DBE QUOTE

Attn: Estimator

Subject: **Caltrans Contract 02-4E90U4**

PROPOSAL FOR BID ITEM:	*COST*
LEAD COMPLIANCE PLAN	**$1,250.00**

Dear Estimator:

Adanta Inc. is pleased to present this bid to provide environmental services for the above referenced project. The Lead Compliance Plan will be prepared in accordance with Caltrans' Notice to Bidders and Special Provisions for this project. The LCP will address these concerns to protect workers and ensure proper handling of lead-containing materials, and will contain the elements listed in Title 8, California Code of Regulations, Section 1532.1(e)(2)(B). The LCP will be prepared, signed and stamped by an Industrial Hygienist certified in Comprehensive Practice by the American Board of Industrial Hygiene. Quotes for air monitoring and lead awareness training provided upon request.

If you have any questions, please feel free to contact us at (707) 709-8894.

Sincerely,

Kimberly Patz, President

GOOD FAITH EFFORTS DOCUMENTATION - DBE Third Bidder

DES-OE-0102.11A (NEW 06/2012)

1. List items of work the Bidder made available to DBE firms. Identify those items of work the Bidder might otherwise perform with its own forces and those items that have been broken down into economically feasible units to facilitate DBE participation. For each item listed, show the dollar value and percentage of the total contract. The Bidder must demonstrate that sufficient work to meet the goal was made available to DBE firms.

Item of Work Offered	Bidder Normally Performs Item (Y/N)	Item Broken Down to Facilitate Participation (Y/N)	Amount ($)	Percentage of Contract

GOOD FAITH EFFORTS DOCUMENTATION - DBE

DES-OE-0102.11A (NEW 06/2012)

2. List the names of certified DBEs and the dates on which they were solicited to bid on this project. Include the items of work offered and the dates and methods used for following up initial solicitations to determine with certainty whether the DBEs were interested. Attach copies of solicitations, telephone records, fax confirmations, etc.

Name of DBEs Solicited	Date of Initial Solicitation	Item(s) of Work	Follow Up Methods and Dates
See attachment 2 & 5			

3. For each item of work made available, list the selected firm and its stetus as a DBE, the DBEs that provided quotes, the price quote for each firm, and the price difference for each DBE if the selected firm is not a DBE.

Item(a) of Work	Name of Selected Firm	DBE or non-DBE	Name of Rejected Firm	Quote ($)	Price Difference ($)
See attachment 3, 6, & 7					

If the firm selected for the item is not a DBE, provide the reasons for the selection on a separate sheet and attach names, addresses, and phone numbers for the firms listed above.

GOOD FAITH EFFORTS DOCUMENTATION - DBE

DES-OE-0102.11A (NEW 06/2012)

4. List the names and dates of each publication in which a request for DBE participation for this project was placed by the bidder. Attach copies of published advertisements or proofs of publication:

Publications	Dates of Advertisement
See attachment 4 & 5	

5. List the names of agencies and the dates on which thay were contacted to provide assistance in contacting, recruiting and using DBE firms. If the agencies were contacted in writing, provide copies of supporting documents.

Name of Agency	Date of Contact	Method of Contact	Results
See attachment 4			

6. List efforts made to provide interested DBEs with adequate information about the plans, specifications, and requirements of the contract to assist them in responding to a solicitation. Identify the DBE assistad, the information provided, and the date of contact. Provide copies of supporting documents.

We give assistance with locating plans and specifications. We answered all questions regarding the scope of work for any subcontractors that inquired. We also offer assistance in our written bid invitations as well as during follow-up phone calls.

7. List efforts mede to assist interested DBEs in obtaining bonding, lines of credit, insurance, necessary equipment, supplies, materials, or related assistance or services, excluding supplies and equipment the DBE subcontractor purchases or leases from the prime contractor or its effiliete. Identify the DBE assisted, the assistance offered, and the date. Provide copies of supporting documents.

No such assistance was requested.

8. Include additional data to support a demonstration of good faith efforts.

See attachment 2

We placed multiple phone calls & emails to assist DBE's

NOTE: USE ADDITIONAL SHEETS OF PAPER IF NECESSARY.

ADA Notice For individuels with sensory disebilities, this document is evaileble in alternate formats. For information call (916) 654-6410 or TDD (916) 654-3880 or write Records and Forms Management, 1120 N Street, MS-89, Sacramento, CA 95814.

Delivery has failed to these recipients or groups:

gkeyes@magnatexinc.com
The email address you entered couldn't be found or is invalid. It may be due to a bad entry in your Outlook or Outlook Web App recipient AutoComplete cache. Use the steps below to clear the entry from the cache:

1. Click **New mail**.
2. In the **To** field, start typing the recipient's name or email address until the recipient appears in the drop-down list.
3. Use the DOWN ARROW and UP ARROW keys to select the recipient, and then press the **DELETE** key.

Delete and retype the recipient's address, then try sending it again.

For more tips on how to resolve this issue, see DSN code 5.1.1 in Exchange Online.

Jennie,

In reading the bid request, I am unable to tell whether or not there is any type of flooring without seeing specs or floor plans. We do Epoxy, Urethan, MMA Flooring Systems. Please let me know.

Thank you,

Cecilia Tamayo

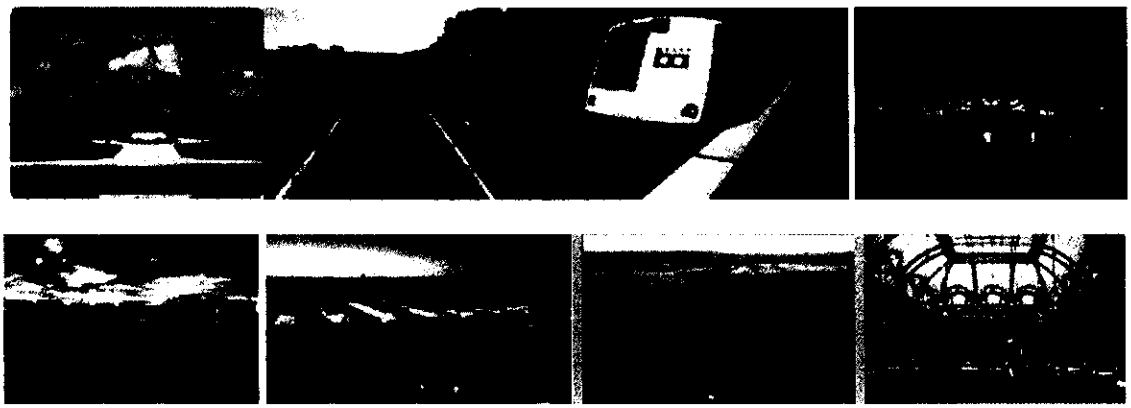
Dabri, Inc.

Program and Construction Management



- ✓ Maximizing client return on investment
- ✓ Highly skilled and experienced personnel
- ✓ Proven ability to understand client needs and culture
- ✓ Successful assignments and repeat business

San Francisco – Oakland – Sacramento – Los Angeles

About Us

Dabri, Inc. was formed to support and provide professional program and construction management services to private and public sector clients in 2001. Dabri is a small, minority women owned business enterprise and certified as CBE, LBE, WBE, MBE, DBE, UDBE and SBE with various agencies. The principals of Dabri have worked together for many years. This long-term association creates a stable, collegial atmosphere that permeates every aspect of business. Our employees have a history of longevity with the company that provides clients with a continuity of expertise and a strong commitment to quality, on-time performance. Our senior project managers and staff have the competence and knowledge to make key decisions on site, helping to keep projects on schedule and on budget. Our key staffs are associated members or certified/accredited professional with reputable organization like CMAA, PMI and USGBC.

Dabri, Inc provides the following services:

- Program Management Cost Planning
- Program / Project Cost Control
- Program/Project CPM Schedule
- Program Budget & Budget Control
- Resident Engineering
- Constructability Review
- Value Engineering
- Client Procurement Management
- LEED Certification Advisory
- Project Management
- Contract Administration & Document Control
- QA/QC Inspection
- Construction CPM Schedule
- Project Cost Control
- Office /Field Engineering
- Environmental Monitoring/Inspection
- SWPPP Inspection
- Change Orders Cost Estimate & Analysis
- Certified Payroll & Documentation Review
- Claims Avoidance & Management
- Contract Compliance Audit
- Payment and Extra Work Auditing
- TIA / Forensic Schedule Analysis
- Change Cost Analysis and Advisory Services
- Commissioning & Project Closeout
- As Built Schedules

San Francisco Airport Projects

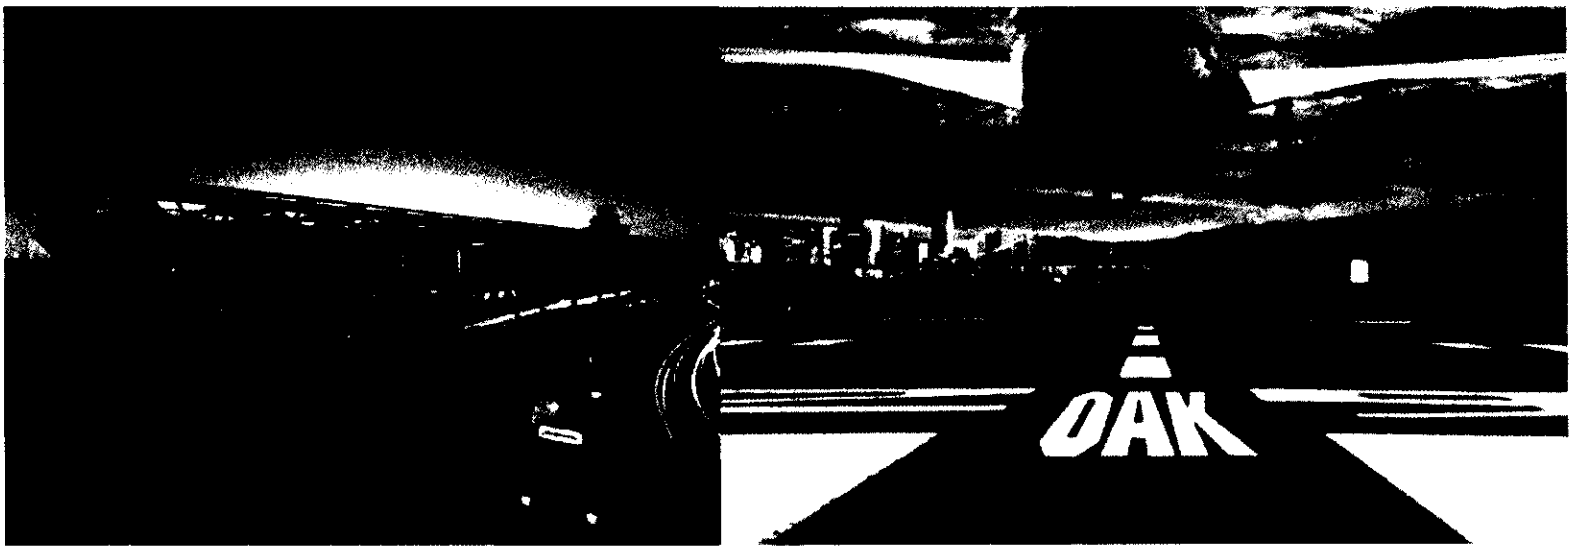
Our aviation expert brings a wealth of program/construction management knowledge and experience for managing aviation construction projects funded by federal, state, local and international level. Our staff has the expertise to manage complex aviation projects from planning to operational aviation projects. Our team had successfully delivered complex project construction projects with the rapid development of new technology which help aviation system to meet the future transportation and security requirements. Our professional staff have experienced taking responsibility individually or played an integral part of client team. Our seasoned construction managers, estimator, scheduler and field inspectors worked with our client's staff in the field to ensure construction planning, integrity and to meet the project criteria documents.

Our team had worked on following construction project at San Francisco International Airport:

- Terminal 2 Boarding Area D, San Francisco
- Terminal 3 Boarding Area E Retrofit Project, San Francisco
- Construction of Boarding Area A, San Francisco
- Construction of Boarding Area G, San Francisco
- United Airlines Hub and Thumb Expansion, San Francisco
- Tenant Improvement, Delta Airline, San Francisco
- Kingfisher Airlines Lounge, San Francisco
- Consolidated Airlines Tenant Improvement, San Francisco

Oakland Airport Projects

Our experts worked on $1.4 billion Oakland International Airport expansion program, in the Phase I cost tasking for the upgrade and extension of the existing Terminal two passenger boarding building along with boarding gates, including the construction of the new 6,000-car parking garage. Upon completion, this airport will able to serve 2 million passengers a year. The new concourse opened in 2007 with a new baggage claim in Terminal 2 along with expanded security screening area. As part of this program, airport roadways, curbsides and parking lots were renovated. The environmentally-cautious initiatives for Terminal 2's renovation and expansion were recognized by the U.S. Green Building Council. During March 2010, for the first time among the country's passenger-terminals, the council awarded OAK's #2 for Leadership in Energy and Environmental Design (LEED) Silver Certification

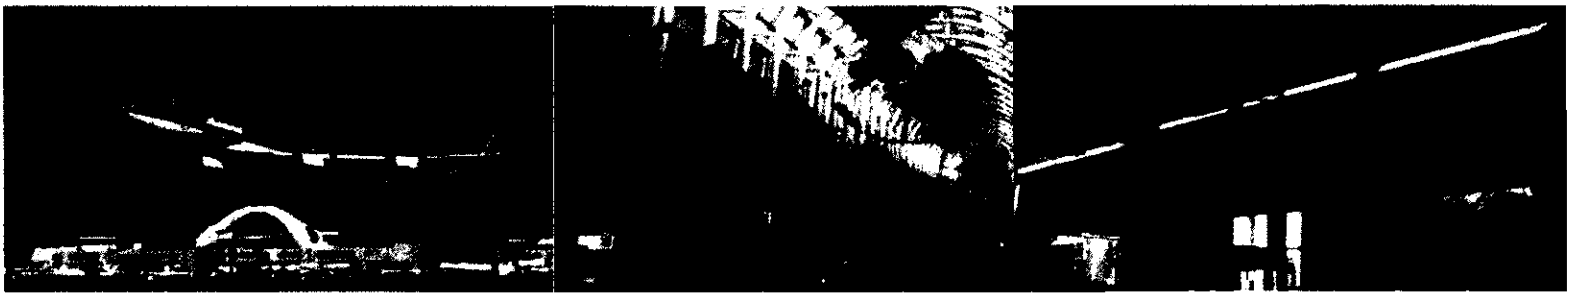


Our team had worked on following construction project at Oakland International Airport:

- Oakland Terminal Expansion Program, Oakland, California
- Provisioning Building, Southwest Airlines, Oakland, California
- Terminal Substation M-103A -South Field, Oakland, California
- T&I Improvement for Million Air, Oakland, California

Other Aviation Projects

Our aviation team had been providing planning and construction management services to major airports such as LAX, ORD, MWD, SJO and Midway Airport without disruption of business. Our expert had experienced in airport security, terminal, runway, taxiway, and navigational system construction. Our staff provided construction services to United, Delta and other airlines projects. Dabri 's construction professionals are dedicated and committed to meet tight schedules and client expectations for cost and quality. Our Professional Construction Services are offered in lump sum contract bases or an on-call basis.

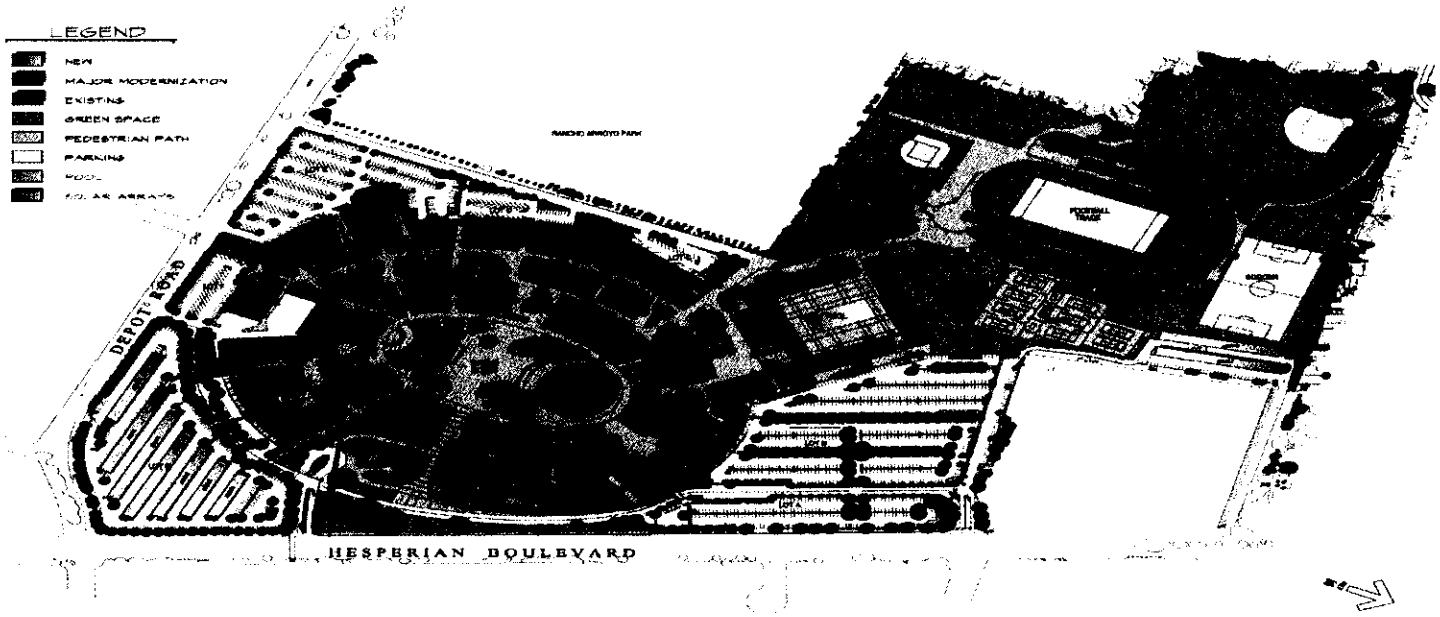


Our team had worked on following construction project at other major international airport:

- Dulles International Airport Project
- Sacramento Municipal Airport, Sacramento, CA
- TSA Project, Dulles International Airport, Washington DC
- Midway Airport Terminal Expansion Program, Chicago, Illinois
- TSA Project, O'Hare International Airport, Illinois
- Milan Airport Feasibility Studies, Hainan Island, China

Community College Projects

Our higher education expert brings a wealth of program/construction management knowledge and experience for managing higher education construction projects funded by state, bond measure, local and international level. Our staff has the expertise to manage complex education projects from planning to operational education facility projects. Our team had successfully delivered complex project construction projects with the rapid development of new technology which help education system to meet the future education requirements. Our professional staff have experienced taking responsibility individually or played an integral part of client team. Our seasoned construction managers, estimator, scheduler and field inspectors worked with our client's staff in the field to ensure construction planning, integrity and to meet the project criteria documents.



Our team had provided our services on following community college (partial list) project in California:

- Instructional Building, Chabot College,
- Utility Loop, West Valley College
- Community Student Service Center, Chabot College
- HM Expansion and Renovation, Mission College
- Library/Learning Resource Center/Student Services, Canada College
- Regional Public Safety Center, College of San Mateo
- Building 3 Modernization, Skyline College
- Building 8 Modernization, Skyline College
- Wright College Parking Structure
- Building 5 Waterproofing and Roofing, Canada College
- ADA and Life Safety Upgrade, Canada College

University Projects

Our experts worked on various renovation, seismic upgrade, and expansion of State-of-the-art teaching and research facilities, residential communities, parking structures, athletic complexes, performing arts centers, historic renovations, green buildings, and more. As a higher education construction management company, we understand what it takes to build safely on a busy campus to meet your seasonal schedules. Our teams assist our client to accomplish project work within budget and with minimum disruption to business. We have the experience needed to save our customers time and money because our skills are based on decades of accomplishments in planning, managing, and assessing construction projects for community colleges. We have helped construct research laboratories, classrooms, administration offices, and student service centers.

Our team had provided our professional services on following major projects (partial list):

- Doe Library Annex Seismic & Programmatic Improvements, UC Berkeley
- Underhill Parking Structure/Playground, UC Berkeley
- Seismic/ADA Upgrade of Archaeology Bldg., UC Berkeley
- Renovation, expansion and seismic upgrade of Haas Pavilion, UC Berkeley
- Renovation of McAllister Student Housing, UC San Francisco
- UCSF Stanford Health Care, 300 Pasteur Drive, Stanford,
- Vision Clinic and Education Center, UC San Francisco
- Mission Bay Block 20 Housing Facility, San Francisco
- ACC 8 Neurology Renovation, UCSF, San Francisco
- Chabot Science and Space Center, Oakland
- Lawrence Berkeley National Laboratory – Various Projects (2007 -2010)

K-12 Projects

Our education team had been providing planning, preconstruction and construction management services to K-12 education project. Our expert had experienced in class room expansion, laboratory, cafeteria, gymnasium, playground development and special system construction. Our staff provided construction services to major school district like Chicago Public Schools and other vocational school projects. Dabri 's construction professionals are dedicated and committed to meet tight schedules and client expectations for cost and quality. Our professional construction services are offered in lump sum contract bases or an on-call basis. Dabri has a history of responding when a school district needs modern, safe, and accessible educational facilities. As a proactive advocate in the field of education, our commitment is to produce high-quality work, while meeting fast-tracked schedules, without compromising safety.

