Portland cement concrete grinding is excluded from this quotation unless specifically quoted.

Removal of Asphalt Concrete over gutter damages can't be guaranteed by ABSL.

ABSL Construction will cold plane as close as possible to existing manholes, water valves, and other obstructions in cutting plane. Handwork and placing temporary asphalt tapers around these objects or at pavement edge for safety requirements are excluded.

Contractor to post streets with "No Parking" signs prior to subcontractor's phase of work, provide water or water meter and provide traffic control during cold planing operation.

All areas to be ground shall be clearly marked by the general or the job inspector.

A minimum of two weeks notice is requested prior to move in.

Anything not specifically included in this price should be considered excluded.

ABSL Construction does not accept backcharges due to machine breakdown during operation above the machine's daily rental fee.

Back charges will only be based on the time the machine is broken and will reflect the cost of the equipment for that time. All others costs due to the equipment breakdown will not be charged to ABSL Construction.

All teeth over one complete set will be charge to the contractor.

ABSL does not accept force account rates or retention.

This quotation will be part of our contract or purchase order agreement and is valid till a new change of the rates.

If you have any questions regarding the above quote please call me at (510) 727-0900 or fax at (510) 727-0912.

Sincerely,

***Daryl Vorne***

## GRINDING JOB AGREEMENT

The prices set forth above are based on the following assumptions and are subject to change under conditions set forth below.

1) A minimum daily rate is any part of an 8 hour day and overtime will be charged for work done other than a regular weekday shift.
2) Modification to the work may require a change in the quote.
3) Unless otherwise indicated the unit prices are based on ABSL performing all the work included on the proposal. If ABSL does not receive a contract for all the work, the unit prices are subject to adjustment.
4) The unit prices are based on the estimated quantities in the bid proposal. If the quantity of the item changes by 25% or more the unit price is subject to equitable adjustment.
5) All teeth over one complete set will be charge to the contractor.
6) Prices are good for 30 days from the date of this proposal, after that date the prices are subject to adjustment.
7) In the event there is an increase in the cost of fuel of more than $0.50 per gallon during the performance of this contract, ABSL will be entitled to a $75.00 per day fuel surcharge. The base cost of fuel shall be established on the bid date of the contract by reference to the Weekly Retail On-Highway Diesel Prices for California, as published by the U.S. Department of Energy on its web site at www.tonto.eia.doe.gov/oog/info/wohdp/diesel.asp.
8) If ABSL cannot proceed with its work as scheduled due to others, standby time will be charged at the following rate: $425.00 per hour.
9) Downtime for equipment becoming stuck in wet or muddy sub-grade conditions will be charged at a stand-by time rate until removed. Additional equipment required for removal will be charged at a time and materials basis.
10) This proposal to be attached and made part of any and all resulting contracts.
11) The above price does not include permits, fees, bonding, state or local taxes.
12) This is a proposal only for the purpose of establishing a price for work as outlined. In the event ABSL is the low bidder a formal contract or PO suitable to both parties shall be prepared and fully executed.
13) Repairs of damage to ABSL equipment due to unmarked or buried obstructions; i.e. valve boxes, manholes covers, concrete, steel fence posts, steel pipe or excessive depth asphalt will be billed at time and material for repairs.
14) Backcharges to ABSL must be communicated by contractor in a written notice within 72 hours from the time of occurrence for backcharges.
15) Unless otherwise agreed to in writing prior to start of work, payment is due and payable within 30 days of billing, and no retention to be withheld on payments.
16) All utilities within mill grade are to be located and marked by customer. It is the sole responsibility of the lessee or renter (customer) to follow the requirements of the regional notification center law pursuant to Article 2 (Commencing with Section 4216) of Chapter 3.1 of Division 5 of Title 1 of the California Government Code. Customer assumes sole responsibility for, and all subsequent liabilities coincident with following the requirements of the regional notification center law. Furthermore, customer agrees to be responsible for all damage to both utilities themselves and to our company's equipment by reason of ABSL equipment encountering unmarked utilities.
17) Items not specifically included are considered to be excluded. If you have any questions please call.

Thank You,

*Daryl Vorne*

3/4

**SPECIAL CONDITIONS #5744**
**CDOT #04-3G59U4/ALA.SJ-205.580-ALTAMONT & CASTRO VALLEY**

1. Subcontractor requires unobstructed access to work areas for men and equipment, including tailgating by PCC transit mixers. Barriers & Railings are to be placed on finish grades from finish grade.

2. Contact MBI to discuss packages. Neither Bid nor Packages may be split without MBI's permission, unless noted. Any split of MBI's bid without consent will result in repricing of MBI's Items of work.

3. Traffic Control (TC) by others. See each Item Package for required Traffic Control (TC). All shifts require TC. Much work may be concurrent with other operations.

4. Excludes all temporary barricades, K-rail, Crash Cushions, Safety Railings, dust control, sandblasting, embankment widening, clearing and grubbing, pruning, grading, excavation, and backfill.

5. Except for 14-11.09, "Treated Wood Waste," excludes training, handling, managing, storage, or disposal of, contaminated and/or hazardous materials, water and/or waste, and/or "Aerially Deposited Lead," and/or "Asbestos," and/or "Existing Paint Systems."

6. MBI will USA pre-existing utilities. Utilities installed under this contract are to be located and marked by others prior to MBI move-in. Excludes interference with UG and OH utilities. Excludes power shutdown, if required.

7. All electrical and lighting work and materials furnished and securely installed to finish grades by others.

8. Contractor is to provide twenty (20) working days written notice prior to MBI move-in. Use (10) working days with receipt of Contractor's Subcontract, Schedule and subsequent updates.

9. **Items #26-183, Midwest Guardrail & Thrie Beam Barrier:** Post hole spoil is to be wasted in-place. Excludes repair or patching of HMA or dike. Anchor Bolt holes in concrete barrier, retaining walls or any walls for MBGR/TBB connections by others, if not MBI's Item. MGS is to be installed before Vegetation Control. Contractor is to coordinate temporary K-railing placement, removal and Traffic Control with removal and installation of MBGR & MGS. Two (2) move-ins Each for removals and installations. Removals are bid for completion during Stages 1 & 2 from existing finish grade. Installations are bid for completion during Stages 1 & 2 after finish shoulder grade is established by the Contractor. Concurrently, adjacent grade must be within one (1) foot of finish grade for a sufficient width to safely support MBI post driver and support equipment. Installation at any given location will occur one (1) time only, and additional adjustment of Guardrail grade or alignment is not included. Thirty (30) shifts for removals. Sixty (60) shifts for installations.

10. **Items#158-184, Concrete Barrier, Type 60 Series, Anchor Blocks & Transitions:** INCLUDES PCC and Rebar. Includes pour Barrier Anchors excavated neatline by others. Barriers are to be placed on finish grade from finish grade. Drainage inlets and pipes are to be covered by others to prevent entry of PCC. **RE**: Caltrans Project: 04-3G59U4 – For Construction on State Highway in Alameda and San Joaquin Counties on Route 580 from Patterson Pass Road Overcrossing to Greenville overhead and from Eden Canyon Road Undercrossing to Strobridge Avenue Undercrossing and on Route 205 from San Joaquin County Line to Midway Road Undercrossing. Bid date: August 24, 2016, 2:00 p.m. DBE Goal: 5%

**Subject**: Price Quote for providing Stormwater Pollution Prevention Plan (SWPPP) and Stormwater Pollution Control (WPC) Permit Compliance Services.

Dear Estimator:

S Kwok Engineers, Inc. is pleased to provide quotes for services as a **Qualified SWPPP Developer (QSD)/Qualified SWPPP Practitioner (QSP)** to perform the stormwater pollution control monitoring services for the referenced contract. Here is our company information for your bidding use:

We are a **Minority Business Enterprise (MBE)**, a California Unified Certification Program (CUCP) certified **DBE (Cert No. 37060 – Asian Pacific, Male)** and **Small Business Enterprise** firm certified by the Department of General Services of California **(SBE # 55132)**. Our **DIR registration number is 1000001343** and **annual gross receipt is below $500,000**. We have **operated for more than 7 years**. Our California Civil Engineer License is C 54292 and our QSD/QSP certificate number is 00399. We provide professional services only and do not provide construction work in the field therefore we do not possess a contractor license number.

We provide you an economical way to monitor the storm water compliance work on your project site. **We will work with your construction team to perform storm water monitoring tasks.** Here are our quotes for the following item:

**Prepare SWPPP** for **Risk Level 2 Project**.

| **Item # 13 – Partial** (see **Note 1** below) | **Estimated fee** |
|---|---|
| **Prepare SWPPP** by Qualified SWPPP Developer (QSD)<br>We will **increase the fee by 100%** for preparing the SWPPP if you don't hire us for the QSD/QSP Weekly Monitoring Services) | $2,400 |

$= \$4,800$

The SWPPP will conform to the Caltrans Standard. The draft SWPPP will be submitted electronically to you for review and approval.

The above estimated fee does not include the hardcopies of the SWPPP. If you need hardcopies, the printing cost is $300 per set plus shipping. The hardcopy of the SWPPP will be bounded in a ring binder and delivered to you via UPS ground.

The SWPPP quote does not include the effort of preparing the Dewatering and Discharge Plan (DDP). It also does not include preparing water pollution control items for aggregate crushing plant or, concrete or asphalt concrete batching plant.

Payment shall be paid in full once the SWPPP is approved or conditionally approved by the agency's Engineer for the beginning construction.

Here are remaining quotes for the followings bid items for this **Risk Level 2** project:

| **Item #12 – Partial** (see **Note 1** below) | **Estimated Unit Cost** | **Estimated Quantity** | **Estimated Fee** |
|---|---|---|---|
| **Job Site Management** - Provide QSD/QSP Weekly Monitoring Service as Water Pollution Control Manager, Estimated **5 hours on a day of a week** including travelling time. This is a partial scope (reduced cost) of work, see **Note 2** below. | $110/hour x 5 hours/week is $550/week plus mileage cost is $61/ roundtrip =$611/week | 450 working days = approximately 90 weeks | $54,990 |

| **Item # 14** (see **Note 1** below) | **Estimated Unit Cost** | **Estimated Quantity** | **Estimated Fee** |
|---|---|---|---|
| **Rain Event Action Plan** (REAP) | $110 x 2 hour each = $220/EA | 101 EA | $22,220 |

| **Item # 15** (see **Note 1** below) | **Estimated Unit Cost** | **Estimated Quantity** | **Estimated Fee** |
|---|---|---|---|
| **Storm Water Sampling and Analysis Day** – We train your crew to perform sampling, testing and reporting. We will perform the data analysis of your reporting samples. Storm Water Quality Exceedance Report is not included in this estimated fee. If it is needed, we will charge incidental task's rate, $110/hour, to prepare the report. | $110 x 2 hour each = $220 / EA | 74 EA | $16,280 |

| **Item # 16** (see **Note 1** below) | **Estimated Unit Cost** | **Estimated Quantity** | **Estimated Fee** |
|---|---|---|---|
| **Storm Water Annual Report** – Prepare CEM 2070 and CEM 2075 only. Ad Hoc Report and, Inspection and Reporting Log is not included. | $110 x 6 hours EA =$660/EA | 3 EA | $1,980 |

**Total Estimated Fees = $97,870**
(This is an estimated fee for our quoted items. The actual contracted fees might vary from this estimated fee. During the contract period, we will submit the actual executed tasks or hours on our weekly timecard, and send to you for approval before invoicing for payment.)

**Note 1**: **This is a packaged quote**. The quotes for Job Site Management, REAP, Storm Water Sampling and Analysis Day and Storm Water Annual Report above were estimated assuming that all the items services are performed by us. We will reevaluate the quotes and increase the fees if we are required to prepare these items separately.

**Note 2**: Your construction team will work with us and take responsibilities for the following allocated tasks: storm event (pre, during and post storm) monitoring, daily monitoring, storm water samplings, testing and reporting tasks. We will train your specified employees to perform these tasks and reduce your cost for hiring us fulltime. We can provide you the defined scopes between us before we hire for the job. If you want us to take over the entire tasks, we can provide you an estimated fulltime fees upon your request.

If an incidental task is required such as Storm Water Quality or Water Quality Exceedance Reports, reviewing or performing unpredictable weather related work, our rate for a QSD/QSP is $110 per hour. Travelling time will be charged with this rate.

If testing meter or kit is used, our daily charges for the pH meter is $80/day, turbidimeter is $100/day and dissolved oxygen meter is $100/day.

Parking and travelling expenses with 10% administration fees will be charged separately from the quotes above if it incurred on this project. Our QSD/QSP will be travelling from City of Concord to the site therefore the roundtrip mileage cost is $61 for each field monitoring work.

Exclusion:

- Ensure all employees have current water pollution control training,
- Authority to mobilize crew,
- Ad Hoc Report and, Inspection and Reporting Log for the Storm Water Annual Report,
- Maintain SWPPP documents including all monitoring reports and sampling data.

The quotes above include the stipulations described under the General Terms and Conditions listed below:

***GENERAL TERMS AND CONDITIONS***

*S Kwok Engineers, Inc. ("Consultant") is responsibilities shall conform and are limited to the requirements of the Construction General Permit of California (CGP), as applicable, to Consultant's retention as a QSP or QSD.*

***SWPPP Documents:***
*The minimum time required for Consultant to prepare a Storm Water Pollution Prevention Plan ("SWPPP") is ten (10) business days. In order for Consultant to prepare a SWPPP, Contractor must provide information requested by Consultant concerning the project, including, but not limited to, the project schedule, construction documents, contract and/or purchase order. S Kwok Engineers, Inc. will submit SWPPP documents such as monitoring reports to Contractors but is not responsible to maintain SWPPP documents for the project.*

***Cooperation**: Contractor shall cooperate with Consultant in obtaining documents and other information requested by Consultant, including, but not limited to, requests for information, change orders and other approvals, and the status of Consultant's applications for payment and payments to Contractor for work performed by Consultant. Contractor shall cooperate with Consultant's recommendations so as not to impair Consultant's ability to perform under the CGP as applicable, by, among other things, performing allocated tasks, ensuring CGP required documents retain on project site, mobilizing crews within 72 hours to implement or maintain BMPs or corrective actions.*

***Billing**: Except as otherwise provided herein, Consultant shall submit invoices monthly for work performed on the project. Payment term is net thirty (30) days from receipt of invoice for progress payment and net forty-five (45) days from receipt of invoice for retention payment. Payments not received in accordance with this provision shall accrue interest at the rate of one and one-half percent (1-1/2%) per month from due date until paid.*

***Insurance**: Consultant maintains, and shall maintain during the performance of its work on the project, the following insurance and coverage:*

- *General liability - $1 million per occurrence/$2 million aggregate;*
- *Professional liability - $1 million per occurrence/$2 million aggregate;*
- *Commercial automobile liability - $1 million combined single limit;*
- *Umbrella liability – $1 million;*
- *Worker's compensation liability - $1 million per accident for bodily injury or disease.*

*Insurance or insurance coverage required in addition to or in excess of the insurance and coverage provided under this provision shall be paid for by Contractor in advance of being acquired by Consultant.*

***Indemnity**: Consultant only provides advisory services, does not perform physical construction work or deliver construction materials to the field, and is not responsible for water pollution or unauthorized discharge of pollutants from the project, including, without limitation, any resulting costs, fines, penalties or fees. Contractor shall indemnify, hold harmless, and defend Consultant from any and all claims, damages, liabilities or other obligations of any nature arising out of or which relates to Consultant's work on the project, except that caused by the sole and active negligence of Consultant.*

***Incidental, Special, and Consequential Damages**: Consultant shall not be liable for any incidental, special or consequential damages, including, but not limited to, loss of revenues or profits, liquidated damages, delay damages, or liabilities or other obligations to third parties.*

***Suspension of Work and Termination or Cancellation of Contract**: Consultant may suspend work or terminate or cancel Consultant's contract with Contractor upon forty-eight (48) hours written notice to Contractor. Consultant may cancel its contract with Contractor for breach of any provision contained herein. Consultant may terminate its contract with Contractor for the following causes: (1) a force majeure event; (2) the filing of a voluntary petition in bankruptcy by Contractor; (3) the failure by Contractor to pay Consultant's invoices as provided herein; (4) the failure by Contractor to execute change orders or extra work.*

***Site Conditions**: Contractor represents and warrants that the site conditions of the project are as represented in Consultant's contract with Contractor, drawings and specifications (collectively "Contract Documents") and acknowledges that Consultant has only relied on the site conditions as represented in the Contract Documents. Contractor shall be*

*responsible for extra work necessitated by unforeseen site conditions not represented in the Contract Documents.*

***Governing Law**: These Conditions and the Contract Documents shall be construed under, and governed by, the laws of the State of California.*

If the proposal is acceptable to you, please send us your sub-contract or purchase order two (2) weeks before we start working on the project. This will allow us to resolve any contract issues if they arise.

