RE: Caltrans Project: For Construction on State Highway in Santa Clara and San Mateo Counties in Palo Alto and East Palo Alto from Oregon Expressway Overcrossing to 0.3 Mile South of University Avenue Overcrossing, Contract # 04-235624, Bid date: March 18, 2015, 2:00 p.m., DBE Goal: 9%

Subject: Price Quote for Stormwater Pollution Prevention Plan (SWPPP) and Water Pollution Control (WPC) Monitoring Work.

Dear Estimator:

S Kwok Engineers, Inc. is pleased to provide quotes for services as a **Qualified SWPPP Developer (QSD)/Qualified SWPPP Practitioner (QSP)** to perform the stormwater pollution control monitoring work for the referenced contract. Our quotes provide you an economical way to monitor the storm water compliance work on your jobsite. We will work with your crews to perform monitoring tasks. Here are our quotes for the following items:

Here are the quotes for the following items:

Prepare SWPPP for Risk Level 2 Project.

Item # 14 – Partial (see Note 1 below)	Estimated fee
Prepare SWPPP by Qualified SWPPP Developer (QSD) and Licensed Civil Engineer of California. (We will increase the fee by 100% for preparing the SWPPP if you don't hire us for the QSD/QSP Weekly Monitoring Services)	\$2,200

The SWPPP will conform to the Caltrans Standard. The draft SWPPP will be submitted electronically to you for review and approval.

The above estimated fee does not include the hardcopies of the SWPPP. If you need hardcopies, the printing cost is \$300 per set plus shipping. The hardcopy of the SWPPP will be bounded in a ring binder and delivered to you via UPS ground.

The SWPPP quote does not include the effort of preparing the Dewatering and Discharge Plan (DDP).

Payment shall be paid in full once the SWPPP is approved or conditionally approved by the agency's Engineer for the beginning construction.

Here are remaining quotes for the followings bid items for this Risk Level 2 project:

Item # 13 – Partial (see Note 1 below)	Unit Cost	Estimated Quantity	Estimated fee
Job Site Management - Provide QSD/QSP Monitoring Service as Water Pollution Control Manager, Estimated 6 hours/week. This is a partial scope (reduced cost) of work, see Note 2 below.	\$110/hour x 6 hours/week = \$660/week	700 working days = approximately 140 weeks	\$92,400 <i>USE 42,000 (WINTER SUSPENSION)</i>

Item # 15 (see Note 1 below)	Unit Cost	Estimated Quantity	Estimated fee
Rain Event Action Plan (REAP)	\$110 / EA	110 EA	\$12,100

Item # 16 – Partial (see Note 1 below)	Unit Cost	Estimated Quantity	Estimated fee
Storm Water Sampling and Analysis Day – We train your crew to perform sampling and reporting. We will perform the data analysis of your reporting samples, see Note 2 below.	\$220 / EA	80 EA	\$17,600

Item #18 (see Note 1 below)	Unit Cost	Estimated Quantity	Estimated fee
Storm Water Annual Report – Prepare CEM 2070 & 2075 only	\$550/EA	3 EA	\$1,650

Item # 29 – Partial (see Note 1 below)	Unit Cost	Estimated Quantity	Estimated fee
Water Quality Sampling and Analysis Day – We train your crew to perform sampling and reporting. We will perform the data analysis of your reporting samples, see Note 2 below.	\$220 / EA	321 EA	\$70,620

Item # 30 – Partial (see Note 1 below)	Unit Cost	Estimated Quantity	Estimated fee
Water Quality Monitoring Report – This item does not include preparation of WQO Exceedance Reports	\$440 / EA	30 EA	\$13,200

Total Estimated Fees = ~~\$209,770~~

159,370

Note 1: This is a packaged quote. The quotes for Job Site Management, REAP, Storm Water Sampling and Analysis Day, Storm Water Annual Report, Water Quality Sampling and Analysis Day, and Water Quality Monitoring Report above were estimated assuming that all

the items services are performed by us. We will reevaluate the quotes and increase the fees if we are required to prepare these items separately.

Note 2: Your construction team will work with us and take responsibilities for the storm event (pre, during and post storm) monitoring, daily monitoring, storm water samplings and reporting tasks. We will train your specified employees to perform these tasks and reduce your cost for hiring us fulltime. We can provide you the defined scopes between us before we are hired for the job. If you want us to take over the entire tasks, we can provide you an estimated fulltime fees upon your request.

If an incidental task is required such as reviewing or performing unpredictable weather related work or preparing water quality exceedance reports, our rate for a QSD/QSP is \$110 per hour.

Tolls, parking and mileages per IRS rate with 10% administration fees will be charged separately from the quotes above. Our QSD/QSP will be travelling from Pleasant Hill to the site therefore the roundtrip mileage cost is \$75 for each field monitoring work.

Exclusion,

- Ensure all employees have current water pollution control training,
- Authority to mobilize crew.

The quotes above include the stipulations described under the General Terms and Conditions listed below:

GENERAL TERMS AND CONDITIONS

QSP/QSD/WPCM. S Kwok Engineers, inc. ("Consultant") is certified as a Qualified SWPPP Practitioner ("QSP") and Qualified SWPPP Developer ("QSD") under the State Water Resources Board's Construction General Storm Water Permit ("CGP"). Consultant's responsibilities shall conform and are limited to the requirements of the CGP, as applicable, to Consultant's retention as a QSP or QSD. The minimum time required for Consultant to prepare a Storm Water Pollution Prevention Plan ("SWPPP"), or for Caltrans projects, a Water Pollution Control Program or Plan ("WPCP"), is ten (10) business days. In order for Consultant to prepare a SWPPP or WPCP, Contractor must provide information requested by Consultant concerning the project, including, but not limited to, the project schedule, contract and/or purchase order. Payment to Consultant for preparation of the SWPPP or WPCP shall be in full once the agency's Engineer approves or conditionally approves the beginning of construction activities.

Consultant only provides advisory services, does not perform physical construction work or deliver construction materials to the field, and is not responsible for water pollution on or unauthorized discharge of pollutants from the project, including, without limitation, any resulting costs, penalties or fees. Consultant is not responsible for implementation of Best Management Practices (BMPs) and preparation of Dewatering and Discharge Plan (DDP). Consultant may monitor Active Treatment Systems ("ATs"), but is not responsible for the design, installation, operation ATs.

Insurance. Consultant maintains, and shall maintain during the performance of its work on the project, the following insurance and coverage:

- General liability - \$1 million per occurrence/\$2 million aggregate;
- Professional liability - \$1 million per occurrence/\$2 million aggregate;
- Commercial automobile liability - \$1 million combined single limit;
- Umbrella liability - \$1 million;
- Worker's compensation liability - \$1 million per accident for bodily injury or disease.

insurance or insurance coverage required in addition to or in excess of the insurance and coverage provided under this provision shall be paid for by Contractor in advance of being acquired by Consultant.

Billing. Except as otherwise provided herein, Consultant shall submit invoices monthly for work performed on the project. Payment term is net thirty (30) days from receipt of invoice for progress payment and net forty-five (45) days from receipt of invoice for retention payment. Payments not received in accordance with this provision shall accrue interest at the rate of one and one-half percent (1-1/2%) per month from due date until paid.

Instruments of Service. All plans, reports, data, photographs and other documents or electronic media prepared in whole or in part by or on behalf of Consultant ("Instruments of Service") shall not be used or permitted to be used by Contractor on any project other than the project for which Consultant prepared such Instruments of Service.

Change Orders and Extra Work. Consultant shall not be required to perform work different than or in addition to the scope of work agreed in Consultant's contract with Contractor without a written change order signed by Contractor and Consultant or extra work authorization signed by Contractor which includes an adjustment to the contract price and time for performance as agreed to by Contractor and Consultant.

Suspension of Work and Termination or Cancellation of Contract. Consultant may suspend work or terminate or cancel Consultant's contract with Contractor upon forty-eight (48) hours written notice to Contractor. Consultant

may cancel its contract with Contractor for breach of any provision contained herein. Consultant may terminate its contract with Contractor for the following causes: (1) a force majeure event; (2) the filing of a voluntary petition in bankruptcy by Contractor; (3) the failure by Contractor to pay Consultant's invoices as provided herein; (4) the failure by Contractor to execute change orders or extra work authorizations as provided herein.

Site Conditions. Contractor represents and warrants that the site conditions of the project are as represented in Consultant's contract with Contractor, drawings and specifications (collectively "Contract Documents") and acknowledges that Consultant has only relied on the site conditions as represented in the Contract Documents. Contractor shall be responsible for extra work necessitated by unforeseen site conditions not represented in the Contract Documents.

Force Majeure. Consultant shall not be liable for any damage or delays caused by any act or event beyond the reasonable control of Consultant, including, but not limited to, natural catastrophe, war or public disorder, strikes or labor disputes, and actions by a governmental authority.

Alternative Dispute Resolution. As a condition precedent to any legal action concerning any dispute between the parties which arises out of or relates to these General Terms and Conditions ("General Terms") or the Contract Documents, the parties shall mediate such dispute before the American Arbitration Association ("AAA") pursuant to the AAA's Construction Industry Arbitration and Mediation Procedures. Provided, however, that nothing contained in this provision shall prevent the parties from filing an action to preserve its rights to foreclose on a design professional or mechanic's lien, to enforce a stop notice claim, or to enforce a payment bond claim. The locale of the mediation shall take place at the AAA office nearest to the site of the project. Expenses of mediation shall be borne equally by the parties to the mediation.

Indemnity. Contractor shall indemnify, hold harmless, and defend (with counsel acceptable to Consultant) Consultant from any and all claims, damages, liabilities or other obligations of any nature arising out of or which relates to Consultant's work on the project, except that caused by the sole and active negligence of Consultant.

Incidental, Special, and Consequential Damages. Consultant shall not be liable for any incidental, special or consequential damages, including, but not limited to, loss of revenues or profits, liquidated damages, delay damages, or liabilities or other obligations to third parties.

Cooperation. Contractor shall cooperate with Consultant in obtaining documents and other information requested by Consultant, including, but not limited to, requests for information, change orders and other approvals, and the status of Consultant's applications for payment and payments to Contractor for work performed by Consultant. Contractor shall cooperate with Consultant's recommendations so as not to impair Consultant's ability to perform under the CGP and Caltrans' specifications, as applicable, by, among other things, mobilizing crews within 72 hours to implement or maintain BMPs or corrective actions, ensuring Consultant access to the construction site at all times including after hours, weekends and holidays, and properly managing construction materials, stockpiles and waste.

Application. These General Terms shall alter and supersede any conflicting terms or conditions contained in the Contract Documents concerning the work performed or to be performed by Consultant on the project including any provision purporting to alter or supersede these General Terms.

Construction. These General Terms shall not be construed against any of the parties and the rule of constructing contract ambiguities against the party drafting the contract shall be inapplicable.

Attorneys' Fees. In the event any legal action is filed which arises out of or relates to these General Terms or the Contract Documents, the prevailing party shall be entitled to recovery its reasonable attorney's fees and other costs, including expert costs, in addition to any other relief to which it may be entitled.

Governing Law. These Conditions and the Contract Documents shall be construed under, and governed by, the laws of the State of California.

Severability. If any provision contained herein is held to be invalid or unenforceable, such invalid or unenforceable provision(s) shall not affect the validity or enforceability of any other provision contained herein.

Survivability. The provisions contained in herein shall survive the completion, cancellation or other termination of Consultant's contract with Contractor.

We are a **Minority Business Enterprise (MBE)**, a California Unified Certification Program (CUCP) certified **DBE (Cert No. 37060 – Asian Pacific, Male)** and **Small Business Enterprise** firm certified by the Department of General Services of California certified by the Department of General Services of California. Our **DIR number is 1000001343** and annual gross receipt is below \$500,000. We have operated for more than 7 years.

If the proposal is acceptable to you, please send us your sub-contract or purchase order two (2) weeks before we start working on the project. This will allow us to resolve any contract issues if they arise.

We need ten (10) business days to prepare the draft SWPPP for review pending on all the requested information and project schedule provided by you.

Please feel free to call me if you have any questions. These quotes are valid until September 18, 2015

Respectfully submitted,

Hoy Seng Kwok, P.E., QSD/QSP
Principal

MUNICON Consultants

Litigation Mitigation, Photo Surveys, Construction Instrumentation

March 17, 2015

Attn: ESTIMATING

**RE: US-101 SAN FRANCISQUITO CREEK BRIDGE
REPLACEMENT, CALTRANS CONTRACT NO. 04-235624**

**SUBJECT: PRE-CONSTRUCTION PHOTO AND VIDEO SURVEYS AND
VIBRATION MONITORING.**

Gentlemen:

Municon Consultants is pleased to submit our proposal for us to perform Pre-Construction Photo and Video Surveys and Vibration Monitoring for **US-101 San Francisquito Cr. Bridge Replacement (the Project) in Palo Alto, CA.** We have extensive experience in various forms of vibration monitoring and existing condition photo documentation surveys, so we are uniquely qualified to handle this assignment. With eighty (80) seismographs, thirty (30) sound level meters, numerous geotechnical instruments and data loggers in service, Municon Consultants does more of this work than any firm west of the Mississippi. In addition:

*****We are Reliable*****

Twenty-three years' experience with a strong record of repeat clients/business.

*****We are Experienced*****

We have conducted vibration, noise and geotechnical instrumentation monitoring at more West Coast projects than any other firm.

*****We are experienced in Community Relations*****

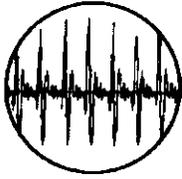

We have conducted extensive large scale photo surveys.

*****We are Safety Conscious*****

All employees are e-Railsafe Certified. In addition, we hold regular weekly "toolbox" safety meetings as our personnel are regularly tending our equipment on heavy construction sites.

*****We are Certified*****

▪ CA UCP - DBE (12867) ▪ CA DGS-SBE (18229) ▪ SBA SBE (79-9371554) ▪

MUNICON Consultants

Litigation Mitigation, Photo Surveys, Construction Instrumentation

We invite you to review some project highlights illustrative of the 24 years of Municon's litigation mitigation experience. Highlights of our expertise and experience include:

PRECONSTRUCTION PHOTO SURVEYS

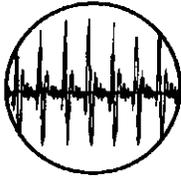

Municon specializes in conducting more existing condition photo surveys than any other firm. We have completed preconstruction surveys on a Navy Tank Removal project in Rhode Island, on a DDC project in Tacoma, on blasting projects in Reno and Placerville, for the City of San Francisco PUC, the New Irvington tunnel, the Harry Tracy WTP, and the Richmond Transport Tunnel. We were consultants to prime contractors on the seismic retrofits of the historic San Francisco City Hall, the California Palace of the Legion of Honor, the Los Angeles City Hall and multiple projects at the San Francisco International Airport. We specialize building photo surveys with large numbers of buildings included (as many as 350) and the document control of data.

VIBRATION MONITORING

With eighty (80) specialty construction monitoring seismographs, we do more vibration monitoring than anyone else in California. We have conducted vibration monitoring from Newport, RI to Seattle, WA to Ensenada, Mexico. We are working in Southern California on the SANBAG Hunts Lane & Colton UPRR Grade Separations, Caltrans' Santa Maria Connector and are on the team for the Design-Build I10-I 605 Flyover. We've previously monitored work on the I- 5 widening projects in Orange County, and I-8 X I-805 in San Diego. We monitored the Controlled Blast Demolition of Dynegy's South Bay Power Plant in Chula Vista, CA. In the Bay Area, we conducted vibration monitoring on the Central, Bayshore and Presidio Viaduct projects, the Cypress Freeway replacement projects, Hwy 87 and 237, State Route 24, the Webster/Posey Tubes retrofits, the West Approach to the Bay Bridge project and multiple projects on the San Francisco Oakland West Spans and new Bay Bridge.

NOISE (SOUND) MONITORING

We have monitored construction generated noise with sound level meters at pile driving projects throughout northern California including in-water at the San Francisco Oakland Bay Bridge Pile Installation Demonstration Project, the new Brannan Street Pier, and Caltrans 880 Lake Merritt project, and the Webster & Posey Tubes Retrofit project in Oakland and Alameda. We are currently monitoring construction generated noise on BART's Warm Springs Extension, the Yerba Buena Island Transition structure on the new Bay Bridge work, at the Doyle Drive 4/Southbound Battery Tunnel project, SF and Doyle Drive 5/the Presidio Parkway Project, and the New Irvington Tunnel project in Fremont. We have recorded air overpressure on numerous blasting projects in Reno and the Sierra foothills.

MUNICON Consultants

Litigation Mitigation, Photo Surveys, Construction Instrumentation

STRUCTURAL INSTRUMENTATION MONITORING

We have participated in "Bridge Juggling" on the SFOBB East Span Temporary Bypass - Jacking Displacement was monitored by vibrating wire strain gages. Currently, we are working on a project to design, furnish, install, and configure a real-time structural health monitoring system of strain gauges and accelerometers for a new Route 91 Overpass in Corona, CA.

GENERAL GEOTECHNICAL INSTRUMENTATION

Our automated instrumentation allows us to monitor construction in real-time. We apply this technology to Noise Monitoring, In-Place Inclometers, Surcharge Settlement Platforms, Piezometers, Tiltmeters, and Joint Extensometers.

With extensive experience in various forms of geotechnical and structural instrumentation, we are uniquely qualified to handle this assignment. We can apply these same familiar methods to monitoring your work on this project.

PROJECT DESCRIPTION

We've reviewed Plans, Specifications and Addenda 1-3 for the Project. You will remove and replace the US-101 bridge(s) with staged construction phases and traffic lane shifts. Also, a portion of sound walls will removed and replaced. We have based our cost estimates for pre-construction surveys and vibration monitoring on our prior experience with similar projects.

Please call Tommy at -415-641-2570 with any questions or email me at tommy@municon.net. Thank you for your consideration. We look forward to working with you on this and other projects. Our proposal for pre-construction photo/video surveys and vibration monitoring follows.

Yours truly,

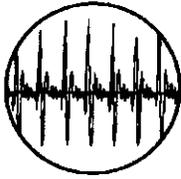

MUNICON Consultants

Wm. Tommy Poole

William Poole, P.G. 8921

MUNICON Consultants

Litigation Mitigation, Photo Surveys, Construction Instrumentation

1.00 PRE-CONSTRUCTION PHOTO AND VIDEO SURVEYS

Generally, Pre-construction Surveys should be performed once, just prior to commencement of pile driving work. For this project, two phases (or dry seasons) of pile driving will occur, with the second phase of bridge work occurring closer to the adjacent buildings than the first phase. Based on our experience, we believe that pre-construction surveys should be performed prior to each phase of pile driving within 100 feet of buildings.

1.10 Sensitive Receptors – Photo Survey Locations

We will document the existing condition of buildings which may be subject to ground borne vibration from your pile driving operation. The Project Specifications Section 14-8.03C(2) states that buildings beyond 35 feet from pile driving activity do not require vibration monitoring and that one building should be monitored at the following location:

- 1.) **“Yeaman Auto Body at 2025 East Bayshore Road, Palo Alto, California 94303.”**

Based on our prior experience, we expect that ground borne vibration will affect buildings to within 100feet of pile driving. Additional buildings located within 100 feet of pile driving activity for the bridge and soundwall construction are, as follows:

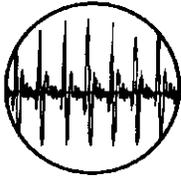

- 2.) 1982 W. Bayshore Rd. (Multi-family Dwelling): we will document upto to eight residential units which face the project, garages and other areas to within 120 feet of pile driving.
- 3.) 1985 E. Bayshore Rd. (Commercial Storage Facility): we will document the exteriors of storage buildings to within 120 feet of pile driving.
- 4.) 1941 Edgewood Dr. (Single-family Dwelling): we will document the exterior and interior spaces which are made available to us.

1.20. Access Arrangements

You should contact the property owners as a matter of good public relations, and inform them the MUNICON Consultants will be scheduling individual appointments for the surveys. We will arrange to have all affected homes in the vicinity surveyed, which may include sending letters to the residents, phone calls, and, if the previous two attempts fail, ultimately requesting access in person. We will charge \$150/each to make appointments to perform the photo and video surveys
4 sensitive receptors within 100 feet =..... \$600.

1.30 Photo/Video Documentation.

Photo and video documentation will be done in digital format. We will capture photographs and video of existing conditions using a Sony HDR-CX760 camera/camcorder. We will provide annotations on the digital photographs, as follows:

MUNICON Consultants

Litigation Mitigation, Photo Surveys, Construction Instrumentation

1. Identification of subject address,
2. Time and date photo was taken,
3. Photographer's name.
4. Description of photographed anomaly (e.g., crack, leakage, etc.)

For each of the facilities/structures surveyed, we will prepare and submit to you, the following:

1. A vicinity map showing the general locations of the sensitive receptors relative to the Project.
2. Photograph Prints: copies 5" x 7" color photographs. The prints will be annotated with the information listed above, two images per page on glossy photo paper.
3. Photograph log indexing all photographs with descriptions of noted anomalies.
4. CD ROMs and DVD ROMs containing digital originals (equivalent to negatives) of the still images, and copies of the annotated prints. The originals will not have been modified in anyway other than the file name for identification and organization purposes. The CDs/DVDs will be labeled with the Contract name and Contract number, the Contractor's name, the subject/location of photographs and the date of photographs.
5. DVDs containing High-Definition video files. The DVDs will be labeled with the Contract name and Contract number, the Contractor's name, the subject/location of video and the date of video. Video files will be playable on conventional video software (e.g., Windows Media Player).

A total of two (2) photo/video survey document sets will be submitted to you in binders with cover, a letter of authenticity, a vicinity map, and tables of anomalies noted during the surveys. We will document pre-construction conditions at each location and submit documentation to you for, as follows:

\$3,000/multi-family dwelling x 1 location.....	\$3,000.
\$1,500/commercial building x 2 locations.....	\$3,000.
\$1,000/single-family dwelling x 1 locations	\$1,000.

TOTAL FOR PRE-CONSTRUCTION PHOTO/VIDEO SURVEYS \$7,600.

NOTE: Durations and quantities presented above are based on our best estimate. You may make adjustments, as necessary, using our unit rates.

MUNICON Consultants

Litigation Mitigation, Photo Surveys, Construction Instrumentation

2.00 VIBRATION MONITORING.

You should have us preform vibration monitoring at sensitive receptors during pile driving. Collecting vibration data will assure that ground vibration levels will not unknowingly exceed levels known to cause cosmetic damage to structures such as cracking, joint separations, etc.

2.10 Sensitive Receptors – Monitoring Locations.

Sensitive receptors are structures which may experience ground vibration levels in the range of 0.20 - 0.40 in/s (5.00 -10.0 mm/s) peak particle velocity (PPV). We will furnish and install seismographs near your work at the San Franciscuito Cr. Bridge for our use. We will monitor ground borne vibrations at the near-side of locations within 100ft. of your pile driving activity. The seismographs will operate inside of our utility boxes which we will secure to the ground surface with stakes or anchor bolts. The exact locations will be determined in the field. Our seismographs will be configured for remote monitoring with cellular modems, supplemental batteries and solar panels. We will set up of our seismographs for \$800/each x 4 locations \$3,200.

We will reinstall seismographs prior to Stage 4 pile driving for \$400/each x 4 locations = \$1,600.

2.30 Seismograph Use Charges.

We will provide for our use on your project, three (3) industry standard construction vibration monitoring seismographs fitted with remote data accessing and logging capability @ \$700/each/month (or portion thereof) x 3 seismographs x 3 months = \$6,300.

2.40 Vibration Reports.

We will provide industry standard vibration reports weekly. Reports will include seismograph deployment sketches and calibration certificates with the data. We have allowed for one report per week @ \$300 per report x 13 weeks = \$3,900.

2.50 Seismograph Maintenance.

We will visit the project site once a month to tend our equipment (which may include replace batteries, clean solar panels, verify our equipment is properly secured and operating. We will charge \$1,200/month x three (3) months \$3,600.

TOTAL FOR VIBRATION MONITORING \$18,600.

MUNICON Consultants

Litigation Mitigation, Photo Surveys, Construction Instrumentation

3.00 CONTRACTUAL TERMS CONDITIONS & LIMITATIONS.

3.10 We are familiar with the area. We have performed services under similar situations. We do not have the full set of plans and specifications.

3.20 This is a professional service. No performance bonds are offered. No certified payrolls or PLAs etc. apply.

3.30 Authorization to be made by simple purchase order referencing this proposal.

3.40 Payment within 30 days of invoicing. No retention.

3.50 We will provide insurance up to our existing limits and the statutory workers compensation limits.

3.60 Access arrangements to be provided by project owner unless explicitly offered herein.

3.70 Unless specifically called for or explicitly offered herein, data reports, written interpretations or professional opinions are not included.

We believe that the scope presented in this document addresses the costs attributable to Pre-Construction Photo and Video Surveys and Vibration Monitoring. All work will be performed under the direction of the undersigned.

Please call me Tommy Poole at 415-641-2570 for any clarifications. We look forward to working with you on this and other projects in the future.

NOTE: Durations and quantities presented above are based on our best estimate. You may make adjustments, as necessary, using our unit rates.

