SUPPLIER CLEARINGHOUSE
CERTIFICATE OF ELIGIBILITY

CERTIFICATE EXPIRATION DATE: **12-31-2015**

The Supplier Clearinghouse for the Utility Supplier Diversity Program of the California Public Utilities Commission hereby certifies that it has audited and verified the eligibility of:

KRC Safety Co., Inc.
of Visalia, California as a MBE

pursuant to Commission General Order 156, and the terms and conditions stipulated in the Verification Application Package. This Certificate shall be valid only with the Clearinghouse seal affixed hereto.

Eligibility must be maintained at all times, and renewed within 30 days of any changes in ownership or control. Failure to comply may result in a denial of eligibility. The Clearinghouse may reconsider certification if it is determined that such status was obtained by false, misleading or incorrect information. Decertification may occur if any verification criterion under which eligibility was awarded later becomes invalid due to Commission ruling. The Clearinghouse may request additional information or conduct on- site visits during the term of verification to verify eligibility.

This certification is valid only for the period that the above named firm remains eligible as determined by the Clearinghouse. Utility companies may direct inquiries concerning this Certificate to the Clearinghouse at 800-359-7998 in Los Angeles.

SUPPLIER CLEARINGHOUSE
CERTIFICATE OF ELIGIBILITY

CERTIFICATE EXPIRATION DATE: **12-31-2015**

The Supplier Clearinghouse for the Utility Supplier Diversity Program of the California Public Utilities Commission hereby certifies that it has audited and verified the eligibility of:

KRC Safety Co., Inc.
of Visalia, California as a MBE

pursuant to Commission General Order 156, and the terms and conditions stipulated in the Verification Application Package. This Certificate shall be valid only with the Clearinghouse seal affixed hereto.

Eligibility must be maintained at all times, and renewed within 30 days of any changes in ownership or control. Failure to comply may result in a denial of eligibility. The Clearinghouse may reconsider certification if it is determined that such status was obtained by false, misleading or incorrect information. Decertification may occur if any verification criterion under which eligibility was awarded later becomes invalid due to Commission ruling. The Clearinghouse may request additional information or conduct on- site visits during the term of verification to verify eligibility.

This certification is valid only for the period that the above named firm remains eligible as determined by the Clearinghouse. Utility companies may direct inquiries concerning this Certificate to the Clearinghouse at 800-359-7998 in Los Angeles.

RE: Caltrans Project - Construction on State Highway in Alameda County at Route 80/580/880 Separation, Contract No. 04-1A6724, Bid Date: October 28, 2015, 2pm. DBE Goal: 4%

Subject: Price Quote for providing Water Pollution Control Program (WPCP) and Stormwater Pollution Control (WPC) Permit Compliance Services.

Dear Estimator:

S Kwok Engineers, Inc. is pleased to provide quotes for services as a **Qualified SWPPP Developer (QSD)/Qualified SWPPP Practitioner (QSP)** to perform the stormwater pollution control monitoring services for the referenced contract. Here is our company information for your bidding use:

We are a **Minority Business Enterprise (MBE)**, a California Unified Certification Program (CUCP) certified **DBE (Cert No. 37060 – Asian Pacific, Male)** and **Small Business Enterprise** firm certified by the Department of General Services of California **(SBE # 55132)**. Our **DIR registration number is 1000001343** and **annual gross receipt is below $500,000**. We have **operated for more than 7 years**. Our California Civil Engineer License is C 54292 and our QSD/QSP certificate number is 00399. We provide professional services only and do not provide construction work in the field therefore we do not possess a contractor license number.

We provide you an economical way to monitor the storm water compliance work on your project site. **We will work with your construction team to perform storm water monitoring tasks.** Here are our quotes for the following items:

Prepare WPCP for the Project.

Item No. 8 – Prepare Water Pollution Control Program - Partial	**Estimated fee**
Preparing WPCP certified by Qualified SWPPP Developer (QSD) - We will **increase the fee by 150%** for preparing the WPCP if you don't hire us for the QSD/QSP Bi-weekly Monitoring Services under the Job Site Management.	$1,320

The WPCP will conform to the Caltrans Standard. The draft WPCP will be submitted electronically to you for review and approval.

The above estimated fee does not include the hardcopies of the WPCP. If you need hardcopies, the printing cost is $250 per set plus shipping. The hardcopy of the WPCP will be bounded in a ring binder and delivered to you via UPS ground.

The WPCP quote does not include the effort of preparing the Dewatering and Discharge Plan (DDP). It also does not include preparing water pollution control items for aggregate crushing plant or, concrete or asphalt concrete batching plant.

Payment shall be paid in full once the WPCP is approved or conditionally approved by the agency's Engineer for the beginning construction.

Job Site Management - Provide QSD/QSP Monitoring Services as the Water Pollution Control Manager for the project:

Our QSDs/QSPs are California Registered Civil Engineers (We will perform stormwater site visual inspection only and will not perform construction work or provide construction materials in the field):

Item No. 7 – Job Site Management - Partial	**Estimated Unit Cost**	**Estimated Quantity**	**Estimated fee**
Job Site Management - Provide QSD/QSP Monitoring Service, Estimated **4 hours bi-weekly** including travelling time. This is a partial scope (reduced cost) of work, see **Note 1** below.	$110 / hour x 4 hours bi-weekly is $440 bi-weekly plus mileage cost is $30 /roundtrip =$470/bi-week	450 Working Days = approximately 45 bi-weekly	$21,150

Total Estimated Fees = $22,470 (This is an estimated fee for our quoted items. The actual contracted fees might vary from this estimated fee. During the contract period, we will submit the actual executed tasks or hours on our weekly timecard, and send to you for approval before invoicing for payment.)

Note 1: Your construction team will work with us and take responsibilities for the storm event (pre, during and post storm) monitoring, daily monitoring, storm water samplings and analysis, and reporting tasks. We will train your specified employees to perform these tasks and reduce your cost for hiring us fulltime. We can provide you the defined scopes between us before we hire for the job.

If you want us to take over the entire tasks, we can provide you an estimated fulltime fees upon your request.

Parking and travelling expenses with 10% administration fees will be charged separately from the quotes above if it incurred on this project. The effort of monitoring the process of dewatering and preparing dewatering plan are not included in the above quotes. Our QSD/QSP will be travelling from City of Concord to the site therefore the roundtrip mileage cost is $30 for each field monitoring work. The mileage cost is subjected to change depend on the assigned QSD/QSP location to the project.

Exclusion,

- Ensure all employees have current water pollution control training,
- Authority to mobilize crews.

Our rates for a QSD/QSP with Civil Engineer license is $110 per hour for incidental work. Travelling time will be charged with this rate. Amendments are not part of WPCP preparation quote and require a minimum of 2 hours per amendment.

