Invitation to Bid

Services Needed for Caltrans Project #04-2J0704:

Ghilotti Bros., Inc. is actively soliciting quotes from certified DBE Subcontractors and Suppliers for the following categories of work: Construction Area Signs, Traffic Control System, Temporary Traffic Stripe (Tape), Channelizer (Surface Mounted), Thermoplastic Traffic Striping, Pavement Markers, Culvert, Concrete Barrier, Bridge Removal, Flatbed Trucking, Bottom Dump Trucking (Asphalt), End Dump Trucking, Rubberized Hot Mix Asphalt (Gap Graded), Cast-In-Drilled-Hole Concrete Pile, Minor Concrete, Structural Steel, Furnish Sign Structure (Truss), Roadside Signs, Alternative Pipe Culvert, Corrugated & Slotted Pipe, Miscellaneous Iron and Steel, Concrete Barrier (Transition), Reinforcing Steel, Maintaining Existing Traffic Management, Lighting And Sign Illumination, TOLLING SYSTEM INFRASTRUCTURE, Traffic Operations System, and other subcontract trades and suppliers. Dan Palmer (danp@ghilottibros.com 415-454-7011) is our Estimator for this project and is available to answer any questions and/or provide clarification regarding the scope of work; clarification of plans, specifications and requirements; bid preparation or any technical assistance. Non-DBE Subs/Suppliers: You are encouraged to carry a proportionate percentage of 2nd-tier DBE participation with your quote and this participation will be evaluated with your price.

Requirements:

NOTE**: Contractors License Number, DIR Registration Number and Caltrans (or other agency) DBE Number must be listed on any quote submitted to GBI**. 100% Payment and Performance Bonds as well as Insurance Waiver of subrogation are required of subcontractors. However, certified DBE's are encouraged to contact Ghilotti Bros. to request assistance if they are unable to meet the standard bonding or insurance requirements. Subcontractors must possess a current contractor's license, insurance and worker's compensation coverage. Subcontractors will be required to enter into our standard contract. Ghilotti Bros. intends to work cooperatively with all qualified firms seeking work on this project. Please note that this is a prevailing wage project and Ghilotti Bros. is Union signatory. Subcontractors will be subject to the terms and conditions of Ghilotti Bros.' subcontract and safety documents which are available upon request. Ghilotti Bros., Inc. is an Equal Opportunity Employer and actively hires U.S. Veterans.

CONTRACTOR

CONCRETE

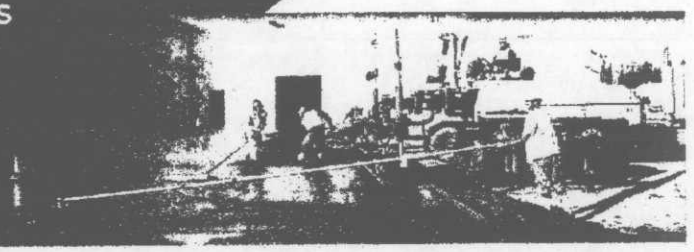
EASY TO PLACE | EASY TO FINISH | EASY TO MAKE MONEY

HELIX

BETTER CONCRETE

Reinforced concrete gives you:

- BETTER PROFIT MARGINS
- EASY FINISHING
- SAFER JOB SITE
- FASTER SCHEDULES



Helix is the only reinforcement alternative to rebar with a Uniform Evaluation Report (UES) covering use in structural concrete. The report, UES ER 279, provides assurance to the end user and building regulators that requirements of the International Building Code (IBC) and International Residential Code (IRC) for reinforcement have been satisfied with Helix. It's easy to work with, finishes well, requires no special equipment, works with a laser screed, and offers you tremendous opportunity, both in cost of materials and in time savings.

Engineers and property owners are demanding Helix Micro-Rebar. It's a cost effective alternative to rebar, mesh and other additives, that provides strength, durability and improved crack control. It won't rust, it's easy to trowel, and it's fully warranted—the only fiber reinforcement available that can make that offer. Provide your customers a superior choice: standard concrete, or highly versatile Helix concrete.