We need ten (10) business days to prepare the draft SWPPP for review pending on all the requested information and project schedule provided by you.

Please feel free to call me if you have any questions. These quotes are valid for 6 months from the below date.

**RE**: Caltrans Project: 04-3G59U4 – For Construction on State Highway in Alameda and San Joaquin Counties on Route 580 from Patterson Pass Road Overcrossing to Greenville overhead and from Eden Canyon Road Undercrossing to Strobridge Avenue Undercrossing and on Route 205 from San Joaquin County Line to Midway Road Undercrossing. Bid date: August 24, 2016, 2:00 p.m. DBE Goal: 5%

**Subject**: Price Quote for providing Stormwater Pollution Prevention Plan (SWPPP) and Stormwater Pollution Control (WPC) Permit Compliance Services.

Dear Estimator:

S Kwok Engineers, Inc. is pleased to provide quotes for services as a **Qualified SWPPP Developer (QSD)/Qualified SWPPP Practitioner (QSP)** to perform the stormwater pollution control monitoring services for the referenced contract. Here is our company information for your bidding use:

We are a **Minority Business Enterprise (MBE)**, a California Unified Certification Program (CUCP) certified **DBE (Cert No. 37060 – Asian Pacific, Male)** and **Small Business Enterprise** firm certified by the Department of General Services of California **(SBE # 55132)**. Our **DIR registration number is 1000001343** and **annual gross receipt is below $500,000**. We have **operated for more than 7 years**. Our California Civil Engineer License is C 54292 and our QSD/QSP certificate number is 00399. We provide professional services only and do not provide construction work in the field therefore we do not possess a contractor license number.

We provide you an economical way to monitor the storm water compliance work on your project site. **We will work with your construction team to perform storm water monitoring tasks.** Here are our quotes for the following item:

**Prepare SWPPP** for **Risk Level 2 Project**.

| **Item # 13 – Partial** (see **Note 1** below) | **Estimated fee** |
|---|---|
| **Prepare SWPPP** by Qualified SWPPP Developer (QSD)<br>We will **increase the fee by 100%** for preparing the SWPPP if you don't hire us for the QSD/QSP Weekly Monitoring Services) | $2,400 |

The SWPPP will conform to the Caltrans Standard. The draft SWPPP will be submitted electronically to you for review and approval.

The above estimated fee does not include the hardcopies of the SWPPP. If you need hardcopies, the printing cost is $300 per set plus shipping. The hardcopy of the SWPPP will be bounded in a ring binder and delivered to you via UPS ground.

The SWPPP quote does not include the effort of preparing the Dewatering and Discharge Plan (DDP). It also does not include preparing water pollution control items for aggregate crushing plant or, concrete or asphalt concrete batching plant.

Payment shall be paid in full once the SWPPP is approved or conditionally approved by the agency's Engineer for the beginning construction.

Here are remaining quotes for the followings bid items for this **Risk Level 2** project:

| **Item #12 – Partial** (see **Note 1** below) | **Estimated Unit Cost** | **Estimated Quantity** | **Estimated Fee** |
|---|---|---|---|
| **Job Site Management** - Provide QSD/QSP Weekly Monitoring Service as Water Pollution Control Manager, Estimated **5 hours on a day of a week** including travelling time. This is a partial scope (reduced cost) of work, see **Note 2** below. | $110/hour x 5 hours/week is $550/week plus mileage cost is $61/ roundtrip =$611/week | 450 working days = approximately 90 weeks | $54,990 |

| **Item # 14** (see **Note 1** below) | **Estimated Unit Cost** | **Estimated Quantity** | **Estimated Fee** |
|---|---|---|---|
| **Rain Event Action Plan** (REAP) | $110 x 2 hour each = $220/EA | 101 EA | $22,220 |

| **Item # 15** (see **Note 1** below) | **Estimated Unit Cost** | **Estimated Quantity** | **Estimated Fee** |
|---|---|---|---|
| **Storm Water Sampling and Analysis Day** – We train your crew to perform sampling, testing and reporting. We will perform the data analysis of your reporting samples. Storm Water Quality Exceedance Report is not included in this estimated fee. If it is needed, we will charge incidental task's rate, $110/hour, to prepare the report. | $110 x 2 hour each = $220 / EA | 74 EA | $16,280 |

| **Item # 16** (see **Note 1** below) | **Estimated Unit Cost** | **Estimated Quantity** | **Estimated Fee** |
|---|---|---|---|
| **Storm Water Annual Report** – Prepare CEM 2070 and CEM 2075 only. Ad Hoc Report and, Inspection and Reporting Log is not included. | $110 x 6 hours EA =$660/EA | 3 EA | $1,980 |

**Total Estimated Fees = $97,870**
(This is an estimated fee for our quoted items. The actual contracted fees might vary from this estimated fee. During the contract period, we will submit the actual executed tasks or hours on our weekly timecard, and send to you for approval before invoicing for payment.)

**Note 1**: **This is a packaged quote**. The quotes for Job Site Management, REAP, Storm Water Sampling and Analysis Day and Storm Water Annual Report above were estimated assuming that all the items services are performed by us. We will reevaluate the quotes and increase the fees if we are required to prepare these items separately.

**Note 2**: Your construction team will work with us and take responsibilities for the following allocated tasks: storm event (pre, during and post storm) monitoring, daily monitoring, storm water samplings, testing and reporting tasks. We will train your specified employees to perform these tasks and reduce your cost for hiring us fulltime. We can provide you the defined scopes between us before we hire for the job. If you want us to take over the entire tasks, we can provide you an estimated fulltime fees upon your request.

If an incidental task is required such as Storm Water Quality or Water Quality Exceedance Reports, reviewing or performing unpredictable weather related work, our rate for a QSD/QSP is $110 per hour. Travelling time will be charged with this rate.

If testing meter or kit is used, our daily charges for the pH meter is $80/day, turbidimeter is $100/day and dissolved oxygen meter is $100/day.

Parking and travelling expenses with 10% administration fees will be charged separately from the quotes above if it incurred on this project. Our QSD/QSP will be travelling from City of Concord to the site therefore the roundtrip mileage cost is $61 for each field monitoring work.

Exclusion:

- Ensure all employees have current water pollution control training,
- Authority to mobilize crew,
- Ad Hoc Report and, Inspection and Reporting Log for the Storm Water Annual Report,
- Maintain SWPPP documents including all monitoring reports and sampling data.

The quotes above include the stipulations described under the General Terms and Conditions listed below:

***GENERAL TERMS AND CONDITIONS***

*S Kwok Engineers, Inc. ("Consultant") is responsibilities shall conform and are limited to the requirements of the Construction General Permit of California (CGP), as applicable, to Consultant's retention as a QSP or QSD.*

***SWPPP Documents:***
*The minimum time required for Consultant to prepare a Storm Water Pollution Prevention Plan ("SWPPP") is ten (10) business days. In order for Consultant to prepare a SWPPP, Contractor must provide information requested by Consultant concerning the project, including, but not limited to, the project schedule, construction documents, contract and/or purchase order. S Kwok Engineers, Inc. will submit SWPPP documents such as monitoring reports to Contractors but is not responsible to maintain SWPPP documents for the project.*

***Cooperation**: Contractor shall cooperate with Consultant in obtaining documents and other information requested by Consultant, including, but not limited to, requests for information, change orders and other approvals, and the status of Consultant's applications for payment and payments to Contractor for work performed by Consultant. Contractor shall cooperate with Consultant's recommendations so as not to impair Consultant's ability to perform under the CGP as applicable, by, among other things, performing allocated tasks, ensuring CGP required documents retain on project site, mobilizing crews within 72 hours to implement or maintain BMPs or corrective actions.*

***Billing**: Except as otherwise provided herein, Consultant shall submit invoices monthly for work performed on the project. Payment term is net thirty (30) days from receipt of invoice for progress payment and net forty-five (45) days from receipt of invoice for retention payment. Payments not received in accordance with this provision shall accrue interest at the rate of one and one-half percent (1-1/2%) per month from due date until paid.*

***Insurance**: Consultant maintains, and shall maintain during the performance of its work on the project, the following insurance and coverage:*

- *General liability - $1 million per occurrence/$2 million aggregate;*
- *Professional liability - $1 million per occurrence/$2 million aggregate;*
- *Commercial automobile liability - $1 million combined single limit;*
- *Umbrella liability – $1 million;*
- *Worker's compensation liability - $1 million per accident for bodily injury or disease.*

*Insurance or insurance coverage required in addition to or in excess of the insurance and coverage provided under this provision shall be paid for by Contractor in advance of being acquired by Consultant.*

***Indemnity**: Consultant only provides advisory services, does not perform physical construction work or deliver construction materials to the field, and is not responsible for water pollution or unauthorized discharge of pollutants from the project, including, without limitation, any resulting costs, fines, penalties or fees. Contractor shall indemnify, hold harmless, and defend Consultant from any and all claims, damages, liabilities or other obligations of any nature arising out of or which relates to Consultant's work on the project, except that caused by the sole and active negligence of Consultant.*

***Incidental, Special, and Consequential Damages**: Consultant shall not be liable for any incidental, special or consequential damages, including, but not limited to, loss of revenues or profits, liquidated damages, delay damages, or liabilities or other obligations to third parties.*

***Suspension of Work and Termination or Cancellation of Contract**: Consultant may suspend work or terminate or cancel Consultant's contract with Contractor upon forty-eight (48) hours written notice to Contractor. Consultant may cancel its contract with Contractor for breach of any provision contained herein. Consultant may terminate its contract with Contractor for the following causes: (1) a force majeure event; (2) the filing of a voluntary petition in bankruptcy by Contractor; (3) the failure by Contractor to pay Consultant's invoices as provided herein; (4) the failure by Contractor to execute change orders or extra work.*

***Site Conditions**: Contractor represents and warrants that the site conditions of the project are as represented in Consultant's contract with Contractor, drawings and specifications (collectively "Contract Documents") and acknowledges that Consultant has only relied on the site conditions as represented in the Contract Documents. Contractor shall be*

*responsible for extra work necessitated by unforeseen site conditions not represented in the Contract Documents.*

***Governing Law**: These Conditions and the Contract Documents shall be construed under, and governed by, the laws of the State of California.*

If the proposal is acceptable to you, please send us your sub-contract or purchase order two (2) weeks before we start working on the project. This will allow us to resolve any contract issues if they arise.

We need ten (10) business days to prepare the draft SWPPP for review pending on all the requested information and project schedule provided by you.

Please feel free to call me if you have any questions. These quotes are valid for 6 months from the below date.

**RE: Proposal for SWPPP for Caltrans 04-3G59U4, Bids 9/14/16**

**Dear Prime Contractor;**

Thank you for the opportunity to provide a bid for this work. We provide civil and stormwater engineering services. This proposal assumes the project is a Risk Level 2.

**Scope of Work:**

A. Prepare Stormwater Pollution Prevention Plan (SWPPP).
   - I. Prepare SWPPP per State and contract requirements. Include Rain Event Action Plan (REAP) template, Construction Site Monitoring Plan and Sampling and Analysis Plan where required.
   - II. Prepare Water Pollution Control Drawings as part of the SWPPP.
   - III. Exclusions: Installation and implementation of water pollution practices, providing a WPC Manager, conducting training, and monitoring, inspection and correcting water pollution control practices are excluded. A WPC Manager, training, monitoring and inspection are available as an additional service upon request.

B. Rain Event Action Plans (REAPs).
   - I. Prepare REAPs prior to a rain event with 50% or more chance of occurrence; prepared by a Qualified SWPPP Developer (QSD).
   - II. Exclusions; this contract item can only be provided if we are selected to also perform Stormwater inspection or WPC Manager services. This does not include a pre-storm inspection which would be covered under other bid items.

C. Storm Water Sampling and Analysis Day.
   - I. Provide pH and turbidity sampling of runoff. Collect 3 minimum grab samples per day of stormwater runoff during a qualifying rain event. A qualifying rain event is one that produces 0.5" or more of rain with 48 hours of dry weather in between storm events. Sampling will be done using field meters. Document sampling on the Caltrans CEM2052 Field Test report form.

D. Storm Water Annual Report
   - I. Prepare Stormwater Annual Report in accordance with SWRCB requirements. This service can only be provided if we also prepare the SWPPP or provide stormwater inspection.

E. Provide Weekly Stormwater Inspection and Water Pollution Control Manager
   - I. Provide Water Pollution Control Manager (WPC Manager) with appropriate Qualified SWPPP Developer (QSD) certification.
   - II. Provide inspection 1 day per week of stormwater Best Management Practices (BMP's) and oversee BMP implementation; inspections will be done or overseen by a QSD.
   - III. Provide quarterly non-stormwater monitoring inspection.
   - IV. Check NOAA weather forecast daily.
   - V. Provide stormwater inspection reports once a week.
   - VI. Prepare SWPPP Amendments as needed.
   - VII. Provide initial SWPPP training to contractor's staff and subcontractors at beginning of job.
   - VIII. Exclusions; Does not include any onsite sampling or lab testing if there is an event that triggers non-stormwater, non-visible pollutant or other testing. Assumes contractor's staff can provide the daily, pre-storm, during storm and post-storm visual BMP rain event inspection to reduce costs unless otherwise contracted for (See Item F for rain event inspection).

**PHONE: 707-693-1926 • FAX 707-471-0318 • ROBIN@TULLYGROUP.COM OR KATELYN@TULLYGROUP.COM**

F. Provide Stormwater Inspector for Pre-Storm, During Storm or Post Storm Inspection
   I. Provide Pre-storm inspection; before a forecasted storm event which is defined as one with a 50% chance or more of occurrence.
   II. Provide During storm inspection. This is required every 24 hours during extended storm events. A storm event is defined as one that produces or is forecasted to produce at least 0.10 inch of rain within a 24 hour period (per Caltrans definition).
   III. Provide Post storm inspection; after a qualifying rain event. A qualifying rain event is one that produces ½" or more of rain with a 48 hour or greater period between rain events.
   IV. Inspections will be done or overseen by a QSD or QSP.

**Fee:**

The services noted below will be prepared for a Fixed Fee of the following, with fees billed monthly based upon percent completion:

A. Prepare SWPPP (Part of Bid Item No. 13) $2,600

B. Rain Event Action Plan, $125 EA x 101 estimated (Part of Bid Item No. 14) $12,625

C. Storm Water Sampling and Analysis Day, $375 EA x 74 estimated (Bid Item No. 15) $27,750

**We are willing to teach the contractor's staff how to self-perform sampling.

D. Storm Water Annual Report $1,500

($500 EA x 3, Bid Item No. 16)

E. Provide Weekly Stormwater Inspection and Water Pollution Control Manager $ 375 per week

$125/hr x 3 hours = $375/week x 90 weeks = $33,750 Not to Exceed

F. Provide Stormwater Inspector for Pre-Storm, During Storm or Post Storm Inspection $ 375 EA

$125/hr x 3 hours = $375 per visit x 40 visits = $15,000

For quantity purposes, we estimate no more than 40 events

This is based on the project lasting 90 weeks.

Additional QSP services will be billed at rate of $125 per hour.

Additional QSD services will be billed at rate of $135 per hour.

Contractors should take note that Items E and F above are required items under the Caltrans "Prepare SWPPP" Bid Item as per the 2010 Standard Specifications, Section 13-2.01A page 163.

Fees will be due within 30 days of client's receipt of invoice. Late payments beyond 30 days past due can be subject to a 1.5% per month interest charge. Payment arrangements can be made to coincide with any owner to contractor payment installments.