The quotes above include the stipulations described under the General Terms and Conditions listed below:

GENERAL TERMS AND CONDITIONS

QSP/QSD/WPCM. S Kwok Engineers, Inc. ("Consultant") is certified as a Qualified SWPPP Practitioner ("QSP") and Qualified SWPPP Developer ("QSD") under the State Water Resources Board's Construction General Storm Water Permit ("CGP"). Consultant's responsibilities shall conform and are limited to the requirements of the CGP, as applicable, to Consultant's retention as a QSP or QSD. The minimum time required for Consultant to prepare a Storm Water Pollution Prevention Plan ("SWPPP"), or for Caltrans projects, a Water Pollution Control Program or Plan ("WPCP"), is ten (10) business days. In order for Consultant to prepare a SWPPP or WPCP, Contractor must provide information requested by Consultant concerning the project, including, but not limited to, the project schedule, contract and/or purchase order. Payment to Consultant for preparation of the SWPPP or WPCP shall be in full once the agency's Engineer approves or conditionally approves the beginning of construction activities.
Consultant only provides advisory services, does not perform physical construction work or deliver construction materials to the field, and is not responsible for water pollution on or unauthorized discharge of pollutants from the project, inciuding, without limitation, any resulting costs, penalties or fees. Consultant is not responsible for impiementation of Best Management Practices (BMPs) and preparation of Dewatering and Discharge Plan (DDP). Consultant may monitor Active Treatment Systems ("ATSs"), but is not responsible for the design, installation, operation ATSs.
Insurance. Consultant maintains, and shall maintain during the performance of its work on the project, the following insurance and coverage:

- General liability - $1 million per occurrence/$2 million aggregate;
- Professional liability - $1 million per occurrence/$2 million aggregate;
- Commercial automobile liability - $1 million combined single limit;
- Umbrella liability – $1 million;
- Worker's compensation liability - $1 million per accident for bodily injury or disease.

Insurance or insurance coverage required in addition to or in excess of the insurance and coverage provided under this provision shall be paid for by Contractor in advance of being acquired by Consultant.
Billing. Except as otherwise provided herein, Consultant shall submit invoices monthly for work performed on the project. Payment term is net thirty (30) days from receipt of invoice for progress payment and net forty-five (45) days from receipt of invoice for retention payment. Payments not received in accordance with this provision shall accrue interest at the rate of one and one-half percent (1-1/2%) per month from due date until paid.
Instruments of Service. All plans, reports, data, photographs and other documents or electronic media prepared in whole or in part by or on behalf of Consultant ("Instruments of Service") shall not be used or permitted to be used by Contractor on any project other than the project for which Consultant prepared such Instruments of Service.
Change Orders and Extra Work. Consultant shall not be required to perform work different than or in addition to the scope of work agreed in Consultant's contract with Contractor without a written change order signed by Contractor and Consultant or extra work authorization signed by Contractor which includes an adjustment to the contract price and time for performance as agreed to by Contractor and Consultant.
Suspension of Work and Termination or Cancellation of Contract. Consultant may suspend work or terminate or cancel Consultant's contract with Contractor upon forty-eight (48) hours written notice to Contractor. Consultant may cancel its contract with Contractor for breach of any provision contained herein. Consultant may terminate its contract with Contractor for the following causes: (1) a force majeure event; (2) the filing of a voluntary petition in bankruptcy by Contractor; (3) the failure by Contractor to pay Consultant's invoices as provided herein; (4) the failure by Contractor to execute change orders or extra work authorizations as provided herein.
Site Conditions. Contractor represents and warrants that the site conditions of the project are as represented in Consultant's contract with Contractor, drawings and specifications (collectively "Contract Documents") and acknowledges that Consultant has only relied on the site conditions as represented in the Contract Documents. Contractor shall be responsible for extra work necessitated by unforeseen site conditions not represented in the Contract Documents.
Force Majeure. Consultant shall not be liable for any damage or delays caused by any act or event beyond the reasonable control of Consultant, including, but not limited to, natural catastrophe, war or public disorder, strikes or labor disputes, and actions by a governmental authority.
Alternative Dispute Resolution. As a condition precedent to any legal action concerning any dispute between the parties which arises out of or relates to these General Terms and Conditions ("General Terms") or the Contract Documents, the parties shall mediate such dispute before the American Arbitration Association ("AAA") pursuant to the AAA's Construction Industry Arbitration and Mediation Procedures. Provided, however, that nothing contained

in this provision shall prevent the parties from filing an action to preserve its rights to foreclose on a design professional or mechanic's lien, to enforce a stop notice claim, or to enforce a payment bond claim. The locale of the mediation shall take place at the AAA office nearest to the site of the project. Expenses of mediation shall be borne equally by the parties to the mediation.

Indemnity. Contractor shall indemnify, hold harmless, and defend (with counsel acceptable to Consultant) Consultant from any and all claims, damages, liabilities or other obligations of any nature arising out of or which relates to Consultant's work on the project, except that caused by the sole and active negligence of Consultant.

Incidental, Special, and Consequential Damages. Consultant shall not be liable for any incidental, special or consequential damages, including, but not limited to, loss of revenues or profits, liquidated damages, delay damages, or liabilities or other obligations to third parties.

Cooperation. Contractor shall cooperate with Consultant in obtaining documents and other information requested by Consultant, including, but not limited to, requests for information, change orders and other approvals, and the status of Consultant's applications for payment and payments to Contractor for work performed by Consultant. Contractor shall cooperate with Consultant's recommendations so as not to impair Consultant's ability to perform under the CGP and Caltrans' specifications, as applicable, by, among other things, mobilizing crews within 72 hours to implement or maintain BMPs or corrective actions, ensuring Consultant access to the construction site at all times including after hours, weekends and holidays, and properly managing construction materials, stockpiles and waste.

Application. These General Terms shall alter and supersede any conflicting terms or conditions contained in the Contract Documents concerning the work performed or to be performed by Consultant on the project including any provision purporting to alter or supersede these General Terms.

Construction. These General Terms shall not be construed against any of the parties and the rule of constructing contract ambiguities against the party drafting the contract shall be inapplicable.

Attorneys' Fees. In the event any legal action is filed which arises out of relates to these General Terms or the Contract Documents, the prevailing party shall be entitled to recovery its reasonable attorney's fees and other costs, including expert costs, in addition to any other relief to which it may be entitled.

Governing Law. These Conditions and the Contract Documents shall be construed under, and governed by, the laws of the State of California.

Severability. If any provision contained herein is held to be invalid or unenforceable, such invalid or unenforceable provision(s) shall not affect the validity or enforceability of any other provision contained herein.

Survivability. The provisions contained in herein shall survive the completion, cancellation or other termination of Consultant's contract with Contractor.

The quotes above include the stipulations described under the General Terms and Conditions listed below:

If the proposal is acceptable to you, please send us your sub-contract or purchase order two (2) weeks before we start working on the project. This will allow us to resolve any contract issues if they arise.

