GRINDING JOB AGREEMENT

The prices set forth above are based on the following assumptions and are subject to change under conditions set forth below.

1) A minimum daily rate is any part of an 8 hour day and overtime will be charged for work done other than a regular weekday shift.
2) Modification to the work may require a change in the quote.
3) Unless otherwise indicated the unit prices are based on ABSL performing all the work included on the proposal. If ABSL does not receive a contract for all the work, the unit prices are subject to adjustment.
4) The unit prices are based on the estimated quantities in the bid proposal. If the quantity of the item changes by 25% or more the unit price is subject to equitable adjustment.
5) All teeth over one complete set will be charge to the contractor.
6) Prices are good for 30 days from the date of this proposal, after that date the prices are subject to adjustment.
7) In the event there is an increase in the cost of fuel of more than $0.50 per gallon during the performance of this contract, ABSL will be entitled to a $75.00 per day fuel surcharge. The base cost of fuel shall be established on the bid date of the contract by reference to the Weekly Retail On-Highway Diesel Prices for California, as published by the U.S. Department of Energy on its web site at www.tonto.eia.doe.gov/oog/info/wohdp/diesel.asp.
8) If ABSL cannot proceed with its work as scheduled due to others, standby time will be charged at the following rate: $425.00 per hour.
9) Downtime for equipment becoming stuck in wet or muddy sub-grade conditions will be charged at a stand-by time rate until removed. Additional equipment required for removal will be charged at a time and materials basis.
10) This proposal to be attached and made part of any and all resulting contracts.
11) The above price does not include permits, fees, bonding, state or local taxes.
12) This is a proposal only for the purpose of establishing a price for work as outlined. In the event ABSL is the low bidder a formal contract or PO suitable to both parties shall be prepared and fully executed.
13) Repairs of damage to ABSL equipment due to unmarked or buried obstructions; i.e. valve boxes, manholes covers, concrete, steel fence posts, steel pipe or excessive depth asphalt will be billed at time and material for repairs.
14) Backcharges to ABSL must be communicated by contractor in a written notice within 72 hours from the time of occurrence for backcharges.
15) Unless otherwise agreed to in writing prior to start of work, payment is due and payable within 30 days of billing, and no retention to be withheld on payments.
16) All utilities within mill grade are to be located and marked by customer. It is the sole responsibility of the lessee or renter (customer) to follow the requirements of the regional notification center law pursuant to Article 2 (Commencing with Section 4216) of Chapter 3.1 of Division 5 of Title 1 of the California Government Code. Customer assumes sole responsibility for, and all subsequent liabilities coincident with following the requirements of the regional notification center law. Furthermore, customer agrees to be responsible for all damage to both utilities themselves and to our company's equipment by reason of ABSL equipment encountering unmarked utilities.
17) Items not specifically included are considered to be excluded. If you have any questions please call.

Thank You,

Daryl Vorne

Contract of Terms & Conditions including, but not limited to:

1. All quotes must be on an R & S Trucking quote sheets (pages 1, 2, 3 & 4): all purchase orders/letter of intent to duplicate the same. **PLEASE ATTACH A COPY OF QUOTE, WITH ALL PURCHASE ORDERS OR WORK AUTHORIZATIONS**.
2. **Purchase orders/letter of intent must be issued within 14 working days of bid date; Hourly rates only will be honored during the transition period.**
3. When per load / un-scaled loads are quoted, the following allowable times apply: Quarry site / Load site with Aggregates for all truck (4 and 5 axle) types: 5 minutes. And at the Dumpsite / Job site with Aggregates for Double bottoms / Semi ends / Super dumps: 5 minutes.
4. **Demurrage / Standby Time charges will be billed and due & payable, after the standard allowable times listed, based on the hourly rates quoted on page 1 & 2, then divided by 60 minutes.** As an example: $ 105.00 hourly = $1.75 per minute. $ 108.00 hourly = $1.80 per minute, or $ 118.00/hourly = $ 1.97 per minute, etc. Also standby time,/demurrage starts upon arrival at the jobsite, including but not limited too; when governmental agencies/general contractors require traffic control points before the actual jobsite (traffic control points, flagmen control, lane closure etc.), and then standby time/demurrage charges will commence starting at the point of that traffic control location.
5. **It will be the contractor's /customers sole responsibility to pay all demurrage /standby time at any quarry site/ load site.**
6. **Never will any "Averaging of Standby Time" be allowed.** In other words; standby averaging is not allowed at all, as first stated on page 1, reflective in qualifying maximum allowable times in tonnage rate quotes. Demurrage / standby time will be billed and become due & payable after the maximum allowable times listed at the rate per minute quoted.
7. **Semi End Dumps, Double bottoms, Semi Bottoms and 10-Wheelers are hourly unless agreed in writing by R&S Trucking & Contractor prior to job commencing**.
8. **All quotes reflect 100% trucking of said job. R & S Trucking reserves the right to void any /all prices if less than 100%.**
9. * Please call truck orders in by 11:00 a.m.., to check availability. Please notify us several days in advance of any new jobs starting and/or any large truck orders of 8 trucks or more.
10. On all jobs that require certification rosters, additional names may be added at any time.
11. PROBLEMS ON PROJECTS: The contractor must FAX into our main office a detailed description of the occurrence, including the sub hauler and/or drivers name, owner of the truck, truck number/trailer(s) number and description of truck/trailer(s), and copy of the freight tag that pertains to this incident or occurrence, along with estimated dollar ($) amount of loss within 24 hours on the same day of the incident or occurrence. R&S Trucking will accept "NO EXPENSE CHARGES OR BACK CHARGE CLAIMS" unless we are notified as stated above. R &S Trucking will then respond back to customer after investigating the incident. All claims for recovery by contractor for loss or damage to commodity hauled must follow this procedure. To clarify: R & S Trucking treats invoices billed as revenue and claims or back charges as expenses, so as such, any claims or back charges need to be received as an invoice, not a deduction on any R & S Trucking invoice. Any deviation from this procedure will not change the costs incurred and may cause immediate withdrawal of trucking from said job
12. **It is the contractor's responsibility to FAX notice to R&S Trucking Estimator prior to job bidding if certified payroll and/or union participation is required (also see item.32 following).**
13. **Saturday rates: add 12.5% to the weekday rates, listed on Page 1. Also, Sunday & Holiday rates: add 25 % to the weekday rates, listed on Page 1. This applies to all rates quoted, regardless of hourly, per ton, per load = ALL RATES.**
14. **Minimum Show-up time: On every truck dispatched to customers project, customer will be responsible for paying at least a 6 hour minimum daytime, & 6 hour minimum nighttime, unless previously arranged with dispatch.**
15. All un-scaled tonnage quotes will be based on **26.20 tons** per load for Double bottoms. All scaled tonnage quotes for partial loads will be based on 24.00 tons for Transfers. All scaled tonnage quotes for partial loads will be based on 19.00 tons for Semi ends, Semi bottoms and Super Dumps These quotes are based on R&S Trucking performing all trucking requirements on said project. Also, when partial loads are sent back from the jobsite, back to the quarry: The time spent traveling back will be charged at the quoted hourly rate.

Continued.....

16. If Contractor chooses not to have loads weighted, then contractor is responsible for all overloads, overload tickets, and anything that occurs if load is not weighed.
17. Hourly time to be charged will start from the time reporting to work (time truck was ordered to be at load site), to the time completing the hourly service, which includes travel time back to the load site on the last load. Time to be charged shall include time for transportation in both directions, time for loading and unloading, and waiting or standby time, at origin and/or destination. Total chargeable time shall be computed to the nearest one-tenth of an hour. Deductions from the time only allowed for carrier equipment failure and meal delays. . *** Travel-Time:** When listed and/or when applicable, travel-time charges will be billed at the hourly rates listed, per man, per truck, per day. **** Increased Hourly Rates:** When listed and/or when applicable, the increase of hourly rates will apply due to distance/mileage, traffic conditions & environment, duration of time involved, geography, etc.
18. R & S Trucking shall render to contractor invoices for services agreed to in the quote sheet/purchase order. Contractor agrees to pay R & S Trucking by the 20th day following the last day of the calendar month in which the work was performed, billed by the 5th day of the following month. When large truck orders are continuous in a given period it may be required that the contractor will be billed weekly and said payment to be no later than 10 days of receipt of invoice. Interest to be charged on all past due accounts at the maximum allowed by law.
19. Please provide R & S Trucking Estimator with all specific job information, which will be the basis of our quotes. Specific details such as lane closures, traffic control points, project labor agreements/organized labor unions, locations for transfers to drop trailers, State, County & City agencies road closures, on and/or off-ramp turn-around access, designated truck routes per job specific contract language, etc., are needed to qualify per ton or per load rates, as these types of rates reflect time constraints. R & S Trucking reserves the right to void quoted rates that reflect time constraints (per ton or per load) at any time, due to lack of specific accurate information given at time of request. Default to hourly rates might prevail, however that could change also dependent on information given at time of request!
20. R & S Trucking provides a "Commercially Useful Function" as defined by 49 CFR 26 in achieving the awarded contractors DBE commitment goals. DBE contract commitment goals, whether in dollars or percentages, are strictly the contractor's achievement responsibility, as defined by 49 CFR 26.
21. **Contractor must provide a site on each job for all truckers to clean out trailers daily at end of the last load.**
22. R & S Trucking is not responsible for delays caused by equipment failure of employees, agents or sub haulers of R & S Trucking, or by act of God, strikers, lockouts or similar matters beyond the control of R & S Trucking.
23. If any action at law or in equity, including an Action for Declaratory Relief, is brought to enforce or interpret the provisions of this agreement, the prevailing party shall be entitled to reasonable attorney's fee which may be set by the court in the same action or in a separate action brought for that purpose in addition to any other relief to which that party may be entitle. This agreement will be governed by and construed in accordance with the laws of the State of California.
24. Any changes to R & S Trucking freight tags must be received by FAX in the R & S Trucking main office within 2 working days from date of work performed by R & S Trucking for review.
25. Notices will be deemed communicated to either party to this agreement by either fax or certified mail using date of actual receipt of notice to receiving party.
26. **R&S Trucking is not responsible for project production**; this includes the availability of trucks, daily plant and/or jobsite production goals, UDBE, DBE & SB dollar listed/commitment amounts material quota amounts or any other reason, on any job, at any time.
27. As it is standard practice in the construction industry for contractors not to sign truckers trucking quotes, If R & S Trucking sign's a contractor's agreement/contract for trucking services; this action will be construed as a contractor signing an R & S Trucking complete quote with its Contract of Terms & Conditions. This also means that an R & S Trucking quotes supersedes any/all contractors agreements/contract/purchase order, and contractor will hold harmless anything associated in that contract, including production.

Continued.....

