Re: Contract No. 04-0A7104
Route 880;
Bid Protest

Gentlemen:

Please consider this letter to be a formal protest of the bid submitted by RGW Construction, Inc. (RGW), the apparent low bidder in connection with Contract No. 04-0A7104. MCM Construction, Inc. is currently the second lowest bidder.

RGW Failed to Provide Location of subcontractor business or provided improper location information on the Subcontract List form.

Public Contract Code section 4104 and the Caltrans Subcontractor Listing require that a prime contractor include the business name and location with its bid. (Public Contract Code § 4104(a)(1); Subcontractor List form DES-OE-0102.2(Rev. 3/2011)). The bid Subcontractor List submitted by RGW with its bid fails to list the business location of K&G Concrete, Inc. and also improperly indicates the wrong city locations for four (4) of the listed subcontractors.

The purpose of the "Subletting and Subcontracting Fair Practices Act" (the "Act") is to prevent the practices of bid shopping and bid peddling in connection of construction of public works improvements. (Public Contract Code § 4101). The failure to provide all the required information required by the Act potentially leads to practice of bid shopping or bid peddling because it creates uncertainty regarding the identity of the listed subcontractor. Particularly in

the case of the listing of Central Striping, RGW listed the business location as "Elk Grove." Central Striping is located in Rancho Cordova. One of Central Striping's staunch competitors Centerline Striping is located in Elk Grove. RGW also listed the wrong business location for ACL, Decker Landscaping and Cleveland Wrecking. ACL is located in Ontario, not Chino Hills. Decker Landscaping is located in Auburn, not Rocklin and Cleveland Wrecking is located in San Lorenzo, not Oakland. Attachment 1 is a true and correct copy of the Subcontractor Lists submitted by RGW on bid day and in 24 hours.

The omission of the business location for the listing of K&G Concrete, Inc, violates the requirements of the bid documents which states:

"Failure to provide complete information in columns 1 through 4 within the time specified will result in a nonresponsive bid." (Emphasis Added)

The Subcontract Listing form requires that the information in column 1 be submitted with the bid. Correcting the omission with the 24 hours submission of the Subcontractor List cannot be allowed as it would violate Public Contract Code section 4104 mandates that require the business name and location be submitted with the bid.

RGW Subcontractor List 24 hours submission changed the information provided on the subcontractor list submitted on the day of the bid.

RGW described the work of AC Dike in column 4 on the day of the bid as "Place Hot Mix Asphalt Dike" No other description was provided. In its 24 subcontractor list submission, RGW did not list bid item No. 99, PLACE HOT MIX ASPHALT DIKE (TYPE A MODIFIED). AC Dike's bid submitted to RGW includes the work for all of the PLACE HOT MIX ASPHALT DIKE bid items. The quantity quoted by AC Dike is 944 LF. The total quantity of bid items Nos. 99 through 104 is 944 LF. The omission of bid item No. 99 is confirmed by the information included in the CALTRANS BIDDER DBE COMMITMENT, submitted by RGW. The A.C. Dike quote was for 944 LF at the price of \$10.65 per lineal foot and a total of \$10,054 and the DBE COMMITMENT states the value of the work to be performed by A.C. Dike Co. equals \$10,054. Attachment 2 is a true and correct copy of the A.C. Dike quote to RGW that was included in the DBE Commitment information submitted by RGW.

RGW described the work of Imperial Shotcrete in column 4 on the day of the bid as "Minor Concrete and Related, Minor Concrete (Vegetation Control)" In its 24 hour subcontractor list submission, RGW did not list bid items 127 MINOR CONCRETE (MINOR STRUCTURE) and 128 MINOR CONCRETE (BACKFILL). Clearly, "Minor Concrete and Related" includes the work of bid items 127 and 128. Accordingly, RGW bid must be found to be nonresponsive for improperly omitting item of work in column 2 that is part of the work description submitted by RGW on the day of the bid.

In both instances, RGW would need to have prohibited post bid communications with the subcontractor to negotiate the scope of work and pricing of the bid items that were to be excluded from the subcontractor's scope of work.

The Bid of RGW is mathematically and materially unbalanced.

Caltrans must reject and find a bid nonresponsive if the bid is determined to be mathematically and materially unbalanced. A materially unbalanced bid would result when there is a reasonable doubt that an award to the bidder would result in the lowest ultimate cost to the State. A materially unbalanced bid must be rejected to protect the State's interest.

RGW listed RE Serrno to perform the work of bid Item Nos. 108,96, 97, and 209 through 216. (Attachment 1) The RGW DBE COMMITMENT submittal included the quote from R. E. Serrano. Attachment 3 is a true and correct copy of the DBE COMMITMENT submitted by RGW related to the work of R. E. Serrano. An analysis of the bid items that were significantly under bid by RGW as compared to the prices quoted by RE Serrano reveals the following.

