\$80.00 per day per diem if the hotel exceeds \$69.70 then the total per diem rate will increase based on the difference in cost.

. Per diem will be charged at the rate of the hotel that our operator is staying at. We suggest that you contact our office if your company is receiving a special rate for out of town work because the rate can sometimes be passed to your sub-contractors to save your company money.

These rates are effective from the date above for every job that is bid for work starting in 2012. The rates are determined by the cost of petroleum, disposables related to petroleum, (curb and rear brooms, tires, belts, oil and other wear items) and increases in labor wages slated by the MLA and Operating Engineers.