Yours truly,
MUNICON Consultants

92	519081	JOINT SEAL - PARTIAL (PUBLIC SAFETY PLAN)	LS	LS	\$1,495.00	\$1,495.00
92	519081	JOINT SEAL - PARTIAL (AIR MONITORING)	DAY	**	\$1,850.00	**
158	026923	SPECIES PROTECTION – PARTIAL (NOISE MONITORING)	LS	LS	\$6,800.00	\$6,800.00

TERMS AND CONDITIONS:

1. This quote and attached terms and conditions must become a binding part of any sub-contract.
2. A purchase order and 10 working days notice must be given prior to start of work. This quote shall remain valid for 30 days from date of actual bid opening, unless otherwise agreed upon.
3. TERMS: Due and payable within 30 days from date of installation and/or as per Business and Professional code 7108.5 and Public contract code 10262.5 (for progress payments) and/or as per Public contract Code 7107 (for retention due).
4. All change orders must be approved by agency/owner prior to work being performed by Veridico.
5. **Excludes any insurance requirements in excess of Caltrans Standard Specifications.** Additional insured and/or waiver of subrogation requests will be an added cost.
6. Splitting offered bid item quotes **may be considered**. Please call Tim Anenson at (707) 317-0002 to discuss splitting the bid item quotes prior to the Caltrans submittal deadline.

ASSUMPTIONS

1. Methacrylate crack treatment field air monitoring (under the supervision of a CIH) can be provided at a rate of \$1,850.00 per day including all labor, travel, per diem, equipment, materials, supplies, and lab costs. **For bidding purposes the Prime can multiply the daily air monitoring rate by the estimated number of days to establish a total.
2. Training specified in the LCP can be conducted (by a CIH) at contractor location. The training can be conducted for a lump sum of \$1,950.00.
3. Job Site Management assumes a project duration of 700 days, or 140 weeks of on-site field work.

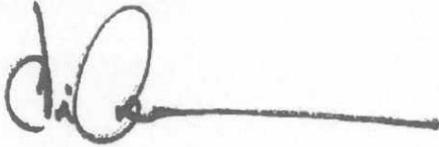

$$140 \text{ weeks} \times \$275.00/\text{week} = \$38,500.00$$

This is a weekly rate for Veridico to document required WPCP compliance by completing Caltrans forms 2030 and 2034 by a QSD/P. Veridico will work with your field staff to assess site conditions each week; no site visits are included. Pre-, during and post-rain event site inspections are not included but will be billed at the Job Site Management rate if required.

4. A Type 1 noise level monitor will be provided for the duration of the project. **One (1) session of training** for use of the monitor will also be provided for the quoted bid. Usage of the noise level meter beyond the stated project duration of 700 days will be billed at \$100.00 per week.
5. No other plans, reports, monitoring or permits are included.
6. The SWPPP does not include calculating run-on (Q) or discussions including Active Treatment Systems, stream diversion, and/or dewatering.
7. No other plans, reports, monitoring or permits are included.
8. The SWPPP and the LCP include one (1) revision for the quoted bid. Further revisions will be billed at \$125.00 per hour.
9. Contractor to provide completed questionnaire (supplied by Veridico upon notice of award) prior to start of work.
10. Print-ready electronic draft and final copies of plans and/or reports will be provided so hard copies can be produced; no hard copies will be provided by Veridico.

Veridico is a certified DBE contractor (No. 39572) with a number of associates that have supported Caltrans projects for many years. We have the necessary certified personnel to support your efforts on this project and we look forward to providing you our highest level of project support. Please don't hesitate to contact me directly at (707) 317-0002 or at tim.anenson@veridicogroup.com if we can provide anything further.

My Very Best Regards,
VERIDICO GROUP, INC.

Aggregates (Continued)	Unit Rate	Unit
Durability ASTM D3744/ CTM 229	\$140.00	each
Moisture Content of Aggregate ASTM C29	\$80.00	each
Hot Mix Asphalt (HMA)	Unit Rate	Unit
Hveem Compaction (including sample preparation), ASTM D1561/ CTM 304, per point	\$230.00	each
Hveem Compaction (premixed sample), ASTM D1561/ CTM 304, per point	\$180.00	each
Stabilometer Value, ASTM D1560/ CTM 366, per point	\$80.00	each
Bitumen Content (extraction), ASTM D2172	\$250.00	each
Bitumen Content (extraction), CTM 310/ CTM 382 Ignition Furnace	\$250.00	each
Gradation of Extracted Sample, ASTM C136/ CTM 202	\$220.00	each
Unit Weight/Density (Bulk SpeG) of HMA, ASTM D2726/ CTM 308	\$100.00	each
Unit Weight of Field Compacted HMA, (Paraffin) ASTM D1188/ CTM 308	\$100.00	each
Marshall Compaction (including sample preparation), set of 3, ASTM D6926	\$460.00	each
Marshall Compaction (premixed sample), set of 3, ASTM D6926	\$380.00	each
Marshall Flow and Stability, per point, ASTM D6927	\$90.00	each
Maximum Theoretical Specific Gravity (Rice Gravity), ASTM D2041	\$210.00	each
Swell of Bituminous Mixtures, CTM 304/305	\$270.00	each
Caltrans Complete HMA Test (Hveem Compaction, Stabilometer Value, Extraction, Gradation, Unit Weight), Average of Two Biscuits	\$1,020.00	each
Cement	Unit Rate	Unit
Storage of Grab Sample, 60 days	\$30.00	each
Cement Content of Hardened Concrete, ASTM C1084	Quotation on Request	
Concrete	Unit Rate	Unit
Concrete Mix Design Review	\$174.00	hr
Trial Batches, Prepared in Laboratory	Quotation on Request	
Shrinkage, set of 3, ASTM C157, CTM 530	\$490.00	each
Compression, 6X12 Cylinders, ASTM C39, CTM 521	\$40.00	each
Compression, Core (including end preparation), ASTM C42	\$120.00	each
Compression, 3X6 Cylinders Lightweight Insulating Concrete, ASTM C495	\$40.00	each
Compression, 2X2 Cubes, each age, ASTM C109	\$60.00	each
Molds, 6X12 Concrete (required for CalTrans)	No Charge	
Cylinders, Stored 60 days (hold cylinders)	\$40.00	each
Splitting Tensile, 6X12 Cylinders, ASTM C496	\$90.00	each
Unit Weight of Concrete Cylinders, ASTM C567	\$50.00	each
Unit Weight of Lightweight Insulating Concrete, ASTM C495	\$50.00	each
Compression Test of Lightweight Insulating Concrete, ASTM C495	\$40.00	each
Modulus of Elasticity of Concrete, ASTM C469	\$250.00	each
Flexural Strength of Concrete, ASTM C78 or C495	\$200.00	each
Flexural Strength of FRC, ASTM C1018 (load vs deflection)	\$320.00	each
Shotcrete Panel, Up to 4 Cores (including compression), ASTM C42	\$370.00	each
Absorption, 2x2x2 Cubes, ASTM C497 (Set of 4)	\$180.00	set
Emission of Moisture through Concrete	\$110.00	each
GFRC Panel Test	Unit Rate	Unit
Flexural Testing, per P.C.I. Recommended Practice	\$115.00	each
Pullout Testing of Anchors, per P.C.I. Recommended Practice	\$115.00	each
Fiberwrap Testing (ASTM D3039)	\$640.00	set

Estimating Department
Bidders of 04-235624
Per Specifications

SALES PERSON	PROJECT	PAIDMENT TERMS	CA LIC: 989179
Brandon Silva	04-235624	30 Days Net	

QTY	DESCRIPTION	UNIT PRICE	TOTAL
1	Data Collection, Analysis, Reporting with the use of a High Speed Inertial Profiler (HSIP). (8 HR MINIMUM) \$400 PER HR OVER 8 HRS. (PMS, Inc. will layout the grind locations if time permits, with traffic control. Additional day rate will apply for each day of laying out the grinds. A change order will be needed.)	\$2,500.00	\$2,500.00
1	Mobilization Charge (\$200.00 Per layover not included)	\$1,200.00	\$1,200.00
SUBTOTAL			\$3,700.00
SALES TAX			
TOTAL			\$3,700.00

The prime contractor agrees to mark out the beginning and end stations for PMS, Inc. on the project. The prime also agrees to have the surface that is being profiled clean, and clear of debris prior to profiling. If Prime would like assistance in locating and marking grind areas; additional costs and a change order will be added to contract for each additional day. Traffic control may be needed due to traffic lights for profiling. Traffic Control is needed for laying out the grind locations. This quote excludes traffic control, Milling, clean-up, and sweeping. Payment is due within 30 days of billing. To accept this quotation, sign here and return:

TERMS & CONDITIONS

ALL RATES BASED ON PROMPT PAYMENT - FULL PAYMENT DUE 30 DAYS OF INVOICE DATE.

ALL RATES BASED ON TRUCK, MATERIAL AND/OR DUMPSITE AVAILABILITY.

ALL RATES SUBJECT TO LABOR, FUEL AND/OR BRIDGE TOLL INCREASES.

PLEASE ADD BRIDGE TOLLS WHEN APPLICABLE UNLESS OTHERWISE SPECIFIED.

*ON PER TON OR PER LOAD RATES, STAND BY TIME IS CHARGED AFTER 15 MINS ON PROJECT SITE FOR LOADING/UNLOADING TIME. STAND BY TIME IS CHARGED AT THE CURRENT HOURLY RATE LISTED. THERE IS A 4 HR MINIMUM DAILY CHARGE FOR DAY WORK (6a-6p) & A 6 HR MINIMUM CHARGE FOR NIGHT WORK (6p-6a).

MINIMUM CHARGES VALID FOR HOURLY, TONNAGE AND PER LOAD RATES.

Rates are not quoted to meet any labor agreements nor do they reflect any Prevailing Wage pricing. Please add 6% per calendar year to all rates.

**All disposal quotes are based on waste characterization and acceptance at landfill. These prices do not include any possible new taxes at the landfills. Testing of any kind is not included in any rates. Testing & analytical results will be required according to the designated disposal site requirements and the Contractor is to supply each as requested. Landfills quoted require a completed material profile, analytical data and a signed service agreement to approve a waste stream. Once all info is submitted we will provide you a unique approval number & manifest to transport your material. Any non-conforming loads will be rejected & all associated costs are the responsibility of the customer.

Thank you for considering Team North for your trucking & material needs!

**DBE / GFE SUBMITTAL PACKAGE FOR
CONTRACT 04-235624
GOOD FAITH EFFORTS DOCUMENTATION**

4. Describe the Bidder's outreach efforts to identify and solicit the interest of all certified DBEs that have the capability to perform the work of the Contract. Provide copies of supporting documents.

Description of Outreach	Dates	Location (if applicable)	Results
SEE ATTACHED			

5. Describe the Bidder's efforts made to provide interested DBEs with adequate information about the plans, specifications, and requirements of the Contract to assist them in responding to a solicitation. Identify the DBEs assisted, the type of information provided, and the date of the contracts. Provide copies of supporting documents.

SEE ATTACHED INVITATIONS TO BID AND FOLLOW-UP

6. Describe the Bidder's efforts made to assist interested DBEs in obtaining bonding, lines of credit, or insurance. Identify the DBEs assisted, the type of assistance offered, and the dates. Provide copies of supporting documents.

SEE ATTACHED INVITATIONS TO BID AND FOLLOW-UP

7. Describe the Bidder's efforts made to assist interested DBEs in obtaining necessary equipment, supplies, materials, or related assistance or services, excluding supplies and equipment the DBE purchases or leases from the prime contractor or its affiliate. Identify the DBEs assisted, the type of assistance offered, and the dates. Provide copies of supporting documents. List efforts made to assist interested DBEs in obtaining bonding, lines of credit, insurance, necessary equipment, supplies, materials, or related assistance or services, excluding supplies and equipment the DBE subcontractor purchases or leases from the prime contractor or its affiliate. Identify the DBE assisted, the assistance offered, and the date. Provide copies of supporting documents.

SEE ATTACHED INVITATIONS TO BID AND FOLLOW-UP

8. List the names of agencies and the dates on which they were contacted to provide assistance in contacting, recruiting, and using DBE firms. If the agencies were contacted in writing, provide copies of supporting documents.

SEE ATTACHED AGENCY CONTACT LETTERS & ENVELOPES

9. Include additional data to support a demonstration of good faith efforts.

SEE ATTACHED ADDITIONAL OUTREACH

NOTE: USE ADDITIONAL SHEETS OF PAPER IF NECESSARY.

ADA Notice

TERMS & CONDITIONS

ALL RATES BASED ON PROMPT PAYMENT - FULL PAYMENT DUE 30 DAYS OF INVOICE DATE.

ALL RATES BASED ON TRUCK, MATERIAL AND/OR DUMPSITE AVAILABILITY.

ALL RATES SUBJECT TO LABOR, FUEL AND/OR BRIDGE TOLL INCREASES.

PLEASE ADD BRIDGE TOLLS WHEN APPLICABLE UNLESS OTHERWISE SPECIFIED.

*ON PER TON OR PER LOAD RATES, STAND BY TIME IS CHARGED AFTER 15 MINS ON PROJECT SITE FOR LOADING/UNLOADING TIME. STAND BY TIME IS CHARGED AT THE CURRENT HOURLY RATE LISTED. THERE IS A 4 HR MINIMUM DAILY CHARGE FOR DAY WORK (6a-6p) & A 6 HR MINIMUM CHARGE FOR NIGHT WORK (6p-6a).

MINIMUM CHARGES VALID FOR HOURLY, TONNAGE AND PER LOAD RATES.

Rates are not quoted to meet any labor agreements nor do they reflect any Prevailing Wage pricing. Please add 6% per calendar year to all rates.

**All disposal quotes are based on waste characterization and acceptance at landfill. These prices do not include any possible new taxes at the landfills. Testing of any kind is not included in any rates. Testing & analytical results will be required according to the designated disposal site requirements and the Contractor is to supply each as requested. Landfills quoted require a completed material profile, analytical data and a signed service agreement to approve a waste stream. Once all info is submitted we will provide you a unique approval number & manifest to transport your material. Any non-conforming loads will be rejected & all associated costs are the responsibility of the customer.

Thank you for considering Team North for your trucking & material needs!

Terms and Conditions:

Complete Analytical and Geotechnical reports must be provided by contractor and approved by landfill prior to soil removal. All soil testing must meet the landfill's requirements. All delivered materials are subject to the contractor's approval and must be approved prior to hauling. Tonnage and load prices are only valid with standby times (\$1.60 per minute beyond 10 minutes per truck at both loading and receiving sites) paid in full; otherwise, hourly rates will be charged for all trucks. Tonnage and load rates applies to a minimum of eight hour work day. Night Work will be the same charge as Saturdays. Six hour minimum per shift per truck applies to all jobs. Bridge Tolls will be billed separate for all hourly trucking, if applicable. All prices are subject to a 5% increase each year, except dirt haul prices and dumpsite, which are subject to change anytime due to weather and/or any other factor beyond our control. General Prevailing Wage (Determination: C-DT-830-261-7-2009-1) will be billed only hourly and twenty percent extra, over and above the prices listed in this quote. This quote does not apply to Federal and Major Holiday. Material prices and dump fees exclude fuel surcharges and environmental fees imposed by quarries and landfills. All extra fees imposed by quarries and or landfills will be billed separately if applicable. An extra cleaning time of one hour will be charged per truck and per shift for Rubber, Wet CTB and OGAC, if necessary. Fuel Surcharges: The above rates are based on the current fuel prices (see above date.) These rates will increase by 3.5% for every 0.50 increase in fuel. Accounts overdue beyond 15 days of billing will be charged at an interest rate of 24% per annum. Customer is also liable for an additional 25% of unpaid balance plus accidental collection costs, including attorney fees. Any valid charges must be provided to Economy Trucking Services, Inc. in the event of any delays, damages and/or losses related to trucking within Five Days from the date of the occurrence. After five days, such charges will not be approved and/or accepted. Customer agrees not to hire any other company to haul dirt from the same dumpsite/job site that is provided or proposed by Economy Trucking Services, Inc. or otherwise we have the right to collect any/all profits entitled to trucking & dirt hauling. This quote is good for 30 days from the above bid date.

This quote does not apply to projects requiring Teamsters Wages, Dues and Trust Fund.

Please sign and fax back to secure pricing.

- Clarification**
- 1 Proposal based on working std 40 hrs, 5 day work week and mutually acceptable schedule
 - 2 Monthly progress payments paid pursuant to Public Contract Code 10262 & 10262.5 and Section 7108.5 of the Business Professions Code
 - 3 Retention paid within 30 days after receiving payment for CEW's completed work, even if the other contract work is not complete and has not been accepted
 - 4 This proposal is to be attached and/or included to any subcontract agreement by amendment
 - 5 All plan revisions, changes and correspondence will be delivered to Cirimele main offic
 - 6 CEW will have complete and unimpeded access to our entire work area
 - 7 CEW Standard Insurance coverage's and does not include any special insurance rider's
 - 8 Any contact Maintenance period is not included
 - 9 No retention on Mobilization or Materials on Hand
 - 10 Retention to Equal amount withheld from Owner to GC

All material is guaranteed to be as specified. All work to be completed in a workmanlike manner in accordance to standard constr practices to ensure economical an expeditious installation of the work. Any alteration or deviation for the above specifications and covenants will result in extra costs over and above the cost heretofore described.

Quotation

Date: March 18, 2015
Job: 04-235624

Bids: March 18, 2015

California Contractor's License 975631
 -B General Contractor
 C10 Electrical Contractor
 C28 Lock and Security Equipment

California DGS DVBE/SBE Certification: 1759399

i. We propose the following:

ITEM	DESCRIPTION	QTY	EA	PRICE
8	TEMPORARY SIGNAL SYSTEM	1	LS	\$140,000
154	MAINT EXISTING TMS ELEMENTS	1	LS	\$4,000
155	SIGN ILLUMINATION	1	LS	\$2,000
156	MODIFY TRAFFIC OPERATIONS SYSTEM	1	LS	\$8,413
157	MDDIFY TRAFFIC OPERATIONS SYSTEM (stage construction)	1	LS	\$232,000
159	MOBILIZATION	1	LS	\$8,000
TOTAL				\$394,413

Clarifications

Main't Existing Traffic -Includes 16hrs 1 technician to document pre-con operational check of TMS.

Estimated Traffic Control Needed = ? Add 20 day @ 2,000 = \$40,000 -
 Call-Offs will be billed at \$95/man/hr.

ii. We Specifically Exclude the Following:

Certified Plans, surveying, layout, local notifications, permits, traffic control, or any other bid items not noted specifically above. Work hours are assumed to be M-F. If laydown is needed it is to be supplied by the GC. No overtime included. Bonding not included. All work to comply with the 2010 Cal Trans Specs and project manual and applicable local codes. Bid void if over 15% low. This contract (or its terms) to be included in any executed agreement.

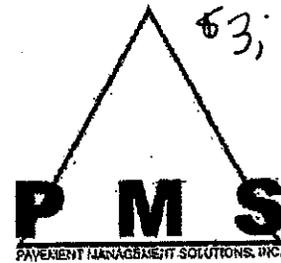

iii. Installation Clarifications, Terms and Conditions

- A. Labor is priced at prevailing wage appropriate to the labor classification for work involved. Above price reflects initial install and removal of signs.
- B. Above price reflects a single mobilization for each additional mobilization \$2,500.00
- C. D. Mercurio Enterprises requires 14 day notification prior to mobilizing.

RMA Proposal Number: 14-063-P

Ghilotti Bros., Inc.
Attention: Estimating
525 Jacoby Street
San Rafael, CA 94901

Subject: Estimate Proposal for
Hot Mix Asphalt Quality Control Inspection and Testing
Contract No. 04-235624, Route 101, Santa Clara & San Mateo Counties

Estimator,

We have prepared a cost estimate for performing Quality Control Testing of the Hot Mix Asphalt – Type A (HMA-A), the Rubberized Hot Mix Asphalt – Gap Graded (RHMA-G), the Structural Concrete, and the Sound Wall for this contract in accordance with the special provisions dated February 2, 2015.

The estimated costs presented on the following page are based on:

- HMA-A production, Monday through Friday night shifts (8,560 tons)
- RHMA-G production, Monday through Friday night shifts (5,480 tons)
- Cast-In-Place Structural Concrete, Monday through Friday day shifts (3,793 Cubic Yards)
- Sound Wall, Monday through Friday day shifts (2,579 Square Feet)

Our costs are based on the following:

HMA-A and RHMA-G

- We will coordinate with your Project Engineer and/or Project Manager to supply a Quality Control Plan
- For HMA-A and RHMA-G production, we will utilize a Field Technician to monitor in-place density, perform CT 375 per the special provisions and obtain the required cores for density determination. We assume that the material supplier will perform sampling of HMA-A, RHMA-G, RAP and aggregates at the plant in accordance with the Project Special Provisions
- We assume that a production shift will consist of 8 hours of HMA-A or RHMA-G placement
- For HMA-A and RHMA-G, we will utilize a second field technician to prepare a nuclear gauge correlation in accordance with CT 375 whenever the following occurs: the first day of placement of a new material, whenever there is a change in paved thickness greater than 0.03 feet from the material thickness of a previously determined correlation, or whenever there is a change in underlying material
- We assume that the material supplier is accredited by AASHTO and certified by Caltrans for AASHTO test methods and will provide the following during production: Job Mix Formula, Job Mix Formula Verification, Plant Inspection, sieve analysis, sand equivalents, aggregate moisture contents, oil contents, and HMA moisture contents in accordance with the Project Special Provisions
- We propose that RMA Group will perform the following production quality control laboratory tests: percent crushed particles, Los Angeles Rattler, flat and elongated particles, fine aggregate angularity,

coarse and fine durability index, sodium sulfate soundness, maximum theoretical density, Hamburg wheel track, and moisture susceptibility

- We assume Smoothness Testing in areas requiring the use of a 12-foot straightedge will be performed by the Contractor
- We propose that RMA Group will perform the inertial profiling in accordance with the Project Special Provisions utilizing a Dynatest Model 5051 Mark IV inertial profiler. All equipment and operators are Caltrans-certified to perform inertial profiling. Shift rates include 8 hours of on-site time, data processing, and report preparation.

Cast-In-Place Structural Concrete

- We will coordinate with your Project Engineer and/or Project Manager to supply a Quality Control Plan
- Our services will consist of assigning a Quality Control Manager to develop, implement, and maintain a QC program that includes inspection, sampling, and testing of structural concrete materials. Our QC Manager will be available during all concrete placements if his presence is required on site or at the plant by the Engineer.
- This scope of services will also include providing a QC field inspector, who will be an American Concrete Institute (ACI) Concrete Field Testing Technician, at the concrete delivery point while placement activities are in progress. Our onsite personnel will sample and test the concrete for slump, air content, unit weight, and temperature in accordance with the applicable ASTM test methods and frequencies found in Section 11-4.02H of the Special Provisions. One set of two compressive strength specimens will be fabricated per 100 cubic yards or for every day of placement. For each day of placement we will sample and test aggregates in accordance with Section 11-4.02H of the Special Provisions.
- Aggregate samples and compressive strength specimens will be transported to our AASHTO-accredited San Jose facility for testing by an ACI Laboratory Technician, Grade 1 and/or Grade 2. All results will be reviewed by the QC Manager and submitted within 24 hours of completion
- We assume that the material supplier will supply the concrete mix design(s)

Sound Wall

- During Sound Wall Grouting, we will utilize an ICC certified Inspector to verify the masonry construction complies with section 1704 and section 2105 of the 2007 California Building Code and the Project Plans dated 12/8/14. We will perform inspection of the reinforcement prior to grouting operations and continuous inspection during grouting operations
- We assume that a production shift will consist of 8 hours of grouting.
- Our services would consist of material testing of grout and mortar test specimens. Services would include compression testing of specimens molded by our representative and preparation of a written report presenting the applicable information.