## SPECIAL CLARIFICATIONS AND EXCLUSIONS

This Bid Proposal is predicated on the attached Standard Conditions of Quotation. While all of the exclusions and clarifications outlined in the Standard Conditions apply, please pay particular attention to the following:

1. Continuous and un-obstructed access to be provided by others. MDCI will mobilize drill rig and support equipment using legal loads, up to and including 9 axle trailers and requires continuous site access for material deliveries using concrete ready-mix trucks and flat-bed trucks. Level, stable, drained, flat, all-weather benches to be provided and maintained by others, with suitable access ramps to all work locations:
   a. For Soldier Piles, MDCI anticipates using a Lodril crawler mounted drilling rig. The unit is approximately 30' long and 12' wide when drilling. The boom sticks up 35' when drilling and the machine weighs 100,000 lbs. It can safely reach 12' from the edge of the tracks to the center of the hole.
   b. Night shift work with a ramp closure is anticipated for the installation of the soldier piles.
2. General Contractor to provide adequate task lighting for MDCI's work.
3. Soldier Piles shall be furnished (cleaned and painted) by others with a picking eye for hoisting by MDCI. Soldier piles shall be stockpiled within 150 feet of MDCI's work area with forklift access readily available;
4. Furnish and installation of any Lagging excluded.
5. Permits, easements, permission to encroach by others;
6. Material testing and special inspections by others;
7. Site dewatering excluded;
8. The General Contractor (GC) is responsible for **continuous removal** and disposal of spoils generated during the drilling;
9. MDCI excludes removal of any and all SPW elements;

**RE: Proposal for SWPPP for Caltrans 04-3G59U4, Bids 9/14/16**

**Dear Prime Contractor;**

Thank you for the opportunity to provide a bid for this work. We provide civil and stormwater engineering services. This proposal assumes the project is a Risk Level 2.

**Scope of Work:**

A. Prepare Stormwater Pollution Prevention Plan (SWPPP).
   - I. Prepare SWPPP per State and contract requirements. Include Rain Event Action Plan (REAP) template, Construction Site Monitoring Plan and Sampling and Analysis Plan where required.
   - II. Prepare Water Pollution Control Drawings as part of the SWPPP.
   - III. Exclusions: Installation and implementation of water pollution practices, providing a WPC Manager, conducting training, and monitoring, inspection and correcting water pollution control practices are excluded. A WPC Manager, training, monitoring and inspection are available as an additional service upon request.

B. Rain Event Action Plans (REAPs).
   - I. Prepare REAPs prior to a rain event with 50% or more chance of occurrence; prepared by a Qualified SWPPP Developer (QSD).
   - II. Exclusions; this contract item can only be provided if we are selected to also perform Stormwater inspection or WPC Manager services. This does not include a pre-storm inspection which would be covered under other bid items.

C. Storm Water Sampling and Analysis Day.
   - I. Provide pH and turbidity sampling of runoff. Collect 3 minimum grab samples per day of stormwater runoff during a qualifying rain event. A qualifying rain event is one that produces 0.5" or more of rain with 48 hours of dry weather in between storm events. Sampling will be done using field meters. Document sampling on the Caltrans CEM2052 Field Test report form.

D. Storm Water Annual Report
   - I. Prepare Stormwater Annual Report in accordance with SWRCB requirements. This service can only be provided if we also prepare the SWPPP or provide stormwater inspection.

E. Provide Weekly Stormwater Inspection and Water Pollution Control Manager
   - I. Provide Water Pollution Control Manager (WPC Manager) with appropriate Qualified SWPPP Developer (QSD) certification.
   - II. Provide inspection 1 day per week of stormwater Best Management Practices (BMP's) and oversee BMP implementation; inspections will be done or overseen by a QSD.
   - III. Provide quarterly non-stormwater monitoring inspection.
   - IV. Check NOAA weather forecast daily.
   - V. Provide stormwater inspection reports once a week.
   - VI. Prepare SWPPP Amendments as needed.
   - VII. Provide initial SWPPP training to contractor's staff and subcontractors at beginning of job.
   - VIII. Exclusions; Does not include any onsite sampling or lab testing if there is an event that triggers non-stormwater, non-visible pollutant or other testing. Assumes contractor's staff can provide the daily, pre-storm, during storm and post-storm visual BMP rain event inspection to reduce costs unless otherwise contracted for (See Item F for rain event inspection).

**PHONE: 707-693-1926 • FAX 707-471-0318 • ROBIN@TULLYGROUP.COM OR KATELYN@TULLYGROUP.COM**

F. Provide Stormwater Inspector for Pre-Storm, During Storm or Post Storm Inspection
   I. Provide Pre-storm inspection; before a forecasted storm event which is defined as one with a 50% chance or more of occurrence.
   II. Provide During storm inspection. This is required every 24 hours during extended storm events. A storm event is defined as one that produces or is forecasted to produce at least 0.10 inch of rain within a 24 hour period (per Caltrans definition).
   III. Provide Post storm inspection; after a qualifying rain event. A qualifying rain event is one that produces ½" or more of rain with a 48 hour or greater period between rain events.
   IV. Inspections will be done or overseen by a QSD or QSP.

Fee:

The services noted below will be prepared for a Fixed Fee of the following, with fees billed monthly based upon percent completion:

A. Prepare SWPPP (Part of Bid Item No. 13) $2,600

B. Rain Event Action Plan, $125 EA x 101 estimated (Part of Bid Item No. 14) $12,625

C. Storm Water Sampling and Analysis Day, $375 EA x 74 estimated (Bid Item No. 15) $27,750

**We are willing to teach the contractor's staff how to self-perform sampling.

D. Storm Water Annual Report $1,500

($500 EA x 3, Bid Item No. 16)

E. Provide Weekly Stormwater Inspection and Water Pollution Control Manager $ 375 per week

$125/hr x 3 hours = $375/week x 90 weeks = $33,750 Not to Exceed

F. Provide Stormwater Inspector for Pre-Storm, During Storm or Post Storm Inspection $ 375 EA

$125/hr x 3 hours = $375 per visit x 40 visits = $15,000

For quantity purposes, we estimate no more than 40 events

This is based on the project lasting 90 weeks.

Additional QSP services will be billed at rate of $125 per hour.

Additional QSD services will be billed at rate of $135 per hour.

Contractors should take note that Items E and F above are required items under the Caltrans "Prepare SWPPP" Bid Item as per the 2010 Standard Specifications, Section 13-2.01A page 163.

Fees will be due within 30 days of client's receipt of invoice. Late payments beyond 30 days past due can be subject to a 1.5% per month interest charge. Payment arrangements can be made to coincide with any owner to contractor payment installments.

## SPECIAL CLARIFICATIONS AND EXCLUSIONS

This Bid Proposal is predicated on the attached Standard Conditions of Quotation. While all of the exclusions and clarifications outlined in the Standard Conditions apply, please pay particular attention to the following:

1. Continuous and un-obstructed access to be provided by others. MDCI will mobilize drill rig and support equipment using legal loads, up to and including 9 axle trailers and requires continuous site access for material deliveries using concrete ready-mix trucks and flat-bed trucks. Level, stable, drained, flat, all-weather benches to be provided and maintained by others, with suitable access ramps to all work locations:
   a. For Soldier Piles, MDCI anticipates using a Lodril crawler mounted drilling rig. The unit is approximately 30' long and 12' wide when drilling. The boom sticks up 35' when drilling and the machine weighs 100,000 lbs. It can safely reach 12' from the edge of the tracks to the center of the hole.
   b. Night shift work with a ramp closure is anticipated for the installation of the soldier piles.
2. General Contractor to provide adequate task lighting for MDCI's work.
3. Soldier Piles shall be furnished (cleaned and painted) by others with a picking eye for hoisting by MDCI. Soldier piles shall be stockpiled within 150 feet of MDCI's work area with forklift access readily available;
4. Furnish and installation of any Lagging excluded.
5. Permits, easements, permission to encroach by others;
6. Material testing and special inspections by others;
7. Site dewatering excluded;
8. The General Contractor (GC) is responsible for **continuous removal** and disposal of spoils generated during the drilling;
9. MDCI excludes removal of any and all SPW elements;

10. This bid is predicated on 8-10 hour work shifts, Monday through Friday (night time only). GC to cover premium & OT costs for its own personnel and inspection;

Attachment(s): MDCI Standard Conditions as a Shoring and Underpinning Subcontractor (2 pages)

Bid No. NC-16-298 Job Name: Strobridge Avenue On-Ramp

**MALCOLM DRILLING CO., INC. (MDCI) STANDARD CONDITIONS AS A SHORING AND UNDERPINNING SUBCONTRACTOR**

This proposal is based upon the following conditions, exclusions and requirements.

1. **PRIME CONTRACTOR COORDINATION AND SUPPORT.** Throughout the project, the Prime Contractor shall be responsible for providing MDCI with each of the following, which are excluded from MDCI's scope of work:

   a. coordinating all work of other contractors and suppliers so as not to hinder, interfere with or delay MDCI work;

   b. all required field engineering, surveying and layout, including clearly marked center lines, grades, offset stakes, and elevations at each hole location and maintenance of same;

   c. all required soil, concrete and materials testing, inspection and/or system monitoring, permits, licenses, surveys, easements, permissions to encroach and as-built drawings;

   d. suitable areas on or adjacent to the site for MDCI's office, storage of materials and equipment and fabrication of materials.

   e. protection (including capping side sewer laterals), location (including potholing), relocation, removal, rerouting and/or repair of all pavement, sidewalks, conduits, wires, pipelines and other utilities, whether underground or overhead, in the project area and on adjacent property, as required to prevent interference with MDCI's work;

   f. continuous removal and disposal of all spoils and waste materials, debris, excess concrete and dunnage, so as not to interfere with or delay MDCI's work;

   g. site dewatering, if required, before and during MDCI's work so as to prevent hydrostatic head that interferes with MDCI's progress;

   h. installation, operation and regular cleaning of sumps, holding tanks or desilting basins as may reasonably be required to pump water and/or drilling fluids from MDCI's work;

   i. reasonable traffic control and protection, including all flag persons and equipment, street cleaning, barricades, fences, and handrails, including relocation as required;

   j. furnishing water, lighting, telephone service, sanitary facilities and electrical power, in such quantity and quality as required by MDCI and available within 200 feet of each work location.

2. **EXCLUSIONS.** Unless otherwise stated in the accompanying proposal, the following items of work are excluded from MDCI's scope and shall be paid for as additive change orders if required:

   a. removal of subsurface obstructions of any kind that were not disclosed in the project soils information provided to MDCI at bid time;

   b. forming, sandblasting, placement of dowels, anchor bolts, and keys;

   c. providing ironworkers or other crafts not currently employed by MDCI;

   d. removal of materials after they have been installed, except when such removal is caused by MDCI defective work;

   e. unscheduled overtime labor required by Owner and/or Prime Contractor;

   f. premium charged for any payment or performance bond that may be required from MDCI;

   g. costs of repairing damage arising from the vibrations or weight of MDCI's equipment, except where MDCI is negligent;

   h. costs of more than one mobilization at the site, if MDCI's work is interrupted, suspended or delayed by causes outside its control.

3. **ACCESS.** Throughout the project, the Prime Contractor shall be responsible for providing reasonable access by which concrete trucks and other construction-related vehicles can move under their own power to and from each location where they are required for MDCI's work, including without limitation the placement and maintenance of dry, level, firm benches, ramps, etc., with mats or gravel if necessary. Prime Contractor shall similarly provide safe access to all work locations for all MDCI personnel and for their equipment and material, including without limitation any required ladders, hoists, and/or scaffolding.

4. **SCHEDULE.** Time is of the essence in this agreement. Prime Contractor and MDCI shall adhere to a mutually agreed upon schedule. Prime Contractor shall provide workmen, materials, and supervision in order to expedite the work to meet or exceed the project schedule.

5. **EXCAVATION.** The Prime Contractor shall be responsible for coordination of mass excavation and shall prevent unsafe over-excavation. MDCI assumes no responsibility for stability or maintenance of excavation or for excessive concrete overbreak. MDCI is not responsible for the backfilling of over-excavation caused by others. Mass excavation and trimming of material to the face of soldier piles or to the face of lagging, whichever is further, will be done by others so as not to interfere with or delay MDCI work. Excavation for lagging and lagging installation shall not exceed 5 foot vertical lifts. Soil conditions may dictate that lifts be less than 5 feet. When existing footings are to be underpinned, sequential excavation to the bottom of existing foundations is to be done by others at no cost to MDCI.

6. **HAZARDOUS MATERIALS.** MDCI shall not be required to remove, transport or dispose of hazardous substances or contaminated materials (as designated by any government or other regulatory agency). Before MDCI's work begins, Prime Contractor shall disclose in writing all hazardous and contaminated materials at the project site. Prime Contractor shall arrange for all tests, inspections, and notices required by law.

   The encountering of any hazardous substance or contaminated material that affects MDCI's work shall constitute a differing site condition for which MDCI shall be entitled to equitable price and schedule adjustments. If such a condition is discovered, MDCI shall be entitled to stop all affected work and shall have no obligation to perform investigation or remedial work. Prime Contractor shall immediately arrange for investigation of the condition and give prompt notice as to how it will be handled. If the Prime Contractor certifies that the condition is alleviated and directs MDCI to proceed, MDCI may require the Prime Contractor to provide insurance with mutually agreed policy limits to cover the personnel health risks and remediation liabilities to which MDCI may thereby be exposed.

   Prime Contractor shall indemnify, hold harmless, and defend MDCI and its officers, employees, agents, subcontractors of any tier, suppliers, and consultants from and against any liability, claim, loss, or expense (including legal and expert expenses) arising out of the existence, encountering, handling, disposal, release, or remediation of any hazardous substance or contaminated material other than materials brought to the site by MDCI.

7. **CONVENTIONAL METHODS.** Unless specified otherwise, MDCI's price is based upon providing conventional auger tools, and MDCI shall be paid for extra work if required to perform rock drilling, coring, blasting, hand mining, hand cleaning, casing of shafts, or shoring of bells. MDCI shall also be entitled to equitable compensation for costs of any excess repair of drill

rigs, drill tools, or casing that suffers damage from unexpected rock or obstructions to drilling or coring.

8. ~~**CONCRETE.** All structural concrete shall be placed per ACI 336.1. Nonstructural concrete will be placed by free fall method. In order to eliminate unsafe conditions, all shafts which are not completely filled with concrete are to be covered by others.~~

9. **SHORING AND UNDERPINNING.** Horizontal tolerances for excavation support systems shall be 1% of the vertical height unless specified under special conditions. Unless permanent tiebacks are required, shoring, tiebacks and nails are temporary. Permanent structures must be constructed for future stability and lateral support. The removal of materials once installed is excluded, unless such work is covered by bid item.

10. **MEASUREMENT AND PAYMENT.** Prime Contractor shall promptly inspect and accept or reject the work after it is completed. Changes made after that acceptance will be compensable to MDCI. The add/deduct unit prices quoted by MDCI shall be applicable only when it varies from the specified quantity by no more than 15%. No work by others shall be charged to MDCI's account unless reported to and accepted by an authorized MDCI representative at the end of each day when the work is performed.

    If the parties cannot otherwise agree on compensation for any change or delay entitling MDCI to an equitable adjustment, MDCI shall be paid its additional costs plus a 20% markup for overhead and fee.

    During the work, progress payments shall be made at least monthly. Progress payments shall include reimbursement of costs for all materials that have been purchased and/or satisfactorily fabricated, even if they have not yet been installed. No payments shall be made by joint checks unless authorized in writing by MDCI. Interest or late fees will be charged on all past due accounts, at 10% per annum. Retention if withheld, shall be limited to no more than 5% of MDCI's earned payments. Full payment for MDCI work shall be made within 45 days after substantial completion of that work. Prime Contractor shall withhold no retention from this final payment. If there are phases or ramp removals, tieback de-tensioning or shoring removals, they shall be treated as separate jobs with separate retention.

11. **LIMITATIONS ON DAMAGES.** MDCI shall under no circumstances be liable to Owner and/or Prime Contractor or to any of Owner's and/or Prime Contractor's employees, contractors or consultants for any indirect, consequential, or exemplary damages.

12. **DIFFERING SITE CONDITIONS.** Notwithstanding any other provision in any contract documents, MDCI shall be entitled to an equitable adjustment to its price and schedule whenever its work is adversely affected by encountering any latent condition at the project site that differs from conditions (a) indicated by the Contract documents or soils data furnished to MDCI at bid time, or (B) ordinarily encountered and generally recognized as inherent in work of the character provided in the Contract.

