- 1) A minimum daily rate is any part of an 8 hour day and overtime will be charged for work done other than a regular weekday shift.
- 2) Modification to the work may require a change in the quote.
- 3) Unless otherwise indicated the unit prices are based on ABSL performing all the work included on the proposal. If ABSL does not receive a contract for all the work, the unit prices are subject to adjustment.
- 4) The unit prices are based on the estimated quantities in the bid proposal. If the quantity of the item changes by 25% or more the unit price is subject to equitable adjustment.
- 5) All teeth over one complete set will be charge to the contractor.
- 6) Prices are good for 30 days from the date of this proposal, after that date the prices are subject to adjustment
- 7) In the event there is an increase in the cost of fuel of more than \$0.50 per gallon during the performance of this contract, ABSL will be entitled to a \$75.00 per day fuel surcharge. The base cost of fuel shall be established on the bid date of the contract by reference to the Weekly Retail On-Highway Diesel Prices for California, as published by the U.S. Department of Energy on its web site at www.tonto.eia.doe.gov/oog/info/wohdp/diesel.asp.
- 8) If ABSL cannot proceed with its work as scheduled due to others, standby time will be charged at the following rate: \$425.00 per hour.
- 9) Downtime for equipment becoming stuck in wet or muddy sub-grade conditions will be charged at a stand-by time rate until removed. Additional equipment required for removal will be charged at a time and materials basis.
- 10) This proposal to be attached and made part of any and all resulting contracts.
- 11) The above price does not include permits, fees, bonding, state or local taxes.
- 12) This is a proposal only for the purpose of establishing a price for work as outlined. In the event ABSL is the low bidder a formal contract or PO suitable to both parties shall be prepared and fully executed.
- 13) Repairs of damage to ABSL equipment due to unmarked or buried obstructions; i.e. valve boxes, manholes covers, concrete, steel fence posts, steel pipe or excessive depth asphalt will be billed at time and material for repairs.
- 14) Backcharges to ABSL must be communicated by contractor in a written notice within 72 hours from the time of occurrence for backcharges.

Participation is estimated based on the fact that **Cal trans/Dot 49cfr** requires that the working truck itself be owned by a certified minority. It is difficult to get certified so this is tough to accomplish. By working with 2 firms it helps to bump participation. Each firm needs to be listed separately.

It is questionable as to where the trucks will be turning around on various days. In several places they would need help with traffic control in order to turn around. The bid is based on having this help. The AC paving loop times have a small allowance for traffic, turn around, and minor delays at jobsite included as well as load time. The baserock haul rates are based on help with turn-around at each delivery location. The areas are wide enough it's just the traffic. **Check for dump fees on dirt at CeMex/Vulcan. Haul is hourly.**

the items services are performed by us. We will reevaluate the quotes and increase the fees if we are required to prepare these items separately.

Note 2: Your construction team will work with us and take responsibilities for the storm event (pre, during and post storm) monitoring, daily monitoring, storm water sampling, testing and reporting tasks. We will train your specified employees to perform these tasks and reduce your cost for hiring us fulltime. We can provide you the defined scopes between us before we are hired for the job.

If you want us to take over the entire tasks, we can provide you an estimated fulltime fees upon your request.

If an incidental task is required such as reviewing or performing unpredictable weather related work, our rate for a QSD/QSP is \$110 per hour. Travelling time will be charged with this rate.

Tolls, parking and mileages per IRS rate with 10% administration fees will be charged separately from the quotes above. Our QSD/QSP will be travelling from Pleasant Hill to the site therefore the roundtrip mileage cost is \$42 for each field monitoring work.

Exclusion,

- Ensure all employees have current water pollution control training,
- Authority to mobilize crew.

The quotes above include the stipulations described under the General Terms and Conditions listed below:

Insurance or insurance coverage required in addition to or in excess of the insurance and coverage provided under this provision shall be paid for by Contractor in advance of being acquired by Consultant.