28. **R&S Trucking Co. is a VENDOR, not a SUB CONTRACTOR.**
29. Yearly escalation raise on top of the base rate quoted shall occur at **6% yearly**, commencing 1 year after the job bid date, and shall continue yearly with 6% raises, year after year, for the continued duration of this same job.
30. All Asphalt mix designs, such as **Polymer blends, Rubberized, Open-Grade, etc.,** require the contractor to supply a designated clean-out area on the jobsite, and to supply release agents, such as: United Products, Smart Solve Tar Remover # 603, along with additional equipment & manpower to help facilitate the clean-out of any and all truck and trailer(s). This also includes other sticky materials: such as Bay Mud, Wet Concrete mixes, etc. The time spent on this additional clean-out is chargeable at the hourly rates listed and accrues separately for this clean-out procedure, and this extra-time is not allowed to be averaged-out. In addition, R & S Trucking only hauls rubberized/open-grade type asphalts in 5-axle Double bottoms/Semi bottoms only, when available.
31. All rates quoted reflect a diesel cost per gallon up to and including: **$ 3.25/per gallon**. After it rises to: **$ 3.26/per gallon**, R & S Trucking will apply a **diesel fuel surcharge rate of 1% for every $ .10 cent per gallon cost increase**, as reported by the U.S. Dept. of Energy weekly on-highway diesel cost reports. Applying a diesel surcharge, after $ 3.26/per gallon, shall be billed thru the previous weeks trucking work (1 week in arrears).
32. All quoted rates DO NOT reflect the cost of an on-site truck boss. If the need of one is required, and mutually agreed upon by R & S Trucking and the contractor requesting this need, then the requesting contractor agrees to pay all costs associated for an on-site truck boss type monitor: This additional fee typically runs approx. $ 350.00/per day/per 8 hour shift, plus fuel cost. This rate is subject to change accordingly.
33. **R & S Trucking is not a union company. We are not affiliated or part of any union organization or any union subsidiary. We do not follow any union structure, including but not limited to any union laws, guidelines, wage structure, rules or regulations.**
34. **R & S Trucking is not obligated to become a member of the Teamsters or join into any other agreement with any organized union organization arising from PLA (project labor agreements).**
35. When "budget trucking only estimates" are provided alongside quoted hourly rates, these budgets are provided reflecting the contractors/estimators desire & requests to help arrive to a: "Approximation of time cycles and/or tonnage estimate to help create a budget cost +/-". These budget costs/rates are not to be considered accurate enough for a commitment and are created only for a convenience, therefor only the hourly rates quoted at the time shall prevail.

Contract of Terms & Conditions including, but not limited to:

1. All quotes must be on an R & S Trucking quote sheets (pages 1, 2, 3 & 4): all purchase orders/letter of intent to duplicate the same. **PLEASE ATTACH A COPY OF QUOTE, WITH ALL PURCHASE ORDERS OR WORK AUTHORIZATIONS.**
2. **Purchase orders/letter of intent must be issued within 30 working days of bid date; Hourly rates only will be honored during the transition period.**
3. When per load / un-scaled loads are quoted, the following allowable times apply: Quarry site / Load site with Aggregates for all truck (4 and 5 axle) types: 5 minutes. And at the Dumpsite / Job site with Aggregates for Double bottoms / Semi ends / Super dumps: 5 minutes.
4. **Demurrage / Standby Time charges will be billed and due & payable, after the standard allowable times listed, based on the hourly rates quoted on page 1 & 2, then divided by 60 minutes.** As an example: $ 105.00 hourly = $1.75 per minute. $ 108.00 hourly = $1.80 per minute, or $ 118.00/hourly = $ 1.97 per minute, etc. Also standby time,/demurrage starts upon arrival at the jobsite, including but not limited too; when governmental agencies/general contractors require traffic control points before the actual jobsite (traffic control points, flagmen control, lane closure etc.), and then standby time/demurrage charges will commence starting at the point of that traffic control location.
5. **It will be the contractor's /customers sole responsibility to pay all demurrage /standby time at any quarry site/ load site.**
6. **Never will any "Averaging of Standby Time" be allowed.** In other words; standby averaging is not allowed at all, as first stated on page 1, reflective in qualifying maximum allowable times in tonnage rate quotes. Demurrage / standby time will be billed and become due & payable after the maximum allowable times listed at the rate per minute quoted.
7. **Semi End Dumps, Double bottoms, Semi Bottoms and 10-Wheelers are hourly unless agreed in writing by R&S Trucking & Contractor prior to job commencing.**
8. **All quotes reflect 100% trucking of said job. R & S Trucking reserves the right to void any /all prices if less than 100%.**
9. * Please call truck orders in by 11:00 a.m.., to check availability. Please notify us several days in advance of any new jobs starting and/or any large truck orders of 8 trucks or more.
10. On all jobs that require certification rosters, additional names may be added at any time.
11. PROBLEMS ON PROJECTS: The contractor must FAX into our main office a detailed description of the occurrence, including the sub hauler and/or drivers name, owner of the truck, truck number/trailer(s) number and description of truck/trailer(s), and copy of the freight tag that pertains to this incident or occurrence, along with estimated dollar ($) amount of loss within 24 hours on the same day of the incident or occurrence. R&S Trucking will accept "NO EXPENSE CHARGES OR BACK CHARGE CLAIMS" unless we are notified as stated above. R &S Trucking will then respond back to customer after investigating the incident. All claims for recovery by contractor for loss or damage to commodity hauled must follow this procedure. To clarify: R & S Trucking treats invoices billed as revenue and claims or back charges as expenses, so as such, any claims or back charges need to be received as an invoice, not a deduction on any R & S Trucking invoice. Any deviation from this procedure will not change the costs incurred and may cause immediate withdrawal of trucking from said job
12. **It is the contractor's responsibility to FAX notice to R&S Trucking Estimator prior to job bidding if certified payroll and/or union participation is required (also see item.32 following).**
13. **Saturday rates: add 12.5% to the weekday rates, listed on Page 1. Also, Sunday & Holiday rates: add 25 % to the weekday rates, listed on Page 1. This applies to all rates quoted, regardless of hourly, per ton, per load = ALL RATES.**
14. **Minimum Show-up time: On every truck dispatched to customers project, customer will be responsible for paying at least a 6 hour minimum daytime, & 6 hour minimum nighttime, unless previously arranged with dispatch.**
15. All un-scaled tonnage quotes will be based on **26.20 tons** per load for Double bottoms. All scaled tonnage quotes for partial loads will be based on 24.00 tons for Transfers. All scaled tonnage quotes for partial loads will be based on 19.00 tons for Semi ends, Semi bottoms and Super Dumps These quotes are based on R&S Trucking performing all trucking requirements on said project. Also, when partial loads are sent back from the jobsite, back to the quarry: The time spent traveling back will be charged at the quoted hourly rate.

Continued.....

16. If Contractor chooses not to have loads weighted, then contractor is responsible for all overloads, overload tickets, and anything that occurs if load is not weighed.
17. Hourly time to be charged will start from the time reporting to work (time truck was ordered to be at load site), to the time completing the hourly service, which includes travel time back to the load site on the last load. Time to be charged shall include time for transportation in both directions, time for loading and unloading, and waiting or standby time, at origin and/or destination. Total chargeable time shall be computed to the nearest one-tenth of an hour. Deductions from the time only allowed for carrier equipment failure and meal delays. .*** Travel-Time:** When listed and/or when applicable, travel-time charges will be billed at the hourly rates listed, per man, per truck, per day. **** Increased Hourly Rates:** When listed and/or when applicable, the increase of hourly rates will apply due to distance/mileage, traffic conditions & environment, duration of time involved, geography, etc.
18. R & S Trucking shall render to contractor invoices for services agreed to in the quote sheet/purchase order. Contractor agrees to pay R & S Trucking by the 20th day following the last day of the calendar month in which the work was performed, billed by the 5th day of the following month. When large truck orders are continuous in a given period it may be required that the contractor will be billed weekly and said payment to be no later than 10 days of receipt of invoice. Interest to be charged on all past due accounts at the maximum allowed by law.
19. Please provide R & S Trucking Estimator with all specific job information, which will be the basis of our quotes. Specific details such as lane closures, traffic control points, project labor agreements/organized labor unions, locations for transfers to drop trailers, State, County & City agencies road closures, on and/or off-ramp turn-around access, designated truck routes per job specific contract language, etc., are needed to qualify per ton or per load rates, as these types of rates reflect time constraints. R & S Trucking reserves the right to void quoted rates that reflect time constraints (per ton or per load) at any time, due to lack of specific accurate information given at time of request. Default to hourly rates might prevail, however that could change also dependent on information given at time of request!
20. R & S Trucking provides a "Commercially Useful Function" as defined by 49 CFR 26 in achieving the awarded contractors DBE commitment goals. DBE contract commitment goals, whether in dollars or percentages, are strictly the contractor's achievement responsibility, as defined by 49 CFR 26.
21. **Contractor must provide a site on each job for all truckers to clean out trailers daily at end of the last load.**
22. R & S Trucking is not responsible for delays caused by equipment failure of employees, agents or sub haulers of R & S Trucking, or by act of God, strikers, lockouts or similar matters beyond the control of R & S Trucking.
23. If any action at law or in equity, including an Action for Declaratory Relief, is brought to enforce or interpret the provisions of this agreement, the prevailing party shall be entitled to reasonable attorney's fee which may be set by the court in the same action or in a separate action brought for that purpose in addition to any other relief to which that party may be entitle. This agreement will be governed by and construed in accordance with the laws of the State of California.
24. Any changes to R & S Trucking freight tags must be received by FAX in the R & S Trucking main office within 2 working days from date of work performed by R & S Trucking for review.
25. Notices will be deemed communicated to either party to this agreement by either fax or certified mail using date of actual receipt of notice to receiving party.
26. **R&S Trucking is not responsible for project production**; this includes the availability of trucks, daily plant and/or jobsite production goals, UDBE, DBE & SB dollar listed/commitment amounts material quota amounts or any other reason, on any job, at any time.
27. As it is standard practice in the construction industry for contractors not to sign truckers trucking quotes, If R & S Trucking sign's a contractor's agreement/contract for trucking services; this action will be construed as a contractor signing an R & S Trucking complete quote with its Contract of Terms & Conditions. This also means that an R & S Trucking quotes supersedes any/all contractors agreements/contract/purchase order, and contractor will hold harmless anything associated in that contract, including production.

Continued.....