Please feel free to call me if you have any questions. These quotes are valid for 6 months from the below date.

Dear Ms. Guillory:

I am pleased to advise you that after careful review of your application and supporting documentation, the California Department of Transportation (Caltrans) has determined that your firm meets the eligibility standards to be certified as a Disadvantaged Business Enterprise (DBE) as required under the U.S. Department of Transportation's Code of Federal Regulation (CFR) 49, Part 26, as amended.

Your firm will be listed in the California Unified Certification Program (CUCP) database of certified DBEs under these specific areas of your expertise and license identified following a comprehensive review of your firm:

NAICS Category Codes	Description
425120	Wholesale Trade Agents and Brokers

Work Category Codes	Description
G1000	Non-Store Whole Merchant
G1001	Drop- Shipper

Your DBE certification is recognized solely for the above codes. You may review your firm's information in the CUCP DBE Database, which can be accessed at Caltrans' Web site at http://www.dot.ca.gov/hq/bep/. Any additions and revisions must be submitted to Caltrans for review and approval.

In order to assure continuing DBE status, you must annually submit a No Change Declaration Form (which will be sent to you) along with supporting documentation. Based on your annual submission – that no change in ownership and control has occurred – or if changes have

CERTIFICATE OF ELIGIBILITY

CERTIFICATE EXPIRATION DATE: **08-15-2016**

The Supplier Clearinghouse for the Utility Supplier Diversity Program of the California Public Utilities Commission hereby certifies that it has audited and verified the eligibility of:

Double G's Supply, Inc.
of Roseville, California as a WMBE

pursuant to Commission General Order 156, and the terms and conditions stipulated in the Verification Application Package. This Certificate shall be valid only with the Clearinghouse seal affixed hereto.

Eligibility must be maintained at all times, and renewed within 30 days of any changes in ownership or control. Failure to comply may result in a denial of eligibility. The Clearinghouse may reconsider certification if it is determined that such status was obtained by false, misleading or incorrect information. Decertification may occur if any verification criterion under which eligibility was awarded later becomes invalid due to Commission ruling. The Clearinghouse may request additional information or conduct on- site visits during the term of verification to verify eligibility.

This certification is valid only for the period that the above named firm remains eligible as determined by the Clearinghouse. Utility companies may direct inquiries concerning this Certificate to the Clearinghouse at 800-359-7998 in Los Angeles.

A MESSAGE TO OUR NEW PERMIT HOLDER

As a seller, you have rights and responsibilities under the Sales and Use Tax Law. In order to assist you in your endeavor and to better understand the law, we offer the following sources of help:

- Visiting our website at www.boe.ca.gov
- Visiting a district office
- Attending a Basic Sales and Use Tax Law class offered at one of our district offices
- Sending your questions in writing to any one of our offices
- Calling our toll-free Information Center at 800-400-7115

As a seller, you have the right to issue resale certificates for merchandise that you intend to resell. Conversely, you have the responsibility of not misusing resale certificates. While the sales tax is imposed upon the retailer,

- You have the right to seek reimbursement of the tax from your customer
- You are responsible for filing and paying your sales and use tax returns timely
- You have the right to be treated in a fair and equitable manner by the employees of the Board
- You are responsible for following the regulations set forth by the Board

As a seller, you are expected to maintain the normal books and records of a prudent businessperson. You are required to maintain these books and records for no less than four years, and make them available for inspection by a Board representative when requested. You are also expected to notify us if you are buying, selling, adding a location, or discontinuing your business, adding or dropping a partner, officer, or member, or when you are moving any or all of your business locations. If it becomes necessary to surrender this permit, you should only do so by mailing it to a Board office, or giving it to a Board representative.

If you would like to know more about your rights as a taxpayer, or if you are unable to resolve an issue with the Board, please contact the Taxpayers' Rights Advocate Office for help by calling toll-free, 888-324-2798 or 916-324-2798. Their fax number is 916-323-3319.

Please post this permit at the address for which it was issued and at a location visible to your customers.

Civil Engineering and Stormwater Solutions

November 3, 2015

RE: Proposal for WPCP for Caltrans 04-1A6724, bidding 11/5/15

Dear Prime Contractor,

Thank you for the opportunity to provide a proposal for this project. We provide civil engineering and stormwater management services.

Scope of Work:

A. Prepare Water Pollution Control Program (WPCP)

Prepare a Water Pollution Control Program (WPCP). The document will be prepared in accordance with Caltrans requirements. Water Pollution Control Drawings will be included.

Exclusions: Installation and implementation of water pollution practices, providing a WPC Manager, conducting training, and monitoring, inspection and correcting water pollution control practices are excluded. A WPC Manager, training, monitoring and inspection are available as an additional service upon request.

B. Provide Weekly Stormwater Inspection and Water Pollution Control Manager, for weekly inspection
   - I. Provide Water Pollution Control Manager (WPC Manager) with appropriate Qualified SWPPP Practitioner (QSP) certification.
   - II. Provide inspection 1 day per week of stormwater Best Management Practices (BMP's) and oversee BMP implementation; inspections will be done or overseen by a QSP.
   - III. Provide quarterly non-stormwater monitoring inspection.
   - IV. Check NOAA weather forecast daily.
   - V. Provide stormwater inspection reports once a week.
   - VI. Prepare WPCP Amendments as needed.
   - VII. Provide initial SWPPP training to contractor's staff and subcontractors at beginning of job.
   - VIII. Exclusions; Does not include any onsite sampling or lab testing if there is an event that triggers non-stormwater, non-visible pollutant or other testing. Assumes contractor's staff can provide the daily, pre-storm, during storm and post-storm visual BMP rain event inspection to reduce costs unless otherwise contracted for (See Item C below for rain event inspection).

C. Provide Stormwater Inspector for Pre-Storm, During Storm or Post Storm Inspection
   - I. Provide Pre-storm inspection; before a forecasted storm event which is defined as one with a 50% chance or more of occurrence.
   - II. Provide During storm inspection. This is required every 24 hours during extended storm events. A storm event is defined as one that produces or is forecasted to produce at least 0.10 inch of rain within a 24 hour period (per Caltrans definition).
   - III. Provide Post storm inspection; after a qualifying rain event. A qualifying rain event is one that produces ½" or more of rain with a 48 hour or greater period between rain events.
   - IV. Inspections will be done or overseen by a QSP.

Fee:

The WPCP will be prepared for a Fixed Fee of the following, with fees billed monthly based upon percent completion:

A. Prepare WPCP (Part of Bid Item No. 8) $ 625

Civil Engineering and Stormwater Solutions

The following services will be provided on a Time and Materials/Not to Exceed basis as needed:

B. Provide Weekly Stormwater Inspection and Water Pollution Control Manager $ 375 per week

$125/hr x 3 hours = $375/week x 130 weeks = $48,750 Not to Exceed

C. Provide Stormwater Inspector for Pre-Storm, During Storm or Post Storm Inspection $ 375 EA

$125/hr x 3 hours = $375 per visit x 22 visits = $8,250

For quantity purposes, we estimate no more than 22 events

This is based on the project lasting 130 weeks.

