Additional Good Faith Efforts

Ghilotti Bros., Inc. (GBI) has a long history of meeting or exceeding contract expectations in our projects for safety, schedule, budget and quality. But we regularly go beyond that when working towards the Departments overall goals and aspirations for utilization of DBE's by participating over and above a project specific requirement. While we routinely solicit vendors and subcontractors through our comprehensive and systematic outreach on a job by job basis, our companies 3rd generation Ownership, President Mike Ghilotti, serves on the Department's DBE Participation Committee, Task Group B, with Mark Leja and other Caltrans leadership and industry members to provide feedback and guidance to the Department regarding the construction marketplace and DBE participation. GBI regularly attends various Caltrans, county, city and agency outreach, networking, and pre-bid meetings to network with potential DBE's and explain the opportunities working with GBI can provide.

GBI has had the pleasure of working with Pendergast Consulting Group over the past five years on small and disadvantaged business participation programs for large and small construction projects, most notably the Doyle Drive reconstruction program in San Francisco. On that particular project, GBI teamed with Environova Consulting, a small local business headed by Basil Falcone, for Environmental Health and Safety Services. GBI fostered the relationship and has continued working with Environova well beyond San Francisco and the Doyle Drive program. Environova's mentored success with GBI's assistance now has them servicing large contractors including Hathaway Dinwiddie, Pankkow, and Swinerton.

Mr. Pendergast has shared with us the significant ways that GBI could work with numerous agencies such as Caltrans, the Golden Gate Business Administration, San Francisco Human Rights Commission, and San Francisco County Transportation Authority to name a few, introducing us to dozens of vendors that routinely go undocumented as outreach. We often "meet and greet" subcontractors by having them come into our office to see how we operate and meet our GFE Administrator and the Estimators as well as Company leaders.

GBI intends to continue to be an industry and Department resource for DBE vendor implementation. In the spirit of our past success with emerging businesses, we've recently engaged and offer the following firms as additional examples of our outreach efforts.

- Anvil Builders
- Azul Works
- D-Line Constructors
- Empire Engineering and Construction
- The Thier Group