Using Helix Micro-Rebar is completely code approved. It's engineered to meet your demands and has a 13-year history of success with more than 50 million square feet already placed. And there is no risk: installation is fully warranted. Call our sales representative or visit our web site for more information. We have example projects from all over the USA and testimonials from satisfied builders just like you.

Good Moring Susan,

Yes, we can. I have reposted the ad to the web site with the new bid date at http://www.thedailyreporter.net/legal-ads.html

I'll also slide the ad into tomorrow's newspaper – it's last minute but every little bit helps.

No charge.

Wishing you a delightful week,

Steve

Additional Good Faith Efforts

Ghilotti Bros., Inc. (GBI) has a long history of meeting or exceeding contract expectations in our projects for safety, schedule, budget and quality, but we regularly go beyond that when working towards the Departments overall goals and aspirations for utilization of DBE's by participating over and above a project specific requirement. While we routinely solicit vendors and subcontractors through our comprehensive and systematic outreach on a job by job basis, our companies 3rd generation Ownership, President Mike Ghilotti, serves on the Department's DBE Participation Committee, Task Group B, with Mark Leja and other Caltrans leadership and industry members to provide feedback and guidance to the Department regarding the construction marketplace and DBE participation. GBI regularly attends various Caltrans, county, city and agency outreach, networking, and pre-bid meetings to network with potential DBE's and explain the opportunities working with GBI can provide.

GBI has had the pleasure of working with Pendergast Consulting Group over the past five years on small and disadvantaged business participation programs for large and small construction projects, most notably the Doyle Drive reconstruction program in San Francisco. On that particular project, GBI teamed with Environova Consulting, a small local business headed by Basil Falcone, for Environmental Health and Safety Services. GBI fostered the relationship and has continued working with Environova well beyond San Francisco and the Doyle Drive program. Environova's mentored success with GBI's assistance now has them servicing large contractors including Hathaway Dinwiddie, Pankkow, and Swinerton.

Mr. Pendergast has shared with us the significant ways that GBI could work with numerous agencies such as Caltrans, the Golden Gate Business Administration, San Francisco Human Rights Commission, and San Francisco County Transportation Authority to name a few, introducing us to dozens of vendors that routinely go undocumented as outreach. We often "meet and greet" subcontractors by having them come into our office to see how we operate and meet our GFE administrator and the Estimators as well as Company leaders.

GBI intends to continue to be an industry and Department resource for DBE vendor implementation. In the spirit of our past success with emerging businesses, we've recently engaged and offer the following firms as additional examples of our outreach efforts.

- Anvil Builders
- Azul Works
- D-Line Constructors
- Empire Engineering and Construction
- The Their Group

Good Morning,

We are interested in getting in touch with the DBE/SBE/LBE firms who attended today's networking event as soon as the list is available in order to encourage bidding participation on upcoming projects.

If there are future opportunities for networking with these DBE/SBE/LBE firms, please let us know.

Thank you,

Melissa Daniels

Ramon Carlos, Caltrans	Mark Serrano, RE Serrano
John McMillan, Caltrans	Jeff Turner, Flatiron
Rita Ferguson, G & F Concrete

The task group held a conference call on November 22, 2013 to discuss the remaining action items.

Action Item Updates

Action item #1 – Attend outreach events to discuss post-award DBE information

Status – The fact sheet was completed by OBEO and Construction and is ready for hand out at outreach events where DBE firms will attend. The fact sheet was also handed out at the Caltrans-Industry meetings on December 2nd and 3rd.

OBEO and Construction are continuing to work on a fact sheet related to the DBE program as well as identifying appropriate outreach events for Construction staff to attend. The fact sheet will be handed out by Caltrans staff at outreach events to educate current and future DBE firms on pre/post award activities related to DBE use on projects.

Action item #2 – Acknowledge Prime Contractors Who Use DBE Firms

Status - The Commitment at Award report has been updated to incorporate additional information requested by the task group. This report is being handed out at regular industry and SBC meetings.

OBEO is also working on a Utilization report to be used as another consideration tool for acknowledging prime contractors who consistently use DBE firms. This report should be ready sometime early in 2014.