Contractors should take note that Items B and C above are required items under the Caltrans "Prepare WPCP" Bid Item as per the 2010 Standard Specifications, Section 13-2.01A page 163.

Fees will be due within 30 days of client's receipt of invoice. Late payments beyond 30 days past due can be subject to a 1.5% per month interest charge. Payment arrangements can be made to coincide with any owner to contractor payment installments.

Timing and deliverables:

The WPCP will be provided within 1 week of receipt of signed contract. The document will be provided in hard copy (4 copies) and electronic PDF format.

We appreciate the opportunity to present this proposal. Please feel free to contact me if you have any questions via cell at (707) 628-4219 or at our office number below.

Sincerely,

Robin Tully

ASSUMPTIONS

1. Work Area Monitoring will be conducted under the direction of a Certified Industrial Hygienist (CIH). All travel, perdiem, materials, supplies and laboratory costs are included in the daily rate. Reports will be prepared and signed by a CIH as called for in the Special Provisions.
2. Veridico assumes that lead will be the only metal analyzed for airborne monitoring.
3. Veridico assumes a MINIMUM monitoring duration of ten (10) days. The Prime Contractor can multiply the daily Work Area Monitoring rate of $1,895.00 per day by the actual activity days to calculate a lump sum total for the project if more than ten (10) days. A mobilization charge of $550.00 will be charged for each mobilization to the site for non-consecutive monitoring events.
4. If the Prime Contractor prefers to monitor airborne lead concentrations with internal resources beyond the ten (10) day period that Veridico Group would be on site for the work a weekly consulting rate of $1,250.00 would be required to provide training, equipment, analyses, and oversight and reporting by a CIH.
5. Required training specified in the LCP can be conducted (under the direction of a CIH) at contractor location. The training can be conducted for a lump sum of $1,950.00 per event.
6. Job Site Management assumes a project duration of 450 days (field work not including plant establishment), or 90 weeks of on-site field work.

   90 weeks x $325.00/week = $29,250.00

   This is a weekly rate for Veridico to document required WPCP compliance by completing Caltrans forms 2030 and 2034 by a QSD/P. Veridico will work with your field staff to assess site conditions each week; no site visits are included. Pre-, during and post-rain event site inspections are not included but will be billed at the Job Site Management rate if required.
7. No other plans, reports, monitoring or permits are included.
8. The WPCP and LCPs include one (1) revision for the quoted bid. Additional revisions will be billed at $125.00 per hour.
9. Contractor to provide completed questionnaire (supplied by Veridico upon notice of award) prior to start of work.
10. Print-ready electronic draft and final copies of plans and/or reports will be provided so hard copies can be produced; no hard copies will be provided by Veridico.

Veridico is a certified DBE contractor (No. 39572) with a number of associates that have supported Caltrans projects for many years. We have the necessary certified personnel to support your efforts on this project and we look forward to providing you our highest level of project support. Please don't hesitate to contact me directly at (707) 317-0002 or at tim.anenson@veridicogroup.com if we can provide anything further.

My Very Best Regards,

SOLAR MESSAGE CENTER

System Integrity

The SMC 4000 Mast-Mini is capable of operating independently of sunlight for 21 days using the 2 batteries in the battery bank. The solar array is sized to provide one day's power requirement in just 2.5 hours of good sunlight. This combination of extended day's use from the battery bank and quick recharge capability from the solar array result in a viable solar-assist system that will provide years of service with minimal maintenance.

Sign Flexibility

The SMC 4000 Mast-Mini is designed for use in areas where space is limited, and provides variable character fonts with both 12" and 18" character heights.

Standard NTCIP-Compliant Controller

A user-friendly, NTCIP-compliant, dedicated computer designed by Precision Solar Controls reduces the number of keys required to program the SMC 4000 Mast-Mini.

Full Matrix Display

The SMC 4000 Mast-Mini provides 250 text, 60 graphic and 20 arrow board display messages preprogrammed and stored in the controller. Additionally, 100 user-created messages can be programmed and stored.

Industrial-Grade Structural Steel Trailer

The SMC 4000 Mast-Mini uses a durable trailer system designed to provide years of dependable service. The trailer's high-quality, powder-coat paint, 2"x 3" 11-gauge steel frame, and a 2,000-pound axle enhance the overall durability of the unit.

Modular Electronic Componentry

The entire system was developed with the operator/end user in mind. Electronic components are easily replaced, reducing downtime and maintenance costs. This modularity also improves system diagnostics.

Non-Manufacturer

Conflict of Interest for Current and Former State Employees
Prior to contract award, agencies will assure the vendor is in compliance with Public Contract Code, Section 10410 et seq. addressing conflict of interest for State employees or former employees.

Annual Submission Requirement
Submit copies of the ENTIRE federal tax return to the Office of Small Business and DVBE Services (OSDS). In addition to the business tax returns, each partner of a partnership business must also submit individual federal tax returns. Businesses that rent equipment to the State must submit individual federal tax returns for each disabled veteran owner within 90 days of the individual's tax return filing due date. If you have been granted a tax filing extension with the Internal Revenue Service, submit a copy of the extension form and annual financial statements; then, submit a copy of the tax return once filed.

Maintaining Your Online Certified Firm Profile
Visit www.eprocure.dgs.ca.gov/default.htm to update your certification profile. You may report changes to the following: mailing and principal office address; contact information; keywords and service areas; United Nations Standard Products and Services Codes, North American Industry Classification System (applicable only to Manufacturers). This certification may be impacted if you update information beyond the aforementioned. To

Congratulations on your Small Business (SB) certification with the State of California. Your business is now entitled to compete in the State's goal to spend 25 percent of its annual contracting dollars with small businesses. Each certified SB receives a five percent bid preference on applicable solicitations. This certification also guarantees higher interest penalties for late payment of undisputed invoices. You may purchase a rubber stamp by completing the Prompt Payment Rubber Stamp Order form at www.documents.dgs.ca.gov/pd/smallbus/ppstampreq.pdf. For more information or to verify certification status, visit www.eprocure.dgs.ca.gov.

Conflict of Interest for Current and Former State Employees
Prior to contract award, agencies will assure the vendor is in compliance with Public Contract Code, Section 10410 et seq. addressing conflict of interest for State employees or former employees.

Annual Submission Requirement
Submit copies of the ENTIRE federal tax return to the Office of Small Business and DVBE Services (OSDS). If you have been granted a tax filing extension with the Internal Revenue Service, submit a copy of the extension form and annual financial statements; then, submit a copy of the tax return once filed. If you have employees, include the California Employment Development Department's "Quarterly Contribution Return and Report of Wages (Continuation)" (Form DE9C). If you have out-of-state employees, submit the employee documentation comparable to Form DE9C. These annual submissions also apply to all affiliated businesses.

