Find A Certified DBE Firm

The Disadvantaged Business Enterprise (DBE) Database contains information on certified DBE firms and is updated daily. To ensure that the database has the most current DBE's contact information regard your firm, please email the Office of Business and Economic Opportunity, Certification Office at DBE_Certification@dot.ca.gov.

Use the following database query form to find certified DBE firms for solicitation to meet DBE goal and contracting requirements. The entire Unified Certification Program (UCP) Database can be download by selecting the "Start Search – Export Options" button on the query form. The export feature allows you to download data in Excel, XML, PDF and CSV formats.

Important note regarding Commercially Useful Function (CUF): Per DBE regulation 49 CFR 26.73 et seq, consideration of whether a firm performs CUF is NOT reviewed when making decision to certify firms as DBEs. Certification is based primarily on the disadvantaged owner proving that he/she can own and control a firm engaged in the primary activity it is being certified for. It is therefore imperative that prime contractors complete their own due diligence regarding CUF before committing and hiring firms listed on this directory. For details, review the regulation here: <http://bit.ly/Myih1u>

- [Click here to Access the DBE Query Form](#) (Export options: CSV | Excel | XML | PDF)
Note: Please note that Caltrans will stop issuing DBE Certificates as evidence of certification in due course. A copy of a printout from this database should be proof sufficient of a firm's certification. If you have any questions or need further verification, you can call our office (916) 324-1700.

You may need to upgrade your Browser to view/download this

The Work Codes supplement NAICS Codes that are used by the UCP during DBE certification process. It is classification scheme of equivalent detail and specificity, describing work a DBE firm states it can perform, whether on initial certification or when a new type of work is added to an existing certification.

These codes provide a general overview of the process used to determine code assignment, which in part includes taking into consideration the description of work and the licenses which may be necessary to prove control of the business.

The template is not an all encompassing list of work DBE firms perform and should be used as a guide only. Certified DBE firms can always request their certifying agency (any time) to review their business activities and add or remove codes as and when necessary.

Should you have suggestions or concerns regarding the work code template, please send those to us at DBE_Certification@dot.ca.gov.

This database extract contains firm records sorted by Certifying Agency, NAICS Codes, Work Codes, etc. Should you need assistance in downloading these records, please call or email Office of Business & Economic Opportunity Certification Office.

The North American Industry Classification System (NAICS) Code:

The NAICS Code is the standard used by Federal statistical agencies in classifying business establishments for the purpose of collecting, analyzing, and publishing statistical data related to the U.S. business economy. Use the U.S. Census Bureau [NAICS Search](#) page to determine the NAICS Code.

Disadvantaged Business Enterprise Firm Search

Tue Jun 11 11:36:34 PDT

Enter one or more search criteria. (You do not have to enter data for every search option listed.)
Hold down the CTRL key to select more than one item for a single criteria. Click Start Search to begin.

NOTE: To export all certified firms, click on the Start Search - Export Options button. Do not select or enter any search criteria.

WARNING: If you select or enter a large number of search criteria, the Export function will fail. To export desired data, you will need to run multiple queries.

Please Note: DBE Certificates do not expire - firms that do not continue to meet DBE criteria are decertified and removed from the database
For Bidders: It is recommended that when making a query to locate certified DBEs for subcontracting opportunities, your search include, at minimum, "Work Categories" and "NAICS Categories."
NEW Work Code C8715 - Consultant, Engineering, has been added (only disadvantaged owners holding an engineering license qualify for this code), Work Code C8700 - Consultants, has been re-classified Consultants, Non-Engineering.