The DBE Commitment at Award report is being updated by Ramon Carlos to add the following comments: (1) the data is only for federal-aid contracts and (2) what some of the columns mean – such as the contractor's column. Ramon is also working with the design-build team to capture DBE participation on those contracts.

This report will continue to be monitored over the next fiscal year and an evaluation will be conducted with respect to recognizing prime contractors with high participation numbers.

Action item #3 – Notifying listed DBE firms of contract award – **Completed**

Status - An email was sent on November 7, 2013 to all DBE firms notifying them of the availability of contract award information on the Office Engineer website.

The Award Tracker Report is now being updated regularly by Office Engineer. Ramon is working with the DBE Certification Unit to see when an email can be sent out notifying DBEs that they can check this Award Tracker Report to see if a project was awarded using their firm.

Action item #4 – Improving Enforcement - Use of District Small Business Liaisons/Dispute Resolution

Status – 1) Training of district small business liaisons was completed in September. 2) The idea of Industry setting up its own dispute resolution processes was discussed during the December industry meetings for further action as necessary on Industry's part.

An idea is to have Industry (Primes/Subs/Suppliers) arrange for their own DRB services. Construction would support a request to the industry associations for them to consider offering this service to their members and will bring it up at our liaison meetings.

Action item #5 – Use of Joint Checks on Caltrans Projects

Status – OBEO sent out a joint check survey to all DBE firms in mid-October. The results have been tabulated and were discussed during the task group conference call. Initial results indicate most DBE firms are not currently using the joint check process. The task group believes the prime contractors should also weigh in on the use of joint checks outside the DBE program and the benefits to subcontractors and/or DBEs. OBEO and Construction will develop a survey for primes and then evaluate the results of both surveys before moving forward with additional discussions with FHWA on the use of joint checks.

Construction and OBEO developed a draft survey and provided it to the task group for review. Edits are being made by Ramon Carlos and he is working on sending the survey to all DBE firms in the database. When the results of the survey come in, the group will include an analysis of the survey in its recommendation for moving forward with the use of joint checks on Caltrans projects.

Conference Call Summary

Attendance

Summary
Mark Leja was unable to attend the call due to a last minute schedule conflict so Angela Shell started the conference call with discussion of the remaining action items.

Action item #1 – Attend outreach events to discuss post-award DBE information

OBEO and Construction completed the fact sheet related to certification and monitoring and enforcement activities within the DBE program. The draft document was emailed to the members prior to the call. A suggestion was made to present the fact sheet at the upcoming construction industry meetings for informational purposes.

Construction now has a list of outreach events for the next few months and the fact sheets will be handout out at these events. Rita Ferguson asked if Caltrans was still interested in attending industry outreach events and Angela confirmed that Caltrans could with consideration of location and available resources. Rita will forward the list of events to Angela.

During the discussion of this topic, Laura Bills identified an issue with OBEO Contract Evaluation unit staff throwing out bids from DBEs as a result of staff confusion on appropriate work codes for DBE participation. Ramon Carlos indicated he would provide that feedback to OBEO staff.

Action item #2 – Track DBE commitment at award

The DBE commitment at award report is complete and is being updated on a monthly basis. Angela did not provide it to the task group members for this meeting but committed to providing it at all future meetings so the task group can evaluate how contractors are doing at meeting the DBE contract goals. Jeff Turner asked if the report can be posted in the internet for easily accessing the information. Ramon indicated the plan is to post it on OBEO's website.

Ramon also indicated he is working on a similar report for utilization at the end of the project. He expects the report to be ready for presentation sometime after January 1, 2014. It will be presented to the task group members at the next conference call.

Action item #3 – Notifying listed DBE firms of contract award

An email was sent to all DBE firms in November with information on how to review the Caltrans Award Tracker report to see if their firm has been listed for participation credit. Ramon received positive feedback from DBE firms on the content of the email. Several DBE emails came back as undeliverable and some DBEs have indicated they did not receive the email at all. Ramon is providing that feedback to the OBEO Certification Unit for updating of DBE records.

This item is complete and no further action is required from the task group.

Action item #4 – Use of District Small Business Liaisons as a Resource/Dispute Resolution
The district small business liaisons have been trained on basic construction processes such as payroll and progress payments/stop notices. The district staff is actively engaged in assisting DBE and small business firms with concerns or issues.