28. **R&S Trucking Co. is a VENDOR, not a SUB CONTRACTOR.**
29. Yearly escalation raise on top of the base rate quoted shall occur at **6% yearly**, commencing 1 year after the job bid date, and shall continue yearly with 6% raises, year after year, for the continued duration of this same job.
30. All Asphalt mix designs, such as **Polymer blends, Rubberized, Open-Grade, etc.,** require the contractor to supply a designated clean-out area on the jobsite, and to supply release agents, such as: United Products, Smart Solve Tar Remover # 603, along with additional equipment & manpower to help facilitate the clean-out of any and all truck and trailer(s). This also includes other sticky materials: such as Bay Mud, Wet Concrete mixes, etc. The time spent on this additional clean-out is chargeable at the hourly rates listed and accrues separately for this clean-out procedure, and this extra-time is not allowed to be averaged-out. In addition, R & S Trucking only hauls rubberized/open-grade type asphalts in 5-axle Double bottoms/Semi bottoms only, when available.
31. All rates quoted reflect a diesel cost per gallon up to and including: **$ 3.25/per gallon.** After it rises to: **$ 3.26/per gallon**, R & S Trucking will apply a **diesel fuel surcharge rate of 1% for every $ .10 cent per gallon cost increase,** as reported by the U.S. Dept. of Energy weekly on-highway diesel cost reports. Applying a diesel surcharge, after $ 3.26/per gallon, shall be billed thru the previous weeks trucking work (1 week in arrears).
32. All quoted rates DO NOT reflect the cost of an on-site truck boss. If the need of one is required, and mutually agreed upon by R & S Trucking and the contractor requesting this need, then the requesting contractor agrees to pay all costs associated for an on-site truck boss type monitor: This additional fee typically runs approx. $ 350.00/per day/per 8 hour shift, plus fuel cost. This rate is subject to change accordingly.
33. **R & S Trucking is not a union company. We are not affiliated or part of any union organization or any union subsidiary. We do not follow any union structure, including but not limited to any union laws, guidelines, wage structure, rules or regulations.**
34. **R & S Trucking is not obligated to become a member of the Teamsters or join into any other agreement with any organized union organization arising from PLA (project labor agreements).**
35. When "budget trucking only estimates" are provided alongside quoted hourly rates, these budgets are provided reflecting the contractors/estimators desire & requests to help arrive to a: "Approximation of time cycles and/or tonnage estimate to help create a budget cost +/-". These budget costs/rates are not to be considered accurate enough for a commitment and are created only for a convenience, therefor only the hourly rates quoted at the time shall prevail.

NOTE: Contractors License Number, DIR Registration Number and Caltrans (or other agency) DBE Number must be listed on any quote submitted to GBI. 100% Payment and Performance Bonds as well as Insurance Waiver of subrogation are required of subcontractors. However, certified DBE's are encouraged to contact Ghilotti Bros. to request assistance if they are unable to meet the standard bonding or insurance requirements. Subcontractors must possess a current contractor's license, insurance and worker's compensation coverage. Subcontractors will be required to enter into our standard contract. Ghilotti Bros. intends to work cooperatively with all qualified firms seeking work on this project. Please note that this is a prevailing wage project and Ghilotti Bros. is Union signatory. Subcontractors will be subject to the terms and conditions of Ghilotti Bros. subcontract and safety documents which are available upon request. Ghilotti Bros., Inc. is an Equal Opportunity Employer and actively hires U.S. Veterans.

GRINDING PROVISIONS:

Anrak Corporation to cold plane asphalt concrete as directed by Contractor, and load cuttings into trucks provided by Contractor. Subcontractor will cold plane as closely as possible to existing manholes, water valves or other obstructions in cutting plane. No hand work or placing temporary asphalt tapers by Subcontractor around these objects or at pavement edge due to safety concerns. Subcontractor will not remove asphalt concrete off of gutter pan. Contractor to provide water into cold planing machine and broom to sweep cuttings. Contractor to post streets with "NO PARKING" signs prior to Subcontractor's phase of work and provide traffic control during cold planing operation. Areas to be milled must be clear of all obstructions, and accessible to milling machine size. These prices are for asphalt concrete only. Anrak cannot guarantee planed surface will meet the surface smoothness specification 15-2.023. Anrak cannot guarantee that all asphalt concrete over PCC will be removed, nor that any underlying PCC will be untouched. Anrak Corp. takes no responsibility for dust control due to site conditions. Subcontractor cannot grind native cobble rock that may damage machine. Contractor responsible for all tree trimming and refuse pickup. Contractor to provide any required permits, notifications, or plans. Anrak Corp. must be notified within 72 hours of any potential back charges, and these must be negotiated with managerial personnel. Anrak must be compensated for the actual time worked. Special shift projects that begin on Sunday must contain four (4) consecutive shifts to qualify, otherwise Sunday differential charge will apply. Anrak Corp. does not accept withholding of retention. Contractor responsible for clearing USA prior to cold planing operation. Contractor to pay for bond cost if required. All items not specifically included are excluded. The provisions of this quote prevail over any subcontract or purchase order stipulations. These prices are good for 30 days after the bid.

GENERAL CONDITIONS: Acceptance of this bid proposal means acceptance of all exclusions and scope of work notes contained on this bid proposal. All Steel Fence, Inc. reserves the right to request changes to any contract, subcontract, or purchase order issued for our scope of work and any such contract, subcontract, or purchase order shall be negotiated and mutually agreed to between the parties. All material is guaranteed to be as specified. All work to be completed in a professional manner according to standard practices. All Steel Fence is not responsible for determining legal property lines, boundaries, and/or easements of customer's property. If a permit is required, all permits are to be obtained by customer and all permit fees are to be paid by customer (unless otherwise noted above). Jobs cannot be ordered and material prices locked in until customer has completed and signed the acceptance of proposal and returned to our office. In addition, if customer fails to make payment in full to All Steel Fence, Inc., for all completed work and materials provided to customer, and customer has not given written notice to All Steel Fence regarding the reason for non-payment, customer agrees that All Steel Fence shall retain ownership of all materials installed and/or provided to customer until they have been paid for in their entirety by customer. All Steel Fence, Inc. shall have the right to remove any materials not paid for within 20 days of written request for payment and customer has no legal entitlement or ownership of any materials provided or installed on customer's property until said materials have been paid for in full by customer.

BID EXPIRATION: We have been advised by our suppliers that at the present time there is extreme volatility in the steel market and prices are fluctuating on a weekly and sometimes daily basis. The price on this proposal is good through 12/3/2015 and pricing is subject to change after this date. NOTE: If the expiration date has passed, please call our office to confirm if the price of your proposal has changed. Thank you for your understanding and if you have any questions, please give us a call.

ORDER CANCELLATION POLICY: By signing any page of this acceptance of proposal, customer is authorizing All Steel Fence to proceed with ordering of materials for this project. If this order is cancelled by customer after materials have been ordered by All Steel Fence, customer agrees to pay all charges for materials that cannot be returned to the supplier or manufacturer. Customer also agrees to pay All Steel Fence a material handling fee in addition to all restocking charges incurred by All Steel Fence.

PAYMENT TERMS: All amounts are due and payable within 5 days of completion of project (or as listed in a mutually agreeable contract/subcontract agreement). Payments should be mailed to: **All Steel Fence, Inc., P. O. Box 1309, Lathrop, CA 95330.**

NOTE REGARDING INSURANCE CLAIMS: It is customer's responsibility to notify All Steel Fence, Inc. in advance of work being performed if customer intends to have an insurance company or another third party pay for the work to be performed by All Steel Fence, Inc. All Steel Fence, Inc. does not bill insurance companies or third parties for work performed unless arrangements are made with customer in advance of work being performed by All Steel Fence, Inc. Customer is responsible for payment to All Steel Fence, Inc., for all work completed (and customer is responsible for seeking reimbursement from the insurance company or other third party).

SERVICE CHARGES: There will be a 1.5% per month (18% per annum) service charge on all outstanding balances that are 30 days or more past due (unless otherwise agreed to in a mutually agreeable contract/subcontract agreement).

UNDERGROUND UTILITIES: All Steel Fence is not responsible for costs or labor to repair or replace any underground utilities, sprinklers, or other pipes that are not properly marked by Underground Service Alert, Owner, Prime Contractor, or Owner or Prime Contractor's Agents.

This proposal must be countersigned on the back page by PCDC to be binding. The following are a part of this quotation. They will attach to and become a part of the subcontract. Should there be conflicts between these conditions and conditions of the general contract, these conditions shall prevail. This bid proposal shall remain open for a period of thirty days from the bid date, and PCDC reserves the right to withdraw this bid proposal at any time within the aforementioned thirty days unless accepted by owner/contractor in writing prior to the date of withdrawal. This bid proposal shall expire by its own terms if not accepted within thirty days from the bid date.

The following Terms and Conditions are part of this quotation. They will attach to and become a part of the subcontract. Should there be conflicts between these conditions and conditions of the general contract, the above conditions shall prevail.

PACIFIC COAST DRILLING COMPANY (PCDC) TERMS AND CONDITIONS

This proposal is based upon the following Terms and conditions, which are to be provided and paid for by others. By signing below, you also acknowledge that U.S.A. Dig (1-800-227-2600) has been properly notified and their services provided for this project, and PCDC is not liable or at all responsible for providing utility location services on this project.