Our team had worked on following construction project:

- Napa Elementary Schools Modernization
- Monte Bella Elementary School, Salinas
- Peter Johansen High School, Modesto
- 16 Different construction projects at Chicago Public School District
- EOLA School, Oakland
- Oceana High School remodel (Jefferson Unified School District, Daly City, CA
- Francisco Elementary School remodel (San Francisco Unified district)
- New Orchard elementary School remodel (San Jose Unified School district)
- Sunnyside High School, (Fresno Unified School district)
- Santa Rosa High School Remodel (Santa Rosa School district)

Medical Offices Projects

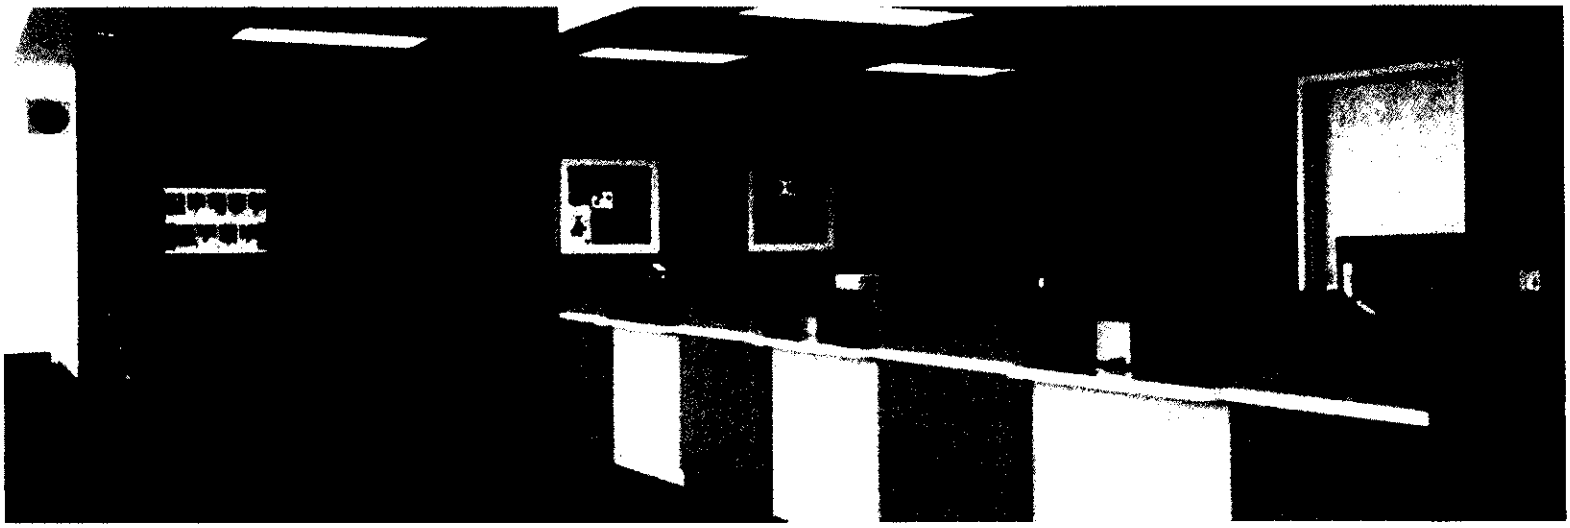
Our higher healthcare expert brings a wealth of program/construction management knowledge and experience for managing higher healthcare construction projects funded by state, private entities, local and international level. Our staff has the expertise to manage complex medical offices projects from planning to operational facility projects. Our team had successfully delivered complex project construction projects with the rapid development of new technology which help medical system to meet the future medical requirements. Our professional staff have experienced taking responsibility individually or played an integral part of client team. Our seasoned construction managers, estimator, scheduler and field inspectors worked with our client's staff in the field to ensure construction planning, integrity and to meet the project criteria documents.

Our team had provided professional services on following medical offices project in California area:

- Avon Breast Cancer Center, San Francisco
- Kaiser Medical/Cancer Center, Oakland, CA
- Solano County South Government Center, California
- Vision Clinic and Education Center, UCSF, San Francisco, California
- UCSF ACC 8 Neurology Renovation, San Francisco, California
- CCHP- 2, 4, 5, 6 & 7th Floor Renovation, San Francisco, California
- Children's Hospital Oakland Research Institute, Oakland , California
- Delta Blood Center, Sonora Donor Center, Sonora, CA
- Health Science Building, CHORI, Oakland , California
- King Street, Medical Offices, San Francisco, California
- Medical Offices, San Francisco, California

Hospital Construction Projects

Our healthcare team is experienced with all types of healthcare projects includes including the OSHPD (Office of Statewide Health Planning and Development) approval and inspection requirements with emphasis on those where our technical expertise and attentiveness to detail is required. Our expert have experienced in providing professional construction management services for new or existing acute care facilities, operating rooms and support space for endoscopies, vascular services, orthopedics and cardiac care disciplines, MRI for adolescents, procedure rooms for cysto/lithotripsy, radiographic rooms, inpatient intensive care units, intensive care nurseries, emergency department expansions, HVAC, normal and emergency power electrical systems upgrades, infrastructure upgrades and seismic safety improvements. Our experts worked on various renovation, seismic upgrade, expansion as well as new construction of hospitals, surgical centers, parking structures and research facilities. Our teams assist our client to accomplish project work within budget and with minimum disruption to business. We have the experience needed to save our customers time and money because our skills are based on decades of accomplishments in planning, managing, and assessing construction projects healthcare facilities.

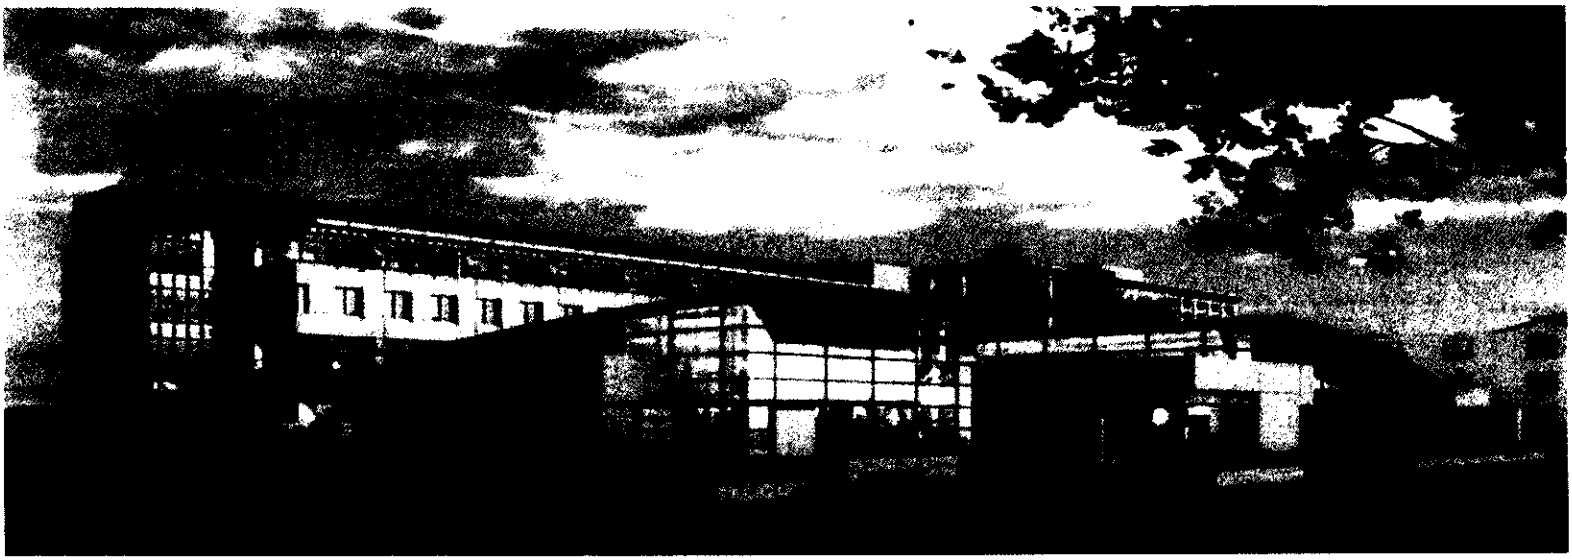


Our team had provided our professional services on following major projects (partial list):

- Seton Medical Center, Daly City, CA
- Children's Hospital (Various projects), Oakland, CA
- La Clinica de La Raza, Oakland, CA
- Kaiser Medical Center – Vallejo, CA
- Kaiser Hospital Replacement Project, Oakland, CA
- UCSF Stanford Health Care, 300 Pasteur Drive, Stanford
- UCSF Pediatric Clinic, San Francisco, CA
- Saint Francisco Memorial Hospital, San Francisco
- Saint Mary Hospital, Reno, Nevada
- Chinese Hospital, San Francisco, CA
- ACC 8 Neurology Renovation, UCSF, San Francisco, CA
- Central Plant, Lockheed, Sunnyvale, CA

Laboratory Projects

Our expert had been providing planning, preconstruction and construction management services to bio pharmaceutical research projects as well as other facilities. Our expert had experienced in clean rooms c, wet and dry laboratory, and special system construction. Our staff provided construction services to major research facilities like Lawrence Berkeley National Laboratory, Gilead Sciences and other production projects. Dabri's construction professionals are dedicated and committed to meet tight schedules and client expectations for cost and quality. Our professional construction services are offered in lump sum contract bases or an on-call basis. Dabri has a history of responding when a client needs modern, safe, and accessible facilities. As a proactive advocate in the field of laboratory, our commitment is to produce high-quality work, while meeting fast-tracked schedules, without compromising safety.



Our team had worked on following construction project:

- Washington Hospital, Fremont, CA
- Lawrence Berkeley National Laboratory (more than 30 Projects)
- Children's Hospital – Robotic Pharmacy Renovation, Oakland, CA
- Gilead Sciences, Foster City, CA (various projects)
- Alza Corporation, Vacaville (various projects)
- Genentech, Vacaville, CA
- Lockheed, Sunnyvale, CA (various projects since 2003)
- Ernet Gallo Clinic and Research Facility, Emeryville, CA
- BioMarin, Brisbane, CA
- Amgen Production Facilities, Fremont, CA
- SETI Institute Laboratory, Mountain View, CA

Site G Project, Oakland, CA

This design build project is a mixed use project about 384,041 square feet area serving area at ground level for Amtrak Bus loading and unloading, bus parking, retails, and above 6 levels as general public vehicle parking. This project incorporates glassy ground floor retail underneath and a covered steel and glass bridge within one full city block over the rail tracks. The facility accommodates over 1,094 parking stalls and 31,000 square feet of prime leasable retail space, new energy efficient elevator for passengers and building users, complete ADA access to AMTRAK Train Station and surrounding area development. The bridge facilitates safe pedestrian access across an active shipping and commuter train line to a rapidly growing redevelopment center, within downtown Oakland. The structural system consists of a fire resistive concrete frame (Type I). Floor framing is a pre-cast pre-stressed beams and or girder with cast-in-place mild reinforced concrete slabs. Seismic loads shall be resisted by cast-in-place concrete shear walls. Special ventilation and lighting control for Bus Loading and Unloading Area. Coordination carried out between City of Oakland, Amtrak and local environmental agencies.

Dabri, Inc. had provided Pre-construction and Project Management Services as needed bases for developing independent cost estimate, schedule along with multiple options of value engineering cost analysis, cost peer review of contractor estimate, assist client in negotiating this Design Build Project and right of way warranty.

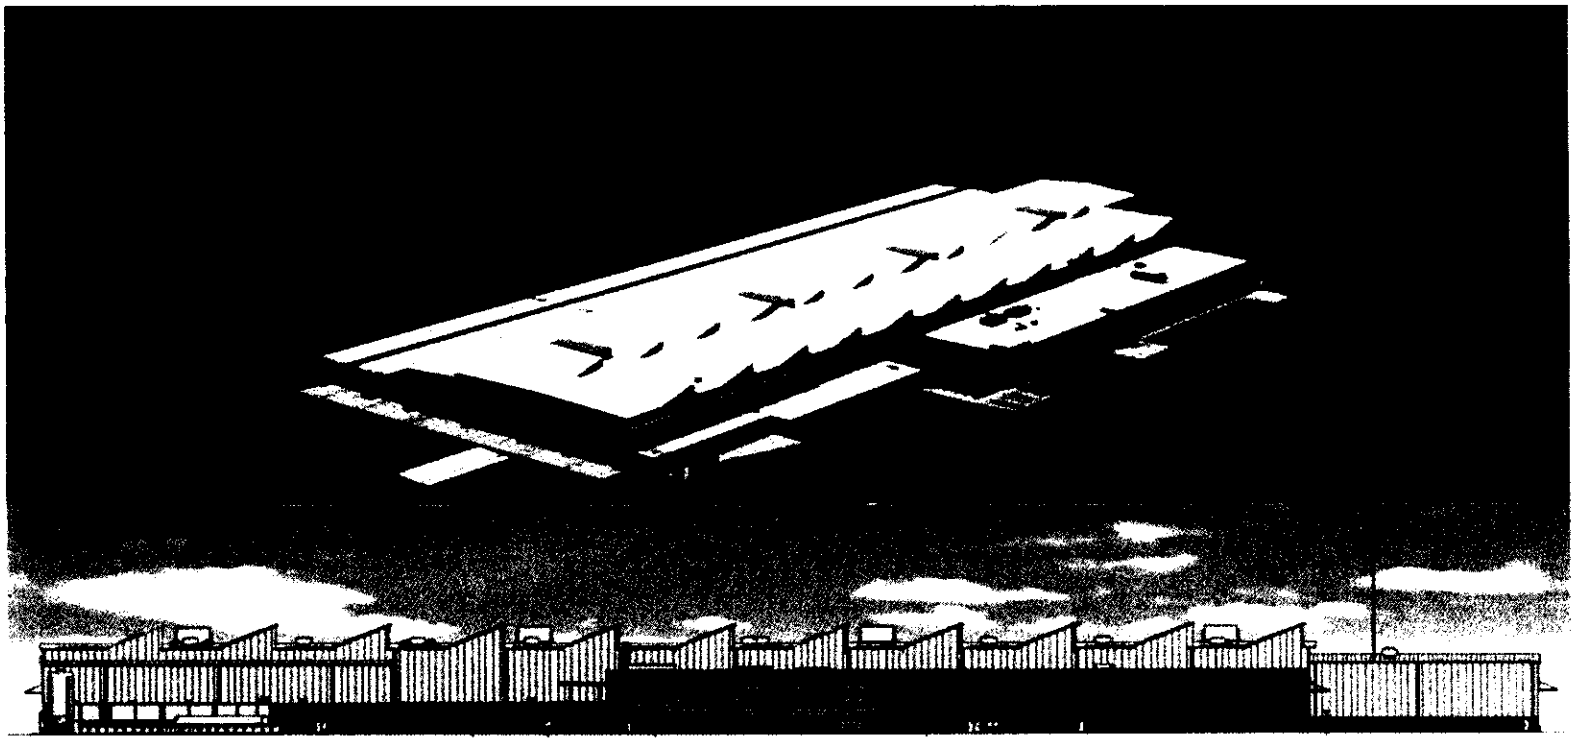
BART Concord Station Project

The Bay Area Rapid Transit District (BART) Seismic Retrofit Capital Program is part of a $1.5 Billion renovation program, designed to upgrade the original transit system (stations and related structures) to the latest seismic standards. The San Francisco Bay Area Rapid Transit (BART) system took the 19th century concept of mass transportation and vaulted it into the 20th century. BART was among the first systems designed to be fully automated and computer controlled, right down to the fare collection. BART's Concord Station retrofits work include adding steel and concrete to foundations and walls, wrapping columns with fiber reinforced polymer, saw-cutting, jackhammering, strengthening stair supports, and protecting utilities and equipment. Work is taking place on all four levels of the parking structure, as well as the stairs and sidewalks.

Project challenges are public safety, restricted work zone, noise, dust and public communication. As part of CM team, Dabri, Inc. is providing project control, inspection, cost estimating, cost control and change order review services for this project.

ACE Rail Maintenance Facilities

San Joaquin Regional Rail Commission (SJRRC) planned for future growth, STV is designed a 121,000-square-foot maintenance and layover facility, a 26,600 square foot service and inspection canopy, and a 1,840-square-foot train washer in Stockton, California. Once built, the project is seeking a LEED Silver certification, making it among the first rail maintenance facilities to receive a LEED rating in the U.S. LEED. By building the facility north of the downtown Stockton terminal, ACE trains leaving the yard won't have to cross the Burlington Northern Santa Fe tracks on their way to pick up passengers, ACE officials have said. ACE also currently rents a facility that it shares with Union Pacific, limiting the time available to service trains and leading to a lack of space to add new equipment. The overall cost of the project is $65 million, which is funded by both federal and local sources.



Dabri, Inc. provided cost estimating, project control, product substitution and assist in bidding the project. The project involves major coordination with UPRR, RWCQ, City of Stockton, and local environment authorities.

Amtrak Oakland Coliseum Station

Station located at 600 73rd Avenue, off of San Leandro Street, the new $6.6 million facility is served by the Capitol Corridor with 14 trains daily. Passengers using the platform can easily walk to the Coliseum BART station, McAfee Coliseum or the Oakland Arena via an accessible ramp that connects to a pedestrian bridge. The Capitol Corridor service, which runs from Sacramento to San Jose, will enable visitors to take a train to games and events at McAfee Coliseum and the Oakland Arena,The Coliseum Intercity Rail Platform project was funded by the City of Oakland's Redevelopment Agency, California Department of Transportation, Capitol Corridor Joint Powers Authority and Alameda County Congestion Management Agency. The project work scope consists of the construction of a new un-staffed Amtrak railroad station, platform and shelters, adjacent parking lot, improvements to 73rd Ave and handicapped

ramp to overhead pedestrian crossing between BART Coliseum Station and the Coliseum. The facility has a 450-foot platform, three shelters, and a 35-space parking lot. The platform was constructed on Union Pacific Railroad right of way. New pedestrian bridge connecting to the original BART-Oakland Coliseum thus enabling transfers between the two services.

Dabri, Inc. had provided pre-construction and project management services as needed bases for developing independent estimate along with multiple options of value engineering cost analysis, cost peer review of contractor estimate, assist client in negotiating this design build project contract and right of way warranty.

Other Rail Transit Projects

Our rail experts bring a wealth of program/construction management knowledge and experience for managing rail transit construction projects funded by federal, state, local and international level. Our staff has the expertise to manage complex rail projects from planning to operational projects. Our professional staff have experienced taking responsibility individually or played an integral part of client team. Our seasoned construction managers, estimator, scheduler and field inspectors worked with our client's staff in the field to ensure construction planning, integrity and to meet the project criteria documents.

Our team will bring previous experience and learning while worked on following projects:

- BART On-call CM Services
- Metra-Southwest Service Expansion Manhattan, Illinois
- Jackson/Van Buren Mezzanine & Platform (CTA) Chicago, Illinois
- Bay Area Rapid Transit Extension to San Francisco International Airport
- Bart Extension Mission Warm Spring Freemont-San Jose
- South Corridor Light Rail – Norfolk, Virginia
- UPRR Rail Road Crossings, Fremont, California
- 13 Micro-Tunneling Projects, Fremont, Newark, Redwood City, & San Mateo County.
- Parking Structures and Grade Separation Improvements, Newark, and Fremont
- Caltrans Roads, Over bridges and Bridges Projects, Mountain View, Livermore, Martinez CA
- Coordination of contractor's work with project environmental compliance for the implementation of the "Master Compliance Table" for managing of biological, archeological, paleontological and Native American resources; and for adherence to schedule and work constraints included in permits with CDFG, NMFS, USFWS, RWQCB, and a Memorandum of Agreement with Army Corps of Engineers.

Water & Waste Water

Dabri, Inc. is qualified firms providing comprehensive services for public utilities firm in the field of staff augmentation. Coordination for project environmental compliance for managing of biological, archeological, paleontological and Native American resources; and for adherence permits with CDFG, NMFS, USFWS, RWQCB, and Army Corps of Engineers. Dabri, Inc. had provided pre-construction and construction management services for independent cost estimate, schedule, and program cost control, value engineering cost analysis, cost peer review estimate, inspection, environmental monitoring and surveying. Our team will bring knowledge, experience and learning while worked on following projects:

Dam & Reservoir

DBE QUOTE

Attn: Estimator

Subject: **Caltrans Contract 02-4E90U4**

PROPOSAL FOR BID ITEM:	*COST*
LEAD COMPLIANCE PLAN	**$1,250.00**

Dear Estimator:

Adanta Inc. is pleased to present this bid to provide environmental services for the above referenced project. The Lead Compliance Plan will be prepared in accordance with Caltrans' Notice to Bidders and Special Provisions for this project. The LCP will address these concerns to protect workers and ensure proper handling of lead-containing materials, and will contain the elements listed in Title 8, California Code of Regulations, Section 1532.1(e)(2)(B). The LCP will be prepared, signed and stamped by an Industrial Hygienist certified in Comprehensive Practice by the American Board of Industrial Hygiene. Quotes for air monitoring and lead awareness training provided upon request.

If you have any questions, please feel free to contact us at (707) 709-8894.

Sincerely,

Kimberly Patz, President

QUOTATIONS FOR TRAFFIC CONTROL ITEMS

CalTrans Contract No. 02-4E90U4
Highway 32, 18 miles east of Forest Ranch, Tehema County
Curve Realignment, cold Plane, AB, HMA, drainage, guardrail, striping

A. FLAGGING & FLAGGERS' SIGNS, CONES, RADIOS, etc. (Part of Item 4)

- Two flaggers per 8-hour weekday shift @ $ 1,460;
- Additional flagger per 8-hour weekday shift @ $ 540;
- Overtime, each flagger @ $ 76 per hour;
- Doubletime, each flagger @ $ 90 per hour;
- Short-shift credit on weekdays (applied for workdays less than 7 hours) @ ($60) per flagger per hour;

INCLUSIONS: ATSSA-certified and fully equipped Flaggers; all required advance warning signs including set-up and breakdown labor, **including rumble strips**; reflectorized cones for stop areas and advance warnings signs; "Lane Closed" signs on portable stands; VHF or UHF two-way radios.

