Annual Report in accordance with SWRCB and Caltrans requirements.
 - II. Report will be prepared by a Qualified SWPPP Developer (QSD).

Fee:

The SWPPP will be prepared for a Fixed Fee of the following, with fees billed monthly based upon percent completion:

- A. Prepare SWPPP (Part of Bid Item No. 5) \$3,500
- B. Storm Water Annual Report (\$500 EA x 3, Bid Item No. 8) \$1,500

Fees will be due within 30 days of client's receipt of invoice. Late payments beyond 30 days past due can be subject to a 1.5% per month interest charge. Payment arrangements can be made to coincide with any owner to contractor payment installments.

Timing and deliverables:

The SWPPP will be provided within 2 weeks of authorization to proceed. The document will be provided in hard copy (4 copies) and electronic PDF format.

PRICE INCREASE

Sincerely,

AUTHORIZATION TO PROCEED

Per rain event (daily monitoring of weather report and logging as required)

\$175.00ea

*Item 7 > Storm Water Sampling and Analyses ^{1,3,7}

For Turbidity and pH only (daily pricing as requested by prime contractor)

All other potential Pollutants will be invoiced as Time and Material

\$475.00ea

*Item 8 > Storm Water Annual Report ^{1,3,7}

Contractor is to submit required material to GENI for assembly, review and submittal.

\$1,475.00ea

Revised Pricing based on Addendum #5

SUBJECT: CDOT 01-262054 <> WETLAND AND RIPARIAN PLANTING AND EROSION CONTROL
 DEVELOP NPDES / SWPPP SUPPLY QSD/QSP, MANAGE SWPPP FOR ABOVE PROJECT

Global Environmental Network, Inc. (GENI®) is pleased to submit this proposal to develop a Risk Level 3 SWPPP at a base price of \$2,825.00 when GENI is the WPCM providing Bi-Weekly inspections at a base rate will be \$770.00 per inspection (equates to \$385.00/week). GENI will provide up to two hours of on-site training and SWPPP compliance instructions. Please reference our Fee Schedule for items not listed in this proposal. Included in below pricing is transportation, laptops, printers, PPE and per diem.

	<u>Fee</u>
Item > Develop QSD approved SWPPP for the above project along with providing Three (3) manuals with an estimated 20 engineering drawings and a PDF file. Included within the SWPPP will be the Erosion and Sedimentation Control Plan. Add \$400.00 to the base price of this SWPPP (\$3,225.00) should GENI not be elected as the WPCM.	\$2,825.00 ✓
Item> Provide 2 hr training session on proper Water Pollution Control Management to Site Supervision Training to be provided on day of site inspection or initial site review with contractor as noted above	N/C
Item > Provide Water Pollution control Manager/ QSD/QSP bi-weekly inspections Included in pricing:	\$770.00 ea
I. Provide Water Pollution Control Manager (WPCM) with appropriate QSD and QSP certification	# <u>3595</u>
II. Daily monitoring and recording of NOAA	
III. The WPCM will be onsite once a week.	
IV. Provide inspection with contractor every once per week reviewing BMP's and oversee their implementation of required BMPs along with completing weekly inspection forms.	
V. Provide oversight of contractor's inspection team.	
VI. Provide onsite tailgate training as needed during field visits.	
Exclusions: Does not include any lab testing if there is an event that triggers non-stormwater, Non-visual pollutant and other lab testing. Assumes contractor will provide rain gauge. Assumes contractor's staff can provide the daily, pre-storm, during storm and post-storm visual BMP rain event inspection to reduce costs to contractor. Excludes any testing such as pH and turbidity sampling, which will be performed by contractor's onsite staff unless otherwise contracted for with this work.	
Additional Services Required of a QSD/QSP (for budget purpose only)	
• Pre/during/post-Storm Inspection Price is when the customer performs these inspection. Should GENI need to perform the inspections price will be \$475.00/inspection day.	\$75.00 ea
• REAP's	\$175.00 ea
• Corrective action forms	\$75.00 ea
Item > Storm Water Sampling and Analyses (as needed) Turbidity and PH only other pollutants will be invoiced at \$475.00 ea day while onsite Performing during rain inspections (15% over lab and material costs when completed with during storm event).	\$475.00 ea r 47500
Item > Annual Certification of Compliance & assembly only of Annual report	\$1,475.00 ea 4,425