The group discussed bringing the issue of identifying an alternative process for dispute resolution between the prime and subcontractors to the December Caltrans-industry meetings for gathering ideas on how this concept might work. Prompt payment to both DBEs and subcontractors in general appears to be one of the main dispute topics. Both Rita and Laura brought forward perspectives on delayed payments and the availability of the stop notice process. The group agreed that if the project itself had some mechanism of partnering (dispute resolution or a partnering process) then disputes could be resolved faster.

Action item #5 – Use of Joint Checks on Caltrans Projects
A joint check survey was sent to all DBE firms in October. The results of the survey were provided to the task group prior to the conference call. The survey seems to suggest that many DBEs are either not familiar with the process or are not using it. The data also seems to suggest that many of the responding DBEs may not be operating in the construction industry. The task group suggested sending the survey out to prime contractors to get a full perspective on the benefit and use of joint checks. Mark Serrano suggested that not allowing a joint check process could result in some closed opportunities for use of DBE firms due to perceived risks for performance or payment issues and the inability of a DBE firm to provide bonding on a project. Rita agreed that there are some aspects of the joint check process that are relative to a DBE firm being able to participate on a project. Mike Ghilotti suggested sending the prime contractor survey to the industry associations as well.

Ramon and Angela will work on questions for a prime contractor joint check survey and report back to the task group during the next conference call.

Mark suggested revisiting the fraud discussion with FHWA to see if any additional clarification can be provided to help with moving the process forward.

The next full committee meeting is December 3, 2013 at 1:30 pm. Mark will report on the progress of the action items.

Disadvantaged Business Enterprise Participation Committee – Meeting Record

AGC Office – 3095 Beacon Boulevard, West Sacramento, CA 95691

September 25, 2013 – 1:30 p.m. to 3:30 p.m.

A. Welcome and Introductions – René Halverson

1. Called to order at 1:38 p.m.

B. Review - René Halverson

1. Agenda and meeting record – reviewed; no changes.
2. Committee Charter
   a. Committee members agreed to continue their work.
   b. No changes to the charter at this time.
   c. Per the charter, the committee will review again in July, the end of the fiscal year.
   d. Re: inconsistent attendance – committee continues to support the need for members to be physically present; will evaluate individuals who have been inconsistent in their attendance on a case by case basis.
3. Committee structure
   a. Suggested adding a trucking or supplier business to the committee; Co-Chair René Halverson will also talk further with Angela Shell, Construction, about this matter. This suggestion was supported by the committee. Greg Dineen has access to many trucking companies; stated it might be a good idea to have a trucker who has just received a contract to join the committee.
   b. Co-Chair Halverson pointed out this committee was originally conceived as a smaller focus group –having reached the one-year mark, the chairs are open to changes the committee might suggest.
   c. Report provided by Ramon Carlos' staff might also be considered a source for primes and subs.
   d. Importance of consistent attendance by the industry representatives already on the committee – it was pointed out the committee does not need more primes, but needs those on the committee to participate.
   e. According to Rita Fergeson, Kiewit is interested in joining the committee.
   f. Importance of FHWA participation – Mike Duman, the committee's FHWA representative, is currently on assignment out of state; it may be necessary to make an exception to the "no alternates" policy of the committee in order to have another representative from FHWA attend.
4. New item for assignment: Caltrans consider revising the insurance language requirements for subcontractors proposed by Rebecca Llewellyn
   a. This matter was initially raised by Ms. Llewellyn through the Construction Committee of the Statewide Small Business Council (SBC).
   b. Sample put forth by Ms. Llewellyn is taken from the language used by SANDAG:

      Insurance required of the Contractor shall be provided by or in behalf of all subcontractors to cover their operations performed under this Agreement. Contractor shall not require subcontractors to maintain insurance amounts that are disproportionate to the scope and dollar value of work subcontracted. Contractor shall be held responsible for all modifications, deviations, or omissions in these insurance requirements as they apply to subcontractors.
   c. Agreed this new task assignment will be handled by Task Group B chaired by Mr. Leja.

d. Co-Chair Halverson requested the task group work with the SBC Construction Committee through Ramon Carlos.