B. PILOT CAR (if needed) (Part of Item 4)

- Per 8-hour weekday shift @ $ 640;
- Overtime @ $ 92 per hour;
- Doubletime @ $ 104 per hour;
- Short-shift credit (applied for workdays less than 7 hours) @ ($70) per hour;

INCLUSIONS: Experienced pilot car operator with multiple traffic control certifications; fully equipped pilot truck, including signage, beacons and VHF or UHF radio and CB radio; "Wait For Pilot Car" signs with portable stands as needed.

OPTIONS C. THROUGH F. BELOW ARE OFFERED CONTINGENT UPON YOUR USE OF OUR FLAGGERS

C. CONSTRUCTION AREA SIGNS: $ 1500 Lump Sum (Item No. 2)

INCLUSIONS: Provide, Install, maintain and remove all construction signs shown/listed in Plan Sheet No. 38
NOTE: Flaggers warning signs including setup & breakdown labor are included the Flagging rates above.

D. PORTABLE CHANGEABLE MESSAGE SIGNS (Item No. 4)

- $ 1,600 per unit for the 1st 30 days on site (i.e., $3,200 for two units);
- Daily rate @ $45 per unit per day after the 1st 30 days..

INCLUSIONS: One move-in and one move-out, initial setup, all programming and maintenance.
EXCLUSIONS: Relocations of PCMS boards will be charged at Traffic Control Technician Labor

E. TRAFFIC CONTROL TECHNICIAN LABOR (includes truck) (Part of Item No. 3)

- $ 80 per hour straight-time, $92 per hour overtime & Saturdays; $104 per hour Sundays/Holidays/Doubletime. Part-time work only performed pre- or post-shift, unless weekend maintenance of the Traffic Control System is needed. Includes but is not limited to setting and resetting of safety delineations, relocations of CMS boards and auxiliary signs, and any additional assistance requested by the Prime Contractor.

INCLUSIONS: ATSSA-certified Traffic Control Technician(s) and well-equipped truck.

Force Traffic Control - Quotations for CalTrans No. 02-4E90U4

F. ADDITIONAL TEMPORARY TRAFFIC CONTROL DEVICES (Part of Item No. 3)

We can provide a wide variety of additional traffic control devices at modest rental rates. All devices are night-rated with high-intensity retroreflectivity and are NCHRP-350 certified. See a partial list with rental rates on page 3 below.

GENERAL NOTES, TERMS & CONDITIONS - Please read carefully

- **Acknowledgement & Agreement:** By appointing or listing Force Traffic Control as a subcontractor on this project, the Prime Contractor acknowledges and agrees to all applicable terms and conditions as stated above and in the descriptions below.
- **Durability of Rates Quoted Above:** Based upon the Advertisement Date of this project, all labor rates quoted above shall remain in effect through June 30, 2015. Should the State of California increase the applicable rates for work on this project thereafter, our rates above will increase by no more than 5% more than the State's net increase.
- **Radios:** Our flaggers and pilot car(s) will be equipped with VHF or UHF 2-way radios. Additionally, pilot cars are equipped with CB radios for coordination with your truckers and other CB-equipped equipment.
- **Rental equipment** (excludes non-powered devices): For this project, the Portable Changeable Message Signs are covered herein under. The Prime Contractor shall be responsible for any damage or loss to/of the equipment due to traffic conflicts, vandalism, theft, acts of nature or mishandling by Prime Contractor's staff. The Prime Contractor will NOT be responsible for maintenance of the operational capabilities, except for operational difficulties and repairs brought about by such traffic conflicts, vandalism, acts of nature or mishandling by Prime Contractor's staff.
- **Night Work:** (a) No increase is applicable to any labor rates quoted above; (b) All added costs associated with illuminating the flaggers stations shall be borne by the Prime Contractor; (c) we will provide the two required 12" flashing beacons @ $6 each per night.
- **Labor Agreements:** Signatory to the AGC-No. California Laborers' Traffic Control & Lane Closure Agreement.
- **Insurance:** Force Traffic Control, Inc. maintains insurance coverages as required by USDOT-FHWA, CalTrans and Nevada DOT (Commercial General Liability, Workers Comp and Commercial Auto). Any additional coverages required by the Prime Contractor can be acquired by us at the Prime Contractor's sole par-value expense (e.g., Workers' Comp Waiver of Subrogation, Excess Liability umbrella).
- **Mobilization:** For this project our initial advance notice requirements are 21 calendar days for USA-locate and installation of Construction Area Signs, and 10 calendar days for mobilization of CMS boards, flaggers, pilot car, etc.
- **Inclusion of these entire quotations in Subcontract or Work Order** is required either within the body of the Subcontracts/Work Orders or appendixed to and referenced within the Subcontracts/Work Orders. Such inclusion and /or referencing in no way obligates the Prime Contractor to use any of the optional quotations above.

Should you have any questions regarding these quotations, please call Vern at 559.786.9856.

Cordially,

Rosemary Force Stimpel

President

Force Traffic Control - Quotations for CalTrans No. 02-4E90U4

FORCE TRAFFIC CONTROL, INC.

TRAFFIC CONTROL SYSTEM EQUIPMENT RENTAL RATES (Includes delivery & initial setup)

(devices frequently used for this type of work are in bold italics)

	DEVICE TYPE	NOTE	First Day	Up to 1 Month	1 Month to 3 Months (Note 1)	3 Months to 6 Months (Note 1)
√	***Cone, 28"***	***2***	***$8***	***$8***	***$12***	***$18***
	Portable delineator	2	$8	$8	$12	$16
√	***Traffic Drum, 42"***	***2; 3***	***$16***	***$16***	***$20***	***$45***
√	***Portable Object Marker***	***2; 3***	***$12***	***$12***	***$24***	***$40***
	Barricade, Type 2	2; 3	$8	$8	$16	$36
	Barricade, Type 3	2; 3	$16	$16	$32	$85
√	***Warning Light, Flashing***	***2***	***$10***	***$10***	***$15***	***$20***
	Warning Light, Constant Burn	2	$10	$10	$15	$25
√	***Warning Light, HI-Int. 8" LED Beacon***	***2; 4***	***$30***	***$30***	***$15/month***	***$15/month***

ADDITIONAL CONSTRUCTION AREA SIGNS: **Post-mounted @ $25 per square foot of face; On portable mountings @ $12/sf incl. mounting.**

NOTES:

1. Rates for multiple months are Lump Sum (not monthly) except where noted as monthly.
2. First day rate = first month rate (to cover move-in/move-out costs).
3. Can accommodate up to 2 warning lights.
4. Several CalTrans districts now prefer that we install one of these LED Beacons atop all post-mounted signs and, during night work, atop the required portable advance warning signs, rather than using only 2 - 12" beacons at the project perimeters.

SUPPLIER CLEARINGHOUSE
CERTIFICATE OF ELIGIBILITY

CERTIFICATE EXPIRATION DATE: **07-17-2016**

The Supplier Clearinghouse for the Utility Supplier Diversity Program of the California Public Utilities Commission hereby certifies that it has audited and verified the eligibility of:

K & G Concrete Inc
of Roseville, California as a MBE

pursuant to Commission General Order 156, and the terms and conditions stipulated in the Verification Application Package. This Certificate shall be valid only with the Clearinghouse seal affixed hereto.

Eligibility must be maintained at all times, and renewed within 30 days of any changes in ownership or control. Failure to comply may result in a denial of eligibility. The Clearinghouse may reconsider certification if it is determined that such status was obtained by false, misleading or incorrect information. Decertification may occur if any verification criterion under which eligibility was awarded later becomes invalid due to Commission ruling. The Clearinghouse may request additional information or conduct on- site visits during the term of verification to verify eligibility.

This certification is valid only for the period that the above named firm remains eligible as determined by the Clearinghouse. Utility companies may direct inquiries concerning this Certificate to the Clearinghouse at 800-359-7998 in Los Angeles.

www.krcsafety.com

RoadQuake2F™
Folding Temporary Portable Rumble Strip

Two to carry....

Ideal for Work Zones where daily installation and removal is required

...one to unfold.

RoadQuake2F™

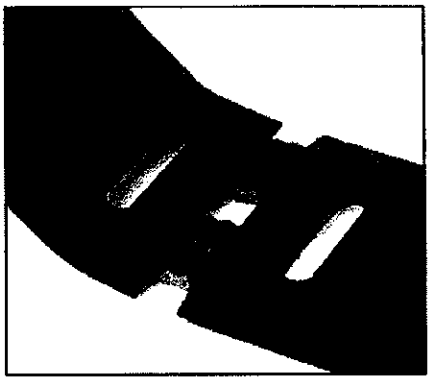
Temporary
- No nails or glue are needed for installation and use.
- Quick installation and removal time. No clean-up!

Portable
- No installation equipment needed.
- 2 person crew can install a full array in minutes.

Durable
- 3-5 year life expectancy.*
- Suitable for use in rain and other inclement weather.

RoadQuake2F™ Features:

- For posted speed limits of 75 mph or less. Tested successfully in temperatures from 0° to 180° F.
- *RoadQuake 2F* is 132" long when unfolded. Covers an entire lane.
- Folds to a compact 66" length. Weighs 110 lbs.
- At 13" wide and 3/4" thick, *RoadQuake 2F* generates the same level of sound and vibration as milled strips.
- Ergonomic handles make installation and storage easy. Non-slip textured surface helps to keep *RoadQuake 2F* in place.
- Bevels on both sides take the guess-work out of installation.



Install a complete array in minutes. No tools or assembly required.

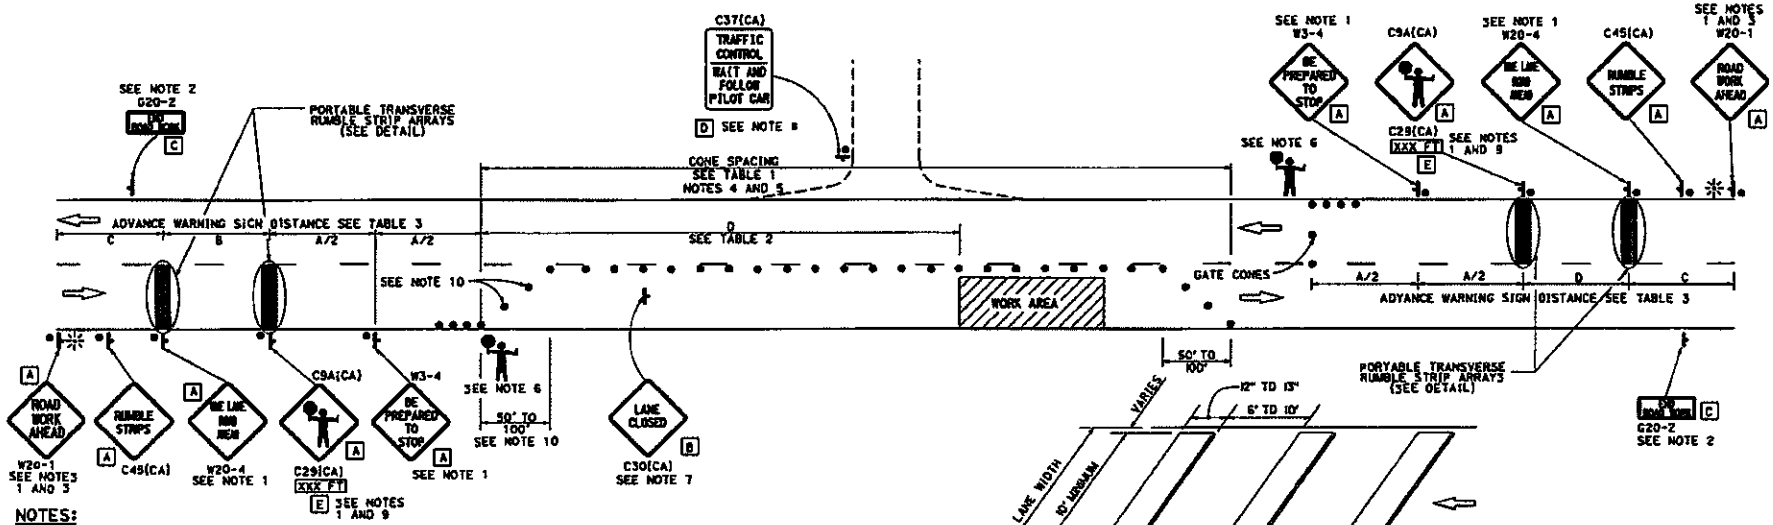
REGISTERED CIVIL ENGINEER

July 18, 2014
PLANS APPROVAL DATE

THE STATE OF CALIFORNIA OR ITS OFFICERS OR AGENTS SHALL NOT BE RESPONSIBLE FOR THE ACCURACY OR COMPLETENESS OF SCANNED COPIES OF THIS PLAN SHEET.

TO ACCOMPANY PLANS DATED _____

TYPICAL LANE CLOSURE WITH REVERSIBLE CONTROL



NOTES:

1. Each advance warning sign in each direction of travel shall be equipped with at least two flags for daytime closure. Each flag shall be at least 16" x 16" in size and shall be orange or fluorescent red-orange in color. Flashing beacons shall be placed at the locations indicated for lane closure during hours of darkness.
2. A G20-2 "END ROAD WORK" sign, as appropriate, shall be placed at the end of the lane control unless the end of work area is obvious, or ends within a larger project's limits.
3. If the W20-1 sign would follow within 2000' of a Stationary W20-1 or G20-1 "ROAD WORK NEXT _____ MILES", use a W20-4 sign for the first advance warning sign.
4. All cones used for lane closures during the hours of darkness shall be fitted with retroreflective bands (or sleeves) as specified in the specifications.
5. Portable delineators, placed at one-half the spacing indicated for traffic cones, may be used instead of cones for daytime closures only.
6. Additional advance flaggers may be required. Flagger should stand in a conspicuous place, be visible to approaching traffic as well as approaching vehicles after the first vehicle has stopped. During the hours of darkness, the flagging station and flagger shall be illuminated and clearly visible to approaching traffic. The illumination footprint of the lighting on the ground shall be at least 20' in diameter. Place a minimum of four cones at 50' intervals in advance of flagger station as shown.
7. Place C30(CA) "LANE CLOSED" sign at 500' to 1000' intervals throughout extended work areas. They are optional if the work area is visible from the flagger station.
8. When a pilot car is used, place a C57(CA) "TRAFFIC CONTROL-WAIT AND FOLLOW PILOT CAR" sign with black legend on white background at all intersections, driveways and alleys without a flagger within traffic control area. Signs shall be clean and visible at all times. Where traffic can not be effectively self-regulated, at least one flagger shall be used at each intersection within traffic control area.
9. An optional C29(CA) sign may be placed below the C9A(CA) sign.
10. Either traffic cones or barricades shall be placed on the taper. Barricades shall be Type I, II, or III.
11. The color of the portable transverse rumble stripe shall be black or orange. Use 2 arrays, each array shall consist of 3 rumble strips.
12. Portable transverse rumble strips shall not be placed on sharp horizontal or vertical curves nor shall they be placed through pedestrian crossings.
13. If the portable transverse rumble stripe become out of alignment (skewed) by more than 6 inches, measured from one end to the other, they shall be readjusted to bring the placement back to the original location.

NOTES:

See Revised Standard Plan RSP T9 for tables.

Use cone spacing X for taper segment, Y for tangent segment or Z for conflict situations, as appropriate, per Table 1, unless X, Y, or Z cone spacing is shown on this sheet.

Unless otherwise specified in the special provisions, all temporary warning signs shall have black legend on fluorescent orange background.

California codes are designated by (CA). Otherwise, Federal (MUTCD) codes are shown.

Bid - Proposal

October 13, 2014 To All General Contractors Requesting Sub-Bids.

Re: Caltrans Project 02-Teh-32-5.1/6.3, Caltrans Contract No. 02-4E90U4, Addendum No. 1 (10/03/14), Realign curve, cold plane, AB, HMA, drainage, guardrail, and striping in Tehama County about 18 miles east of Forest Ranch from 1.6 miles to 2.9 miles east of Soda Springs Road. Bid Date: October 15, 2014 (2:00 p.m.).

Certified as DBE #217 (exp. 12/01/15), as WMBE VON #10120139 (exp. 12/28/16) per CPUC Supplier Clearinghouse, and as SBE (Micro) #0011303 (exp. 05/31/16). CCL #401640 C-27, C-61/D-59 (exp. 03/31/15). State of California Department of Industrial Relations Registration No. 1000000478 (exp. 06/30/15). Quotation is valid for (60) calendar days from bid date and unless quantities, scope of work and/or date of installation change(s). Nitta, Inc. dba Nitta Erosion Control is full signatory member of Local 185 of the Laborers' Union. Most current Laborers' Trust Fund Employer's Contribution Letter is available upon request to verify union membership status.

Item No.	Item	Unit of Measure	Estimated Quantity	Item Price	Total
32	Hydroseed	SQFT	411,000	$ 0.23	$ 94,530.00

Notes: 1) Total price includes submittals, certified payrolls, standard certificates of insurance, waiver of subrogation (if required), materials, labor, equipment (**air pollution control (CARB PERP- and DOORS-compliant)**), taxes on materials, incidentals and installation as per specifications (unless as otherwise noted).

Please note that 'Modesto' Winter Rye is subject to availability at time of order/installation. Irrigated wheat or barley straw may not be available due to drought conditions restricting/eliminating wheat/barley crop production. Material is subject to availability at time of order/installation.

2) Total price excludes re-installation of Hydroseed, coloring agent (already included in the alternate fiber mulch), site preparation (trash, debris and weed removal and disposal, removal and disposal of loose rocks larger than 2 ½ inches in maximum dimension unless otherwise authorized), placement of stakes or other suitable markers at the locations designated by the Engineer, Bonded Fiber Matrix (BFM), Fiber Rolls, rolled erosion control products (RECPs), Silt Fence, straw incorporation, night work, dust control (our straw mulching machines are retrofitted for dust suppression with the "Dust Dog" (United States Patent US 8,550,384 B2 (10/08/13)), costs of local licenses, permits, fees and/or other taxes, watering, maintenance, pedestrian protection and traffic control.

02-Teh-32-5.1/6.3, 02-4E90U4, Addendum No. 1 (10/03/14), in Tehama County about 18 miles east of Forest Ranch from 1.6 miles to 2.9 miles east of Soda Springs Road.
Nitta Erosion Control Bid-Proposal dated October 13, 2014.
Page 2 of 2.

3) One (1) move-in is included in the total bid price. Additional move-ins caused by weather related issues, other delays in work and other conditions out of our control is at $1,900.00 each. Approximately (15) working days (weekends and holidays excluded) is required to complete an estimated 411,000 SQFT of Hydroseed. Stand-by time will be billed at $590.00 per hour.

4) Bond premium (performance and payment) rate is 2.5%. Minimum bond premium charge per project is $150.00. Bond premium amount is not included in the bid price. Commercial Liability Insurance does not cover Railroad Protective Insurance, Coverage for "volunteers," Umbrella Liability Limits and/or Excess Liability Limits, Professional Liability, Avian Influenza A (Avian Flu – Absolute), Employment Related Practices, Silica (Absolute), Residential Construction Defect PCO, Construction Wrap-UP/OCIP Exclusion, EIFS & Spray-on Siding, Known Damage or Injury, Biological Contaminants - Mold, Fungus, Micro-Organisms (covered under Pollution policy), Engineers, Architects, or Surveyors Professional Liability, Nuclear Energy Liability, Lead (Absolute), Asbestos (Absolute), Injury to Independent Contractors, Residential Construction Activities (Absolute except Apartments), Condominium Conversion, Beryllium, Advertising Liability and Certified Acts of Terrorism. With the exception that our bid-proposal shall in no event be construed to require indemnification by Subcontractor to a greater extent than permitted under the public policy of the State of California, Subcontractor shall indemnify and save harmless Owner and Contractor only arising out of or in connection with Subcontractor's operations to be performed under this bid-proposal.

5) Terms: Due and payable within 30 days from date of installation and/or as per Business and Professional Code §7108.5 and Public Contract Code §10262.5 (for progress payments) and/or as per Public Contract Code §7107 (for retention due).

6) Attorney fees and interest: If court action be instituted on this invoice, general contractor promises to pay reasonable attorney fees. A late payment charge of 1 1/2% per month will be charged on all invoices not paid within terms of quote. This is annual percentage rate of 18 %.

7) **General Contractor to provide and pay for water source on jobsite** (i.e., fire hydrant with valid water meter and/or water permit, 4,000 gallon capacity water truck(s), or other approved source at a minimum rate of 200 g.p.m. and/or at a minimum vertical height of 14 feet (for water towers or stands)). We'll require approximately 91,000 gallons of water for an estimated 411,000 SQFT of Hydroseed. **If water isn't made available at each jobsite location, this bid-proposal is invalid.**

8) General Contractor to provide good, drivable truck access to each site to be treated with Hydroseed.

9) Final field measured quantities shall be provided by General Contractor and/or Owners' Representative prior to installation of Hydroseed. If final field measurement shall be required of Nitta Erosion Control at jobsite, it shall be performed on a time and material basis with an authorized representative from the General Contractor and Owner in attendance.

Thank you for the opportunity to quote on this project.

