Proposal to prepare an Airborne Emissions Monitoring and Public Safety Plan, and perform area air monitoring for a project involving the application of HMWM resin for Caltrans Bid No. 03-0F2204- PUBLIC SAFETY PLAN

Aero-Environmental is pleased to present this proposal to prepare an Airborne Emissions Monitoring and Public Safety Plan, and perform area air monitoring for a project to seal bridge decks with Methacrylate for Caltrans Bid No. **03-0F2204**- PUBLIC SAFETY PLAN for a project involving the application of HMWM resin. This proposal is based on information provided by the specifications for this project.

Scope of Work

This Public Safety Plan (PSP) will be created to meet the requirements set forth in the special provisions for CAL-TRANS Project **03-0F2204**. It is designed to inform the public in the area of the work being performed.

The goal of this document will be to provide residences and businesses within 100 feet of bridges information regarding deck methacrylate resin (HMWM) overlay treatment. This information will also be provided to local police and fire officials 7 days prior to starting work. This will be accomplished with a public notification letter.

This project consists of applying a high molecular weight methacrylate resin system with sand and absorbent material to bridge decks.

Additionally, air monitoring during the project to assess the concentrations of airborne contaminants that could affect the public will be conducted.

In California, CAL-TRANS requires that the contractors prepare an airborne emissions monitoring plan and perform area air monitoring for projects involving HMWM resin applications when they are conducted within 100 feet of a residence, business, or public space, including sidewalks under a structure. This is required as part of a public safety plan.

The airborne emissions monitoring/Public Safety Plan must be prepared by a Certified Industrial Hygienist (CIH). To prepare the plan, the CIH must conduct a thorough review of the Material Safety Data Sheets and specific chemicals of concern are analyzed using approved laboratories and analytical methods.

Jorge Vizcaino, CIH # 9814 would develop the airborne emissions monitoring plans and worked closely with certified industrial hygiene laboratories to prepare a sampling strategy that target the primary chemicals of concern.

An Aero-Environmental Certified Industrial Hygienist would prepare the emissions monitoring plan and conduct the area air monitoring. Aero-Environmental staff will:

Task 1-Review of MSDS Sheets and Preparation of Public Safety/Monitoring Plan

- Review all of the Material Safety Data Sheets of all the products associated with methacrylate that will be used for this project.
- A Public Safety/Airborne emissions monitoring sampling plan will be submitted for the approval of the Contracting Officer's Representative. The plan will specify procedures, times, instrumentation, and sampling methods that will be employed.
- The plan will have at least 4 monitoring points including the mixing point, application point, and point of nearest public contact.

Task 2-Airborne Emissions Air Monitoring

- Measurements will be conducted during HMWM resin work and emissions monitoring results will be submitted after completing the work.
- Results will be available either within 3 business days or 5 business days.
- All sample sets will include: 1) Styrene by NIOSH method 1501, 2) Crystalline Silica. Two sets of media and two sets of media and two sets of sampling equipment.

The following standards and limits will be followed by Aero-Environmental to verify compliance or non-compliance of airborne emission concentrations:

Methyl Methacrylate

- OSHA: 100 parts per million (ppm).
- NIOSH: 100 ppm.
- ACGIH: 100 ppm

Nuisance Dust (Total)

- PEL; <0.3mg/m3

Styrene

- ACGIH: 20 ppm

We will prepare a report for you that will include a description of our assessment, showing sample locations, results of sample analysis, a discussion of these results, and recommendations as appropriate, per the requirements of CAL-TRANS.

Aero-Environmental will provide these services using our commercially reasonable best efforts consistent with the level and skill ordinarily exercised by members of the profession currently practicing under similar conditions.

Fees

Aero-Environmental will perform the services described above for the following fees, based on these rates:

TASK 1-REVIEW OF MSDS SHEETS AND DEVELOPMENT OF AIRBORNE EMISSIONS MONITORING PLAN

Activity	CIH Rate
REVIEW OF MSDS SHEETS AND PREPARATION OF PUBLIC SAFETY PLAN	**$1,500**

TASK 2- AIRBORNE EMISSIONS MONITORING FOR TEST AREA AND DURING RESIN APPLICATION (BASED ON THE FOLLOWING FEE STRUCTURE)

TASK 2-DAILY RATE FOR EMISSIONS MONITORING: $2,000.00-

Our fees are based on rates for all project related work. Any additional time will be billed at the above rates upon your prior authorization. Payment is due on a weekly basis upon submitting an invoice.