Maintaining Your Online Certified Firm Profile
Visit www.eprocure.dgs.ca.gov/default.htm to update your certification profile. You may report changes to the following: mailing and principal office address; contact information; keywords and service areas; United Nations Standard Products and Services Codes, North American Industry Classification System (applicable only to

Manufacturers). This certification may be impacted if you update information beyond the aforementioned. To report changes by mail, complete a "Certification Information Change" form located at www.documents.dgs.ca.gov/pd/smallbus/certchange.pdf.

Certification Renewal
Please complete an online application at www.eprocure.dgs.ca.gov 90 days prior to the expiration date whether or not you receive a renewal notice. If you hold dual certifications, SB and DVBE certifications, you must renew both certifications at the same time. Please contact us at 800.559.5529, 916.375.4940 or by email at OSDSHelp@dgs.ca.gov if you have any questions.

Sincerely,

Terms and Conditions:

Complete Analytical and Geotechnical reports must be provided by contractor and approved by landfill prior to soil removal. All soil testing must meet the landfill's requirements. All delivered materials are subject to the contractor's approval and must be approved prior to hauling. Tonnage and load prices are only valid with standby times ($1.60 per minute beyond 10 minutes per truck at both loading and receiving sites) paid in full; otherwise, hourly rates will be charged for all trucks. Tonnage and load rates applies to a minimum of eight hour work day. Night Work will be the same charge as Saturdays. Six hour minimum per shift per truck applies to all jobs. For Hourly Projects, the billing time will end at the point of origin. Bridge Tolls will be billed separate for all jobs. All prices are subject to a 5% increase each year, except dirt haul prices and dumpsite, which are subject to change anytime due to weather and/or any other factor beyond our control. General Prevailing Wage (Determination: C-DT-830-261-7-2009-1) will be billed only hourly and twenty percent extra, over and above the prices listed in this quote. This quote does not apply to Federal and Major Holiday. Material prices and dump fees exclude fuel surcharges and environmental fees imposed by quarries and landfills. All extra fees imposed by quarries and or landfills will be billed separately if applicable. An extra cleaning time of one hour will be charged per truck and per shift for Rubber, Wet CTB and OGAC, if necessary. Fuel Surcharges: The above rates are based on the current fuel prices (see above date.) These rates will increase by 3.5% for every 0.50 increase in fuel. If the project requires a Truck Boss, it will be billed separately. Accounts overdue beyond 15 days of billing will be charged at an interest rate of 24% per annum. Customer is also liable for an additional 25% of unpaid balance plus accidental collection costs, including attorney fees. Any valid charges must be provided to Economy Trucking Services, Inc. in the event of any delays, damages and/or losses related to trucking within Five Days from the date of the occurrence. After five days, such charges will not be approved and/or accepted. Customer agrees not to hire any other company to haul dirt to/from the same dumpsite/jobsite that is provided or proposed by Economy Trucking Services, Inc. or otherwise we have the right to collect any/all profits entitled to trucking & dirt hauling. This quote is good for 30 days from the above bid date.
This quote does not apply to projects requiring Teamsters Wages, Dues and Trust Fund.

Proposal for 100gpm Temporary Active Treatment System – Bid Item 11

Dear Rachele,

Clear Creek Systems, Inc. (CCS) is pleased to submit this proposal for water treatment services for the project listed above. We are providing a proposal for a 100gpm Temporary Active Treatment System (ATS) in accordance with Attachment F of the California General Permit and the project specifications.

The system is designed to treat water collected and conveyed by others from drill holes during site construction activities. The Contractor will pump the water into one 20,000 gallon settling/storage tank. CCS will pump the water from the settling/storage tank, treat for pH (if required), inject with a coagulant, settle in one 20,000 gallon ATS treatment tank, and filter through a CCS SF100 sand filter unit for the reduction of suspended sediment and turbidity. The effluent water will be conveyed to the point of discharge within 100 linear feet of the end of the treatment system. This proposal assumes that water collection and conveyance prior to the treatment system will be provided by others. If you would like an alternate scope of work please let us know.

Clear Creek Systems, Inc. (CCS) is a licensed contractor specializing in temporary water treatment systems. We are able to provide all of the necessary equipment to manage the storm water or groundwater on your project including, but not limited to, pumps, settling tanks, piping, filtration equipment, and experienced operators. We have been providing temporary treatment systems since 1995. We are able to provide turnkey systems design and operations as needed. We have experienced personnel available to train your personnel or monitor the systems as needed. We have treated flows as high as 4,000 gpm, and we have addressed high suspended solids, pH, oils and other hydrocarbons, metals and nitrates. We are used to operating in difficult and often changing operating conditions. As such, we are very experienced in dealing with the operational situations that arise when treating a high volume of water with a temporary treatment system with little to no

infrastructure. We also specialize in the design and installation of permanent industrial/commercial storm water and groundwater treatment systems.
We have prepared Active Treatment System/Dewater Discharge Plans that have been approved by Caltrans in several districts and by the San Francisco Regional Water Quality Control Board, North Coast Regional Water Quality Control Board, Sacramento Regional Water Quality Control Board, and San Joaquin Regional Water Quality Control Board under the new construction general permit on the first submittal.

100 GPM - PROPOSED SCOPE OF WORK INCLUDED – RENTAL OPTION (EITHER AS INCLUDED COMPONENT OR OPTION)

1. **100 GPM Temporary Active Treatment System (ATS)**
   - ATS Monitoring Module
   - One (1) CCS SF-100 Sand Filter
   - Two (2) 20,000gal Tanks (one for storage/one for settling)
   - One (1) Electric Centrifugal System Pumps (5hp/3ph/460V)
   - Internal system piping
   - Treatment tanks system manifold
   - 100' of Effluent pipe
   - System Power to be provided by others **(generator pricing listed as an option)**

Monthly Rental (28 day monthly billing cycle) **$9,060.00/monthly cycle**

2. **Mobilization ATS**
   - Transportation of all the ATS equipment to the site
   - Initial 275gal. tote of 2% Chitosan Polymer
   - Labor for system installation
   - Forklift for unloading equipment is not included

System Mobilization **$12,450.00 Lump Sum**

3. **Demobilization ATS**
   - Transportation of all the ATS equipment off of the site
   - Labor for system demobilization
   - Forklift for loading equipment is not included
   - Tank cleaning is not included. Pricing can be submitted once sediment loading is verified at the end of the project – budget $2,000.00 per tank

System Demobilization **$5,250.00 Lump Sum**

4. **System Monitoring & Reporting**
   - ATS Plan in accordance with Attachment F of the CGP (See outline below)

- System Operators at the rates listed below

ATS Plan **$3,500.00 Lump Sum**

ATS plan preparation consists of: All of the required site specific documentation for ATS systems that must be prepared and submitted to the Water Board prior to ATS operations as per Attachment F of the Construction General Permit. This includes:

1. **C.1. ATS Design by CPESC or registered civil engineer**
2. **C.4. Lead person to install the system with both 5 yrs. Construction storm water experience and an A license**
3. **C.5.a ATS Operation & Maintenance manual**
4. **C.5.b ATS Monitoring, Sampling & Reporting Plan including QA/QC**
5. **C.5.c. ATS Health & Safety Plan**
6. **C.5.d ATS Spill Prevention Plan**

Also, CCS will provide the trained personnel to operate the system that have the required 40 hour training as per Attachment F of the General Permit.
(Note: ATS approval requires min of 14 days from the time the application is submitted to the CRWQCB)

ATS Monitoring and Operation Labor Rate Schedule: (Prevailing Wage)
Note: Single operator will be at supervisor rate.