13. ~~**TAXES.** Unless specifically stated in MDCI's proposal, it does not include any local, state, federal or other governmental agency taxes, including without limitation sales tax.~~

14. **INDEMNITY.** MDCI shall defend and indemnify Prime Contractor and Owner (each an "Indemnitee") with respect to any claim against it for loss or damage negligently or intentionally caused by MDCI, its subcontractors or agents in the performance of work under this contract, but only in the same proportion as that causation bears to the whole of the causation, including that attributable to the Indemnitee on the basis of either active or passive liability or fault giving rise to such loss or damage. These proportions of causation shall be determined upon the resolution of such claim, and Indemnitee shall repay to MDCI that part, if any, of the costs of Indemnitee's defense or indemnity provided by MDCI that is in excess of MDCI's proportionate share of such causation.

15. **INSURANCE.** MDCI shall maintain in place, throughout the performance of its work hereunder, worker's compensation coverage as required by law, and commercial general liability insurance, for bodily injury and property damage coverage (without the exclusion for explosion, collapse and underground loss), with a single occurrence limit of $1 Million. MDCI shall only be required to provide such coverage to the extent of MDCI's share in the total fault causing loss or damage.

16. **LIMITS ON CONDOMINIUM CONVERSION.** If the owner elects to covert a project to condominiums, the owner will provide Condominium Conversion Insurance prior to any such conversion. This insurance must cover the contractor and its subcontractors retroactively to the commencement of construction with a tail through the Statute of Limitations.

    Owner and contractor will defend, indemnify and hold MDCI harmless from any claims by a Condominium Association for damages arising from or connected with the sale or construction of any condominium property.

16. **ENTIRE AGREEMENT.** These general conditions and attached subcontract comprise the parties' entire agreement for the work. They supersede all prior and contemporaneous written or verbal agreements and representations relating to the work, and these conditions may only be amended by a mutually signed written instrument.

17. **DISPUTES.** In the event of a claim or dispute between MDCI and Prime Contractor arising out of or in any way relating to this contract or the work to be performed hereunder, the parties shall first attempt to resolve it through mediation conducted by a single mediator, to be selected by the parties and compensated equally by them. Only those claims or disputes, if any, which are not resolved by such mediation shall be submitted to binding arbitration before a single arbitrator selected by the parties or, if they are unable to agree, by a court of competent jurisdiction. That arbitration shall be conducted under the arbitration statutes of the state in which the work is to be performed, or under such other rules of arbitration as the parties may agree. The prevailing party in such arbitration shall be entitled to recover from the other party, in addition to any other damages awarded, all of its reasonable attorneys' fees, expenses, experts' and consultants' charges, and the costs of the arbitration.

18. **PRECEDENCE.** These conditions shall be attached to and become part of the Contract and shall take precedence over any conflicting provisions.

19. **EXPIRATION.** Unless specified otherwise, this bid quotation shall not remain in effect after 30 days of the bid date unless accepted in writing or by Contract.

We are pleased to submit our proposal for the construction of items noted below on the above referenced project. Our proposal is based on the Contract Plans and Specifications provided at the time of bid and is subject to the terms and conditions herein.

Scope of Work

36" Soldier Beam Drilled Hole

- Drill hole, case and remove casing after placement of Soldier Beam and concrete by others

| Bid Item | Item Description | Qty | | Unit Price | Total |
|---|---|---|---|---|---|
| | Mobilization | 1 | EA | $ 10,000.00 | $ 10,000.00 |
| 98 | 36"Drilled Hole (Soldier Pile) | 718 | LF | $ 100.00 | $ 71,800.00 |
| | | | Total | | $ 81,800.00 |

Total Base Pricing

- Pricing assumes General Contractor to place steel and concrete immediately after hole is drilled

The above price is based on Monday – Friday day time shifts and completion of our work by December, 2016. A move-in is defined as providing and/or moving additional drill and equipment to the project. If additional move-ins are required, add $5,000 to the Total Price.

Payment Terms:

| | |
|---|---|
| Mobilization: | To be paid within 10 days of mobilization. |
| Progress Payment: | Due and payable by the 30th of the month for work performed the previous month or maximum of 10 days after receipt of payment by owner. |
| Retention: | No retention to be withheld |
| Final Payment: | Due no later than 30 days after the completion of our work. |

Exclusions:

- Cost of permits and bonds, if applicable.
- Layout of drill holes, and reporting to authorities if required. (USA)
- Special inspection and all testing of materials.

- Removal and control of drill spoils and water (run-off) from drilling operation, removal and disposal of waste grout.
- Traffic barriers with visual and protective walls to prevent drill spoils from blowing onto roadway, adjacent structures, or environmentally protected areas.
- Removal, relocation or protection of any overhead obstructions and utilities, either above or below ground, which may interfere with drilling and/or installation. Power lines closer than legally permissible to be removed or de-energized by others.
- Earthwork as necessary to provide uninterrupted access to our scope of work.
- Extra costs associated with working in contaminated or hazardous soils.
- Liquidated and consequential damage.

Special Conditions:
Buyer shall provide at no cost to AVAR:

- A written construction schedule as soon as available but no later than 60 days prior to commencement of AVAR's work with final confirmation with no less than seven (7) days notice.
- Traffic Control and lane closures.
- Access and adequate, safe work area for drilling equipment and crews.
- Contractor shall provide access to all soldier piles allowing for continuous uninterrupted work.
- Hoisting for loading, unloading and moving of materials and equipment operations as required by AVAR for continuous uninterrupted work.
- Supply and maintenance of light plants.
- Secure storage area and pressurized, potable water (approx. 50 gpm) required by AVAR all within 50 feet of point use (for grouting only).
- Dumpster at site for our waste and concrete washout.
- Supply of pressurized potable water at 50gpm.
- Any work not specifically included in "Scope of Work".

This proposal must be countersigned on the back page by PCDC to be binding. The following are a part of this quotation. They will attach to and become a part of the subcontract. Should there be conflicts between these conditions and conditions of the general contract, these conditions shall prevail. This bid proposal shall remain open for a period of thirty days from the bid date, and PCDC reserves the right to withdraw this bid proposal at any time within the aforementioned thirty days unless accepted by owner/contractor in writing prior to the date of withdrawal. This bid proposal shall expire by its own terms if not accepted within thirty days from the bid date.

The following Terms and Conditions are part of this quotation. They will attach to and become a part of the subcontract. Should there be conflicts between these conditions and conditions of the general contract, the above conditions shall prevail.

PACIFIC COAST DRILLING COMPANY (PCDC) TERMS AND CONDITIONS

This proposal is based upon the following Terms and conditions, which are to be provided and paid for by others. By signing below, you also acknowledge that U.S.A. Dig (1-800-227-2600) has been properly notified and their services provided for this project, and PCDC is not liable or at all responsible for providing utility location services on this project.

1. All required field engineering and layout, including clearly marked center hubs and elevations at each shaft location.
2. All required soil, concrete and material testing. All special inspections and/or monitoring.
3. The protection, relocation, removal and/or repair of all utilities that interfere with Pacific Coast Drillings scope of work.
4. Removal and disposal of all drill spoils and drill fluids/displaced ground water so as not to interfere with or impede the progress of the drilling operation by others. Unless other wise specified.
5. A suitable concrete wash out pit/area for PCDC's use to be supplied and maintained by others.
6. Removal of all form work / sonotube by others.
7. Traffic control or protection including all personnel, any labor and/or equipment that may be required, such as street cleaning, barricades, fences or handrails.
8. Water, electrical power, a concrete wash out area within 50' of any work location, sanitary facilities and an osha approved heat relief shade area will be made available by others for PCDC.
9. All on site licenses and/or permits. All easements or permissions for performance of drilling subcontractor's work.
10. Suitable on site area(s) for the drilling subcontractor's office, storage and/or fabrication of materials.
11. If reinforcing steel is too be furnished by others, it is to be tied sufficiently for lifting and convenient to shaft locations at no cost to the drilling subcontractor. Including any bending of bars in order to use casing
12. No back charges of any kind will be accepted or considered, unless they have been signed for by an authorized PCDC representative on a daily basis.
13. This proposal is based on PCDC personnel working a straight-time work week. The premium time portion of any overtime work directed will be charged as extra work.
14. Any cleaning of the Piers beyond that which the normal drilling tools will achieve which may be required to perform this work; it will be performed on an hourly, time and material basis.
15. Pacific Coast Drilling Co. shall be excused for delays in the completion of the contract caused by acts of God, action or non-action of owner, owner's agents or employees, the General Contractor, other contractors on the project, inclement weather, labor disputes, acts of public utilities, public bodies, extra work, failure of owner of General Contractor to make progress payments, or other contingencies, that are beyond the control of PCDC.
16. We have relied on plans and specifications received for bidding purposes, PCDC shall be entitled to compensation for extra cost incurred as a result of erroneous plans or specifications lack of received information. Should conditions be encountered in the performance of our scope of work which differ from (A) Those indicted by the contract documents or soils data furnished to PCDC, or (B) Those ordinarily encountered and generally recognized as inherent in work of the character provided in the contract, an equitable adjustment will be made to cover the costs of those impacts. If the Piers are designed deeper than the soil borings, we have assumed that the material to be drilled is similar to that which was encountered to the depth explored. Should this not be the case, any added expense to us is to be paid for as extra work.
17. Payments due pursuant to the terms and conditions recited herein are to be made upon the presentation of PCDC's invoice to owner/contractor. Invoices must be paid without fail within thirty days. Overdue balances with be charged interest at the maximum amount provided by law. No retention shall be withheld form the payments due pursuant to the presentation of the invoice.
18. Owner/Contractor agrees to pay reasonable attorney's fees and court costs if PCDC is required to bring legal action to collect any rental or other sums due, as provided herein, of collection of any loss, damage or injury to leased equipment or persons or property involved in the use of such equipment where any such loss, damage or injury occurs as a direct result of the acts of owner/contractor.
19. Upon request, PCDC will provide certificates of insurance in that amounts and in accordance with the coverage PCDC presently has. The costs associated with such coverage will be quoted upon request. Additional insurance and the coverage afforded there under will be quoted on request. Naming others as additional inures under PCDC's existing insurance will be charged at cost.
20. This agreement involves the performance of work for Contractor and/or Property Owner (s) on Contractors or Property Owners premises. Contactor and/or Property Owner(s) agrees to indemnify Pacific Coast Drilling Company, against all losses, expenses, claims and liability of any nature resulting from injury of damages to person(s) or property caused by, or resulting from performance of such work, except for injuries or damages caused by the sole negligence of PCDC.
21. This bid proposal shall remain open for a period of thirty days from the date, and PCDC reserves the right to withdraw this bid proposal at any time within the afore mentioned thirty days unless accepted by owner/contractor in writing prior to the date of withdrawal. This bid proposal shall expire by its own terms if not accepted within thirty days from the date.

The above prices, specifications, terms and conditions are satisfactory and hereby accepted. You are hereby authorized to begin work.

## RE: Proposal for SWPPP for Caltrans 04-3G59U4, Bids 9/14/16

## Dear Prime Contractor;

Thank you for the opportunity to provide a bid for this work. We provide civil and stormwater engineering services. This proposal assumes the project is a Risk Level 2.

**Scope of Work:**

A. Prepare Stormwater Pollution Prevention Plan (SWPPP).
   - I. Prepare SWPPP per State and contract requirements. Include Rain Event Action Plan (REAP) template, Construction Site Monitoring Plan and Sampling and Analysis Plan where required.
   - II. Prepare Water Pollution Control Drawings as part of the SWPPP.
   - III. Exclusions: Installation and implementation of water pollution practices, providing a WPC Manager, conducting training, and monitoring, inspection and correcting water pollution control practices are excluded. A WPC Manager, training, monitoring and inspection are available as an additional service upon request.

B. Rain Event Action Plans (REAPs).
   - I. Prepare REAPs prior to a rain event with 50% or more chance of occurrence; prepared by a Qualified SWPPP Developer (QSD).
   - II. Exclusions; this contract item can only be provided if we are selected to also perform Stormwater inspection or WPC Manager services. This does not include a pre-storm inspection which would be covered under other bid items.

C. Storm Water Sampling and Analysis Day.
   - I. Provide pH and turbidity sampling of runoff. Collect 3 minimum grab samples per day of stormwater runoff during a qualifying rain event. A qualifying rain event is one that produces 0.5" or more of rain with 48 hours of dry weather in between storm events. Sampling will be done using field meters. Document sampling on the Caltrans CEM2052 Field Test report form.

D. Storm Water Annual Report
   - I. Prepare Stormwater Annual Report in accordance with SWRCB requirements. This service can only be provided if we also prepare the SWPPP or provide stormwater inspection.

E. Provide Weekly Stormwater Inspection and Water Pollution Control Manager
   - I. Provide Water Pollution Control Manager (WPC Manager) with appropriate Qualified SWPPP Developer (QSD) certification.
   - II. Provide inspection 1 day per week of stormwater Best Management Practices (BMP's) and oversee BMP implementation; inspections will be done or overseen by a QSD.
   - III. Provide quarterly non-stormwater monitoring inspection.
   - IV. Check NOAA weather forecast daily.
   - V. Provide stormwater inspection reports once a week.
   - VI. Prepare SWPPP Amendments as needed.
   - VII. Provide initial SWPPP training to contractor's staff and subcontractors at beginning of job.
   - VIII. Exclusions; Does not include any onsite sampling or lab testing if there is an event that triggers non-stormwater, non-visible pollutant or other testing. Assumes contractor's staff can provide the daily, pre-storm, during storm and post-storm visual BMP rain event inspection to reduce costs unless otherwise contracted for (See Item F for rain event inspection).

**PHONE: 707-693-1926 • FAX 707-471-0318 • ROBIN@TULLYGROUP.COM OR KATELYN@TULLYGROUP.COM**

F. Provide Stormwater Inspector for Pre-Storm, During Storm or Post Storm Inspection
   I. Provide Pre-storm inspection; before a forecasted storm event which is defined as one with a 50% chance or more of occurrence.
   II. Provide During storm inspection. This is required every 24 hours during extended storm events. A storm event is defined as one that produces or is forecasted to produce at least 0.10 inch of rain within a 24 hour period (per Caltrans definition).
   III. Provide Post storm inspection; after a qualifying rain event. A qualifying rain event is one that produces ½" or more of rain with a 48 hour or greater period between rain events.
   IV. Inspections will be done or overseen by a QSD or QSP.

**Fee:**

The services noted below will be prepared for a Fixed Fee of the following, with fees billed monthly based upon percent completion:

A. Prepare SWPPP (Part of Bid Item No. 13) $2,600

B. Rain Event Action Plan, $125 EA x 101 estimated (Part of Bid Item No. 14) $12,625

C. Storm Water Sampling and Analysis Day, $375 EA x 74 estimated (Bid Item No. 15) $27,750

**We are willing to teach the contractor's staff how to self-perform sampling.

D. Storm Water Annual Report $1,500

($500 EA x 3, Bid Item No. 16)

E. Provide Weekly Stormwater Inspection and Water Pollution Control Manager $ 375 per week

$125/hr x 3 hours = $375/week x 90 weeks = $33,750 Not to Exceed

F. Provide Stormwater Inspector for Pre-Storm, During Storm or Post Storm Inspection $ 375 EA

$125/hr x 3 hours = $375 per visit x 40 visits = $15,000

For quantity purposes, we estimate no more than 40 events

This is based on the project lasting 90 weeks.

Additional QSP services will be billed at rate of $125 per hour.

Additional QSD services will be billed at rate of $135 per hour.

Contractors should take note that Items E and F above are required items under the Caltrans "Prepare SWPPP" Bid Item as per the 2010 Standard Specifications, Section 13-2.01A page 163.

Fees will be due within 30 days of client's receipt of invoice. Late payments beyond 30 days past due can be subject to a 1.5% per month interest charge. Payment arrangements can be made to coincide with any owner to contractor payment installments.