Scheduling

Aero-Environmental will begin the fieldwork within 30 working days of receipt of your authorization to proceed. Verbal results of sample analysis will be reported to you with one week after the fieldwork has been completed. We will deliver a report for each building within 14 days of completion of the assessment.

For your convenience, this proposal is presented in a form that can be accepted as an agreement. If this proposal is acceptable, please sign and return a copy to me.

Thank you for the opportunity to submit our proposal to you. We look forward to working with you on this project. If you have any questions please call me at 831.394-1199.

Sincerely
Aero-Environmental Consulting

Bid – Proposal

January 28, 2014 To All General Contractors Requesting Sub-Bids.

Re: Caltrans Project 03-ED-50-R30.7/R31.7, Caltrans Contract No. 03-0F2204, Addendum Nos. 1-3, Replace bridge in El Dorado County from 0.6 mile west of Sly Park Road Undercrossing to 0.4 mile east of Sly Park Road Undercrossing. Bid Date: January 29, 2014 (2:00 p.m.).

Certified as DBE #217 (exp. 12/01/15), as WMBE VON #10120139 (exp. 12/28/16) per CPUC Supplier Clearinghouse, and as SBE (Micro) #0011303 (exp. 05/31/14). CCL #401640 C-27, C-61/D-59 (exp. 03/31/15). Quotation is valid for (60) calendar days from bid date and unless quantities, scope of work and/or date of installation change(s). Nitta, Inc. dba Nitta Erosion Control is full signatory member of Local 185 of the Laborers' Union. Most current Laborers' Trust Fund Employer's Contribution Letter is available upon request to verify union membership status.

Item No.	Item	Unit of Measure	Estimated Quantity	Item Price	Total	
17	Temporary Fiber Roll	LF	570	$ 5.14	$ 2,929.80	0.85
18	Temporary Silt Fence	LF	530	$ 3.65	$ 1,934.50	0.90
49	Erosion Control (Bonded Fiber Matrix)	SQFT	7,070	$ 0.16	$ 1,131.20	0.80
50	Rolled Erosion Control Product (Netting)	SQFT	7,070	$ 1.14	$ 8,059.80	0.90
51	Fiber Rolls	LF	800	$ 4.30	$ 3,440.00	0.90
	Totals				$ 17,495.30	

BID ITEMS MAY BE SEPARATED EXCEPT FOR #49-51.

Notes: 1) Total price includes submittals, certified payrolls, standard certificates of insurance, waiver of subrogation (if required), materials, labor, equipment (**air pollution control (CARB PERP-compliant)**), taxes on materials, incidentals and installation as per specifications (unless as otherwise noted).

2) Total price excludes delivery of materials only in lieu of installation, clearing bedding area of obstructions (debris greater than 1 inch in diameter prior to installation) for Temporary Fiber Roll and for Temporary Silt Fence, re-installation of Temporary Fiber Roll, maintenance (repair and replacement, replacement of broken or split stakes, correct rills and evidence where concentrated

runoff has occurred) and removal of Temporary Fiber Roll, re-installation of Temporary Silt Fence, pre-fabricated silt fence with sewn pockets, steel posts, tie wire, locking plastic fasteners, maintenance (repair and replacement, sediment removal and disposal, repair or replacement of damage) and removal of Temporary Silt Fence, re-installation of Erosion Control (Bonded Fiber Matrix) (SQFT), site preparation (trash, debris and weed removal and weed disposal), placement of stakes or other suitable markers at the locations designated by the Engineer, coloring agent (already included in the wood fiber), re-installation of Rolled Erosion Control Product (Netting), other rolled erosion control products (RECPs) not specified in this quote, re-installation of Fiber Rolls, maintenance (repair and replacement of Fiber Rolls, replacement of broken or split stakes, correct rills and evidence where concentrated runoff has occurred), straw mulching, straw incorporation, night work, dust control (our straw mulching machines are retrofitted for dust suppression with the "Dust Dog" (United States Patent US 8,550,384 B2 (10/08/13)), costs of local licenses, permits, fees and/or other taxes, watering, maintenance, pedestrian protection and traffic control.