	Regular:	Overtime:	Double Time:
Labor	**$75.00**	**$112.50**	**$150.00**
Supervisor	**$95.00**	**$142.50**	**$190.00**
Manager	**$115.00**	**$172.50**	**$230.00**

Portal to Portal Livermore Yard or Sacramento Yard

Consumables for ATS Operation: (FOB Livermore, CA)

Tote of 2% Floc-Clear Chitosan Polymer (275 gal)	**$2,625.00 ea. + tax**
Co2 Dewar (for pH adjustment if required)	**$625.00 ea. + tax**
93% Sulfuric Acid – 203.6 gal (for pH adjustment if required)	**$2,800.00 ea. + tax**

Consumable pricing is valid for 90days. Consumable costs can vary widely depending on water quality and characteristics. Polymer consumables typically are in the range of $500 per Million Gallons Treated (Mgal) to $4,000/Mgal. We estimate the budget number for this location would be around $3,500/Mgal (million gallons treated) based on proper collection and conveyance to the system.

External laboratory testing and sample collection **$Cost+ 20%**
Actual costs will depend on permit requirements
(I.e. implementation of VOC treatment)

Additional Equipment and Consumables Listed as Options – Add Alternates:

Acid Spill Guard Containment Unit	$400.00/monthly cycle
Temporary Power Generator with Berm (25KVA) Single Shift	$850.00/monthly cycle
5hp Centrifugal Pump with Auto Controls	$750.00/monthly cycle
Additional 20,000 gal Holding Tanks	$980.00/monthly cycle
Mobilization/Demobilization - Each Additional Tank	$500.00/ea. mob/demob
Dewatering Pump with 50' cable and control (2hp/230/3ph)	$585.00/monthly cycle

The above equipment designs are based upon our experience with similar types of contaminants and/or operations, but without a pilot test it is impossible to guarantee field performance of the above equipment. When conducted, pilot tests only indicate performance under a specific set of conditions. Changes in field conditions or operating parameters can alter field performance. Actual water treatment rates and efficiencies will depend upon the influent water quality.

We look forward to working with you on this project and would like to thank you for the opportunity to assist you with this project. Please do not hesitate to contact me with any questions you may have. My cell phone is (408) 693-7279.

Sincerely,
Clear Creek Systems, Inc.

QUALIFICATIONS

1. The client is responsible for determining the necessary flow rates, storage capacity and number of settling/storage/pretreatment tanks necessary to meet their project needs.
2. Discharge Permit and all associated Fees will be the responsibility of the client.
3. This system is designed solely to reduce sediment, turbidity and pH. Any other contaminants are beyond the scope of the proposal and therefore not included.
4. All requests for additional work to be performed must be submitted in writing.
5. If temporary power generation or self-powered pumps are required, the rates for generators and diesel pumps are based upon single shift rates of an average of up to 40 hours per week. If the generator or pumps averages between 40 and 80 hours per week then the rate is 1.5 times the listed rate. If the generator averages more than 80 hours per week then the rate is 2.0 times the listed rate. Servicing generators and diesel pumps is not included in this proposal. Metered equipment service needs to be performed every 200 hours of operation.
6. The client is responsible to provide fuel and service to power generation equipment for operations. CCS can provide these services if requested to do so at a rate of cost plus 20%.
7. Access and egress for vehicles, and equipment normally used in these types of operations will be available to the area designated for the water treatment system.
8. CCS personnel will have unrestricted access to and from our area of operation during mobilization, normal operating conditions, and demobilization. Delays in access will be an additional cost at listed hourly rates.
9. CCS personnel can monitor the system or train your designated personnel to do so.
10. While there is flexibility in equipment layout, there will be sufficient room for surge/settling tanks, or basins, and filtration equipment.
11. If tanks are used instead of basins, they must be cleaned prior to return. If the client wants CCS to provide this work, a quote can be generated as the project nears completion and an idea of the cleaning requirements is available. TANK CLEANING IS NOT INCLUDED IN THIS PROPOSAL.
12. The client is responsible for disposal of sludge, sand filter media, and used filter elements.
13. There will be no retention or bond requirements on our part.
14. Our current insurance levels are sufficient for this project: $2,000,000 GL per event and aggregate; $1,000,000 Auto; and $1,000,000 Workers Comp. We also have a $5 million dollar umbrella.
15. Replacement consumables are FOB Livermore, CA and listed prices do not include applicable taxes or delivery charges.
16. Equipment rates do not include freeze protection.
17. **No warranties about the suitability of this proposal for this project without a pilot test are being made.**

TERMS and CONDITIONS

EXHIBIT #1- Page1 of 4

This proposal is subject to the inclusions of the following Terms and Conditions being incorporated into any Contract/Subcontract Agreement. These Terms and Conditions will control in the event of any inconsistency between the terms of this proposal and any subsequent agreement.

TERMS AND CONDITIONS OF RENTAL

1. Billing: Billing for rental of equipment will be monthly on the rental agreement date until termination of rental; billing for service-including mobilization, setup, demobilization, technician services, and transportation-will be upon rendering of service; billing for sales of consumables or replacement parts will be as provided. Unless specified otherwise in the proposal, all billings are due 60 days from the date of Clear Creek Systems, Inc. (CCS) invoice, a Finance Charge at the rate of 1.5 per month, (18 annual rate) will be added to amounts not paid when due. CCS will not accept "pay when paid" or "paid if paid" payment terms. Rental begins when the equipment leaves CCS's facility and ends when equipment is returned. Unless stated otherwise, two weeks' notice is required for demobilization of treatment systems.