The following is the summary of our estimated costs, which were calculated using the scope of work and construction duration assumptions presented herein:

HMA-A & RHMA-G ESTIMATE WORKSHEET

FIXED COSTS:

Quality Control Plan
Pre-Paving Meeting
Gauge Correlation

Qty.	Unit	Unit Cost	Total
1	Each	\$800.00	\$800.00
1	Each	\$600.00	\$600.00
3	Each	\$1,152.00	\$3,456.00
Subtotal Fixed Costs			\$4,856.00

PRODUCTION COSTS*:

1 QC Field Technician

*Production costs are based on 8 hours of placement per shift. For each additional hour of placement add \$150.00/hr

Qty.	Unit	Unit Cost	Total
	Shift	\$1,472.00	Per Shift

ESTIMATED PLANT TESTING COSTS:

Sodium Sulfate Soundness (AASHTO T 104)
Crushed Particles (AASHTO T 335)
Los Angeles Rattler (AASHTO T 96)
Flat and Elongated Particles (ASTM D 4791)
Fine Aggregate Angularity (AASHTO T 304, Method A)
Coarse & Fine Durability (AASHTO T 210)
Density of Gyration Compacted Specimen (AASHTO T 312/T 275)
Maximum Theoretical Density (AASHTO T 209, Method A)
Hamburg Wheel Track (AASHTO T 324, Modified)
Tensile Strength Ratio (AASHTO T 283)

Qty.	Unit	Unit Cost	Total
1	Each	\$375.00	\$375.00
2	Each	\$125.00	\$250.00
2	Each	\$200.00	\$400.00
2	Each	\$225.00	\$450.00
2	Each	\$135.00	\$270.00
6	Each	\$275.00	\$1,650.00
5	Each	\$325.00	\$1,625.00
5	Each	\$175.00	\$875.00
2	Each	\$650.00	\$1,300.00
2	Each	\$900.00	\$1,800.00
Subtotal Plant Testing Costs			\$8,995.00

ESTIMATED INERTIAL PROFILING COSTS:

(If not included with your grinding sub's estimate)
Smoothness Testing (Inertial Profiling, 8-Hours On-Site)

Qty.	Unit	Unit Cost	Total
3	Shift	\$2,150.00	\$6,450.00
Subtotal Inertial Profiling Costs			\$6,450.00

CAST-IN-PLACE STRUCTURAL CONCRETE ESTIMATE WORKSHEET

FIXED COSTS:

Quality Control Plan
Pre-Paving Meeting

Qty.	Unit	Unit Cost	Total
1	Each	\$800.00	\$800.00
1	Each	\$500.00	\$500.00
Subtotal Fixed Costs:			\$1,300.00

PRODUCTION SHIFT COSTS:

1 Public Works Technician (8-Hr Placement)
Coarse Aggregate Gradation (ASTM C136 - Combined)
Fine Aggregate Gradation (ASTM C136 - Fine)
Sand Equivalent (ASTM D2419)
Percent Fines Under 75 Microns (ASTM C117)
Moisture Content of Fine Aggregate (ASTM C566)
Compressive Strength* (ASTM C39)
Pick Up & Delivery of Cylinders
*For up to 100 cubic yards

Qty.	Unit	Unit Cost	Total
1	Shift	\$1,402.00	\$1,402.00
1	Each	\$145.00	\$145.00
1	Each	\$125.00	\$125.00
1	Each	\$100.00	\$100.00
1	Each	\$65.00	\$65.00
1	Each	\$18.00	\$18.00
2	Each	\$35.00	\$70.00
1	Each	\$200.00	\$200.00
Production Shift Costs:			\$2,125.00

SOUND WALL ESTIMATE WORKSHEET

PRODUCTION COSTS:

8-Hours of Grout Placement
1 ICC Masonry Inspector (Monday-Friday Day Shifts)

Qty.	Unit	Unit Cost	Total
1	Shift	\$1,209.00	\$ 1,209.00

LABORATORY TESTING:

Masonry Prims (ASTM C 140)
Compression Testing of Grout (ASTM C 1019)
Compression Testing of Mortar (ASTM C 780)
Pick Up & Delivery

Qty.	Unit	Unit Cost	Total
2	Each	\$60.00	\$120.00
4	Each	\$25.00	\$100.00
4	Each	\$20.00	\$80.00
1	Each	\$200.00	\$200.00
Subtotal Laboratory Testing			\$500.00

Masonry Total \$1,709.00

RMA Group

Every Project Matters | www.rmacompanies.com

Our costs are based strictly on the construction schedule assumptions presented herein. Any additional testing requested or change in the construction schedule will affect our costs, which will require that the above estimate be revised accordingly. Any changes to the presented assumptions will require that the estimated per shift costs be revised and adjusted as necessary.

RMA Group does not guarantee the performance of the contractor(s) by performing these services. RMA Group's performance of these services shall not relieve the contractor(s) of their obligation to perform the work in conformity with the drawings and specifications and in a workmanlike manner; shall not make RMA Group an insurer of the contractor's performance; and shall not impose on RMA Group any obligation to see that the work is performed in a safe manner.

Traffic Control

40 shifts @ 1,385- = \$55,400-

Lane Closure Daily Rate on Conventional Road (per Caltrans drawing T11) \$825 / DAY

- Includes a 1 man crew with a pickup truck and up to 50 cones, 6 vinyl signs with stands, and arrow board
- Rates include a shift of 8 hours ST. ½ day minimum charge. Full shift charge after 4 hours. Overtime beyond 8 hrs to be billed at \$130 per crew-hour.
- Add \$50 per 8 hour shift for night work labor premium and \$20 per portable flashing beacon
- Mobilization charges apply based on scope of work, location, and schedule

Lane Closure Daily Rate for Freeways (per Caltrans drawing T10) \$1385 / DAY

- Includes a 2 man crew with a pickup truck, up to 100 cones, 8 vinyl signs with stands, and arrow board.
- Rates include a shift of 8 hours ST. ½ day minimum charge. Full shift charge after 4 hours. Overtime beyond 8 hrs to be billed at \$215 per crew-hour.
- Add \$1300/day to include an operated attenuator truck. Mobilization and/or idle time charges may apply.
- Add \$100 per 8 hour shift for night work labor premium and \$20 per portable flashing beacon.
- Additional charges apply for closure of additional lanes.
- Mobilization charges apply based on scope of work, location, and schedule

Lane Closure with Reversible Lane (per Caltrans drawing T13) \$1385 / DAY

- Includes a 2 man crew with a pickup truck, up to 50 cones, 10 vinyl signs with stands, and 2 beacons.
- Rates include a shift of 8 hours ST. ½ day minimum charge. Full shift charge after 4 hours. Overtime beyond 8 hrs to be billed at \$225 per crew-hour.
- Add \$720/shift for an operated pilot car.
- Add \$100 per 8 hour shift for night work labor premium, \$20/ add'l beacon, and \$275/shift/light tower.
- Rumble strips are not included.
- Lunch and breaks to be covered by the client or add \$560/shift for a 3rd flagger.

Traffic Flagman/Technician (Hourly rate) \$70 / HR ST, \$95 / HR OT, \$115 / HR DT

- Rate does not include a pickup truck
- Labor rates to be used in addition to lane closure daily rate
- 4 hour minimum.
- Add \$5/ hour shift for night work labor premium and \$275/shift/light tower.
- Laborers must be given rest and lunch breaks per union agreements and state law.

Traffic Supervisor (Hourly rate) \$90 / HR ST, \$115 / HR OT, \$135 / HR DT

- Rate includes pickup truck
- Labor rates to be used in addition to lane closure daily rate
- 4 hour minimum.
- Add \$5/ hour shift for night work labor premium
- Laborers must be given rest and lunch breaks per union agreements and state law

Traffic Control Drawings

<u>24"x36" Sheet, 1"=50' scale</u>	<u>\$350 / SHEET</u>
<u>11"x17" Sheet, 1"=50' scale</u>	<u>\$250 / SHEET</u>

- Includes stamp by licensed civil engineer
- First revision is free. Additional revisions will be billed hourly.
- Price includes an emailed submittal only (\$2.00/SF for color plotting + postage)
- Hourly rate to attend meetings, site visits, permit assistance, multiple drawing revisions, etc. is \$175/HR for licensed engineer and \$100/HR hour for junior engineer

Chris Sykes

This proposal must be countersigned on the back page by PCDC to be binding. The following are a part of this quotation. They will attach to and become a part of the subcontract. Should there be conflicts between these conditions and conditions of the general contract, these conditions shall prevail. This bid proposal shall remain open for a period of thirty days from the bid date, and PCDC reserves the right to withdraw this bid proposal at any time within the aforementioned thirty days unless accepted by owner/contractor in writing prior to the date of withdrawal. This bid proposal shall expire by its own terms if not accepted within thirty days from the bid date.

The following Terms and Conditions are part of this quotation. They will attach to and become a part of the subcontract. Should there be conflicts between these conditions and conditions of the general contract, the above conditions shall prevail.

- 12.

- 13. a daily basis.
- 14. This proposal is based on PCDC personnel working a straight-time work week. The premium time portion of any overtime work directed will be charged as extra work.
- 15. Any cleaning of the Piers beyond that which the normal drilling tools will achieve which may be required to perform this work; it will be performed on an hourly, time and material basis.
- 16. Pacific Coast Drilling Co. shall be excused for delays in the completion of the contract caused by acts of God, action or non-action of owner, owner's agents or employees, the General Contractor, other contractors on the project, inclement weather, labor disputes, acts of public utilities, public bodies, extra work, failure of owner of General Contractor to make progress payments, or other contingencies, that are beyond the control of PCDC.
- 17. We have relied on plans and specifications received for bidding purposes, PCDC shall be entitled to compensation for extra cost incurred as a result of erroneous plans or specifications lack of received information. Should conditions be encountered in the performance of our scope of work which differ from (A) Those indicated by the contract documents or soils data furnished to PCDC, or (B) Those ordinarily encountered and generally recognized as inherent in work of the character provided in the contract, an equitable adjustment will be made to cover the costs of those impacts. If the Piers are designed deeper than the soil borings, we have assumed that the material to be drilled is similar to that which was encountered to the depth explored. Should this not be the case, any added expense to us is to be paid for as extra work.
- 18. Payments due pursuant to the terms and conditions recited herein are to be made upon the presentation of PCDC's invoice to owner/contractor. Invoices must be paid without fail within thirty days. Overdue balances will be charged interest at the maximum amount provided by law. No retention shall be withheld from the payments due pursuant to the presentation of the invoice.
- 19. Owner/Contractor agrees to pay reasonable attorney's fees and court costs if PCDC is required to bring legal action to collect any rental or other sums due, as provided herein, of collection of any loss, damage or injury to leased equipment or persons or property involved in the use of such equipment where any such loss, damage or injury occurs as a direct result of the acts of owner/contractor.
- 20. Upon request, PCDC will provide certificates of insurance in that amounts and in accordance with the coverage PCDC presently has. The costs associated with such coverage will be quoted upon request. Additional insurance and the coverage afforded there under will be quoted on request. Naming others as additional insureds under PCDC's existing insurance will be charged at cost.
- 21. This agreement involves the performance of work for Contractor and/or Property Owner (s) on Contractors or Property Owners premises. Contractor and/or Property Owner(s) agrees to indemnify Pacific Coast Drilling Company, against all losses, expenses, claims and liability of any nature resulting from injury or damages to person(s) or property caused by, or resulting from performance of such work, except for injuries or damages caused by the sole negligence of PCDC.
- 22. This bid proposal shall remain open for a period of thirty days from the date, and PCDC reserves the right to withdraw this bid proposal at any time within the afore mentioned thirty days unless accepted by owner/contractor in writing prior to the date of withdrawal. This bid proposal shall expire by its own terms if not accepted within thirty days from the date.

The above prices, specifications, terms and conditions are satisfactory and hereby accepted. You are hereby authorized to begin work. **IF YOUR COMPANY REQUIRES A "WORKERS COMPENSATION WAIVER OF SUBROGATION" THERE WILL BE AN ADDED COST**

DATE: March 18, 2015

PROJECT: Caltrans Contract No. 04-235624

SCOPE OF WORK

We hereby quote the following items in accordance with the following inclusions, exclusions, and general conditions. Addendum acknowledged: 1, 2 and 3

BID ITEM	DESCRIPTION	QUANTITY	UNIT PRICE	TOTAL
70	Concrete Backfill (Soldier Pile Wall)	87 CY	\$595 /CY	\$51,765
71	Lean Concrete Backfill	38 CY	\$325 /CY	\$12,350
80 (Partial)	Soldier Pile (W14x233)	696 LF	\$53 /LF	\$36,888
81	30" Drill Hole	689 LF	\$115 /LF	\$79,236
TOTAL:				\$180,238

Soldier Piling to include: drilling 30"Ø holes to depths per plans, stabilize holes with polymer slurry, provide and clean out baker tank, dewater and de-silt baker tank into others location adjacent to baker tank, setting steel beams (steel beams provided and placed adjacent to holes by pothers), providing and placing pile concrete and lean concrete.

HSD EQUIPMENT

- 80,000 LB Lo-Drill excavator mounted drill rig with a 29' mast 11'-0" wide steel street tracks, 5' tail swing and a 15' reach from the tracks to the center of the drilled hole.
- 70 TON Conventional Crane with a Vibratory Hammer
- 32 meter Concrete Boom Pump
- 20,000 Gallon Baker Tank

EXCLUSIONS

Vibration Monitoring, Permits; Removing drill spoils, Relocation, removing or de-energizing overhead wires, vibration and survey monitoring, bond premium (2%), inspection, wet weather construction, testing, vibration monitoring, welding, providing rebar cages, splicing cages, rebar protectors, anchor bolts, forming, dowels, sand blasting, demolition, structure excavation, structure backfill, structure concrete, field engineering, block outs, formwork, site dewatering, submittal or implementation of water pollution control plan, erosion control, water supply at drill rig 25 GPM 9,000 gallons per day, dust control, survey, layout, line & grade, USA utility location or markings, location, removal or protection of utilities, shoring and protection of existing structures, streets, sidewalks and utilities, off-haul or removal of spoils and water, sediment pond or tank, off-haul of concrete over break, all costs related to any known or unknown hazardous or contaminated materials, 40 hour Hazmat Training. Traffic control provided by others.

GENERAL CONDITIONS

Hillside Drilling's (HSD) bid is based on one move ins to the job with continuous operation until completion of subject move-ins; add \$12,000 to the contract for each additional move. Contractor will provide 20-foot wide level, unobstructed access with no overhead obstructions adjacent to all locations as required for drill rig, crane, concrete pump, baker tank and concrete trucks. Power lines to be de-energized as required for safe clearances. Contractor to remove drill spoils concurrent with drilling as required to provide access for setting and pouring operations. Concrete pour crew may require additional overtime work hours to complete pours. Contractor will provide a clean out area for drilling equipment and concrete pumps and trucks. Bid is based on day work Mon.-Fri. 8 hours per day. Contractor to provide three weeks minimum notice of start date. Contractor to provide area on site for storage of Hillside Drilling's equipment and materials. Changes in start date shall be made 72 hours in advance of given start date and may result in a delay to the rescheduled work. Hillside Drilling will be given one working day to verify grade, access, and layout before moving on to the site. If casing or dewatering is needed, rebar cages shall not block access of casing or sump pumps. Price based on groundwater being discharged at site into de-silting pit or basin provided by General Contractor 100' from work area. If any man-made/man-placed materials are encountered such as bricks, concrete, rip rap, pea gravel, etc., the general contractor will provide Hillside Drilling with written authorization to proceed with the work utilizing any required special tools and equipment. A daily log of labor, equipment and material will be maintained and subsequently billed at the rate of \$425.00 per drill rig hour including two men, plus costs of materials, other equipment and labor, plus appropriate markups. All standby time due to delays by others will be billed at the same hourly rate. Standby rate for equipment left on site due to delays by others is \$1,200/day for the drill rig plus any additional equipment left on site. Back charges will only be accepted when properly documented and acknowledged on a daily basis by our authorized representative. Payments will be made within 30 days of invoice. Retention will not exceed the percentage with held by the owner. Balance of retention will be paid in full within 35 days after completion of Hillside Drilling's work.

For shafts to be drilled deeper than soil borings indicate we have assumed that the materials to be drilled are similar to those indicated on the soil borings lowest depth explored adjacent to the drilled shaft. Conditions differing shall be considered a changed condition. Soil conditions or water table elevations that are different than those indicated in the soils report/borings shall be considered a differing site condition.

This quotation includes the following insurance coverage for HSD with the general contractor to be named as additional insured. Hillside Drilling shall only indemnify Owner and/or Prime Contractor to the extent of Hillside Drilling's proportionate fault or neglect.

1. Worker's compensation & Employers Liability -\$1,000,000.00 each accident, \$1,000,000.00 disease policy limit & \$1,000,000.00 disease each employee (excludes waiver of subrogation)
2. General Liability - \$2,000,000.00 (Excludes pollution liability, professional liability, riggers liability, builders risk and rail road insurance)
3. Automobile Liability Coverage - \$1,000,000.00.

This quotation is subject to acceptance within 30 days and the terms herein will be incorporated into any subsequent sub-contract agreement. In the event that legal counsel is retained to collect any sums due, HSD will be reimbursed for legal expense incurred. Should any dispute arise out of this Proposal/Agreement; the prevailing party shall be entitled to recover reasonable attorney's fees and cost.

Thank you for the Business Opportunity!

Andy J. Clisham

NOTICE TO OWNER

Under the California Mechanics' Lien Law, any contractor, subcontractor, laborer, supplier or other person or entity who helps to improve your property, but is not paid for his or her work or supplies, has a right to place a lien on your home, land, or property where the work was performed and to sue you in court to obtain payment. This means that after a court hearing, your home, land and property could be sold by a court officer and the proceeds of the sale used to satisfy what you owe. This can happen even if you have paid your contractor in full if the contractor's subcontractors, laborers or suppliers remain unpaid.

To preserve their rights to file a claim or lien against your property, certain claimants such as subcontractors or materials suppliers are each required to provide you with a document called a "Preliminary Notice." Contractors and laborers who contract with owners directly do not have to provide such notice since you are aware of their existence as an owner. A preliminary notice is not a lien against your property if you are not paid. It's purpose is to notify you of persons or entities that may have a right to file a lien against your property if they are not paid. In order to protect their lien rights, a contractor, subcontractor, supplier or laborer must file a mechanics' lien with the county recorder which then becomes a recorded lien against your property. Generally, the maximum time allowed for filing a mechanics' lien against your property is 90 days after substantial completion of your project.

Plan Sheets: ECL-1, EC-1, EC-2, ECD-1 & ECO-2
Specs Pages: 13-5.03E, 13-6.03C, 13-6.03E, 13-6.03I, 13-7.03B, 14-1.03, 21-1.03J, & 21-1.02P
Addenda: 1 thru 3
Existing SWPPP: None at time of bid.
Project Labor Agreement or Project Stabilization Agreement: None at time of bid.

Qualifications/Exclusions:

1. - Site to be received at +/- .10 of foot to finish grade/sub-grade in a clean, weed free condition.
2. - No site so preparation, pre-soil moisture, weeding, scarifying, backfilling, fertilizing, grading, survey, clearing or grubbing, digging-in or drilling, or trenching of hard rig materials.
3. - No night work or task lighting.
4. - Adequate equipment access to work areas to be provided by others.
5. - Price quotes based on one move-in for the entire area. Additional move-ins will be billed at \$500/Ea.
6. - Designated areas for hydroseeding or erosion control shall be clearly defined by an authorized representative.
7. - Our standby rate is \$75.00 per man, per hour.
8. - Water shall be made available on-site by others. 4,000 gal per hour will be required within 1/4 mile of working area. Water source shall be made available with a minimum 2" size and at least 100 psi or better.
9. - No overseeding, watering, drainage, irrigation, plant warranty, inspection, protection, testing, weekly meeting, training/badging, SWPPP, WPC, BMP, or maintenance of SWPPP, BMP, hydroseed, mulch, or plant material, unless defined in bid.
10. - Excluding ALL maintenance & removal of BMP's listed on the attached proposal.
11. - No interim maintenance.
12. - No vehicle or pedestrian traffic control. No permits, testing, auditing, inspection fees, water coats, water meters/meter fees, or service fee.
13. - We cannot guarantee germination of seed, unless maintained by Marina Landscape Inc.
14. - Marina Landscape is not responsible for areas destroyed or damaged by pedestrians, other contractors, weather, acts of God or anything beyond our control.
15. - This proposal excludes removal or disposal of all erosion control methods.
16. - This proposal is void unless written acceptance is received within 30 DAYS.
17. - Not responsible for grading or disturbance to existing graded areas.
18. - UNIT PRICE PREVAILS ACCORDING TO QUANTITY SPECIFIED ON BID BREAKDOWN.
19. - ALL ITEMS WILL BE FIELD MEASURED PER QUANTITY INSTALLED FOR FINAL BILLING.
20. - Contractor agrees to pay for all special order items for this project once the agreement or purchase order is signed.
21. - Additional areas installed will be billed. Reduction in quantity will increase unit cost.
22. - Silt fence to be installed minimum 12 inches from any buried objects.

Marina Landscape Inc. is an established union contractor with over 43 years of experience and the ability to bond our projects (add 1% as a change order to the contract). Bonds will be supplied on Berkley Surety or AGC standard bond forms. If accepted, this proposal is to be part of our contract. Should you have any questions regarding this proposal, please contact our office immediately.

Thank You.

TERMS AND CONDITIONS:

1. This quote and attached terms and conditions must become a binding part of any sub-contract.
2. A purchase order and 10 working days notice must be given prior to start of work. This quote shall remain valid for 30 days from date of actual bid opening, unless otherwise agreed upon.
3. **TERMS:** Due and payable within 30 days from date of installation and/or as per Business and Professional code 7108.5 and Public contract code 10262.5 (for progress payments) and/or as per Public contract Code 7107 (for retention due).
4. All change orders must be approved by agency/owner prior to work being performed by Veridico.
5. **Excludes any Insurance requirements in excess of Caltrans Standard Specifications.** Additional insured and/or waiver of subrogation requests will be an added cost.
6. Splitting offered bid item quotes **may be considered**. Please call Tim Anenson at (707) 317-0002 to discuss splitting the bid item quotes prior to the Caltrans submittal deadline.

ASSUMPTIONS

1. Methacrylate crack treatment field air monitoring (under the supervision of a CIH) can be provided at a rate of \$1,850.00 per day including all labor, travel, per diem, equipment, materials, supplies, and lab costs. **For bidding purposes the Prime can multiply the daily air monitoring rate by the estimated number of days to establish a total.
2. Training specified in the LCP can be conducted (by a CIH) at contractor location. The training can be conducted for a lump sum of \$1,950.00.
3. Job Site Management assumes a project duration of 700 days, or 140 weeks of on-site field work.

$$140 \text{ weeks} \times \$275.00/\text{week} = \$38,500.00$$

This is a weekly rate for Veridico to document required WPCP compliance by completing Caltrans forms 2030 and 2034 by a QSD/P. Veridico will work with your field staff to assess site conditions each week; no site visits are included. Pre-, during and post-rain event site inspections are not included but will be billed at the Job Site Management rate if required.

4. A Type 1 noise level monitor will be provided for the duration of the project. **One (1) session of training** for use of the monitor will also be provided for the quoted bid. Usage of the noise level meter beyond the stated project duration of 700 days will be billed at \$100.00 per week.
5. No other plans, reports, monitoring or permits are included.
6. The SWPPP does not include calculating run-on (Q) or discussions including Active Treatment Systems, stream diversion, and/or dewatering.
7. No other plans, reports, monitoring or permits are included.
8. The SWPPP and the LCP include one (1) revision for the quoted bid. Further revisions will be billed at \$125.00 per hour.
9. Contractor to provide completed questionnaire (supplied by Veridico upon notice of award) prior to start of work.
10. Print-ready electronic draft and final copies of plans and/or reports will be provided so hard copies can be produced; no hard copies will be provided by Veridico.

Veridico is a certified DBE contractor (No. 39572) with a number of associates that have supported Caltrans projects for many years. We have the necessary certified personnel to support your efforts on this project and we look forward to providing you our highest level of project support. Please don't hesitate to contact me directly at (707) 317-0002 or at tim.anenson@veridicogroup.com if we can provide anything further.

My Very Best Regards,

ertified Small Business (certification # 20325 - exp.
ise and PUC Micro Local Business Enterprise
the Mid-Cal Better Business Bureau, California Fence
uilders Exchange and Builder's Exchange of Stockton.
All exclusions and scope of work notes contained on
ract, subcontract, or purchase order issued for our
and mutually agreed to between the parties. All

responsible for determining legal property lines, boundaries, and/or easements of customer's property. If a permit is required, all permits are to be obtained by customer and all permit fees are to be paid by customer (unless otherwise noted above). Jobs cannot be ordered and material prices locked in until customer has completed and signed the acceptance of proposal and returned to our office. In addition, if customer fails to make payment in full to All Steel Fence, Inc., for all completed work and materials provided to customer, and customer has not given written notice to All Steel Fence regarding the reason for non-payment, customer agrees that All Steel Fence shall retain ownership of all materials installed and/or provided to customer until they have been paid for in their entirety by customer. All Steel Fence, Inc. shall have the right to remove any materials not paid for within 20 days of written request for payment and customer has no legal entitlement or ownership of any materials provided or installed on customer's property until said materials have been paid for in full by customer.

BID EXPIRATION: We have been advised by our suppliers that at the present time there is extreme volatility in the steel market and prices are fluctuating on a weekly and sometimes daily basis. The price on this proposal is good through 4/18/2015 and pricing is subject to change after this date. NOTE: If the expiration date has passed, please call our office to confirm if the price of your proposal has changed. Thank you for your understanding and if you have any questions, please give us a call.

ORDER CANCELLATION POLICY: By signing any page of this acceptance of proposal, customer is authorizing All Steel Fence to proceed with ordering of materials for this project. If this order is cancelled by customer after materials have been ordered by All Steel Fence, customer agrees to pay all charges for materials that cannot be returned to the supplier or manufacturer. Customer also agrees to pay All Steel Fence a material handling fee in addition to all restocking charges incurred by All Steel Fence.

PAYMENT TERMS: All amounts are due and payable within 5 days of completion of project (or as listed in a mutually agreeable contract/subcontract agreement). Payments should be mailed to: All Steel Fence, Inc., P. O. Box 1309, Lathrop, CA 95330.