TOTAL = \$98,270

GENI - PROPOSAL
PROJECT #: 01-262054
Revision 1 / 3/10/2015
PAGE 5 OF 7

SUPERSCRIPPT NOTES

- ¹ GENI carries the following insurance: \$2,000,000 General Liability / Pollution, \$1,000,000 Auto / Workman's Compensation insurance and an umbrella of \$2 Million over GL/Auto/WC.
 - A one time fifty dollar (\$50.00) processing fee will be added to all contracts **requiring insurance endorsements** for General Liability, Workman's Comp and / or Auto Insurance.
 - Insurance endorsements requiring CG2010#### or similar insurance and Primary wording will be charged an additional Two Hundred Seventy Five Dollar (\$275.00) processing fee.
- ² Lease / Rentals: All items property of GENI and its Subcontractors; Sign installation excludes any cutting or coring of asphalt; Prices based on quantities noted. Customer is responsible for all vandalized, damaged or loss of equipment and completion of our indemnification agreement form. GENI shall be named as an additional insured and loss payee under the end users insurance policy. All construction area sign bids include installation and removal of signs only when noted on our bid line item.
- ³ Caltrans allocation of DVBE Credit 100%. Credit for participation of a DVBE subcontractor, supplier, or broker will be 100 percent provided such DVBE is performing a commercially useful function.
- ⁵ **Option 1:** Lead Compliance Plan certified by a CIH; **Option 2:** Includes option 1 and 2 hr. lead training for up to 10 personnel; **Option 3:** includes options 1 & 2 and air monitoring on same day as training, laboratory testing for up to eight 8 hour TWA samples (48 hr turn-around if required); Report Preparation by the CIH.
Additional Work: Air Monitoring for heavy metals (IH Technician @ \$75.00/Hr, CIH @ \$145.00/Hr both requiring 8 consecutive hrs min), Laboratory Analysis (at cost plus 20%); Price includes one move-in and rental of equipment. Additional move-in will be charged at \$TBD plus hourly personnel and equipment rates. **Call for published rate sheet.**
- ⁶ Price includes submittal of Three (3) copies of the Final SWPPP delivered via FedEx ground. NOTE: GENI does not provide draft copies of its SWPPP. Occasionally corrections and or additions will be necessary due to a multitude of reasons, upon the contractor becoming aware of any potential or required correction they are to provide a written request to GENI for our review and plan update if necessary. Corrections / additions to the plan due to errors or omissions on behalf of the contractor or the Agency may be billed to the contractor as time and material as noted below as T&M. Engineered designs required by a registered Civil Engineer are not part of this contract. **This bid does not include any associated filing fees or the design / layout of dewatering, recycling or batch plant BMP systems / drawings.**
Maintenance of SWPPP billing rates will be billed as Time & Material (T&M): T&M will be billed at a standard rate of \$92.50/hour for non-Civil Engineering services and \$145.00 / hour for Registered Civil Engineering services with all services being billed in ½ hour increments. Additional manuals: billed at \$55.00 for the initial manual and \$45.00 for each consecutively assembled manual. Material / additional expenditures will be billed at cost plus \$50.00 or cost plus 20 percent which ever is greater.
- ⁷ Unless specifically stated in this bid proposal the customer will pay for all additional shipping charges at cost plus a 15% handling fee.
- ⁸ (n/a) week minimum, GENI does not hold a C-31 License and cannot place equipment on site. Delivery / pick-up are not included in base price. When contracted to deliver or pick up equipment it is to delivered / picked up at contractor's facility or project yard. Rental is time out, not time used. Delivery times cannot be guaranteed. ALL LEASES ARE SUBJECT TO AVAILABILITY. Prices are for this project only. Regular pricing will be \$1,375.00 (CMS) and \$585.00 (Arrow board) per month for each piece of rental equipment if the minimum weeks are not met or exceeded.
- ⁹ Unless otherwise noted price does not include Sales Tax or F.O.B. costs if applicable.
- ¹⁰ Please contact GENI to set up an account with our firm to lease or purchase items off our web site or listed within this bid. Accounts are due and payable within 30 days of purchase. Interest charged at the rate of 1.65% per month.

Should you have any questions about the quotation please contact the undersigned,

NOTE

Please find attached our proposal for DBE work on the Willits project. We did our best to properly categorize items such as stormwater inspections as there is really more of a bid "category" (item 4,5) for that work. I estimated inspections based upon past weather patterns which are dependable to a point, but leave quite a bit of room for speculation. Obviously, if the next few years hold to the same drought conditions stormwater inspection and sampling and analysis days will be less than anticipated on the quote. Please feel free to reach out if you have any questions or comments, or would like us to adjust the bid in some way to fit your formats. Thank you, David Skinner MBA, CPESC, CMS4S, QSD Regional Manager ADH Environmental Cell 530-524-2633 Fax 1-888-966-7371 ext. 105

Hello Estimating Department,
 My name is Rey, from AKA Environmental. We are providers of the Storm Water Pollution Prevention Plan (SWPPP), Water Pollution Control Plan (WPCP), Dust Management Plan, Erosion Control Plan and Water Quality Management Plan. We provide these services statewide from San Diego County to Del Norte County. Other companies like Jones Brothers are already doing business with us exclusively and benefit from our fast and professional service. So, the next time you need a SWPPP or any of the other plans we provide, use the price list listed above and give me a call (323) 547-9605

Subject: Bid Offering for Caltrans Project ID#01-262054, Wetland and Riparian Planting and Erosion Control for the Willits Bypass Project

To Project Bidder:

SHN Consulting Engineers and Geologists, Inc. (SHN) is pleased to provide a comprehensive list of bids for the Caltrans Project ID#01-262054, Wetland and Riparian Planting and Erosion control for the Willits Bypass Project. SHN is a certified Small Business Enterprise (SBE). Attached is a list of the bid items and costs that SHN is highly qualified for and uniquely positioned to provide.

