Summary Terms & Conditions

This Quote is subject to acceptance from Buyer within 30 days.

Aggregate deliveries are subject to Uniform Code 2-615: "Delay in delivery or non-delivery in whole or part by a seller is not a breach of his duty under a contract for sale, if performance as agreed has been made impractical by the occurrence of a contingency. The non-occurrence of which was a basic assumption on which the contract was made". Minimum loads are based on 25 ton cartage. All shipments are subject to truck availability. All materials are subject to availability by plant inventory, production schedules, shipping schedules, plant failure and/or equipment breakdown. Pricing is based on delivery during regular aggregate plant hours. All material is per engineer approval and is considered acceptable when tested and sampled per acceptable sampling standards at our plant. Ownership of materials transfers at gate. Should litigation be commenced to enforce payment, the prevailing party will be entitled to reasonable attorney and court fees. Credit terms: Payments are due on or before the 20th day of the month following the month of the invoice date for such purchase. Payment outside of these terms is a de facto loan and should be treated as such, therefore, we will be assessing a finance charge of 1% per month and the maximum amount of interest permitted under applicable law on all invoices not paid within the terms.

Haul rates are quoted in Bottom Dumps, additional fees will be added for transfers (see Aggregate Additional Fees). Any increase to Haul Rate shall be passed to customer. Landfill terms: All soil must be approved by Cemex prior to acceptance. No Bottom Dumps allowed

***Northern California Only**

The above product complies with CALTRANS Standard Specifications, July 1992, Section 68-1.025 for Class 2 Permeable Material, when loaded into carrier's equipment at Cemex plant.

ALL PRICES ARE NET 20 DAYS. ALL APPLICABLE SALES TAXES WILL BE ADDED TO AGGREGATE PRICES.