NOTE REGARDING INSURANCE CLAIMS: It is customer's responsibility to notify All Steel Fence, Inc. in advance of work being performed if customer intends to have an insurance company or another third party pay for the work to be performed by All Steel Fence, Inc. All Steel Fence, Inc. does not bill insurance companies or third parties for work performed unless arrangements are made with customer in advance of work being performed by All Steel Fence, Inc. Customer is responsible for payment to All Steel Fence, Inc. for all work completed (and customer is responsible for seeking reimbursement from the insurance company or other third party).

SERVICE CHARGES: There will be a 1.5% per month (18% per annum) service charge on all outstanding balances that are 30 days or more past due (unless otherwise agreed to in a mutually agreeable contract/subcontract agreement).

UNDERGROUND UTILITIES: All Steel Fence is not responsible for costs or labor to repair or replace any underground utilities, sprinklers, or other pipes that are not properly marked by Underground Service Alert, Owner, Prime Contractor, or Owner or Prime Contractor's Agents.

Continued on Page 3.

Re: Cal-Trans #04-235624 (RTE 101 in Palo Alto)
March 18, 2015

INSURANCE: All Steel Fence carries commercial general liability insurance written by CNA Insurance Company. All Steel Fence will provide a certificate of insurance showing proof of coverage upon request. All Steel Fence, inc. carries workers' compensation insurance for all employees with Oak River Insurance Company a subsidiary of Berkshire Hathaway Homestate Companies. All Steel Fence, inc. will provide a certificate of insurance showing proof of coverage upon request.

EXTRA WORK: Any alteration or deviation from above specifications involving extra costs will be executed only upon written orders, and will become an extra charge over and above this estimate. If job site conditions, accessibility, or job Layout changes or deviates from the attached drawing, there may be additional charges over and above this estimate.

PROPOSAL PRICE: \$85,230.20 (Eighty five thousand two hundred thirty and 20/100). **For payment/performance/maintenance or other bonds add 2.5% to bid amount. See also mobilization information.

ACCEPTANCE OF PROPOSAL: The prices, specifications and conditions on all pages of this proposal are satisfactory and are hereby accepted. By signing below I understand that All Steel Fence, inc. is not responsible for costs, repair or replacement of any existing underground utilities, sprinklers, or other utilities. All Steel Fence, inc. is authorized to do the work as specified on all pages of this proposal. I have read the proposal conditions in their entirety and have reviewed the attached project layout and agree to all conditions set forth on all pages of this proposal.

Clarifications, Exclusions, Change Orders

A. Clarifications

1. Any revisions beyond original scope of work will occur as a change order.
2. All Chain Link Installation per specs
3. All sleeves/holes in retaining walls that are to be used for railing or fencing to be pre drilled by contractor.
4. Billing may be adjusted per measurements of completions of each job.
5. If any person(s) stop work once in progress, a \$500/hr or \$3,500/day charge will be assessed.
6. Contract good for 90 days
7. You warrant that site will be in a condition for work on the start date.
8. Borg Fence will be responsible for providing Preliminary Notice which is common practice for a project this size to protect all parties involved
9. Temporary fence (staging) to be used when a crew is not on site (nights and weekends) when necessary
10. Price includes 2 mobilizations total per item. Anything over = \$2,500.

B. Exclusions

1. We exclude Performance and payment bonds
2. We exclude Permits and fees
3. Risk Insurance to be provided by Contractor
4. Overtime work requested by Contractor for non-contractor caused delays
5. Traffic Control
6. Secure storage area
7. Underground obstructions or utilities
8. All survey and staking for fence to be provided by others

PAYMENT TERMS:

- Supply all labor, materials, and equipment to complete project as described in Contract/Scope of Work.

WEB
twininginc.com

Twining is pleased to present our proposal and cost estimate for quality control services on this very important project. Twining's experience and understanding of the Caltrans specification will be a tremendous asset to your project team. We have developed our cost per shift to be all inclusive, encompassing everything required by the project specifications. Our attached proposal details our options for Quality Control Services:

Structural Concrete Quality Control (Based on 38 Shifts): \$1257/Shift \$53,766

We implore you to review the attached documents to gain a better understanding of our proposal estimating.

Twining has over a decade of experience with Caltrans programs. Our accumulated experience, combined with our commitment to value added engineering, makes us the premier provider of quality control services on Caltrans projects. The size of our firm and the resources we have available will allow us to staff your project with the most qualified personnel, all of whom have over ten years experience with Caltrans projects.

We are proposing to service this project utilizing our state-of-the-art Sacramento laboratory which provides critical quality control data in a proactive and efficient manner. All of our reports are electronically transmitted to the project team by our Quality Control Management.

We are confident that our firm will provide quality service and security to you as we continue to demonstrate our high level of service and commitment to the successful construction of your projects. If you have any questions or require additional information regarding our submittal, feel free to contact me Joshua Noegel directly at (760) 617-1661, jnoegel@twininginc.com.

Best Regards,
Twining, Inc.

Joshua Noegel, Senior Project Manager

**Caltrans Contract Number 04-235624 on Route 101 in Santa Clara and San Mateo Counties
 Scope of Work for Cast-In-Place Structural Concrete Quality Control
 Prepared By Twining March 18, 2015**

Mar. 18, 2015 11:10AM

SCOPE AND COST ESTIMATE -CAST-IN-PLACE CONCRETE QUALITY CONTROL

Assumptions: Twining is pleased to have the opportunity to propose to you our unsurpassed Cast-In-Place Quality Control Testing and Inspection services for Caltrans Contract 04-4A0904. Our cost estimate is based on the total cubic yardage of Cast-In-Place Concrete (CIP), 200 cubic yards placed per shift and shift durations. Shifts are broken down separately for week day or night shifts and Saturday day or night shifts. Our services are directly related to the production schedule of the contractor and the total estimate may increase or decrease based on production. Services are provided as per shift estimates and are inclusive of all field inspection, field testing, laboratory testing, and typical engineering support needed for this project. The cost estimate includes sampling and testing of concrete aggregates, sampling and testing concrete in the field for the plastic properties and compressive strength testing.

SECTION A: Pre Production Quality Program Implementation

Proposed Service	Notes and Assumptions	Assumed Quantity			
		Amount	Units	Unit Rate	Cost
Quality Control Meeting	QC Meeting attendance. Meeting to take place before QC Plan	6	hours	\$ 125	\$ 1,000
Quality Control Plan	Lump sum each Quality Control Plan	1	Each	\$ 1,200	\$ 1,200
Subtotal:					\$ 2,200

SECTION B: Field Quality Control and Laboratory Services for Cast-In-Place Concrete (CIP) per Caltrans Special Provisions

This section includes all costs associated with Cast-In-Place (CIP) production quality control requirements as indicated in the Caltrans Special Provisions. All special provision criteria specific to this contract number is also included. The following per shift costs are based on the indicated number of weekday shifts of CIP placement at an anticipated daily shift duration of 8 hours. If production exceeds 8 hours of placement, overtime will be billed at 1.35 x the hourly rate of \$80.00 and 1.8x the hourly rate of \$80.00 for double time. If production exceeds 100 cubic yards add-on \$100 for each 100 cubic yards of additional concrete production or fraction thereof for concrete testing. QC Management time will be billed as needed at \$125 per hour, one hour per shift is included in the Lump Sum per shift cost.

Includes All Quality Control Services Required by the Project Specifications

Proposed Service	Notes and Assumptions	Assumed Quantity			
		Amount	Units	Unit Rate	Cost
Weekday Production Shift (Aggregate testing and field testing)	Anticipated daily duration of 8 hour and up to 100 cubic yard placements.	38	Shift	\$ 1,257	\$ 47,766
Saturday Production Shift (Aggregate testing and field testing)	Anticipated daily duration of 8 hour and up to 100 cubic yard placements.	0	Shift	\$ 1,697	\$ -
Sunday Production Shift (Aggregate testing and field testing)	Anticipated daily duration of 8 hour and up to 100 cubic yard placements.	0	Shift	\$ 2,263	\$ -
Compressive Strength Specimen Pick Up and Delivery to Twining Facility for Laboratory Curing and Testing After On-site initial Cure of 24 hours in accordance with ASTM C31	Transported to our Sacramento Facility	38	Pick-Up	\$ 100	\$ 3,800
Subtotal:					\$ 51,566

TOTAL: \$53,737.40 NOT LOW

No. 0537 P. 2

MAR 18 2015 11:10AM

Limitations:

Our services will be provided on a time-and-expense basis in accordance with the hourly rates quoted for pre-production testing and mix designs. Our services will be charged Lump Sum per shift during production for each shift of concrete placement. If production exceeds the estimated 8 hour paving shift, an additional charge will be applied at the overtime factors identified below.

Overtime, if incurred, will be billed at 1.35X the standard rate for time in excess of 8 hours during one day and for Saturday work. Work in excess of 12 hours and that which is performed on Sundays and holidays will be billed a 1.8X the standard rate. The rates will remain in effect throughout the duration of this project with the exception of which the hourly rate will increase August 2014 by \$2.35 and each August thereafter. Based upon the construction schedule you have provided, we have attempted to be realistic in our estimates. Please note that we provide our services in conjunction with the construction schedule. Any change in the number of days or hours per day will impact our budget. We will attempt to coordinate our services with your project manager to efficiently service the project.

Best Regards,
TWINING, INC.

Joshua Noegel
Senior Project Manager

Caltrans Contract No. 04-235624, Route 101, Santa Clara & San Mateo Counties
Estimate Proposal

March 18, 2015

RMA Proposal Number: 14-063-P

R.M. Harris Co.
Attention: Estimating
901 Howe Road
Martinez, CA 94553

Subject: Estimate Proposal for
Hot Mix Asphalt Quality Control Inspection and Testing
Contract No. 04-235624, Route 101, Santa Clara & San Mateo Counties

Estimator,

We have prepared a cost estimate for performing Quality Control Testing of the Hot Mix Asphalt – Type A (HMA-A), the Rubberized Hot Mix Asphalt – Gap Graded (RHMA-G), the Structural Concrete, and the Sound Wall for this contract in accordance with the special provisions dated February 2, 2015.

The estimated costs presented on the following page are based on:

- HMA-A production, Monday through Friday night shifts (8,560 tons)
- RHMA-G production, Monday through Friday night shifts (5,480 tons)
- Cast-In-Place Structural Concrete, Monday through Friday day shifts (3,793 Cubic Yards)
- Sound Wall, Monday through Friday day shifts (2,579 Square Feet)

Our costs are based on the following:

HMA-A and RHMA-G

- We will coordinate with your Project Engineer and/or Project Manager to supply a Quality Control Plan
- For HMA-A and RHMA-G production, we will utilize a Field Technician to monitor in-place density, perform CT 375 per the special provisions and obtain the required cores for density determination. We assume that the material supplier will perform sampling of HMA-A, RHMA-G, RAP and aggregates at the plant in accordance with the Project Special Provisions
- We assume that a production shift will consist of 8 hours of HMA-A or RHMA-G placement
- For HMA-A and RHMA-G, we will utilize a second field technician to prepare a nuclear gauge correlation in accordance with CT 375 whenever the following occurs: the first day of placement of a new material, whenever there is a change in paved thickness greater than 0.03 feet from the material thickness of a previously determined correlation, or whenever there is a change in underlying material
- We assume that the material supplier is accredited by AASHTO and certified by Caltrans-for AASHTO test methods and will provide the following during production: Job Mix Formula, Job Mix Formula Verification, Plant Inspection, sieve analysis, sand equivalents, aggregate moisture contents, oil contents, and HMA moisture contents in accordance with the Project Special Provisions
- We propose that RMA Group will perform the following production quality control laboratory tests: percent crushed particles, Los Angeles Rattler, flat and elongated particles, fine aggregate angularity,

**RMA Group**Every Project Matters | www.rmacompanies.com

- coarse and fine durability index, sodium sulfate soundness, maximum theoretical density, Hamburg wheel track, and moisture susceptibility
- We assume Smoothness Testing in areas requiring the use of a 12-foot straightedge will be performed by the Contractor
 - We propose that RMA Group will perform the inertial profiling in accordance with the Project Special Provisions utilizing a Dynatest Model 5051 Mark IV inertial profiler. All equipment and operators are Caltrans-certified to perform inertial profiling. Shift rates include 8 hours of on-site time, data processing, and report preparation.

Cast-In-Place Structural Concrete

- We will coordinate with your Project Engineer and/or Project Manager to supply a Quality Control Plan
- Our services will consist of assigning a Quality Control Manager to develop, implement, and maintain a QC program that includes inspection, sampling, and testing of structural concrete materials. Our QC Manager will be available during all concrete placements if his presence is required on site or at the plant by the Engineer.
- This scope of services will also include providing a QC field inspector, who will be an American Concrete Institute (ACI) Concrete Field Testing Technician, at the concrete delivery point while placement activities are in progress. Our onsite personnel will sample and test the concrete for slump, air content, unit weight, and temperature in accordance with the applicable ASTM test methods and frequencies found in Section 11-4.02H of the Special Provisions. One set of two compressive strength specimens will be fabricated per 100 cubic yards or for every day of placement. For each day of placement we will sample and test aggregates in accordance with Section 11-4.02H of the Special Provisions.
- Aggregate samples and compressive strength specimens will be transported to our AASHTO-accredited San Jose facility for testing by an ACI Laboratory Technician, Grade 1 and/or Grade 2. All results will be reviewed by the QC Manager and submitted within 24 hours of completion
- We assume that the material supplier will supply the concrete mix design(s)

Sound Wall

- During Sound Wall Grouting, we will utilize an ICC certified Inspector to verify the masonry construction complies with section 1704 and section 2105 of the 2007 California Building Code and the Project Plans dated 12/8/14. We will perform inspection of the reinforcement prior to grouting operations and continuous inspection during grouting operations
- We assume that a production shift will consist of 8 hours of grouting.
- Our services would consist of material testing of grout and mortar test specimens. Services would include compression testing of specimens molded by our representative and preparation of a written report presenting the applicable information

The following is the summary of our estimated costs, which were calculated using the scope of work and construction duration assumptions presented herein:

HMA-A & RHMA-G ESTIMATE WORKSHEET

FIXED COSTS:

	Qty.	Unit	Unit Cost	Total
Quality Control Plan	1	Each	\$800.00	\$800.00
Pre-Paving Meeting	1	Each	\$600.00	\$600.00
Gauge Correlation	3	Each	\$1,152.00	\$3,456.00
			Subtotal Fixed Costs	\$4,856.00

PRODUCTION COSTS*:

	Qty.	Unit	Unit Cost	Total
1 QC Field Technician		Shift	\$1,472.00	Per Shift

*Production costs are based on 8 hours of placement per shift. For each additional hour of placement add \$150 00/hr

ESTIMATED PLANT TESTING COSTS:

	Qty.	Unit	Unit Cost	Total
Sodium Sulfate Soundness (AASHTO T 104)	1	Each	\$375.00	\$375.00
Crushed Particles (AASHTO T 335)	2	Each	\$125.00	\$250.00
Los Angeles Rattler (AASHTO T 96)	2	Each	\$200.00	\$400.00
Flat and Elongated Particles (ASTM D 4791)	2	Each	\$225.00	\$450.00
Fine Aggregate Angularity (AASHTO T 304, Method A)	2	Each	\$135.00	\$270.00
Coarse & Fine Durability (AASHTO T 210)	6	Each	\$275.00	\$1,650.00
Density of Gyration Compacted Specimen (AASHTO T 312/T 275)	5	Each	\$325.00	\$1,625.00
Maximum Theoretical Density (AASHTO T 209, Method A)	5	Each	\$175.00	\$875.00
Hamburg Wheel Track (AASHTO T 324, Modified)	2	Each	\$650.00	\$1,300.00
Tensile Strength Ratio (AASHTO T 283)	2	Each	\$900.00	\$1,800.00
			Subtotal Plant Testing Costs	\$8,995.00

ESTIMATED INERTIAL PROFILING COSTS:

(If not included with your grinding sub's estimate)

	Qty.	Unit	Unit Cost	Total
Smoothness Testing (Inertial Profiling, 8-Hours On-Site)	3	Shift	\$2,150.00	\$6,450.00
			Subtotal Inertial Profiling Costs	\$6,450.00

CAST-IN-PLACE STRUCTURAL CONCRETE ESTIMATE WORKSHEET

FIXED COSTS:

Quality Control Plan
Pre-Paving Meeting

Qty.	Unit	Unit Cost	Total
1	Each	\$800.00	\$800.00
1	Each	\$500.00	\$500.00
Subtotal Fixed Costs:			\$1,300.00

PRODUCTION SHIFT COSTS:

1 Public Works Technician (8-Hr Placement)
Coarse Aggregate Gradation (ASTM C136 - Combined)
Fine Aggregate Gradation (ASTM C136 - Fine)
Sand Equivalent (ASTM D2419)
Percent Fines Under 75 Microns (ASTM C117)
Moisture Content of Fine Aggregate (ASTM C566)
Compressive Strength* (ASTM C39)
Pick Up & Delivery of Cylinders
*For up to 100 cubic yards

Qty.	Unit	Unit Cost	Total
1	Shift	\$1,402.00	\$1,402.00
1	Each	\$145.00	\$145.00
1	Each	\$125.00	\$125.00
1	Each	\$100.00	\$100.00
1	Each	\$65.00	\$65.00
1	Each	\$18.00	\$18.00
2	Each	\$35.00	\$70.00
1	Each	\$200.00	\$200.00
Production Shift Costs:			\$2,125.00

SOUND WALL ESTIMATE WORKSHEET

PRODUCTION COSTS:

8-Hours of Grout Placement

1 ICC Masonry Inspector (Monday-Friday Day Shifts)

Qty.	Unit	Unit Cost	Total
1	Shift	\$1,209.00	\$ 1,209.00

LABORATORY TESTING:

Masonry Prims (ASTM C 140)
Compression Testing of Grout (ASTM C 1019)
Compression Testing of Mortar (ASTM C 780)
Pick Up & Delivery

Qty.	Unit	Unit Cost	Total
2	Each	\$60.00	\$120.00
4	Each	\$25.00	\$100.00
4	Each	\$20.00	\$80.00
1	Each	\$200.00	\$200.00
Subtotal Laboratory Testing			\$500.00

Masonry Total \$1,709.00

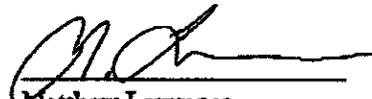

Our costs are based strictly on the construction schedule assumptions presented herein. Any additional testing requested or change in the construction schedule will affect our costs, which will require that the above estimate be revised accordingly. Any changes to the presented assumptions will require that the estimated per shift costs be revised and adjusted as necessary.

RMA Group does not guarantee the performance of the contractor(s) by performing these services. RMA Group's performance of these services shall not relieve the contractor(s) of their obligation to perform the work in conformity with the drawings and specifications and in a workmanlike manner; shall not make RMA Group an insurer of the contractor's performance; and shall not impose on RMA Group any obligation to see that the work is performed in a safe manner.

ASTM F606 Bolt: Proof Load Test up to 7/8"	\$ 65.00/each
ASTM F606 Bolt: Proof Load Test up to 1 1/2"	\$ 85.00/each
ASTM F606 Nut: Proof Load Test up to 7/8"	\$ 45.00/each
ASTM F606 Nut: Proof Load Test up to 1 1/2"	\$ 65.00/each

Spray Applied Fire Proofing Tests

Description	Rate/Cost
ASTM E605 Spray Applied Fireproofing Density	\$95.00 /each

Schedule of Fees

General Charges

- RMA Group requires twenty-four (24) hour prior notification for scheduling inspectors and/or technicians.
- Inspection charges start at the scheduled show up time at the job site. All inspection hours will be billed in the following increments:
 - There will be a minimum two (2) hour charge for any RMA Group employee presence on site.
 - Any time less than four (4) hours of work will be billed as four (4) hours.
 - Four (4) to eight (8) hours will be billed as eight (8) hours.
- When personnel are required to work in excess of 5 hours without an uninterrupted meal period of 30 minutes, due to project constraints, 1/4 hour will be charged at double time rates in addition to any applicable hours worked.
- Rates are valid through June 30, 2015. Rates for personnel will increase by 3% per year on July 1st of each subsequent year.
- Administrative/clerical support will be charged at 10% of the monthly direct charges.
- Certified Payroll Reports will be prepared upon request. There will be a \$75.00 charge for each certified payroll report.
- Outside services will be billed at cost plus 15% unless billed directly to and paid for by Client.
- Requests made by client for management attendance at meetings at the project site will be charged at standard rate.

Overtime Charges

- Work performed in excess of 8 hours per day and/or up to eight (8) hours on Saturdays will be billed at 1.5 times the unit rate.
- Work performed on Sunday, recognized holidays, or in excess of eight (8) hours on Saturdays will be billed at 2.0 times the unit rate.
- A 20% surcharge will be applied for laboratory tests performed on a Saturday or Sunday.

Per Diem and Travel Charges

- An \$85.00 charge per day will be applied when our personnel are required to stay overnight at remote locations.
- Time will be billed at the unit rate while traveling to a remote location or if a location requires an overnight stay
- Mileage for travel outside a 50 mile radius from either the project site or the nearest RMA facility whichever is closest, will be charged at a rate of \$0.58 per mile.

Night Work

- A \$10.00 per hour surcharge will be added to all personnel rates for work performed during night shifts.

RE: Caltrans Project: For Construction on State Highway in Santa Clara and San Mateo Counties in Palo Alto and East Palo Alto from Oregon Expressway Overcrossing to 0.3 Mile South of University Avenue Overcrossing, Contract # 04-235624, Bid date: March 18, 2015, 2:00 p.m., DBE Goal: 9%

Subject: Price Quote for Stormwater Pollution Prevention Plan (SWPPP) and Water Pollution Control (WPC) Monitoring Work.

Dear Estimator:

S Kwok Engineers, Inc. is pleased to provide quotes for services as a **Qualified SWPPP Developer (QSD)/Qualified SWPPP Practitioner (QSP)** to perform the stormwater pollution control monitoring work for the referenced contract. Our quotes provide you an economical way to monitor the storm water compliance work on your jobsite. We will work with your crews to perform monitoring tasks. Here are our quotes for the following items:

Here are the quotes for the following items:

Prepare SWPPP for Risk Level 2 Project.

Item # 14 – Partial (see Note 1 below)	Estimated fee
Prepare SWPPP by Qualified SWPPP Developer (QSD) and Licensed Civil Engineer of California. (We will increase the fee by 100% for preparing the SWPPP if you don't hire us for the QSD/QSP Weekly Monitoring Services)	\$2,200

The SWPPP will conform to the Caltrans Standard. The draft SWPPP will be submitted electronically to you for review and approval.

The above estimated fee does not include the hardcopies of the SWPPP. If you need hardcopies, the printing cost is \$300 per set plus shipping. The hardcopy of the SWPPP will be bounded in a ring binder and delivered to you via UPS ground.

The SWPPP quote does not include the effort of preparing the Dewatering and Discharge Plan (DDP).

Payment shall be paid in full once the SWPPP is approved or conditionally approved by the agency's Engineer for the beginning construction.

Here are remaining quotes for the followings bid items for this **Risk Level 2** project:

Item # 13 – Partial (see Note 1 below)	Unit Cost	Estimated Quantity	Estimated fee
Job Site Management - Provide QSD/QSP Monitoring Service as Water Pollution Control Manager, Estimated 6 hours/week. This is a partial scope (reduced cost) of work, see Note 2 below.	\$110/hour x 6 hours/week = \$660 week	700 working days = approximately 140 weeks	\$92,400

Item # 15 (see Note 1 below)	Unit Cost	Estimated Quantity	Estimated fee
Rain Event Action Plan (REAP)	\$110 / EA	110 EA	\$12,100

Item # 16 – Partial (see Note 1 below)	Unit Cost	Estimated Quantity	Estimated fee
Storm Water Sampling and Analysis Day – We train your crew to perform sampling and reporting. We will perform the data analysis of your reporting samples, see Note 2 below.	\$220 / EA	80 EA	\$17,600

Item #18 (see Note 1 below)	Unit Cost	Estimated Quantity	Estimated fee
Storm Water Annual Report – Prepare CEM 2070 & 2075 only	\$550/EA	3 EA	\$1,650

Item # 29 – Partial (see Note 1 below)	Unit Cost	Estimated Quantity	Estimated fee
Water Quality Sampling and Analysis Day We train your crew to perform sampling and reporting. We will perform the data analysis of your reporting samples, see Note 2 below.	\$220 EA	321 EA	\$70,620

Item # 30 – Partial (see Note 1 below)	Unit Cost	Estimated Quantity	Estimated fee
Water Quality Monitoring Report This item does not include preparation of WQO Exceedance Reports	\$440 EA	30 EA	\$13,200

Total Estimated Fees = \$209,770

Note 1: This is a packaged quote. The quotes for Job Site Management, REAP, Storm Water Sampling and Analysis Day, Storm Water Annual Report, Water Quality Sampling and Analysis Day, and Water Quality Monitoring Report above were estimated assuming that all

the items services are performed by us. We will reevaluate the quotes and increase the fees if we are required to prepare these items separately.

Note 2: Your construction team will work with us and take responsibilities for the storm event (pre, during and post storm) monitoring, daily monitoring, storm water samplings and reporting tasks. We will train your specified employees to perform these tasks and reduce your cost for hiring us fulltime. We can provide you the defined scopes between us before we are hired for the job. If you want us to take over the entire tasks, we can provide you an estimated fulltime fees upon your request.