SHN is a prominent consulting engineering firm in Willits. With its office conveniently located at 335 S. Main Street, Willits, the needs of this project can be efficiently serviced with accredited professionals and technicians. In addition to the qualified professionals and technicians necessary to fulfill the identified Bid Items, SHN can provide Civil and Geotechnical Engineers, Professional Land Surveyors, Certified Materials Field Testing and Laboratory, QSD/QSP and GIS services.

The complex regulatory and environmental constraints of this project will not only require a capable team, it will require a local presence to facilitate the process through construction. SHN Principal, Tom Herman has long term community relationships that will be of additional value above and beyond the usual contract needs.

We hope that you are successful on bid day and that we are part of your winning team. Please do not hesitate to contact me directly to discuss the project and its components.

Please do not hesitate to contact me if you have any questions.

Sincerely,

SHN Consulting Engineers & Engineers, Inc. #

SHN Bids for the Wetland and Riparian Planting and Erosion Control for the Willits Bypass Project

Page | 1

BID TERMS AND GENERAL EXCLUSIONS

- Because the Contractor's Means and Methods are indeterminate at this time, all unit quantities in the below bid items are based upon the Contract Bid Schedule or an assumption of the hours/days needed to complete each task. Unit quantities may vary with the Contractor's project approach or the project duration.
- Proposal may be withdrawn if not accepted in 30 days of BID DATE.
- BID PROPOSAL DOES NOT CONSTITUTE A CONTRACT FOR WORK
- SHN is a non-Union and will not enter into a Union Agreement to perform project
- All work will be assumed ordered and payable by Contractor whether subject to bond or claim.
- Limit of claims for damage to SHN may not exceed contracted values
- SHN will maintain all applicable licenses and certifications required to perform required task(s).

BID ITEM 6: Rain Event Action Plan (REAP)

SHN will provide two hard copies and one digital copy of each REAP, to be generated and submitted per SWPPP plan, specifications and conditions of the Project Permit. The cost for preparing the REAP is per required reporting location. Cost based on completing necessary forms and onsite consultation during the site visit for the pre-storm inspection.

EXCLUSIONS: SMARTS upload

ASSUMPTIONS: 90 REAPs; Contractor will be responsible for submission of REAP to RE; REAP locations will be defined in SWPPP document.

Rain Event Action Plan (REAP)

\$ 350 EA

BID ITEM 7: Storm Water Sampling and Analysis Day

SHN will provide qualified sampling personnel to collect required samples of storm water discharges that occur during qualifying rain events for analysis of Turbidity and pH only (Non-Visible Pollutant samples will be sent to lab listed in SWPPP and billed per T&M rates). Quoted rate is per sampling technician with equipment (additional technicians will be billed at quoted rate). Sampling results will be provided to Contractor for submission to Resident Engineer.

- SHN will define sampling and analysis points within Site SWPPP and Sampling and Analysis Plan Documents. Documents will be approved by Contractor prior to submission to Jurisdictional agencies for approval.

EXCLUSIONS: SMARTS upload; Non-storm water sampling; Receiving Water monitoring

ASSUMPTIONS: Single SHN staff member can sample/report up to 7 locations per day; All consumables (IE sampling bottles, labels, etc...) will be included in quoted rate; M-F/non-holiday-8 hour working days; 100 sampling days

Storm Water Sampling and Analysis Day

\$ 500 EA

SHN Bids for the Wetland and Riparian Planting and Erosion Control for the Willits Bypass Project

BID ITEM 8: Storm Water Annual Report	
SHN will submit 2 hard copies and 1 digital copy of a final Annual Report as described in the California General Permit 2009-009 to Contractor per plans and specifications.	
EXCLUSIONS: SMARTS upload ASSUMPTIONS: Includes July 1 –June 30 annual reporting period. Assume no liability for validity of Contractor supplied data. 3 Annual Reports.	
Storm Water Annual Report	\$ 1,200 EA