Item No.	Description	RGW Unit Price	Serrano Unit Price	Est. Qty.	Cost Difference
96	Lean Concrete Base	\$98.00	\$244.00	1,840.00	\$268,640.00
97	Lean Concrete Base Rapid Setting	\$150.00	\$302.00	2,090.00	\$317,680.00
108	Jointed Plane Concrete Pavement	\$125.00	\$398.00	280.00	\$76,440.00
209	Concrete Barrier Type 60 C	\$135.00	\$195.00	510.00	\$30,600.00
210	Concrete Barrier Type 60 G	\$50.00	\$165.00	80.00	\$9,200.00
211	Concrete Barrier Type 60 GC	\$60.00	\$150.00	1,280.00	\$115,200.00
212	Concrete Barrier Type 60 DA Mod.	\$65.00	\$210.00	480.00	\$69,600.00
213	Concrete Barrier Type 60 BD mod.	\$55.00	\$120.00	1,280.00	\$83,200.00
214	Concrete Barrier Type 60 SC	\$75.00	\$184.00	190.00	\$20,710.00
215	Concrete Barrier Type 60 RA Mod.	\$85.00	\$462.00	400.00	\$150,800.00
216	Concrete Barrier Type 60 RB Mod.	\$110.00	\$580.00	91.00	<u>\$42,770.00</u>
			Total Under Bid		\$1,184,840.00

It is readily apparent that RGW under bid the value of the items of work bid by RE Serrano would be added to other items of work. It is difficult to determine which item prices are inflated because of the unbalancing of the above listed items, however, the unbalancing of the bid should be apparent in comparing prices bid by RGW with other bidders. Bid item Nos. 47, 72, 92, 110, and 241 are examples of such unbalancing. This would result in the State paying more to RGW than other bidders if the item quantities of these item should under run from the estimated quantities. This is the circumstance in which a bid should be rejected for being materially unbalanced.

RGW listed subcontractors for items of work for which the listed subcontractor did not provide a quote at the time of bid.

In two instances, RGW listed items of work that the listed subcontractor did not bid on the day of the bid. This practice invites the post bid communications of negotiating prices and scope of work with the subcontractor. This is a practice that potentially leads to the bid shopping and bid peddling that the Act prohibits.

The subcontractor list submitted by RGW describes the work to be performed by Central Striping in column 4 to include bid item 6 TRAFFIC CONTROL SYSTEM, yet Central Striping did not quote work for bid item 6. Also the 24 submission of the subcontract list from RGW indicates that Central Striping will perform only 1% of the work of bid item No. 6. The quote of Central Striping expressly excludes any traffic control. Furthermore, it is completely illogical for the striping subcontractor to perform such a small part of the traffic control item of work when the striping work on this project requires significant traffic control for all of the stages involved in the project.

In addition, Central Striping did not quote items 196, 197, and 199 which were listed for Central Striping in the subcontractor list submitted by RGW. There are other similar discrepancies in the subcontractor list submitted by RGW where the listed subcontractors are indicated to perform contract work that was not included in the subcontractor's quote of this project. Also, Decker Landscaping did not bid on bid item No. 77 ROCK BLANKET, yet they are listed by RGW to perform 100% of bid item No. 77. Attachment 4 is true and correct copies of the bid day quotes from Central Striping and Decker Landscaping.

RGW's DBE commitment submittal is not consistent with the subcontractor list submitted with the bid and the subcontractor list 24 hour submission.

The CALTRANS BIDDER DBE COMMITMENT form submitted 4 days after the bid day requires:

“Names of the first tier DBE subcontractors and their respective items of work listed above must be consistent, where applicable, with the names and items of work in the ‘Subcontractor List’ submitted with your bid.”

In numerous instances, RGW's DBE COMMITMENT information is not consistent with the subcontractor list. RGW's DBE COMMITMENT form indicates that Tri-Valley Water Truck will perform \$356,259 of the bid item work which exceeds 0.5% of the total bid price of RGW. RGW did not list Tri-Valley Water Truck on its subcontractor list. Tri-Valley Water Truck is providing labor and equipment to perform nearly 100% of the work of bid item No. 63 DEVELOP WATER SUPPLY and approximately \$150,000 of the work of bid item No. 64 ROADWAY EXCAVATION which amounts to over 15% of the work of that item. Further, with respect to the DBE COMMITMENT submitted by RGW for the work to be performed by its subcontractor Tri-Valley Water Truck, RGW states the Tri-Valley Water Truck will furnish operated sweeper for bid items 2 and 64, while the bid item No. 22 covers the Street Sweeper work. Attachment 5 is a true and correct copy of the DBE Commitment related to the work to be performed by Tri-Valley Water Truck that was submitted by RGW.

Caltrans has always strived to be consistent in their determinations regarding the requirement for the DBE Commitment to be consistent with the Subcontractor List. In at least three instances, Caltrans has determined that a bid was nonresponsive as a result of a bidder submitting a DBE COMMITMENT that included a subcontractor that was not listed on the Subcontractor List. The first instance involved the apparent low bid on Contract 05-0R9104 involving a Traffic Control subcontractor who bid its work on an hourly supply labor and equipment basis who was listed on the DBE COMMITMENT but not listed on the Subcontractor List by the prime bidder. The second instance involved Contract No. 04-4A5104 where the low bid was rejected on the same basis. The third instance recently involved Contract No. 04-4S6204, again involved the DBE COMMITMENT that included a subcontractor that was performing work strictly on an hourly basis and that was not listed on the Subcontractor List and the low bid was rejected as nonresponsive because of the subcontract listing on the DBE Commitment was not consistent with the Subcontractor List. In order for the Department decisions in these situations, Caltrans must reject the bid of RGW as being nonresponsive.

Based on the information provided herein and the bidding requirements provided by law and the Department's bid specification and the previous determinations made by the Department regarding responsive bids, MCM respectfully submits that the bid of RGW on the referenced contract must be determined to be nonresponsive and Contract No. 04-0A7104 should be awarded to the lowest responsive and responsible bidder, MCM Construction, Inc.