If an incidental task is required such as reviewing or performing unpredictable weather related work or preparing water quality exceedance reports, our rate for a QSD/QSP is \$110 per hour.

Tolls, parking and mileages per IRS rate with 10% administration fees will be charged separately from the quotes above. Our QSD/QSP will be travelling from Pleasant Hill to the site therefore the roundtrip mileage cost is \$75 for each field monitoring work.

Exclusion,

- Ensure all employees have current water pollution control training,
- Authority to mobilize crew.

The quotes above include the stipulations described under the General Terms and Conditions listed below:

GENERAL TERMS AND CONDITIONS

QSP/QSD/WPCP. S Kwok Engineers, Inc. ("Consultant") is certified as a Qualified SWPPP Practitioner ("QSP") and Qualified SWPPP Developer ("QSD") under the State Water Resources Board's Construction General Storm Water Permit ("CGP"). Consultant's responsibilities shall conform and are limited to the requirements of the CGP, as applicable, to Consultant's retention as a QSP or QSD. The minimum time required for Consultant to prepare a Storm Water Pollution Prevention Plan ("SWPPP"), or for Caltrans projects, a Water Pollution Control Program or Plan ("WPCP"), is ten (10) business days. In order for Consultant to prepare a SWPPP or WPCP, Contractor must provide information requested by Consultant concerning the project, including, but not limited to, the project schedule, contract and/or purchase order. Payment to Consultant for preparation of the SWPPP or WPCP shall be in full once the agency's Engineer approves or conditionally approves the beginning of construction activities.

Consultant only provides advisory services, does not perform physical construction work or deliver construction materials to the field, and is not responsible for water pollution on or unauthorized discharge of pollutants from the project, including, without limitation, any resulting costs, penalties or fees. Consultant is not responsible for implementation of Best Management Practices (BMPs) and preparation of Dewatering and Discharge Plan (DDP). Consultant may monitor Active Treatment Systems ("ATs"), but is not responsible for the design, installation, operation ATs.

Insurance. Consultant maintains, and shall maintain during the performance of its work on the project, the following insurance and coverage:

- General liability - \$1 million per occurrence/\$2 million aggregate;
- Professional liability - \$1 million per occurrence/\$2 million aggregate;
- Commercial automobile liability - \$1 million combined single limit;
- Umbrella liability - \$1 million;
- Worker's compensation liability - \$1 million per accident for bodily injury or disease.

Insurance or insurance coverage required in addition to or in excess of the insurance and coverage provided under this provision shall be paid for by Contractor in advance of being acquired by Consultant.

Billing. Except as otherwise provided herein, Consultant shall submit invoices monthly for work performed on the project. Payment term is net thirty (30) days from receipt of invoice for progress payment and net forty-five (45) days from receipt of invoice for retention payment. Payments not received in accordance with this provision shall accrue interest at the rate of one and one-half percent (1-1/2%) per month from due date until paid.

Instruments of Service. All plans, reports, data, photographs and other documents or electronic media prepared in whole or in part by or on behalf of Consultant ("Instruments of Service") shall not be used or permitted to be used by Contractor on any project other than the project for which Consultant prepared such Instruments of Service.

Change Orders and Extra Work. Consultant shall not be required to perform work different than or in addition to the scope of work agreed in Consultant's contract with Contractor without a written change order signed by Contractor and Consultant or extra work authorization signed by Contractor which includes an adjustment to the contract price and time for performance as agreed to by Contractor and Consultant.

Suspension of Work and Termination or Cancellation of Contract. Consultant may suspend work or terminate or cancel Consultant's contract with Contractor upon forty-eight (48) hours written notice to Contractor. Consultant

may cancel its contract with Contractor for breach of any provision contained herein. Consultant may terminate its contract with Contractor for the following causes: (1) a force majeure event; (2) the filing of a voluntary petition in bankruptcy by Contractor; (3) the failure by Contractor to pay Consultant's invoices as provided herein; (4) the failure by Contractor to execute change orders or extra work authorizations as provided herein.

Site Conditions. Contractor represents and warrants that the site conditions of the project are as represented in Consultant's contract with Contractor, drawings and specifications (collectively "Contract Documents") and acknowledges that Consultant has only relied on the site conditions as represented in the Contract Documents. Contractor shall be responsible for extra work necessitated by unforeseen site conditions not represented in the Contract Documents.

Force Majeure. Consultant shall not be liable for any damage or delays caused by any act or event beyond the reasonable control of Consultant, including, but not limited to, natural catastrophe, war or public disorder, strikes or labor disputes, and actions by a governmental authority.

Alternative Dispute Resolution. As a condition precedent to any legal action concerning any dispute between the parties which arises out of or relates to these General Terms and Conditions ("General Terms") or the Contract Documents, the parties shall mediate such dispute before the American Arbitration Association ("AAA") pursuant to the AAA's Construction Industry Arbitration and Mediation Procedures. Provided, however, that nothing contained in this provision shall prevent the parties from filing an action to preserve its rights to foreclose on a design professional or mechanic's lien, to enforce a stop notice claim, or to enforce a payment bond claim. The locale of the mediation shall take place at the AAA office nearest to the site of the project. Expenses of mediation shall be borne equally by the parties to the mediation.

Indemnity. Contractor shall indemnify, hold harmless, and defend (with counsel acceptable to Consultant) Consultant from any and all claims, damages, liabilities or other obligations of any nature arising out of or which relates to Consultant's work on the project, except that caused by the sole and active negligence of Consultant.

Incidental, Special, and Consequential Damages. Consultant shall not be liable for any incidental, special or consequential damages, including, but not limited to, loss of revenues or profits, liquidated damages, delay damages, or liabilities or other obligations to third parties.

Cooperation. Contractor shall cooperate with Consultant in obtaining documents and other information requested by Consultant, including, but not limited to, requests for information, change orders and other approvals, and the status of Consultant's applications for payment and payments to Contractor for work performed by Consultant. Contractor shall cooperate with Consultant's recommendations so as not to impair Consultant's ability to perform under the CGP and Caltrans' specifications, as applicable, by, among other things, mobilizing crews within 72 hours to implement or maintain BMPs or corrective actions, ensuring Consultant access to the construction site at all times including after hours, weekends and holidays, and properly managing construction materials, stockpiles and waste.

Application. These General Terms shall alter and supersede any conflicting terms or conditions contained in the Contract Documents concerning the work performed or to be performed by Consultant on the project including any provision purporting to alter or supersede these General Terms.

Construction. These General Terms shall not be construed against any of the parties and the rule of constructing contract ambiguities against the party drafting the contract shall be inapplicable.

Attorneys' Fees. In the event any legal action is filed which arises out of or relates to these General Terms or the Contract Documents, the prevailing party shall be entitled to recovery its reasonable attorney's fees and other costs, including expert costs, in addition to any other relief to which it may be entitled.

Governing Law. These Conditions and the Contract Documents shall be construed under, and governed by, the laws of the State of California.

Severability. If any provision contained herein is held to be invalid or unenforceable, such invalid or unenforceable provision(s) shall not affect the validity or enforceability of any other provision contained herein.

Survivability. The provisions contained in herein shall survive the completion, cancellation or other termination of Consultant's contract with Contractor.

We are a **Minority Business Enterprise (MBE)**, a California Unified Certification Program (CUCP) certified DBE (Cert No. 37060 – Asian Pacific, Male) and **Small Business Enterprise** firm certified by the Department of General Services of California certified by the Department of General Services of California. Our **DIR number is 1000001343** and annual gross receipt is below \$500,000. We have operated for more than 7 years.

If the proposal is acceptable to you, please send us your sub-contract or purchase order two (2) weeks before we start working on the project. This will allow us to resolve any contract issues if they arise.

We need ten (10) business days to prepare the draft SWPPP for review pending on all the requested information and project schedule provided by you.

Please feel free to call me if you have any questions. These quotes are valid until September 18, 2015

Respectfully submitted,

Hoy Seng Kwok, P.E., QSD QSP

THIS BID HIGH - NOT SELECTED

SWPPP: TOTAL
\$412,175

S KWOK: 159,370.

TERMS AND CONDITIONS:

1. This quote and attached terms and conditions must become a binding part of any sub-contract.
2. A purchase order and 10 working days notice must be given prior to start of work. This quote shall remain valid for 30 days from date of actual bid opening, unless otherwise agreed upon.
3. **TERMS:** Due and payable within 30 days from date of installation and/or as per Business and Professional code 7108.5 and Public contract code 10262.5 (for progress payments) and/or as per Public contract Code 7107 (for retention due).
4. All change orders must be approved by agency/owner prior to work being performed by Veridico.
5. **Excludes any insurance requirements in excess of Caltrans Standard Specifications.** Additional insured and/or waiver of subrogation requests will be an added cost.
6. Splitting offered bid item quotes **may be considered**. Please call Tim Anenson at (707) 317-0002 to discuss splitting the bid item quotes prior to the Caltrans submittal deadline.

ASSUMPTIONS

1. Methacrylate crack treatment field air monitoring (under the supervision of a CIH) can be provided at a rate of \$1,850.00 per day including all labor, travel, per diem, equipment, materials, supplies, and lab costs. **For bidding purposes the Prime can multiply the daily air monitoring rate by the estimated number of days to establish a total.
2. Training specified in the LCP can be conducted (by a CIH) at contractor location. The training can be conducted for a lump sum of \$1,950.00.
3. Job Site Management assumes a project duration of 700 days, or 140 weeks of on-site field work.

$$140 \text{ weeks} \times \$275.00/\text{week} = \$38,500.00$$

This is a weekly rate for Veridico to document required WPCP compliance by completing Caltrans forms 2030 and 2034 by a QSD/P. Veridico will work with your field staff to assess site conditions each week; no site visits are included. Pre-, during and post-rain event site inspections are not included but will be billed at the Job Site Management rate if required.

4. A Type 1 noise level monitor will be provided for the duration of the project. **One (1) session of training** for use of the monitor will also be provided for the quoted bid. Usage of the noise level meter beyond the stated project duration of 700 days will be billed at \$100.00 per week.
5. No other plans, reports, monitoring or permits are included.
6. The SWPPP does not include calculating run-on (Q) or discussions including Active Treatment Systems, stream diversion, and/or dewatering.
7. No other plans, reports, monitoring or permits are included.
8. The SWPPP and the LCP include one (1) revision for the quoted bid. Further revisions will be billed at \$125.00 per hour.
9. Contractor to provide completed questionnaire (supplied by Veridico upon notice of award) prior to start of work.
10. Print-ready electronic draft and final copies of plans and/or reports will be provided so hard copies can be produced; no hard copies will be provided by Veridico.

Veridico is a certified DBE contractor (No. 39572) with a number of associates that have supported Caltrans projects for many years. We have the necessary certified personnel to support your efforts on this project and we look forward to providing you our highest level of project support. Please don't hesitate to contact me directly at (707) 317-0002 or at tim.anenson@veridicogroup.com if we can provide anything further.

My Very Best Regards,
VERIDICO GROUP, INC.

Date: March 18, 2015
E15B-035
Page 2 of 3

12. Protection of reinforcing steel at staging joints
13. Drill, grout and drypack.
14. Welded Wire Fabric (Mesh).
15. Setting CIDH caisson, pier or column cages and furnishing and installing "spacer wheels" or "dobies" for the same.
Cages are furnished, assembled and stacked on jobsite for installation by others.
16. Field bending of girder stem verticals.
17. Guying and/or bracing requirements for column cages.
18. Cost of pour watchman.
19. Splices in reinforcing bars, form savers, field bending and/or construction joint dowels for Contractor's convenience.
20. Special insurance provisions including: "Broad Form or Type 1 Indemnification", "Contractor's Pollution Liability" and "Additional insured status for Architects, Design Engineers or their consultants".
21. Cost of remedial work and/or replacement of materials made necessary by water or flood damage to reinforcing steel following delivery or installation as directed by Contractor.
22. Costs, impacts or liquidated damages as a result of material shortages caused by factors or market conditions beyond Subcontractor's reasonable control.

CONDITIONS:

1. Performance shall be based on conventional construction; timely receipt of construction documents and information; and a written schedule, based on a normal 5-day, 40 hour straight-time work week, to which Subcontractor is a party.
2. Re-detailing and/or estimating resulting from design changes shall be billed at the rate of \$80.00 per hour.
3. Subcontractor shall not be required to continue the performance of work considered by the Subcontractor to be outside the scope of the work hereunder unless resolution of Subcontractor's submitted notices and valuation of such previous work is timely (i.e. within 30 days of Contractor's receipt of such notice).
4. Buyer to provide the following at no cost:
 - a) Lines, grades, supporting rebar templates and layout as required.
 - b) Safe access to points of work, including tractor-trailer access to installation locations or to within 25 feet of where materials are to be used or hoisted.
 - c) Provision and maintenance of all required and necessary protection measures for exposed vertical reinforcing steel to maintain safety regulations (i.e. wood tops and/or safety caps).
 - d) Operated crane* service during straight time working hours for unloading of trucks, hoisting and/or lowering of materials to the working levels adjacent to points of installation, and for the setting pre-assembled elements (* the use of excavating equipment or other equipment not specifically designed for these purposes shall be strictly prohibited).
 - e) Verification of existing conditions and all field measurements of same for the purpose of shop drawing preparation prior to fabrication of reinforcing steel.
 - f) Adequate areas for staging, storage, and pre-assembly of materials.
 - g) Removal of spoils from footings, and small wire clippings caused by normal reinforcing installation.
 - h) Traffic control, flagmen, barricades, lane closures and all related permits.
 - i) Engineering, cables, cable hardware, deadmen and labor for CIDH pier and/or column erection.
5. On site shortening, lengthening, or re-working of pre-tied caissons to make length adjustments shall be billed on a time and material basis only.
6. Lengths of drilled pier cages to be determined by the buyer prior to detailing of the steel.
7. Bid items listed herein are not for separate acceptance.
8. In the event either Contractor or Subcontractor institutes a suit against the other in connection with any matter arising from this agreement, the prevailing party shall be entitled to recover from the other its reasonable attorney's fees and costs.

General Contractors
#04-235624

Date: March 18, 2015
E15B-035
Page 3 of 3

- 9. In the event the Contractor considers the performance of the Subcontractor to be delaying the progress of the work, Contractor shall provide timely written notification to the Subcontractor.
- 10. If Subcontractor is directed to proceed with any work in conjunction with this proposal, said direction shall constitute an acceptance of the terms, conditions and exclusions set forth herein and this document shall constitute a formal contract between the Subcontractor and Contractor for the performance of such work. Any contract created hereunder may only be superseded or supplemented by an acceptable written agreement executed by both the Subcontractor and Contractor.
- 11. Prices are based on commencement of Subcontractors scope of work herein by April 1, 2015 and completion of the same by April 1, 2017.

TERMS OF PAYMENT:

- A. Materials (including tied and stockpiled items) net by the 10th of the month following Subcontractor acquisition of the same.
- B. Installed work - 95% of the contract value of work performed by the end of each month to be paid by the 30th day of the following month. Any Owner reduction of retention percentage shall be applied concurrently to payments to the Subcontractor. Final payment to be made within 30 days after substantial completion of the work under this agreement.

This proposal shall remain open for acceptance for 60 days.

SECTION V- STANDARD EXCLUSIONS BY SELLER & FURNISHED BY BUYER

- 1 Approved properly manned equipment for hoisting or lowering of reinforcing materials or men as required by Harris Rebar Northern California Inc., including hoisting for unloading trucks, power placing of steel and assemblies, pre-bid walls and charging of vertical reinforcing.
- 2 Clear access roads & ramps for unloading of trailer/truck deliveries to within 50 feet of point of installation, and reasonable storage and lay-down areas.
- 3 Double handling costs, including costs to transport material from an unreasonably located area.
- 4 Sitework, Masonry, Mock Ups, Shotcrete Test Panels, MSE Walls, Electrical Duct Bank, Equipment Pads, Pipe Supports & Encasement and similar.
- 5 Supply & Installation of reinforcing for stair landings and treads
- 6 Reinforcing for Anchor Points (and the Anchor Points) for Shotcrete
- 7 Reinforcing for precast and precast connections, prestressed and prestressing items
- 8 Form reinforcing for openings, penetrations, and inserts not specifically located on Structural Drawings.
- 9 All welding and reinforcing steel to be welded
- 10 Burning, cutting, or drilling of structural steel/miscellaneous iron to pass reinforcing steel.
- 11 Inserts, sleeves, rubatex, water stops, smooth dowels and /or dowel baskets, galvanized or epoxy coated dowels, threaded rebar, stud rails and placing of stud rails.
- 12 Covering, painting, galvanizing, epoxy coating, greasing or wrapping of reinforcing steel or smooth dowels.
- 13 Cleaning, cutting, straightening, locating or rework of existing reinforcing steel, reinforcing extending from piles, or precast
- 14 Cutting, drilling of holes, grouting, field bending or dry-packing of reinforcing steel.
- 15 Blocking, chafing, wrapping and/or pulling of welded wire fabric.
- 16 Metal rebar identification tags (Water & tear resistant plastic coated paper tags supplied)
- 17 Blocks, inspection tubes, wheels or spacers for clearances in drilled shafts or caissons.
- 18 Tie wire, accessories and field placing aids for F.O.B. materials.
- 19 Cost of inspection, testing, bonds, permits, penalties or Liquidated Damages.
- 20 Test bars and test couplers (except those specifically called out in specs)
- 21 Rebar Safety Caps or devices for covering rebar ends.
- 22 Cleaning of tie wire clippings, tags and other spoils from work areas, cost of debris boxes and composite crew cleanup, except as mutually agreed.
- 23 Cleaning of reinforcing of grease, oil, dirt, and other bond weakening materials prior to concrete pour
- 24 Removal of staples and/or any other device used to hold placing aids to forms.
- 25 Protection and/or cleaning of others work
- 26 Firm, level, subgrade at elevation shown on drawings
- 27 Lines, grades, steel racks, templates, scaffolding, safety rails, work platforms & ramps, stray current protection
- 28 Layout of TOW, TOF, EOW, expansion/construction joints, corners, doorways, blockouts and/or openings of any kind and Masonry Dowels.
- 29 Adequate power and lighting when necessary.
- 30 Cost of reworking or replacing reinforcing steel damaged or lost due to flood, actions of buyer, other subcontractors or other acts of God.
- 31 All dead men, cables, labor and engineering of system for guying of rebar, if required.
- 32 BIM (Building Information Modeling) - Available Upon Request
- 33 Design Engineering, Engineer stamping of drawings, Field Measurements and As-Built drawings.
- 34 Separate Pour Watchman, Fire Watchmen, Safety Manager, QC Mgr, Traffic Control, Onsite Security
- 35 Dust control, street sweeping, erosion control, cleaning of equipment prior to exiting jobsite
- 36 Parking area and/or cost of parking for field crews, area for jobsite office including utility hookup, sanitary facilities, and jobsite access to drinking water
- 37 Third party invoice processing fees or enrollment in third party invoicing services

SECTION VI- TERMS AND CONDITIONS

- 1 **Terms of Sale Payment Terms** - Subject to on-going credit approval: Net 30 days from date of invoice. Interest will be charged on all past due balances per the maximum rate allowed by law. Legal fees and costs will be paid as awarded to the prevailing party in the event of a legal dispute. Seller reserves the right to stop Work or demand security as required. Buyer agrees to pay Seller in accordance with the escalation policy as specifically identified in this proposal. "Work" is hereby defined as the performance of all work as listed above and included in any accepted Agreement, plus any changes, acceleration/out of sequence work, damages, escalation and costs incurred for the cause or benefit of Buyer or others.
- 2 **Acceptance:** Prices of individual bid items are subject to renegotiation if Buyer elects not to accept this complete proposal as presented. If Seller is requested to proceed with the work prior to the execution of a mutually agreed Contract, or if the work is completed prior thereto, the Terms and Conditions herein shall govern pending said Agreement. No assignment of this proposal shall be made without our prior written consent. We reserve the right to sublet portions of our Work.
- 3 **Schedule:** Seller's price is based upon detailing, fabrication, and placing on a normal 5-day, Monday to Friday, 40 hour work week, daylight hours unless explicitly noted on the face hereof. Performance will be based on bid documents as provided for tender and industry standards/CRSI. Schedule and schedule changes to be mutually agreed. Buyer to provide Seller (48) hours' notice of cancellation or modifications to schedule deliveries. Buyer agrees to provide adequate notice for workman required at the jobsite and sufficient work for at least one full shift. Detailing submittals will be sequenced in a manner appropriate to the construction schedule. Working schedules to be made by mutual agreement of the Contractor and Subcontractor to conform to Contractor's master schedule. In event duration times are provided by Subcontractor, it is agreed that time starts only when work areas are provided ready to receive installation in all respects, in accordance with OSHA and State safety regulations.
- 4 **Back Charges/Shipping Discrepancies.** No charges for labor or materials furnished by the Buyer shall be allowed as a credit unless authorized in writing by Seller within ten (10) days of said occurrence. After a twenty four (24) hour period, all loads will be assumed to be verified.
- 5 **Safety:** Buyer will provide at no cost to Seller, general jobsite conditions conforming to OSHA standards and local governing authorities, including, but not limited to, adequate protection to ensure the safety of those working above reinforced steel as required, furnishing and installation of rebar safety caps or other OSHA compliant impalement hazard protection as required, Detection of/protection from underground and other utilities; Safe access, signage and other required warnings, flagging, barriers/baricades, general site and task lighting as required, Shoring fall-protection anchorage points, walkways, approved scaffolding and staging in place as required, branches, rails, snow and ice removal all weather truck access, safe access to points of storage and work, etc. all as required.
- 6 **Insurance:** General Liability insurance will be provided solely for work performed by Seller and/or its engaged parties. Seller is not providing insurance for any liabilities that exceed Seller's responsibilities and/or liabilities. Additional insured Endorsements may limit liabilities to those assumed under the Agreement and exclude Professional Liabilities, XCU, subsidence, Professional Liability, Aircraft, Pollution Liability and mold coverage are excluded as not applicable to this trade. A broad coverage manuscript policy is provided in lieu of ISO descriptions and forms. Additional coverage or alternate requirements not set forth herein and mutually agreed are subject to availability and any additional costs. Self-insured limits must be accepted as provided and any related security substitution requirements waived. Seller excludes: Builders Risk insurance and return receipt requested notices for all certificates of insurance. Compliance requirements for any hired sub-subcontractors are subject to availability.
- 7 **Project/Owner information.** Contractor agrees to provide Subcontractor with any pertinent Project/Owner information, as reasonably requested.

Harris Rebar Northern California Inc.

355 S. Vasco Rd., Livermore, CA 94550 (925) 373-0733

SECTION VII- CONDITIONS OF SALE EXCLUDED:

- 1 Pay if paid or "Pay when paid" conditions precedent for all properly completed work, including base scope of work, changes, acceleration/out of sequence work, damages, escalation and costs incurred for the cause or benefit of Buyer or others ("Work"), Retention exceeding the rate withheld by Owner, Retention on F.O.B. items
- 2 Indemnification, claim, and defense liabilities, responsibilities or damages exceeding any proportionate extent of cause by Seller's active negligence or willful misconduct.
- 3 Minority, DBE, DVBE, SBE, WBE and other special hiring status content, affiliation, or contribution to such requirements.
- 4 Risk, liabilities and responsibilities arising from existing conditions and preceding work exceeding visual inspection, including, but not limited to, field measurements, surveying, layout, forming and materials supplied by others; Costs arising from differing conditions and/or requirements from plans or drawings or bar lists provided for performance.
- 5 Design engineering and related Professional Liabilities and responsibilities, Costs and damages due to varying conditions and requirements.
- 6 Waiving any rights of dispute or redress. Cost/risk of claims against Owner for undisputed portions of our Work.
- 7 Forms and information requirements not mutually agreed; Unconditional forms of release in advance of receipt of funds, Releases that fail to exclude pending charges, unpaid balances and retention as applicable, Releases for claims unrelated to payment for work performed; Non-conforming forms of waivers and releases within States that provide Statutory release language.
- 8 Reports, waivers, and other forms and contractual obligations related to bulk suppliers to our inventory stock who do not have lien rights.
- 9 Warranties exceeding Seller's scope of responsibilities or one (1) year; Guarantees of work performed by others: any forms of warranties, express or implied, of merchantability or fitness for purposes intended.
- 10 Risks and responsibilities for equipment and/or employees of Buyer or others providing services, or manning equipment used in connection with, but not within, Seller's scope of Work
- 11 Liquidated and delay damages exceeding actual damages incurred, our scope of responsibility and/or our proportionate extent of cause, and for Force Majeure, Property damage, remedial work and/or replacement of Work and the work of others to the extent made necessary by others or Force Majeure.
- 12 Increased labor and material costs and/or damage in the event of project suspension or delay.
- 13 General Liability credits for any wrap-up insurance programs.
- 14 Prime contract terms, conditions, and scope in addition to, and/or in conflict with, a mutually agreed contract and Seller's scope of work and responsibilities as described herein
- 15 Reports, submittals and data requirements not applicable to our trade, reasonably required or mutually agreed, Release of proprietary or other confidential information and records as governed by the U.S. Security and Exchange Commission rules for a publically traded company
- 16 Any portion of fines or penalties exceeding the extent of cause by Seller, Any increased, surcharged or escalated portion of fines incurred by Buyer.
- 17 Enrollment/contributions to unions to which Subcontractor is not signatory, compliance with any additional or conflicting term, condition, or rate of pay, etc. between Seller's labor agreement and others affiliated with the Project
- 18 Guarantors
- 19 Site security

SECTION VIII- ACCEPTANCE

The above proposal including all attached and referenced documents shall constitute a contract or shall be part of a contract is subject to on-going credit approval. Prices shown are for the complete project and NO single item price or group of prices are valid alone without the consent of the Seller. We reserve the right to modify/negotiate amendments to any Contractor issued forms of Agreement, as required to properly describe scope of work, pricing and mutually agreed terms and conditions.