3) Three (3) move-ins is included in the total bid price (one each for Temporary Fiber Roll, one each for Temporary Silt Fence and one each for Erosion Control (Bonded Fiber Matrix) (SQFT), Rolled Erosion Control Product (Netting) and Fiber Rolls). Additional move-ins (if required) is at $325.00 each for Temporary Fiber Roll, at $250.00 each for Temporary Silt Fence, at $700.00 each for Erosion Control (Bonded Fiber Matrix) (SQFT), for Rolled Erosion Control Product (Netting) and for Fiber Rolls). Approximately one (1) working day (weekends and holidays excluded) is required to complete an estimated 570 LF of Temporary Fiber Roll. Approximately one (1) working day (weekends and holidays excluded) is required to complete an estimated 530 LF of Temporary Silt Fence. Approximately two (2) working days (weekends and holidays excluded) is required to complete an estimated 7,070 SQFT of Erosion Control (Bonded Fiber Matrix) (SQFT), an estimated 7,070 SQFT of Rolled Erosion Control Product (Netting) and an estimated 800 LF of Fiber Rolls). Stand-by time will be billed at $290.00 per hour for Temporary Fiber Roll, at $300.00 per hour for Temporary Silt Fence, and at $460.00 per hour for Erosion Control (Bonded Fiber Matrix) (SQFT), for Rolled Erosion Control Product (Netting) and for Fiber Rolls).

4) Bond premium (performance and payment) rate is 2%. Minimum bond premium charge per project is $150.00. Bond premium amount is not included in the bid price. Commercial Liability Insurance does not cover Railroad Protective Insurance, Coverage for "volunteers," Umbrella Liability Limits and/or Excess Liability Limits, Professional Liability, Avian Influenza A (Avian Flu – Absolute), Employment Related Practices, Silica (Absolute), Residential Construction Defect PCO, Construction Wrap-UP/OCIP Exclusion, EIFS & Spray-on Siding, Known Damage or Injury, Biological Contaminants - Mold, Fungus, Micro-Organisms (covered under Pollution policy), Engineers, Architects, or Surveyors Professional Liability, Nuclear Energy Liability, Lead (Absolute), Asbestos (Absolute), Injury to Independent Contractors, Residential Construction Activities (Absolute except Apartments), Condominium Conversion, Beryllium, Advertising Liability and Certified Acts of Terrorism. With the exception that our bid-proposal shall in no event be construed to require indemnification by Subcontractor to a greater extent than permitted under the public policy of the State of California, Subcontractor shall indemnify and save harmless Owner and Contractor only arising out of or in connection with Subcontractor's operations to be performed under this bid-proposal.

5) Terms: Due and payable within 30 days from date of installation and/or as per Business and Professional Code §7108.5 and Public Contract Code §10262.5 (for progress payments) and/or as per Public Contract Code §7107 (for retention due).

6) Attorney fees and interest: If court action be instituted on this invoice, general contractor promises to pay reasonable attorney fees. A late payment charge of 1 1/2% per month will be charged on all invoices not paid within terms of quote. This is annual percentage rate of 18 %.

7) **General Contractor to provide and pay for water source at jobsite location** (i.e., fire hydrant with valid water meter and/or water permit, 2,000 gallon capacity water truck, or other approved source at a minimum rate of 200 g.p.m. and/or at a minimum vertical height of 14 feet (for water towers or stands)). We'll require approximately 2,000 gallons of water for an estimated 7,070 SQFT of Erosion Control (Bonded Fiber Matrix) (SQFT). **If water isn't made available at jobsite location, this bid-proposal is invalid.**

8) General Contractor to provide good, drivable truck access to each site at jobsite location to be treated with Temporary Fiber Roll, with Temporary Silt Fence, with Erosion Control (Bonded Fiber Matrix) (SQFT), with Rolled Erosion Control Product (Netting) and with Fiber Rolls.

9) Final field measured quantities shall be provided by General Contractor and/or Owners' Representative prior to installation of Temporary Fiber Roll, of Temporary Silt Fence, of Erosion Control (Bonded Fiber Matrix) (SQFT), of Rolled Erosion Control Product (Netting) and of Fiber Rolls. If final field measurement shall be required of Nitta Erosion Control at jobsite, it shall be performed on a time and material basis with an authorized representative from the General Contractor and Owner in attendance.

Thank you for the opportunity to quote on this project.

Yours truly,

Scott K. Nitta

Scott K. Nitta, President
Nitta Erosion Control

Dear Customer,

Please refer to the following list of products we supply for the heavy civil construction market along with other job specific items at very competitive prices. We offer excellent customer service and years of experience in the construction materials industry, and we look forward to working with you.

