Quotation and Scope

September 21, 2013

Quote P13-085

Gallaway Enterprises is pleased to provide the following quote for Caltrans No. 01-378164: **Construction on state highway in Mendocino County at various locations in District 01, on Route 128.** If you have any questions, please do not hesitate to contact Krishnan Nelson, Senior Ecologist at (530) 332-9909 office, (530) 332-9905 fax, (530) 519-1796 cell, or krishnan@gallawayenterprises.com. Gallaway Enterprises, Inc is a DBE, WBE, UDBE (#31237), and small business (#1732158) certified firm.

Scope of Work:

Gallaway Enterprises will provide a qualified Contractor Supplied Biologist(s) to monitor construction and other activities to protect regulated species that may be harmed during construction activities. Duties will include:

- Monitor during placement and removal of temporary creek diversion for regulated species within the project area.
- Be on site during all dewatering activities to capture, handle, and relocated regulated species.
- Assure that construction activities do not result in take of regulated species.
- Assure that construction activities comply with section "Fish Protection" and PLACs.
- Immediately notify the Engineer of any take of regulated species.
- Prepare, submit, and sign notifications and reports.

Gallaway Enterprises will prepare a project-specific Biological Resource Information Program, which will include:

- Description of regulated species that may be affected by construction.
- Requirements for the protection of regulated species.
- Definition and consequences of "take".
- What to do when you see a regulated species or a species that looks like a regulated species.
- Permit requirements to touch or move a regulated species.
- Identification of work area and ESA.
- Species Protection Area (SPA) requirements.
- Description of avoidance and minimization measures.
- Natural Resources Protection Plan or PLAC requirements.
- Description and general ecology of the regulated species.
- Description of specific habitats used by the regulated species and their location.
- Handout to implement species protection measures that describe species, habitats, and actions as listed in section 14-6.02 or in PLACs

Gallaway Enterprises will provide Fish Protection at four locations: Graveyard Creek (PM 27.54), Clow Creek (PM 21.80), Lost Creek (PM 36.63) and Beebee/John Hiatt Creek (PM 39.88). Fish protection duties will include:

- Protecting all life stages of anadromous fish in streams; relocating protected fish.
- Conducting work activities to allow free passage of anadromous migratory fish, or as allowed by PLAC terms and conditions.
- Assure that construction work does not produce sound in water that results in unauthorized take of listed species.
- Maintain exclusion material and cofferdams in a manner that excludes protected fish from entering the work area.

Qualifications:

Our senior regulatory biologist Jody Gallaway will serve as Project Manager, and oversee the QA/QC's for the items included in this quotation of costs. Our senior ecologist and former Caltrans associate environmental planner, Krishnan Nelson, meets the PLAC survey requirements. We have over 20 years of experience providing on-site environmental compliance monitoring throughout Northern California. For more information please contact us at (530) 332-9909 or visit: www.gallowayenterprises.com. The resumes of our monitoring staff are supplied at your request.

Find A Certified DBE Firm

The Disadvantaged Business Enterprise (DBE) Database contains information on certified DBE firms and is updated daily. To ensure that the database has the most current DBE's contact information regard your firm, please email the Office of Business and Economic Opportunity, Certification Office at DBE_Certification@dot.ca.gov.

Use the following database query form to find certified DBE firms for solicitation to meet DBE goal and contracting requirements. The entire Unified Certification Program (UCP) Database can be download by selecting the "Start Search – Export Options" button on the query form. The export feature allows you to download data in Excel, XML, PDF and CSV formats.

Important note regarding Commercially Useful Function (CUF): Per DBE regulation 49 CFR 26.73 et seq, consideration of whether a firm performs CUF is NOT reviewed when making decision to certify firms as DBEs. Certification is based primarily on the disadvantaged owner proving that he/she can own and control a firm engaged in the primary activity it is being certified for. It is therefore imperative that prime contractors complete their own due diligence regarding CUF before committing and hiring firms listed on this directory. For details, review the regulation here: <http://bit.ly/Myih1u>

NOTE: Please note that the California UCP (including Caltrans) will stop issuing DBE Certificates as evidence of certification from August 1, 2013. A copy of a printout from the DBE Database should be sufficient proof of a firm's certification. Prime contractors should not impose on DBE firms to include a certificate in their bid packages – it is not required. If you have any questions or need further verification regarding a DBE firm, please call our office (916) 324-1700, or the DBE's certifying agency.

- [DBE Query Form Instructions / Tutorial](#)

- [Click here to Access the Work Code Template](#)
You may need to upgrade your Browser to view/download this

The Work Codes supplement NAICS Codes that are used by the UCP during DBE certification process. It is classification scheme of equivalent detail and specificity, describing work a DBE firm states it can perform, whether on initial certification or when a new type of work is added to an existing certification.

These codes provide a general overview of the process used to determine code assignment, which in part includes taking into consideration the description of work and the licenses which may be necessary to prove control of the business.

The template is not an all encompassing list of work DBE firms perform and should be used as a guide only. Certified DBE firms can always request their certifying agency (any time) to review their business activities and add or remove codes as and when necessary.

Should you have suggestions or concerns regarding the work code template, please send those to us at DBE_Certification@dot.ca.gov.

This database extract contains firm records sorted by Certifying Agency, NAICS Codes, Work Codes, etc. Should you need assistance in downloading these records, please call or email Office of Business & Economic Opportunity Certification Office.

The North American Industry Classification System (NAICS) Code:

The NAICS Code is the standard used by Federal statistical agencies in classifying business establishments for the purpose of collecting, analyzing, and publishing statistical data related to the U.S. business economy. Use the U.S. Census Bureau [NAICS Search](#) page to determine the NAICS Code.