5. Reports from OBEO Small Business Unit – Ramon Carlos
   a. DBEs that have received contracts with Construction between 10/1/12-6/30/13 – 2-pages; quarterly report; this is new; first was distributed in January; next will be available in December.
   b. A&E contracts from 10/1/12-6/30/13 – 1 page.
   c. Other reports being developed: a breakdown of individual contract utilization of DBEs.

C. Task Group B: Post-Construction Issues – Mark Leja

[Refer to the handout distributed at the meeting for a more detailed report.]
Action Item 1, Attend outreach events to discuss post-award DBE information – work in progress.
Action Item 2, Acknowledge prime contractors who use DBE firms – using recognition as the incentive. Ms. Llewellyn mentioned District 11 uses this approach very successfully.
Action Item 3, Notifying listed DBE firms of contract award – Award Tracker Report online is being updated regularly and serves as a way for firms to check if a project has been awarded using particular DBEs.
Action Item 4, Improving enforcement; use of District Small Business Liaisons – see handout.
Action Item 5, Use of joint checks on Caltrans projects – per Ramon Carlos, the survey is being prepared and should go out in the first week of October; will be sent to over 4,500 DBEs. Ms. Llewellyn commented the banks are not taking two-party checks. The survey is an opportunity for DBEs to reveal their experiences such as this.
Other discussion:

1. DRB – utilize for dispute resolution; also suggested the American Arbitration Association [www.abr.org]; best to have an independent third party to resolve issues.
2. Caltrans encourages primes to have a dispute resolution process in place for resolving issues with their subcontractors. David Jones, AGC, who was sitting in for Sam Hassoun, mentioned AGC has a list of dispute resolution resources.
3. Steve Rhoades asked who enforces the prompt payment act – after listening to Mr. Rhoades' situation, it was concluded he needed to file for a stop notice. In other cases, the matter might be managed through a dispute resolution board to possibly avoid a stop notice. Ms. Shell also suggested notifying the Contractors State Licensing Board.
4. Most problems are associated with primes new to doing business with the State – Ms. Ferguson noted new contractors, while new to contracting with the State, will sometimes withhold payment to the subs despite receiving payment from Caltrans. Co-Chair Halverson suggested matters such as these would fall under Action Item 4 regarding enforcement.

D. Task Group C: Pre-Construction Issues – Sanjay Singh for Janice Salais

[Refer to the meeting record as a reference for this report.]
The group was not able to meet over the past three months, so Mr. Singh's report was limited to what he had knowledge of through his work in Certification.
Action Item 7, Develop a chronological fact sheet on changes to 49 CFR Part 26, which will be placed on the OBEO website – on hold due to changes anticipated

with the New Proposed Rule Making.
Action Item 10 – Develop a DBE certification process flow chart – completed and posted on the Caltrans web page.
Action Item 11 – Address outcome of the list of action items for this task group – ongoing; to be assessed in January 2014.
Other discussion:

1. Transitioning from NAICS to work code – discussions with IT have revealed a replacement code would have to be used.
2. Co-Chair Halverson said they are pursuing an IT solution to replace the database, but it is not certain what the outcome will be; the source holding the data is the main challenge, because it is built on an old Oracle database.

E. Wrap-Up and Next Steps

1. Decisions
   a. Explore trucking companies for potential committee member; work with Ms. Shell and current data for suggestions.
   b. Primes – review the participation of prime firm representatives currently serving on the committee.
   c. FHWA presence at meetings – agreed this is necessary; while Mike Duman is on assignment out of state, the committee is willing to consider an alternate; Co-Chair Halverson will pursue this matter.
2. Next steps
   a. Task groups will continue their work.
3. Next meeting scheduled for **Tuesday, December 3, 2013, 1:30 p.m. to 3:30 p.m., AGC Office in West Sacramento** (to be confirmed).