1. All required field engineering and layout, including clearly marked center hubs and elevations at each shaft location.
2. All required soil, concrete and material testing. All special inspections and/or monitoring.
3. The protection, relocation, removal and/or repair of all utilities that interfere with Pacific Coast Drillings scope of work.
4. Removal and disposal of all drill spoils and drill fluids/displaced ground water so as not to interfere with or impede the progress of the drilling operation by others. Unless other wise specified.
5. A suitable concrete wash out pit/area for PCDC's use to be supplied and maintained by others.
6. Removal of all form work / sonotube by others.
7. Traffic control or protection including all personnel, any labor and/or equipment that may be required, such as street cleaning, barricades, fences or handrails.
8. Water, electrical power, a concrete wash out area within 50' of any work location, sanitary facilities and an osha approved heat relief shade area will be made available by others for PCDC.
9. All on site licenses and/or permits. All easements or permissions for performance of drilling subcontractor's work.
10. Suitable on site area(s) for the drilling subcontractor's office, storage and/or fabrication of materials.
11. If reinforcing steel is too be furnished by others, it is to be tied sufficiently for lifting and convenient to shaft locations at no cost to the drilling subcontractor. Including any bending of bars in order to use casing
12. No back charges of any kind will be accepted or considered, unless they have been signed for by an authorized PCDC representative on a daily basis.
13. This proposal is based on PCDC personnel working a straight-time work week. The premium time portion of any overtime work directed will be charged as extra work.
14. Any cleaning of the Piers beyond that which the normal drilling tools will achieve which may be required to perform this work; it will be performed on an hourly, time and material basis.
15. Pacific Coast Drilling Co. shall be excused for delays in the completion of the contract caused by acts of God, action or non-action of owner, owner's agents or employees, the General Contractor, other contractors on the project, inclement weather, labor disputes, acts of public utilities, public bodies, extra work, failure of owner of General Contractor to make progress payments, or other contingencies, that are beyond the control of PCDC.
16. We have relied on plans and specifications received for bidding purposes, PCDC shall be entitled to compensation for extra cost incurred as a result of erroneous plans or specifications lack of received information. Should conditions be encountered in the performance of our scope of work which differ from (A) Those indicted by the contract documents or soils data furnished to PCDC, or (B) Those ordinarily encountered and generally recognized as inherent in work of the character provided in the contract, an equitable adjustment will be made to cover the costs of those impacts. If the Piers are designed deeper than the soil borings, we have assumed that the material to be drilled is similar to that which was encountered to the depth explored. Should this not be the case, any added expense to us is to be paid for as extra work.
17. Payments due pursuant to the terms and conditions recited herein are to be made upon the presentation of PCDC's invoice to owner/contractor. Invoices must be paid without fail within thirty days. Overdue balances with be charged interest at the maximum amount provided by law. No retention shall be withheld form the payments due pursuant to the presentation of the invoice.
18. Owner/Contractor agrees to pay reasonable attorney's fees and court costs if PCDC is required to bring legal action to collect any rental or other sums due, as provided herein, of collection of any loss, damage or injury to leased equipment or persons or property involved in the use of such equipment where any such loss, damage or injury occurs as a direct result of the acts of owner/contractor.
19. Upon request, PCDC will provide certificates of insurance in that amounts and in accordance with the coverage PCDC presently has. The costs associated with such coverage will be quoted upon request. Additional insurance and the coverage afforded there under will be quoted on request. Naming others as additional inures under PCDC's existing insurance will be charged at cost.
20. This agreement involves the performance of work for Contractor and/or Property Owner (s) on Contractors or Property Owners premises. Contactor and/or Property Owner(s) agrees to indemnify Pacific Coast Drilling Company, against all losses, expenses, claims and liability of any nature resulting from injury of damages to person(s) or property caused by, or resulting from performance of such work, except for injuries or damages caused by the sole negligence of PCDC.
21. This bid proposal shall remain open for a period of thirty days from the date, and PCDC reserves the right to withdraw this bid proposal at any time within the afore mentioned thirty days unless accepted by owner/contractor in writing prior to the date of withdrawal. This bid proposal shall expire by its own terms if not accepted within thirty days from the date.

The above prices, specifications, terms and conditions are satisfactory and hereby accepted. You are hereby authorized to begin work.

Should there be conflicts between these conditions and conditions of the general contract, these conditions shall prevail. This bid proposal shall remain open for a period of thirty days from the bid date, and PCDC reserves the right to withdraw this bid proposal at any time within the aforementioned thirty days unless accepted by owner/contractor in writing prior to the date of withdrawal. This bid proposal shall expire by its own terms if not accepted within thirty days from the bid date.

The following Terms and Conditions are part of this quotation. They will attach to and become a part of the subcontract. Should there be conflicts between these conditions and conditions of the general contract, the above conditions shall prevail.

PACIFIC COAST DRILLING COMPANY (PCDC) TERMS AND CONDITIONS

This proposal is based upon the following Terms and conditions, which are to be provided and paid for by others. By signing below, you also acknowledge that U.S.A. Dig (1-800-227-2600) has been properly notified and their services provided for this project, and PCDC is not liable or at all responsible for providing utility location services on this project.

1. All required field engineering and layout, including clearly marked center hubs and elevations at each shaft location.
2. All required soil, concrete and material testing. All special inspections and/or monitoring.
3. The protection, relocation, removal and/or repair of all utilities that interfere with Pacific Coast Drillings scope of work.
4. Removal and disposal of all drill spoils and drill fluids/displaced ground water so as not to interfere with or impede the progress of the drilling operation by others. Unless other wise specified.
5. A suitable concrete wash out pit/area for PCDC's use to be supplied and maintained by others.
6. Removal of all form work / sonotube by others.
7. Traffic control or protection including all personnel, any labor and/or equipment that may be required, such as street cleaning, barricades, fences or handrails.
8. Water, electrical power, a concrete wash out area within 50' of any work location, sanitary facilities and an osha approved heat relief shade area will be made available by others for PCDC.
9. All on site licenses and/or permits. All easements or permissions for performance of drilling subcontractor's work.
10. Suitable on site area(s) for the drilling subcontractor's office, storage and/or fabrication of materials.
11. If reinforcing steel is too be furnished by others, it is to be tied sufficiently for lifting and convenient to shaft locations at no cost to the drilling subcontractor. Including any bending of bars in order to use casing
12. No back charges of any kind will be accepted or considered, unless they have been signed for by an authorized PCDC representative on a daily basis.
13. This proposal is based on PCDC personnel working a straight-time work week. The premium time portion of any overtime work directed will be charged as extra work.
14. Any cleaning of the Piers beyond that which the normal drilling tools will achieve which may be required to perform this work; it will be performed on an hourly, time and material basis.
15. Pacific Coast Drilling Co. shall be excused for delays in the completion of the contract caused by acts of God, action or non-action of owner, owner's agents or employees, the General Contractor, other contractors on the project, inclement weather, labor disputes, acts of public utilities, public bodies, extra work, failure of owner of General Contractor to make progress payments, or other contingencies, that are beyond the control of PCDC.
16. We have relied on plans and specifications received for bidding purposes, PCDC shall be entitled to compensation for extra cost incurred as a result of erroneous plans or specifications lack of received information. Should conditions be encountered in the performance of our scope of work which differ from (A) Those indicted by the contract documents or soils data furnished to PCDC, or (B) Those ordinarily encountered and generally recognized as inherent in work of the character provided in the contract, an equitable adjustment will be made to cover the costs of those impacts. If the Piers are designed deeper than the soil borings, we have assumed that the material to be drilled is similar to that which was encountered to the depth explored. Should this not be the case, any added expense to us is to be paid for as extra work.
17. Payments due pursuant to the terms and conditions recited herein are to be made upon the presentation of PCDC's invoice to owner/contractor. Invoices must be paid without fail within thirty days. Overdue balances with be charged interest at the maximum amount provided by law. No retention shall be withheld form the payments due pursuant to the presentation of the invoice.
18. Owner/Contractor agrees to pay reasonable attorney's fees and court costs if PCDC is required to bring legal action to collect any rental or other sums due, as provided herein, of collection of any loss, damage or injury to leased equipment or persons or property involved in the use of such equipment where any such loss, damage or injury occurs as a direct result of the acts of owner/contractor.
19. Upon request, PCDC will provide certificates of insurance in that amounts and in accordance with the coverage PCDC presently has. The costs associated with such coverage will be quoted upon request. Additional insurance and the coverage afforded there under will be quoted on request. Naming others as additional inures under PCDC's existing insurance will be charged at cost.
20. This agreement involves the performance of work for Contractor and/or Property Owner (s) on Contractors or Property Owners premises. Contactor and/or Property Owner(s) agrees to indemnify Pacific Coast Drilling Company, against all losses, expenses, claims and liability of any nature resulting from injury of damages to person(s) or property caused by, or resulting from performance of such work, except for injuries or damages caused by the sole negligence of PCDC.
21. This bid proposal shall remain open for a period of thirty days from the date, and PCDC reserves the right to withdraw this bid proposal at any time within the afore mentioned thirty days unless accepted by owner/contractor in writing prior to the date of withdrawal. This bid proposal shall expire by its own terms if not accepted within thirty days from the date.

The above prices, specifications, terms and conditions are satisfactory and hereby accepted. You are hereby authorized to begin work.

STEELFLEX® EXPANSION JOINT ASSEMBLY PROPOSAL

PART OF ITEM	QUANTITY	DESCRIPTION	UNIT PRICE IN U.S. CURRENCY
128	240.0 LF	SSCM2 Steelflex® Expansion Joint System (1011)	$75.00 LF

Unit prices are subject to change upon receipt of field measurements, as-built drawings and staging of construction requirements.

Please refer to the above quotation number on any future correspondence.

ADDITIONAL TERMS:

1. **Shipment can be made in approximately:**
   · 4-6 weeks after receipt of approved shop drawings and release to fabricate
   All shipping terms subject to material availability at time of release to manufacture.
2. Payment terms: 1% 10 net 30 days. Subject to Credit Dept. Approval.
3. Retainages are not allowed.
4. Federal, State and City Taxes, if applicable, would be in addition to the above quoted prices.
5. This proposal is firm for acceptance within 30 days. After 30 days, it is subject to revision. Unit prices are firm for delivery no later than the greater of 6 months or the quoted lead times. Please add 10% to the prices quoted for each subsequent 6 month period, beginning on that day which is the greater of 6 months from the date of this quotation or the expiration of the quoted lead times above. It is agreed that this quote shall be incorporated into and shall become a part of any further or additional agreement made in relation to this job.
6. Unit prices quoted are F.O.B. origin (freight prepaid to the jobsite).
7. The D.S. Brown Company will not be responsible for delays caused by strikes, fires, accidents of whatever cause, domestic or foreign wars, or any other causes beyond its control.

8. Production/fabrication scheduling considerations may require the D.S. Brown Company to produce and invoice the quoted materials earlier than the buyer's required shipment date. It is the responsibility of the buyer to submit for "payment for stored materials", as our standard payment terms apply regardless of whether the materials are being "stored" or have been shipped. Should the Buyer request that D.S. Brown proceed with manufacture, only to later delay the delivery date and request that the material be stored at our facility, storage fees will be invoiced at the rate of 1% of the contract (purchase order or signed quotation) value per month until the materials have been shipped.
9. Costs associated with discrepancies between plan quantities and actual quantities are the responsibility of the owner/contractor. The D.S. Brown Company will invoice for the actual quantity shipped including upturns.

Item No.	Actual Quantity Required	Estimated Contract Quantity
128	239.56 LF	245 LF

10. Joints are to be shipped in 26.1 LF minimum and 33.79 LF maximum lengths to match the staging requirements and/or roadway dimensions.
11. The D.S. Brown Company's steel fabrication facility is AISC certified category "CPT" Bridge and Highway Metal Component Manufacturer, with optional endorsement "P" (sophisticated paint system).
12. The above items are quoted as a package and individual items cannot be broken out.
13. It is the responsibility of the contractor (purchaser) to verify that the quantities and compression seal sizes included in our proposal meet the contract specifications for the specific project.
14. Should seller be ordered to proceed with engineering and/or production of this material by buyer, and subsequently have part or all of that order cancelled by buyer, seller shall be entitled to reimbursement for all reasonable costs incurred up to the time of cancellation for those items.
15. The D.S. Brown Company reserves the right to subcontract work to third parties.
16. Steel, chemical, and/or petroleum based product pricing used in this estimate is based on current material availability and costs plus applicable surcharges as of the date of this quotation. Due to the inherent volatility in steel plate, chemical and petroleum based product costs (both material and surcharges), the D.S. Brown Company reserves the right to modify pricing at the time of "release to fabricate" to offset any additional cost increases published after the date of this quotation that are above what was used in this estimate.