Bearing Pads: Laminated, PTFE or Plain

Silicone Grease: for Bearing Pads

Conduit: Galvanized Rigid/PVC

Welded Steel Pipe: Coated, Lined or Plain

Casing Pipe

Ductile Iron Pipe

Bridge Deck Drainage Systems

Misc. Metals/Cable Restrainers

Soffit Access Covers/Grates/Barrier Rail

Expansion Joint Seals

Grated Line Drains

Waterproofing Materials

Drainage & Irrigation Materials

Site Furnishings

NPS Water Supply Line: 2"-6" system

Electrical Supplies

Spherical Bearings

Contact Adhesive: Caltrans approved

Steel Beams/Steel Pipe Pile

Polyester Concrete/Methacrylate

Misc. Construction Materials

Dowels, Epoxy

Timber Lagging

HDPE Shims

Water Meters

Welded Wire Mesh, Post Tension Wire

Pipe Key-Shear Key

Anchor bolts, Headed Studs, Nails

Formliner

Reinforced Concrete Pipe and Manholes

Metal Beam Guard Rail

Chain Link Fence

Precast Concrete Items: Pipe Supports-Benches-Signs-Tables-Bollards, etc.

"We'll get you the right material when you need it."

Re: DBE Certification

We are pleased to advise you that after careful review of your application and support documentation, the San Francisco Bay Area Rapid Transit District (BART) has determined that your firm meets the eligibility standards to be certified as a Disadvantaged Business Enterprise (DBE) under the U.S. Department of Transportation Regulations 49 CFR Part 26 as amended. Your firm has been added to the California Unified Certification Program (CUCP) database of certified DBE under the specific expertise codes. The **Expertise Code(s)** for your business is/are:

237310 Highway, Street, Bridge Construction – Metal Beam Rail

Please be advised that your DBE certification status applies only for the above code(s) and any additions, revisions and changes must be submitted to the BART Office of Civil Rights (OCR) for review and approval. Your DBE certification status will be honored by all of the CUCP members.

Your DBE certification is **good for five years** and must be renewed on December 1, 2015. Our office will notify you, prior to the renewal date, of the documentation required to recertify your firm with BART. DBE certification is subject to review at any time. However, it is your responsibility to notify this office of any change in ownership and/or control, as well as current address and phone number prior to your recertification date.

Should you have any questions, please contact OCR at (510) 464-6103

Sincerely,

Ron A. Granada
Sr. Civil Rights Officer

CALTRANS BIDDER - DBE - COMMITMENT

OES-OE-0102.10C (NEW 06/2012)

This information may be submitted with your bid proposal. If it is not, and you are the apparent low bidder or the second or third low bidder, it must be submitted and received as specified in section 2 of the specifications. Failure to submit the required DBE information will be grounds for finding the bid nonresponsive.

CONTRACT NO: 03 - 0F2204

BID AMOUNT: $

BID OPENING DATE: 1/29/14

BIDDER'S NAME: Bay Cities Paving & Grading, Inc

DBE GOAL FROM CONTRACT, %:

DBE PRIME CONTRACTOR CERTIFICATION[1]:

BID ITEM NO.	ITEM OF WORK AND DESCRIPTION OF SERVICES TO BE SUBCONTRACTED OR MATERIALS TO BE PROVIDED[2]	FOR CALTRANS USE ONLY	NAME OF DBEs (Must be certified on the date bids are opened - include Caltrans certification #, DBE address and phone number) (Indicate 2nd and lower tier subcontractors)	DOLLAR AMOUNT DBE[3]
34	Cold Plane AC Pavement Grinding (Partial)		ABSL Const CT-005270 Hayward (510) 727-0900	19,000.-
34	Cold Plane AC Pavement (Part) Trucking		West Coast Water Trucking CT-037869 El Dorado Hills (530) 350-7323	66,829.-
46	Roadway Excavation (Part) Trucking			
53	Hot Mix Asphalt (Part) Trucking (Partial)			

IMPORTANT: Identify all DBE firms being claimed for credit, regardless of tier. Names of the First Tier DBE Subcontractors and their respective items(s) of work listed above must be consistent, where applicable, with the names and items of work in the "Subcontractor List" submitted with your bid. Copies of the DBE quotes are required.

1. DBE prime contractors must enter their certification number and indicate all work to be performed by DBEs including work performed by its own forces.
2. If 100% of item is not to be performed or furnished by DBE, describe exact portion of item to be performed or furnished.
3. See section 2-1.12 of the specifications to determine the credit allowed for DBE firms.

