Hi Earl,

We noticed Desilva Gates – Viking JV bid proposal has a penny (\$0.01/cy) bid for the 464,000cy of import. Can you let me know if this is on the States radar for a mathematically and materially unbalanced bid. Before we move forward with a bid protest we are interested to see if the State is moving forward with a rejection of their bid.

Over the course of the last couple years we haven't had a lot of success in any of our protest, and before we spend dollars on council, I wanted to take a different approach and get your take on the matter first.

Please let me know if you see merit in their unbalanced bid ~