INCLUSIONS:

1. Freight to jobsite (maximum **ONE** shipment)
2. Shop drawings
3. Coating system as specified: Galvanized

EXCLUSIONS:

1. Field welding and/or field measurements
2. Temporary seals, if any
3. Temporary protective covers, if any
4. All independent/third party or radiographic examination of welds
5. Preparation of the blockout void including setting steel to grade and installation of neoprene gland
6. Installation and/or installation supervision, if any
7. Girder supports, if any
8. Cover plates
9. Watertight integrity testing, if needed

GRINDING JOB AGREEMENT

The prices set forth above are based on the following assumptions and are subject to change under conditions set forth below.

1) A minimum daily rate is any part of an 8 hour day and overtime will be charged for work done other than a regular weekday shift.
2) Modification to the work may require a change in the quote.
3) Unless otherwise indicated the unit prices are based on ABSL performing all the work included on the proposal. If ABSL does not receive a contract for all the work, the unit prices are subject to adjustment.
4) The unit prices are based on the estimated quantities in the bid proposal. If the quantity of the item changes by 25% or more the unit price is subject to equitable adjustment.
5) All teeth over one complete set will be charge to the contractor.
6) Prices are good for 30 days from the date of this proposal, after that date the prices are subject to adjustment.
7) In the event there is an increase in the cost of fuel of more than $0.50 per gallon during the performance of this contract, ABSL will be entitled to a $75.00 per day fuel surcharge. The base cost of fuel shall be established on the bid date of the contract by reference to the Weekly Retail On-Highway Diesel Prices for California, as published by the U.S. Department of Energy on its web site at www.tonto.eia.doe.gov/oog/info/wohdp/diesel.asp.
8) If ABSL cannot proceed with its work as scheduled due to others, standby time will be charged at the following rate: $425.00 per hour.
9) Downtime for equipment becoming stuck in wet or muddy sub-grade conditions will be charged at a stand-by time rate until removed. Additional equipment required for removal will be charged at a time and materials basis.
10) This proposal to be attached and made part of any and all resulting contracts.
11) The above price does not include permits, fees, bonding, state or local taxes.
12) This is a proposal only for the purpose of establishing a price for work as outlined. In the event ABSL is the low bidder a formal contract or PO suitable to both parties shall be prepared and fully executed.
13) Repairs of damage to ABSL equipment due to unmarked or buried obstructions; i.e. valve boxes, manholes covers, concrete, steel fence posts, steel pipe or excessive depth asphalt will be billed at time and material for repairs.
14) Backcharges to ABSL must be communicated by contractor in a written notice within 72 hours from the time of occurrence for backcharges.
15) Unless otherwise agreed to in writing prior to start of work, payment is due and payable within 30 days of billing, and no retention to be withheld on payments.
16) All utilities within mill grade are to be located and marked by customer. It is the sole responsibility of the lessee or renter (customer) to follow the requirements of the regional notification center law pursuant to Article 2 (Commencing with Section 4216) of Chapter 3.1 of Divi 5 of Title 1 of the California

2. LIMITED WARRANTIES. Seller warrants that it can convey good title to the products sold under this contract and that they are free of liens and encumbrances. Seller also warrants that the products sold under this contract are substantially free from defects in material and workmanship for a period of one year after the date of delivery. There are no express or implied warranties with respect to products sold hereunder which are misused, abused or used in conjunction with mechanical equipment improperly designed, used or maintained, or which are used, supplied for use or made available for use in any nuclear application of which Seller has not been notified in writing by Buyer at the time of order for the products sold hereunder. SELLER MAKES NO OTHER WARRANTY WHATSOEVER, EXPRESS OR IMPLIED. ALL IMPLIED WARRANTIES OF MERCHANTABILITY AND ALL IMPLIED WARRANTIES OF FITNESS FOR ANY PARTICULAR PURPOSE ARE DISCLAIMED BY SELLER AND EXCLUDED FROM THIS CONTRACT.

3. LIMITATION OF BUYER'S REMEDIES AND SELLER'S LIABILITY. Seller's liability hereunder shall be limited to the obligation to repair or replace only those products proven to have been defective in material or workmanship at the time of delivery, or allow credit, at its option. Seller's total cumulative liability in any way arising from or pertaining to any product or service sold or required to be sold under this contract shall NOT in any case exceed the purchase price paid by Buyer for such products or services. IN NO EVENT SHALL SELLER HAVE ANY LIABILITY FOR COMMERCIAL LOSS, LOST PROFITS, CLAIMS FOR LABOR, OR CONSEQUENTIAL, SPECIAL, PUNITIVE OR INCIDENTAL DAMAGES OF ANY TYPE, WHETHER BUYER'S CLAIM SHALL BE BASED IN CONTRACT, TORT, WARRANTY, STRICT LIABILITY, NEGLIGENCE, OR OTHERWISE. IT IS EXPRESSLY AGREED THAT BUYER'S REMEDIES EXPRESSED IN THIS PARAGRAPH ARE BUYER'S SOLE AND EXCLUSIVE REMEDIES.

4. LIMITATION OF BUYER'S REMEDIES AND SELLER'S LIABILITY FOR FAILURE OR DELAY IN DELIVERY. NO DELIVERY DATES ARE GUARANTEED. BUYER'S SOLE AND EXCLUSIVE REMEDIES AND SELLER'S ONLY LIABILITY FOR ANY DELAY IN DELIVERY SHALL BE LIMITED AS SET FORTH IN PARAGRAPH 3 OF THIS CONTRACT.

5. FORCE MAJEURE. In any event and in addition to all other limitations stated herein, Seller shall not be liable for any act, omission, result or consequence, including but not limited to any delay in delivery or performance, which is (i) due to any act of God, the performance of any government order, any order bearing priority rating or order placed under any allocation program (mandatory or voluntary) established pursuant to law, local labor shortage, fire, flood or other casualty, governmental regulation or requirement, shortage or failure or raw material, supply, fuel, power or transportation, breakdown of equipment, or any cause beyond Seller's reasonable control whether of similar or dissimilar nature to those above enumerated, or (ii) due to any strike, labor dispute, or difference with workers, regardless of whether or not Seller is capable of settling any such labor problem.

6. BUYER'S OBLIGATION TO PASS ON LIMITATION OR WARRANTIES AND REMEDIES. In order to protect Seller against claims by Buyer's buyer, if Buyer resells any of the products purchased under this agreement, Buyer shall include the language contained in paragraphs 2 and 3 of this agreement, dealing with Seller's limitations of warranties and remedies, in an enforceable agreement with Buyer's buyer, or otherwise include language in an enforceable agreement with its buyer that makes Seller's limitation of warranties and remedies binding on its buyer. Buyer shall also include a provision in its agreement with its buyer applying Ohio law to any claims its buyer might assert against Seller with respect to products manufactured by Seller, and requiring its buyer to bring any such action against Seller either in federal district court in Cincinnati, Ohio or the common pleas court for Butler County, Ohio. Buyer shall defend, indemnify and hold Seller harmless from any and all claims, causes of action, damages, losses or expenses (including reasonable attorneys' fees) that Seller incurs by reason of Buyer's failure to comply with this paragraph.

7. PASSAGE OF TITLE. Title to the products sold hereunder shall pass upon delivery to the carrier at the point of shipment. Neither Buyer nor the consignee shall have the right to divert or reconsign such shipment to any destination other than specified in the bill of lading without permission of the Seller. Unless otherwise agreed Seller reserves the right to select the mode of transportation.

8. PAYMENTS AND LATE CHARGES ON PAST DUE ACCOUNTS. Buyer represents that Buyer is solvent and can and will pay for the products sold to Buyer in accordance with the terms hereof. If Buyer shall fail to comply with any provision or to make payments in accordance with the terms of this contract or any other contract between Buyer and Seller, Seller may at its option defer shipments or, without waiving any other rights it may have, terminate this contract. All deliveries shall be subject to the approval of Seller's Credit Department. Seller reserves the right, before making any delivery, to require payment in cash or security for payment, and if Buyer fails to comply with such requirement, Seller may terminate this contract. A late charge of 1-½% monthly (18% annual rate) or the maximum allowed by state law, if less, will be imposed on all past due accounts, and Buyer is responsible for all costs of collection including without limitation reasonable attorneys' fees and court costs.

9. TRANSPORTATION CHARGES. Delivered prices or prices involving competitive transportation adjustments shall be subject to appropriate adjustment to reflect changes in transportation charges.

10. CLAIMS BY BUYER. Buyer shall thoroughly inspect products sold under this contract immediately upon receipt to verify conformance with the specifications of the contract. Buyer must notify Seller of claims for failure or delay in delivery within 30 days after the scheduled delivery date. Buyer must notify Seller of any claims for nonconforming or defective products within 30 days after the nonconformity or defect was or should have been discovered. In addition, Seller must be given an opportunity to investigate the claim before Buyer disposes of the material, or else Buyer's claim will be barred. Seller shall incur no liability for damage, shortages, or other cause alleged to have occurred or existed at or prior to delivery to the carrier unless the Buyer shall have entered full details thereof on its receipt to the carrier.

11. MECHANICAL PROPERTIES; CHEMICAL ANALYSES. Data referring to mechanical properties or chemical analysis are the result of tests performed on specimens obtained from specific locations of the product(s) in accordance with prescribed sampling procedures; any warranty thereof is limited to the values obtained at such locations and by such procedures. There is no warranty with respect to values of the materials at other locations.

12. PATENTS. Seller shall indemnify Buyer against attorneys' fees and any damages or costs awarded against Buyer in the event any legal proceeding is brought against Buyer by a third person claiming the material delivered hereunder in itself constitutes an infringement of any U.S. patent, provided Buyer gives Seller prompt notice of any such suit being brought, gives Seller the opportunity to defend any such suit, and cooperates with Seller with respect to any such defense; unless the material is made in accordance with material designs, or specifications required by Buyer, in which case Buyer shall similarly indemnify Seller.

13. PERMISSIBLE VARIATIONS. The products sold hereunder shall be subject to Seller's standard manufacturing variations, tolerances and classifications.

14. TECHNICAL ADVICE. Buyer represents that it has made its own independent determination that the products it is purchasing under this contract meet the design requirements of Buyer's project and are suitable for Buyer's intended application. Buyer further represents that it has not relied in any respect on any written or oral statements or advice from Seller, other than the standard product specifications set forth in the most recent addition of Seller's published product brochures, in making that determination.