BID ITEM 18: Contractor Supplied Biologist	
SHN will provide contractor supplied biologist(s) (including botanist, fisheries biologist, and wildlife biologist, as needed) per plan specifications, addendums and PLAC documents. Price is per biologist per day at the request of Contractor and/or RE. Biologist will provide per Daily Rate:	
<ul style="list-style-type: none"> • Daily observation and inspection records • Quarterly compliance reporting • Dewatering and fish relocation plans 	
SHN will provide the following pre-construction submissions per specification schedule listed.	
<ul style="list-style-type: none"> • Protocols for species protection surveys x • Pre-construction survey reports → • Biological resource information program <ul style="list-style-type: none"> ○ Contractor training program • Regulated species monitoring schedule 	<p>EXISTING CONDITIONS</p>
EXCLUSIONS: Permit fees ASSUMPTIONS: Daily price is per biologist per day; M-F/non-holiday-8 hour working days. De-watering and fish relocation plans to occur at time of impact on paid working day.	
Pre construction Submittals	\$ 20,000
Contractor Supplied Biologist	\$ 700/DY
GIS Graphics as requested	\$ 130/hr.

Storm Water Services Proposal

Prepare Storm Water Pollution Prevention Plan (SWPPP) - \$2,150.00

Provide one (1) electronic copy of Storm Water Pollution Prevention Plan (SWPPP) in accordance with new CA General Construction Permit #2009-0009-DWQ along with three (3) manuals for the above referenced project. We will work with your Legally Responsible Person (LRP) to upload the SWPPP and Permit Registration Documents onto SMARTS. Price includes any revisions that may be required for final approval.

Storm Water Annual Report - \$650.00/Each

x 3 = \$1,950

Total \$4,100

*all items bid***PROPOSAL**

For Environmental Services in Support of
Construction Adjacent to State Highway in Mendocino County
In and near Willits at Various Locations

Contract No.: 01-262054

LACO Project No. 8222.00

LACO DIR Registration Number: 1000004476

March 3, 2015

SCOPE OF SERVICES

LACO will prepare a Storm Water Pollution Protection Plan (SWPPP) which meets the requirements of the State Water Resources Control Board General Permit Order No. 2012-011-DWQ, National Pollutant Discharge Elimination System (NPDES) No. CAS000003, NPDES Permit, Statewide Stormwater Permit, and Waste Discharge Requirements (WDRs) for the State of California Department of Transportation (Caltrans). The Caltrans SWPPP template will be used to prepare the SWPPP and the SWPPP document will be prepared under the direction of the Water Pollution Control Manager (WPCM) with Qualified SWPPP Developer (QSD) and Qualified SWPPP Practitioner (QSP) certifications. Under the SWPPP preparation task, LACO will perform the following tasks:

1. Prepare a SWPPP document
2. Perform weekly inspections with reporting
3. Prepare 90 Rain Event Action Plans
4. Perform 100 Storm Water Sampling and Analysis days
5. Submit 3 Annual reports to Caltrans (OWNER) for the project
6. Supply a biologist to monitor construction activities, identify invasive plants for removal, protect riparian habitat and waters of the U.S., protect native plants and regulated species that may be harmed during construction activities, and prepare and administer a preconstruction survey report.

FEE ESTIMATE

Please see Fee Breakdown below:

Bid Item #	Item Code	Item Description	Unit of Measurement	Estimated Quantity	Unit Price
5	130300	Prepare SWPPP	LS	1	\$5,000
6	130310	Rain Event Action Plan	EA	90	\$450
7	130320	Storm Water Sampling and Analysis Days	EA	100	\$600
8	131105	Storm Water Annual Report	EA	3	\$1,200
		*Caltrans Weekly Inspections/Reports	EA		\$400
		*Post Storm Inspections	EA		\$450
18	146002	Contractor Supplied Biologist	Day		\$700 →

*This is a Risk Level 3 project. Weekly Inspection/Reports and Post-Storm Inspections/Reports do not have a line item, but Caltrans will require them. Pre-Storm Inspections will be done concurrently with REAP Site Inspections.

Budget assumes no water quality objective exceedances.

ASSUMPTIONS

- The construction phase is **dependent on the contractor's schedule**.
- Amendments are an elective scope.
- OWNER will be responsible for uploading all Permit Registration Documents (NOI, NOT, SWPPP, etc.) to the SMARTS website.

21 W. 4th Street, Eureka, California 95501 707 443-5054 Fax 707 443-0553
311 S. Main Street, Ukiah, California 95482 707 462-0222 Fax 707 462-0223
3450 Regional Parkway, Suite B2, Santa Rosa, California 95403 707 525-1222

LACO

- Off-site impact studies and/or mitigation are not required.
- The OWNER will pay agency fees, if required.
- LACO will not contact or correspond with regulators unless directed by CLIENT or OWNER.

ELECTIVE SCOPES

The following services are excluded from this scope but can be provided by LACO under an amendment, if required:

- SWPPP Plan Amendments
- Permit applications and processing
- Meetings or regulatory correspondence

Please contact Virgil Garner by email garnev@lacoassociates.com or by phone at 707-496-0868 if you have any questions.

