## Prices are subject to the following terms and conditions:

Haul only pricing is based on the customer's direct purchase and scheduling with the material supplier or dump site.

Delivered pricing includes scheduling, costs of materials, applicable tax and cost of trucking (tonnage rate conditions will apply).

Tonnage/Per Load rates will include the following conditions:

- Transfers are allotted 15 min. to load/20 min. to dump, end dumps and bottom dumps are allotted 15 min. to load/15 min. to dump; time exceeding the allotted time for each truck will be billed at a rate of \$1.67 per minute. If the standby time exceeds 30 minutes that truck will be billed at the applicable hourly rate.
- Flatbeds are allotted 1 hour to load and 1 hour to unload; if loading/unloading exceeds allotted time the truck will be billed at the applicable hourly rate.
- If the supplier or material changes during a shift the shift will be billed hourly.
- If the delivery site changes the shift will be billed hourly.
- Partial shifts will also be billed hourly.
- For work performed under this tonnage rate agreement on weekends or holidays, an additional 5% will be charged per ton.
- For work performed under this tonnage rate agreement after December 31, 2016 the rates are subject to a 5% cost of living increase.

General Hauling Terms: All trucks charge back to their original starting location empty. We reserve the right to refuse to haul material that we deem either unsuitable for the truck requested or material such as open grade/rubberized asphalt. If a special agreement is made to haul open grade or rubberized asphalt, there will be a 1 hour clean-out charge billed for each truck at the applicable hourly rate.

All prices quoted are subject to fuel increases. A copy of our Fuel Surcharge Assessment is attached. There is an eight (8) hour minimum charge per truck. There is a four (4) hour show-up time charge per truck if the job is cancelled and the truck(s) have already shown up on the job site. Payments for invoices are due within thirty (30) days of the invoice date. All prices are for work performed through December 31<sup>st</sup> 2016. For work performed after December 31<sup>st</sup> 2016 the rates are subject to a 5% cost of living increase. Prices quoted are good for a period of thirty (30) days from the bid date.

A signed work/purchase order constitutes acceptance of these terms.

## **Fuel Surcharge Assessment:**

A fuel surcharge is assessed when fuel prices reach \$3.50 per gallon as reported by the U.S. Energy Information Administration. The fuel surcharge is 1% for every \$0.10 increase in fuel prices, or portion thereof. The breakdown is as follows:

<b>Diesel price \$/gallon</b>	<b>% increase to hourly/tonnage/load rate</b>
\$3.50 - \$3.599	1%
\$3.60 - \$3.699	2%
\$3.70 - \$3.799	3%
\$3.80 - \$3.899	4%
\$3.90 - \$3.999	5%
\$4.00 - \$4.099	6%
\$4.10 - \$4.199	7%
\$4.20 - \$4.299	8%
\$4.30 - \$4.399	9%
\$4.40 - \$4.499	10%
\$4.50 - \$4.599	11%
\$4.60 - \$4.699	12%
\$4.70 - \$4.799	13%
\$4.80 - \$4.899	14%
\$4.90 - \$4.999	15%

\*\$5.00 and above add an additional 1% for each \$0.10 increase in price per gallon.

Fuel prices are checked weekly and any increase is based on the weekly retail on-highway diesel prices found at: [www.eia.doe.gov/oog/info/wohdp/diesel.asp](http://www.eia.doe.gov/oog/info/wohdp/diesel.asp).

All fuel surcharges will be billed separately. After the assessment of the fuel prices at the end of the week, if a surcharge is applicable, a bill for the surcharge would be generated based on the hours worked, tons or loads hauled within that week.

A signed work/purchase order constitutes acceptance of these terms.

Thank you.  
Jennifer Gemignani

After Teichert accepts Customer's order in writing, the agreed prices will remain fixed and valid, subject to any applicable oil price indexing provisions of the contract documents. Provided however, whether or not oil price indexing provisions apply, if in any instance, Teichert's cost for asphalt oil or Teichert's energy cost (cost for natural gas, propane, electricity) increase more than 10%, or Teichert's combined material, delivery and/or other costs of performance increase by more than 15%, then Teichert reserves the right to adjust the agreed prices for all remaining deliveries in an amount sufficient to cover these increased costs.
