**Re: Response to Request for Subcontractors for CALTRANS Contract 01-497714
Item No. 20, Item Code 146001- Contractor Supplied Biologist (WDAY)- Highway
1, Mendocino Co. near Gualala**

Dear Terry:

NRM is pleased to provide the attached offer for biological related services to Granite Construction for the above Mendocino County CalTrans project near Gualala. NRM is a Eureka based employee owned certified small business that has provided natural resources planning consulting services since 1971. We have previous subcontracting experience on various CalTrans projects in northern California. We also have previous experience with other similar projects and will be able to provide these services to your firm for the above project at cost effective rates.

NRM offers the following services: Natural Resource Protection Plans, Biological Resource Information Plans, worker awareness training, regulatory specialists, agency permitting including CDFW, USFWS, ACOE, RWQCB, Coastal Commission, etc., terrestrial and fisheries biologists, raptor and migratory bird surveys and plans, fish protection and salvage plans, botanical surveys, wetland delineations, pre-construction surveying and reporting, compliance monitoring, and GIS mapping. Please see www.nrmcorp.com for more information.

Please see the attached cost proposal. If desired, we can also provide a NRM company information sheet and profile, and professional resumes. If our services and cost structure meets your project needs, we would be interested in discussing project specifics for this and others. We appreciate the opportunity to provide this offer for your consideration and we look forward to working with your firm and CalTrans on this project.

Please feel free to contact us for additional information, or if you have any questions.

Sincerely,

Bob Kelley,
Vice President

**NRM COST PROPOSAL FOR SUBCONTRACTOR SERVICES CONTRACT NO. 01-497714
MENDOCINO COUNTY NEAR GUALALA**

The following hourly rates for key personnel associated with this project for performing biological surveying and monitoring work for CalTrans Contract No. 01-497714 Mendocino County near Gualala are offered by NRM as follows:

| <u>Labor Category</u> | <u>2015-16 Charge Rate (Hourly)</u> |
|-----------------------|-------------------------------------|
| Wildlife Biologist | \$67.50 |

In developing a day rate for biological work associated with CalTrans Contract No. 01-497714, the above charge rates are used for the labor cost. Labor cost on an eight (8) hour workday basis is \$540.00/day.

These above rates are straight time only and do not include overtime hours.

Lodging costs are expected to be approximately \$160/night, and per diem is \$30/day/person.

Travel costs associated with this project will be billed at the IRS reimbursement rates. For 2015, the IRS rate is \$0.575/mile driven. IRS rates for 2016 are unknown, so 2015 rates are used. Round trip travel distance from Eureka to Gualala is approximately 400 miles. On-site travel is expected to average approximately 10 miles/day. Provided one (1) round trip can be applied to the estimated (5) work days for the Biologist, the 2015-16 travel costs might be expected to average \$51.75/day. Following are the eight (8) hour workday costs per biologist associated with this bid:

| | |
|----------------|--|
| Labor- | \$540.00/day |
| Lodging | \$160.00/day |
| Per diem | \$ 30.00/day |
| <u>Travel-</u> | <u>\$ 51.75/day</u> |
| Total- | \$781.75/day for a standard eight (8) hour day w/ no overtime |
| | <u>51.75</u> |
| | <u>833.50</u> |

Below is NRM's cost proposal per biologist for performing a twelve (12) hour work day if requested by the Contractor:

| | |
|----------------|---|
| Labor- | \$945.00/day |
| Lodging | \$160.00/day |
| Per diem | \$ 30.00/day |
| <u>Travel-</u> | <u>\$ 51.75/day</u> |
| Total- | \$1,186.75/day for a twelve (12) hour work day which includes overtime |

If requested by the Contractor for biologist(s) to work more than twelve (12) hours per work day, the Labor rate portion of the daily cost would increase by \$135/hour (double time) for each hour worked more than twelve (12) hours per work day per biologist.

**NRM COST PROPOSAL FOR SUBCONTRACTOR SERVICES CONTRACT NO. 01-497714
MENDOCINO COUNTY NEAR GUALALA**

The above daily costs include all expected subcontractor costs required to conduct biological surveying and monitoring work described in CALTRANS Contract No. 01-497714. Our cost proposal includes fully burdened labor rates with employee benefits, taxes, payroll costs, insurance, overhead, and profit included in the rates.

As it is described in the CalTrans bid package for this project, there are 5 work days estimated for the Biologist. This would result in a total cost for the Contractor-supplied Biologist of **\$3,908.75** if all days worked are straight time. If the Contractor anticipates a schedule with overtime associated, the overtime rates would apply. As necessary, NRM would supply as many qualified biologists to meet the need of the Contractor's schedule.

We would welcome your discussion of this project in providing a successful bid to CalTrans. Thank you.