Contract No. 01-262054
01-Men-101-45.0/50.8
Project ID 0115000013

To whom it may concern:

Gregg Simpson Trucking would like to quote trucking on the above project. We are a locally owned, small business, woman owned firm. With over 35 years of experience Gregg Simpson Trucking offers superior customer service with 100% job satisfaction. We appreciate the opportunity and look forward to hearing from you.

Transfer:

\$105.00 per hour

End Dump / Bottom Dump:

\$105 per hour

10 whl dump truck:

\$95 per hour

Water truck:

\$95.00 per hour

Lowbed:

\$115.00 per hour

For prevailing wage rates add \$15.00 per hour - for overtime rates (after 8 hrs in a day) add \$20.00 per hour

The following rates are good for one year from date of quote - payment terms are net 30 from date of invoice.

Much Appreciated
Amanda Devereux

(trucking quote)

Hourly Rates:	certified exempt	certified on haul	certified off Haul	certified on site	
1) 3 axle Dump Truck	\$ 110.00	\$ 140.00	\$ 140.00	\$ 140.00	per hour
2) 4 axle Super Dumps	\$ 120.00	\$ 150.00	\$ 150.00	\$ 150.00	per hour
3) 5 axle All Truck Types	\$ 120.00	\$ 150.00	\$ 150.00	\$ 150.00	per hour

Note: On / Off Haul = If Caltrans Labor Compliance will authorize a wage rate, lower than the Teamster rate we will adjust accordingly.

Note: Hourly work is subject to 8 hour minimum.

Note: Exempt = Contractors choice, from a Commercial Source or to a Recycler.

Note: Classifications to be determined by Caltrans labor compliance

Note: Hours start at the dispatch time, or when the truck begins loading, which ever is first.

Note: Hours include time to clean the truck bed.

Note: Hours end at the dispatch location.

Escalation:

- 1) Work done in 2015 No change
- 2) Work done in 2016 Add 5% to all prices above
- 3) Work done in 2017 Add 10% to all prices above
- 4) Escalation continues at 5% per year.

Fuel Surcharge:

- 1) In the event that On Road Diesel prices exceed \$4.00 per gallon we will surcharge all of the quoted prices above at a rate of 1% per 10 cent a gallon increase over \$4.00 price at the pump.

Written acceptance of this quote is required, within 30 days of Agency or Owner's award.

This quote shall be made a part of, and attached to the purchase order / contract.

Thank You for the opportunity to bid this job,

Subject: Cltrans Job# 01-262054>Willits, aggregate, grist creek, duane lee

To all interested parties,

LOCAL

My name is Duane Lee, I represent Grist Creek Aggregates. I am contacting you regarding Caltrans Job # 01-262054, Wetland and Riparian Planting and Erosion Control in Willits. We are located approximately 13 miles north of the north end of the project at the 2.2 mile marker on Hwy 162. I am including delivered prices to you for the Cobblestone as well as the Clean Sand and Gravel to assist you in the bidding process. All prices include all applicable taxes.

In the event you are successful and plan to purchase materials from us, please give us a substantial amount of lead time as the Clean Sand and Gravel will have to be mixed ahead of time. A timeframe on your plans would be helpful as well.

Cobblestone - \$ 40.46 / Ton

Clean Sand and Gravel - \$ 40.46 / Ton

Any inquiries or questions may be made by contacting me at 707-984-6626 or Cell 707-354-2421 , lee.duane@rocketmail.com , or Brian Hurt at 707-489-1463 / wylatti@willitsonline.com

Thank you very much for your time and good luck, Duane Lee

Subject: RE: Willits

Berry brush we can do about 1-1.5 acres a day plus in flat ground (but guessing this is going to be slow with protestors/fences/etc.?) – (\$60/hour machine-\$92/hour operator- \$15/hour pick up-operated and maintained)- plus hotel and per diem for the one guy \$149/night. Move up and back at \$550/ea way. I would need one laborer to work with the mower. This works out to \$1500/day

Let me know if this is what you could use!
Jim

→ \$167/HR
+ 149 PD/8 = 18.63

\$316/DAY
185.63/HR
1,405/DAY x 1,500 DAY

Subject: RE: Willits

Hourly price with the 279 & head would work. If you have time to work up a per acre price or at least help me out with a production rate it would be very helpful

Thanks,

Kevin Heddy

Kevin so what do you think of an hourly price for the 279 with the brush mower on it? Or would an acre price based on the 45 acres be better for you.?

Terms of Sale

All orders and sales contracts will be accepted and executed by Friedman's Home Improvement with the following TERMS and CONDITIONS:

1. TERMS:

Commercial Charge Accounts: Due in full the 10th of the month following date of purchase. A FINANCE CHARGE OF 1.5% PER MONTH (AN ANNUAL PERCENTAGE RATE OF 18%, MINIMUM FINANCE CHARGE OF \$.50.) or the maximum legal rate will be applied to all unpaid balances from the due date thereof. Delinquent accounts will be closed. Title to all merchandise described herein is reserved by the seller until paid for.