CMC REBAR

ESTIMATE # ENO03319 BID PROPOSAL BID DATE: 3/18/2015
 BOND RATE \$4.50/\$1,000 BID TIME: 2:00 PM

TO: Bidding Contractors ATTN: PH:
 EMAIL: FAX:

PROJECT NAME: 04-235624 Route 101
 PROJECT LOCATION: Palo Alto, California

CMC Steel Fabricators, Inc. dba CMC Rebar is pleased to submit the following offer/agreement for the above referenced project, subject to the terms and conditions specified herein. Performance of this Bid/Offer shall be governed by and in compliance with the Concrete Reinforcing Steel Institute Manual of Standard Practices. This offer represents the full scope and intent on the part of CMC Rebar to provide services and materials to Contractor.

This bid is submitted subject to and expressly conditioned upon all of the terms and conditions set forth below. Notwithstanding any verbal or written acceptance of this bid / offer, there will be no contract between the parties until approval by our credit department and the parties mutually agree upon the contract provisions. Any contract resulting from this bid offer shall be placed with CMC Steel Fabricators, Inc. dba CMC Rebar.

SCOPE OF WORK / PRICE (see section V for price conditions)

BID ITEM	DESCRIPTION	QTY	UNIT OF MEASURE	UNIT PRICE	TOTALS
89	Structural Concrete Approach Slab (Type N Modified) – Final Pay	174	CY	193.00	\$33,582
94	Bar Reinforcing Steel (Bridge) – Final Pay	389,869	LBS	.82	\$319,693
95	Bar Reinforcing Steel (Cap) – Final Pay	3080	LBS	.95	\$2,926
96	Bar Reinforcing Steel (Epoxy Coated) (Bridge) – Final Pay Purple Specification Section 52-2.03	391,466	LBS	1.35	\$528,479
97	Headed Bar Reinforcement – Final Pay	1554	EA	14.00	\$21,756

I. BID DOCUMENTS:

Seller will not be responsible for any scope not included in the bid documents listed below.
 Architect/Engineer: State of California – Dept. of Transportation
 Plans/Drawings: State of California – Dept. of Transportation
 Specifications: State of California – Dept. of Transportation
 Addenda: 1 thru 3 Noted.

II. INCLUSIONS:

A. FURNISHED & INSTALLED

- 1) Deformed reinforcing bars for C.I.P. concrete

B. FURNISHED F.O.B. TRUCKS JOBSITE

- 1) Drill & grouted dowels

C. MISCELLANEOUS ITEMS

- 1) Approach mats tied and stockpiled at locations designated by Contractor – Contractor to set at no additional cost to CMC Rebar.

III. EXCLUSIONS:

A. STANDARD EXCLUSIONS

- 1) Addenda not noted above.
- 2) Cost of payment and performance bonds.
- 3) Permits, fees and licenses, other than city and county business licenses and state contractor's license.
- 4) Cleaning or brushing of rebar mill scale, dirt, rust, ice, etc. after rebar is in place.
- 5) Cleaning or removal of dirt from footing excavations.
- 6) Accessories for or unloading of F.O.B. items.
- 7) Costs for movement of stored materials once initial delivery is made.
- 8) As-Built Drawings (Placing Drawing submittals will be provided).
- 9) Threaded bars, rods, sleeves, anchors, studs, bolts (anchors & misc.), and inserts.
- 10) Cost of full time standby pour watchman.
- 11) Metal tags (Standard tags will be used to identify steel).
- 12) Placing or Shop Drawings prepared, reviewed, sealed or stamped by a licensed engineer.

B. PROJECT SPECIFIC EXCLUSIONS:

- 1) Masonry reinforcing bars and layout of masonry dowels.
- 2) All welding .
- 3) Smooth round bars.
- 4) Reinforcing bars in precast elements.
- 5) Coating, wrapping, painting and/or greasing of reinforcing steel, dowels .
- 6) Hoisting and/or lowering of reinforcing materials including unloading trucks, setting of pre-tied cages or assemblies and power placing of individual bars.
- 7) Splices in reinforcing bars and/or construction joint dowels for Contractor's convenience or those not shown on Structural drawings.
- 8) Splices required due to low overhead, power lines and / or deficiencies in hoisting equipment unless specifically shown on contract drawings.
- 9) Drilling, coring, grouting, and dry packing/placing bars in drilled holes. Installation of grout dowels by others will be coordinated with the seller's work.
- 10) Any additional labor/material due to improperly aligned grouted/bonded bars.
- 11) Rework, cutting, burning, cleaning, straightening and/or bending of existing bars, bars from previous pours, and/or

pile bars.

- 12) Scaffolding and/or working platforms for access to reinforcing placing operations.
- 13) Providing holes in structural steel, misc. iron, and/or concrete for reinforcing bars to pass.
- 14) Tying reinforcing steel to water stops.
- 15) Cleanup of items that can be "blown" from the pour area.
- 16) Participation in any form of composite cleanup crew.
- 17) Any labor time allowance for special safety orientation meetings and/or training.
- 18) Any engineering of guying and/or bracing requirements for vertical rebar assemblies.

C. HIGHWAY/BRIDGE EXCLUSIONS:

- 1) Quality control manager, inspector and quality control plan if required
- 2) Diaphragm dowels or bolts required for pre-cast members.
- 3) Field bending of girder stirrups or other partially embedded steel.
- 4) All longitudinal construction joint alternatives at approach slabs.

IV. CONTRACTOR TO PROVIDE

The following items, as required and determined by CMC Rebar, are to be provided by Contractor without charge to CMC Rebar:

- 1) Lines, grades, elevations, and templates. Contractor shall furnish templates / starter walls constructed with sufficient accuracy to support vertical reinforcing steel within placing tolerances specified by Owner. Templates / Starter walls shall not be double formed before reinforcing steel is installed unless prior approval has been granted.
- 2) Horizontal wooden templates for verticals, one above top of footing and another approximately 4 ft. above top of retaining wall footings.
- 3) Templates for rail dowels on all decks.
- 4) Any form of rebar cap or safety device on installed reinforcing steel or reinforcing steel on the ground/stored. (Per latest OSHA Standards).
- 5) All testing, inspections, re-inspections and/or any related costs thereof other than mill test reports. (Rebar, mechanical couplers, spiral lap welding and/or welded hoop test bar samples to be provided at point of assembly for testing by others).
- 6) All safety equipment other than a hard hat, a harness for fall protection and a body belt with a locking snap hook. All specialized clothing and equipment required due to hazardous material, fire safety or unusual job conditions that may require protection of personnel on the jobsite (e.g. Nomex suits).
- 7) Racks, Ramps, Ladders, OSHA approved heavy-duty scaffolding, working platforms, and man lifts.
- 8) Open footings / trenches with unobstructed vertical access for placing of reinforcing steel.
- 9) Full access to all working areas for material, equipment and manpower.
- 10) Adequate lighting as required.
- 11) Trash bins for general rubbish other than excess steel.
- 12) Traffic control devices and street use permits.
- 13) Sanitary facilities and a source for drinking water.
- 14) Safety railings and floor opening coverings.
- 15) Adequate parking for all Subcontractor employees within three (3) standard blocks of the jobsite.
- 16) Compressed air (90 PSI Min.).
- 17) Any field measurements required for detailing purposes are to be provided prior to fabrication.
- 18) Caging area to prefabricate cages and/or wall assemblies at the jobsite.
- 19) Two (2) complete sets of full size printed (or electronic if agreed upon by CMC Rebar) plans furnished prior to any detailing/fabrication activities, CADD files (if available), specifications, and adequate written schedules to which CMC Rebar has agreed.
- 20) Contractor shall furnish suitable equipment fully operated for hoisting/lowering reinforcing steel, including unloading trucks, staging of reinforcing to points of installation (into foundations and onto elevated decks, etc.) setting of piling, column, wall cages and/or any other pre-tied assemblies and including any power placing of individual bars that Subcontractor may require.

Contractor is to provide Subcontractor with a minimum of **150 hours** of actual hook time. (Hook time is the amount of time that the hoisting hook is actively supporting any reinforcing steel and does not include stand by, set up, travel, tear down, time supporting steel after positioned, and/or any other non-productive activities.) (These hours are for

Subcontractor's use only and do NOT include hoisting/lowering of materials onto slabs-on-metal-decks, for any F.O.B. trucks jobsite material and/or unloading, stockpiling and setting of tied and stockpiled cages or mats, all of which must be rigged, unloaded and hoisted by others). Hoisting hours shall be jointly reviewed by Subcontractor's representative and Contractor's construction manager or his designee daily, confirmed in writing, signed by both representatives and copies forwarded to respective managers. Contractor shall provide monthly, a current listing of crane usage.

- 21) Contractor shall furnish approved work drawings of the temporary support system for columns, wall cages and/or any assemblies regardless of height, which the bid documents may require. Contractor shall furnish and maintain adequate bracing, rigging, cables and guys, set all dead men required to guy vertical reinforcing, and comply with the temporary system design. (Rigging includes but is not limited to: chokes, shackles, spreader bars, etc....)

V. SPECIAL NOTES:

1. Prices include applicable State and Local Sales Tax.
2. This proposal is firm for thirty (30) days from the above date and shall be considered null and void thereafter. This 30 day time frame is inflexible due to the volatility in the base price of steel products. No extensions in time will be granted without applicable adjustments in the Bid Price. Please contact the undersigned if you require any clarifications or extension of the proposal acceptance period.
3. Prices / Bid items quoted are not for separate acceptance without prior approval.
4. Our price is based on detailing, fabricating, shipping and placing on a normal five (5) day, forty (40) hour work day shift work week (all Union contract and nationally recognized holidays are observed).
5. Contractor shall furnish design information, location of pour joints, and construction schedules in sufficient time to allow 21 working days for preparation of submittals (if required), exclusive of any approval time required.
6. Five (5) working days' notice for fabrication prior to material shipment, two (2) working days' notice for scheduling of ironworkers, four (4) hour minimum work day and notification of any back charges within fifteen (15) days of occurrence will be required.
7. Additional lead time will be required for special mill rolling (including but not limited to #14, #18 and A706 reinforcing steel bars), spirals, threaded bars, welded hoops, epoxy coating, special mesh, mechanical connections, T-Headed anchors, etc.
8. Construction and/or contract delays caused by others may result in additional cost of materials.
9. Prices quoted are based upon CMC performing work on the project listed above and completion of CMC's scope of work by 7/30/2018.
10. Subcontractor is not responsible should Contractor elect to encase any splices prior to receiving notification from the engineer regarding test results.
11. CMC Rebar carries the following insurance:

Comprehensive General Liability (General Aggregate)	\$2,000,000.00
Vehicular Liability	\$1,000,000.00

VI. GENERAL TERMS AND CONDITIONS:

1. Contractor's acceptance of all of the terms and conditions of this Bid/Offer shall be conclusively evidenced by Contractor listing Subcontractor, Contractor permitting/directing performance by Subcontractor, Contractor signing and returning this offer or if this offer is attached to and made a part of the subcontract agreement.
2. CMC Steel Fabricators, Inc. d/b/a CMC Rebar ("Subcontractor") may begin performance of the work, pending receipt of an executed final agreement. However, should a final mutually acceptable agreement not be forthcoming or should the terms and conditions of Subcontractor's offer be altered or modified, Subcontractor reserves the right to immediately stop performance. Subcontractor shall be paid for such work and/or materials according to the terms and conditions of this proposal.
3. Contractor shall provide Subcontractor with copies of all contract documents that define and/or describe Subcontractor's work. Subcontractor shall only be bound by contract information received, as applicable to Subcontractor's work. Subcontractor shall have the benefit of all rights, remedies and redress with regard to Contractor as Contractor has with regard to the Owner. Subcontractor shall be paid monthly progress payments within ten (10) days of Contractor receiving payment from project owner or within 60 days of receipt of Subcontractor's invoice, whichever occurs first for the value of work completed, plus Owner approved amount of materials and equipment (if any) suitably stored on or off site. Contractor shall not withhold retention greater than that being withheld by the Owner from the Contractor and shall immediately reduce retention withheld from Subcontractor, by a like percentage, when reduced to Contractor by Owner. Final retention payment shall be made not later than 35 days from completion of Subcontractor's Work. No retention shall be withheld on FOB and/or tied and stock piled material, if approved by Owner. Subcontractor shall not be required to continue performance if, as stated payments are not made to Subcontractor.
4. Notwithstanding anything to the contrary, no provision shall serve to void Subcontractor's entitlement to payment for properly performed

- contract, change order/extra work or suitably stored materials, or to void Subcontractor's right to file a lien, stop notice and/or claim on its behalf.
5. Any waivers and releases of lien of Subcontractor will be on Subcontractor approved forms.
 6. Subcontractor shall be provided a mutually agreed to and approved construction schedule providing a reasonable time in which to make delivery of submittals, materials and/or labor so as to commence and complete the performance of the Subcontract.
 7. Subcontractor will be liable to Contractor only for direct damages (including direct delay damages) to the extent caused by Subcontractor's actionable negligence or intentional misconduct. Subcontractor will not be liable for any costs, expenses, liabilities, or damages (including delay damages), and will not work overtime without additional payment if such delays, costs, expenses, liabilities or damages are due to circumstances beyond Subcontractor's control or without Subcontractor's fault. Subcontractor will not be liable for consequential damages, however caused.
 8. **SUBCONTRACTOR SHALL NOT BE LIABLE FOR SPECIAL, INDIRECT, INCIDENTAL, LIQUIDATED, AND/OR CONSEQUENTIAL DAMAGES, HOWEVER THEY MAY BE CAUSED.**
 9. Nothing will preclude Subcontractor's right to an equitable adjustment of the subcontract amount if Subcontractor's completion of its work is delayed, hindered, disrupted, or otherwise interfered with or made less efficient for any reason beyond the control and without the fault of Subcontractor. Cost of iron worker show-up and/or stand-by time, scheduled by Contractor when work is not ready shall be for Contractor's account.
 10. In the event Owner terminates Contractor and Contractor in turn terminates Subcontractor, Subcontractor shall be compensated for the cost of all work performed and all materials purchased prior to the termination. In the event of material breach by Subcontractor, Contractor may, terminate for cause after providing, three day written notice of any alleged default and an opportunity to commence cure. Contractor will be liable to Subcontractor for damages (including lost profits) if Contractor wrongfully terminates Subcontractor.
 11. Subcontractor agrees to indemnify, and save harmless Contractor and the Owner from Subcontractor's proportionate share of liability, as determined by the facts at the time of injury or damage, against, debts, judgments, awards, losses, liabilities, interest, attorney fees, costs and expenses, for third party claims for bodily injury, sickness, disease or death, or to injury to or destruction of tangible property (other than the work itself) to the extent caused by the negligent acts or omissions of Subcontractor or anyone directly or indirectly employed by Subcontractor.
 12. Subcontractor will name Contractor and Owner as additional insured's, to the extent of contractual indemnification contained herein, only if required to do so by the contract documents and only by means of Subcontractor's standard additional insured endorsement.
 13. Indemnification, insurance coverage and any waivers of subrogation provided by Subcontractor shall not extend to Architects, Engineers, or other design professionals.
 14. Notwithstanding anything to the contrary stated in any contract document, the insurance evidenced by the Certificate of Insurance provided to Contractor by Subcontractor fully satisfies all of the insurance requirements applicable to Subcontractor for the project.
 15. Subcontractor does not offer Builder's Risk insurance for any reason, but will furnish property insurance if so requested. Such property insurance will cover only the Contractor's equipment and tools at the jobsite on an actual cash value basis. Subcontractor will maintain "Products" and/or "Completed Operations" coverage only if required by the Contract Documents and then for no more than two (2) years after completion of Subcontractor's work. Subcontractor will continue to provide evidence of such coverage to Contractor during the aforementioned period only if we receive Contractor's written request for such evidence at least thirty (30) days prior to the expiration date of the then current Certificate of Insurance we have furnished to Contractor. Subcontractor will furnish Contractor with a Certificate of Insurance that evidences our insurance coverage and amounts that we will provide, but will not furnish amounts of our deductibles or self-insured retentions, or copies of our insurance policies to the contractor.
 16. The parties agree that each contract between them is an individual, separate contract. Consequently, Contractor shall not withhold or set-off any funds otherwise due to Subcontractor for properly performed work under one contract to cover costs, liabilities or damages Contractor has incurred or may incur for which Subcontractor or any affiliate of Subcontractor may be responsible under any other contract.
 17. Subcontractor shall not be liable for repair/remedial work of any damage caused by others outside the control of Subcontractor. Approval by inspection for pouring and/or embedment in concrete shall terminate Subcontractor's responsibility for damages caused by others to that portion of the work.
 18. No back charge or claim of the Contractor for services provided for or on behalf of Subcontractor shall be valid except by an agreement in writing, submitted to and approved by Subcontractor at time of occurrence and before work is initiated.
 19. If Contractor requests Subcontractor to perform change order/extra work, Subcontractor will submit a written proposal, describing the change in the scope of work, its value, and any applicable schedule impact. Contractor shall promptly approve or reject the proposal in writing. Subcontractor's entitlement to adjustments in the time or price for changes/extras to Subcontractor's work shall not be contingent upon or limited to the amount Contractor receives from Owner or anyone else. Subcontractor shall not waive its right to payment for properly performed change order work.
 20. Subject to standard manufacturing variations, Subcontractor warrants, for a period of one (1) year from substantial completion of such work, that the goods furnished and work performed shall meet the specifications set forth in the proposal. **THIS WARRANTY EXCLUDES ANY OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY WARRANTIES OF FITNESS FOR A PARTICULAR PURPOSE.** Subcontractor's warranty does not extend to any work that has been misused, abused, modified, improperly or insufficiently maintained; to defects caused by normal wear and tear under normal usage; or to any materials supplied but not manufactured by Subcontractor. Contractor's sole and exclusive remedy in case of non-conforming Goods or work is replacement or repair of such work, at Subcontractor's option.
 21. Any dispute between the Subcontractor and the Contractor shall be settled first by a meeting of the parties attempting to confer and resolve

the dispute in a good faith manner. If the parties cannot resolve their dispute after conferring, any party may require the other to submit the matter to non-binding mediation, utilizing the services of an impartial professional mediator approved by both parties. If the parties cannot come to an agreement following mediation, either party may require a stay of a minimum of 90 days pending the investigation by both parties of the use of the Collaborative Law process under the Uniform Collaborative Law Act. Finally, for matters under \$100,000, the parties may submit the matter to binding arbitration. The arbitration shall be conducted on a confidential basis under the Commercial Arbitration Rules of the American Arbitration Association. Any decision as a result of any such arbitration proceeding shall include a written record of the proceedings and a written determination of the arbitrators. An award of arbitration shall be final and binding on the parties and may be confirmed in a court of competent jurisdiction. There shall be no continuation of work during arbitration or litigation unless mutually agreed between Subcontractor and Contractor. All claims and disputes between the parties shall be interpreted and governed by the law of the state where the project is located. In case of arbitration or litigation, the arbitrator or court shall award reasonable consultant, expert witness and attorneys' fees, costs and other expenses to the prevailing party.

- 22. Neither party may assign the agreement, or any part thereof, without the prior written consent of the other party, which consent will not be unreasonably withheld however, CMC reserves the right to assign all or part of the work to another division of CMC.
- 23. If any provision of this Agreement is held to be invalid or unenforceable by a court of competent jurisdiction, then the remaining provisions will nevertheless remain in full force and effect, and the parties will negotiate in good-faith a substitute, valid and enforceable provision which most nearly effects the parties' intent in entering into this Agreement.
- 24. The failure to exercise any right provided herein shall not be a waiver of prior or subsequent rights. All rights and remedies are cumulative, not alternative, and are in addition to rights and remedies available at law or in equity.

Estimate #: EB15-043

Project Name: Caltrans #04-235624

Project Location: Palo Alto, CA

PACIFIC STEEL GROUP, hereinafter called Subcontractor, proposes the following **LUMP SUM PRICING** subject to the terms and conditions herein to furnish, fabricate, and place ASTM A615 deformed reinforcing bars in accordance with the CRSI Manual of Standard Practice and based on the following documents: Sheet #1 thru #181 dated 12/8/14, as prepared by Caltrans. Addenda #1 thru #3 has been noted.

INCLUSIONS:

1. Detailing of approved "For Construction" drawings, or as directed in writing.
2. Fabrication of reinforcing steel quoted herein.
3. Furnish to jobsite, per mutually agreed schedule, materials on an "as needed" basis.
4. Installation of reinforcing steel and/or post-tension cables as quoted herein.
5. All chairs, support bars, support steel and accessories minimally required for placing of reinforcing bars.
6. Labor for reinforcing steel to start 07/01/15 and duration of twenty-four (24) months, ending on 07/01/17.

LUMP SUM:

PACIFIC STEEL GROUP

Contractor/Client: General Contractor
Contact: Estimating
Project Name: Caltrans #04-235624

Date: 3/17/2015
Estimate #: EB15-043
Project Location: Palo Alto, CA

QUALIFICATIONS/ASSUMPTIONS:

1. Barrier rail (Type 60C)-Standard drawing A76A is estimated with the maximum 36" offset.

EXCLUSIONS:

1. Testing or inspection other than the furnishing of certified mill test reports.
2. Cost of bonds.
3. Hoisting. See Condition 4.D on "Conditions, 4d.
4. Smooth or stainless steel bars.
5. Anchors, all-thread rods, anchor bolts, studs, stud rails, sheathing, sleeves and inserts.
6. Wrapping, coating, painting, or greasing of dowels.
7. Cutting, drilling, grouting, or dry-packing & placing of grouted dowels.
8. Welding and/or dowels and welding of same to structural or miscellaneous iron.
9. Reinforcing for shoring or changes to the design due to tieback blockouts, waterproofing protection, etc.
10. All work outside quoted bid items below.
11. BIM/3D shop drawings and coordination meetings for clash detection.
12. Splices in reinforcing bars, form-savers, field bending and/or construction joint dowels for Contractor's or Buyer's convenience.
13. Cost of pour watchman.
14. Special insurance provisions including: "Broad Form or Type 1 Indemnification", "Contractor's Pollution Liability" and "Additional insured status for Architects, Design Engineers or their consultants".
15. Cost of remedial work and/or replacement of materials made necessary by water or flood damage to reinforcing steel following delivery or installation as directed by Contractor.

CONDITIONS:

1. Performance shall be based on conventional construction; timely receipt of construction documents and information; and a written schedule, based on a normal 5-day, 40 hour straight-time work week, to which Subcontractor is a party.
2. Re-detailing and/or estimating resulting from design changes shall be billed at the rate of \$85.00 per hour.
3. Subcontractor shall not be required to continue the performance of work considered by the Subcontractor to be outside the scope of the work hereunder unless resolution of Subcontractor's submitted notices and valuation of such previous work is timely (i.e. within 30 days of Contractor's receipt of such notice).
4. Buyer to provide the following at no cost:
 - a) Lines, grades, supporting rebar templates, layout and access ramps.
 - b) Safe access to points of work, including tractor-trailer access to installation locations or to within 25 feet of where materials are to be used or hoisted.
 - c) Provision and maintenance of all required and necessary protection measures for exposed vertical reinforcing steel to maintain safety regulations (i.e. wood tops and/or safety caps).
 - d) Adequate crane service, operated by a NCCCO-certified operator, during straight-time working hours for unloading of trucks, hoisting of materials to the working levels and adjacent to points of installation, and for setting pre-assembled elements.
 - e) Adequate areas for staging, storage, and pre-assembly of materials.
 - f) Removal of spoils from footings, and small wire clippings caused by normal reinforcing installation.
 - g) Traffic control, flagmen, barricades, lane closures and all related permits.

PACIFIC STEEL GROUP

Contractor/Client: General Contractor

Date: 3/17/2015

Contact: Estimating

Estimate #: EB15-043

Project Name: Caltrans #04-235624

Project Location: Palo Alto, CA

CONDITIONS (con't):

- 5. In the event either Contractor or Subcontractor institutes a suit against the other in connection with any matter arising from this agreement, the prevailing party shall be entitled to recover from the other its reasonable attorney's fees and costs.
- 6. In the event the Contractor considers the performance of the Subcontractor to be delaying the progress of the work, Contractor shall provide timely written notification to the Subcontractor.
- 7. If Subcontractor is directed to proceed with any work in conjunction with this proposal, said direction shall constitute an acceptance of the terms, conditions and exclusions set forth herein and this document shall constitute a formal contract between the Subcontractor and Contractor for the performance of such work. Any contract created hereunder may only be superseded or supplemented by an acceptable written agreement executed by both the Subcontractor and Contractor.
- 8. Prices are based on commencement of Subcontractors scope of work herein by 07/01/15 and completion of the same by 07/01/17.