15. TAXES. No taxes imposed with respect of the sale of the products or services sold hereunder are included in any quotation by Seller. All applicable taxes shall be added and paid by Buyer in addition to the purchase price.

16. BUYER'S RIGHT OF TERMINATION. Buyer may terminate this contract in whole or in part upon notice in writing to Seller. Seller shall thereupon cease work and transfer to Buyer title to all completed and partially completed products and to any raw materials or supplies acquired by Seller especially for the purpose of performing this contract, and Buyer shall pay Seller the sum of the following:
(1) the contract price for all products which have been completed prior to termination;
(2) the cost to Seller of the material or work in process as shown on the books of Seller in accordance with the accounting practice consistently maintained by Seller plus a reasonable profit thereon, but in no event more than the contract price;
(3) the cost f.o.b. Seller's plant of materials and supplies acquired especially for the purpose of performing this contract; and
(4) reasonable cancellation charges, if any, paid by Seller on account of any commitment(s) made hereunder.

17. SELLER'S RIGHT OF TERMINATION. In addition to the other rights of termination provided for in this contract, and if this contract is made pursuant to any governmental rule or regulation, plan, order or other directive, upon the directive, effected or impaired.termination thereof, Seller shall have the option of canceling this contract in whole or in part.

18. WAIVER. Failure or inability of either party to enforce any right hereunder shall not waive any right in respect to any other or future rights or occurrences.

19. DELIVERY. Unless otherwise agreed to in writing by the Seller, the Buyer hereby agrees to take delivery of the materials on this order within the later of thirty (30) days after the wanted date shown on the face of the order or within thirty (30) days after notification, oral or written, that the materials are ready for shipment. In the event that the Buyer does not arrange to take delivery of the materials in accordance with this Contract, Seller, at Seller's option, may:
(a) invoice the Buyer for the materials less freight if applicable; store the material in Seller's yard for a period not to exceed sixty (60) days from the date of invoice; charge a storage fee not to exceed 5% per month or fraction thereof of the selling price of the stored materials; add any applicable price increases listed on the face of the order; charge for any repair work to protective coatings harmed by weathering while such material is being stored; and charge applicable freight when shipment to the Buyer is made. Materials remaining in storage after sixty (60) days from the invoice date shall become the property of the Seller for disposition at the Seller's discretion. In that event, Buyer shall not be liable for the invoice price of the materials, but shall be liable for the storage fee and any repair work to protective coatings; or
(b) cancel the order and invoice the Buyer for cancellation charges, which shall be 25% of the selling price of the materials if the materials are standard, in-stock material, or the full selling price if the materials are special or nonstandard in nature and were especially fabricated for the Buyer.

20. PERIOD OF LIMITATIONS. Buyer and Seller agree that any action by Buyer against Seller relating to this contract or the products sold hereunder, including, without limitation, any action for breach of contract or warranty, or otherwise in connection with the products sold under this contract, must be commenced by Buyer against Seller within one year after the cause of action therefore accrues or one year of delivery of the products sold hereunder, if less.

21. CONFLICTING PROVISIONS OFFERED BY BUYER. Any terms and conditions of any purchase order or other instrument issued by the Buyer, in connection with the subject matter of this document, which are in addition to or inconsistent with the terms and conditions expressed herein, will not be binding on Seller in any matter whatsoever unless accepted by Seller in writing.

22. SEVERABILITY. In case any provision of this contract shall be declared invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired.

23. APPLICABLE LAW. This contract shall be governed by, and construed and enforced in accordance with, the laws of Ohio. Buyer and Seller specifically agree that any legal action brought relating to this contract shall be brought and tried exclusively in the federal district court in Cincinnati, Ohio, or, in the absence of jurisdiction, the Butler County Court of Common Pleas in Hamilton, Ohio.

Additional Good Faith Efforts

Ghilotti Bros., Inc. (GBI) has a long history of meeting or exceeding contract expectations in our projects for safety, schedule, budget and quality, but we regularly go beyond that when working towards the Departments overall goals and aspirations for utilization of DBE's by participating over and above a project specific requirement. While we routinely solicit vendors and subcontractors through our comprehensive and systematic outreach on a job by job basis, our companies 3rd generation Ownership, President Mike Ghilotti, serves on the Department's DBE Participation Committee, Task Group B, with Mark Leja and other Caltrans leadership and industry members to provide feedback and guidance to the Department regarding the construction marketplace and DBE participation. GBI regularly attends various Caltrans, county, city and agency outreach, networking, and pre-bid meetings to network with potential DBE's and explain the opportunities working with GBI can provide.

GBI has had the pleasure of working with Pendergast Consulting Group over the past five years on small and disadvantaged business participation programs for large and small construction projects, most notably the Doyle Drive reconstruction program in San Francisco. On that particular project, GBI teamed with Environova Consulting, a small local business headed by Basil Falcone, for Environmental Health and Safety Services. GBI fostered the relationship and has continued working with Environova well beyond San Francisco and the Doyle Drive program. Environova's mentored success with GBI's assistance now has them servicing large contractors including Hathaway Dinwiddie, Pankkow, and Swinerton.

Mr. Pendergast has shared with us the significant ways that GBI could work with numerous agencies such as Caltrans, the Golden Gate Business Administration, San Francisco Human Rights Commission, and San Francisco County Transportation Authority to name a few, introducing us to dozens of vendors that routinely go undocumented as outreach. We often "meet and greet" subcontractors by having them come into our office to see how we operate and meet our GFE administrator and the Estimators as well as Company leaders.

GBI intends to continue to be an industry and Department resource for DBE vendor implementation. In the spirit of our past success with emerging businesses, we've recently engaged and offer the following firms as additional examples of our outreach efforts.

- Anvil Builders
- Azul Works
- D-Line Constructors
- Empire Engineering and Construction
- The Their Group

Good Morning,

We are interested in getting in touch with the DBE/SBE/LBE firms who attended today's networking event as soon as the list is available in order to encourage bidding participation on upcoming projects.

If there are future opportunities for networking with these DBE/SBE/LBE firms, please let us know.

Thank you,

Melissa Daniels

Task Group B Status Update
December 3, 2013

Task Group B Members	
Mark Leja, Caltrans	Laura Bills, Nitta Inc.
Angela Shell, Caltrans	Mike Ghilotti, Ghilotti Bros.
Ramon Carlos, Caltrans	Mark Serrano, RE Serrano
John McMillan, Caltrans	Jeff Turner, Flatiron
Rita Ferguson, G & F Concrete	
Debbie Hunsaker, Alert-o-Lite	

The task group held a conference call on November 22, 2013 to discuss the remaining action items.

Action Item Updates

Action item #1 – Attend outreach events to discuss post-award DBE information

Status – The fact sheet was completed by OBEO and Construction and is ready for hand out at outreach events where DBE firms will attend. The fact sheet was also handed out at the Caltrans-Industry meetings on December 2nd and 3rd.

OBEO and Construction are continuing to work on a fact sheet related to the DBE program as well as identifying appropriate outreach events for Construction staff to attend. The fact sheet will be handed out by Caltrans staff at outreach events to educate current and future DBE firms on pre/post award activities related to DBE use on projects.

Action item #2 – Acknowledge Prime Contractors Who Use DBE Firms

Status - The Commitment at Award report has been updated to incorporate additional information requested by the task group. This report is being handed out at regular industry and SBC meetings.

OBEO is also working on a Utilization report to be used as another consideration tool for acknowledging prime contractors who consistently use DBE firms. This report should be ready sometime early in 2014.

The DBE Commitment at Award report is being updated by Ramon Carlos to add the following comments: (1) the data is only for federal-aid contracts and (2) what some of the columns mean – such as the contractor's column. Ramon is also working with the design-build team to capture DBE participation on those contracts.

This report will continue to be monitored over the next fiscal year and an evaluation will be conducted with respect to recognizing prime contractors with high participation numbers.

Action item #3 – Notifying listed DBE firms of contract award – **Completed**

Status - An email was sent on November 7, 2013 to all DBE firms notifying them of the availability of contract award information on the Office Engineer website.

The Award Tracker Report is now being updated regularly by Office Engineer. Ramon is working with the DBE Certification Unit to see when an email can be sent out notifying DBEs that they can check this Award Tracker Report to see if a project was awarded using their firm.

Action item #4 – Improving Enforcement - Use of District Small Business Liaisons/Dispute Resolution

Status – 1) Training of district small business liaisons was completed in September. 2) The idea of Industry setting up its own dispute resolution processes was discussed during the December industry meetings for further action as necessary on Industry's part.

An idea is to have Industry (Primes/Subs/Suppliers) arrange for their own DRB services. Construction would support a request to the industry associations for them to consider offering this service to their members and will bring it up at our liaison meetings.

Action item #5 – Use of Joint Checks on Caltrans Projects

Status – OBEO sent out a joint check survey to all DBE firms in mid-October. The results have been tabulated and were discussed during the task group conference call. Initial results indicate most DBE firms are not currently using the joint check process. The task group believes the prime contractors should also weigh in on the use of joint checks outside the DBE program and the benefits to subcontractors and/or DBEs. OBEO and Construction will develop a survey for primes and then evaluate the results of both surveys before moving forward with additional discussions with FHWA on the use of joint checks.

Construction and OBEO developed a draft survey and provided it to the task group for review. Edits are being made by Ramon Carlos and he is working on sending the survey to all DBE firms in the database. When the results of the survey come in, the group will include an analysis of the survey in its recommendation for moving forward with the use of joint checks on Caltrans projects.

Conference Call Summary

Attendance
Angela Shell, Caltrans
John McMillan, Caltrans
Ramon Carlos, Caltrans
Rita Ferguson, G&F Concrete
Laura Bills, Nitta Erosion Control, Inc.
Mike Ghilloti, Ghilotti Bros.
Jeff Turner, Flatiron
Mark Serrano, RE Serrano

Summary
Mark Leja was unable to attend the call due to a last minute schedule conflict so Angela Shell started the conference call with discussion of the remaining action items.

Action item #1 – Attend outreach events to discuss post-award DBE information

OBEO and Construction completed the fact sheet related to certification and monitoring and enforcement activities within the DBE program. The draft document was emailed to the members prior to the call. A suggestion was made to present the fact sheet at the upcoming construction industry meetings for informational purposes.

Construction now has a list of outreach events for the next few months and the fact sheets will be handout out at these events. Rita Ferguson asked if Caltrans was still interested in attending industry outreach events and Angela confirmed that Caltrans could with consideration of location and available resources. Rita will forward the list of events to Angela.

During the discussion of this topic, Laura Bills identified an issue with OBEO Contract Evaluation unit staff throwing out bids from DBEs as a result of staff confusion on appropriate work codes for DBE participation. Ramon Carlos indicated he would provide that feedback to OBEO staff.

