Re: **Caltrans SR 267**
DOT 03-2F2904
Placer County, CA

Dear Cody,

Here is our costs and services proposal for providing surveying services for the Caltrans SR 267 project. The following proposal and cost estimates are based on improvement plans provided by Caltrans, dated 10/09/2013. All field personnel will be paid per current Prevailing Wage rate.

MAPCA SURVEYS, INC. is a California DBE: Certification No. 38559

The following proposal is based on special provisions Section 73 concrete curbs and sidewalks for the ADA ramps as shown in Sheets C2 and C3:

Task 1 – Survey Control

Field surveys and office support to densify survey control at two locations.

Task 1 Fee..... \$2,300.00

Task 2 – Pre-Construction Survey

Field surveys and office support to provide pre-construction survey to verify forms and site constraints are achieved.

Task 2 Fee..... \$3,800.00

Task 3 – Post-Construction Survey

Field surveys and office support to provide as-built surveys of constructed ADA ramps at street intersection.

Task 3 Fee..... \$3,500.00

TOTAL TASKS 1-3..... \$9,500.00 ✓

Note: The scope of services included in this proposal is limited to the specific scope outlined above only. Any exclusions listed are for clarity only and do not represent a complete list of exclusions to the scope. Any additional scope proposed or performed other than those listed in this proposal shall be provided as Additional Service.

This scope of service does not include revisions to improvement plans necessitated by the re-design of the project.

Our current schedule would enable us to begin work at your direction and proceed in a professional manner through completion.

This above scope of work assumes MAPCA office personnel will be provided with all plan revisions and that the site will be ready for survey stakes prior to MAPCA field crew being dispatched.

Re: **Caltrans SR 267**
DOT 03-2F2904
Placer County, CA

Dear Cody,

Here is our costs and services proposal for providing surveying services for the Caltrans SR 267 project. The following proposal and cost estimates are based on improvement plans provided by Caltrans, dated 10/09/2013. All field personnel will be paid per current Prevailing Wage rate.

MAPCA SURVEYS, INC. is a California DBE: Certification No. 38559

The following proposal is based on special provisions Section 73 concrete curbs and sidewalks for the ADA ramps as shown in Sheets C2 and C3:

Task 1 – Survey Control

Field surveys and office support to densify survey control at two locations.

Task 1 Fee..... \$2,300.00

Task 2 – Pre-Construction Survey

Field surveys and office support to provide pre-construction survey to verify forms and site constraints are achieved.

Task 2 Fee..... \$3,800.00

Task 3 – Post-Construction Survey

Field surveys and office support to provide as-built surveys of constructed ADA ramps at street intersection.

Task 3 Fee..... \$3,500.00

TOTAL TASKS 1-3..... \$9,500.00 ✓

Note: The scope of services included in this proposal is limited to the specific scope outlined above only. Any exclusions listed are for clarity only and do not represent a complete list of exclusions to the scope. Any additional scope proposed or performed other than those listed in this proposal shall be provided as Additional Service.

This scope of service does not include revisions to improvement plans necessitated by the re-design of the project.

Our current schedule would enable us to begin work at your direction and proceed in a professional manner through completion.

This above scope of work assumes MAPCA office personnel will be provided with all plan revisions and that the site will be ready for survey stakes prior to MAPCA field crew being dispatched.

The above estimated fees include one set of stakes, unless otherwise noted, associated office staking calculations, densification of survey control from existing primary control, field coordination, and compilation of cut sheets and plots, of which a copy is to be supplied to the contractor.

Any re-staking, or additional tasks requested outside this scope of work will be billed on a Time and Materials basis according to the current MAPCA Rate fee schedule.

Work will be performed pursuant to authorized written staking requests received at a minimum of 48 hours prior to the commencement of work by MAPCA field crew.

Town of Truckee shall provide existing boundary and right of way surveys performed by Sage Land Surveying.

I look forward to the opportunity, if you should have any questions, please do not hesitate to call.

Sincerely,
MAPCA SURVEYS, INC.

Principal