## SPECIAL CLARIFICATIONS AND EXCLUSIONS

This Bid Proposal is predicated on the attached Standard Conditions of Quotation. While all of the exclusions and clarifications outlined in the Standard Conditions apply, please pay particular attention to the following:

1. Continuous and un-obstructed access to be provided by others. MDCI will mobilize drill rig and support equipment using legal loads, up to and including 9 axle trailers and requires continuous site access for material deliveries using concrete ready-mix trucks and flat-bed trucks. Level, stable, drained, flat, all-weather benches to be provided and maintained by others, with suitable access ramps to all work locations:
   a. For Soldier Piles, MDCI anticipates using a Lodril crawler mounted drilling rig. The unit is approximately 30' long and 12' wide when drilling. The boom sticks up 35' when drilling and the machine weighs 100,000 lbs. It can safely reach 12' from the edge of the tracks to the center of the hole.
   b. Night shift work with a ramp closure is anticipated for the installation of the soldier piles.
2. General Contractor to provide adequate task lighting for MDCI's work.
3. Soldier Piles shall be furnished (cleaned and painted) by others with a picking eye for hoisting by MDCI. Soldier piles shall be stockpiled within 150 feet of MDCI's work area with forklift access readily available;
4. Furnish and installation of any Lagging excluded.
5. Permits, easements, permission to encroach by others;
6. Material testing and special inspections by others;
7. Site dewatering excluded;
8. The General Contractor (GC) is responsible for **continuous removal** and disposal of spoils generated during the drilling;
9. MDCI excludes removal of any and all SPW elements;

10. This bid is predicated on 8-10 hour work shifts, Monday through Friday (night time only). GC to cover premium & OT costs for its own personnel and inspection;
11. Off-site disposal of water and slurry in MDCI furnished Baker tanks excluded. GC to remove, clean out, and dispose all contents from Baker Tanks within 5 days after MDCI's use. Special filtration system, if required, shall be provided and maintained by the GC;
12. Protection and repair (if needed) of any driveways, paved roadways, sidewalks, or other finished/unfinished areas is to be provided/performed by others;
13. All survey, layout, monitoring and as-builts by others. Each Soldier Pile shall be laid out with face of wall location, offsets, and elevations;
14. Potholing, locating, removal, or rerouting of utilities (above/below ground) is to be performed by others;
15. Obstructions not identified in the geotechnical report are excluded;
16. The GC shall perform all required traffic control and pedestrian protection, including all labor (flagmen, etc.) equipment (flashing signs, barricades, fencing, cones, etc.) and materials to perform such tasks. Maintenance and relocation of traffic and pedestrian control is the responsibility of the GC. Malcolm to sequence delivery of materials and equipment with GC
17. MDCI exludes SWPPP, street cleaning and dust control;
18. Performance and Payment Bonds. If required, MDCI bond rate is 0.7 % of total contract value;
19. Retention, if withheld, shall be limited to no more than 5% of MDCI's earned payments. Full payment for MDCI work shall be made within 45 days after completion and acceptance of MDCI's work;
20. Indemnity shall be limited to MDCI's proportionate fault. See Item 14 of MDCI's Standard Conditions.

We appreciate the opportunity to bid this work to you. Please feel free to contact the undersigned with any questions regarding this bid proposal.

Sincerely,

Attachment(s): MDCI Standard Conditions as a Shoring and Underpinning Subcontractor (2 pages)

Bid No. NC-16-298 Job Name: Strobridge Avenue On-Ramp

**MALCOLM DRILLING CO., INC. (MDCI) STANDARD CONDITIONS AS A SHORING AND UNDERPINNING SUBCONTRACTOR**

This proposal is based upon the following conditions, exclusions and requirements.

1. **PRIME CONTRACTOR COORDINATION AND SUPPORT.** Throughout the project, the Prime Contractor shall be responsible for providing MDCI with each of the following, which are excluded from MDCI's scope of work:

   a. coordinating all work of other contractors and suppliers so as not to hinder, interfere with or delay MDCI work;

   b. all required field engineering, surveying and layout, including clearly marked center lines, grades, offset stakes, and elevations at each hole location and maintenance of same;

   c. all required soil, concrete and materials testing, inspection and/or system monitoring, permits, licenses, surveys, easements, permissions to encroach and as-built drawings;

   d. suitable areas on or adjacent to the site for MDCI's office, storage of materials and equipment and fabrication of materials.

   e. protection (including capping side sewer laterals), location (including potholing), relocation, removal, rerouting and/or repair of all pavement, sidewalks, conduits, wires, pipelines and other utilities, whether underground or overhead, in the project area and on adjacent property, as required to prevent interference with MDCI's work;

   f. continuous removal and disposal of all spoils and waste materials, debris, excess concrete and dunnage, so as not to interfere with or delay MDCI's work;

   g. site dewatering, if required, before and during MDCI's work so as to prevent hydrostatic head that interferes with MDCI's progress;

   h. installation, operation and regular cleaning of sumps, holding tanks or desilting basins as may reasonably be required to pump water and/or drilling fluids from MDCI's work;

   i. reasonable traffic control and protection, including all flag persons and equipment, street cleaning, barricades, fences, and handrails, including relocation as required;

   j. furnishing water, lighting, telephone service, sanitary facilities and electrical power, in such quantity and quality as required by MDCI and available within 200 feet of each work location.

2. **EXCLUSIONS.** Unless otherwise stated in the accompanying proposal, the following items of work are excluded from MDCI's scope and shall be paid for as additive change orders if required:

   a. removal of subsurface obstructions of any kind that were not disclosed in the project soils information provided to MDCI at bid time;

   b. forming, sandblasting, placement of dowels, anchor bolts, and keys;

   c. providing ironworkers or other crafts not currently employed by MDCI;

   d. removal of materials after they have been installed, except when such removal is caused by MDCI defective work;

   e. unscheduled overtime labor required by Owner and/or Prime Contractor;

   f. premium charged for any payment or performance bond that may be required from MDCI;

   g. costs of repairing damage arising from the vibrations or weight of MDCI's equipment, except where MDCI is negligent;

   h. costs of more than one mobilization at the site, if MDCI's work is interrupted, suspended or delayed by causes outside its control.

3. **ACCESS.** Throughout the project, the Prime Contractor shall be responsible for providing reasonable access by which concrete trucks and other construction-related vehicles can move under their own power to and from each location where they are required for MDCI's work, including without limitation the placement and maintenance of dry, level, firm benches, ramps, etc., with mats or gravel if necessary. Prime Contractor shall similarly provide safe access to all work locations for all MDCI personnel and for their equipment and material, including without limitation any required ladders, hoists, and/or scaffolding.

4. **SCHEDULE.** Time is of the essence in this agreement. Prime Contractor and MDCI shall adhere to a mutually agreed upon schedule. Prime Contractor shall provide workmen, materials, and supervision in order to expedite the work to meet or exceed the project schedule.

5. **EXCAVATION.** The Prime Contractor shall be responsible for coordination of mass excavation and shall prevent unsafe over-excavation. MDCI assumes no responsibility for stability or maintenance of excavation or for excessive concrete overbreak. MDCI is not responsible for the backfilling of over-excavation caused by others. Mass excavation and trimming of material to the face of soldier piles or to the face of lagging, whichever is further, will be done by others so as not to interfere with or delay MDCI work. Excavation for lagging and lagging installation shall not exceed 5 foot vertical lifts. Soil conditions may dictate that lifts be less than 5 feet. When existing footings are to be underpinned, sequential excavation to the bottom of existing foundations is to be done by others at no cost to MDCI.

6. **HAZARDOUS MATERIALS.** MDCI shall not be required to remove, transport or dispose of hazardous substances or contaminated materials (as designated by any government or other regulatory agency). Before MDCI's work begins, Prime Contractor shall disclose in writing all hazardous and contaminated materials at the project site. Prime Contractor shall arrange for all tests, inspections, and notices required by law.

   The encountering of any hazardous substance or contaminated material that affects MDCI's work shall constitute a differing site condition for which MDCI shall be entitled to equitable price and schedule adjustments. If such a condition is discovered, MDCI shall be entitled to stop all affected work and shall have no obligation to perform investigation or remedial work. Prime Contractor shall immediately arrange for investigation of the condition and give prompt notice as to how it will be handled. If the Prime Contractor certifies that the condition is alleviated and directs MDCI to proceed, MDCI may require the Prime Contractor to provide insurance with mutually agreed policy limits to cover the personnel health risks and remediation liabilities to which MDCI may thereby be exposed.

   Prime Contractor shall indemnify, hold harmless, and defend MDCI and its officers, employees, agents, subcontractors of any tier, suppliers, and consultants from and against any liability, claim, loss, or expense (including legal and expert expenses) arising out of the existence, encountering, handling, disposal, release, or remediation of any hazardous substance or contaminated material other than materials brought to the site by MDCI.

7. **CONVENTIONAL METHODS.** Unless specified otherwise, MDCI's price is based upon providing conventional auger tools, and MDCI shall be paid for extra work if required to perform rock drilling, coring, blasting, hand mining, hand cleaning, casing of shafts, or shoring of bells. MDCI shall also be entitled to equitable compensation for costs of any excess repair of drill

rigs, drill tools, or casing that suffers damage from unexpected rock or obstructions to drilling or coring.

8. ~~**CONCRETE.** All structural concrete shall be placed per ACI 336.1. Nonstructural concrete will be placed by free fall method. In order to eliminate unsafe conditions, all shafts which are not completely filled with concrete are to be covered by others.~~

9. **SHORING AND UNDERPINNING.** Horizontal tolerances for excavation support systems shall be 1% of the vertical height unless specified under special conditions. Unless permanent tiebacks are required, shoring, tiebacks and nails are temporary. Permanent structures must be constructed for future stability and lateral support. The removal of materials once installed is excluded, unless such work is covered by bid item.

10. **MEASUREMENT AND PAYMENT.** Prime Contractor shall promptly inspect and accept or reject the work after it is completed. Changes made after that acceptance will be compensable to MDCI. The add/deduct unit prices quoted by MDCI shall be applicable only when it varies from the specified quantity by no more than 15%. No work by others shall be charged to MDCI's account unless reported to and accepted by an authorized MDCI representative at the end of each day when the work is performed.

    If the parties cannot otherwise agree on compensation for any change or delay entitling MDCI to an equitable adjustment, MDCI shall be paid its additional costs plus a 20% markup for overhead and fee.

    During the work, progress payments shall be made at least monthly. Progress payments shall include reimbursement of costs for all materials that have been purchased and/or satisfactorily fabricated, even if they have not yet been installed. No payments shall be made by joint checks unless authorized in writing by MDCI. Interest or late fees will be charged on all past due accounts, at 10% per annum. Retention if withheld, shall be limited to no more than 5% of MDCI's earned payments. Full payment for MDCI work shall be made within 45 days after substantial completion of that work. Prime Contractor shall withhold no retention from this final payment. If there are phases or ramp removals, tieback de-tensioning or shoring removals, they shall be treated as separate jobs with separate retention.

11. **LIMITATIONS ON DAMAGES.** MDCI shall under no circumstances be liable to Owner and/or Prime Contractor or to any of Owner's and/or Prime Contractor's employees, contractors or consultants for any indirect, consequential, or exemplary damages.

12. **DIFFERING SITE CONDITIONS.** Notwithstanding any other provision in any contract documents, MDCI shall be entitled to an equitable adjustment to its price and schedule whenever its work is adversely affected by encountering any latent condition at the project site that differs from conditions (a) indicated by the Contract documents or soils data furnished to MDCI at bid time, or (B) ordinarily encountered and generally recognized as inherent in work of the character provided in the Contract.

13. ~~**TAXES.** Unless specifically stated in MDCI's proposal, it does not include any local, state, federal or other governmental agency taxes, including without limitation sales tax.~~

14. **INDEMNITY.** MDCI shall defend and indemnify Prime Contractor and Owner (each an "Indemnitee") with respect to any claim against it for loss or damage negligently or intentionally caused by MDCI, its subcontractors or agents in the performance of work under this contract, but only in the same proportion as that causation bears to the whole of the causation, including that attributable to the Indemnitee on the basis of either active or passive liability or fault, giving rise to such loss or damage. These proportions of causation shall be determined upon the resolution of such claim, and Indemnitee shall repay to MDCI that part, if any, of the costs of Indemnitee's defense or indemnity provided by MDCI that is in excess of MDCI's proportionate share of such causation.

15. **INSURANCE.** MDCI shall maintain in place, throughout the performance of its work hereunder, worker's compensation coverage as required by law, and commercial general liability insurance, for bodily injury and property damage coverage (without the exclusion for explosion, collapse and underground loss), with a single occurrence limit of $1 Million. MDCI shall only be required to provide such coverage to the extent of MDCI's share in the total fault causing loss or damage.

16. **LIMITS ON CONDOMINIUM CONVERSION.** If the owner elects to covert a project to condominiums, the owner will provide Condominium Conversion Insurance prior to any such conversion. This insurance must cover the contractor and its subcontractors retroactively to the commencement of construction with a tail through the Statute of Limitations.

    Owner and contractor will defend, indemnify and hold MDCI harmless from any claims by a Condominium Association for damages arising from or connected with the sale or construction of any condominium property.

16. **ENTIRE AGREEMENT.** These general conditions and attached subcontract comprise the parties' entire agreement for the work. They supersede all prior and contemporaneous written or verbal agreements and representations relating to the work, and these conditions may only be amended by a mutually signed written instrument.

17. **DISPUTES.** In the event of a claim or dispute between MDCI and Prime Contractor arising out of or in any way relating to this contract or the work to be performed hereunder, the parties shall first attempt to resolve it through mediation conducted by a single mediator, to be selected by the parties and compensated equally by them. Only those claims or disputes, if any, which are not resolved by such mediation shall be submitted to binding arbitration before a single arbitrator selected by the parties or, if they are unable to agree, by a court of competent jurisdiction. That arbitration shall be conducted under the arbitration statutes of the state in which the work is to be performed, or under such other rules of arbitration as the parties may agree. The prevailing party in such arbitration shall be entitled to recover from the other party, in addition to any other damages awarded, all of its reasonable attorneys' fees, expenses, experts' and consultants' charges, and the costs of the arbitration.

18. **PRECEDENCE.** These conditions shall be attached to and become part of the Contract and shall take precedence over any conflicting provisions.

19. **EXPIRATION.** Unless specified otherwise, this bid quotation shall not remain in effect after 30 days of the bid date unless accepted in writing or by Contract.

To: General Contractors

Re: Rte 580 Strobridge
Contract Number 04-3G59U4
Soldier Pile Wall
Alameda County, CA

We are pleased to submit our proposal for the construction of items noted below on the above referenced project. Our proposal is based on the Contract Plans and Specifications provided at the time of bid and is subject to the terms and conditions herein.

Scope of Work

36" Soldier Beam Drilled Hole

- Drill hole, case and remove casing after placement of Soldier Beam and concrete by others

| Bid Item | Item Description | Qty | | Unit Price | Total |
|---|---|---|---|---|---|
| | Mobilization | 1 | EA | $ 10,000.00 | $ 10,000.00 |
| 98 | 36"Drilled Hole (Soldier Pile) | 718 | LF | $ 100.00 | $ 71,800.00 |
| | | | Total | | $ 81,800.00 |

Total Base Pricing

- Pricing assumes General Contractor to place steel and concrete immediately after hole is drilled

The above price is based on Monday – Friday day time shifts and completion of our work by December, 2016. A move-in is defined as providing and/or moving additional drill and equipment to the project. If additional move-ins are required, add $5,000 to the Total Price.

Payment Terms:

| | |
|---|---|
| Mobilization: | To be paid within 10 days of mobilization. |
| Progress Payment: | Due and payable by the 30th of the month for work performed the previous month or maximum of 10 days after receipt of payment by owner. |
| Retention: | No retention to be withheld |
| Final Payment: | Due no later than 30 days after the completion of our work. |

Exclusions:

- Cost of permits and bonds, if applicable.
- Layout of drill holes, and reporting to authorities if required. (USA)
- Special inspection and all testing of materials.

- Removal and control of drill spoils and water (run-off) from drilling operation, removal and disposal of waste grout.
- Traffic barriers with visual and protective walls to prevent drill spoils from blowing onto roadway, adjacent structures, or environmentally protected areas.
- Removal, relocation or protection of any overhead obstructions and utilities, either above or below ground, which may interfere with drilling and/or installation. Power lines closer than legally permissible to be removed or de-energized by others.
- Earthwork as necessary to provide uninterrupted access to our scope of work.
- Extra costs associated with working in contaminated or hazardous soils.
- Liquidated and consequential damage.

Special Conditions:

Buyer shall provide at no cost to AVAR:

- A written construction schedule as soon as available but no later than 60 days prior to commencement of AVAR's work with final confirmation with no less than seven (7) days notice.
- Traffic Control and lane closures.
- Access and adequate, safe work area for drilling equipment and crews.
- Contractor shall provide access to all soldier piles allowing for continuous uninterrupted work.
- Hoisting for loading, unloading and moving of materials and equipment operations as required by AVAR for continuous uninterrupted work.
- Supply and maintenance of light plants.
- Secure storage area and pressurized, potable water (approx. 50 gpm) required by AVAR all within 50 feet of point use (for grouting only).
- Dumpster at site for our waste and concrete washout.
- Supply of pressurized potable water at 50gpm.
- Any work not specifically included in "Scope of Work".