Action item #2 – Track DBE commitment at award

The DBE commitment at award report is complete and is being updated on a monthly basis. Angela did not provide it to the task group members for this meeting but committed to providing it at all future meetings so the task group can evaluate how contractors are doing at meeting the DBE contract goals. Jeff Turner asked if the report can be posted in the internet for easily accessing the information. Ramon indicated the plan is to post it on OBEO's website.

Ramon also indicated he is working on a similar report for utilization at the end of the project. He expects the report to be ready for presentation sometime after January 1, 2014. It will be presented to the task group members at the next conference call.

Action item #3 – Notifying listed DBE firms of contract award

An email was sent to all DBE firms in November with information on how to review the Caltrans Award Tracker report to see if their firm has been listed for participation credit. Ramon received positive feedback from DBE firms on the content of the email. Several DBE emails came back as undeliverable and some DBEs have indicated they did not receive the email at all. Ramon is providing that feedback to the OBEO Certification Unit for updating of DBE records.

This item is complete and no further action is required from the task group.

Action item #4 – Use of District Small Business Liaisons as a Resource/Dispute Resolution
The district small business liaisons have been trained on basic construction processes such as payroll and progress payments/stop notices. The district staff is actively engaged in assisting DBE and small business firms with concerns or issues.

The group discussed bringing the issue of identifying an alternative process for dispute resolution between the prime and subcontractors to the December Caltrans-industry meetings for gathering ideas on how this concept might work. Prompt payment to both DBEs and subcontractors in general appears to be one of the main dispute topics. Both Rita and Laura brought forward perspectives on delayed payments and the availability of the stop notice process. The group agreed that if the project itself had some mechanism of partnering (dispute resolution or a partnering process) then disputes could be resolved faster.

Action item #5 – Use of Joint Checks on Caltrans Projects
A joint check survey was sent to all DBE firms in October. The results of the survey were provided to the task group prior to the conference call. The survey seems to suggest that many DBEs are either not familiar with the process or are not using it. The data also seems to suggest that many of the responding DBEs may not be operating in the construction industry. The task group suggested sending the survey out to prime contractors to get a full perspective on the benefit and use of joint checks. Mark Serrano suggested that not allowing a joint check process could result in some closed opportunities for use of DBE firms due to perceived risks for performance or payment issues and the inability of a DBE firm to provide bonding on a project. Rita agreed that there are some aspects of the joint check process that are relative to a DBE firm being able to participate on a project. Mike Ghilotti suggested sending the prime contractor survey to the industry associations as well.

Ramon and Angela will work on questions for a prime contractor joint check survey and report back to the task group during the next conference call.

Mark suggested revisiting the fraud discussion with FHWA to see if any additional clarification can be provided to help with moving the process forward.

The next full committee meeting is December 3, 2013 at 1:30 pm. Mark will report on the progress of the action items.

Disadvantaged Business Enterprise Participation Committee – Meeting Record
AGC Office – 3095 Beacon Boulevard, West Sacramento, CA 95691
September 25, 2013 – 1:30 p.m. to 3:30 p.m.

A. Welcome and Introductions – René Halverson

1. Called to order at 1:38 p.m.

B. Review - René Halverson

1. Agenda and meeting record – reviewed; no changes.
2. Committee Charter
   a. Committee members agreed to continue their work.
   b. No changes to the charter at this time.
   c. Per the charter, the committee will review again in July, the end of the fiscal year.
   d. Re: inconsistent attendance – committee continues to support the need for members to be physically present; will evaluate individuals who have been inconsistent in their attendance on a case by case basis.
3. Committee structure
   a. Suggested adding a trucking or supplier business to the committee; Co-Chair René Halverson will also talk further with Angela Shell, Construction, about this matter. This suggestion was supported by the committee. Greg Dineen has access to many trucking companies; stated it might be a good idea to have a trucker who has just received a contract to join the committee.
   b. Co-Chair Halverson pointed out this committee was originally conceived as a smaller focus group –having reached the one-year mark, the chairs are open to changes the committee might suggest.
   c. Report provided by Ramon Carlos' staff might also be considered a source for primes and subs.
   d. Importance of consistent attendance by the industry representatives already on the committee – it was pointed out the committee does not need more primes, but needs those on the committee to participate.
   e. According to Rita Fergeson, Kiewit is interested in joining the committee.
   f. Importance of FHWA participation – Mike Duman, the committee's FHWA representative, is currently on assignment out of state; it may be necessary to make an exception to the "no alternates" policy of the committee in order to have another representative from FHWA attend.
4. New item for assignment: Caltrans consider revising the insurance language requirements for subcontractors proposed by Rebecca Llewellyn
   a. This matter was initially raised by Ms. Llewellyn through the Construction Committee of the Statewide Small Business Council (SBC).
   b. Sample put forth by Ms. Llewellyn is taken from the language used by SANDAG:
      Insurance required of the Contractor shall be provided by or in behalf of all subcontractors to cover their operations performed under this Agreement. Contractor shall not require subcontractors to maintain insurance amounts that are disproportionate to the scope and dollar value of work subcontracted. Contractor shall be held responsible for all modifications, deviations, or omissions in these insurance requirements as they apply to subcontractors.
   c. Agreed this new task assignment will be handled by Task Group B chaired by Mr. Leja.

d. Co-Chair Halverson requested the task group work with the SBC Construction Committee through Ramon Carlos.

5. Reports from OBEO Small Business Unit – Ramon Carlos
   a. DBEs that have received contracts with Construction between 10/1/12-6/30/13 – 2-pages; quarterly report; this is new; first was distributed in January; next will be available in December.
   b. A&E contracts from 10/1/12-6/30/13 – 1 page.
   c. Other reports being developed: a breakdown of individual contract utilization of DBEs.

C. Task Group B: Post-Construction Issues – Mark Leja

[Refer to the handout distributed at the meeting for a more detailed report.]
Action Item 1, Attend outreach events to discuss post-award DBE information – work in progress.
Action Item 2, Acknowledge prime contractors who use DBE firms – using recognition as the incentive. Ms. Llewellyn mentioned District 11 uses this approach very successfully.
Action Item 3, Notifying listed DBE firms of contract award – Award Tracker Report online is being updated regularly and serves as a way for firms to check if a project has been awarded using particular DBEs.
Action Item 4, Improving enforcement; use of District Small Business Liaisons – see handout.
Action Item 5, Use of joint checks on Caltrans projects – per Ramon Carlos, the survey is being prepared and should go out in the first week of October; will be sent to over 4,500 DBEs. Ms. Llewellyn commented the banks are not taking two-party checks. The survey is an opportunity for DBEs to reveal their experiences such as this.
Other discussion:

1. DRB – utilize for dispute resolution; also suggested the American Arbitration Association [www.abr.org]; best to have an independent third party to resolve issues.
2. Caltrans encourages primes to have a dispute resolution process in place for resolving issues with their subcontractors. David Jones, AGC, who was sitting in for Sam Hassoun, mentioned AGC has a list of dispute resolution resources.
3. Steve Rhoades asked who enforces the prompt payment act – after listening to Mr. Rhoades' situation, it was concluded he needed to file for a stop notice. In other cases, the matter might be managed through a dispute resolution board to possibly avoid a stop notice. Ms. Shell also suggested notifying the Contractors State Licensing Board.
4. Most problems are associated with primes new to doing business with the State – Ms. Ferguson noted new contractors, while new to contracting with the State, will sometimes withhold payment to the subs despite receiving payment from Caltrans. Co-Chair Halverson suggested matters such as these would fall under Action Item 4 regarding enforcement.

D. Task Group C: Pre-Construction Issues – Sanjay Singh for Janice Salais

[Refer to the meeting record as a reference for this report.]
The group was not able to meet over the past three months, so Mr. Singh's report was limited to what he had knowledge of through his work in Certification.
Action Item 7, Develop a chronological fact sheet on changes to 49 CFR Part 26, which will be placed on the OBEO website – on hold due to changes anticipated

with the New Proposed Rule Making.
Action Item 10 – Develop a DBE certification process flow chart – completed and posted on the Caltrans web page.
Action Item 11 – Address outcome of the list of action items for this task group – ongoing; to be assessed in January 2014.
Other discussion:

1. Transitioning from NAICS to work code – discussions with IT have revealed a replacement code would have to be used.
2. Co-Chair Halverson said they are pursuing an IT solution to replace the database, but it is not certain what the outcome will be; the source holding the data is the main challenge, because it is built on an old Oracle database.

E. Wrap-Up and Next Steps

1. Decisions
   a. Explore trucking companies for potential committee member; work with Ms. Shell and current data for suggestions.
   b. Primes – review the participation of prime firm representatives currently serving on the committee.
   c. FHWA presence at meetings – agreed this is necessary; while Mike Duman is on assignment out of state, the committee is willing to consider an alternate; Co-Chair Halverson will pursue this matter.
2. Next steps
   a. Task groups will continue their work.
3. Next meeting scheduled for **Tuesday, December 3, 2013, 1:30 p.m. to 3:30 p.m., AGC Office in West Sacramento** (to be confirmed).

F. Adjournment – Meeting adjourned at 3:07 p.m.

Task Group B Update
September 25, 2013

Ramon Carlos, Caltrans	Mark Serrano, RE Serrano
John McMillan, Caltrans	Jeff Turner, Flatiron
Rita Ferguson, G & F Concrete

The task group held a conference call on August 30, 2013 to discuss the remaining action items.

Action Item Updates

Action item #1 – Attend outreach events to discuss post-award DBE information

OBEO and Construction are continuing to work on a fact sheet related to the DBE program as well as identifying appropriate outreach events for Construction staff to attend. The fact sheet will be handed out by Caltrans staff at outreach events to educate current and future DBE firms on pre/post award activities related to DBE use on projects.

Action item #2 – Acknowledge Prime Contractors Who Use DBE Firms

The DBE Commitment at Award report is being updated by Ramon Carlos to add the following comments: (1) the data is only for federal-aid contracts and (2) what some of the columns mean – such as the contractor's column. Ramon is also working with the design-build team to capture DBE participation on those contracts.

This report will continue to be monitored over the next fiscal year and an evaluation will be conducted with respect to recognizing prime contractors with high participation numbers.

Action item #3 – Notifying listed DBE firms of contract award

The Award Tracker Report is now being updated regularly by Office Engineer. Ramon is working with the DBE Certification Unit to see when an email can be sent out notifying DBEs that they can check this Award Tracker Report to see if a project was awarded using their firm.

Action item #4 – Improving Enforcement - Use of District Small Business Liaisons

1) OBEO conducted a two day training/meeting with the Small Business Liaisons on September 11th and 12th. The Division of Construction provided information to staff on the stop notice process and other enforcement activities conducted in the districts.