Friedman's in house revolving accounts: Minimum payment (10% of balance but not less than \$10.00) is due the 25th of the month following statement date. If you choose to make a partial payment A FINANCE CHARGE OF 1.5% ANNUAL PERCENTAGE RATE OF 18%, OR MINIMUM FINANCE CHARGE OF \$.50) or the maximum legal rate will be applied to the previous balance after deducting payments, credits, and any remaining accumulated finance charges. Delinquent accounts will be closed. Title to all merchandise described herein is reserved by the seller until paid for.

- 2. All claims and returned goods must be accompanied by this bill. All returned goods must be in original sales condition.
- 3. Friedman's Home Improvement will not be responsible for any loss or consequential damage in the event of any defect in the goods or merchandise sold unless the goods have been manufactured to Purchasers specifications. LIABILITY WILL BE LIMITED TO REPLACEMENT OF GOODS SOLD and there is no express or implied warranty applicable to this sale. Friedman's Home Improvement will not be liable for removal of defective goods or merchandise or re installment of the same in the event of defect.

Return Policy

- Credit for returned merchandise will be made in the same manner as payment taken for the original purchase. (i. e. credit card payment refunded to credit card)
- Customer phone number and photo ID will be required for all returns.
- Merchandise purchased as a "cash sale" and returned without a receipt will receive an "in store credit" only and will require California photo ID and phone number. Credit will be given at lowest price sold within the last 180 days and may require manager approval.
- Merchandise purchased through a Friedman's account may be returned and credited without a receipt pending confirmation of original purchase on account.
- Cash refunds are subject to cash availability and may not exceed \$800. Cash refunds in excess of \$800 will be issued by check.
- If original payment was made by check, there will be a waiting period of up to fifteen (15) business days for issuance of refund.
- Merchandise required by the manufacturer to be returned at a service center, will not be accepted for return.
- Yard Merchandise must be returned to the yard prior to processing.
- In general, special order, custom milled, cut, keyed, mixed products, or merchandise sold "AS IS" or "NO RETURN", will not be accepted for return.
- Where permitted by the supplier, special order merchandise accepted for return will incur a minimum 20% restocking fee.

Never Undersold Price Guarantee Policy

In order to better serve Friedman's customers, Friedman's has established the Never Undersold Price Guarantee Policy:
We guarantee the lowest prices. If you find an identical item at a lower price, we'll match it...GUARANTEED!

Delivery Terms and Conditions

Safety is our first concern while providing delivery services and delivery drivers may elect, in their sole discretion, to change delivery location or cancel the delivery in its entirety based upon safety considerations. Delivery location must be a flat and level location with stable soil or properly engineered road surface easily accessible by our large trucks. Our trucks require height clearances of 12 feet and roadways must support up to 48,000 pounds for single truck or 80,000 pounds for a truck and trailer delivery. If delivery is via a one lane road, the delivery location must have an easily accessible turn around location. Delivery is to the site and does not include transportation into backyards or within homes unless specified in writing in advance following a site inspection by a Friedman's employee. Friedman's is not responsible for damage to roads or other property in the event the access does not comply with the requirements above. Further, Friedman's is not responsible for property damage in the event it occurs as a result of instructions by another party at the delivery site.

Safety is our first concern while providing delivery services and delivery drivers may elect, in their sole discretion, to change delivery location or cancel the delivery in its entirety based upon safety considerations. Delivery location must be a flat and level location with stable soil or properly engineered road surface easily accessible by our large trucks. Our trucks require height clearances of 12 feet and roadways must support up to 48,000 pounds for single truck or 80,000 pounds for a truck and trailer delivery. If delivery is via a one lane road, the delivery location must have an easily accessible turn around location. Delivery is to the site and does not include transportation into backyards or within homes unless specified in writing in advance following a site inspection by a Friedman's employee. Friedman's is not responsible for damage to roads or other property in the event the access does not comply with the requirements above. Further, Friedman's is not responsible for property damage in the event it occurs as a result of instructions by another party at the delivery site.

Terms of Sale

All orders and sales contracts will be accepted and executed by Friedman's Home Improvement with the following TERMS and CONDITIONS:

1. TERMS:

Commercial Charge Accounts: Due in full the 10th of the month following date of purchase. A FINANCE CHARGE OF 1.5% PER MONTH (AN ANNUAL PERCENTAGE RATE OF 18%, MINIMUM FINANCE CHARGE OF \$.50.) or the maximum legal rate will be applied to all unpaid balances from the due date thereof. Delinquent accounts will be closed. Title to all merchandise described herein is reserved by the seller until paid for.