Insurance:

AVAR is protected by Worker's Compensation Insurance with limits required by law. Public Liability Insurance for Bodily Injury/Property Damage/Products completed with limits of $1,000.000 each occurrence and $2,000,000 aggregate; Excess Liability with limits of $5,000,000 each occurrence and $10,000,000 aggregate; Automobile Casualty Insurance with limits of $1,000,000. AVAR is not required to accept an OCIP or WRAP policy absent verification the coverages are equal or better to AVAR's existing coverages.

Stand-by time caused by others shall be charged as follows:

| | |
|---|---|
| Drill rig only: | $ 625.00/hour |
| Labor: | $ 85.00/man-hour |

Acceptance:

This proposal is subject to acceptance within 10 days from bid date (contingent upon an award to Buyer) and in no case later than 30 days from the date of this proposal. This proposal shall constitute a contract when Buyer gives AVAR oral or written notice of acceptance, whichever occurs first. Should work begin without a fully executed contract, this proposal shall constitute a contract. If the first progress payment is not received within 30 days of first billing submission without a fully executed contract, AVAR Construction reserves the right to stop work. From the

This proposal must be countersigned on the back page by PCDC to be binding. The following are a part of this quotation. They will attach to and become a part of the subcontract. Should there be conflicts between these conditions and conditions of the general contract, these conditions shall prevail. This bid proposal shall remain open for a period of thirty days from the bid date, and PCDC reserves the right to withdraw this bid proposal at any time within the aforementioned thirty days unless accepted by owner/contractor in writing prior to the date of withdrawal. This bid proposal shall expire by its own terms if not accepted within thirty days from the bid date.

The following Terms and Conditions are part of this quotation. They will attach to and become a part of the subcontract. Should there be conflicts between these conditions and conditions of the general contract, the above conditions shall prevail.

PACIFIC COAST DRILLING COMPANY (PCDC) TERMS AND CONDITIONS

This proposal is based upon the following Terms and conditions, which are to be provided and paid for by others. By signing below, you also acknowledge that U.S.A. Dig (1-800-227-2600) has been properly notified and their services provided for this project, and PCDC is not liable or at all responsible for providing utility location services on this project.

1. All required field engineering and layout, including clearly marked center hubs and elevations at each shaft location.
2. All required soil, concrete and material testing. All special inspections and/or monitoring.
3. The protection, relocation, removal and/or repair of all utilities that interfere with Pacific Coast Drillings scope of work.
4. Removal and disposal of all drill spoils and drill fluids/displaced ground water so as not to interfere with or impede the progress of the drilling operation by others. Unless other wise specified.
5. A suitable concrete wash out pit/area for PCDC's use to be supplied and maintained by others.
6. Removal of all form work / sonotube by others.
7. Traffic control or protection including all personnel, any labor and/or equipment that may be required, such as street cleaning, barricades, fences or handrails.
8. Water, electrical power, a concrete wash out area within 50' of any work location, sanitary facilities and an osha approved heat relief shade area will be made available by others for PCDC.
9. All on site licenses and/or permits. All easements or permissions for performance of drilling subcontractor's work.
10. Suitable on site area(s) for the drilling subcontractor's office, storage and/or fabrication of materials.
11. If reinforcing steel is too be furnished by others, it is to be tied sufficiently for lifting and convenient to shaft locations at no cost to the drilling subcontractor. Including any bending of bars in order to use casing
12. No back charges of any kind will be accepted or considered, unless they have been signed for by an authorized PCDC representative on a daily basis.
13. This proposal is based on PCDC personnel working a straight-time work week. The premium time portion of any overtime work directed will be charged as extra work.
14. Any cleaning of the Piers beyond that which the normal drilling tools will achieve which may be required to perform this work; it will be performed on an hourly, time and material basis.
15. Pacific Coast Drilling Co. shall be excused for delays in the completion of the contract caused by acts of God, action or non-action of owner, owner's agents or employees, the General Contractor, other contractors on the project, inclement weather, labor disputes, acts of public utilities, public bodies, extra work, failure of owner of General Contractor to make progress payments, or other contingencies, that are beyond the control of PCDC.
16. We have relied on plans and specifications received for bidding purposes, PCDC shall be entitled to compensation for extra cost incurred as a result of erroneous plans or specifications lack of received information. Should conditions be encountered in the performance of our scope of work which differ from (A) Those indicted by the contract documents or soils data furnished to PCDC, or (B) Those ordinarily encountered and generally recognized as inherent in work of the character provided in the contract, an equitable adjustment will be made to cover the costs of those impacts. If the Piers are designed deeper than the soil borings, we have assumed that the material to be drilled is similar to that which was encountered to the depth explored. Should this not be the case, any added expense to us is to be paid for as extra work.
17. Payments due pursuant to the terms and conditions recited herein are to be made upon the presentation of PCDC's invoice to owner/contractor. Invoices must be paid without fail within thirty days. Overdue balances with be charged interest at the maximum amount provided by law. No retention shall be withheld form the payments due pursuant to the presentation of the invoice.
18. Owner/Contractor agrees to pay reasonable attorney's fees and court costs if PCDC is required to bring legal action to collect any rental or other sums due, as provided herein, of collection of any loss, damage or injury to leased equipment or persons or property involved in the use of such equipment where any such loss, damage or injury occurs as a direct result of the acts of owner/contractor.
19. Upon request, PCDC will provide certificates of insurance in that amounts and in accordance with the coverage PCDC presently has. The costs associated with such coverage will be quoted upon request. Additional insurance and the coverage afforded there under will be quoted on request. Naming others as additional inures under PCDC's existing insurance will be charged at cost.
20. This agreement involves the performance of work for Contractor and/or Property Owner (s) on Contractors or Property Owners premises. Contactor and/or Property Owner(s) agrees to indemnify Pacific Coast Drilling Company, against all losses, expenses, claims and liability of any nature resulting from injury of damages to person(s) or property caused by, or resulting from performance of such work, except for injuries or damages caused by the sole negligence of PCDC.
21. This bid proposal shall remain open for a period of thirty days from the date, and PCDC reserves the right to withdraw this bid proposal at any time within the afore mentioned thirty days unless accepted by owner/contractor in writing prior to the date of withdrawal. This bid proposal shall expire by its own terms if not accepted within thirty days from the date.

The above prices, specifications, terms and conditions are satisfactory and hereby accepted. You are hereby authorized to begin work.

GENERAL CONDITIONS

Hillside Drilling's (HSD) bid is based on one move ins to the job with continuous operation until completion of subject move-ins; add $10,000 to the contract for each additional move. Contractor will provide 20-foot wide level, unobstructed access with no overhead obstructions adjacent to all locations as required for drill rig (as described above), R.T. crane with outriggers, concrete pump and concrete trucks. Power lines to be de-energized as required for safe clearances. Contractor to remove drill spoils concurrent with drilling as required to provide access for setting and pouring operations. Concrete pour crew may require additional overtime work hours to complete pours. Contractor will provide a clean out area for drilling equipment and concrete pumps and trucks. Bid is based on day work Mon.-Fri. 8 hours per day. Contractor to provide three weeks minimum notice of start date. Contractor to provide area on site for storage of Hillside Drilling's equipment and materials. Changes in start date shall be made 72 hours in advance of given start date and may result in a delay to the rescheduled work. Hillside Drilling will be given one working day to verify grade, access, and layout before moving on to the site. If casing or dewatering is needed, rebar cages shall not block access of casing or sump pumps. Price based on groundwater being discharged at site into de-silting pit or basin provided by General Contractor 100' from work area. If any man-made/man-placed materials are encountered such as bricks, concrete, rip rap, pea gravel, etc., the general contractor will provide Hillside Drilling with written authorization to proceed with the work utilizing any required special tools and equipment. A daily log of labor, equipment and material will be maintained and subsequently billed at the rate of $425.00 per drill rig hour including two men, plus costs of materials, other equipment and labor, plus appropriate markups. All standby time due to delays by others will be billed at the same hourly rate. Gentlemen:

Myers and Sons Construction, LP (M&S) is pleased to submit its bid proposal subject to the following terms and conditions:

**PRICES GOOD FOR 30 DAYS FROM DATE OF THIS LETTER.**

1. M&S excludes all costs associated with contract milestones. Any acceleration to meet the contractor milestones will require additional compensation.

2. M&S will utilize key craft personnel with previous polyester paving experience due to the specialized nature of polyester concrete placement. Non-critical craft personnel may be hired locally.

3. Reference "Storm Water Pollution Control." The Water Pollution Control Plan is to be prepared by Contractor using mutually agreeable measures at M&S work sites. SWPPP development, implementation, installation, maintenance, and removal are to be performed by others.

4. Reference Item "Traffic Control System." M&S excludes all Traffic Control, Flagging, K-Rail, and PCMS boards.

5. Reference "Place and Furnish Polyester Concrete Overlay." All surface preparations, including but not limited to; milling, grinding, AC and PCC removals, and contrast and striping removals are excluded. M&S excludes street sweeping. M&S excludes all joint work and joint preparation work. M&S excludes all unsound concrete work. M&S excludes all public safety plans, public notifications, pull testing, industrial hygienists, air monitoring and/or reporting, and surveying. M&S excludes all sawcut grooving, either longitudinally or transversely. M&S to Prepare Deck Surface (bead blast) prior to placing polyester concrete overlay. M&S will provide all labor, material, and equipment to place polyester.

6. Reference Item "Mobilization." M&S includes one (1) Mobilization. Additional mobilizations to be paid at ten thousand dollars ($10,000).

09/14/2016 10:16 6149520 PAGE 02/04

7. Reference "Grade Control and Substrate Condition." M&S will utilize a paving ski for grade control. In the event the substrate consists of extreme variations, a string line will be used for grade control at an additional cost. Any substrate, either longitudinally or transversely, greater than 1/2" will make the smoothness specification void for M&S.

8. Reference "Schedule." All Work is to be completed by December 31, 2017. Add 10% to pricing for all work performed after this date. M&S will need seven (7) shifts to complete work.

9. Reference "Lighting." If required, Contractor shall provide at no cost to M&S sufficient lighting at construction yard and jobsite to enable M&S to safely perform its Work.

10. Reference "Construction Yard." M&S is to be provided a 50,000 SF construction staging area for all materials and equipment within one (1) mile of the bridge deck that meet all specification requirements.

11. Contractor to provide a Gradeall at no cost to M&S for the duration of M&S work.

12. Contractor to provide toilets and wash stations as required by OSHA at no cost to M&S.

13. Contractor to provide onsite trash receptacles as needed at no cost to M&S.

14. Temporary and/or permanent striping and markers, including maintenance thereof, is excluded.

15. Contractor to provide layout, grades, and staking as required at no cost to M&S.

16. Contractor to provide a location and a concrete base that meet specifications for the PPC trial slab, and dispose of trial slab, if required.

17. All sampling, tests and testing, inspections, permits, air monitoring, licenses and fees are excluded.

18. Modifications to equipment, noise abatement and work restrictions are excluded.

19. Liquidated damages are excluded.

20. Local revenue taxes included.

21. M&S requires sixty (60) days written advance notice to schedule Work.

22. M&S shall be paid progress, final, change order/extra work and retainage payments within ten (10) calendar days of Contractor's receipt of payment from the Owner for value of work completed by M&S, plus any Owner's approved amount for materials and equipment (if any) suitably stored on or off site.

23. M&S will not be liable for any costs, expenses, liabilities or damages (including delay damages) and will not work overtime without additional payment if such costs, expenses, liabilities or damages are due to delays the circumstances of which are beyond M&S's control or without M&S's fault. M&S will not be liable for consequential damages, however caused.

24. M&S reserves the right to stop work with three days written notice if payments are past due by more than ten (10) calendar days.

25. Any indemnification provided to Contractor by M&S for personal injury or property damage will be on a comparative negligence basis. M&S excludes providing a type I indemnity to others.

Delinquent payments will be subject to the highest interest rate allowed by law.

Retainage percentage on monthly progress payments to be no greater than the percentage retained by the Owner on its payments to the Contractor. If Owner reduces the retainage percentages on payments to the Contractor, the Contractor shall likewise reduce the retainage percentage on payments to BC Rentals, Inc. Full retention to be released no later than thirty (30) days after completion of BC Rentals, Inc. work. Excessive or delinquent retainage will be subject to the highest interest rate allowed by law.

## General Terms & Conditions

***NOTE: All contracts must be written to our legal corporate name "BC Rentals, Inc."***

BC Rentals, Inc. requires a written contract, purchase order or signed quote prior to the start of work.

Any required Testing, Engineering, Design, Permits, Licenses or Applications, and the like to be provided by others.

Prices are based on Plans & Specifications available at bid time, including all addenda. Any request for work (post bid) under conditions differing from those represented by the Prime Contract Documents, including but not limited to; altered phasing or staging, design changes, modified layout resulting from plan errors or inaccurate designs, will require payment for additional work to be made to BC Rentals, Inc. at an amount agreed upon prior to performing this work. If an amount cannot be agreed upon prior to performing the additional work the amount will be determined using Caltrans Force Account Rates or unit prices established in the bid pricing schedule, or a combination thereof; whichever method results in a higher overall payment.

BC Rentals, Inc. is not responsible for delays caused by and or resulting from activities or non activities of others, including but not not limited to, owner, contractor, vendors, suppliers, other subcontractors and other factors not in direct control of BC Rentals, Inc. For the delays caused by the aforementioned, BC Rentals, Inc. will be reimbursed for all direct and indirect costs plus a mark up of forty percent (40%), or as specified and allowed by the Prime Contract if the delays are caused by the Owner / Agency. BC Rentals, Inc. will be granted an extension of time to perform its work tantamount to the delays.

Price includes General Liability Insurance coverage up to Two Million Dollars, Auto Liability up to One Million Dollars, and Umbrella Liability up to Five Million Dollars. Bid Price does not includes cost for insurance requirement beyond that requirement. Price does not include any special insurance requirement (i.e. Railroad Insurance, etc). An additional cost will be required for this type of policy.

BC Rentals, Inc. requires fifteen (15) working days notice prior to commencement of any production activity. If any of BC Rentals, Inc. work will be a controlling operation on the critical path of this project, BC Rentals, Inc. must be notified in writing prior to execution of the Subcontract Agreement and provided with a CPM schedule which details this work. Failure to provide this information will waive the Contractor's right to recover liquidated damages from BC Rentals, Inc. for this work.

All changes to the original scope of work or proposed extra work must be directed by the Contractor in writing prior to BC Rentals, Inc. performing this work.

For the purpose of this Subcontract Quotation one (1) move-in is considered to be: a period of consecutive eight (8) hour days of continuous work, not including weekends and holidays. Any discontinuities in this period, other than weekends and holidays, or for our own convenience, will be charged as an additional move-in at the Addition Move-in Charge as quoted herein.

BC Rentals, Inc. must receive a letter of intent to award us the subcontract no later than (30) calendar days after bid date or this Subcontract Quotation becomes null and void. Also, This quote shall become a part of any and all subcontract agreements and / or purchases orders related to the project. Violation of this action will nullify this proposal.

5) Delays caused by the lack of continuous water or other delays will be charged at a rate of $400 per hour and $660 per hour for overtime. Contractor is expected to provide appropriate 1.5" water connection with a minimum pressure of 50 psi and a minimum pumping rate of 200 gallons/minute.
6) Bid subject to approval by the Project Engineer.
7) It is important to note that Cell-Crete Cellular Concrete is a highly viscous material during placement and is essentially self-leveling. The material does not lend itself to the construction of slopes such as embankment side slopes, roadway profiles, crowns, super elevations or other slopes with a free edge. Grade changes are typically accommodated by surface stepping using formwork then building up the slope with soil or aggregate, or over pouring and trimming to grade. It is possible to construct slopes by placing thickened material over the surface steps once the bulk of the pour is complete but this can be time consuming and add cost to the project. If your project requires a sloping finished surface, discuss your options with your Cell-Crete representative to come up with the most efficient, cost effective method to achieve this.
8) Quantity is to be determined by readings from Cell-Crete's mixing equipment and amount of cement use. If an alternative method of measurement is requested, it is to be agreed upon during the first days of placement and to be verified accurate and acceptable to Cell-Crete Corporation. Cell-Crete requires the opportunity to be present for procedures that determine our material quantity, including surveying/shooting grade, before placement of initial lift of material.
9) Cell-Crete accepts no responsibility for placing of concrete products into lines, vessels or any areas not properly isolated. Our materials, when used for pipe fills, must be contained during the placement process. Creation of containment structure will be the responsibility of others. Cell-Crete is not responsible for the integrity of the void to be filled, nor its ability to contain grout. This includes pipes, structures or formed-off areas.
10) All excavations for placement of cellular concrete must be free of standing water.
11) Excludes traffic control, third party testing, de watering, bulkhead, feed and vent pipes, cleaning, shoring, formwork, excavation, backfill and access.
12) Contractor is expected to provide safe access and a minimum setup area of 24'x80' adjacent to fill with good access for up to 6 trucks at a time.
13) Cell-Crete works a typical 7-3:30, 40 hours work week unless specifically contracted otherwise. Prices are based upon night work.