GRINDING JOB AGREEMENT

The prices set forth above are based on the following assumptions and are subject to change under conditions set forth below.

1) A minimum daily rate is any part of an 8 hour day and overtime will be charged for work done other than a regular weekday shift.
2) Modification to the work may require a change in the quote.
3) Unless otherwise indicated the unit prices are based on ABSL performing all the work included on the proposal. If ABSL does not receive a contract for all the work, the unit prices are subject to adjustment.
4) The unit prices are based on the estimated quantities in the bid proposal. If the quantity of the item changes by 25% or more the unit price is subject to equitable adjustment.
5) All teeth over one complete set will be charge to the contractor.
6) Prices are good for 30 days from the date of this proposal, after that date the prices are subject to adjustment.
7) In the event there is an increase in the cost of fuel of more than $0.50 per gallon during the performance of this contract, ABSL will be entitled to a $75.00 per day fuel surcharge. The base cost of fuel shall be established on the bid date of the contract by reference to the Weekly Retail On-Highway Diesel Prices for California, as published by the U.S. Department of Energy on its web site at www.tonto.eia.doe.gov/oog/info/wohdp/diesel.asp.
8) If ABSL cannot proceed with its work as scheduled due to others, standby time will be charged at the following rate: $425.00 per hour.
9) Downtime for equipment becoming stuck in wet or muddy sub-grade conditions will be charged at a stand-by time rate until removed. Additional equipment required for removal will be charged at a time and materials basis.
10) This proposal to be attached and made part of any and all resulting contracts.
11) The above price does not include permits, fees, bonding, state or local taxes.
12) This is a proposal only for the purpose of establishing a price for work as outlined. In the event ABSL is the low bidder a formal contract or PO suitable to both parties shall be prepared and fully executed.
13) Repairs of damage to ABSL equipment due to unmarked or buried obstructions; i.e. valve boxes, manholes covers, concrete, steel fence posts, steel pipe or excessive depth asphalt will be billed at time and material for repairs.
14) Backcharges to ABSL must be communicated by contractor in a written notice within 72 hours from the time of occurrence for backcharges.
15) Unless otherwise agreed to in writing prior to start of work, payment is due and payable within 30 days of billing, and no retention to be withheld on payments.
16) All utilities within mill grade are to be located and marked by customer. It is the sole responsibility of the lessee or renter (customer) to follow the requirements of the regional notification center law pursuant to Article 2 (Commencing with Section 4216) of Chapter 3.1 of Division 5 of Title 1 of the California Government Code. Customer assumes sole responsibility for, and all subsequent liabilities coincident with following the requirements of the regional notification center law. Furthermore, customer agrees to be responsible for all damage to both utilities themselves and to our company's equipment by reason of ABSL equipment encountering unmarked utilities.
17) Items not specifically included are considered to be excluded. If you have any questions please call.

Thank You,

Daryl Vorne

Contractors License **A 621781**
SMBE & DBE Certification CT-005270

Portland cement concrete grinding is excluded from this quotation.

Removal of Asphalt Concrete over gutter damages can't be guaranteed by ABSL.

ABSL Construction will cold plane as close as possible to existing manholes, water valves, and other obstructions in cutting plane. Handwork and placing temporary asphalt tapers around these objects or at pavement edge for safety requirements are excluded.

Contractor to post streets with "No Parking" signs prior to subcontractor's phase of work, provide water or water meter and provide traffic control during cold planing operation.
All areas to be ground shall be clearly marked by the general or the job inspector.

A minimum of two weeks notice is requested prior to move in.

Anything not specifically included in this price should be considered excluded.

ABSL Construction does not accept backcharges due to machine breakdown during operation above the machine's daily rental fee.

Back charges will only be based on the time the machine is broken and will reflect the cost of the equipment for that time. All others costs due to the equipment breakdown will not be charged to ABSL Construction.

All teeth over one complete set will be charge to the contractor.

ABSL does not accept force account rates or retention.

This quotation will be part of our contract or purchase order agreement and is valid till a new change of the rates.

If you have any questions regarding the above quote please call me at (510) 727-0900 or fax at (510) 727-0912.

Sincerely,

Daryl Vorne

Prices are subject to the following terms and conditions:

Haul only pricing is based on the customer's direct purchase and scheduling with the material supplier or dump site.