F. Adjournment – Meeting adjourned at 3:07 p.m.

Task Group B Update
September 25, 2013

Task Group B Members	
Mark Leja, Caltrans	Laura Bills, Nitta Inc.
Angela Shell, Caltrans	Mike Ghilotti, Ghilotti Bros.
Ramon Carlos, Caltrans	Mark Serrano, RE Serrano
John McMillan, Caltrans	Jeff Turner, Flatiron
Rita Ferguson, G & F Concrete	
Debbie Hunsaker, Alert-o-Lite	

The task group held a conference call on August 30, 2013 to discuss the remaining action items.

Action Item Updates

Action item #1 – Attend outreach events to discuss post-award DBE information

OBEO and Construction are continuing to work on a fact sheet related to the DBE program as well as identifying appropriate outreach events for Construction staff to attend. The fact sheet will be handed out by Caltrans staff at outreach events to educate current and future DBE firms on pre/post award activities related to DBE use on projects.

Action item #2 – Acknowledge Prime Contractors Who Use DBE Firms

The DBE Commitment at Award report is being updated by Ramon Carlos to add the following comments: (1) the data is only for federal-aid contracts and (2) what some of the columns mean – such as the contractor's column. Ramon is also working with the design-build team to capture DBE participation on those contracts.

This report will continue to be monitored over the next fiscal year and an evaluation will be conducted with respect to recognizing prime contractors with high participation numbers.

Action item #3 – Notifying listed DBE firms of contract award

The Award Tracker Report is now being updated regularly by Office Engineer. Ramon is working with the DBE Certification Unit to see when an email can be sent out notifying DBEs that they can check this Award Tracker Report to see if a project was awarded using their firm.

Action item #4 – Improving Enforcement - Use of District Small Business Liaisons

1) OBEO conducted a two day training/meeting with the Small Business Liaisons on September 11th and 12th. The Division of Construction provided information to staff on the stop notice process and other enforcement activities conducted in the districts.

2) During the task group conference call, a discussion occurred on identifying an alternative process for dispute resolution between the prime and subcontractors. The use of the informal dispute resolution advisor or board could provide an avenue for primes and subs to resolve issues before they get to the stop notice or claim process.

Another idea is to have Industry (Primes/Subs/Suppliers) arrange for their own DRB services. Construction would support a request to the industry associations for them to consider offering this service to their members and will bring it up at our liaison meetings.

Action item #5 – Use of Joint Checks on Caltrans Projects

Construction and OBEO developed a draft survey and provided it to the task group for review. Edits are being made by Ramon Carlos and he is working on sending the survey to all DBE firms in the database. When the results of the survey come in, the group will include an analysis of the survey in its recommendation for moving forward with the use of joint checks on Caltrans projects.

Jeff Turner, Flatiron
Debbie Hunsaker, Alertolite

Summary
Mark Leja kicked off the conference call with a brief review of the minutes from the June 2013 full committee meeting. The task group then moved to discussions of the remaining action items.

Action item #1 – Attend outreach events to discuss post-award DBE information

OBEO and Construction are continuing to work on a fact sheet related to the DBE program as well as identifying appropriate outreach events for Construction staff to attend. The fact sheet will be handed out by Caltrans staff at outreach events to educate current and future DBE firms on pre/post award activities related to DBE use on projects. A final draft of the fact sheet will be sent to the task group members for review and comment.

Action item #2 – Track DBE commitment at award

Ramon Carlos provided an updated copy of the DBE Commitment at Award report. The task group asked that Ramon add some notes on the report identifying that (1) the data is only for federal-aid contracts and (2) that the prime contractor column relates to the number of contracts awarded. Debbie Hunsaker asked if the report could also capture design-build project information. Ramon advised that he is currently working with Ray Tritt's group to capture the data for design-build contracts.

Action item #3 – Notifying listed DBE firms of contract award

This issue still remains outstanding. Office Engineer suggested that perhaps a DBE corner could be added to the Office Engineer, Contractors Corner web page that DBE firms could click on and get to information that might assist with identifying if a firm was listed on a given project.

Angela will work directly with Office Engineer staff to see if a DBE link can be implemented.

Action item #4 – Use of District Small Business Liaisons as a Resource
The group discussed the use of the district small business liaisons for increased assistance with contractual issues and disputes. After some discussion, the group decided that the liaisons may not be the best avenue to resolve disputes; rather the project personnel would be better equipped to respond to contractual disputes.