Friedman's in house revolving accounts: Minimum payment (10% of balance but not less than \$10.00) is due the 25th of the month following statement date. If you choose to make a partial payment A FINANCE CHARGE OF 1.5% ANNUAL PERCENTAGE RATE OF 18%, OR MINIMUM FINANCE CHARGE OF \$.50) or the maximum legal rate will be applied to the previous balance after deducting payments, credits, and any remaining accumulated finance charges. Delinquent accounts will be closed. Title to all merchandise described herein is reserved by the seller until paid for.

- All claims and returned goods must be accompanied by this bill. All returned goods must be in original sales condition.
- Friedman's Home Improvement will not be responsible for any loss or consequential damage in the event of any defect in the goods or merchandise sold unless the goods have been manufactured to Purchasers specifications. LIABILITY WILL BE LIMITED TO REPLACEMENT OF GOODS SOLD and there is no express or implied warranty applicable to this sale. Friedman's Home Improvement will not be liable for removal of defective goods or merchandise or re installation of the same in the event of defect.

Return Policy

- Credit for returned merchandise will be made in the same manner as payment taken for the original purchase. (i. e. credit card payment refunded to credit card)
- Customer phone number and photo ID will be required for all returns.
- Merchandise purchased as a "cash sale" and returned without a receipt will receive an "in store credit" only and will require California photo ID and phone number. Credit will be given at lowest price sold within the last 180 days and may require manager approval.
- Merchandise purchased through a Friedman's account may be returned and credited without a receipt pending confirmation of original purchase on account.
- Cash refunds are subject to cash availability and may not exceed \$800. Cash refunds in excess of \$800 will be issued by check.
- If original payment was made by check, there will be a waiting period of up to fifteen (15) business days for issuance of refund.
- Merchandise required by the manufacturer to be returned at a service center, will not be accepted for return.
- Yard Merchandise must be returned to the yard prior to processing.
- In general, special order, custom milled, cut, keyed, mixed products, or merchandise sold "AS IS" or "NO RETURN", will not be accepted for return.
- Where permitted by the supplier, special order merchandise accepted for return will incur a minimum 20% restocking fee.

Never Undersold Price Guarantee Policy

In order to better serve Friedman's customers, Friedman's has established the Never Undersold Price Guarantee Policy:
We guarantee the lowest prices. If you find an identical item at a lower price, we'll match it...GUARANTEED!

Delivery Terms and Conditions

Safety is our first concern while providing delivery services and delivery drivers may elect, in their sole discretion, to change delivery location or cancel the delivery in its entirety based upon safety considerations. Delivery location must be a flat and level location with stable soil or properly engineered road surface easily accessible by our large trucks. Our trucks require height clearances of 12 feet and roadways must support up to 48,000 pounds for single truck or 80,000 pounds for a truck and trailer delivery. If delivery is via a one lane road, the delivery location must have an easily accessible turn around location. Delivery is to the site and does not include transportation into backyards or within homes unless specified in writing in advance following a site inspection by a Friedman's employee. Friedman's is not responsible for damage to roads or other property in the event the access does not comply with the requirements above. Further, Friedman's is not responsible for property damage in the event it occurs as a result of instructions by another party at the delivery site.

REVISED

20

**Project:** CT 01-262054, WILLITS, CA

**Bid Date:** 3/3/2015

**Bid Time:** 2:00 PM

The following is our proposal for the landscape an REVISED AT 11:30 AM project per the plans and specifications of:

**Architect:** Jeffrey L. Pietrzak

**Sheets:** 47-63, 110-168

**Dated:** 10/20/14

**Spec. Sect.:** 20 Landscape

**Wage:** Federal

**Addenda:** 1 thru 5

**SEE ATTACHED BID BREAKDOWN**

**Qualifications:**

- \* Site to be received in a clean, weed free condition. No import or export of soil or topsoil. All areas are to be received at +/- .10' of finish grade. Any areas requiring import of materials by Marina such as sand, decomposed granite, topsoil, special soil mixes, etc., shall be received at +/- .10' of subgrade elevations. All spoils generated from plant excavations shall be spread on site.
- \* This bid is based on trenching with a trencher in a conventional manner.
- \* Our work includes two move-ins. Any additional moves shall be billed at \$ 750.00 each.
- \* Adequate equipment access to work areas to be provided by others. Our standby rate is \$ 135.00/Hour.
- \* Designated areas for hydroseeding or erosion control shall be clearly defined by an authorized representative.
- \* Water shall be made available on-site by others. 4,000 gal per hour will be required within 1/4 mile of working area. "Water source shall be made available with a minimum 2" size and at least 100 psi or better.
- \* Proposal includes temporary Irrigation system, booster pumps, controllers and removal at end of contract.
- \* Temp Irrigation system for entire site will be priced into the planting bid items per specifications.
- \* Proposal requires 7 of 8 well site to be developed by Prime Contactor for Temporary Irrigation use including power to within 10' of well head.