TERMS OF PAYMENT:

- A. Materials (including tied and stockpiled items) net by the 10th of the month following Subcontractor acquisition of the same.
- B. Installed work - 95% of the contract value of work performed by the end of each month to be paid by the 30th day of the following month. Any Owner reduction of retention percentage shall be applied concurrently to payments to the Subcontractor. Final payment to be made within 30 days after substantial completion of the work under this agreement.

This proposal shall remain open for acceptance for 30 days.

3. JOB SPECIFIC TRAINING

STANDARD CONDITIONS OF BID:

1. PROPOSAL IS BASED ON A 5 DAY 40 HOUR WORKWEEK PER EMPLOYEE. WORKWEEK IS MONDAY - FRIDAY 6:00AM - 5:00PM.
2. MATERIAL IS TO BE DETAILED, LISTED, FABRICATED, BUNDLED, AND SHIPPED PER THE RECOMMENDATIONS IN THE CRSI, AND SHALL COINCIDE WITH THE CONCRETE POUR JOINTS SUPPLIED BY CONTRACTOR.
3. TERMS: NET CASH 30 DAYS. 1 1/2% LATE FEE PER MONTH AFTER 30 DAYS.
4. PRICE IS FIRM FOR 60 DAYS FROM DATE OF PROPOSAL.
5. PRICES IF SEPARATE ARE NOT FOR SEPARATE ACCEPTANCE.

DRAWINGS & SPECS:

DATED: 12/8/14
 DESCRIPTION: AS LISTED ON STRUCTURAL INDEX SHEET 76
 ADDENDUM: 1, 2, 3
 ENGINEER: DIVISION OF ENGINEERING SERVICES STRUCTURE DESIGN
 SPECS: 2010 CALIFORNIA STATE STANDARD SPECIFICATIONS SECTION 52

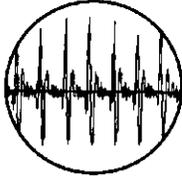

STANDARD EXCLUSIONS:

1. ALL HOISTING (ADEQUATE, FULLY OPERATED HOISTING EQUIPMENT FOR PLACING OF ALL MATERIALS AND EQUIPMENT, INCLUDING PRE-TIED CAGES AND ASSEMBLIES TO BE PROVIDED BY CONTRACTOR).
2. CONTRACTOR WILL WITHHOLD NO MORE RETENTION FROM SUBCONTRACTOR THAN THE AMOUNT OF RETENTION THAT IS BEING WITHHELD FROM CONTRACTOR WITH REGARD TO SUBCONTRACTOR'S WORK, AND SHALL IMMEDIATELY REDUCE RETENTION WITHHELD FROM SUBCONTRACTOR, BY A LIKE PERCENTAGE, WHEN REDUCED TO CONTRACTOR BY THE OWNER. NO FUNDS SHALL BE RETAINED FOR FOB AND/OR TIED AND STOCKPILED MATERIALS. SUBCONTRACTOR AGREES TO INDEMNIFY, DEFEND, AND SAVE HARMLESS CONTRACTOR AND THE OWNER FROM SUBCONTRACTOR'S PROPORTIONATE SHARE OF LIABILITY, AS DETERMINED BY THE FACTS AT THE TIME OF INJURY OR DAMAGE, AGAINST THOSE CLAIMS, DEBTS, DEMANDS, JUDGMENTS, AWARDS, LOSSES, LIABILITIES, INTEREST, ATTORNEY FEES, COSTS AND EXPENSES, RELATED THERETO, PROVIDED THAT SUCH CLAIMS ARE ATTRIBUTABLE TO BODILY INJURY, SICKNESS, DISEASE OR DEATH, OR TO INJURY TO OR DESTRUCTION OF TANGIBLE PROPERTY (OTHER THAN THE WORK ITSELF) TO THE EXTENT CAUSED BY THE NEGLIGENT ACTS OR OMISSIONS OF SUBCONTRACTOR OR ANYONE DIRECTLY OR INDIRECTLY EMPLOYED BY SUBCONTRACTOR. INDEMNIFICATION AND INSURANCE COVERAGE SHALL BE LIMITED TO CONTRACTOR AND OWNER ONLY.
3. SUBCONTRACTOR AGREES TO INDEMNIFY, DEFEND, AND SAVE HARMLESS CONTRACTOR AND THE OWNER FROM SUBCONTRACTOR'S PROPORTIONATE SHARE OF LIABILITY, AS DETERMINED BY THE FACTS AT THE TIME OF INJURY OR DAMAGE, AGAINST THOSE CLAIMS, DEBTS, DEMANDS, JUDGMENTS, AWARDS, LOSSES, LIABILITIES, INTEREST, ATTORNEY FEES, COSTS AND EXPENSES, RELATED THERETO, PROVIDED THAT SUCH CLAIMS ARE ATTRIBUTABLE TO BODILY INJURY, SICKNESS, DISEASE OR DEATH, OR TO INJURY TO OR DESTRUCTION OF TANGIBLE PROPERTY (OTHER THAN THE WORK ITSELF) TO THE EXTENT CAUSED BY THE NEGLIGENT ACTS OR OMISSIONS OF SUBCONTRACTOR OR ANYONE DIRECTLY OR INDIRECTLY EMPLOYED BY SUBCONTRACTOR. INDEMNIFICATION AND INSURANCE COVERAGE SHALL BE LIMITED TO CONTRACTOR AND OWNER ONLY.
4. INDEMNIFICATION, INSURANCE COVERAGE AND ANY WAIVERS OF SUBROGATION PROVIDED BY SUBCONTRACTOR SHALL NOT EXTEND TO ARCHITECTS, ENGINEERS, OR OTHER DESIGN PROFESSIONALS.

5. LINES & GRADE, AND RIGID TEMPLATES
6. ALL WELDING (UNLESS NOTED OTHERWISE)
7. ACCESS, EGRESS, SCAFFOLDING AND STAGING
8. DRILLING AND/OR GROUTING OF REBAR
9. PAYMENT/PERFORMANCE BONDS
10. SANITARY FACILITIES
11. PROTECTION OF PROTRUDING REINFORCING STEEL
12. REMOVAL OF TIE WIRE CLIPPINGS FROM WORK AREA
13. WIRE MESH
14. ALL REBAR SAFETY CAPS
15. AS-BUILT DRAWINGS
16. ALL REBAR ATTACHED TO STRUCTURAL STEEL
17. ENGINEER STAMPED REBAR SHOP DRAWINGS
18. MATERIAL IS TO BE TRANSPORTED ADJACENT TO POUR BY OTHERS
19. ALL TESTING AND INSPECTIONS
20. CLEANING, REWORKING, OR CUTTING OF EXISTING REINFORCEMENT
21. MASONRY REINFORCEMENT OF ANY KIND
22. TRAFFIC CONTROL, OVER-LENGTH OR SPECIAL PERMITS RELATED TO TRAVEL AND ACCESS
23. GROUND WIRE AND ANY CATHODIC PROTECTION
24. CONCRETE POUR WATCHMAN
25. 3D OR BIM DETAILING

VIBRATION MONITORING - LOW - OK

Attn: ESTIMATING

**RE: US-101 SAN FRANCISQUITO CREEK BRIDGE
REPLACEMENT, CALTRANS CONTRACT NO. 04-235624**

**SUBJECT: PRE-CONSTRUCTION PHOTO AND VIDEO SURVEYS AND
VIBRATION MONITORING.**

Gentlemen:

Municon Consultants is pleased to submit our proposal for us to perform Pre-Construction Photo and Video Surveys and Vibration Monitoring for **US-101 San Francisquito Cr. Bridge Replacement (the Project) in Palo Alto, CA.** We have extensive experience in various forms of vibration monitoring and existing condition photo documentation surveys, so we are uniquely qualified to handle this assignment. With eighty (80) seismographs, thirty (30) sound level meters, numerous geotechnical instruments and data loggers in service, Municon Consultants does more of this work than any firm west of the Mississippi. In addition:

*****We are Reliable*****

Twenty-three years' experience with a strong record of repeat clients/business.

*****We are Experienced*****

We have conducted vibration, noise and geotechnical instrumentation monitoring at more West Coast projects than any other firm.

*****We are experienced in Community Relations*****

We have conducted extensive large scale photo surveys.

*****We are Safety Conscious*****

All employees are e-Railsafe Certified. In addition, we hold regular weekly "toolbox" safety meetings as our personnel are regularly tending our equipment on heavy construction sites.

*****We are Certified*****

▪ CA UCP - DBE (12867) ▪ CA DGS-SBE (18229) ▪ SBA SBE (79-9371554) ▪

MUNICON Consultants

Litigation Mitigation, Photo Surveys, Construction Instrumentation

We invite you to review some project highlights illustrative of the 24 years of Municon's litigation mitigation experience. Highlights of our expertise and experience include:

PRECONSTRUCTION PHOTO SURVEYS

Municon specializes in conducting more existing condition photo surveys than any other firm. We have completed preconstruction surveys on a Navy Tank Removal project in Rhode Island, on a DDC project in Tacoma, on blasting projects in Reno and Placerville, for the City of San Francisco PUC, the New Irvington tunnel, the Harry Tracy WTP, and the Richmond Transport Tunnel. We were consultants to prime contractors on the seismic retrofits of the historic San Francisco City Hall, the California Palace of the Legion of Honor, the Los Angeles City Hall and multiple projects at the San Francisco International Airport. We specialize building photo surveys with large numbers of buildings included (as many as 350) and the document control of data.

VIBRATION MONITORING

With eighty (80) specialty construction monitoring seismographs, we do more vibration monitoring than anyone else in California. We have conducted vibration monitoring from Newport, RI to Seattle, WA to Ensenada, Mexico. We are working in Southern California on the SANBAG Hunts Lane & Colton UPRR Grade Separations, Caltrans' Santa Maria Connector and are on the team for the Design-Build I10-I 605 Flyover. We've previously monitored work on the I- 5 widening projects in Orange County, and I-8 X I-805 in San Diego. We monitored the Controlled Blast Demolition of Dynegy's South Bay Power Plant in Chula Vista, CA. In the Bay Area, we conducted vibration monitoring on the Central, Bayshore and Presidio Viaduct projects, the Cypress Freeway replacement projects, Hwy 87 and 237, State Route 24, the Webster/Posey Tubes retrofits, the West Approach to the Bay Bridge project and multiple projects on the San Francisco Oakland West Spans and new Bay Bridge.

NOISE (SOUND) MONITORING

We have monitored construction generated noise with sound level meters at pile driving projects throughout northern California including in-water at the San Francisco Oakland Bay Bridge Pile Installation Demonstration Project, the new Brannan Street Pier, and Caltrans 880 Lake Merritt project, and the Webster & Posey Tubes Retrofit project in Oakland and Alameda. We are currently monitoring construction generated noise on BART's Warm Springs Extension, the Yerba Buena Island Transition structure on the new Bay Bridge work, at the Doyle Drive 4/Southbound Battery Tunnel project, SF and Doyle Drive 5/the Presidio Parkway Project, and the New Irvington Tunnel project in Fremont. We have recorded air overpressure on numerous blasting projects in Reno and the Sierra foothills.

MUNICON Consultants

Litigation Mitigation, Photo Surveys, Construction Instrumentation

STRUCTURAL INSTRUMENTATION MONITORING

We have participated in "Bridge Juggling" on the SFOBB East Span Temporary Bypass - Jacking Displacement was monitored by vibrating wire strain gages. Currently, we are working on a project to design, furnish, install, and configure a real-time structural health monitoring system of strain gauges and accelerometers for a new Route 91 Overpass in Corona, CA.

GENERAL GEOTECHNICAL INSTRUMENTATION

Our automated instrumentation allows us to monitor construction in real-time. We apply this technology to Noise Monitoring, In-Place Inclometers, Surcharge Settlement Platforms, Piezometers, Tiltmeters, and Joint Extensometers.

With extensive experience in various forms of geotechnical and structural instrumentation, we are uniquely qualified to handle this assignment. We can apply these same familiar methods to monitoring your work on this project.

PROJECT DESCRIPTION

We've reviewed Plans, Specifications and Addenda 1-3 for the Project. You will remove and replace the US-101 bridge(s) with staged construction phases and traffic lane shifts. Also, a portion of sound walls will be removed and replaced. We have based our cost estimates for pre-construction surveys and vibration monitoring on our prior experience with similar projects.

Please call Tommy at 415-641-2570 with any questions or email me at tommy@municon.net. Thank you for your consideration. We look forward to working with you on this and other projects. Our proposal for pre-construction photo/video surveys and vibration monitoring follows.

Yours truly,

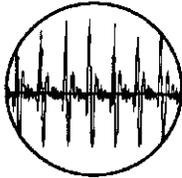

MUNICON Consultants

Wm. Tommy Poole

William Poole, P.G. 8921

MUNICON Consultants

Litigation Mitigation, Photo Surveys, Construction Instrumentation

1.00 PRE-CONSTRUCTION PHOTO AND VIDEO SURVEYS

Generally, Pre-construction Surveys should be performed once, just prior to commencement of pile driving work. For this project, two phases (or dry seasons) of pile driving will occur, with the second phase of bridge work occurring closer to the adjacent buildings than the first phase. Based on our experience, we believe that pre-construction surveys should be performed prior to each phase of pile driving within 100 feet of buildings.

1.10 Sensitive Receptors – Photo Survey Locations

We will document the existing condition of buildings which may be subject to ground borne vibration from your pile driving operation. The Project Specifications Section 14-8.03C(2) states that buildings beyond 35 feet from pile driving activity do not require vibration monitoring and that one building should be monitored at the following location:

- 1.) **“Yeaman Auto Body at 2025 East Bayshore Road, Palo Alto, California 94303.”**

Based on our prior experience, we expect that ground borne vibration will affect buildings to within 100feet of pile driving. Additional buildings located within 100 feet of pile driving activity for the bridge and soundwall construction are, as follows:

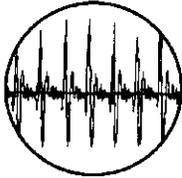

- 2.) 1982 W. Bayshore Rd. (Multi-family Dwelling): we will document upto to eight residential units which face the project, garages and other areas to within 120 feet of pile driving.
- 3.) 1985 E. Bayshore Rd. (Commercial Storage Facility): we will document the exteriors of storage buildings to within 120 feet of pile driving.
- 4.) 1941 Edgewood Dr. (Single-family Dwelling): we will document the exterior and interior spaces which are made available to us.

1.20. Access Arrangements

You should contact the property owners as a matter of good public relations, and inform them the MUNICON Consultants will be scheduling individual appointments for the surveys. We will arrange to have all affected homes in the vicinity surveyed, which may include sending letters to the residents, phone calls, and, if the previous two attempts fail, ultimately requesting access in person. We will charge \$150/each to make appointments to perform the photo and video surveys 4 sensitive receptors within 100 feet =..... **\$600.**

1.30 Photo/Video Documentation.

Photo and video documentation will be done in digital format. We will capture photographs and video of existing conditions using a Sony HDR-CX760 camera/camcorder. We will provide annotations on the digital photographs, as follows:

MUNICON Consultants

Litigation Mitigation, Photo Surveys, Construction Instrumentation

1. Identification of subject address,
2. Time and date photo was taken,
3. Photographer's name.
4. Description of photographed anomaly (e.g., crack, leakage, etc.)

For each of the facilities/structures surveyed, we will prepare and submit to you, the following:

1. A vicinity map showing the general locations of the sensitive receptors relative to the Project.
2. Photograph Prints: copies 5" x 7" color photographs. The prints will be annotated with the information listed above, two images per page on glossy photo paper.
3. Photograph log indexing all photographs with descriptions of noted anomalies.
4. CD ROMs and DVD ROMs containing digital originals (equivalent to negatives) of the still images, and copies of the annotated prints. The originals will not have been modified in anyway other than the file name for identification and organization purposes. The CDs/DVDs will be labeled with the Contract name and Contract number, the Contractor's name, the subject/location of photographs and the date of photographs.
5. DVDs containing High-Definition video files. The DVDs will be labeled with the Contract name and Contract number, the Contractor's name, the subject/location of video and the date of video. Video files will be playable on conventional video software (e.g., Windows Media Player).

A total of two (2) photo/video survey document sets will be submitted to you in binders with cover, a letter of authenticity, a vicinity map, and tables of anomalies noted during the surveys. We will document pre-construction conditions at each location and submit documentation to you for, as follows:

\$3,000/multi-family dwelling x 1 location.....	\$3,000.
\$1,500/commercial building x 2 locations.....	\$3,000.
\$1,000/single-family dwelling x 1 locations	\$1,000.

TOTAL FOR PRE-CONSTRUCTION PHOTO/VIDEO SURVEYS	\$7,600.
---	-----------------

NOTE: Durations and quantities presented above are based on our best estimate. You may make adjustments, as necessary, using our unit rates.

MUNICON Consultants

Litigation Mitigation, Photo Surveys, Construction Instrumentation

2.00 VIBRATION MONITORING.

You should have us preform vibration monitoring at sensitive receptors during pile driving. Collecting vibration data will assure that ground vibration levels will not unknowingly exceed levels known to cause cosmetic damage to structures such as cracking, joint separations, etc.

2.10 Sensitive Receptors – Monitoring Locations.

Sensitive receptors are structures which may experience ground vibration levels in the range of 0.20 - 0.40 in/s (5.00 -10.0 mm/s) peak particle velocity (PPV). We will furnish and install seismographs near your work at the San Francisco Cr. Bridge for our use. We will monitor ground borne vibrations at the near-side of locations within 100ft. of your pile driving activity. The seismographs will operate inside of our utility boxes which we will secure to the ground surface with stakes or anchor bolts. The exact locations will be determined in the field. Our seismographs will be configured for remote monitoring with cellular modems, supplemental batteries and solar panels. We will set up of our seismographs for \$800/each x 4 locations **\$3,200.**

We will reinstall seismographs prior to Stage 4 pile driving for \$400/each x 4 locations = **\$1,600.**

2.30 Seismograph Use Charges.

We will provide for our use on your project, three (3) industry standard construction vibration monitoring seismographs fitted with remote data accessing and logging capability @ \$700/each/month (or portion thereof) x 3 seismographs x 3 months = **\$6,300.**

2.40 Vibration Reports.

We will provide industry standard vibration reports weekly. Reports will include seismograph deployment sketches and calibration certificates with the data. We have allowed for one report per week @ \$300 per report x 13 weeks = **\$3,900.**

2.50 Seismograph Maintenance.

We will visit the project site once a month to tend our equipment (which may include replace batteries, clean solar panels, verify our equipment is properly secured and operating. We will charge \$1,200/month x three (3) months **\$3,600.**

TOTAL FOR VIBRATION MONITORING \$18,600.

MUNICON Consultants

Litigation Mitigation, Photo Surveys, Construction Instrumentation

3.00 CONTRACTUAL TERMS CONDITIONS & LIMITATIONS.

3.10 We are familiar with the area. We have performed services under similar situations. We do not have the full set of plans and specifications.

3.20 This is a professional service. No performance bonds are offered. No certified payrolls or PLAs etc. apply.

3.30 Authorization to be made by simple purchase order referencing this proposal.

3.40 Payment within 30 days of invoicing. No retention.

3.50 We will provide insurance up to our existing limits and the statutory workers compensation limits.

3.60 Access arrangements to be provided by project owner unless explicitly offered herein.

3.70 Unless specifically called for or explicitly offered herein, data reports, written interpretations or professional opinions are not included.

We believe that the scope presented in this document addresses the costs attributable to Pre-Construction Photo and Video Surveys and Vibration Monitoring. All work will be performed under the direction of the undersigned.

Please call me Tommy Poole at 415-641-2570 for any clarifications. We look forward to working with you on this and other projects in the future.

NOTE: Durations and quantities presented above are based on our best estimate. You may make adjustments, as necessary, using our unit rates.

Yours truly,
MUNICON Consultants

TERMS & CONDITIONS

ALL RATES BASED ON PROMPT PAYMENT - FULL PAYMENT DUE 30 DAYS OF INVOICE DATE.

ALL RATES BASED ON TRUCK, MATERIAL AND/OR DUMPSITE AVAILABILITY.

ALL RATES SUBJECT TO LABOR, FUEL AND/OR BRIDGE TOLL INCREASES.

PLEASE ADD BRIDGE TOLLS WHEN APPLICABLE UNLESS OTHERWISE SPECIFIED.

*ON PER TON OR PER LOAD RATES, STAND BY TIME IS CHARGED AFTER 15 MINS ON PROJECT SITE FOR LOADING/UNLOADING TIME
STAND BY TIME IS CHARGED AT THE CURRENT HOURLY RATE LISTED. THERE IS A 4 HR MINIMUM DAILY CHARGE FOR DAY WORK (8a-
5p) & A \$ HR MINIMUM CHARGE FOR NIGHT WORK (5p-8a).

MINIMUM CHARGES VALID FOR HOURLY, TONNAGE AND PER LOAD RATES.

Rates are not quoted to meet any labor agreements nor do they reflect any Prevailing Wage pricing. Please add 6% per calendar year to all rates.

**All disposal quotes are based on waste characterization and acceptance at landfill. These prices do not include any possible new taxes at the landfill. Testing of any kind is not included in any rate. Testing & analytical results will be required according to the designated disposal site requirements and the Contractor is to supply each as requested. Landfills quoted require a completed material profile, analytical data and a signed service agreement to approve a waste stream. Once all info is submitted we will provide you a unique approval number & manifest to transport your material. Any non-conforming loads will be rejected & all associated costs are the responsibility of the customer.

Thank you for considering Team North for your trucking & material needs!

District (Agency): Caltrans Contract #04-235624-San Francisquito Creek Bridge Replacement
Request Bids From:: Certified DBE Subcontractors and Suppliers

Description

Contract Description: R.M. Harris Company, Inc. is actively soliciting quotes from certified DBE Subcontractors and Suppliers for the following categories of work: Traffic Control, Job Site Management, Creek Diversion, lead compliance plan, SWPPP services, QSD/QSP, Concrete Washout, temporary construction mat, temporary erosion control/environmental control, street sweeping, temporary construction entrance, temporary active treatment system, Bridge removal, culvert removal, Pervious Material, backfill material, CIDH pile, Driven Pile, Sheet Pile, shoring, soldier pile, timber lagging materials, CMU wall, alternative soundwall system, Structural Concrete miscellaneous materials, Concrete Pumping, painting, Joint Seal, Rebar, miscellaneous metal materials, railing/fencing/mbgr, species protection, temporary debris rack system, Barrier, Trucking and other subcontract trades and suppliers. PLEASE SUBMIT A COPY OF YOUR CURRENT CERTIFICATION WITH YOUR BID. John Tymo (jtymo@rmhci.com 925-335-3000) is Estimator for this project and is available to answer any questions and/or provide clarification regarding the scope of work; clarification of plans, specifications and requirements; bid preparation or any technical assistance. Non-DBE Subs/Suppliers: You are encouraged to carry a proportionate percentage of 2nd-tier DBE participation with your quote and this participation will be evaluated with your price.

NOTE: 100% Payment and Performance Bonds as well as Insurance Waiver of subrogation are required of subcontractors. However, certified DBE's are encouraged to contact R.M. Harris Co. to request assistance if they are unable to meet the standard bonding or insurance requirements. Subcontractors must possess a current contractor's license, insurance and worker's compensation coverage. Subcontractors will be required to enter into our standard contract. R.M. Harris Co. intends to work cooperatively with all qualified firms seeking work on this project. Please note that this is a prevailing wage project and R.M. Harris Co. is Union signatory. Subcontractors will be subject to the terms and conditions of R.M. Harris Co. subcontract and safety documents which are available upon request. R.M. Harris Co. is an Equal Opportunity Employer and actively hires U.S. Veterans.

Ghilotti Bros., Inc. is actively soliciting quotes from certified DBE Subcontractors and Suppliers for the following categories of work: Trucking, Construction Area Signs, Electrical, PCMS, K-Rail, Traffic Control, and other subcontract trades and suppliers. Rich Wilkerson (richw@ghilottibros.com 415-454-7011) is our Estimator for this project and is available to answer any questions and/or provide clarification regarding the scope of work; clarification of plans, specifications and requirements; bid preparation, any technical assistance or assistance with obtaining necessary equipment, materials or related services. Non-DBE Subs/Suppliers: You are encouraged to carry a proportionate percentage of 2nd-tier DBE participation with your quote and this participation will be evaluated with your price.

NOTE: Provide CSLB # and DIR # on all Quotes! 100% Payment and Performance Bonds as well as Insurance Waiver of subrogation are required of subcontractors. However, certified DBE/DVBE/SBEs are encouraged to contact Ghilotti Bros. to request assistance if they are unable to meet the standard bonding or insurance requirements. Subcontractors must possess a current contractor's license, insurance and worker's compensation coverage. Subcontractors will be required to enter into our standard contract. Ghilotti Bros. intends to work cooperatively with all qualified firms seeking work on this project. Please note that this is a prevailing wage project and Ghilotti Bros. is Union signatory. Subcontractors will be subject to the terms and conditions of Ghilotti Bros. subcontract and safety documents which are available upon request. Ghilotti Bros., Inc. is an Equal Opportunity Employer and actively hires U.S. Veterans.