Delivered pricing includes scheduling, costs of materials, applicable tax and cost of trucking (tonnage rate conditions will apply).

Tonnage/Per Load rates will include the following conditions:

- Transfers are allotted 15 min. to load/20 min. to dump, end dumps and bottom dumps are allotted 15 min. to load/15 min. to dump; time exceeding the allotted time for each truck will be billed at a rate of $1.50 per minute. If the standby time exceeds 30 minutes that truck will be billed at the applicable hourly rate.
- Flatbeds are allotted 1 hour to load and 1 hour to unload; if loading/unloading exceeds allotted time the truck will be billed at the applicable hourly rate.
- If the supplier or material changes during a shift the shift will be billed hourly.
- If the delivery site changes the shift will be billed hourly.
- Partial shifts will also he billed hourly.
- For work performed under this tonnage rate agreement on weekends or holidays, an additional 5% will be charged per ton.
- For work performed under this tonnage rate agreement after December 31, 2014 the rates are subject to a 5% cost of living increase.

On Site Hauling: If the project requires on site hauling, where prevailing wage rates or Davis-Bacon Act wage rates apply add an additional 30% to the applicable hourly or tonnage rate.

All prices quoted are subject to fuel increases. A copy of our Fuel Surcharge Assessment is attached. There is a four (4) hour minimum charge per truck. For night work there is a six (6) hour minimum charge per truck. There is a two (2) hour show-up time charge per truck if the job is cancelled and the truck(s) have already shown up on the job site. Payments for invoices are due within thirty (30) days of the invoice date. All prices are for work performed through December 31st 2014. For work performed after December 31st 2014 the rates are subject to a 5% cost of living increase. Prices quoted are good for a period of thirty (30) days from the bid date.

A signed work/purchase order constitutes acceptance of these terms.

Thank you,
Jennifer Gemignani

Company Date

West Coast Water & Trucking, Inc.

3941 Park Dr. Suite #20-231
El Dorado Hills, CA 95762
Office: (530) 350-7323
Fax: (530) 350-7322
californiawcw@aol.com

Fuel Surcharge Assessment:

A fuel surcharge is assessed when fuel prices reach $4.25 per gallon as reported by the U.S. Energy Information Administration. The fuel surcharge is 1% for every $0.10 increase in fuel prices. The breakdown is as follows:

Diesel price $/gallon	% increase to hourly/tonnage rate
$4.25 - $4.349	1%
$4.35 - $4.449	2%
$4.45 - $4.549	3%
$4.55 - $4.649	4%
$4.65 - $4.749	5%
$4.75 - $4.849	6%
$4.85 - $4.949	7%
$4.95 - $5.049	8%
$5.05 - $5.149	9%
$5.15 - $5.249	10%
$5.25 - $5.349	11%
$5.35 - $5.449	12%
$5.45 - $5.549	13%
$5.55 - $5.649	14%
$5.65 - $5.749	15%

*$5.75 and above add an additional 1% for each $0.10 increase in price per gallon.

Fuel prices are checked weekly and any increase is based on the weekly retail on-highway diesel prices found at: www.eia.doe.gov/oog/info/wohdp/diesel.asp.

All fuel sarcharges will be billed separately. After the assessment of the fuel prices at the end of the week, if a surcharge is applicable, a bill for the surcharge would be generated based on the hours worked within that week.

A signed work/purchase order constitutes acceptance of these terms.

Thank you.
Jennifer Gemignani

GOOD FAITH EFFORTS DOCUMENTATION - DBE

DES-OE-0102.11A (NEW 06/2012) 03-0F2204

2. List the names of certified DBEs and the dates on which they were solicited to bid on this project. Include the items of work offered and the dates and methods used for following up initial solicitations to determine with certainty whether the DBEs were interested. Attach copies of solicitations, telephone records, fax confirmations, etc.

Name of DBEs Solicited	Date of Initial Solicitation	Item(s) of Work	Follow Up Methods and Dates
See attached CUCP spreadsheet	1/17/14	See items on Invitation to Bid	Invites sent by fax on 1/17/14, invites sent by email on 1/27/14, and follow up phone calls on 1/28/14
Added Opt-in's from caltrans website	1/27/14	See items on Invitation to Bid	Invites sent by fax on 1/27/14
See Attachment A for list o DBE;s solicited and fax confirmations			

3. For each item of work made available, list the selected firm and its status as a DBE, the DBEs that provided quotes, the price quote for each firm, and the price difference for each DBE if the selected firm is not a DBE.