14) Contractor is expected to provide at least 2 weeks' notice for each mobilization and schedule to be agreeable to Cell-Crete.
15) Contractor is expected to provide washouts.
16) Contractor is expected to provide OSHA requirements, e.g. safety rails, protection of openings and access ladders. Cell-Crete is expected to provide standard safety equipment for our crews and equipment.
17) Cement prices good through 09/31/2017. Annual increases equal to the increase in Cement price from the supplier to be expected if the job runs longer than that.
18) Contractor is expected to provide all lanes closure permits and flagmen for such closures.
19) There shall be no clauses requiring Cell-Crete Corporation to assume liability for any act by others
20) Contracts must be executed before the start of associated work.
21) This quotation shall be attached and be part of the final contract. Contract is to be acceptable to Cell-Crete.

**General Conditions:**

1) Add $4,500 for additional mobilizations or work days when delays outside Cell-Crete's control occur. Schedule is to be acceptable to Cell-Crete. Deductions for less yardage will be credited on a prorated basis.
2) Additional material will be billed at unit price shown.
3) The unit price shown above does not include Formwork (if needed).

4) Cellular Concrete Lifts should be limited to no more than 4' deep per day.
5) Delays caused by the lack of continuous water or other delays will be charged at a rate of $400 per hour and $660 per hour for overtime. Contractor is expected to provide appropriate 1.5" water connection with a minimum pressure of 50 psi and a minimum pumping rate of 200 gallons/minute.
6) Bid subject to approval by the Project Engineer.
7) It is important to note that Cell-Crete Cellular Concrete is a highly viscous material during placement and is essentially self-leveling. The material does not lend itself to the construction of slopes such as embankment side slopes, roadway profiles, crowns, super elevations or other slopes with a free edge. Grade changes are typically accommodated by surface stepping using formwork then building up the slope with soil or aggregate, or over pouring and trimming to grade. It is possible to construct slopes by placing thickened material over the surface steps once the bulk of the pour is complete but this can be time consuming and add cost to the project. If your project requires a sloping finished surface, discuss your options with your Cell-Crete representative to come up with the most efficient, cost effective method to achieve this.
8) Quantity is to be determined by readings from Cell-Crete's mixing equipment and amount of cement use. If an alternative method of measurement is requested, it is to be agreed upon during the first days of placement and to be verified accurate and acceptable to Cell-Crete Corporation. Cell-Crete requires the opportunity to be present for procedures that determine our material quantity, including surveying/shooting grade, before placement of initial lift of material.
9) Cell-Crete accepts no responsibility for placing of concrete products into lines, vessels or any areas not properly isolated. Our materials, when used for pipe fills, must be contained during the placement process. Creation of containment structure will be the responsibility of others. Cell-Crete is not responsible for the integrity of the void to be filled, nor its ability to contain grout. This includes pipes, structures or formed-off areas.
10) All excavations for placement of cellular concrete must be free of standing water.
11) Excludes traffic control, third party testing, de watering, bulkhead, feed and vent pipes, cleaning, shoring, formwork, excavation, backfill and access.
12) Contractor is expected to provide safe access and a minimum setup area of 24'x80' adjacent to fill with good access for up to 6 trucks at a time.

4) Cellular Concrete Lifts should be limited to no more than 4' deep per day.
5) Delays caused by the lack of continuous water or other delays will be charged at a rate of $400 per hour and $660 per hour for overtime. Contractor is expected to provide appropriate 1.5" water connection with a minimum pressure of 50 psi and a minimum pumping rate of 200 gallons/minute.
6) Bid subject to approval by the Project Engineer.
7) It is important to note that Cell-Crete Cellular Concrete is a highly viscous material during placement and is essentially self-leveling. The material does not lend itself to the construction of slopes such as embankment side slopes, roadway profiles, crowns, super elevations or other slopes with a free edge. Grade changes are typically accommodated by surface stepping using formwork then building up the slope with soil or aggregate, or over pouring and trimming to grade. It is possible to construct slopes by placing thickened material over the surface steps once the bulk of the pour is complete but this can be time consuming and add cost to the project. If your project requires a sloping finished surface, discuss your options with your Cell-Crete representative to come up with the most efficient, cost effective method to achieve this.
8) Quantity is to be determined by readings from Cell-Crete's mixing equipment and amount of cement use. If an alternative method of measurement is requested, it is to be agreed upon during the first days of placement and to be verified accurate and acceptable to Cell-Crete Corporation. Cell-Crete requires the opportunity to be present for procedures that determine our material quantity, including surveying/shooting grade, before placement of initial lift of material.
9) Cell-Crete accepts no responsibility for placing of concrete products into lines, vessels or any areas not properly isolated. Our materials, when used for pipe fills, must be contained during the placement process. Creation of containment structure will be the responsibility of others. Cell-Crete is not responsible for the integrity of the void to be filled, nor its ability to contain grout. This includes pipes, structures or formed-off areas.
10) All excavations for placement of cellular concrete must be free of standing water.
11) Excludes traffic control, third party testing, de watering, bulkhead, feed and vent pipes, cleaning, shoring, formwork, excavation, backfill and access.
12) Contractor is expected to provide safe access and a minimum setup area of 24'x80' adjacent to fill with good access for up to 6 trucks at a time.

GERDAU

## STANDARD CONDITIONS:

1) Performance shall be based on conventional construction; timely receipt of construction documents and information; and a written schedule, based on a normal 5-day, 40 hour straight-time work week, to which Subcontractor is a party.
2) Re-detailing and/or estimating resulting from design changes shall be billed at the rate of $80.00 per hour.
3) Subcontractor shall not be required to continue the performance of work considered by the Subcontractor to be outside the scope of the work hereunder unless resolution of Subcontractor's submitted notices and valuation of such previous work is timely (i.e. within 30 days of Contractor's receipt of such notice).
4) Buyer to provide the following at no cost:
   a) Lines, grades, supporting rebar templates, layout, ramps, and scaffolding.
   b) Safe access to points of work, including tractor-trailer access to installation locations or to within 25 feet of where materials are to be used or hoisted.
   c) Protection of vertical reinforcing steel where required by safety regulations.
   d) Operated crane* service during straight time working hours for unloading of trucks, hoisting and/or lowering of materials to the working levels adjacent to points of installation, and for the setting pre-assembled elements (* the use of excavating equipment or other equipment not specifically designed for these purposes shall be strictly prohibited).
   e) Verification of existing conditions and all field measurements of same for the purpose of shop drawing preparation prior to fabrication of reinforcing steel.
   f) Adequate areas for staging, storage, and pre-assembly of materials.
   g) Removal of spoils from footings and small wire clippings from suspended formwork caused by normal reinforcing installation.
   h) Traffic & pedestrian control, barricades, lane closures and all related permits.
   i) Two complete sets of construction drawings and one set of electronic drawings in AutoCAD or Microstation format.
   j) Engineering, cables, cable hardware, deadmen and labor for CIDH pier and/or column erection.
5) Options/alernates not taken at the time of LOI or NTP are subject to price escalation at time of acceptance.
6) In the event either Contractor or Subcontractor institutes a suit against the other in connection with any matter arising from this agreement, the prevailing party shall be entitled to recover from the other its reasonable attorney's fees and costs.
7) Owner or Contractor furnishes liability insurance for the construction of any single family dwelling, townhouse, condominium or multi-tract housing development.
8) In the event the Contractor considers the performance of the Subcontractor to be delaying the progress of the work, Contractor shall provide timely written notification to the Subcontractor.
9) If Subcontractor is directed to proceed with any work in conjunction with this proposal, said direction shall constitute an acceptance of the terms, conditions and exclusions set forth herein and this document shall constitute a formal contract between the Subcontractor and Contractor for the performance of such work. Any contract created hereunder may only be superseded or supplemented by an acceptable written agreement executed by both the Subcontractor and Contractor.
10) Working schedules to be made by mutual agreement of the Contractor and Subcontractor to conform to Contractor's master schedule. In event duration times are provided by Subcontractor, it is agreed that time starts only when work areas are provided ready to receive installation in all respects, in accordance with OSHA and State safety regulations.
11) Subcontractor is not obligated to commence work until the work area has been prepared by the contractor so as to be safe and acceptable for the subcontractor to perform his work under the subcontract. Under all circumstances, subcontractor shall not be authorized nor obligated to commence work until there is a large enough area for the subcontractor to complete his work in an orderly and continuous manner.
12) Prices are based on commencement of Subcontractor's scope by **10/1/16** and completion of the same by **12/31/17.**

1) Lines, grades, elevations, and templates. Contractor shall furnish templates / starter walls constructed with sufficient accuracy to support vertical reinforcing steel within placing tolerances specified by Owner. Templates / Starter walls shall not be double formed before reinforcing steel is installed unless prior approval has been granted.
2) Horizontal wooden templates for verticals, one above top of footing and another approximately 4 ft. above top of wall footings.
3) Any form of rebar cap or safety device on installed reinforcing steel or reinforcing steel on the ground/stored. (Per latest OSHA Standards).
4) All testing, inspections, re-inspections and/or any related costs thereof other than mill test reports. (Rebar, mechanical couplers, spiral lap welding and/or welded hoop test bar samples to be provided at point of assembly for testing by others).
5) All safety equipment other than a hard hat, a harness for fall protection and a body belt with a locking snap hook. All specialized clothing and equipment required due to hazardous material, fire safety or unusual job conditions that may require protection of personnel on the jobsite (e.g. Nomex suits).
6) Racks, Ramps, Ladders, OSHA approved heavy-duty scaffolding, working platforms, and man lifts.
7) Open footings / trenches with unobstructed vertical access for placing of reinforcing steel.
8) Full access to all working areas for material, equipment and manpower.
9) Adequate lighting as required.
10) Trash bins for general rubbish other than excess steel.
11) Traffic control devices and street use permits.
12) Sanitary facilities and a source for drinking water.
13) Safety railings and floor opening coverings.
14) Adequate parking for all Subcontractor employees.
15) Any field measurements required for detailing purposes are to be provided prior to fabrication.
16) Caging area to prefabricate cages and/or wall assemblies at the jobsite.
17) Two (2) complete sets of full size printed (or electronic if agreed upon by CMC Rebar) plans furnished prior to any detailing/fabrication activities, CADD files (if available), specifications, and adequate written schedules to which CMC Rebar has agreed.

18) **Contractor shall furnish suitable equipment fully operated for hoisting/lowering reinforcing steel, including unloading trucks, staging of reinforcing to points of installation (into foundations and etc.) setting of wall cages and/or any other pre-tied slab assemblies and including any power placing of individual bars that Subcontractor may require. Unloading will be required at all Approach Slab locations by others – No night work except for unloading of trucks**

## V. SPECIAL NOTES:

1) Price may be increased for shipments and/or work after 11/30/2018 Seller reserves the right to renegotiate the price for any shipments and/or work thereafter.
2) Prices include applicable State and Local Sales Tax.
3) This proposal is firm for ninety (90) days from the above date and shall be considered null and void thereafter. This 90 day time frame is inflexible due to the volatility in the base price of steel products. No extensions in time will be granted without applicable adjustments in the Bid Price. Please contact the undersigned if you require any clarifications or extension of the proposal acceptance period.
4) Prices / Bid items quoted are not for separate acceptance without prior approval.
5) Price is based on detailing, fabricating, shipping and placing on a normal five (5) day, forty (40) hour work day shift work week (all Union contract and nationally recognized holidays are observed).
6) Contractor shall furnish design information, location of pour joints, and construction schedules in sufficient time to allow 21 working days for preparation of submittals (if required), exclusive of any approval time required.
7) Five (5) working days' notice for fabrication prior to material shipment, two (2) working days' notice for scheduling of ironworkers, four (4) hour minimum work day and notification of any back charges within fifteen (15) days of occurrence will be required.
8) Additional lead time will be required for special mill rolling (including but not limited to #14, #18, and grades 75 or 80 reinforcing steel bars), spirals, threaded bars, welded hoops, epoxy coating, special mesh, mechanical connections, T-Headed anchors, etc.
9) Construction and/or contract delays caused by others may result in additional cost of materials.
10) Prices quoted are based upon CMC performing work on the project listed above and completion of CMC's scope of work by 11/30/2018.
11) Subcontractor is not responsible should Contractor elect to encase any splices prior to receiving notification from the engineer regarding test results.
12) CMC Rebar carries the following insurance:

| | |
|---|---|
| Comprehensive General Liability (General Aggregate) | $2,000,000.00 |
| Vehicular Liability | $1,000,000.00 |

## VI. GENERAL TERMS AND CONDITIONS:

1. Contractor's acceptance of all of the terms and conditions of this Bid/Offer shall be conclusively evidenced by Contractor listing Subcontractor, Contractor permitting/directing performance by Subcontractor, Contractor signing and returning this offer or if this offer is attached to and made a part of the subcontract agreement.
2. CMC Steel Fabricators, Inc. d/b/a CMC Rebar ("Subcontractor") may begin performance of the work, pending receipt of an executed final agreement. However, should a final mutually acceptable agreement not be forthcoming or should the terms and conditions of Subcontractor's offer be altered or modified, Subcontractor reserves the right to immediately stop performance. Subcontractor shall be paid for such work and/or materials according to the terms and conditions of this proposal.
3. Contractor shall provide Subcontractor with copies of all contract documents that define and/or describe Subcontractor's work. Subcontractor shall only be bound by contract information received, as applicable to Subcontractor's work. Subcontractor shall have the benefit of all rights, remedies and redress with regard to Contractor as Contractor has with regard to the Owner. Subcontractor shall be paid monthly progress payments within ten (10) days of Contractor receiving payment from project owner or within 60 days of receipt of Subcontractor's invoice, whichever occurs first for the value of work completed, plus Owner approved amount of materials and equipment (if any) suitably stored on or off site. Contractor shall not withhold retention greater than that being withheld by the Owner from the Contractor and shall immediately reduce retention withheld from Subcontractor, by a like percentage, when reduced to Contractor by Owner. Final retention payment shall be made not later than 35 days from completion of Subcontractor's Work. No retention shall be withheld on FOB and/or tied and stock piled material, if approved by Owner. Subcontractor shall not be required to continue performance if, as stated payments are not made to Subcontractor.
4. Notwithstanding anything to the contrary, no provision shall serve to void Subcontractor's entitlement to payment for properly performed contract, change order/extra work or suitably stored materials, or to void Subcontractor's right to file a lien, stop notice and/or claim on its behalf.
5. Any waivers and releases of lien of Subcontractor will be on Subcontractor approved forms.