2. Operating Schedule: A monthly rental rate is based upon a 28 day rental cycle. Unless stated otherwise, a week is one third of a monthly billing cycle and a day is one third of a weekly billing rate. The rates for generators and diesel pumps are based upon single shift rates of an average of up to 40 hours per week. If the generator or pump averages between 40 and 80 hours per week then the rate is 1.5 times the listed rate. If the generator or pump averages more than 80 hours per week then the rate is 2.0 times the listed rate. Servicing generators and diesel pumps is not included in this proposal. They need to be serviced every 150 hours of operation. We will provide this service at cost plus 15 profit if requested to do so.

3. Equipment Supply: Unless stated otherwise in the proposal scope of work, the quoted rates do not include electrical connections to the equipment, electrical power supply, for the equipment, internal piping between the equipment components, piping to and from the equipment, or equipment to off load and load the equipment at the site such as forklifts or cranes. The equipment will be returned to CCS in the same condition less normal wear and tear and at least as clean as delivered to the Rentor. The Rentor is responsible for the removal and proper disposal of all media, solids, filters, water and decontamination as needed unless specified otherwise in the proposal. Equipment not properly cleaned or damaged will remain on rent until it is properly cleaned and/or repaired. In addition, labor rates will apply to clean or recondition equipment to a serviceable condition. Equipment is subject to availability at the time of the order. Any requests to hold material will be done with the rent starting on the date of the request to hold the equipment. The Rentor is responsible to provide an acceptable pad base and size for the equipment and access for the types of vehicles and equipment normally used in these types of operations. Unless specifically stated in the proposal, freeze protection for equipment is EXCLUDED from all pricing and proposals.

4. Service: CCS will furnish a technical representative to monitor the equipment if it is requested to do so. Labor billing is portal to portal, including mileage, from the designated CCS facility. Saturday work and work over 8 hours per weekday or past normal work hours if not scheduled in advance will be billed at 1.5 times the regular labor rate for that person. Sunday, holiday, work past 12 hours on a weekday or 8 hours on a Saturday will be billed at 2.0times the regular labor rate for that person. Per diems will be applicable for all personnel traveling outside of their standard service areas at our standard per diem rates unless other rates are listed in the proposal. All travel costs such as air fare, hotels, and rental cars will be billed at cost plus 15. Labor will be billed at our current labor rates at the time of the proposal unless other rates are provided in the proposal. Labor rates are subject to change annually or when prevailing rates and/or union rates change, if applicable. Equipment technicians provided by CCS for monitoring are not considered a covered trade for prevailing wage, union staffing requirements, or certified payroll unless otherwise stated in the proposal. CCS must be informed of any applicable prevailing wage, union, and/or certified payroll requirements in writing prior to the preparation of the proposal. If

proper notification of union workers, prevailing wages, and/or certified payroll is not provided our listed rates including mobilization, monitoring and demobilization are subject to change to reflect the additional costs.

5. Client Operations: If Rentor elects to provide their own equipment technician(s), the Rentor; 1. is responsible for operating the equipment in accordance with the Operation & Maintenance manuals (0 & M manuals) for the equipment+Including but not limited to any operating parameters; 2. Shall monitor, inspect, maintain, and keep adequate records as per the 0 & M manuals and any inspection and/or maintenance logs provided by CCS; 3. Replace any normal wear items at their own costs for the parts and labor. Examples of normal wear items include pH sensor probes, grease and lubricating oils, pump impellers, and oil filters. If the Rentor elects to provide equipment technicians, CCS reserves the right to send its technicians to the Site to review equipment operations and maintenance practices. Such site visits will be conducted at CCS's costs if not part of a service agreement, and in no way relieve the Rentor from their responsibility to operate and maintain the equipment as per the 0 & M manuals.

6. Materials: All filtration media and/or consumable items such as polymer and filter bags or cartridges are sold on a no return/no refund basis. Any agreement to take back any unused materials must be agreed to in writing prior to the time of proposal acceptance/agreement including material condition requirements and any restocking fees.

7. Site Access: CCS personnel will have unrestricted access to and from our area of operation during, monitoring, mobilization, and demobilization. If there are any safety training requirements that are greater than one half hour for each person and notice of the safety requirements are not provided prior to the proposal, additional time for safety training will be an additional charge at the personnel labor rate and category for the project.

8. Warranty: CCS warrants that the equipment leased hereunder, when properly used and maintained, shall be free from defects of material and workmanship. THE FOREGOING IS THE EXCLUSIVE WARRANTY GIVEN BY CCS TO RENTOR WITH RESPECT TO THE CONDITION AND OPERATION OF THE EQUIPMENT AND IS IN LIEU OF ALL OTHER WARRANTIES EXPRESS OR IMPLIED OR STATUTORY, INCLUDING BUT NOT LIMITED TO THE WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, IN NO EVENT WILL CCS BE LIABLE FOR ANY INCIDENTAL OR CONSEQUENTIAL DAMAGES, WITH THE ONLY EXCEPTION BEING FOR THE NEGELENT ACTIONS OF CCS'S MONITORING PERSONNEL THAT RESULT IN ANY REGULATORY FINES DUE TO UNAUTHORIZED DISCHARGES UNDER CCS'S CONTROL AND THEN THE LIABILITY WILL BE LIMITED TO AMOUNT OF THE FINE MULTIPLIED BY THE PERCENTAGE RESPONSIBILITY OF CCe'S MONITORING PERSONNEL'S FOR THE FINES. For the duration of this agreement, CCS herby transfers and assigns to Rentor all of its right, title and interest in, under and to any dealers or manufacturers warranty in respect of the equipment and agrees to execute and deliver such further acts as may be necessary to enable Rentor to obtain customary warranty service furnished for the equipment by the dealer or manufacturer. Upon termination of this agreement due to breach hereof by Rentor, this assignment shall thereupon become void and of no further force and effect. CCS shall be allowed reasonable time to make any necessary repairs due to equipment failure covered in this section. The Rentor has the option of renting backup components to avoid any potential downtime due to equipment failure if such an equipment failure could cause material delays or other issues for the Rentor.

9. Risk of Loss/Return: Rentor will purchase at CCS's standard sales prices then in effect any equipment not returned within (7) days of the termination of the rental. Rentor assumes and shall bear the entire risk of loss and damage to the equipment from any and every cause whatsoever, normal wear and tear excepted. In the event of loss or damage to the equipment, Rentor, at the option of CCS, shall: (a) pay to CCS the cost of placing the equipment in good repair, condition and working order, or (b) pay to CCS its standard sales price then in effect for such equipment. On such payment this rental agreement shall terminate with respect to such items of equipment so paid for and Rentor shall become entitled to such equipment in its as-in-condition without any warranty, express, implied, or statutory, with respect to any matter whatsoever.