Item(s) of Work	Name of Selected Firm	DBE or non-DBE	Name of Rejected Firm	Quote ($)	Price Difference ($)
Please see Attachment D - Selected and Rejected DBE's					

If the firm selected for the item is not a DBE, provide the reasons for the selection on a separate sheet and attach names, addresses, and phone numbers for the firms listed above.

GOOD FAITH EFFORTS DOCUMENTATION - DBE

DES-OE-0102.11A (NEW 06/2012) 03-0F2204

4. List the names and dates of each publication in which a request for DBE participation for this project was placed by the bidder. Attach copies of published advertisements or proofs of publication:

Publications	Dates of Advertisement
Small Business Exchange	1/16/14, 1/21/14, 1/23/14, 1/27/14
Reed Daily Construction Services	1/16/14, 1/21/14, 1/23/14, 1/27/14
Caltrans Website Advertise for Help	11/27/14
See Attachment B for Proof of Publication	

5. List the names of agencies and the dates on which they were contacted to provide assistance in contacting, recruiting and using DBE firms. If the agencies were contacted in writing, provide copies of supporting documents.

Name of Agency	Date of Contact	Method of Contact	Results
Caltrans CUCP	1/15/14	Website	List of DBE's

6. List efforts made to provide interested DBEs with adequate information about the plans, specifications, and requirements of the contract to assist them in responding to a solicitation. Identify the DBE assisted, the information provided, and the date of contact. Provide copies of supporting documents.

Information regarding access to the plans and specifications were provided in our Invitation to Bid and Advertisement. C.C. Myers, Inc. stated that the plans were available on the Caltrans website and provided the link. C.C. Myers, Inc. did not receive any requests for assistance.

7. List efforts made to assist interested DBEs in obtaining bonding, lines of credit, insurance, necessary equipment, supplies, materials, or related assistance or services, excluding supplies and equipment the DBE subcontractor purchases or leases from the prime contractor or its affiliate. Identify the DBE assisted, the assistance offered, and the date. Provide copies of supporting documents.

C.C. Myers, Inc. offered assistance with obtaining bonds, insurance, lines of credit, equipment, supplies and materials in our Invitation to Bid and Advertisement and also during follow up phone calls. C.C. Myers, Inc. did not receive any requests for assistance.

8. Include additional data to support a demonstration of good faith efforts.

C.C. Myers, Inc. is continually working to build relationships with DBEs, and to encourage them to work with us. We attend numerous outreach events and prebid meetings, and have also held our own events to promote DBE and small business participation in our industry. See Attachment E for additional efforts.

NOTE: USE ADDITIONAL SHEETS OF PAPER IF NECESSARY.

DATE: January 29, 2014

BID FOR CONTRACT NO.: 03-0F2204

TOTAL NO. OF PAGES: 2

R.E. Serrano, Inc. is pleased to submit our quotation for the bid items listed below.

Bid Item	Description	Unit	Quantity	Unit Price	Total
101	Concrete Barrier Type 60	LF	2,180	$ 84.00	$ 183,120.00
102	Concrete Barrier Type 60A	LF	134	$ 96.00	$ 12,864.00
TOTAL					**$ 195,984.00**

Exclusions:

1. Storm Water Pollution Control, Water Pollution Control Plans and implementation or cost thereof.
2. Survey, layout and/or staking.
3. Dust control and haul road maintenance
4. Sweeping and/or vacuum broom
5. Bonds, permits, fees and cost thereof.
6. Pavement markings (Temporary or Permanent)
7. Furnish construction message signs, and/or changeable message signs and any related work or the movement thereof.
8. Furnishing or moving any of the following will be others and will be scheduled by prime not to interfere with our work; traffic control, k-rail, crash cushions, QCMB, k-rail end protection devices, terminal sections, crash arrays.
9. Dewatering and control of surface water.
10. Removal or disposal of hazardous or contaminated materials and any related costs.
11. Utility Relocations.
12. Architectural finishes, stains, or color.
13. Notification of property owners and/or tenants.
14. Maintaining existing traffic management system elements during construction and all related work.
15. Clearing and Grubbing
16. "Standard" Subcontract Agreements, our subcontract terms to be negotiated, any and all terms listed in any advertisement by prime contractor are specifically excluded, and the terms of our quote shall prevail in all cases.
17. Retention.
18. Traffic control.
19. Post mile markers.
20. Remedies for concrete stains on asphalt.
21. Protection of railroad facilities, railroad insurance, and flaggers.
22. Fencing or electrical imbeds, block outs, accessories or installation thereof, and any related reinforcing details.
23. Excavation, grading, compaction, backfill and/or shoring.
24. Installation or protection of weep pipes, electrical pull boxes, drainage inlets, deck dowels, fencing, barrier mounted signs, imbeds, and/or any related items or reinforcing details.
25. Protecting and closing the gap between removed barriers and barriers being constructed.
26. All Electrolier and pull box hardware.
27. Coring barrier for fence posts, any fence hardware.
28. Labor and hardware for tie-ins to existing or new metal beam guard rail or bridge barrier.
29. Furnishing or placing any materials under concrete barrier or any related work.
30. Anti-graffiti coating.
31. Furnishing or installing any rebar that ties into structures.

