Every week with eProject Updates

Project updates via email will receive the same page report on all bidding projects throughout the North State.

The weekly report, including the daily project Update that covers new projects, tenders, and projects bidding, currently costs \$150 per year. Many of our readers are already getting the reports.

We've heard from one member requesting an increase the 20-page report to include more from across the state. This could make a hefty report if we include Sacramento, the Bay Area, Fresno, etc. Fine with us, but what would you like to see?
