RE: Protest of bid contract number 02-0E3604 submitted by Randy Hill Construction, Inc. (Hill)
Bid Date: 06/24/2015

Mr. John C. McMillan

This letter is to protest the bid submitted by Hill. Hill did not list two subcontractors that are over one half of one percent of the bid total. Hill did not list a subcontractor for the following trades, roofing and HVAC. These are trades that Hill is not qualified or licensed to perform. If the contractor installing the roofing is not certified by the manufacturer the warranty will not be valid. Furthermore the manufacturer will not certify the contractor unless they are properly licensed (C-39) by the state of California. Hill does not have this specialty license. Therefore we believe that the bid submitted by Hill is non-responsive and the contract should be awarded to the lowest responsive bidder which we feel is Doug Wall Construction, Inc.

Respectfully,
Doug Wall

A handwritten signature in dark ink, appearing to read 'Doug Wall', written over a horizontal line.