2) During the task group conference call, a discussion occurred on identifying an alternative process for dispute resolution between the prime and subcontractors. The use of the informal dispute resolution advisor or board could provide an avenue for primes and subs to resolve issues before they get to the stop notice or claim process.

Another idea is to have Industry (Primes/Subs/Suppliers) arrange for their own DRB services. Construction would support a request to the industry associations for them to consider offering this service to their members and will bring it up at our liaison meetings.

Action item #5 – Use of Joint Checks on Caltrans Projects

Construction and OBEO developed a draft survey and provided it to the task group for review. Edits are being made by Ramon Carlos and he is working on sending the survey to all DBE firms in the database. When the results of the survey come in, the group will include an analysis of the survey in its recommendation for moving forward with the use of joint checks on Caltrans projects.

Conference Call Summary

Attendance
Mark Leja, Caltrans
Angela Shell, Caltrans
Mulissa Smith, Caltrans
Ramon Carlos, Caltrans
Mike Ghilloti, Ghilotti Bros.
Jeff Turner, Flatiron
Debbie Hunsaker, Alertolite

Summary
Mark Leja kicked off the conference call with a brief review of the minutes from the June 2013 full committee meeting. The task group then moved to discussions of the remaining action items.

Action item #1 – Attend outreach events to discuss post-award DBE information

OBEO and Construction are continuing to work on a fact sheet related to the DBE program as well as identifying appropriate outreach events for Construction staff to attend. The fact sheet will be handed out by Caltrans staff at outreach events to educate current and future DBE firms on pre/post award activities related to DBE use on projects. A final draft of the fact sheet will be sent to the task group members for review and comment.

Action item #2 – Track DBE commitment at award

Ramon Carlos provided an updated copy of the DBE Commitment at Award report. The task group asked that Ramon add some notes on the report identifying that (1) the data is only for federal-aid contracts and (2) that the prime contractor column relates to the number of contracts awarded. Debbie Hunsaker asked if the report could also capture design-build project information. Ramon advised that he is currently working with Ray Tritt's group to capture the data for design-build contracts.

Action item #3 – Notifying listed DBE firms of contract award

This issue still remains outstanding. Office Engineer suggested that perhaps a DBE corner could be added to the Office Engineer, Contractors Corner web page that DBE firms could click on and get to information that might assist with identifying if a firm was listed on a given project.

Angela will work directly with Office Engineer staff to see if a DBE link can be implemented.

Action item #4 – Use of District Small Business Liaisons as a Resource
The group discussed the use of the district small business liaisons for increased assistance with contractual issues and disputes. After some discussion, the group decided that the liaisons may not be the best avenue to resolve disputes; rather the project personnel would be better equipped to respond to contractual disputes.

OBEO will be conducting a two day training/meeting with the Small Business Liaisons in September. The Division of Construction will provide information to staff on the stop notice process and other enforcement activities conducted in the districts.

The discussion turned to identifying an alternative process for dispute resolution between the prime and subcontractors. The use of the informal dispute resolution advisor or board could provide an avenue for primes and subs to resolve issues before they get to the stop notice or claim level. Mark agreed to look into current Caltrans policy on the use of the dispute resolution process and whether it could be applied to issues between primes and subs.

Action item #5 – Use of Joint Checks on Caltrans Projects
The group discussed the draft questions for the joint check survey. The recommended edits are as follows:

1) Remove question number 1 – Do you use joint checks on Caltrans projects?
2) Include a definition of joint checks as provided in FHWA guidance
3) Have you done work on Caltrans projects before?
4) Are you in favor of this practice; how has it benefitted you?

To solicit a broader response, the group also asked that the survey be sent to all DBE firms in the database rather than just those who regularly work on Caltrans projects. Ramon and Angela will edit the survey and work with OBEO to have it sent out.

The next full committee meeting is September 25, 2013 at 1:30 pm. Mark will report on the progress of the action items.

Action/Task	Who is responsible/ presented	By when	Status
A. Welcome and Introductions – René Halverson, Assistant Director, OBEO and Co-Chair 1. Agenda review 2. Thank you to Sam Hassoun for hosting the meeting and providing a delicious lunch.			
B. Recap of Last Meeting - René Halverson			
1. OCIP is being addressed by a pilot program – **Completed;** we are removing this from the task list. 2. The 3 task groups discussed their progress and recommendations A. Protests and Complaints (John McMillan) – **Completed;** this group will sunset. B. Utilization (Mark Leja) - **In progress;** still has quite a bit of work to do. C. DBE Certification (Janice Salais) - **In progress;** they will continue with their recommendations.			
C. Task Group B: Utilization - Mark Leja & Angela Shell			
Group Recommendations [See handout, "Task Group B – Utilization and Reporting Summary of Action Items"] 1. Attend outreach events where DBE firms will be- **In Progress.** a. Provides an opportunity to educate and talk to DBE firms as well as inform them about our monitoring process b. Ramon Carlos gave three handouts [Two titled "Caltrans SB, DVBE, & DBE Outreach Activities 2012-2013 Cumulative PDR" and "Caltrans Annual Overall Outreach Events January 1, 2012 – December 31,2012"] showing various outreach events Caltrans has attended. c. Construction will determine which events are appropriate for Caltrans to attend and provide information, specifically for DBEs 2. Acknowledge prime contractors who use DBE firms - **In Progress.** a. The "Utilization Reports for FFY 2011-2012" [1. DBE Utilization FFY 2011-2012 Prime Awards $0.00-$1 Million, 2. DBE Utilization FFY 2011-2012 Prime Awards $1 Million-$10 Million and 3. DBE Utilization FFY 2011-2012 Prime Awards $10 Million and Above] and "DBE Commitment at Award FFY 12-13" handouts show the top performing prime contractors with respect to meeting DBE goals for the last federal fiscal year. b. Ramon Carlos pointed out the prime contractor only receives DBE credit when a 2402 form is received. Caltrans does spot checking by confirming with payroll that the DBE was on site and only counting the DBEs who were used on a contract. c. Sam Hassoun stated the primes continue using the same DBEs who they know will help them get the lowest bid. d. Mark Leja suggested we keep gathering the data as a performance record and then determine if we want to provide recognition. 3. Notifying DBE firms of award of contract where DBE is listed - **In Progress.** a. Suggested sending an email to the DBE to let them know they were listed on a contract, so the DBE can reach out to the prime rather than wait for the prime to contact them. b. Still working on details. Construction is working with Office Engineer and OBEO on implementing the email notice.			

Action/Task	Who is responsible/ presented	By when	Status
4. More frequent reporting of DBE participation - **In Progress.** a. Suggested a pilot quarterly reporting requirement on 10 construction projects to capture committed DBE participation. See handout, "Disadvantaged Business Enterprise Participation Quarterly Report". b. This form would show real time. Currently this information is provided at the end of a project. c. Concerns relating to incentives as well as performance failure were also brought up and discussed.			
D. Task Group C: DBE Certification - Janice Salais			
Group Recommendations 1. DBE Certification brochure – **Completed;** on OBEO website; shows the benefits of applying and who to apply with. 2. Sample DBE application – **Completed;** on OBEO website; gives examples of documents needed and how a completed application looks 3. DBE Certification PowerPoint and interactive training video – **Completed;** updated PowerPoint and is being used in workshops. Will be replaced by training video 4. Small Business Program's teleconference with District Small Business Liaisons – **Completed;** updates on Certification activities/issues are given at meetings every other month. 5. Outreach plan for the coming year - **In progress;** travel and resources are limited. 6. Chronological fact sheet on changes to 49 CFR Part 26 - **In progress;** OBEO's Small Business Program Unit is working on this with a completion date of June 2013. 7. Reorganize the DBE Certification Information on the OBEO website - **In progress**; information will be listed in bullet form. 8. Create peer-to-peer communication - **In progress**; training will coincide with this. 9. DBE Certification process flow chart - **In progress;** OBEO has one but it needs to be updated. 10. Identify ways to market the tools above - **In progress.** 11. Address outcomes of above activities - **In progress**; see if there are changes in behavior and this will be measured by January 2014			
Comments 1. Handout "Caltrans DBE Participation Committee March 5, 2013" was provided showing Group C's updates. The certification process is regulatory, so they focused on educating. 2. Handout "DBEs that have received contracts with Construction between Oct 1 2012-Dec 31 2012" was given showing DBEs who have received contracts with Construction between 10/1/12 & 12/31/12. Mark Leja suggested looking at all the available firms and then looking at who has applied. The handout is a good start on keeping track of who has worked with us; however it only shows firms who are receiving the work and not everyone who is bidding on the project. Only the 1st three bidders are shown on projects but it doesn't show the ones showing Good Faith effort. Mike Ghilotti suggested contacting firms to find out why they are not bidding. 3. OBEO has a list of 1700 firms who are eligible for DBE certification and show an interest in working on Caltrans' projects. OBEO is working on			

Action/Task	Who is responsible/ presented	By when	Status
contacting these firms and sending invites out to certification workshops. Mark Serrano pointed out that the certification process isn't hard, but it's hard for a DBE firm to get started based on the economy and to be competitive.			
E. Review and Prioritize the Remaining Issues From our September 2012 Kick-off Meeting [See handout, "Issues Identified at the September 6, 2012 kick-off meeting"]			
• The issue of joint checks was added to the list of issues as Issue #15. • #2, 6, 7, and 13 were combined as they all fall under pre-construction issues. • #1, 8 and 15 are post construction issues. • #11 is tabled until a later date.			
Task Group B: Issue #1, 8, and 15 #1: How can we decrease the need for preliminary notices and/or stop notices? • No bonding around policy • Subcontractors do not know progress pay amounts or get pay estimates • Caltrans does not know when prime contractors withhold money #8: How do we improve enforcement? • How do we protect subcontractors when the prime contractor is not performing? • How do we protect prime contractors when the subcontractor is not performing? • How do we resolve disputes between sub and prime contractors during construction? #15: Joint Checks	Mark Leja (lead), Laura Bills, Ramon Carlos, Mike Duman, Rita Ferguson, Mike Ghilotti, Debbie Hunsaker, John McMillan , Mark Serrano, Angela Shell, & Jeff Turner	June 4, 2013	**Assigned** – will provide update at next meeting
Task Group C: Issue #2, 6, 7, and 13 #2. How can we make OBEO data (CUCP) database more accurate and relevant? #6. How can we make outreach more effective? #7. How do we align expectations, knowledge, and communication among all parties?	Janice Salais (lead), Greg Dineen, Rob Effinger, Sam Hassoun, Bernard Johnson, Rebecca Llewellyn,	June 4, 2013	**Assigned** – will provide update at next meeting