Billing. Except as otherwise provided herein, Consultant shall submit invoices monthly for work performed on the project. Payment term is net thirty (30) days from receipt of invoice for progress payment and net forty-five (45) days from receipt of invoice for retention payment. Payments not received in accordance with this provision shall accrue interest at the rate of one and one-half percent (1-1/2%) per month from due date until paid.

Instruments of Service. All plans, reports, data, photographs and other documents or electronic media prepared in whole or in part by or on behalf of Consultant ("Instruments of Service") shall not be used or permitted to be used by Contractor on any project other than the project for which Consultant prepared such Instruments of Service.

Change Orders and Extra Work. Consultant shall not be required to perform work different than or in addition to the scope of work agreed in Consultant's contract with Contractor without a written change order signed by Contractor and Consultant or extra work authorization signed by Contractor which includes an adjustment to the contract price and time for performance as agreed to by Contractor and Consultant.

Site Conditions. Contractor represents and warrants that the site conditions of the project are as represented in Consultant's contract with Contractor, drawings and specifications (collectively "Contract Documents") and acknowledges that Consultant has only relied on the site conditions as represented in the Contract Documents. Contractor shall be responsible for extra work necessitated by unforeseen site conditions not represented in the Contract Documents.

Force Majeure. Consultant shall not be liable for any damage or delays caused by any act or event beyond the reasonable control of Consultant, including, but not limited to, natural catastrophe, war or public disorder, strikes or labor disputes, and actions by a governmental authority.

Alternative Dispute Resolution. As a condition precedent to any legal action concerning any dispute between the parties which arises out of or relates to these General Terms and Conditions ("General Terms") or the Contract Documents, the parties shall mediate such dispute before the American Arbitration Association ("AAA") pursuant to the AAA's Construction Industry Arbitration and Mediation Procedures. Provided, however, that nothing contained in this provision shall prevent the parties from filing an action to preserve its rights to foreclose on a design professional or mechanic's lien, to enforce a stop notice claim, or to enforce a payment bond claim. The locale of the mediation shall take place at the AAA office nearest to the site of the project. Expenses of mediation shall be borne equally by the parties to the mediation.

Indemnity. Contractor shall indemnify, hold harmless, and defend (with counsel acceptable to Consultant) Consultant from any and all claims, damages, liabilities or other obligations of any nature arising out of or which relates to Consultant's work on the project, except that caused by the sole and active negligence of Consultant.

Incidental, Special, and Consequential Damages. Consultant shall not be liable for any incidental, special or consequential damages, including, but not limited to, loss of revenues or profits, liquidated damages, delay damages, or liabilities or other obligations to third parties.

Cooperation. Contractor shall cooperate with Consultant in obtaining documents and other information requested by Consultant, including, but not limited to, requests for information, change orders and other approvals, and the status of Consultant's applications for payment and payments to Contractor for work performed by Consultant. Contractor shall cooperate with Consultant's recommendations so as not to impair Consultant's ability to perform under the CGP and Caltrans' specifications, as applicable, by, among other things, mobilizing crews within 72 hours to implement or maintain BMPs or corrective actions, ensuring Consultant access to the construction site at all times including after hours, weekends and holidays, and properly managing construction materials, stockpiles and waste.

Application. These General Terms shall alter and supersede any conflicting terms or conditions contained in the Contract Documents concerning the work performed or to be performed by Consultant on the project including any provision purporting to alter or supersede these General Terms.

Construction. These General Terms shall not be construed against any of the parties and the rule of constructing contract ambiguities against the party drafting the contract shall be inapplicable.

Attorneys' Fees. In the event any legal action is filed which arises out of or relates to these General Terms or the Contract Documents, the prevailing party shall be entitled to recovery its reasonable attorney's fees and other costs, including expert costs, in addition to any other relief to which it may be entitled.

Governing Law. These Conditions and the Contract Documents shall be construed under, and governed by, the laws of the State of California.

Severability. If any provision contained herein is held to be invalid or unenforceable, such invalid or unenforceable provision(s) shall not affect the validity or enforceability of any other provision contained herein.

Survivability. The provisions contained in herein shall survive the completion, cancellation or other termination of Consultant's contract with Contractor.