OBEO will be conducting a two day training/meeting with the Small Business Liaisons in September. The Division of Construction will provide information to staff on the stop notice process and other enforcement activities conducted in the districts.

The discussion turned to identifying an alternative process for dispute resolution between the prime and subcontractors. The use of the informal dispute resolution advisor or board could provide an avenue for primes and subs to resolve issues before they get to the stop notice or claim level. Mark agreed to look into current Caltrans policy on the use of the dispute resolution process and whether it could be applied to issues between primes and subs.

Action item #5 – Use of Joint Checks on Caltrans Projects
The group discussed the draft questions for the joint check survey. The recommended edits are as follows:

1) Remove question number 1 – Do you use joint checks on Caltrans projects?
2) Include a definition of joint checks as provided in FHWA guidance
3) Have you done work on Caltrans projects before?
4) Are you in favor of this practice; how has it benefitted you?

To solicit a broader response, the group also asked that the survey be sent to all DBE firms in the database rather than just those who regularly work on Caltrans projects. Ramon and Angela will edit the survey and work with OBEO to have it sent out.

The next full committee meeting is September 25, 2013 at 1:30 pm. Mark will report on the progress of the action items.

March 5, 2013, 12:00 p.m. – 3:00 p.m.

Action/Task	Who is responsible/ presented	By when	Status
A. Welcome and Introductions – René Halverson, Assistant Director, OBEO and Co-Chair 1. Agenda review 2. Thank you to Sam Hassoun for hosting the meeting and providing a delicious lunch.			
B. Recap of Last Meeting - René Halverson			
1. OCIP is being addressed by a pilot program – **Completed;** we are removing this from the task list. 2. The 3 task groups discussed their progress and recommendations A. Protests and Complaints (John McMillan) – **Completed;** this group will sunset. B. Utilization (Mark Leja) - **In progress;** still has quite a bit of work to do. C. DBE Certification (Janice Salais) - **In progress;** they will continue with their recommendations.			
C. Task Group B: Utilization - Mark Leja & Angela Shell			
Group Recommendations [See handout, "Task Group B – Utilization and Reporting Summary of Action Items"] 1. Attend outreach events where DBE firms will be- **In Progress.** a. Provides an opportunity to educate and talk to DBE firms as well as inform them about our monitoring process b. Ramon Carlos gave three handouts [Two titled "Caltrans SB, DVBE, & DBE Outreach Activities 2012-2013 Cumulative PDR" and "Caltrans Annual Overall Outreach Events January 1, 2012 – December 31,2012"] showing various outreach events Caltrans has attended. c. Construction will determine which events are appropriate for Caltrans to attend and provide information, specifically for DBEs 2. Acknowledge prime contractors who use DBE firms - **In Progress.** a. The "Utilization Reports for FFY 2011-2012" [1. DBE Utilization FFY 2011-2012 Prime Awards $0.00-$1 Million, 2. DBE Utilization FFY 2011-2012 Prime Awards $1 Million-$10 Million and 3. DBE Utilization FFY 2011-2012 Prime Awards $10 Million and Above] and "DBE Commitment at Award FFY 12-13" handouts show the top performing prime contractors with respect to meeting DBE goals for the last federal fiscal year. b. Ramon Carlos pointed out the prime contractor only receives DBE credit when a 2402 form is received. Caltrans does spot checking by confirming with payroll that the DBE was on site and only counting the DBEs who were used on a contract. c. Sam Hassoun stated the primes continue using the same DBEs who they know will help them get the lowest bid. d. Mark Leja suggested we keep gathering the data as a performance record and then determine if we want to provide recognition. 3. Notifying DBE firms of award of contract where DBE is listed - **In Progress.** a. Suggested sending an email to the DBE to let them know they were listed on a contract, so the DBE can reach out to the prime rather than wait for the prime to contact them. b. Still working on details. Construction is working with Office Engineer and OBEO on implementing the email notice.			