Ghilotti Bros., Inc. is Seeking Qualified DBE

BID DUE DATE: 2015-03-18 at 2:00

BID No.: 04-235624

PROJECT NAME: 04-235624 Hwy 101 Santa Clara County Replace Bridge, HMA Paving, Drainage, Concrete Barrier

AGENCY NAME: California Department of Transportation (Caltrans)

PROJECT LOCATION: Santa Clara, Santa Clara, CA

Ghilotti Bros., Inc. is actively soliciting quotes from certified DBE Subcontractors and Suppliers for the following categories of work: Trucking, Construction Area Signs, Electrical, PCMS, K-Rail, Traffic Control, and other subcontract trades and suppliers. Rich Wilkerson (richw@ghilottibros.com 415-454-7011) is our Estimator for this project and is available to answer any questions and/or provide clarification regarding the scope of work; clarification of plans, specifications and requirements; bid preparation, any technical assistance or assistance with obtaining necessary equipment, materials or related services. Non-DBE Subs/Suppliers: You are encouraged to carry a proportionate percentage of 2nd-tier DBE participation with your quote and this participation will be evaluated with your price.

NOTE: Provide CSLB # and DIR # on all Quotes! 100% Payment and Performance Bonds as well as Insurance Waiver of subrogation are required of subcontractors. However, certified DBE/DVBE/SBEs are encouraged to contact Ghilotti Bros. to request assistance if they are unable to meet the standard bonding or insurance requirements. Subcontractors must possess a current contractor's license, insurance and worker's compensation coverage. Subcontractors will be required to enter into our standard contract. Ghilotti Bros. intends to work cooperatively with all qualified firms seeking work on this project. Please note that this is a prevailing wage project and Ghilotti Bros. is Union signatory. Subcontractors will be subject to the terms and conditions of Ghilotti Bros. subcontract and safety documents which are available upon request. Ghilotti Bros., Inc. is an Equal Opportunity Employer and actively hires U.S. Veterans.

Rich Wilkerson (richw@ghilottibros.com 415-454-7011) is our Estimator for this project and is available to answer any questions and/or provide clarification regarding the scope of work; clarification of plans, specifications and requirements; bid preparation, any technical assistance or assistance with obtaining necessary equipment, materials or related services. Non-DBE Subs/Suppliers: You are encouraged to carry a proportionate percentage of 2nd-tier DBE participation with your quote and this participation will be evaluated with your price.

NOTE: Provide CSLB # and DIR # on all Quotes! 100% Payment and Performance Bonds as well as Insurance Waiver of subrogation are required of subcontractors. However, certified DBE/DVBE/SBEs are encouraged to contact Ghilotti Bros. to request assistance if they are unable to meet the standard bonding or insurance requirements. Subcontractors must possess a current contractor's license, insurance and worker's compensation coverage. Subcontractors will be required to enter into our standard contract. Ghilotti Bros. intends to work cooperatively with all qualified firms seeking work on this project. Please note that this is a prevailing wage project and Ghilotti Bros. is Union signatory. Subcontractors will be subject to the terms and conditions of Ghilotti Bros. subcontract and safety documents which are available upon request. Ghilotti Bros., Inc. is an Equal Opportunity Employer and actively hires U.S. Veterans.

Ghilotti Bros., Inc. is Seeking Qualified DBE

BID DUE DATE: 2015-03-18 at 2:00

BID No.: 04-235624

PROJECT NAME: 04-235624 Hwy 101 Santa Clara County Replace Bridge, HMA Paving, Drainage, Concrete Barrier

AGENCY NAME: California Department of Transportation (Caltrans)

PROJECT LOCATION: Santa Clara, Santa Clara, CA

Ghilotti Bros., Inc. is actively soliciting quotes from certified DBE Subcontractors and Suppliers for the following categories of work: Trucking, Construction Area Signs, Electrical, PCMS, K-Rail, Traffic Control, and other subcontract trades and suppliers. Rich Wilkerson (richw@ghilottibros.com 415-454-7011) is our Estimator for this project and is available to answer any questions and/or provide clarification regarding the scope of work; clarification of plans, specifications and requirements; bid preparation, any technical assistance or assistance with obtaining necessary equipment, materials or related services. Non-DBE Subs/Suppliers: You are encouraged to carry a proportionate percentage of 2nd-tier DBE participation with your quote and this participation will be evaluated with your price.

NOTE: Provide CSLB # and DIR # on all Quotes! 100% Payment and Performance Bonds as well as Insurance Waiver of subrogation are required of subcontractors. However, certified DBE/DVBE/SBEs are encouraged to contact Ghilotti Bros. to request assistance if they are unable to meet the standard bonding or insurance requirements. Subcontractors must possess a current contractor's license, insurance and worker's compensation coverage. Subcontractors will be required to enter into our standard contract. Ghilotti Bros. intends to work cooperatively with all qualified firms seeking work on this project. Please note that this is a prevailing wage project and Ghilotti Bros. is Union signatory. Subcontractors will be subject to the terms and conditions of Ghilotti Bros. subcontract and safety documents which are available upon request. Ghilotti Bros., Inc. is an Equal Opportunity Employer and actively hires U.S. Veterans.

AGENCY NAME: California Department of Transportation (Caltrans)

PROJECT LOCATION: Santa Clara, Santa Clara, CA

Ghilotti Bros., Inc. is actively soliciting quotes from certified DBE Subcontractors and Suppliers for the following categories of work: Trucking, Construction Area Signs, Electrical, PCMS, K-Rail, Traffic Control, and other subcontract trades and suppliers. Rich Wilkerson (richw@ghilottibros.com 415-454-7011) is our Estimator for this project and is available to answer any questions and/or provide clarification regarding the scope of work; clarification of plans, specifications and requirements; bid preparation, any technical assistance or assistance with obtaining necessary equipment, materials or related services. Non-DBE Subs/Suppliers: You are encouraged to carry a proportionate percentage of 2nd-tier DBE participation with your quote and this participation will be evaluated with your price.

NOTE: Provide CSLB # and DIR # on all Quotes! 100% Payment and Performance Bonds as well as Insurance Waiver of subrogation are required of subcontractors. However, certified DBE/DVBE/SBEs are encouraged to contact Ghilotti Bros. to request assistance if they are unable to meet the standard bonding or insurance requirements. Subcontractors must possess a current contractor's license, insurance and worker's compensation coverage. Subcontractors will be required to enter into our standard contract. Ghilotti Bros. intends to work cooperatively with all qualified firms seeking work on this project. Please note that this is a prevailing wage project and Ghilotti Bros. is Union signatory. Subcontractors will be subject to the terms and conditions of Ghilotti Bros. subcontract and safety documents which are available upon request. Ghilotti Bros., Inc. is an Equal Opportunity Employer and actively hires U.S. Veterans.

Ghilotti Bros., Inc. is Seeking Qualified DBE

BID DUE DATE: 2015-03-18 at 2:00

BID No.: 04-235624

PROJECT NAME: 04-235624 Hwy 101 Santa Clara County Replace Bridge, HMA Paving, Drainage, Concrete Barrier

AGENCY NAME: California Department of Transportation (Caltrans)

PROJECT LOCATION: Santa Clara, Santa Clara, CA

Ghilotti Bros., Inc. is actively soliciting quotes from certified DBE Subcontractors and Suppliers for the following categories of work: Trucking, Construction Area Signs, Electrical, PCMS, K-Rail, Traffic Control, and other subcontract trades and suppliers. Rich Wilkerson (richw@ghilottibros.com 415-454-7011) is our Estimator for this project and is available to answer any questions and/or provide clarification regarding the scope of work; clarification of plans, specifications and requirements; bid preparation, any technical assistance or assistance with obtaining necessary equipment, materials or related services. Non-DBE Subs/Suppliers: You are encouraged to carry a proportionate percentage of 2nd-tier DBE participation with your quote and this participation will be evaluated with your price.

NOTE: Provide CSLB # and DIR # on all Quotes! 100% Payment and Performance Bonds as well as Insurance Waiver of subrogation are required of subcontractors. However, certified DBE/DVBE/SBEs are encouraged to contact Ghilotti Bros. to request assistance if they are unable to meet the standard bonding or insurance requirements. Subcontractors must possess a current contractor's license, insurance and worker's compensation coverage. Subcontractors will be required to enter into our standard contract. Ghilotti Bros. intends to work cooperatively with all qualified firms seeking work on this project. Please note that this is a prevailing wage project and Ghilotti Bros. is Union signatory. Subcontractors will be subject to the terms and conditions of Ghilotti Bros. subcontract and safety documents which are available upon request. Ghilotti Bros., Inc. is an Equal Opportunity Employer and actively hires U.S. Veterans.

Ghilotti Bros., Inc. is Seeking Qualified DBE

BID DUE DATE: 2015-03-18 at 2:00

BID No.: 04-235624

PROJECT NAME: 04-235624 Hwy 101 Santa Clara County Replace Bridge, HMA Paving, Drainage, Concrete Barrier

AGENCY NAME: California Department of Transportation (Caltrans)

PROJECT LOCATION: Santa Clara, Santa Clara, CA

Ghilotti Bros., Inc. is actively soliciting quotes from certified DBE Subcontractors and Suppliers for the following categories of work: Trucking, Construction Area Signs, Electrical, PCMS, K-Rail, Traffic Control, and other subcontract trades and suppliers. Rich Wilkerson (richw@ghilottibros.com 415-454-7011) is our Estimator for this project and is available to answer any questions and/or provide clarification regarding the scope of work; clarification of plans, specifications and requirements; bid preparation, any technical assistance or assistance with obtaining necessary equipment, materials or related services. Non-DBE Subs/Suppliers: You are encouraged to carry a proportionate percentage of 2nd-tier DBE participation with your quote and this participation will be evaluated with your price.

NOTE: Provide CSLB # and DIR # on all Quotes! 100% Payment and Performance Bonds as well as Insurance Waiver of subrogation are required of subcontractors. However, certified DBE/DVBE/SBEs are encouraged to contact Ghilotti Bros. to request assistance if they are unable to meet the standard bonding or insurance requirements. Subcontractors must possess a current contractor's license, insurance and worker's compensation coverage. Subcontractors will be required to enter into our standard contract. Ghilotti Bros. intends to work cooperatively with all qualified firms seeking work on this project. Please note that this is a prevailing wage project and Ghilotti Bros. is Union signatory. Subcontractors will be subject to the terms and conditions of Ghilotti Bros. subcontract and safety documents which are available upon request. Ghilotti Bros., Inc. is an Equal Opportunity Employer and actively hires U.S. Veterans.

Tel: (510) 385-8594
Fax: (510) 272-9575

Ghilotti Bros., Inc. is Seeking Qualified DBE

BID DUE DATE: 2015-03-18 at 2:00

BID No.: 04-235624

PROJECT NAME: 04-235624 Hwy 101 Santa Clara County Replace Bridge, HMA Paving, Drainage, Concrete Barrier

AGENCY NAME: California Department of Transportation (Caltrans)

PROJECT LOCATION: Santa Clara, Santa Clara, CA

Ghilotti Bros., Inc. is actively soliciting quotes from certified DBE Subcontractors and Suppliers for the following categories of work: Trucking, Construction Area Signs, Electrical, PCMS, K-Rail, Traffic Control, and other subcontract trades and suppliers. Rich Wilkerson (richw@ghilottibros.com 415-454-7011) is our Estimator for this project and is available to answer any questions and/or provide clarification regarding the scope of work; clarification of plans, specifications and requirements; bid preparation, any technical assistance or assistance with obtaining necessary equipment, materials or related services. Non-DBE Subs/Suppliers: You are encouraged to carry a proportionate percentage of 2nd-tier DBE participation with your quote and this participation will be evaluated with your price.

NOTE: Provide CSLB # and DIR # on all Quotes! 100% Payment and Performance Bonds as well as Insurance Waiver of subrogation are required of subcontractors. However, certified DBE/DVBE/SBEs are encouraged to contact Ghilotti Bros. to request assistance if they are unable to meet the standard bonding or insurance requirements. Subcontractors must possess a current contractor's license, insurance and worker's compensation coverage. Subcontractors will be required to enter into our standard contract. Ghilotti Bros. intends to work cooperatively with all qualified firms seeking work on this project. Please note that this is a prevailing wage project and Ghilotti Bros. is Union signatory. Subcontractors will be subject to the terms and conditions of Ghilotti Bros. subcontract and safety documents which are available upon request. Ghilotti Bros., Inc. is an Equal Opportunity Employer and actively hires U.S. Veterans.

PROJECT OUTREACH FAX

PROJECT INFO.

R.M. Harris Company, Inc. is seeking Quotes & Sub-bids from Qualified & Certified DBE Firms:

Project Name:	San Francisquito Creek Bridge Replacement Project
Bid Date/Time:	2015/03/18 14:00 PM
Project Location:	Paio Alto, SAN MATEO County, 94303 CA
Awarding Agency:	Caltrans
Contract No.:	04-235624
Goal Required:	DBE : 9%

PROJECT OUTREACH DESCRIPTION

R.M. Harris Company, Inc. is actively soliciting quotes from certified DBE Subcontractors and Suppliers for the following categories of work: Traffic Control, Job Site Management, Creek Diversion, lead compliance plan, SWPPP services, QSD/QSP, Concrete Washout, temporary construction mat, temporary erosion control/environmental control, street sweeping, temporary construction entrance, temporary active treatment system, Bridge removal, culvert removal, Pervious Material, backfill material, CIDH pile, Driven Pile, Sheet Pile, shoring, soldier pile, timber lagging materials, CMU wall, alternative soundwall system, Structural Concrete miscellaneous materials, Concrete Pumping, painting, Joint Seal, Rebar, miscellaneous metal materials, railing/fencing/mbgr, species protection, temporary debris rack system, Barrier, Trucking and other subcontract trades and suppliers. PLEASE SUBMIT A COPY OF YOUR CURRENT CERTIFICATION WITH YOUR BID. John Tymo (jtymo@rmhcci.com 925-335-3000) is Estimator for this project and is available to answer any questions and/or provide clarification regarding the scope of work; clarification of plans, specifications and requirements; bid preparation or any technical assistance. Non-DBE Subs/Suppliers: You are encouraged to carry a proportionate percentage of 2nd-tier DBE participation with your quote and this participation will be evaluated with your price.

TERMS & REQUIRMENTS

NOTE: 100% Payment and Performance Bonds as well as Insurance Waiver of subrogation are required of subcontractors. However, certified DBE's are encouraged to contact R.M. Harris Co. to request assistance if they are unable to meet the standard bonding or insurance requirements. Subcontractors must possess a current contractor's license, insurance and worker's compensation coverage. Subcontractors will be required to enter into our standard contract. R.M. Harris Co. intends to work cooperatively with all qualified firms seeking work on this project. Please note that this is a prevailing wage project and R.M. Harris Co. is Union signatory. Subcontractors will be subject to the terms and conditions of R.M. Harris Co. subcontract and safety documents which are available upon request. R.M. Harris Co. is an Equal Dportunity Employer and actively hires U.S. Veterans.

RESPOND & RETURN

PROJECT OUTREACH FAX

PROJECT INFO.

R.M. Harris Company, Inc. is seeking Quotes & Sub-bids from Qualified & Certified DBE Firms:

Project Name:	San Francisquito Creek Bridge Replacement Project
Bid Date/Time:	2015/03/18 14:00 PM
Project Location:	Palo Alto, SAN MATEO County, 94303 CA
Awarding Agency:	Caltrans
Contract No.:	04-235624
Goal Required:	DBE : 9%

PROJECT OUTREACH DESCRIPTION

R.M. Harris Company, Inc. is actively soliciting quotes from certified DBE Subcontractors and Suppliers for the following categories of work: Traffic Control, Job Site Management, Creek Diversion, lead compliance plan, SWPPP services, QSD/QSP, Concrete Washout, temporary construction mat, temporary erosion control/environmental control, street sweeping, temporary construction entrance, temporary active treatment system, Bridge removal, culvert removal, Pervious Material, backfill material, CIDH pile, Driven Pile, Sheet Pile, shoring, soldier pile, timber lagging materials, CMU wall, alternative soundwall system, Structural Concrete miscellaneous materials, Concrete Pumping, painting, Joint Seal, Rebar, miscellaneous metal materials, railing/fencing/mbgr, species protection, temporary debris rack system, Barrier, Trucking and other subcontract trades and suppliers. PLEASE SUBMIT A COPY OF YOUR CURRENT CERTIFICATION WITH YOUR BID. John Tymo (jtymo@rmhci.com 925-335-3000) is Estimator for this project and is available to answer any questions and/or provide clarification regarding the scope of work; clarification of plans, specifications and requirements; bid preparation or any technical assistance. Non-DBE Subs/Suppliers: You are encouraged to carry a proportionate percentage of 2nd-tier DBE participation with your quote and this participation will be evaluated with your price.

TERMS & REQUIRMENTS

NOTE: 100% Payment and Performance Bonds as well as Insurance Waiver of subrogation are required of subcontractors. However, certified DBE's are encouraged to contact R.M. Harris Co. to request assistance if they are unable to meet the standard bonding or insurance requirements. Subcontractors must possess a current contractor's license, insurance and worker's compensation coverage. Subcontractors will be required to enter into our standard contract. R.M. Harris Co. intends to work cooperatively with all qualified firms seeking work on this project. Please note that this is a prevailing wage project and R.M. Harris Co. is Union signatory. Subcontractors will be subject to the terms and conditions of R.M. Harris Co. subcontract and safety documents which are available upon request. R.M. Harris Co. is an Equal Opportunity Employer and actively hires U.S. Veterans.

RESPOND & RETURN

Addendum No. 2

Dear Contractor:

This addendum is being issued to the contract for CONSTRUCTION ON STATE HIGHWAY IN SANTA CLARA AND SAN MATEO COUNTIES IN PALO ALTO AND EAST PALO ALTO FROM OREGON EXPRESSWAY OVERCROSSING TO 0.3 MILE SOUTH OF UNIVERSITY AVENUE OVERCROSSING.

Submit bids for this work with the understanding and full consideration of this addendum. The revisions declared in this addendum are an essential part of the contract.

Bids for this work will be opened on Wednesday, March 18, 2015.

This addendum is being issued to revise the *Notice to Bidders and Special Provisions*, and the *Bid* book.

In the Special Provisions, Section 1-1.11, is added as attached.

In the Special Provisions, Section 2-1.04, is added as attached.

In the Special Provisions, Section 2-1.10, is added as attached.

In the Special Provisions, Section 2-1.33, is added as attached.

In the Special Provisions, Section 3-1.03, is added as attached.

In the Special Provisions, Section 3-1.18, is added as attached.

In the Special Provisions, Section 7-1.02K(1), is added as attached.

Addendum No. 2

In the Bid to the Department of Transportation folder, a field for the California Department of Industrial Relations' Registration Number has been added.

The folders for Subcontractor List have been increased from 2 to 4 with the following changes:

- Each subcontractor has a field to enter the California Department of Industrial Relations' Registration Number.
- Each bid item listed in the subcontractor list must have a description of work entered, and the corresponding percentage of work to be done by the subcontractor.
- A total of 5 bid items can be entered; if more than 5 bid items are needed for a subcontractor use additional subcontractor lists.

Data that has been added prior to this addendum may need to be re-entered. Check data before submitting your bid.

To *Bid* book holders:

Inquiries or questions in regard to this addendum must be communicated as a bidder inquiry and must be made as noted in the *Notice to Bidders* section of the *Notice to Bidders and Special Provisions*.

Submit the *Bid* book as described in the *Electronic Bidding Guide* at the Bidders' Exchange website.

http://www.dot.ca.gov/hq/esc/oe/electronic_bidding/electronic_bidding.html

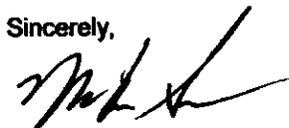

Inform subcontractors and suppliers as necessary.

This addendum, EBS addendum file, attachments and the modified wage rates are available for the Contractors' download on the Web site:

http://www.dot.ca.gov/hq/esc/oe/project_ads_addenda/04/04-235624

If you are not a *Bid* book holder, but request a book to bid on this project, you must comply with the requirements of this letter before submitting your bid.

Sincerely,

MOHSEN SULTAN
Chief, Office of Contracting Systems
Office Engineer
Division of Engineering Services

 PROGRAM

Good Morning,

R.M. Harris Co. is looking for certified DBE/ DVBE/ SBE subcontractors and suppliers.
 Below is our current bid schedule. We would like to get a quote from you.
 Can we expect a quote from you for these bids?
 Please feel free to ask what scope of work there is for you to bid on these.
 If you have any questions you may contact our estimator, John Tymo at (925) 335-3000 ext. 141.

BID DATE	CONTRACT #	DESCRIPTION	OWNER
3/5/2015		Mare Island Western Approach	City of Vallejo

		Bridge Replacement	
3/18/2015	04-235624	San Francisco Creek Bridge Replacement Re-Bid	CALTRANS
10/20/2015	04-264094	San Antonio Creek Bridge Replacement	CALTRANS

You may download the plans, specifications, and other related documents for **Mare Island Western Approach Bridge Replacement** on the City of Vallejo website at http://www.ci.vallejo.ca.us/doing_business/bids_proposals . Since General Contractor needs to submit DBE commitment (15-G form) for with the bid for Mare Island, RM Harris is asking DBE quotes to be submitted no later than 9:00 am 3/5. If a quote cannot be provided at that time then a scope letter saying you are participating in the bid will do as can we give this to our bid runner.

You may download the plans, specifications, and other related documents for **04-235624** on the Caltrans Office Engineer website at http://www.dot.ca.gov/hq/esc/oe/contract_awards_services.html.

You may download the plans, specifications, and other related documents for **04-264094** on the Caltrans Office Engineer website at http://www.dot.ca.gov/hq/esc/oe/contract_awards_services.html.

Plans are also available for viewing at our office from 7:00 am to 4:00 PM Monday-Friday. We are an equal opportunity employer. Please contact our estimator for assistance with bonds and/or insurance.

Effective March 1, 2015 all contractors and subcontractors listed on a bid must be registered with the Department of Industrial Relations. See Public Contract Code Section 1725.5. Here is a link with information about DIR NUMBER and how to register: <http://www.dir.ca.gov/public-works/publicworks.html> .

Thanks,

Scott Shires

PROGRAM

Good Morning,

R.M. Harris Co. is looking for certified DBE/ DVBE/ SBE subcontractors and suppliers.
Below is our current bid schedule. We would like to get a quote from you.
Can we expect a quote from you for these bids?
Please feel free to ask what scope of work there is for you to bid on these.

If you have any questions you may contact our estimator, John Tymo at (925) 335-3000 ext. 141.

BID DATE	CONTRACT #	DESCRIPTION	OWNER
3/5/2015		Mare Island Western Approach Bridge Replacement	City of Vallejo
3/18/2015	04-235624	San Francisco Creek Bridge Replacement Re-Bid	CALTRANS
10/20/2015	04-264094	San Antonio Creek Bridge Replacement	CALTRANS

You may download the plans, specifications, and other related documents for **Mare Island Western Approach Bridge Replacement** on the City of Vallejo website at http://www.ci.vallejo.ca.us/doing_business/bids_proposals. Since General Contractor needs to submit DBE commitment (15-G form) for with the bid for Mare Island, RM Harris is asking DBE quotes to be submitted no later than 9:00 am 3/5. If a quote cannot be provided at that time then a scope letter saying you are participating in the bid will do as can we give this to our bid runner.

You may download the plans, specifications, and other related documents for **04-235624** on the Caltrans Office Engineer website at http://www.dot.ca.gov/hq/esc/oe/contract_awards_services.html.

You may download the plans, specifications, and other related documents for **04-264094** on the Caltrans Office Engineer website at http://www.dot.ca.gov/hq/esc/oe/contract_awards_services.html.

Plans are also available for viewing at our office from 7:00 am to 4:00 PM Monday-Friday. We are an equal opportunity employer. Please contact our estimator for assistance with bonds and/or insurance.

Effective March 1, 2015 all contractors and subcontractors listed on a bid must be registered with the Department of Industrial Relations. See Public Contract Code Section 1725.5. Here is a link with information about DIR NUMBER and how to register: <http://www.dir.ca.gov/public-works/publicworks.html>.

Thanks,

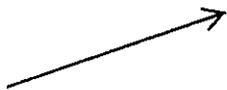

Scott Shires

Non-DBE Subs/Suppliers: You are encouraged to carry a proportionate percentage of 2nd-tier DBE participation with your quote and this participation will be evaluated with your price.

Outreach Terms & Requirements

NOTE: 100% Payment and Performance Bonds as well as Insurance Waiver of subrogation are required of subcontractors. However, certified DBE's are encouraged to contact R.M. Harris Co. to request assistance if they are unable to meet the standard bonding or insurance requirements. Subcontractors must possess a current contractor's

DBEsOutreach Inc, Order Summary

license, insurance and worker's compensation coverage. Subcontractors will be required to enter into our standard contract. R.M. Harris Co. intends to work cooperatively with all qualified firms seeking work on this project. Please note that this is a prevailing wage project and R.M. Harris Co. is Union signatory. Subcontractors will be subject to the terms and conditions of R.M. Harris Co. subcontract and safety documents which are available upon request. R.M. Harris Co. is an Equal Opportunity Employer and actively hires U.S. Veterans.