Yours truly,

Scott K. Nitta

Scott K. Nitta, President
Nitta Erosion Control

Freight:	$1,200.00
Subtotal:	$ 69,435.40
Sales Tax Rate: N/I	Sales Tax: Not Included
TOTAL	**$ 69,435.40**

Terms of Sale - Prices are F.O.B. origin unless otherwise specified. Prices quoted F.O.B. jobsite are based on a one time delivery charge. Any subsequent shipping will be charged to the Buyer. Unloading of material by others. Freight quote includes one hour of offloading time. Additional time will be charged at $150 per hour. Payment terms are Net 30 days from date of invoice, subject to credit approval. A 1.5%/month finance fee will be charged on all past due balances. No retention will be accepted. Sales tax is not included unless otherwise specified. Prices are good for 30 days from the date of this quotation, with product delivery no later than 90 days from signed order, after which prices may be adjusted based on increases in the cost of raw materials and/or fuel. Buyer must notify seller in writing of any special provisions required for each job such as material needed to meet any ARRA or buy American requirements prior to quotation of pricing and delivery. Failure to do so will result in the assumption that no special provisions apply. Any legal fees resulting in the collection of past due balances is the responsibility of the contractor/purchaser. THE TERMS OF THIS SALE ARE SUBJECT TO SPEARS & ERNST CIVIL SOLUTION'S STANDARD TERMS AND CONDITIONS WHICH ARE INCLUDED ON THE BACK SIDE OF THIS QUOTATION (and can be downloaded at specscivilsolutions.com/terms).

ACCEPTED

Subject to being awarded the contract, we hereby order the material described above, at the prices specified, subject to all terms and conditions appearing on this quotation.

Standard Terms & Conditions For Spears and Ernst, LLC dba SPECS

1. APPLICABILITY. These Standard Terms & Conditions for Acceptance of Purchase Orders hereafter, "Standard Terms") shall apply to all purchase orders or other Supply Arrangements (hereafter defined) submitted by any customer ("Buyer") of Spears & Ernst Civil Solutions LLC, and/or its affiliates (collectively, "SPECS") regardless of the form or medium of Buyer's purchase order, and regardless of whether Seller's actions are deemed to be a prior offer of Buyer's purchase order or acceptance thereof and regardless of SPECS' execution of any agreement or other instrument/document required by Buyer. If SPECS is deemed to be accepting a prior offer of Buyer, such acceptance is limited to the terms contained herein. Buyer's acceptance of any goods shipped or services provided by SPECS shall constitute acceptance of these Standard Terms, regardless of any conflicting terms or waiver language contained in any Buyer purchase order, general terms & conditions, or other Supply Arrangement. Any proposal for additional or different terms or any attempt by Buyer to vary in any degree any of the Standard Terms is hereby rejected, but such proposals shall not operate as a rejection of an offer by SPECS unless such variances are in the terms of the description, quantity, price or delivery schedule of the goods or services, but shall be deemed a material alteration thereof, and the offer by SPECS shall be deemed accepted by Buyer without said additional or different terms.

2. ACCEPTANCE OF ORDERS. All Buyer purchase orders shall be deemed accepted when SPECS issues an order acknowledgment to Buyer or when SPECS begins performance of the order. All orders accepted by SPECS shall be governed by these Standard Terms and by any additional terms and conditions which are expressly agreed upon by authorized representatives of the parties in a fully executed Supply Arrangement. Unless otherwise agreed to in a Supply Arrangement, SPECS shall have no obligation to accept any particular Buyer purchase order and these Standard Terms shall control.

3. SHIPMENT/DELIVERY DATES. The delivery date is only an estimate of when the product will be shipped. SPECS shall use reasonable efforts to meet any shipment or delivery date stated in any Buyer purchase order, but SPECS assumes no liability for loss or damage (including any direct, incidental, consequential or punitive damages) due to delays or failure to meet any Buyer-specified delivery date. If SPECS cannot meet such shipment or delivery date, it will promptly notify Buyer. Buyer will designate common carriers for the shipment of all products (but if Buyer fails to designate a carrier, SPECS shall have the right to select a carrier on Buyer's behalf). To the extent a quoted price for any product does not expressly include shipping, the cost thereof shall be paid directly by Buyer. SPECS reserves the right to make delivery in installments (including both advance shipments and back orders). All such installments shall be separately invoiced and paid for when due, without regard to subsequent deliveries. Delivery of an installment shall not relieve Buyer of its obligation to accept remaining deliveries. SPECS shall have no responsibility to ship goods to any location other than those in the United States, Canada or Mexico unless Buyer has previously secured all applicable permits and licenses for the transfer of goods.

4. TAXES/DUTIES. Applicable sales, excise, use and other taxes, and import/export duties and other charges, are in addition to any prices quoted by SPECS and shall be paid by Buyer.

5. PRICE CHANGES. The price shall be as set forth on the Supply Arrangement and due within thirty (30) days of delivery unless otherwise specified in writing. With respect to any "open" or "blanket" purchase order of Buyer, or if any Supply Arrangement contemplates the purchase/sale of products or services beyond a 6 month period, SPECS may from time-to-time (but no more than once in any 6 month period) increase the price of any particular product or service by an amount proportional to any increase in SPECS' labor, utility or other verifiable costs respecting such product or service. Additionally, in the event SPECS' raw material costs materially increase, SPECS may pass on such increases to Buyer at any time. Prices shall be adjusted to SPECS' prices in effect at the time of shipment.

6. CREDIT; LATE PAYMENTS. Any obligation of SPECS to extend credit to Buyer is conditional upon Buyer's timely payment of invoices, and upon the continued financial stability of Buyer. SPECS reserves the right to limit, cancel or revoke credit of Buyer at any time for any reason, and SPECS may require or demand payment or adequate assurances of performance from Buyer prior to performing any aspect of the sale of goods hereunder. Late payments on invoices shall bear interest at 1.5% per month or the highest rate allowed by applicable law, whichever is less. SPECS shall be entitled to recover its costs of collection of any past due invoice, including court costs and reasonable attorneys' fees. Buyer agrees that SPECS shall have the right to obtain financial information on a quarterly basis and shall be entitled to annual tax returns.

7. WARRANTY. SPECS shall provide an "industry standard" warranty on all of its goods and services. If there is no industry standard, then SPECS' sole warranty obligation for all goods and services that are or become defective in material or workmanship within twelve (12) months from the date of shipment or performance shall be limited to the replacement or repair of the defective goods or services free of charge. SPECS' warranty obligations hereunder are contingent upon the following conditions: SPECS is promptly notified of the defect; Buyer establishes to SPECS' reasonable satisfaction that any goods have been properly handled, stored, installed, maintained and operated; the goods were not materially altered; the defect did not occur after receipt of shipment; and upon SPECS' request, Buyer will return the defective goods or part thereof to SPECS. The foregoing warranty is a limited warranty, and is in lieu of all other warranties, express or implied. EXCEPT AS EXPRESSLY STATED IN THIS SECTION, SPECS DISCLAIMS AND DOES NOT MAKE ANY ADDITIONAL REPRESENTATIONS, WARRANTIES AND/OR INDEMNITIES OF ANY KIND (WHETHER BY IMPLICATION OR OPERATION OF LAW) WITH RESPECT TO THE PRODUCTS, INCLUDING WITHOUT LIMITATION ANY REPRESENTATIONS, WARRANTIES AND/OR INDEMNITIES AS TO MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, PRICE, PATENT OR ANY OTHER MATTER. THIS SECTION SURVIVES THE TERMINATION OR CANCELLATION HEREOF.

8. REMEDIES AND LIABILITIES. BUYER AGREES THAT SPECS' LIABILITY AND BUYER'S SOLE AND EXCLUSIVE REMEDY FOR ANY CLAIM OF ANY KIND HEREUNDER OR RELATING TO THE GOODS OR SERVICES DELIVERED BY SPECS SHALL BE (A) THE REPAIR OR REPLACEMENT AT SPECS' OPTION OF DEFECTIVE GOODS OR SERVICES, OR (B) A REFUND OF THE PRICE ALLOCABLE TO THE DEFECTIVE GOODS OR SERVICES IF SPECS IS UNABLE TO EFFECTIVELY REPAIR, REPLACE OR CORRECT SUCH DEFECT IN A REASONABLE TIME AFTER USING ITS REASONABLE EFFORTS. UNDER NO CIRCUMSTANCES SHALL SPECS HAVE ANY LIABILITY WHATSOEVER FOR INCIDENTAL, CONSEQUENTIAL (INCLUDING LOSS OF BUSINESS OR PROFITS) OR PUNITIVE DAMAGES, NOR SHALL BUYER BE ENTITLED TO OBTAIN INJUNCTIVE RELIEF AGAINST SPECS FOR ANY REASON WHATSOEVER.

9. RISK OF LOSS; TITLE. Possession and risk of loss for all goods shall pass to Buyer upon SPECS' delivery of such goods to any carrier, common or otherwise. Title to such goods shall not pass until they have been fully paid for by Buyer. Buyer shall have been deemed to have accepted the goods and services as delivered within five (5) business days of delivery unless Buyer shall notify SPECS of any deficiency in writing.

10. ASSIGNMENT. Buyer shall not assign its interest in any Supply Arrangement without SPECS' prior written consent.

11. INDEMNITY. To the maximum extent allowed by law, Buyer shall reimburse, indemnify and hold SPECS and its employees and agents harmless from and against any claims, demands, liabilities, damages, suits, judgments, losses, costs and/or expenses (including attorneys' fees and other expenses of any litigation) suffered and paid by SPECS (collectively, "Losses") that relates to or arises on account of (a) Buyer's negligence, use, ownership, maintenance, transfer, transportation or disposal of the goods and services delivered by SPECS or (b) Buyer's violation or alleged violation of any federal, state, county or local law, rule or regulation.

12. INTELLECTUAL PROPERTY.

(a) If Buyer provides SPECS with any specifications for goods or services to be furnished by SPECS, Buyer shall reimburse, indemnify, defend and hold SPECS harmless from and against any Losses concerning, arising out of or relating to any claimed or actual infringement of any patent, copyright, trade secret or other intellectual property rights of any third party respecting such goods or services.

(b) Except with respect to any product that Buyer has specifically contracted with SPECS to design or develop, (i) any product or any improvement to any product developed by SPECS, and (ii) any method or process of production respecting the product or improvement thereto developed by SPECS, shall be the sole property of SPECS.

(c) Buyer may use SPECS' trademarks only to sell new SPECS products purchased by Buyer directly from SPECS, and for no other reason. Buyer shall not take any or fail to take any action that may dilute SPECS' trademarks.

(Revised January 10, 2014)

(d) Except as expressly set forth herein, (i) SPECS shall have no obligation to sell, assign, license, or transfer intellectual property of any kind to Buyer, and (ii) Buyer shall have no right to use any intellectual property of SPECS without the express written consent of SPECS, which may be withheld in its sole discretion. SPECS may enforce this Section through injunction or otherwise.

13. FORCE MAJEURE. SPECS shall be temporarily excused from performance under any Supply Arrangement to the extent such non-performance is caused by acts of God, war, terrorism, riot, embargoes, fire, floods or other severe weather problems, accidents or other casualty, quarantine restrictions, factory conditions, labor disputes, governmental acts, orders or regulations, delays in transportation, shortage of transport vehicles, labor or materials or other circumstances beyond the reasonable control of SPECS. SPECS shall use all available commercially reasonable efforts to remedy the circumstances causing the non-performance, or shall take steps to work around such circumstances. Promptly after the circumstances causing the non-performance are remedied, SPECS shall resume performing.

14. TERMINATION. Buyer may terminate this contract in whole or in part upon notice in writing to Seller. Seller shall immediately stop work and transfer to Buyer title to all completed and partially completed products and to any raw materials or supplies acquired by Seller especially for the purpose of performing this contract, and Buyer shall pay Seller the sum of the following: (1) the contract price for all products which have been completed prior to termination; (2) the cost to Seller of the material or work in process plus a reasonable profit thereon, but in no event more than the contract price; (3) the cost f.o.b. origin of materials and supplies acquired especially for the purpose of performing this contract; and (4) reasonable cancellation charges, if any, paid by Seller to settle any commitment(s) made for the purpose of this contract.

15. MISCELLANEOUS. Notwithstanding any Buyer purchase order or Buyer standard terms and conditions to the contrary:

(a) Buyer shall have no right to (i) inspect SPECS' facilities, (ii) examine SPECS' books, records or other documents, or (iii) seek or obtain any information from SPECS deemed proprietary or confidential by SPECS in its sole discretion, without the express written consent of SPECS obtained in each instance, which consent may be withheld in SPECS' sole discretion.

(b) SPECS shall have no obligation to sell or otherwise transfer any raw materials, work-in-progress, tools, dies, jigs, fixtures, molds, patterns, templates, models, mock-ups, gauges, drawings, equipment/machinery or other means of production to Buyer except where the same was specifically designed, developed and/or purchased by SPECS solely for Buyer's account under a bona fide Supply Arrangement and has been fully paid for by Buyer.

(c) SPECS shall have no obligation to comply with any agreements between Buyer and any third party unless SPECS is furnished a written copy of such agreement and expressly agrees to so comply in a signed writing after SPECS' receipt of such copy.

(d) SPECS shall not be required to obtain any property, liability or other type of insurance for its own account or for the account of Buyer or its property.

(e) SPECS shall not be required to arbitrate any claim against Buyer or Buyer's customers or agents, or bring or defend any such claim in any particular forum.

(f) In the event of any formal dispute resolution proceeding between the parties, the prevailing party shall be entitled to recover its reasonable attorney's fees and other expenses of dispute resolution, such as arbitrator fees, case filing fees, costs of transcription and expert witness fess.

(g) The substantive laws of the State of California shall apply to all dealings and transactions between Buyer and SPECS.

16. CONFLICT OF TERMS. These Standard Terms supersede any prior purchase orders, supply agreements, nomination letters, proposals, quotations, requisitions, oral statements and/or representations, Buyer standard terms and conditions, correspondence or similar matters (collectively, "Supply Arrangements") between the parties or their representatives. Any conflict between these Standard Terms and other Supply Arrangements shall be resolved in favor of these Standard Terms. Buyer's acceptance of any goods shipped or services provided by SPECS shall constitute acceptance of these Standard Terms. If at any time (i) Buyer claims or asserts that these Standard Terms are not applicable to any Supply Arrangement between SPECS and Buyer, or (ii) a determination is made by a court, arbitration panel or other legal authority that these Standard Terms do not apply to any Supply Arrangement between the parties, SPECS shall have the right to immediately terminate such Supply Arrangement without liability or further obligation to Buyer. However, the failure or refusal of SPECS to so terminate any Supply Arrangement shall not constitute or be deemed a waiver by SPECS of the effectiveness or enforceability of these Standard Terms. SPECS reserves the right to amend these Standard terms from time to time.

17. WAIVER. Either party hereto may waive any requirement, condition or obligation to be performed by the other party, provided any such waiver is in writing and executed by the party waiving the requirement, condition or obligation and shall be specifically designated as a waiver hereunder with reference to the applicable section. A waiver by a party of any breach of any term, covenant, or condition contained herein to be performed by a party, or the delay, forbearance, indulgence or failure of a party in exercising any right hereunder on account of such breach, or the partial exercise of such right, shall not be deemed a waiver of any subsequent breach of the same term or any other term, covenant or condition hereof.

18. DELIVERY. Unless otherwise agreed to in writing by the Seller, the Buyer hereby agrees to take delivery of the materials on this order within the later of thirty (30) days after the want date shown on the face of the order or within thirty (30) days after notification, oral or written, that the materials are ready for shipment. In the event that the Buyer does not arrange to take delivery of the materials in accordance with this Contract, Seller, at Seller's option, may:

(a) invoice the Buyer for the materials less freight if applicable; store the material in Seller's yard for a period not to exceed sixty (60) days from the date of invoice; charge a storage fee not to exceed 5% per month or fraction thereof of the selling price of the stored materials; add any applicable price increases listed on the face of the order; charge for any repair work to protective coatings harmed by weathering while such material is being stored; and charge applicable freight when shipment to the Buyer is made. Materials remaining in storage after sixty (60) days from the invoice date shall become the property of the Seller for disposition at the Sellers' discretion. In that event, Buyer shall not be liable for the invoice price of the materials, but shall be liable for the storage fee and any repair work to protective coatings.

(b) Cancel the order and invoice the Buyer for cancellation charges, which shall be 25% of the selling price of the materials if the materials are standard, in-stock material, or the full selling price if the materials are special or nonstandard in nature and were specially fabricated for the Buyer.

19. SEVERABILITY. If any provision of this Agreement or any related document or instrument is held to be illegal, invalid or unenforceable under present or future laws, such provision shall be either reformed by a court of competent jurisdiction to reflect the intent of the parties, or deleted from the Agreement by the court, whichever course of action in the opinion of the court would best reflect the intent of the parties, taking into consideration all provisions of this Agreement. If a provision is deleted, the remaining provisions hereof shall remain in full force and effect and shall not be affected by the illegal, invalid or unenforceable provision or by severance herefrom.

20. WAIVER OF JURY TRIAL. BUYER AND SPECS ACKNOWLEDGE THAT THE RIGHT TO TRIAL BY JURY IS A CONSTITUTIONAL ONE, BUT THAT IT MAY BE WAIVED. EACH OF THE BUYER AND SPECS, AFTER CONSULTING (OR HAVING THE OPPORTUNITY TO CONSULT) WITH COUNSEL OF ITS CHOICE, KNOWINGLY, VOLUNTARILY AND INTENTIONALLY WAIVES ANY RIGHT TO TRIAL BY JURY IN ANY ACTION OR OTHER LEGAL PROCEEDING ARISING OUT OF OR RELATING TO ANY OTHER DOCUMENT PERTAINING TO ANY ORDER.

21. VENUE, The parties hereby agree that all actions or proceedings arising directly or indirectly, from this Agreement shall be litigated in courts having a situs within the state of California, and the parties hereby consent to the jurisdiction of any local, state or federal courts that is located within the state of California.

22. STATUTE OF LIMITATIONS. Any action resulting from any breach on the part of SPECS as to the goods or services delivered hereunder must be commenced within one year after the cause of action has accrued.

Oct. 14, 2014

RE: Proposal for SWPPP for Caltrans 02-4E90U4, Bids 10/15/14

D.B.E.

Dear Prime Contractor;

Thank you for the opportunity to provide a bid for this work. We provide civil and stormwater engineering services.

Scope of Work:

A. Prepare Stormwater Pollution Prevention Plan (SWPPP).
   - I. Prepare SWPPP per State and contract requirements. Include REAP template, CSMP and SAP.
   - II. Prepare Notice of Termination (NOT) at completion of project.
   - III. Submit SWPPP to State Water Board via SMART program.
   - IV. Prepare a Notice of Intent, if applicable. Include Risk Assessment and Site Map.
   - V. Prepare Water Pollution Control Drawings as part of SWPPP.
   - VI. Exclusions:
     a. Role of Water Pollution Control Manager and required monitoring, NOI fees, BMP's, site inspection and testing will be the contractor's responsibility.

B. Provide Stormwater Annual Report
   - I. Prepare Stormwater Annual Report in accordance with the SWRCB requirements.
   - II. Report will be prepared by a certified QSD.

Fee:

The SWPPP will be prepared for a Fixed Fee of the following, with fees billed monthly based upon percent completion:

A. Prepare SWPPP	$ 2,800
B. Prepare Stormwater Annual Report $500 EA x 1	$ 500

Fees will be due within 30 days of client's receipt of invoice.

Timing and deliverables:

The SWPPP will be provided within 2 weeks of authorization to proceed. The document will be provided in hard copy (4 copies) and electronic PDF format.

Sincerely,

Robin Tully

Robin Tully, PE/QSD/QSP, President/Owner

RE: Caltrans Contract 02-4E90U4
Bidding 10/15/14
Scope of Work: Tree Removal

BID PROPOSAL

The following quotes for services include three separate quotes:

QUOTE #1: TREE FELLING
Fell all trees designated for removal within project clearing limits using both conventional and mechanical methods of tree felling.
QUOTE #1: $18,000.00

QUOTE #2: LOGGING AND GRINDING SERVICES
Skid felled trees to designated staging areas on project site.
Remove merchantable saw logs from project site.
Grind/chip non-merchantable trees and woody material including stumps resulting from felled trees.
Grindings/chips to be left on project site.
QUOTE #2: $64,630.00
ADDITIONAL CHARGE: If grindings/chips removed from project site: $3,500.00
Note:
Price includes one round trip mobilization. Additional mobilizations subject to charge.
Tyrrell to retain ownership of merchantable saw logs.
Prime Contractor to grub and pile stumps and woody material resulting from felled trees at designated staging areas suitable for grinding/chipping operation.
Prime Contractor to provide traffic control if needed.
Tyrrell not responsible for dust control, dust abatement, fugitive dust or SWPPP.

QUOTE #3: GRUBBING
Grub stumps and woody material resulting from felled trees within project clearing limits.
QUOTE #3: $49,380.00
Note:
Price includes one round trip mobilization. Additional mobilizations subject to charge.
Prime Contractor to provide traffic control if needed.
Tyrrell not responsible for dust control, dust abatement, fugitive dust or SWPPP.

Please call 530.355.9200 or 530.249.3800 for questions.

VERIDICO GROUP, INC.

D.B.E.