Action/Task	Who is responsible/ presented	By when	Status
4. More frequent reporting of DBE participation - **In Progress.** a. Suggested a pilot quarterly reporting requirement on 10 construction projects to capture committed DBE participation. See handout, "Disadvantaged Business Enterprise Participation Quarterly Report". b. This form would show real time. Currently this information is provided at the end of a project. c. Concerns relating to incentives as well as performance failure were also brought up and discussed.			
D. Task Group C: DBE Certification - Janice Salais			
Group Recommendations 1. DBE Certification brochure – **Completed;** on OBEO website; shows the benefits of applying and who to apply with. 2. Sample DBE application – **Completed;** on OBEO website; gives examples of documents needed and how a completed application looks 3. DBE Certification PowerPoint and interactive training video – **Completed;** updated PowerPoint and is being used in workshops. Will be replaced by training video 4. Small Business Program's teleconference with District Small Business Liaisons – **Completed;** updates on Certification activities/issues are given at meetings every other month. 5. Outreach plan for the coming year - **In progress;** travel and resources are limited. 6. Chronological fact sheet on changes to 49 CFR Part 26 - **In progress;** OBEO's Small Business Program Unit is working on this with a completion date of June 2013. 7. Reorganize the DBE Certification Information on the OBEO website - **In progress;** information will be listed in bullet form. 8. Create peer-to-peer communication - **In progress;** training will coincide with this. 9. DBE Certification process flow chart - **In progress;** OBEO has one but it needs to be updated. 10. Identify ways to market the tools above - **In progress.** 11. Address outcomes of above activities - **In progress;** see if there are changes in behavior and this will be measured by January 2014			
Comments 1. Handout "Caltrans DBE Participation Committee March 5, 2013" was provided showing Group C's updates. The certification process is regulatory, so they focused on educating. 2. Handout "DBEs that have received contracts with Construction between Oct 1 2012-Dec 31 2012" was given showing DBEs who have received contracts with Construction between 10/1/12 & 12/31/12. Mark Leja suggested looking at all the available firms and then looking at who has applied. The handout is a good start on keeping track of who has worked with us; however it only shows firms who are receiving the work and not everyone who is bidding on the project. Only the 1st three bidders are shown on projects but it doesn't show the ones showing Good Faith effort. Mike Ghilotti suggested contacting firms to find out why they are not bidding. 3. OBEO has a list of 1700 firms who are eligible for DBE certification and show an interest in working on Caltrans' projects. OBEO is working on			

Action/Task	Who is responsible/ presented	By when	Status
contacting these firms and sending invites out to certification workshops. Mark Serrano pointed out that the certification process isn't hard, but it's hard for a DBE firm to get started based on the economy and to be competitive.			
E. Review and Prioritize the Remaining Issues From our September 2012 Kick-off Meeting [See handout, "Issues Identified at the September 6, 2012 kick-off meeting"]			
• The issue of joint checks was added to the list of issues as Issue #15. • #2, 6, 7, and 13 were combined as they all fall under pre-construction issues. • #1, 8 and 15 are post construction issues. • #11 is tabled until a later date.			
Task Group B: Issue #1, 8, and 15 #1: How can we decrease the need for preliminary notices and/or stop notices? • No bonding around policy • Subcontractors do not know progress pay amounts or get pay estimates • Caltrans does not know when prime contractors withhold money #8: How do we improve enforcement? • How do we protect subcontractors when the prime contractor is not performing? • How do we protect prime contractors when the subcontractor is not performing? • How do we resolve disputes between sub and prime contractors during construction? #15: Joint Checks	Mark Leja (lead), Laura Bills, Ramon Carlos, Mike Duman, Rita Ferguson, Mike Ghilotti, Debbie Hunsaker, John McMillan , Mark Serrano, Angela Shell, & Jeff Turner	June 4, 2013	**Assigned** – will provide update at next meeting
Task Group C: Issue #2, 6, 7, and 13 #2. How can we make OBEO data (CUCP) database more accurate and relevant? #6. How can we make outreach more effective? #7. How do we align expectations, knowledge, and communication among all parties?	Janice Salais (lead), Greg Dineen, Rob Effinger, Sam Hassoun, Bernard Johnson, Rebecca Llewellyn,	June 4, 2013	**Assigned** – will provide update at next meeting
