Contractor to provide water and skip loader for support

This price is using a grinder with a fine tooth 1/2" spaced drum. If concrete grinder is required there is an extra charge.

ABSL Construction to cold plane asphalt concrete and load cuttings into trucks provided by ABSL on a unit price or contractor as a daily price.

ABSL Construction will cold plane as close as possible to existing manholes, water valves, and other obstructions in cutting plane. Handwork and placing temporary asphalt tapers around these objects or at pavement edge for safety requirements are excluded.

Contractor to provide water or water meter and provide traffic control during cold planing operation. All areas to be ground shall be clearly marked by the general or the job inspector.

Anything not specifically included in this price should be considered excluded.

ABSL Construction does not accept backcharges due to machine breakdown during operation above the machine's daily rental fee.

Back charges will only be based on the time the machine is broken and will reflect the cost of the equipment for that time. All others costs due to the equipment breakdown will not be charged to ABSL Construction.

ABSL does not accept force account rates or retention.

This quotation will be part of our contract or purchase order agreement and is valid for one month after the bid date.

GRINDING JOB AGREEMENT

The prices set forth above are based on the following assumptions and are subject to change under conditions set forth below.

- 1) All areas to be ground shall be clearly marked by the General Contractor or Inspector before grinding operation starts.
- 2) A minimum daily rate is any part of an 8 hour day and overtime will be charged for work done other than a regular weekday shift.
- 3) A minimum of two weeks notice is requested to schedule move in. Machines are on a first come first served basis subject to availability. A 72 hours notice of change in schedule is requested.
- 4) Modification to the work may require a change in the quote.
- 5) Unless otherwise indicated the unit prices are based on ABSL performing all the work included on the proposal. If ABSL does not receive a contract for all the work, the unit prices are subject to adjustment.
- 6) The unit prices are based on the estimated quantities in the bid proposal. If the quantity of the item changes by 25% or more the unit price is subject to equitable adjustment.
- 7) Prices are good for 30 days of the date of this proposal, after that date the prices are subject to adjustment.
- 8) Downtime for equipment becoming stuck in wet or muddy sub-grade conditions will be charged at a stand-by time rate until removed. Additional equipment required for removal will be charged at a time and materials basis.
- 9) This proposal to be attached and made part of any and all resulting contracts.
- 10) The above price does not include permits, fees, bonding, state or local taxes.
- 11) This is a proposal only for the purpose of establishing a price for work as outlined. In the event ABSL is the low bidder a formal contract or PO suitable to both parties shall be prepared and fully executed.
- 12) Repairs of damage to ABSL equipment due to unmarked or buried obstructions; i.e. valve boxes, manholes covers, concrete, steel fence posts, steel pipe or excessive depth asphalt will be billed at time and material for repairs
- 13) Backcharges to ABSL must be communicated by contractor in a written notice within 72 hours from the time of occurrence for backcharges.
- 14) Items not specifically included are considered to be excluded. If you have any questions please call.

Thank You,

Todd Wheeler

CAROB VALLEY ELECTRIC, INC.

[HOME](#) [ABOUT US](#) [SERVICES](#) [RESUMES](#) [CONTACT US](#)

Carob Valley Electric, Inc. is a premier provider of testing, technical and construction services for public utilities and municipalities. By technically understanding our clients' core objective of consistently, efficiently and safely delivering power, we are able to offer innovative, cost effective and responsive to the evolving demands and regulations of the public utility industry. Our success, as a company serving our clients, is predicated on our commitment to act with integrity and to be fiscally and environmentally responsible to our community and employees.

Edward Chavez, President, has over 35 years experience in the industry, with particular expertise in power plant and substation construction services. We are in our tenth year of operations and have successfully completed well in excess of 200 job assignments. In Santa Fe Springs, California, Carob Valley has received certifications as a Minority Business Enterprise (MBE) with the California Public Utilities Commission and as a Small Business Enterprise (SBE) and Disadvantaged Business Enterprise (DBE) with the California Unified Certification Program and the Metropolitan Transit Authority (MTA).

While faxing out the 03-0F6804 Bid Invitations to the Associations I was unable to successfully call or fax the

Minority Business Opportunity Committee
200 N Spring Street City Hall – 13th Floor
Los Angeles, CA 90012

Using Google I located
Minority Business Development Agency Business Center – Los Angeles
200 N Spring Street, 13th floor
Los Angeles, CA 90012
Phone (213) 978-0671

I called and spoke to a Darlene who advised me that they no longer have a program that would allow them to accept and post invitations. She provided me the below website, however I was unable to determine if this could be added to our list for this and future invitation.