PROGRAM MANAGEMENT | ENVIRONMENTAL SERVICES | WATER RESOURCES ENGINEERING

DBE Contractor – CUCP Certificate Number 39572

Date: 14 OCT 14

Contract #: 02-4E90U4 – CURVE REALIGNMENT, COLD PLANE, AB, HMA, DRAINAGE, GUARDRAIL, STRIPING

Bid Date: 15 OCT 2014

Veridico Group, Inc. (Veridico) is pleased to provide the following contract pricing for the specified work scope items detailed in the subject contract solicitation:

Item No.	Item code	Item Description	Unit of Measure	Est Qty	Bid	Amount
1	070030	LEAD COMPLIANCE PLAN (SOIL)	LS	LS	$1,250.00	$1,250.00
1	070030	LEAD COMPLIANCE PLAN (GRINDING/COLD PLANING)	LS	LS	$1,250.00	$1,250.00
S	130100	JOB SITE MANAGEMENT	LS	LS	$3,300.00	$3,300.00
6	130300	PREPARE STORM WATER POLLUTION PREVENTION PLAN	LS	LS	$1,795.00	$1,795.00
7	130310	RAIN EVENT ACTION PLAN	EA	5	$695.00	$3,475.00
8	130320	STORM WATER SAMPLING AND ANALYSIS	EA	2	$595.00	$1,190.00
9	130330	STORM WATER ANNUAL REPORT	EA	1	$595.00	$595.00

TERMS AND CONDITIONS:

1. This quote and attached terms and conditions must become a binding part of any sub-contract.
2. A contract and 10 working days notice must be given prior to start of work. This quote shall remain valid for 30 days from date of actual bid opening, unless otherwise agreed upon.
3. TERMS: Due and payable within 30 days from date of installation and/or as per Business and Professional code 7108.5 and Public contract code 10262.5 (for progress payments) and/or as per Public contract Code 7107 (for retention due).
4. All change orders must be approved by agency/owner prior to work being performed by Veridico.
5. Excludes any insurance requirements in excess of Caltrans Standard Specifications.
6. Splitting offered bid item quotes **may be considered**. Please call Tim Anenson at (707) 317-0002 to discuss splitting the bid item quotes prior to the Caltrans submittal deadline.

P.O. Box 673, Roseville, California 95661
Phone: 707-317-0002, Fax: 707-620-7000
www.veridicogroup.com

ASSUMPTIONS

1. Field monitoring may be required for the Lead Compliance Plan line items. Field monitoring (under the supervision of a CIH) can be provided at a rate of $2,295.00 per day including all labor, travel, perdiem, equipment, materials, supplies, and lab costs.
2. Training specified in the LCP can be conducted (by or under the direction of a CIH) at contractor location. The training can be conducted for a lump sum of $1,750.00.
3. Job Site Management assumes a project duration of 60 days (field work), or 12 weeks of on-site field work.

   12 weeks x $275.00/week = $3,300.00

   This is a weekly rate for Veridico to document required SWPPP compliance by completing Caltrans forms 2030 and 2034 by a QSD/P. Veridico will work with your field staff to assess site conditions each week; no site visits are included. Pre-, during and post-rain event site inspections are not included but will be billed at the Job Site Management rate if required.
4. No other plans, reports, monitoring or permits are included.
5. The SWPPP and the LCPs are **guaranteed** acceptance for the quoted bid.
6. Contractor to provide completed questionnaire (supplied by Veridico upon notice of award) prior to start of work.
7. Print-ready electronic draft and final copies of plans and/or reports will be provided so hard copies can be produced; no hard copies will be provided by Veridico.

Veridico is a certified DBE contractor (No. 39572) with a number of associates that have supported Caltrans projects for many years. We have the necessary certified personnel to support your efforts on this project and we look forward to providing you our highest level of project support. Please don't hesitate to contact me directly at (707) 317-0002 or at tim.anenson@veridicogroup.com if we can provide anything further.

My Very Best Regards,

D.B.E.

Date: October 14, 2014

To: To all interested bidders

Project: 02-4E90U4, Hwy 32 near Butte-Tehama County Line

We are pleased to submit the following quote for transit mixed concrete products delivered to the above referenced project. Prices are as follows:

A.	Minor Concrete- air entrained freeze thaw (590# cement Type 1P)	$ 155.00/cy
B.	2 sack slurry	$ 99.00/cy
C.	Plasticizer	$ 15.00/gl
D.	Set Accelerator	$ 18.00/gl
E.	Short load < 6cubic yards	$ 175.00/load
F.	Fuel Surcharge $35.00 and CARB/AB32 surcharge	$ 40.00/load
G.	Hot water as needed	$ 15.00/cy

The above prices do not include 7.5% sales tax. Admixtures are available at an extra charge. Does not include heating or cooling of water or aggregates. Concrete products will be produced at the 400 Black Oak Drive, Chester, CA location...use of hot water will be necessary for winter concrete production. Should you require any additional information or have any questions or suggestions, please advise. Thank you for the opportunity to quote this project.

Respectfully Submitted,

Dixie Lee Higgins
General Manager

Project Name: DOT 02-4E90U4 Curve Realignment, Cold Plane, AB, HMA, Driange, Guardrail, Striping – Tehama County, CA

Bid Date: October 15, 2014 **Bid No:** 14-1984

Storm Water Services Proposal

Prepare Storm Water Pollution Prevention Plan (SWPPP) - $1,800.00

Provide one (1) electronic copy of Storm Water Pollution Prevention Plan (SWPPP) in accordance with new CA General Construction Permit #2009-0009-DWQ along with three (3) manuals for the above referenced project. We will work with your Legally Responsible Person (LRP) to upload the SWPPP and Permit Registration Documents onto SMARTS. Price includes any revisions that may be required for final approval.

Project Site Inspections/REAPs - $575.00/Each

Evaluate jobsite and overall Best Management Practice (BMP) effectiveness. Recommend adjustments to maintain compliance with the California General Permit (CGP). An electronic copy of inspection report/REAP will be provided. CGP inspection requirements include: Weekly, Pre-storm, Daily During Storms, Post Storm and Quarterly Non-Stormwater inspections. REAPs are required on Risk Level 2 and Risk Level 3 projects.

Sampling & Analysis Program - $695.00/Sampling & Analysis Day (If Necessary)

Storm Water Annual Report - $700.00/Each

GRINDING PROVISIONS:

Anrak Corporation to cold plane asphalt concrete as directed by Contractor, and load cuttings into trucks provided by Contractor. Subcontractor will cold plane as closely as possible to existing manholes, water valves or other obstructions in cutting plane. No hand work or placing temporary asphalt tapers by Subcontractor around these objects or at pavement edge due to safety concems. Subcontractor will not remove asphalt concrete off of gutter pan. Contractor to provide water into cold planing machine and broom to sweep cuttings. Contractor to post streets with "NO PARKING" signs prior to Subcontractor's phase of work and provide traffic control during cold planing operation. Areas to be milled must be clear of all obstructions, and accessible to milling machine size. Anrak Corp. takes no responsibility for dust control due to site conditions. These prices are for asphalt concrete only. Anrak cannot guarantee planed surface will meet the surface smoothness specification 15-2.023. Subcontractor cannot grind native cobble rock that may damage machine. Contractor responsible for all tree trimming and refuse pickup. Contractor to provide any required permits, notifications, or plans. Anrak Corp. must be notified within 72 hours of any potential back charges, and these must be negotiated with managerial personnel. Anrak must be compensated for the actual time worked. Special shift projects that begin on Sunday must contain four (4) consecutive shifts to qualify, otherwise Sunday differential charge will apply. Anrak Corp. does not accept withholding of retention. Contractor responsible for clearing USA prior to cold planing operation. Contractor to pay for bond cost if required. All items not specifically included are excluded. The provisions of this quote prevail over any subcontract or purchase order stipulations. These prices are good for 30 days after the bid date.

If you should have any questions regarding this quotation, please call our office at the above listed number.

Very truly yours,

Estimated by: Tom Schmidt

Standard Notes

1.Allowable unloading time for delivery trucks is two (2) hours. Demurrage charges of $75.00 per hour thereafter will be added.

2.Construction loadings typically exceed the intended post-construction live load used for design. Contact your Contech representative for specific guidelines and limitations based on the construction live loads anticipated.

3.Flexible structures of the type on this project are reliant on the type of structural backfill used, the compaction of that material and the balanced placement of structural backfill. Contact your Contech representative for specific information.

4.Prices are based on standardized loading to achieve full truckloads. If special loading requirements are needed additional freight charges will be added.

5.Quotation is based upon estimated (not guaranteed) quantities. Buyer must verify final quantities needed prior to commencement of work by Contech. If Buyer elects to purchase from Seller only a portion of the material quoted, Seller retains the right to adjust its prices.

6.This quotation expires 30 days from the date shown. Prices are firm for shipment within 60 days of the date of quotation and are subject to a maximum escalation of 8% for each 30 days thereafter.

Scope of Work

Hel-Cor Pipe

Corrugated Metal Pipe (Hel-Cor Pipe) will be provided in standard lengths. Special lengths may be provided at an additional charge and are subject to manufacturing tolerances and shipping limitations.
Prices quoted are based on nesting diameters whenever possible. If un-nested loads are required additional freight charges will be added.

Contech - CONDITION OF SALES

1. ACCEPTANCE. This quotation is an offer to sell to potential customer(s). BUYER'S RIGHT TO ACCEPT THIS OFFER IS LIMITED TO BUYER'S ASSENT TO THE TERMS AND CONDITIONS PRINTED HEREON AND THE ATTACHED OR ACCOMPANYING QUOTE, AND NO TERMS ADDITIONAL TO OR DIFFERENT FROM THOSE IN THIS OFFER ARE BINDING ON SELLER. THERE ARE NO UNDERSTANDINGS, TERMS, CONDITIONS OF WARRANTIES NOT FULLY EXPRESSED HEREIN.

2. LIMITED WARRANTIES. Seller warrants that it can convey good title to the goods sold under this contract and that they are free of liens and encumbrances. Seller also warrants that the goods sold under this contract are free from defects in material and workmanship for a period of one year after the date of delivery. There are no warranties, express or implied with respect to products sold hereunder which are misused, abused, or used in conjunction with mechanical equipment improperly designed, used or maintained or which are used, supplied for use or made available for use in any nuclear application of which Seller has not been notified in writing by Buyer at the time of order for the products sold hereunder. SELLER MAKES NO OTHER WARRANTY WHATSOEVER, EXPRESS OR IMPLIED. ALL IMPLIED WARRANTIES OF MERCHANTABILITY AND ALL IMPLIED WARRANTIES OF FITNESS FOR ANY PARTICULAR PURPOSE ARE DISCLAIMED BY SELLER AND EXCLUDED FROM THIS CONTRACT.

3. LIMITATION OF BUYER'S REMEDIES AND SELLER'S LIABILITY. Seller's liability hereunder shall be limited to the obligation to repair or replace only those products proven to have been defective in material or workmanship at the time of delivery, or allow credit, at its option. Seller's total cumulative liability in any way arising from or pertaining to any product sold or required to be sold under this contract shall NOT in any case exceed the purchase price paid by Buyer for such products. IN NO EVENT SHALL SELLER HAVE ANY LIABILITY FOR COMMERCIAL LOSS, LOST PROFITS, CLAIMS FOR LABOR, OR CONSEQUENTIAL OR INCIDENTAL DAMAGES OF ANY TYPE, WHETHER BUYER'S CLAIM BE BASED IN CONTRACT, TORT, WARRANTY, STRICT LIABILITY, NEGLIGENCE, OR OTHERWISE. IT IS EXPRESSLY AGREED THAT BUYER'S REMEDIES EXPRESSED IN THIS PARAGRAPH ARE BUYER'S SOLE AND EXCLUSIVE REMEDIES.

4. LIMITATION OF BUYER'S REMEDIES AND SELLER'S LIABILITY FOR FAILURE OR DELAY IN DELIVERY. NO DELIVERY DATES ARE GUARANTEED. BUYER'S SOLE AND EXCLUSIVE REMEDIES AND SELLER'S ONLY LIABILITY FOR ANY DELAY IN DELIVERY SHALL BE LIMITED AS SET FORTH IN PARAGRAPH 3 OF THIS CONTRACT.

5. FORCE MAJEURE. In any event and in addition to all other limitations stated herein, Seller shall not be liable for any act, omission, result or consequence, including but not limited to any delay in delivery or performance, which is (i) due to any act of God, the performance of any government order, any order bearing priority rating or order placed under any allocation program (mandatory or voluntary) established pursuant to law, local labor shortage, fire, flood or other casualty , governmental regulation or requirement, shortage or failure or raw material, supply, fuel, power or transportation, breakdown of equipment, or any cause beyond Seller's reasonable control whether of similar or dissimilar nature to those above enumerated, or (ii) due to any strike, labor dispute, or difference with workers, regardless of whether or not Seller's is capable of settling any such labor problem.

6. BUYER'S OBLIGATION TO PASS ON LIMITATION OR WARRANTIES AND REMEDIES. In order to protect Seller against claims by Buyer's buyer, if Buyer resells any of the goods purchased under this agreement, Buyer shall include the language contained in paragraphs 2 and 3 of this agreement, dealing with Seller's limitations of warranties and remedies, in an enforceable agreement with Buyer's buyer, or otherwise include language in an enforceable agreement with its buyer that makes Seller's limitation of warranties and remedies binding on its buyer. Buyer shall also include a provision in its agreement with its buyer applying Ohio law to any claims its buyer might assert against Seller with respect to goods manufactured by Seller, and requiring its buyer to bring any such action against Seller either in federal district court in Cincinnati, Ohio or the common pleas court for Butler County, Ohio. Buyer shall defend, indemnify and hold Seller harmless from any and all claims, causes of action, damages, losses or expenses (including reasonable attorneys' fees) that Seller incurs by reason of Buyer's failure to comply with this paragraph. paragraph.

7. PASSAGE OF TITLE. Title to the products sold hereunder shall pass upon delivery to the carrier at the point of shipment. Neither Buyer nor the consignee shall have the right to divert or reconsign such shipment to any destination other than specified in the bill of lading without permission of the Seller. Unless otherwise agreed Seller reserves the right to select the mode of transportation.

8. PAYMENTS AND LATE CHARGES ON PAST DUE ACCOUNTS. Buyer represents that Buyer is solvent and can and will pay for the products sold to Buyer in accordance with the terms hereof. If Buyer shall fail to comply with any provision or to make payments in accordance with the terms of this contract or any other contract between Buyer and Seller, Seller may at its option defer shipments or, without waiving any other rights it may have, terminate this contract. All deliveries shall be subject to the approval of Seller's Credit Department. Seller reserves the right, before making any delivery, to require payment in cash or security for payment, and if Buyer fails to comply with such requirement, Seller may terminate this contract. A late charge of 1-½% monthly (18% annual rate) or the maximum allowed by state law, if less, will be imposed on all past due accounts.

9. TRANSPORTATION CHARGES. Delivered prices or prices involving competitive transportation adjustments shall be subject to appropriate adjustment to reflect changes in transportation charges.

10. CLAIMS BY BUYER. Buyer shall thoroughly inspect products sold under this contract immediately upon receipt to verify for itself that they conform to the specifications of the contract. Buyer must notify Seller of claims for failure or delay in delivery within 30 days after the scheduled delivery date. Buyer must notify Seller of any claims for nonconforming or defective goods within 30 days after the nonconformity or defect was or should have been discovered. In addition, Seller must be given an opportunity to investigate the claim before Buyer disposes of the material, or else Buyer's claim will be barred. Seller shall incur no liability for damage, shortages, or other cause alleged to have occurred or existed at or prior to delivery to the carrier unless the Buyer shall have entered full details thereof on its receipt to the carrier.

11. MECHANICAL PROPERTIES, CHEMICAL ANALYSES. Data referring to mechanical properties or chemical analysis are the result of tests performed on specimens obtained from specific locations of the product(s) in accordance with prescribed sampling procedures, any warranty thereof is limited to the values obtained at such locations and by such procedures. There is no warranty with respect to values of the materials at other locations.

12. PATENTS. Seller shall indemnify Buyer against attorneys' fees and any damages or costs awarded against Buyer in the event any legal proceeding is brought against Buyer by a third person claiming the material delivered hereunder in itself constitutes an infringement of any U.S. patent, provided Buyer gives Seller prompt notice of any such suit being brought, gives Seller the opportunity to defend any such suit, and cooperates with Seller with respect to any such defense, unless the material is made in accordance with material designs, or specifications required by Buyer, in which case Buyer shall similarly indemnify Seller.

13. PERMISSIBLE VARIATIONS. The products sold hereunder shall be subject to Seller's standard manufacturing variations, tolerances and classifications.

14. TECHNICAL ADVICE. Buyer represents that it has made its own independent determination that the products it is purchasing under this contract meet the design requirements of Buyer's project and are suitable for Buyer's intended application. Buyer further represents that it has not relied in any respect on any written or oral statements or advice from Seller, other than the standard product specifications set forth in the most recent addition of Seller's published product brochures, in making that determination.

15. TAXES. If this proposal includes furnishing labor to install products, applicable use taxes have been included in the prices quoted. However, no other tax imposed in respect of the sale of the products sold hereunder is included in any quotation by Seller. Any tax shall be added and paid by Buyer as part of the purchase price.

16. BUYER'S RIGHT OF TERMINATION. Buyer may terminate this contract in whole or in part upon notice in writing to Seller. Seller shall thereupon cease work and transfer to Buyer title to all completed and partially completed products and to any raw materials or supplies acquired by Seller especially for the purpose of performing this contract, and Buyer shall pay Seller the sum of the following.
(1) the contract price for all products which have been completed prior to termination,
(2) the cost to Seller of the material or work in process as shown on the books of Seller in accordance with the accounting practice consistently maintained by Seller plus a reasonable profit thereon, but in no event more than the contract price,
(3) the cost f.o.b. Seller's plant of materials and supplies acquired especially for the purpose of performing this contract, and
(4) reasonable cancellation charges, if any, paid by Seller on account of any commitment(s) made hereunder.

17. SELLER'S RIGHT OF TERMINATION. In addition to the other rights of termination provided for in this contract, and if this contract is made pursuant to any governmental rule or regulation, plan, order or other directive, upon the directive, effected or impaired termination thereof, Seller shall have the option of canceling this contract in whole or in part.

18. WAIVER. Failure or inability of either party to enforce any right hereunder shall not waive any right in respect to any other or future rights or occurrences.

19. DELIVERY. Unless otherwise agreed to in writing by the Seller, the Buyer hereby agrees to take delivery of the materials on this order within the later of thirty (30) days after the wanted date shown on the face of the order or within thirty (30) days after notification, oral or written, that the materials are ready for shipment. In the event that the Buyer does not arrange to take delivery of the materials in accordance with this Contract, Seller, at Seller's option, may,
(a) invoice the Buyer for the materials less freight if applicable, store the material in Seller's yard for a period not to exceed sixty (60) days from the date of invoice, charge a storage fee not to exceed 5% per month or fraction thereof of the selling price of the stored materials, add any applicable price increases listed on the face of the order, charge for any repair work to protective coatings harmed by weathering while such material is being stored; and charge applicable freight when shipment to the Buyer is made. Materials remaining in storage after sixty (60) days from the invoice date shall become the property of the Seller for disposition at the Seller's discretion. In that event, Buyer shall not be liable for the invoice price of the materials, but shall be liable for the storage fee and any repair work to protective coatings, or
(b) cancel the order and invoice the Buyer for cancellation charges, which shall be 25% of the selling price of the materials if the materials are standard, in-stock material, or the full selling price if the materials are special or nonstandard in nature and were especially fabricated for the Buyer.

20. PERIOD OF LIMITATIONS. Buyer and Seller agree that any action by Buyer against Seller for a breach of this contract, including any action for breach of warranty, or otherwise in connection with the goods sold under this contract, must be commenced by Buyer against Seller within one year after the cause of action therefore accrues.

21. CONFLICTING PROVISIONS OFFERED BY BUYER. Any terms and conditions of any purchase order or other instrument issued by the Buyer, in connection with the subject matter of this document, which are in addition to or inconsistent with the terms and conditions expressed herein, will not be binding on Seller in any matter whatsoever unless accepted by Seller in writing.

22. SEVERABILITY. In case any provision of this contract shall be declared invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired.

23. APPLICABLE LAW. This contract shall be governed by, and construed and enforced in accordance with, the laws of Ohio. Buyer and Seller specifically agree that any legal action brought relating to this contract will be brought and tried in the federal district court in Cincinnati, Ohio, or, in the absence of jurisdiction, the Butler County Court of Common Pleas in Hamilton, Ohio.

Contech - CONDITION OF SALES

1. ACCEPTANCE. This quotation is an offer to sell to potential customer(s). BUYER'S RIGHT TO ACCEPT THIS OFFER IS LIMITED TO BUYER'S ASSENT TO THE TERMS AND CONDITIONS PRINTED HEREON AND THE ATTACHED OR ACCOMPANYING QUOTE, AND NO TERMS ADDITIONAL TO OR DIFFERENT FROM THOSE IN THIS OFFER ARE BINDING ON SELLER. THERE ARE NO UNDERSTANDINGS, TERMS, CONDITIONS OF WARRANTIES NOT FULLY EXPRESSED HEREIN.

2. LIMITED WARRANTIES. Seller warrants that it can convey good title to the goods sold under this contract and that they are free of liens and encumbrances. Seller also warrants that the goods sold under this contract are free from defects in material and workmanship for a period of one year after the date of delivery. There are no warranties, express or implied with respect to products sold hereunder which are misused, abused, or used in conjunction with mechanical equipment improperly designed, used or maintained or which are used, supplied for use or made available for use in any nuclear application of which Seller has not been notified in writing by Buyer at the time of order for the products sold hereunder. SELLER MAKES NO OTHER WARRANTY WHATSOEVER, EXPRESS OR IMPLIED. ALL IMPLIED WARRANTIES OF MERCHANTABILITY AND ALL IMPLIED WARRANTIES OF FITNESS FOR ANY PARTICULAR PURPOSE ARE DISCLAIMED BY SELLER AND EXCLUDED FROM THIS CONTRACT.