10. Indemnification: Rentor will indemnify CCS and hold CCS harmless from any liability, damage, expense or judgment arising from injury to any person or damage to any property caused by the equipment arising from Rentor's possession use or operation of the equipment or arising from any failure of Rentor to perform any

covenant condition or term of this rental agreement to be performed by Rentor. The indemnities and assumptions of liability by Rentor in this paragraph shall continue in full force and effect notwithstanding the termination ofthe Lease Agreement; whether by expiration by the term or otherwise. CCS shall give the Rentor notice of any claim or liability herby indemnified against, and Rentor shall be entitled to control the defense thereof; in this regard, Rentor agrees to furnish legal counsel to CCS to defend against any such claim or liability herby indemnified against. Rentor is required to give CCS immediate notice of litigation initiated against Rentor or any of its agents, servants, employees or assigns, involving the equipment rented hereunder.

11. Personal Property: Unless and until Rentor purchases the equipment pursuant to paragraph 6, the equipment will remain CCS's personal property at all times, irrespective of its location or attachment to real estate and may be removed by CCS at any time after termination of this rental agreement. Rentor will maintain on the equipment at all times signs provided by CC$ showing that CCS is the owner thereof, and will keep such equipment free and clear from all levies, liens, encumbrances and other claims of its creditors or other persons asserting claims against Rentor. Rentor shall execute and deliver to CCS upon CCS's request a statement in respect of the equipment, in a form satisfactory to CCS, setting forth CC$'s and Rentor's respective interests therein. CCS may file either this rental agreement or such statement in the appropriate governmental office for purposes of giving notice to the public of CCS's and Rentor's respective interests in the equipment.

12. Cancellation and Termination: This rental agreement may be terminated by CCS at any time and upon such termination CCS may take possession of and remove all equipment. Upon cancellation or termination of this contract under the terms hereof, all obligation that are still executory on both sides a re discharged, but any right of CCS based on prior default or performance of Rentor survive, and CCS shall also retain all remedies for default of the whole rental agreement or any unperformed and/or unpaid balances.

13. law: All questions concerning the validity and operation of this rental agreement and performance of the obligations imposed upon the parties hereunder shall be governed by the laws of the State of California, U.S.A.

14. Taxes: Rentor shell keep the equipment free and clear of all levies, liens and encumbrances and, for the term of this agreement, shall pay all licenses, fees, registration fees, assessments, charges and taxes (municipal, state and federal), which may now or hereafter be imposed upon the equipment; provided however, that the termination of this rental agreement by reason of Rentor's default hereunder shall not excuse Rentor from any of Rentors' obligations under this rental agreement, including but not limited to the obligations of Rentor under this paragraph. Unless specifically stated otherwise in the proposal, prices do not included any applicable sales/use taxes, HST or GST. Any applicable sales/use taxes will be an additional amount added to invoices unless a valid reseller's certificate is provided to CCS prior to invoicing.

15. Insurance: Rentor shall provide and maintain insurance against loss, theft, damage or destruction of the equipment in an amount sufficient to replace any equipment leased or rented at full replacement value with blanket coverage, with loss payable to CCS and its successors or assigns. Such insurance shall not be invalidated by any act, omission or neglect of Rentor. CCS must be named as Loss Payee with respect to rented, leased, or borrowed equipment. Rentor shall promptly furnish proof of such insurance to CCS. This proposal is based upon our existing insurance terms and amounts being sufficient for the project. If any additional levels of insurance (including l&l) or Owner Controlled Insurance Program (OClP) or WRAP insurance are required then the costs for the additional insurance or adrninistrative compliance will be an additional costs to the Rentor.

16. Retention or Bonding: Proposals exclude retention. If retention is deducted from invoices then the prices and invoices will be increased by an equal amount of the retention. At the end of the project, the outstanding retention amount will then be credited to the Rentor when all other bills have been satisfactorily paid. CCS will not provide any bonding.

17. Controlling Terms: This proposal excludes any terms of Master Contract Agreements between the Rentor and their clients. If there are any conflicts between a Master Agreement and these Terms and Conditions then these CCS Terms and Conditions will take precedence. CCS will not accept settlements negotiated or change orders negotiated by Rentor with others or unilaterally determined by Rentor nor will CCS be required to Rentor or Rentor's clients (or other entities) decisions if CCS does not agree to them in writing prior to any negotiation.

18. Payments by CCS: In the event Rentorfails to procure or maintain Insurance or fees, assessments, charges and taxes, all as hereinbefore specified, CCS shall have the right, but shall not be obligated, to effect such insurance, or pay such fees and assessments, charges and taxes, as the case may be and in such event, the cost thereof shall be

repaid by Rentor to CCS with the next ensuing installment of rental coming due hereunder. Rentor's failure to promptly repay CCS shall carry with it the same consequence, including interest at the highest legal rate, as a failure to pay any installment of rent hereunder.

19 .. Remedies: No right or remedy herein conferred upon or reserved to CCS is exclusive of any other right or remedy herein, or by law or equity provided or permitted; but each shall be cumulative of every other right or remedy given to CCS.

20. Assignment: Without the prior written consent of CCS first obtained, Rentor shall not (a) assign, transfer or pledge (I) this lease, or (ii) the equipment or any part subject of this lease, or (iii) any interest in this lease or the equipment subject hereof; nor shall Rentor sublet or lend the equipment or any part hereof, or permit the equipment or any part thereof to be used by anyone other than Rentor or Rentor's employees.

21. Modification: This instrument constitutes the entire agreement between CCS and Rentor and shall not be modified, amended altered, or changed except by a written agreement first signed by the parties hereto. Waiver by CCS of any provisions hereof in one or more instances shall no waiver as to any other instance

22. Limitations *I* Time to Bring Suit: Rentor must bring any cause of action for the breach of this agreement by CCS within one year from the date the cause of action accrued.

23. Default: If Rentor with regard to any item or items of equipment fails to pay any rent or other amount herein provided with fifteen (15) days after the same is due and payable, or if Rentor with regard to any item or items of equipment fails to observe, keep or perform any other provision of this contract required to be observed, kept or performed by Rentor, CCS, in addition to any other remedies provided by law, shall have the right to exercise anyone or more of the following remedies:

A. Declare the entire amount of rent hereunder immediately due and payable as to any or all items of equipment, without notice or demand to Rentor; and/or

B. Sue for and recover all rents, and other payments, then accrued or thereafter accruing, with respect to any or all items of equipment: and/or

C. Take possession of any or all items of equipment, without demand or notice, wherever same may be located, without any court order or other process of law; in this regard Rentor authorizes CCS, its agents, servants, employees and assignees, to enter upon the premises of Rentor for the purpose of taking possession of such equipment. Rentor hereby waives any and all damages occasioned by such taking of possession. Any said taking of possession shall not constitute a termination of this lease as to Rentor's obligations and liabilities as to any or all items of equipment unless CCS expressly so notifies Rentor in writing; and/or

D. Terminate this lease as to any or all items of equipment; and/or

E. Pursue any other remedy at law or in equity

Notwithstanding any repossession. or any other action which CCS may take, Rentor shall be and remain liable for the full performance of all obligations on the part of Rentor to be performed under this rental agreement.