Special Conditions:

1. RES will not perform extra work at force account until a CCO for said extra work is fully executed or another method for paying for extra work is established so that extra work will be paid on the next progress estimate following the start of the extra work.
2. All work not paid at a quoted item rate will be charged to the prime at a rate no less than the Caltrans extra work rate for subcontractors with standard markups, without regard to the payment or reimbursement to prime from owner.
3. No amounts shall be withheld from our extra work payments. Only the prime's markup on RES, should the owner pay the markup, may be withheld.

4. Release of retention within thirty (30) days of the completion of our work without regard to other ongoing work on the project.
5. Release of progress and final payments within five (5) calendar days of warrant date or EFT date whichever is sooner.
6. Price based on mutually agreed upon schedule, in writing, with 60 days written notice for all move-ins.
7. Prices subject to change if not accepted in writing within thirty (30) days.
8. Attendance of any prime contractor safety meeting shall be at force account plus standard subcontractor markups.
9. RES will require prime contractor to coordinate construction activities at each location.
10. Our insurance for this project will not include coverage beyond the standard limits carried by RES, or any insurance coverage in favor of others, or an excess umbrella liability policy.
11. RES shall receive copy of all CPM's and schedules and their revisions with time to comment and dispute prior to submittal to owner failure to comply shall relieve RES of any obligations related to the contents of the schedule or impacts to the schedule and any related penalties. In the event that durations or information is forwarded to Caltrans without the consent of RES and the unapproved information becomes part of a claim or contract change order any monetary consequences will become the Contractor's responsibility. Referring RES to review the project schedule at the contractor's office is not acceptable.
12. This quotation shall be made an integral part of our subcontract agreement as a scanned copy of this exact document, in its entirety, and as such shall supersede any conflicting language in the subcontract agreement. Rewording or paraphrasing of our terms for inclusion in subcontract is unacceptable.
13. RES rejects all of the terms in every prime contractor advertisement and solicitation, and encourages primes to assist with DBE participation.
14. Prices bid as a package, please call before splitting.
15. Traffic control and k-rail movement to be provided as deemed necessary by RES at no cost to RES.
16. Jobsite water at work areas and sanitary facilities with wash stations to be provided by others at no cost to RES.
17. RES will require any temporary k-rail movement and specific location of k-rail openings to be coordinated with its operations and will be staging paving equipment and related equipment at worksite unless other arrangements satisfactory to RES are made in advance at no cost to RES.
18. **Prices are based on working standard shifts without overtime, and working in an uninterrupted sequence 5 days a week.**
19. Prime Contractor to provide **BARRIER survey** staking for line and grade. Survey points need to be 4 feet offset from left/right of center line of barrier with a **fill to top of barrier marked on stakes.** The left/right of centerline is to be determined with RES superintendent on site. Staking to be 50 foot centers in tangents and 25 foot centers in radius. Should survey not be provided exactly as stated above, RES reserves the right to have it provided by a third party and shall charge the prime contractor for these costs plus 5% markup for administrative fees.
20. Prime to provide and maintain all weather track grade, clear of obstacles.
21. Prime to provide clear and safe concrete mixer or truck or concrete pump access to the work
22. All barrier paving to be done by machine, from the high side of the barrier, machine to run on final lift of pavement
23. Prices listed above include mobilization as follows; 1 mob for barrier. Additional mobilizations add $6500 each, no credit for fewer.
24. **Escalator of $15 per linear foot for items 101-102 ~~4/1/15~~; and an additional $20 per linear foot every 6 months thereafter until the completion of this project.**

4/1/15 PER MATT, 12:59 PM