3. LIMITATION OF BUYER'S REMEDIES AND SELLER'S LIABILITY. Seller's liability hereunder shall be limited to the obligation to repair or replace only those products proven to have been defective in material or workmanship at the time of delivery, or allow credit, at its option. Seller's total cumulative liability in any way arising from or pertaining to any product sold or required to be sold under this contract shall NOT in any case exceed the purchase price paid by Buyer for such products. IN NO EVENT SHALL SELLER HAVE ANY LIABILITY FOR COMMERCIAL LOSS, LOST PROFITS, CLAIMS FOR LABOR, OR CONSEQUENTIAL OR INCIDENTAL DAMAGES OF ANY TYPE, WHETHER BUYER'S CLAIM BE BASED IN CONTRACT, TORT, WARRANTY, STRICT LIABILITY, NEGLIGENCE, OR OTHERWISE. IT IS EXPRESSLY AGREED THAT BUYER'S REMEDIES EXPRESSED IN THIS PARAGRAPH ARE BUYER'S SOLE AND EXCLUSIVE REMEDIES.

4. LIMITATION OF BUYER'S REMEDIES AND SELLER'S LIABILITY FOR FAILURE OR DELAY IN DELIVERY. NO DELIVERY DATES ARE GUARANTEED. BUYER'S SOLE AND EXCLUSIVE REMEDIES AND SELLER'S ONLY LIABILITY FOR ANY DELAY IN DELIVERY SHALL BE LIMITED AS SET FORTH IN PARAGRAPH 3 OF THIS CONTRACT.

5. FORCE MAJEURE. In any event and in addition to all other limitations stated herein, Seller shall not be liable for any act, omission, result or consequence, including but not limited to any delay in delivery or performance, which is (i) due to any act of God, the performance of any government order, any order bearing priority rating or order placed under any allocation program (mandatory or voluntary) established pursuant to law, local labor shortage, fire, flood or other casualty , governmentel regulation or requirement, shortage or failure or raw material, supply, fuel, power or transportation, breakdown of equipment, or any cause beyond Seller's reasonable control whether of similar or dissimilar nature to those above enumersted, or (ii) due to any strike, labor dispute, or difference with workers, regardless of whether or not Seller's is capable of settling any such labor problem.

6. BUYER'S OBLIGATION TO PASS ON LIMITATION OR WARRANTIES AND REMEDIES. In order to protect Seller against claims by Buyer's buyer, if Buyer resells any of the goods purchased under this agreement, Buyer shall include the language contained in paragraphs 2 and 3 of this agreement, dealing with Seller's limitations of warranties and remedies, in an enforceable agreement with Buyer's buyer, or otherwise include language in an enforceable agreement with its buyer that makes Seller's limitation of warranties and remedies binding on its buyer. Buyer shall also include a provision in its agreement with its buyer applying Ohio law to any claims its buyer might assert against Seller with respect to goods manufactured by Seller, and requiring its buyer to bring any such action against Seller either in federal district court in Cincinnati, Ohio or the common pleas court for Butler County, Ohio. Buyer shall defend, indemnify and hold Seller harmless from any and all claims, causes of action, damages, losses or expenses (including reasonable attorneys' fees) that Seller incurs by reason of Buyer's failure to comply with this paragraph. paragraph.

7. PASSAGE OF TITLE. Title to the products sold hereunder shall pass upon delivery to the carrier at the point of shipment. Neither Buyer nor the consignee shall have the right to divert or reconsign such shipment to any destination other than specified in the bill of lading without permission of the Seller. Unless otherwise agreed Seller reserves the right to select the mode of transportation.

8. PAYMENTS AND LATE CHARGES ON PAST DUE ACCOUNTS. Buyer represents that Buyer is solvent and can and will pay for the products sold to Buyer in accordance with the terms hereof. If Buyer shall fail to comply with any provision or to make payments in accordance with the terms of this contract or any other contract between Buyer and Seller, Seller may at its option defer shipments or, without waiving any other rights it may have, terminate this contract. All deliveries shall be subject to the approval of Seller's Credit Department. Seller reserves the right, before making any delivery, to require payment in cash or security for payment, and if Buyer fails to comply with such requirement, Seller may terminate this contract. A late charge of 1-½% monthly (18% annual rate) or the maximum allowed by state law, if less, will be imposed on all past due accounts.

9. TRANSPORTATION CHARGES. Delivered prices or prices involving competitive transportation adjustments shall be subject to appropriate adjustment to reflect changes in transportation charges.

10. CLAIMS BY BUYER. Buyer shall thoroughly inspect products sold under this contract immediately upon receipt to verify for itself that they conform to the specifications of the contract. Buyer must notify Seller of claims for failure or delay in delivery within 30 days after the scheduled delivery date. Buyer must notify Seller of any claims for nonconforming or defective goods within 30 days after the nonconformity or defect was or should have been discovered. In addition, Seller must be given an opportunity to investigate the claim before Buyer disposes of the material, or else Buyer's claim will be barred. Seller shall incur no liability for damage, shortages, or other cause alleged to have occurred or existed at or prior to delivery to the carrier unless the Buyer shall have entered full details thereof on its receipt to the carrier.

11. MECHANICAL PROPERTIES, CHEMICAL ANALYSES. Data referring to mechanical properties or chemical analysis are the result of tests performed on specimens obtained from specific locations of the product(s) in accordance with prescribed sampling procedures, any warranty thereof is limited to the values obtained at such locations and by such procedures. There is no warranty with respect to values of the materials at other locations.

12. PATENTS. Seller shall indemnify Buyer against attorneys' fees and any damages or costs awarded against Buyer in the event any legal proceeding is brought against Buyer by a third person claiming the material delivered hereunder in itself constitutes an infringement of any U.S. patent, provided Buyer gives Seller prompt notice of any such suit being brought, gives Seller the opportunity to defend any such suit, and cooperates with Seller with respect to any such defense; unless the material is made in accordance with material designs, or specifications required by Buyer, in which case Buyer shall similarly indemnify Seller.

13. PERMISSIBLE VARIATIONS. The products sold hereunder shall be subject to Seller's standard manufacturing variations, tolerances and classifications.

14. TECHNICAL ADVICE. Buyer represents that it has made its own independent determination that the products it is purchasing under this contract meet the design requirements of Buyer's project and are suitable for Buyer's intended application. Buyer further represents that it has not relied in any respect on any written or oral statements or advice from Seller, other than the standard product specifications set forth in the most recent addition of Seller's published product brochures, in making that determination.

15. TAXES. If this proposal includes furnishing labor to install products, applicable use taxes have been included in the prices quoted. However, no other tax imposed in respect of the sale of the products sold hereunder is included in any quotation by Seller. Any tax shall be added and paid by Buyer as part of the purchase price.

16. BUYER'S RIGHT OF TERMINATION. Buyer may terminate this contract in whole or in part upon notice in writing to Seller. Seller shall thereupon cease work and transfer to Buyer title to all completed and partially completed products and to any raw materials or supplies acquired by Seller especially for the purpose of performing this contract, and Buyer shall pay Seller the sum of the following:
(1) the contract price for all products which have been completed prior to termination,
(2) the cost to Seller of the material or work in process as shown on the books of Seller in accordance with the accounting practice consistently maintained by Seller plus a reasonable profit thereon, but in no event more than the contract price,
(3) the cost f.o.b. Seller's plant of materials and supplies acquired especially for the purpose of performing this contract, and
(4) reasonable cancellation charges, if any, paid by Seller on account of any commitment(s) made hereunder.

17. SELLER'S RIGHT OF TERMINATION. In addition to the other rights of termination provided for in this contract, and if this contract is made pursuant to any governmental rule or regulation, plan, order or other directive, upon the directive, effected or impaired termination thereof, Seller shall have the option of cancelling this contract in whole or in part.

18. WAIVER. Failure or inability of either party to enforce any right hereunder shall not waive any right in respect to any other or future rights or occurrences.

19. DELIVERY. Unless otherwise agreed to in writing by the Seller, the Buyer hereby agrees to take delivery of the materials on this order within the later of thirty (30) days after the wanted date shown on the face of the order or within thirty (30) days after notification, oral or written, that the materials are ready for shipment. In the event that the Buyer does not arrange to take delivery of the materials in accordance with this Contract, Seller, at Seller's option, may,
(a) invoice the Buyer for the materials less freight if applicable, store the material in Seller's yard for a period not to exceed sixty (60) days from the date of invoice; charge a storage fee not to exceed 5% per month or fraction thereof of the selling price of the stored materials, add any applicable price increases listed on the face of the order, charge for any repair work to protective coatings harmed by weathering while such material is being stored; and charge applicable freight when shipment to the Buyer is made. Materials remaining in storage after sixty (60) days from the invoice date shall become the property of the Seller for disposition at the Seller's discretion. In that event, Buyer shall not be liable for the invoice price of the materials, but shall be liable for the storage fee and any repair work to protective coatings, or
(b) cancel the order and invoice the Buyer for cancellation charges, which shall be 25% of the selling price of the materials if the materials are standard, in-stock material, or the full selling price if the materials are special or nonstandard in nature and were especially fabricated for the Buyer.

20. PERIOD OF LIMITATIONS. Buyer and Seller agree that any action by Buyer against Seller for a breech of this contract, including any action for breach of warranty, or otherwise in connection with the goods sold under this contract, must be commenced by Buyer against Seller within one year after the cause of action therefore accrues.

21. CONFLICTING PROVISIONS OFFERED BY BUYER. Any terms and conditions of any purchase order or other instrument issued by the Buyer, in connection with the subject matter of this document, which are in addition to or inconsistent with the terms and conditions expressed herein, will not be binding on Seller in any matter whatsoever unless accepted by Seller in writing.

22. SEVERABILITY. In case any provision of this contract shall be declared invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any wey be affected or impaired.

23. APPLICABLE LAW. This contract shall be governed by, and construed and enforced in accordance with, the laws of Ohio. Buyer and Seller specifically agree that any legal action brought relating to this contract will be brought and tried in the federal district court in Cincinnati, Ohio, or, in the absence of jurisdiction, the Butler County Court of Common Pleas in Hamilton, Ohio.

Bid Opening: October 15, 2014

Cook Concrete Products, Inc.
State of California Small Business Certified #1014327

Gentlemen:

We are pleased to submit the following quote for material which we can supply for the above job.

Item
42 **MINOR CONCRETE (MINOR STRUCTURES)**

Precast Concrete Inlets:
Manufactured to Caltrans and project specifications. Oversize pipe openings are sized and located per plans. Floors are included and poured with specified outflow slope. Steps are included. Cubic yards shown below are from "Drainage Quantities" chart.

Precast Inlets are made with separate top sections to "provide means for final grade adjustments" as required by Caltrans Std. Specs. 51-1.02 Para. 3.

Frames and grates are quoted separately under Item Number 56. (Not included in $/CY below).

	Qty	Avg CY/Inlet	$/CY	Total $
G-0 Inlet	10 ea	1.46	$630.00	$9,198.00
GD0 Inlet	6 ea	1.70	$636.00	$6,487.20
GCP Inlet Base	4 ea	0.40	$675.00	$1,080.00

Total Cubic Yards/Inlets	26.40
Total $	$16,765.20
Average $/Yard/Inlet	$635.05

October 15, 2014
Quotation #V-6890

Subject: CDOT Contract No. 02-4E90U4
Tehama County, CA

Attached please find a list of materials that can be furnished by Cook Concrete Products, Inc. for the subject job.

Conditions and Terms of Quotation

1. Prices are delivered and unloaded, accessible to truck under its own power, as acknowledged. All prices are based on truckload shipments. Delays in unloading shall be charged at $75 per hour. Scheduling of material deliveries to be agreed upon between Buyer and Seller. Freight rate based on today's current fuel cost of $3.90 a gallon. Our Freight rate will be adjusted when the freight rate increases or decreases by 5% at the time of shipment.

2. Prices apply only to project specified. Materials listed by quantity are not a guaranteed billing of materials but are our interpretation of project requirements of the items that can be furnished by Cook Concrete Products, Inc. Our invoice will reflect the unit prices shown herein, for the actual quantities delivered.

3. Prices quoted do not include sales tax.

4. Terms: Net by the 10th of the month following delivery of materials. A late charge of 1½% per month will be assessed on past due accounts over 30 days. Payment to Cook Concrete Products, Inc. is express obligation of the Buyer and is not dependent upon "The condition precedent" of the Buyer receiving funds from other sources. Credit card not accepted for quoted projects.

5. Prices are firm for duration of this job, if purchase order is received within 30 days and shipment begins within 90 days from the bid opening date, October 15, 2014.

PROJECT: Caltrans Co. # 02-4E90U4 Hwy 32 Paving
10/15/2014

EXCLUSIONS OF PROJECT PROPOSAL (These exclusions shall become part of any subsequent contract)
The following costs are specifically <u>not</u> included in this proposal, unless the activity is expressly stated in the proposed scope of work. This list is not necessarily an exhaustive list.

1) Any and all bonds specific to this project.
2) Permits, fees, engineering, surveying, construction staking, survey monuments, inspections, and/or testing.
3) Obtaining right-of-way for construction operations and/or access to the site.
4) Obtaining encroachment permits.
5) Site clearing, stripping, demolition of surface or buried debris.
6) Screening of excavated material, soil pesticides, soil sterilization, soil treatment or amendment.
7) Loading, moving or placing boulders and/or large rock that may not be incorporated in fill areas. Boulders and/or large rocks will be pushed outside the work area. They can be moved or buried on a "Time and Material Basis".
8) Removal and/or replacement of unsuitable subgrade or baserock materials.
9) Dust control
10) Adjusting or locating utilities, drainage grates, or survey monuments to grade.
11) Capping, sealing or abandoning of wells.
12) Water meters or sewer cleanouts.
13) Removal or relocation of existing utilities. Any relocation or removal of utilities is to be completed by others prior to the start of construction of the impacted phase of work.
14) Installation of underground facilities, irrigation systems or utilities.
15) Prime coats, fog seals, slurry seals or microsurfacing.
16) SWPPP, dust control plan, water pollution plan, storm water control, erosion control, straw mulching, planting, seeding, silt fence, site winterization or restoration to pre-winter condition.
17) Progress Schedule (Critical Path).
18) Electrical facility repairs or installation.
19) Working at night or weekends
20) AC dikes, pathways, walkways, speed bumps, misc. paving .
21) Sawcutting, removal of existing surfaces or preparation for AC Paving.
22) Architectural pavement stamping/texturing/pavers.
23) Signs, barricades, permanent or temporary striping or flexible reflective markers, and pavement markings.
24) Traffic Control of any type.
25) Maintenance or removal of floppies or temporary tape.
26) Repairs to existing roadways for damage caused by construction traffic.
27) Winter maintenance, including pumping rainwater, constructing temporary roads, soil treatments or other work to make the site workable during times of inclement weather.
28) Portable changeable message boards.
29) Relocation or installation of permanent or temporary fencing.
30) Landscape grading, header boards, import or placement of topsoil, overexcavation or backfilt of planters, planter strips or lawn areas.
31) Concrete (curbs, sidewalks, driveways, slabs, pads, valley gutters, trash enclosures, etc.) and all preparatory work for concrete.
32) Drilling, blasting or any rock excavation.

Please initial_____

PROJECT: Caltrans Co. # 02-4E90U4 Hwy 32 Paving
10/15/2014

TERMS OF PROJECT PROPOSAL (These terms shall become part of any subsequent contract)

1) This is a unit price based contract; actual pay quantities based on work performed for this project.
2) Prices are subject to review of final plans, soils report and contract documents.
3) Our proposal is based on your quantity takeoff as derived from the bid set of plans. Should there be any discrepancies between the final approved plans and the bid plans, adjustments may be made to the bid unit price.
4) **All asphalt concrete paving prices in this proposal are based on Section 9-1.07 Compensation Adjustments for the Price Index Fluctuations. Any such payment adjustments resulting from this Section shall belong entirely to Knife River Construction.**
5) We have based our proposal on being awarded all of the work included in this quotation and the entire project being constructed concurrently under one contract. If portions of work are to be deducted from KRC's scope of work, we will revise our proposal
6) Unless otherwise expressly stated, this proposal is based on paving being performed in the calendar year dated on the proposal. If paving cannot be completed in this timeframe, additional costs for energy surcharges, increase in material transportation costs or liquid asphalt price.escalations, will be added to the final contract price
7) Prices include one move in for asphalt paving. Additional move-ins will result in additional costs due to reduced productivity and added mobilization charges. Unit prices and/or mobilization charges will be adjusted accordingly.
8) A minimum of three weeks notice with a schedule is required to schedule a move-in, subject to minor adjustments. Project schedule shall be mutually agreeable to KRC and the Owner/Client.
9) Schedules are subject to extensions caused by unfavorable weather conditions, lack of site accessibility, labor disputes, delay of material deliveries, vandalism, and/or acts of God.
10) Our proposal is based on having clear, unobstructed continuous access to all areas of work for each stage of work.
11) The start of home construction prior to completion of KRC's work will directly impact our construction efficiencies. If building construction commences prior to completion of our work, impacts to contract prices and schedule will be negotiated with Owner/Client.
12) Any overtime requested by the Owner/Client to expedite completion will be subject to additional charges that will be negotiated prior to performance of the work.
13) This proposal is based on availability of an on-site water source; no provision for rationing is included.
14) The site has been represented to KRC as being free from hazardous and/or toxic substances. KRC shall not be responsible for testing to determine the presence or absence of hazardous and/or toxic substances, nor the removal of any liability that might otherwise be incurred by KRC as a result of the presence of any hazardous and/or toxic substances at , or under, the site, or in any fill material.
15) This proposal excludes wet weather conditions, soil stabilization work, lime treatment or stabilization fabric. Any work requested by the Owner/Client to be performed in inclement weather or over optimum moisture conditions will result in additional costs that will be negotiated by the Owner/Client.
16) Existing soils onsite are figured to be suitable for all project applications. Handling of spoils generated by others is Not included in this proposal.
17) Owner or Prime Contractor to certify agg base grade prior to paving.
18) Prices are based on placing a single lift of asphalt paving for lift thicknesses up to 3". Dividing single-lift sections into multi-lift sections will result in additional costs that will be negotiatsd prior to performance of the work.
19) Prices are based on using ½"or 3/4" PG 64-10 Asphalt Concrete in conformance with CalTrans Standard Specifications.
20) AC paving is based on finish grade and thickness tolerances as detailed in the Caltrans standard specifications, therefore the structural section dimensions shown on the plans are to be interpreted as average depths and not minimum dept
21) When SS-1 fog seal is included in our proposal, it is our intent to apply the seal immediately after paving. Any delay caused by the Owner/Client could result in added cost for sweeping and washing.
22) KRC will not honor any "back-charges" or deductions in payment that have not been authorized in writing by an authorized agent of KRC.
23) All "extra work" shall be in writing and signed by both parties prior to beginning any extra work. "Extra work" will be performed on a "Time and Materials Basis" at cost plus 15%.
24) KRC will perform its contract work in accordance with project specifications and industry standard practice. KRC does not assume responsibility for damages, losses or overruns due to unsuitable soil conditions, failed subgrade, poor compaction on agg base, poor design, high or low grade and/or actions of others.
25) This proposal is based on using conventional construction equipment and practices. We are not responsible for structure damage resulting from vibrations from our equipment or any reason other than negligence.
26) Material and workmanship warranty is limited to one year from physical completion of KRC contract work.
27) This project is subject to California Mechanic's Lien Laws.
28) Patching to be performed on grade prepared by others.
29) All manhole, water valve, and cleanout iron to be left 6 inches below subgrade elevation.

Please initial_____

General Conditions

Effective July 1, 1984, the "Notice to Owner" form required by Section 7018.5 of the Business and Professions Code shall be that set forth below.

NOTICE TO OWNER

Information about the Contractors State License Board (CSLB): CSLB is the State consumer Contact CSLB for information about the licensed contractor you are consitering, includint Including information about disclosable complaints, disciplinary actions and civil judgments that are reported to CSLB

Use only licensed contractors. If you file a complaint against a licensed contractor within the legal deadline (usually four years), CSLB has authority to investigate the complaint. If you used an unlicensed contractor, CSLB may not be able to help you resolve your complaint. Your only remedy may be in civil court and you may be liable for damages arising out of any injuries to the unlicensed contractor or the unlicensed contractor's employees.

For more information:

Visit CSLB's Website @ www.cslb.ca.gov

Call CSLB @ 800-321-cslb (2752)

Write CSLB @ P.O. Box 26000, Sacramento CA

GENERAL TERMS AND CONDITIONS

The work will be completed as quickly as possible, weather, soil and other conditions permitting.

The Seller will not be responsible for failure to make delivery when prevented by strikes or other labor conditions, accidents or necessary repairs to machinery; by fire, floods or other adverse weather conditions; by inability to procure transportation, electric power, materials or machinery; by Government regulation, requirements, or orders ; by acts of God, by acts of public enemies, mobs or violence, or by any other cause beyond the Seller's control.

Unless otherwise agree, it is understood that the work will be performed during regular working hours of regular working days. If overtime work is required it is mutually agreed that an additional price, at the Seller's usual rate for such work, shall be charged to the Purchaser and he/she agrees to pay for the same under the same terms as herein set forth.

This proposal is made on your warranty that our right to Mechanics' Lien has not been, or is not waived.

No charges for labor or material furnished by the Purchaser shall be allowed as a credit on this agreement unless authorized in writing by the Seller at the time of the transaction.

Unless otherwise provided herein, this agreement is made at the office of Knife River Construction, Chico, California, and all payments shall be made at such place on or before the 10th of each month and shall be for 100% (one hundred per cent) of the proportion of the contract price representec by the work performed during the preceding month. Final payment shall be made at said office within 20 (twenty) days after completion of work covered by this proposal.

All payments shall be made as provided for in this Contract.

The Purchaser agrees to pay the Seller as a late charge on all past due balances 1 1/2% per month or the maximum rate otherwise permitted by law whichever is the lesser.

In the event that legal action must be taken to enforce the terms of this Agreement, the prevailing party shall be entitled to reasonable attorney fees and costs.