**Exclusions:**

- \* Demolition, removals, clearing, grubbing, and/or digging, excavation, trenching of hard dig materials.
- \* All electrical power, hookup, and/or telephone service to irrigation controllers and/or pumps.
- \* Permits, testing/auditing/inspection fees, water costs, water meters/meter fees, electrical meter/pedestal, or service line.
- \* Traffic control, survey, hot tap, coring, boring, jacking, hydraulic drilling, drainage, waterproofing, concrete, masonry, fencing, asphalt, saw-cutting, patching, protection boards, restoration, relocation, pot holing, utility identification, S.W.P.P.P., B.M.P., lead compliance, trench plates, temporary facilities, tree well, or site furnishings.
- \* Protection, relocation, repair, or maintenance of existing irrigation, planting, utilities, or hardscape.
- \* Marina Landscape is not responsible for areas destroyed or damaged by pedestrians, other contractors, weather, acts of God or anything beyond our control.
- \* Overseeding, watering, drainage, inspection, protection, weekly meeting, WPC, or maintenance of erosion control areas.
- \* We cannot guarantee germination of seed.
- \* This proposal excludes removal or disposal of all erosion control methods.
- \* Not responsible for grading or disturbance to existing graded areas.
- \* UNIT PRICE PREVAILS ACCORDING TO QUANTITY SPECIFIED ON BID BREAKDOWN.
- \* ALL ITEMS WILL BE FIELD MEASURED PER QUANTITY INSTALLED FOR FINAL BILLING.
- \* Contractor agrees to pay for all material procured for this project once the agreement or purchase order is signed. The intent of this proposal limits the performance of work as listed in the above plans, specifications, and addenda. We will coordinate work with other applicable trades as required.

Marina is an established union contractor with over 44 years of experience and the ability to bond our projects (add 1% as a change order to the contract) Bonds will be supplied on Berkley Surety or AGC standard bond forms. If accepted, this proposal is to be part of our contract. Should you have any questions or comments, please do not hesitate to contact me.

Pages from ATTD\_Adv\_MWBE\_BART\_WSE.pdf; RFQ Fax Cover.docx; subs\_and\_suppliers to supply.docx

Heather and Carrie,

We want to submit for advertisement tomorrow (2/10/15) for the CalTrans Warm Springs . This will require filling out the information for the Compliance News letter (Saul D' Mark). Attached is an example of the compliance news form filled out (see the Bart pdf). The subs and suppliers to supply.docx is an example of what to attach to the solicitation.

Note that we will be soliciting for DBE involvement on a CA state run federally funded project for the following bid items:

PROGRESS SCHEDULE (CRITICAL PATH METHOD)  
TRAFFIC CONTROL SYSTEM  
PREPARE STORM WATER POLLUTION PREVENTION PLAN  
RAIN EVENT ACTION PLAN  
STORM WATER SAMPLING AND ANALYSIS  
STORM WATER ANNUAL REPORT  
MOVE-IN/MOVE-OUT (TEMPORARY EROSION CONTROL)  
TEMPORARY TACKED STRAW  
TEMPORARY COVER  
TEMPORARY FIBER ROLL  
TEMPORARY SILT FENCE  
TEMPORARY CONSTRUCTION ENTRANCE  
STREET SWEEPING  
TEMPORARY FENCE (TYPE ESA)  
TEMPORARY MARKER (TYPE ESA)  
CONTRACTOR-SUPPLIED BIOLOGIST  
ROADWAY EXCAVATION  
ROADSIDE CLEARING  
INVASIVE PLANT REMOVAL  
SOIL AMENDMENT  
Plant Installation  
PLANT ESTABLISHMENT WORK  
WOOD MULCH  
MOVE-IN/MOVE-OUT (EROSION CONTROL)  
EROSION CONTROL (DRY SEED)  
EROSION CONTROL (DRILL SEED)  
STRAW (NATIVE GRASS)  
INCORPORATE MATERIALS  
ROCKING (EARTHWORK)  
DISKING (EARTHWORK)  
ROCK SLOPE PROTECTION (FACING, METHOD B)  
ROCK SLOPE PROTECTION (NO. 3, METHOD B)  
CLEAN SAND AND GRAVEL

COBBLESTONE  
TEMPORARY FENCE (TYPE CL-3)

Subject: DBE/Good Faith Effort Submission

Hanford Applied Restoration and Conservation Inc. is presenting you with our Good Faith Effort and DBE information for Contract No. 01-262054 submitted on March 12, 2015.

We have worked diligently and believe we have demonstrated Good Faith Efforts and complied with the Special Provisions and deadlines to reach the disadvantaged business enterprise goal. You can be assured from our initial and continued outreach efforts and ongoing correspondence with subcontractors and suppliers to our final bid submission that we pursued and accommodated DBE companies to maximize participation on this project.

Please contact Kevin Heddy, Lead Estimator should you require further information.

Sincerely,

Douglas Hanford  
President