Notwithstanding the rights afforded the Seller under and by virtue of the Mechanics' Lien Law of the State of California, and further notwithstanding any and all other terms of the herein Agreement, Seller and Purchaser agree that a default in the form of nonpayment of progress payments as per the General Conditions of this Contract will be considered a default on the part of the Purchaser, and Seller shall have the right to immediately cease work and collect all payments for work performed. Any such cessations of work by Seller will not be considered a default on its behalf. Seller shall not be required to complete any and all remaining work until such time as payment in accordance with the terms of the Contract is satisfied.

This proposal is made subject to Knife River Construction's approval of customer credit.

Contractors are required by law to be licensed and regulated by the Contractors' State License Board which has jurisdiction to investigate complaints against contractors if a compliant regarding a patent act of omissionis filed within four years of the date of the alledged violation. A complaint regardinga latent act of omission pertaining to structural defects must be filed within 10 years of the date of the alleged violation. Any questions concering a contractor may be referred to the Registrar Contractors' State License Board, PO BOX 2600, Sacramento. CA , 95826

Job Description

CALTRANS 02-4E90U4

Terms

Plant	Item	Description	Approx Quantity	UOM	Price Per Unit	Total

The project special provisions allow for "Compensation Adjustments for Price Index Fluctuations,, for asphalt concrete products. The offered price is based on the entire increase/decrease of the oil price index fluctuations being passed on to Knife River's oil supplier. The apparent low bidder shall sign, accept and return Knife River's Material Sales Offer (MSO) within 3 calendar days of the bid opening showing intent to purchase the asphalt concrete products. If prime contract is not awarded, MSO shall be considered null and void. Knife River will not honor any MSO for asphalt concrete products for which we have not received written notice of intent within the timeline stated above. Plant night's and weekend's are subject to opening fees. Price based on an 10 hr shift each additional hour will be billed at $400.00 per hour. If AC quantity is less than 750 tons for a night shift a night opening fee of $1000 will be charged.

Knife River will charge $12,500.00 for each required mix design. Knife River also requires 12 weeks written notice when you propose to start jobs with special mixes. Knife River will supply cold feed gradations, moisture content, SE and oil contents. TSR tests and Hamberg test will be charged at $1100 each. All other testing and inspection is excluded. All mix made for job mix verification will be charged to customer.

Price based on supplying asphalt products during normal construction season (May thru October) from Orland

Orland Asphalt Plant will not produce for less than 300 tons per day.

Chico Yard recycled AB is on a first come first serve basis, supply may be limited.

ORLAND ASPHALT	22171403	3/4" PG 64-28M W/LIME	10,900.00	Ton	75.00	817,500.00
ORLAND AGG	2230307	3/4" CL 2 AGG. BASE	16,000.00	Ton	9.00	144,000.00
CHICO AGG	2260307	3/4" AGG. BASE (RECYCLED)	16,000.00	Ton	10.25	164,000.00

Prices do not include Sales Tax or Freight.

This quotation is subject to Knife River Construction standard terms and conditions, unless other arrangements have been made, and is velid for days. Thareafter it is subject to changed without notice. This agreement sheli become binding only upon the Buyer's written acceptanca hereof in the spaced indicated below, or upon Sailer's commencing performance and upon such acceptance or commencement of performance shall constitute tha entire contract and be binding upon the parties hereto, there being no convenents, promises or agreements, written or otherwisa, except as herein set forth. Credit must be established with our company prior to charging any materisi. If an account is not set up, payment must be received prior to transfer of ownership of material. Please see attached Standard Terms.

Knife River Construction By:
MARC I.

We accept the prices above for the specific job stated for which the undersigned agrees to pay the amounts specified according to the terms and other conditions stated above.

Date: _____ By: _____ Title: _____

Knife River Construction

This and all Knife River Construction. Material Sales Offers are subject to the following conditions:
Knife River Construction (KRC) is not responsible for any damage, delay, stoppage, or non-performance due to, in whole or in part, any or all the following: Disruption of the supply of required products and/or materials necessary for production, disruption of electrical power and/or energy supply, mechanical breakdowns, acts of God, acts of public enemies, public unrest, compliance with government/agency laws and/or regulations, disruption of the supply of labor, weather and/or any other cause beyond the reasonable control of Knife River Construction.

Standard Terms and Conditions

1. The Purchaser must submit to KRC a signed proposal or P.O. within 10 days of project award or within 30 days of the date on the Material Sales Offer, whichever is earlier, to secure the offered price. The Purchaser will pay for any increase in the cost of production due to Purchaser not providing a signed proposal or P.O. within 10 days of project award or within 30 days of the material Sales Offer, whichever is earlier.
2. **Price Escalation**: Upon accepting this Material Sales Offer, Purchaser acknowledges that the price of raw materials (i.e. fuel, liquid asphalt, lime, etc.) may increase during the term of this material supply agreement. In the event that Seller incurs cost increase(s) in raw materials in excess of 5% for the material to be supplied then Purchaser and Seller shall negotiate to mutually agree upon a revised price for the material yet to be delivered under this offer. If the parties cannot agree upon a revised price for such material, then either party may, upon two (2) days written notice, terminate this agreement with respect to any material not yet delivered to purchaser as of the date of termination.
3. KRC does not guarantee the availability of all products. Please contact the plant for availability and scheduling information at least 3 weeks prior to pickup. If a proper notice is not given, the Purchaser may be subject to delays. Specially graded products require a minimum of 90 days notice to ensure production.
4. HMA plants may not be operated in the event that insufficient daily orders are received to warrant production. Additional startup fees may apply for small quantity production that is performed specifically to meet individual Purchaser's requirements.
5. KRC Material Sales Offer prices are based on U.S. tons (2000 lbs.) and do not include sales tax or freight.
6. Unless otherwise modified in writing, all Material Sales Offers are based on production and delivery during standard/regular/normal work-hours and workdays as defined by KRC. After-hours work and/or night work and/or weekend work is subject to an additional opening fee.
7. Unless otherwise modified in writing, for HMA Material Sales Offers for QC/QA projects that include a pay-factor pay adjustment by the owner/agency, KRC will participate in gradation and oil content pay adjustments only. The basis for adjustment will be the HMA price f.o.b. the plant.
8. Unless otherwise modified in writing 3/4" & 1/2" HMA production is based upon a design conforming to the Caltrans mix-design process that can and does at times include the use of recycled asphalt pavement.
9. Unless otherwise modified in writing, standard HMA Material Sales Offers include liquid asphalt conforming to Caltrans PG 64-10 Asphalt Binder.
10. Material gradations are guaranteed at the plant in the stockpile. KRC is not responsible for product degradation due to handling, field conditions, or sampling errors after loadout from stockpiles.
11. Cancellations must be made to KRC by 2:00 p.m. on the date prior to the start of scheduled production or Purchaser will be subject to a cancellation fee.
12. Supply is not guaranteed. Other conditions may apply.

Complete Agreement. Purchaser's acceptance is expressly limited to the terms and conditions of this Material Sales Offer. Placing a purchase order, accepting delivery of goods or any other acknowledgement of this Material Sales Offer by Purchaser shall constitute an acceptance of the terms and conditions of this Material Sales Offer by Purchaser.

Limitations of Express Warranties; Disclaimer of Implied Warranties. Seller warrants that at the time and place of delivery the goods will conform to the express warranties set forth herein. The parties agree that the express warranties set forth herein are the only express warranties applicable to the goods described herein. **SELLER DISCLAIMS ALL IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.** The materials offered are not warranted to be acceptable for any particular use, purpose or application, nor are they warranted to be acceptable for use in any particular environment or in conjunction with any particular soil conditions. Purchaser's selection of the material, unless otherwise acknowledged in writing by KRC will be deemed to be without the advice, consultation, recommendation or suggestion of KRC and Purchaser assumes all risk related to the selection of the material for any particular application." On receipt of the goods, or any portion thereof, Purchaser shall promptly inspect and test all goods for conformity to express warranties and specifications before using the goods, reselling them or commingling them with goods of the like kind. Unless Purchaser shall give written notice to Seller of any non-conformity of the goods to express warranties and specifications within 10 days of receipt and, in any event, prior to use, resale or commingling with goods of the like kind, any non-conformity or breach of express warranties is waived.

Limitation on Damages. If Purchaser claims breach of warranty, Purchaser shall permit Seller to examine the test and goods. Purchaser's exclusive remedy for breach of any warranty shall be, at the option of Seller, replacement of the non-conforming goods f.o.b. delivery point, or the cost to replace the non-conforming goods f.o.b. delivery point or a refund of the purchase price paid for the goods. Seller's liability for any other breach of this agreement shall be limited to the difference between the market price of the goods described herein, f.o.b. delivery point, and the price set forth in this agreement. Seller shall not be liable for any delay, loss of profits, additional expense, claims of third parties, or any other special, incidental or consequential damages of Purchaser arising from breach of this agreement, breach of warranty, negligence, strict liability or any other cause. Purchaser acknowledges that but for such agreement regarding the limitation of damages, the price of the goods would be higher.

Plan Holders
Caltrans #02-4E90U4
Quote No. 23498

1. SCOPE

WE PROPOSE TO **FURNISH ONLY AS NOTED** THE FOLLOWING FOR THE ABOVE PROJECT IN ACCORDANCE WITH THE FOLLOWING TERMS AND CONDITIONS. **NOTE:** ONLY THOSE ITEMS LISTED IN OUR PROPOSAL ARE ADDRESSED. IF AN ITEM IS NOT LISTED IT IS NOT INCLUDED.

Our Proposal Is Based On:

- Drawings: Caltrans DD-1,through, DQ-5
- Sheets: 19through 37
- Specifications: 8-3 and Standers specification
- Addendum No.: 1

Metal Works is pleased to offer the following:
FABRICATION ONLY PRICE

1. Fabricate and supply grates and frames for inlets all supplied with plain finish. Bid item #56 item code #750001. **(Note: this is grates and frames only)**

10ea G-0 with 24-12X grates and frames
5ea GCP with 36-R grates
6ea GD0 with 2ea 24-12 grates and frames

Price: $9,710.00
Tax: $729.00
Total: $10,439.00

Our standard submittal package includes: shop drawings, WPS's, Welder Qualifications.

Job Specific Exclusions:

- All items not specifically included above
- Field welding
- All rectangular concrete channels under miscellaneous iron and steel
- Inspection for CWI (Can be supplied with addition cost)
- Quality control plans (Can be supplied with addition cost)
- Field verifying
- Installation

Standard Exclusions:

- All items not specifically included above
- Items not explicitly called out on the construction documents

MetalWorks

- Inspections
- Welding quality control plan
- Welding inspection costs
- Cost associated with welds that have to be qualified by procedure
- Cost of third party inspections
- Cost of deputy inspector (if required)
- Material or welding tests
- Testing
- Engineering calculations and stamps
- Special insurance not specified in the contract documents
- Premium pay for overtime
- Down time and loss of productivity due to interference caused by others
- Liquidated damages unless specifically due to our negligence

Additional Clarifications:

- Payment Terms: Net 30 days with payments from date of invoice on material received in our yard and labor performed.
- This quotation is valid for 30 days from the above date. Metal Works must be notified within 20days if our quotation was used for biding purposes so that we may secure the above pricing.
- After receipt of PO Metal Works will supply you with a schedule of activities which will include detailing, fabrication, and inspection and delivery time frames. Please keep in mind that Metal Works will not fabricate until we receive complete approved shop drawings.
- This quotation has been provided based upon our interpretation of the hardware/ fasteners as shown in the plans. If these items are rejected in the submittal process, the General Contractor could be subject to additional costs to comply with someone else's interpretation.
- Metal Works will not be held liable or responsible for any delays and damages incurred by the General Contractor for not meeting the contract schedule.
- Metal Works intends to purchase and store all materials for full scope of work at the beginning of the project to avoid future material price escalations.
- In the event Metal Works is the successful low bidder, this scope of work and items herein shall be made an appendix to the subcontract or P/O agreement. Unless otherwise agreed upon by Metal Works.
- Material is based on the best unit pricing available at bid time Latest edition of AISC Standard Practice
- Design drawings must be complete and final prior to detailing. Any changes may cause delays in schedules and have an impact on cost.
- All work to comply with current OSHA safety regulations. More stringent safety policies for the project may result in price revisions.
- All work to be performed during a standard workweek. No overtime is

MetalWorks

allowed in our proposal.

- FOB Oroville with freight allowed to job cite CA. An on site forklift (with operator) available for off loading. Coordination for off loading must be accomplished to allow truck to have approximately one hour for off load
- Standard insurance requirements. Any insurance requirements beyond standard limits will be reviewed and charged accordingly.

Regards,

Floyd Harris
METAL WORKS

I have read and understand the scope of work that is included in this quotation and agree that the offered price is based solely on the complete conditions included in this quotation. Any changes and / or modifications to this scope of work / quotation must be agreed on by both parties and may result in a change in pricing and delivery times. Upon receipt of our signed quotation Metal Works will begin work on your project.

AN EQUAL OPPORTUNITY EMPLOYER

Bid Date: October 15, 2014
Contract No: CDOT# 02-4E90U4
Location: Teh-32-18 miles east of Forest Ranch

GENERAL CONDITIONS
BID # 5345

1. Unless specifically excluded in our SPECIAL CONDITIONS, subcontractor will provide traffic control for his items of work at no cost to Contractor and includes **ONE MOVE-IN** for his work

2. **INSURANCE-** Limits of liability, $2,000,000 general aggregate. Limits of workers compensation, $1,000,000. Excess/Umbrella Liability, $5,000,000. No railroad insurance. No Pollution Liability Insurance. No Riggers Liability Insurance. Cannot provide insurance or additionally insure home builders.

3. MBI's obligations with regard to defense and indemnity stated in any Subcontract Agreement shall be consistent with and limited by the provisions of Senate Bill 474, Civil Code Section 2782, and Civil Code Section 2782.05.

4. If requested, Subcontractor will furnish Surety Bonds on MBI's Surety or UCON forms only. Premium of **1%** of Subcontract amount for projects less than 2 years in duration, plus additions, shall be paid by Contractor.

5. Contractor shall furnish Subcontractor one set of contract plans and specifications, including all addenda.

6. Subcontractor excludes survey controls and staking, all electrical and lighting work, permits and fees, as built or record drawings.

7. Contractor shall not sign any Contract Change Order affecting Subcontractor's work, without the Subcontractor's prior written authorization.

8. Contractor shall furnish Subcontractor a progress schedule and all subsequent revisions, showing the dates the Subcontractor's items of work will be required. Subcontractor will furnish Certificates of Labor Non-Performance if required by the Specifications.

9. When extra work is paid on a force account or agreed price basis for work performed by the subcontractor, the additional mark up as described in FORCE ACCOUNT PAYMENT OF the STANDARD SPECIFICATIONS shall be total reimbursement to the contractor for his administrative and/or other costs.

10. Contractor shall reduce each payment to Subcontractor by the same retention percentage as the Contractor's payment from the Owner is reduced. Retained percentage shall be paid to Subcontractor promptly after Contractor receives payment of retention from Owner.

11. Addendum(s) number 1 - (is) are acknowledged.

12. Project is bid for completion within 55 plus 60 Working Days as stated in Special Provisions.

13. Subcontract documents **will not be accepted** and executed if applicable General and Special Conditions are not attached to the subcontract, as quoted. Contractor's signature, or by first allowing MBI to begin work on the project, shall serve as evidence of acceptance of these conditions.

Project Manager
Steve Manning Construction, Inc.
P.O. Box 491660
Redding, CA 96049-1660

SUBJECT: CONTRACT # 02-4E90U4 - Tehama County

Mundo Environmental, Inc. (MEI) is pleased to submit this proposal to provide **on-call** Environmental Construction Oversight Services for this project as it pertains to soil and/or groundwater contamination that may be encountered during construction.

Our fee schedule is itemized on Table 1. Indirect costs are included in our pricing.
Prices will be valid through 2015. Labor cost increases will be 5% per year after 2015.

We have strict Health and Safety procedures and training.
We do not have any recordable incidents or days lost due to injuries or accidents.
MEI can provide enough personnel so a 40-hour work week will not be exceeded.
Prevailing Wages do not apply to our professional services.
All our personnel are Hazwoper trained.

MEI has DBE and SBE certifications, and we qualify as VSBE.
Appendix A includes our certifications.

Environmental monitoring services will include:

- Direct, close observation of excavations to monitor for stained soil, hydrocarbon odors, and potential contamination that may be encountered.
- Screening of excavated soil with a calibrated Photo-Ionization Detector (PID).
- Monitoring of excavation with a calibrated portable Methane Detector.
- Assistance to comply with South Coast Air Quality Management District (SCAQMD) regulations, including Rule 1166.
- Manage stockpiles of excavated soil in accordance with Best Management Practices (BMPs).
- Soil and groundwater sampling in accordance with regulations.
- Analytical data collection, interpretation, and management.
- QA/QC.
- Conduct daily tailgate safety meetings and document attendance in accordance with standard Health and Safety Plan protocols.
- Coordinate and monitor transport/disposal of contaminated soil and groundwater.
- Manage transport manifests and disposal documentation.

TABLE 1: MUNDO ENVIRONMENTAL FEE SCHEDULE

Labor Category	Rate	Monitoring Schedule	Cost
Principal	105.00	Support vehicle (per day, includes mileage)	75.00
Program Manager	82.00	Photo-Ionization Detector (per day)	85.00
Project Director	73.00	PPE (per person)	18.00
Senior Project Manager	58.50	55 gallon DOT-approved drum	45.00
Project Manager	53.00	Brass sampling tubes (each)	6.00
Professional Geologist (PG)	47.00	EPA 5035 sample container (each)	12.00
Project Geologist/Scientist	41.00	Turbidity meter (per day)	38.00
Geologist/Scientist	35.50	pH/conductivity/temperature meter (per day)	25.00
Staff Geologist/Scientist	29.50	Tedlar bags (each)	19.00
Senior Technician	29.50		
Technician	23.75	Subcontract Analytical Tests (Per Unit)	Cost
Graphics Operator	23.75	8015B - TPHgasoline	28.75
Project Coordinator	30.75	8015 - TPH extractables Diesel, Motor Oil	40.25
Project Accountant	38.00	8260B - Volatile Organic Compounds	74.75
Clerical	21.25	6010B - Metals	97.75

Subcontract mark-up: 2%.
Weekend and holiday hours to be billed at 1.5 times the listed rates.
Rush sample costs to be billed at 2 times the listed costs.

MEI can collect soil and/or groundwater samples and analyze them for compounds which define "contaminated soils and groundwater„ according to regulatory agencies and as required by disposal facilities. The analytical data will also be used for stockpile management purposes.

On-site monitoring operations will be conducted by a Senior Environmental Technician (@ $29.50/hour) and/or a Professional Geologist (@ 47.00/hour). A minimum labor charge of 4 hours per day will apply for on-site operations per our Task Order forms.

Our Professional Geologists are also QSD/QSP-certified, and will assist with BMPs and Storm Water Pollution Prevention Plan (SWPPP) compliance.

Estimated cost for on call services: $8,000.
Total cost will depend on subsurface conditions that will be encountered.

Please contact us if you have any questions or need additional information.
We look forward to working with you.

Sincerely,

Rodrigo Proust
President

STATEMENT OF QUALIFICATIONS

Mundo Environmental, Inc. (MEI) operates as a network of environmental professionals that specialize in the preparation and oversight of small and large scale environmental engineering services for companies involved in high output, time sensitive construction projects. In addition to completing a variety of hazardous materials projects, MEI also manages projects from a compliance perspective.

Rodrigo Proust, President of MEI, is a California and Arizona Professional Geologist and has worked in the environmental field since 1993. MEI is a California corporation with representation in Arizona, California, and Colorado. From these locations we are able to serve our clients throughout the United States.

MEI has Disadvantage Business Enterprise (DBE) certification by the California Unified Certification Program, plus Small Business Enterprise (SBE) certifications by the Port of Long Beach and the Southern California Regional Rail Authority. Copies of the certifications are attached.

Since 1995 our team has completed over 14,000 projects involving environmental compliance, Phase I and Phase II Environmental Site Assessments, plus Asbestos and Lead investigations. We conduct site remediation involving contaminated soils and environmental oversight of road and telecommunication infrastructure construction projects, plus supervision of Asbestos and Lead abatement.

We currently provide environmental engineering services to T-Mobile USA, AT&T, and Sprint/Nextel. Our client base includes:

- Telecommunications companies evaluating potential liability associated with locating cellular and Personal Communication Service (PCS) telephone antennas on leased and owned properties, easements, and right of ways.
- Financial institutions, real estate companies, and property developers evaluating potential liability associated with new loans, property transfers, and new developments.
- Commercial and industrial facilities concerned with environmental liabilities.

Our team includes archaeologists, biologists, geologists, engineers, environmental scientists, and urban planners. All of them have a minimum of 10 years of experience in conducting hazardous materials assessments. We also provide services for inspection, sampling, evaluations, consultation and monitoring plus reporting for asbestos and lead abatement work conducted by contractors.

Our success is based on providing immediate response to our client needs. Our streamlined business model allows us to be more flexible and responsive than most of our competitors. Our structure is such that there is only one layer of communication between our Project Managers and the environmental professionals assigned to field operations.

Please contact us at 805-650-3311 or 805-340-6547 if you have any questions or need additional information. You may also visit our website: www.mundoenv.com .

CALIFORNIA UNIFIED CERTIFICATION PROGRAM
DISADVANTAGED BUSINESS ENTERPRISE CERTIFICATE

MUNDO ENVIRONMENTAL, INC.

71 SAN MARINO AVENUE
VENTURA, CA 93003

Owner: RODRIGO PROUST
Business Structure: CORPORATION

This certificate acknowledges that said firm is approved by the California Unified Certification Program (CUCP) as a Disadvantaged Business Enterprise (DBE) as defined by the U.S. Department of Transportation (DOT) CFR 49 Part 26, as may be amended, for the following NAICS codes:

NAICS Code(s) * Indicates primary NAICS code

* 541620 Environmental Consulting Services

562910 Remediation Services

Work Category Code(s)

C8713 CONSULTANT, ENVIRONMENTAL

J9510 ENVIRONMENTAL QUALITY

Licenses

RG Registered Geologist

CERTIFYING AGENCY:

LOS ANGELES COUNTY METRO TRANSPORTATION AUTHORITY (MTA)
ONE GATEWAY PLAZA
LOS ANGELES, CA 90012 0000
(213) 922-2600

UCP Firm Number : 40982

CUCP OFFICER

December 14, 2012

It is CUCP's policy and objective to promote and maintain a level playing field for DBEs in California on Federal-aid contracts. We ensure nondiscrimination in the award and administration of U.S. DOT assisted contracts based on the requirements of 49 CFR Parts 21 and 26.

Port of LONG BEACH
The Green Port

Small Business
Enterprise Program

www.polb.com/sbe

Certified Small Business Enterprise

Vendor Account Number: 275188
Rodrigo Proust
Mundo Environmental
71 San Marino Avenue
Ventura, CA 93003

Thank you for submitting your Vendor Application seeking Small Business Enterprise recognition with the Port of Long Beach (Port). Per our evaluation of the information you provided in your application and the North American Industry Classification System codes you identified, your status as a Small Business Enterprise (SBE) has been approved.

The Port is pleased to issue this SBE Certificate subject to the terms and conditions identified below:

NAICS code(s) for which SBE status is recognized: 237310,237990,541620,541690
SBE Certificate Effective Date: 10/10/13
SBE Certificate Expiration Date: 10/10/16

Work Performed by your firm that falls within the above-mentioned NAICS code(s) will be counted as SBE participation for work performed on contracts procured by the above Port.

The Port reserves the right to withdraw this certification if at any time it is determined that certification was knowingly obtained by false, misleading or incorrect information and reserves the right to audit all statements. If any firm attempts to falsify or misrepresent information to obtain certification, the firm may be disqualified from participation in any contracts for a period of up to five years.

SBE Certification is valid for a period of three (3) years. To maintain SBE status, firms must update their existing SBE Vendor Application on or before the expiration date stated above. All information is subject to verification.

If there are any changes in your status that may impact your certification, you are required to update your account information online. A copy of your information can be viewed by logging into your Vendor Profile, and visiting the Small Business Certification tab.

Sincerely,
Sashi Muralidharan
SBE Administrator
Port of Long Beach

925 Harbor Plaza, Long Beach, CA, 90802 Telephone (562) 283-7598 email: sbeprogram@polb.com

MEI also has DBE certification from Southern California Regional Rail Authority (SCRRA).

SIERRA CASCADE
Aggregate & Asphalt Products, Inc.

October 15, 2014

To: Interested Vendors

Subject: Caltrans Project #02-4E90U4 Highway 32 Tehama County

The following is a materials proposal for the above referenced project. Aggregate and Asphalt materials are quoted FOB our pit located at 6600 Old Ski Road, Chester, CA 96020.

ITEM	DESCRIPTION	QTY/UNIT	UNIT PRICE
30.	Shoulder Backing	Per Ton	$9.25/ton
34.	¾"-0 Fractured, Class II Base Rock	Per Ton	$8.75/ton
35.	HMA (Type A)	Per Ton	$71.50/ton
52.	Rock Slope Protection (Small)	Per Ton	$18.00/ton
53.	Rock Slope Protection (No. 1 Method B)	Per Ton	$16.00/ton
54.	Rock Slope Protection (No. 2 Method B)	Per Ton	$20.00/ton

- No QC/QA included at jobsite, only at plant
- Sales Tax is not included in price of material
- Trucking Available at the rate of $100.00 per hour

Respectfully Submitted
By: _____

Terms of Sale:
All prices are quoted on a job by job basis, in U.S. Standard Tons, F. O. B. plant. Above price quotation expires in 5 days; unless otherwise arranged. Advanced scheduling is required. Price does not include any QC/QA; unless noted otherwise. Supply of any/all materials is not guaranteed, the cost of any or all materials is subject to change at any time due to the cost of liquid A/C asphalt oil and/or fuel price increases. The cost of fuel and/or oil may directly affect the unit prices quoted. In the event diesel fuel escalates over $3.75/gallon there may be a fuel surcharge. Price based on loading between 7:00 am to 5:00 pm Monday thru Friday. Oil index to be paid to Sierra Cascade Aggregate & Asphalt Products, Inc. Sierra Cascade Aggregate & Asphalt Products, Inc. must have 60 day prior written notice for asphalt in order to have job mix verification approval. There will be no back charges to Sierra Cascade Aggregate & Asphalt Products, Inc. for any downtime.

This quote is an offer to furnish products listed above. Upon signature of this contract, seller will produce material and buyer will be contractually obligated to purchase said material. A cancellation of order by buyer will still result in a charge of up to 85% of produced material.

This quotation is specific to the Contractor and the project referenced above. Anything not specifically included in quote will be considered excluded. The offer to sell these materials is contingent upon the Contractor completing and signing Sierra Cascade Aggregate & Asphalt Products, Inc's credit application, approval of Contractor's credit by Sierra Cascade Aggregate & Asphalt Products, Inc. and acceptance of the terms contained in this quotation. If Sierra Cascade Aggregate & Asphalt Products, Inc. decides not to sell these materials to the Contractor on a credit basis, Sierra Cascade Aggregate & Asphalt Products, Inc may either: (1) cancel this quotation; or (2) sell to the Contractor on a cash on delivery (COD) basis. No credit card sales.

Acceptance of Proposal:
The above prices, specifications and conditions are satisfactory and are hereby accepted. You are authorized to supply the materials as quoted and I agree to pay the amount mentioned in said proposal/contract and according to the terms thereof.

Date of Acceptance _____ Signature _____

TerraGrid® RX1200
Product Data Sheet

TerraGrid RX1200 meets field-proven (approaching 30 years), U.S. industry standards for 'Type 2' biaxial geogrids. Produced in an ISO9001 certified facility, ***RX1200*** is manufactured from quality polypropylene resin with no inclusion of post-consumer recycled resin. The punched and stretched (drawn) manufacturing process used for ***RX1200*** produces the following interrelated performance characteristics.

		U.S. Standard		Metric	
PROPERTY	**PROCEDURE**	**MD**	**XMD**	**MD**	**XMD**
Geometric[1]					
Aperture Shape	Observed	Rectangular			
Open Area	Measured	77%			
Aperture Size (Opening)	Measured	1.0 inch	1.4 inch	25 mm	37 mm
Rib Depth (height or thickness)	Measured	0.07 inch	0.05 inch	1.9 mm	1.2 mm
Rib Width	Measured	0.10 inch	0.11 inch	2.6 mm	2.9 mm
Rib Shape (cross section)	Observed	Rectangular			
Mechanical[2,3]					
Tensile Strength - Ultimate	ASTM D6637-09 Procedure B	1,310 lbs/ft	1,970 lbs/ft	19.2 kN/m	28.8 kN/m
Tensile Load @ 2% Strain		410 lbs/ft	620 lbs/ft	6.0 kN/m	9.0 kN/m
Tensile Load @ 5% Strain		810 lbs/ft	1,340 lbs/ft	11.8 kN/m	19.6 kN/m
Junction Efficiency[4]	GRI-GG2-05	93%			
Flexural Rigidity	ASTM D1388 mod	1,200,000 mg-cm			
Aperture Stability[5]	US COE	6.6 cm-kg/deg = 0.65 m-N/deg			
Durability					
UV Degradation Resistance[1,6,8]	ASTM D4355/D6637	100%

- Statewide Safety & Signs, Inc. does not accept charges or back charges of any kind unless agreed to in writing prior to work beginning.
- Statewide Safety & Signs, Inc. shall fully indemnify Contractor for any liability arising out of Statewide Safety & Signs, Inc. work or products, but only to the extent of Statewide Safety & Signs, Inc. liability and not that of anyone else. Statewide Safety & Signs, Inc. maintains insurance coverage for their work hereunder, including $2,000,000.00 Products – Comp/OP Agg and a 10/93 Additional Insured Endorsement.
- If there are any issues or concerns regarding Statewide Safety & Signs, Inc. products or work, Contractor shall promptly notify and give Statewide Safety & Signs, Inc. first opportunity to correct any such problems.
- All sign and marker location / mark-out to be done by others and must be completed prior to Statewide Safety & Signs, Inc. starting work. Statewide Safety & Signs Inc. is not responsible for damage to underground facilities, not shown on plans or, not marked out by other agencies. (ie. Caltrans)
- Sign panels for roadside sign items are supplied by others unless purchased through bid items of this quotation. Roadside sign panels will not be received by Statewide Safety & Signs, Inc. earlier than 15 working days prior to scheduled installation. No storage. 45 working days advance notice for sign panel orders. All sign plan discrepancies are to be resolved before any sign panel orders are placed.
- Permanent sign and marker installation: maximum move-ins: ONE (1) . Additional move-ins $1,500.00 each. 45 working days notice for metal post orders. Mounting hardware supplied to, and installed by contractor.
- Removal, relocate, and resat items are to be completed in whole per the Special Provisions for the project, and completed in, ONE (1) move-in. Additional move-ins $1,500.00 each.
- Sign installation does not include coring or breaking
- All change order work must be approved by agency / owner prior to work being performed by Statewide Safety & Signs, Inc.
- Acceptance of this quote is acceptance of these provisions, which shall prevail if in conflict with any other documents.
- No retention is to be held on Traffic Control and Equipment Rental.

Proposal # 14-366
To Bidder on 02-4E90U4

Project Na: Curve alignment

Certified SBE # 1269800

Dense Grade Asphalt (Type SP)

Trinity Engineering Laboratories is pleased to present our proposal and cost estimate for the Quality Control services on this very important project. Our detailed scope of work and cost estimate outlined below is for Hot Mix Asphalt Quality Control and Data Core.

Hot Mix Asphalt Quality Control
Trinity Engineering Laboratories experience and understanding of the Caltrans Section 39 Hot Mix Asphalt and this project specifications will be a tremendous asset to your project team. We have developed our cost per shift to be all inclusive, encompassing everything required by the project specifications. Key points of these specifications include:
* The project is constructed under the Superpave process which requires the testing of the HMA for moisture sensitivity per CTM 371/Hamburg every 10000 tons.

Trinity Engineering Laboratories management staff has over 20 years combined experience with Caltrans QC/QA programs. A key member of our management staff was one of the steering committee members for the development of the Caltrans QC/QA specification and is involved with the refinement of the specifications. Our accumulated experience, combined with our commitment to value added engineering, makes us the premier provider of quality control services on Caltrans projects. The size of our firm and the resources we have available will allow us to staff your project with experience and qualified personnel, all of whom have worked over 100 QC/QA projects in the last few years.

For your convenience, we have provided two estimate options for the field quality control services; Option 1) excludes Plant QC services when provided by the HMA supplier, but still includes; Hveem stabilities and theoretical maximum densities performed on the HMA mix samples and Option 2) includes plant QC, QC testing required for the plant.
Data Cores and Profilograph testing is also proposed as a per shift cost.

We wish your company success and look forward to talking to you soon. If you have any questions regarding our submittal, feel free to contact us at (559) 260-6841 or (559) 392-8776. Our project leader email is markhorn@sbcglobal.net or web site: www.trinityengineeringlaboratories.com

Best Regards,

Trinity Engineering Laboratories, Inc.

Scope of Work for Hot Mix Asphalt Quality Control Using the Quality Control/ Quality Assurance Process

Assumptions: Trinity Engineering Laboratories is pleased to have the opportunity to propose to your company our unsurpassed Hot Mix Asphalt Quality Control Testing and Inspection services. Our cost estimate is based on the total tonnage of Hot Mix Asphalt and the estimated daily tonnage broken down separately for week day/night shifts and Saturday day/nights shifts. Our services are directly related to the production schedule of the contractor and the project total tonnage. Our total estimate may increase or decrease based on production rates and/or project tonnage. Services are provided as per shift estimates and are inclusive of all field inspection, field testing, laboratory testing and typical engineering support needed for this project. Trinity Engineering Laboratories is non-union.

Assumptions

We propose to utilize a laydown inspector and field technician to perform the field inspection, pull the required samples in the field, monitoring and obtaining cores required for density determination.

We assume the material supplier will provide the mix design, JMF verification, plant inspection, sieve analysis, Sand Equivalent and oil contents during production (option1)

Trinity Engineering will perform the Production Start up Evaluation, theoretical maximum densities, Tensile Strength Ratios and Hveem stabilities. Trinity Engineering will also obtained and prepare the Density Cores.

Trinity Engineering Laboratories will provide profilograph/Straight Edge testing services according to the Special Provision. Hard and electronic copies will be provide to your company. Data/Density Coring operation will be done after the production as per the special provision. The contractor is responsible for traffic control. If operations are outside of the normal production for either Data/Density coring or profilograph testing, the hourly rates change to a two man crew at $250.00 per hour. Data Coring price is based on the assumption of moving traffic control. If traffic control impedes the coring operation, then additional cost could occur.

The following is a summary of our estimated services, based on the scope of work and construction assumptions presented herein;

Please note:
0-4 hours billed at 4 hours
4-6 hours billed at 6 hours
6-8 hours billed at 8 hours
*Shift rate divided by 8 hours is the hourly rate

Shift Price does not include warm mix requirments

Does not include GPS unit(Contractor supplie

Fixed Costs: HMQA	Qty.	Unit	Unit Cost	Total
A. QC/QA manual	1	Each	**$800**	**$800**
B. Mix Verification (split from Caltrans) **(If needed)**	0	Each	$0	$0
C.Start up Evaluation	1	Each	**$975**	**$975**
D. Tensile Strength Ratio (TSR); One on the first day of production and one test every 10000 tons during production. (Type A and G only)	2	Each	**$1,650**	**$3,300**
E. Mix Design(including aggregate quality testing) **if needed**	2	Each	$5,900	$11,800
F. Data Cores (one data core every half mile) traffic control provided by Contractor	1	LS	**$2,800**	**$2,800**
G. Hamburg Test (every 10,000 tons)	2	Each	$1,650	$3,300
H. Project meeting (Caltrans/County) each	1	Each	$350	$350
	Subtotal Fixed Costs $			**$11,525**

If plant technicians are needed, please call.

* If additional technician is needed. rates are $ 90.00 per hour (if Caltrans requires or contractor requests)
Assumption all paving will be done on 1st shift.

Laboratory and technicians are fully certified in all required tests.

Trinity Engineering Laboratories is a Certified Small Business. Supplier Number 1283609
If project continues after June 30, 2015 and 2016, an Increase of 6% per year Is added due to pre-valling requirements.
Additional insurance requirements will be at cost of the requirement.
The production cost includes one inspector and one tester(required by Caltrans).

The daily shift rates includes all of the test required for the options choices.

HMA

This section includes all costs associated with HMA production Quality Control requirements as indicated in the Caltrans Specification Section 39-41.04 dated May, 2010 and the Caltrans Quality Assurance Manual. All special provision criteria specific to this project is also included. The information below is per shift costs and based on the indicated numbers of the weekday shifts of HMA placement at an anticipated daily production of approximately 100-4500 tons per shift, the night shift rates are listed below. The per shift cost is based on a 8-hour production shift. If production exceeds 8-hours, overtime will be billed at 1.5 x the shift rate from 8-12 hours and 2.0 x the shift rate for double time thereafter. Second shift rate is 14.5% x the approximate shift rate.

Production Costs:		Qty:	Unit	Unit Cost	Total
Weekday Production Shift (Type A, B,O or G) Option 1)	In addition to the section above description includes; Maximum theoretical densities,stabilometer, air voids and density determination	1	Shift	$1,718	$1,718
Night Production Shift (Type A, B,O or G) (option 1)	In addition to the section above description includes; Maximum theoretical densities,stabilometer, air voids and density determination	1	Shift	$1,967	$1,967
Weekday Production Shift (Type A, B,O or G) (option 2)	In addition to the section above description includes; all plant testing and inspection required as per the special provisions.	1	Shift	$2,751	$2,751
				Subtotal Estimated Costs:	
Data Core (does not include traffic control or patching of core holes)	as per special specifications	1	Lump Sum	$2,800	$2,800

* Data Core Lump Sum price is for the total of all coring for the Data Core unit bid.

PROJECT: Curve Realignment, Cols Plane, AB, HMA, Drainage, Guardrail, Striping **DATE:** October 15, 2014
Tehama County, CA
BID DATE: October 15, 2014 2:00 PM
AGENCY: State of California Dept of Transportation **CONTRACT #:** 02-4E90U4

FURNISH METAL WORK ONLY AS FOLLOWS

Item 56 (F) 7,374 LB Miscellaneous Iron and Steel.....Furnish Only.....$1.72 LB

EXCLUSIONS:

1. Cost of bonds, penalties, permits, special insurance and liquidated damages.
2. All non-ferrous items including, but not limited to, shims, thread locking system, Elastomeric pads, P.V.C. pipe, grout, grouting, Neoprene, epoxy, and 15 LB building paper are excluded unless specifically noted on quotation.
3. Taxes unless specifically noted on quotation.
4. Installation, unless noted on quote.

CONDITIONS:

1. F.O.B. Truck to jobsite.
2. Add applicable taxes for time of delivery.
3. Terms: Net 30 with approved credit.
4. Contractor shall verify/supply all quantities and shall provide any required field dimensions in ample time for fabrication.
5. We shall be excused for delays in performance caused by design inadequacy and time delays related to testing and inspection required by governing agencies.
6. Unit prices for bid items noted above are based on shipping in one shipment or in full truck quantities. Freight charges for partial shipments when required shall be increased according to rates in effect at time of shipments.
7. This quotation shall be made part of any future Contract or Purchase Order resulting from this quotation.
8. Prices are firm for acceptance within 30 days from bid date of this project.
9. Allowable time for waiting and unloading at the Jobsite is 1 hour. Additional time will be charged by the ½ hour at a rate of $75.00 per hour.
10. Insurance coverage for Additional Insured or a Wavier of Subrogation if required can be provided at buyers' expense.
11. If it is necessary to retain counsel for the use of payment collection, any and all legal fees to be paid by buyer.

STATE OF CALIFORNIA – DEPARTMENT OF GENERAL SERVICES PROCUREMENT DIVISION

DISABLED VETERAN BUSINESS ENTERPRISE DECLARATIONS

STD. 843 (Rev. 5/2006)

Instructions: The disabled veteran (DV) owner(s) and DV manager(s) of the Disabled Veteran Business Enterprise (DVBE) must complete this declaration when a DVBE contractor or subcontractor will provide materials, supplies, services or equipment [Military and Veterans Code Section 999.2]. Violations are misdemeanors and punishable by imprisonment or fine and violators are liable for civil penalties. All signatures are made under penalty of perjury.

SECTION 1

Name of certified DVBE: United Synergy Corporation DVBE Ref. Number: 1568820

Description (materials/supplies/services/equipment proposed): EROSION CONTROL MATERIAL/PIPE

Solicitation/Contract Number: 02-4E90U4 SCPRS Ref. Number: (FOR STATE USE ONLY)

SECTION 2

APPLIES TO ALL DVBEs. Check only one box in Section 2 and provide original signatures.

☒ I (we) declare that the DVBE is not a broker or agent, as defined in Military and Veterans Code Section 999.2 (b), of materials, supplies, services or equipment listed above. Also, complete Section 3 below if renting equipment.

☐ Pursuant to Military and Veterans Code Section 999.2 (f), I (we) declare that the DVBE is a broker or agent for the principal(s) listed below or on an attached sheet(s). *(Pursuant to Military and Veterans Code 999.2 (e), State funds expended for equipment rented from equipment brokers pursuant to contracts awarded under this section shall not be credited toward the 3-percent DVBE participation goal.)*

All DV owners and managers of the DVBE **(attach additional pages with sufficient signature blocks for each person to sign):**

(Printed Name of DV Owner/Manager)	(Signature of DV Owner/Manager)	(Date Signed)
Edmond L Rossovich		15 OCT 2014
Daniel E Rossovich		15 OCT 2014

Firm/Principal for whom the DVBE is acting as a broker or agent: (If more than one firm, list on extra sheets.) (Print or Type Name)

Firm/Principal Phone: Address:

SECTION 3

APPLIES TO ALL DVBEs THAT RENT EQUIPMENT AND DECLARE THE DVBE IS NOT A BROKER.

☐ Pursuant to Military and Veterans Code Section 999.2 (c), (d) and (g), I am (we are) the DV(s) with at least 51% ownership of the DVBE, or a DV manager(s) of the DVBE. The DVBE maintains certification requirements in accordance with Military and Veterans Code Section 999 et. seq.

☐ The undersigned owner(s) own(s) at least 51% of the quantity and value of each piece of equipment that will be rented for use in the contract identified above. I (we), the DV owners of the equipment, have submitted to the administering agency my (our) personal federal tax return(s) at time of certification and annually thereafter as defined in *Military and Veterans Code 999.2*, subsections (c) and (g). *Failure by the disabled veteran equipment owner(s) to submit their personal federal tax return(s) to the administering agency as defined in Military and Veterans Code 999.2, subsections (c) and (g), will result in the DVBE being deemed an equipment broker.*

Disabled Veteran Owner(s) of the DVBE **(attach additional pages with signature blocks for each person to sign):**

(Printed Name) (Signature) (Date Signed)

(Address of Owner) (Telephone) (Tax Identification Number of Owner)

Disabled Veteran Manager(s) of the DVBE **(attach additional pages with sufficient signature blocks for each person to sign):**

(Printed Name of DV Manager) (Signature of DV Manager) (Date Signed)