COMMITMENT

6. Subcontractor shall be provided a mutually agreed to and approved construction schedule providing a reasonable time in which to make delivery of submittals, materials and/or labor so as to commence and complete the performance of the Subcontract.
7. Subcontractor will be liable to Contractor only for direct damages (including direct delay damages) to the extent caused by Subcontractor's actionable negligence or intentional misconduct. Subcontractor will not be liable for any costs, expenses, liabilities, or damages (including delay damages), and will not work overtime without additional payment if such delays, costs, expenses, liabilities or damages are due to circumstances beyond Subcontractor's control or without Subcontractor's fault. Subcontractor will not be liable for consequential damages, however caused.
8. **SUBCONTRACTOR SHALL NOT BE LIABLE FOR SPECIAL, INDIRECT, INCIDENTAL, LIQUIDATED, AND/OR CONSEQUENTIAL DAMAGES, HOWEVER THEY MAY BE CAUSED.**
9. Nothing will preclude Subcontractor's right to an equitable adjustment of the subcontract amount if Subcontractor's completion of its work is delayed, hindered, disrupted, or otherwise interfered with or made less efficient for any reason beyond the control and without the fault of Subcontractor. Cost of iron worker show-up and/or stand-by time, scheduled by Contractor when work is not ready shall be for Contractor's account.
10. In the event Owner terminates Contractor and Contractor in turn terminates Subcontractor, Subcontractor shall be compensated for the cost of all work performed and all materials purchased prior to the termination. In the event of material breach by Subcontractor, Contractor may, terminate for cause after providing , three day written notice of any alleged default and an opportunity to commence cure. Contractor will be liable to Subcontractor for damages (including lost profits) if Contractor wrongfully terminates Subcontractor.
11. Subcontractor agrees to indemnify, and save harmless Contractor and the Owner from Subcontractor's proportionate share of liability, as determined by the facts at the time of injury or damage, against, debts, , judgments, awards, losses, liabilities, interest, attorney fees, costs and expenses, for third party claims for bodily injury, sickness, disease or death, or to injury to or destruction of tangible property (other than the work itself) to the extent caused by the negligent acts or omissions of Subcontractor or anyone directly or indirectly employed by Subcontractor.
12. Subcontractor will name Contractor and Owner as additional insured's, to the extent of contractual indemnification contained herein, only if required to do so by the contract documents and only by means of Subcontractor's standard additional insured endorsement.
13. Indemnification, insurance coverage and any waivers of subrogation provided by Subcontractor shall not extend to Architects, Engineers, or other design professionals.
14. Notwithstanding anything to the contrary stated in any contract document, the insurance evidenced by the Certificate of Insurance provided to Contractor by Subcontractor fully satisfies all of the insurance requirements applicable to Subcontractor for the project.
15. Subcontractor does not offer Builder's Risk insurance for any reason, but will furnish property insurance if so requested. Such property insurance will cover only the Contractor's equipment and tools at the jobsite on an actual cash value basis. Subcontractor will maintain "Products" and/or "Completed Operations" coverage only if required by the Contract Documents and then for no more than two (2) years after completion of Subcontractor's work. Subcontractor will continue to provide evidence of such coverage to Contractor during the aforementioned period only if we receive Contractor's written request for such evidence at least thirty (30) days prior to the expiration date of the then current Certificate of Insurance we have furnished to Contractor. Subcontractor will furnish Contractor with a Certificate of Insurance that evidences our insurance coverage and amounts that we will provide, but will not furnish amounts of our deductibles or self-insured retentions, or copies of our insurance policies to the contractor.
16. The parties agree that each contract between them is an individual, separate contract. Consequently, Contractor shall not withhold or set-off any funds otherwise due to Subcontractor for properly performed work under one contract to cover costs, liabilities or damages Contractor has incurred or may incur for which Subcontractor or any affiliate of Subcontractor may be responsible under any other contract.
17. Subcontractor shall not be liable for repair/remedial work of any damage caused by others outside the control of Subcontractor. Approval by inspection for pouring and/or embedment in concrete shall terminate Subcontractor's responsibility for damages caused by others to that portion of the work.
18. No back charge or claim of the Contractor for services provided for or on behalf of Subcontractor shall be valid except by an agreement in writing, submitted to and approved by Subcontractor at time of occurrence and before work is initiated.
19. If Contractor requests Subcontractor to perform change order/extra work, Subcontractor will submit a written proposal, describing the change in the scope of work, its value, and any applicable schedule impact. Contractor shall promptly approve or reject the proposal in writing. Subcontractor's entitlement to adjustments in the time or price for changes/extras to Subcontractor's work shall not be contingent upon or limited to the amount Contractor receives from Owner or anyone else. Subcontractor shall not waive its right to payment for properly performed change order work.
20. Subject to standard manufacturing variations, Subcontractor warrants, for a period of one (1) year from substantial completion of such work, that the goods furnished and work performed shall meet the specifications set forth in the proposal. **THIS WARRANTY EXCLUDES ANY OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY WARRANTIES OF FITNESS FOR A PARTICULAR PURPOSE.** Subcontractor's warranty does not extend to any work that has been misused, abused, modified, improperly or insufficiently maintained; to defects caused by normal wear and tear under normal usage; or to any materials supplied but not manufactured by Subcontractor. Contractor's sole and exclusive remedy in case of non-conforming Goods or work is replacement or repair of such work, at Subcontractor's option.
21. Any dispute between the Subcontractor and the Contractor shall be settled first by a meeting of the parties attempting to confer and resolve the dispute in a good faith manner. If the parties cannot resolve their dispute after conferring, any party may require the other to submit the matter to non-binding mediation, utilizing the services of an impartial professional mediator approved by both parties. If the parties cannot come to an agreement following mediation, either party may require a stay of a minimum of 90 days pending the investigation by both

parties of the use of the Collaborative Law process under the Uniform Collaborative Law Act. Finally, for matters under $100,000, the parties may submit the matter to binding arbitration. The arbitration shall be conducted on a confidential basis under the Commercial Arbitration Rules of the American Arbitration Association. Any decision as a result of any such arbitration proceeding shall include a written record of the proceedings and a written determination of the arbitrators. An award of arbitration shall be final and binding on the parties and may be confirmed in a court of competent jurisdiction. There shall be no continuation of work during arbitration or litigation unless mutually agreed between Subcontractor and Contractor. All claims and disputes between the parties shall be interpreted and governed by the law of the state where the project is located. In case of arbitration or litigation, the arbitrator or court shall award reasonable consultant, expert witness and attorneys' fees, costs and other expenses to the prevailing party.

22. Neither party may assign the agreement, or any part thereof, without the prior written consent of the other party, which consent will not be unreasonably withheld however, CMC reserves the right to assign all or part of the work to another division of CMC.
23. If any provision of this Agreement is held to be invalid or unenforceable by a court of competent jurisdiction, then the remaining provisions will nevertheless remain in full force and effect, and the parties will negotiate in good-faith a substitute, valid and enforceable provision which most nearly effects the parties' intent in entering into this Agreement.
24. The failure to exercise any right provided herein shall not be a waiver of prior or subsequent rights. All rights and remedies are cumulative, not alternative, and are in addition to rights and remedies available at law or in equity.

Payment terms are 30 days net from date of invoice subject to credit approval. Orders produced at Skyline facilities will be invoiced upon manufacture and must be paid within 30 days of invoice date, regardless of delivery. Shipment must be taken within 90 days of manufacture. Material will not be shipped to customers with account balances of any kind over 90 days without approval of Credit Department or Regional Manager. New orders will not be accepted for customers with account balances of any kind over 60 days. Orders for Skyline inventory must ship complete within 30 days of order placement or be subject to cancellation and cancellation charges. Customers must sign and return a copy of our quote prior to order acceptance. Prices contained in this proposal may be influenced by changes in fuel and steel surcharges. Therefore invoicing will be based upon the sum of the mill price and surcharges in effect at time of shipment. Skyline Steel is not responsible for delays in delivery due to mill delays, availability of trucks and railcars, or inclement weather. Your decision to purchase materials from Skyline Steel LLC shall be conclusive evidence of your acceptance of our charges, terms, and conditions exclusively, including those terms and conditions contained in our credit application and customer agreement and order acknowledgement, which you hereby acknowledge and agree. If exempt from sales tax, an exemption certificate must be provided before shipment of material. If proof of exemption is not provided before invoice generation, Skyline Steel LLC (seller) is under state / federal obligation to issue sales tax on taxable merchandise/material to all buyers. Once an invoice is generated by the seller, full payment of the invoice is the sole responsibility of the buyer regardless of exemption status. Sales tax deductions/short pay from any invoice generated by Skyline Steel LLC (seller) is not permitted and may result in the loss of a credit line granted by Skyline Steel LLC (seller) corporate credit department. If due, it is the responsibility of the buyer to file for a tax refund from the state/federal government. No goods purchased pursuant to this Agreement may be returned for credit without the express written agreement and authorization of Seller, at Seller's sole election and discretion, as evidenced by Seller's written return authorization. Returned goods must be delivered to Sellers manufacturing facility freight prepaid and in undamaged, saleable condition, subject to inspection by Seller. Upon acceptance of returned goods for which Seller has paid or payment is due, Seller shall issue credit on account to Purchaser equal to the applicable unit purchase price of the returned goods, less a handling and restocking fee equal to twenty per cent (20%) of the purchase price of the returned goods. If there is insufficient balance due to Seller on account to satisfy the handling and restocking fee, Purchaser shall pay Seller the amount of the handling and restocking fee within ten (10) days of acceptance by Seller of the returned goods.

# VERSA-STEEL INC.
## Terms of Sale

1. **COMPLETE AGREEMENT:** These terms and conditions of the sale of goods to Buyer by VERSA-STEEL INC. ("Seller") as evidenced by t' Invoice constitute the entire understanding between Seller and Buyer, notwithstanding any conflicting or additional terms in any order submitted Buyer. There are no other representations, promises, warranties or statements governing the sale of goods to Buyer. Acceptance of any product Buyer shall be deemed acceptance of these terms and conditions.
2. **MODIFICATION:** No modification of these terms shall be binding on Seller unless agreed to in writing and signed by an authorized officer of Seller.
3. **MILL PRICE INCREASES:** The purchase price of the goods shall be stated on the face of the applicable quote provided by Seller, however, that if the producing mill announces a general price increase, the purchase price shall be revised to include such price increase. The producing mill may add a surcharge to the price of goods predicated on increases on the price of raw materials or energy. Such surcharge may be adjusted periodically to reflect a change in such costs. Such surcharge shall be passed on to Buyer.
4. **FREIGHT:** If transportation charges are included in the prices, any changes in transportation charges shall be to Buyer's account. Unless otherwise stated herein, Seller shall not be responsible for switching, handling, storage, demurrage, or any other transportation or peripheral charges.
5. **TAXES:** Prices do not include sales, excise, use or other taxes or fees now in effect or hereafter levied which Seller may be required to pay or collect in connection with the sale of goods to Buyer; all such taxes and fees shall be the responsibility of Buyer who shall promptly pay Seller upon demand.
6. **REPRESENTATION OF SOLVENCY:** Buyer represents and warrants that it is solvent.
7. **PAYMENT:** Terms of payment shall be net 30 days from date of this Invoice unless otherwise specified on the Invoice. Seller reserves the right to change the terms of payment or to require payment prior to receipt of goods if, in Seller's opinion, Buyer's financial condition or other circumstances so warrant. Overdue payments shall be charged interest at the rate of 18 percent per annum or the highest interest rate permitted by law. If Seller retains a collection agency or attorney to collect overdue payments, all collection costs, including reasonable attorneys' fees, for consultation, trial and appellate levels shall be payable by Buyer. Buyer consents to jurisdiction and venue in any court of competent jurisdiction in Multnomah County, Oregon for any and all suits or actions brought for any and every breach of this contract. Seller reserves a purchase money security interest in all goods sold until all amounts due Seller have been paid.
8. **TITLE TO GOODS:** Title to all products sold by the Seller to the Buyer does not pass to Buyer until Buyer pays for the product in its entirety. Title to all merchandise sold absolutely stays with Seller until all merchandise sold to Buyer is paid in full.
9. **RUST:** Goods may have freshwater rust.
10. **INSPECTION:** Buyer shall promptly inspect the goods upon receipt and either accepts or reject them. Buyer will be deemed to have accepted the goods if Buyer fails to give written notice of rejection within 10 days of receipt of goods.
11. **DELAY**: Seller shall be excused from any delay or failure in performance due to acts of God, perils of the sea, war, civil disorder, government acts or restrictions, accidents, plant conditions, strikes, labor difficulties, failure or delay in transportation, shortages of fuel, energy, labor or materials, failure of Seller's supplier(s) to perform its contract with Seller or any other causes beyond the reasonable control of Seller affecting production, transportation or delivery of the goods.
12. **EXCLUSION OF WARRANTIES EXCEPT AS PROVIDED IN SECTION 12, BELOW**: Seller warrants that the goods, at the time of tender to Buyer, shall be as described on the face hereof. This warranty is effective only if Buyer gives Seller written notice of any defect within 10 days of delivery of goods or, in the case of defects not discoverable through inspection, within 30 days of discovery or 60 days of the date of Invoice, whichever is sooner. EXCEPT AS EXPRESSLY STATED HEREIN, THERE ARE NO WARRANTIES WHICH EXTEND BEYOND THE DESCRIPTION ON THE FACE HEREOF. SELLER MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, AND EXPRESSLY DISCLAIMS ALL OTHER WARRANTIES INCLUDING WARRANTIES OF MERCHANTIBILITY OR FITNESS FOR A PARTICULAR PURPOSE AND WARRANTIES ARISING FROM COURSE OF PERFORMANCE, COURSE OF DEALING, USAGE OF TRADE OR SAMPLES PREVIOUSLY SUPPLIED. Seller's obligation and liability under the warranty expressly stated herein, is limited solely, at Seller's option, to: (a) repair or replacement of defective goods; or (b) repayment of or reduction in a reasonable portion of the defective goods' purchase price. Buyer's exclusive remedies are those expressly stated herein. No goods shall be returned without Seller's consent.
13. **LIMITATION OF LIABILITY: IN NO EVENT SHALL SELLER HAVE ANY LIABILITY TO BUYER OR ANY OTHER PARTY FOR CONSEQUENTIAL, INCIDENTAL, PUNITIVE, INDIRECT OR SPECIAL DAMAGES OF ANY NATURE WHATSOEVER (INCLUDING WITHOUT LIMITATION, LOST REVENUES, LOST PROFITS, DELAY OR LOSS OF USE) ARISING OUT OF, RESULTING FROM, OR IN ANY WAY RELATING TO ANY PRODUCT SOLD BY SELLER OR SELLER'S PERFORMANCE HEREUNDER. SELLER'S LIABILITY ARISING OUT OF OR IN CONNECTION WITH THE GOODS PROVIDED OR SELLER'S PERFORMANCE HEREUNDER SHALL BE LIMITED TO ACTUAL DIRECT DAMAGES, NOT TO EXCEED THE AMOUNTS RECEIVED BY SELLER FOR THE GOODS PURCHASED. THESE LIMITATIONS WILL APPLY FOR ALL CLAIMS, INCLUDING WITHOUT LIMITATION, CONTRACT, WARRANTY, CONTRIBUTION, INDEMNITY, TORT (INCLUDING NEGLIGENCE), STRICT LIABILITY OR OTHERWISE, EVEN IF SELLER HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES**.
14. **USED GOODS:** If the face of this Invoice indicates that the goods sold are used goods, Seller and Buyer have agreed that Buyer will purchase used goods. Notwithstanding any other provision herein, all used goods are sold "AS IS" and "WITH ALL FAULTS."
15. **ASSIGNMENT:** No assignment of rights or delegation of duties by Buyer shall be binding upon Seller without its written consent.
16. **APPLICABLE LAW:** The sale of goods shall be governed by the law of the State of Oregon, exclusive of choice of law rules.

## TERMS AND CONDITIONS

1. Prior Sale, Mill Rollings --- All material is offered subject to prior sale and /or availability of current mill rollings and Seller shall have no liability whatsoever from a failure to provide goods because of prior sale or unavailability of current mill rollings.

2. Prices --- Unless otherwise specified herein, prices noted on the face of this document are firm for thirty (30) days; subject, however, to the provision that, if, before shipment of this order, Seller should receive increases from its manufacturers or suppliers, the right is reserved to adjust the above price to those in effect at time of shipment without notice .

3. Delays --- Seller shall not be responsible for any failure or delay in delivery due to fires; floods, labor troubles, whether or not due to fault of the Seller, breakdowns, delay of carriers, mill delay, total or partial failure for any reason of the usual sources of supply or transportation, requirements or request of any government or subdivision thereof, or any similar or dissimilar cause beyond he Seller's direct control. In the event of inability of the Seller, for any cause beyond Seller's control, to supply the total demands for any materials specified in this order, Seller may allocate its available supply among any or all Buyers on such basis as Seller at its sole discretion may decide without liability for any failure to perform the contract which may be of consequence thereof. SELLER SHALL IN NO EVENT BE LIABLE FOR ANY CONSEQUENTIAL OR INCIDENTAL DAMAGES WHATSOEVER RESULTING FROM ANY FAILURE OR DELAY IN DELIVERY WHETHER FROM CAUSES BEYOND SELLER'S CONTROL OR NOT.

4. Payments and Credit --- Shipments, deliveries and performance of work shall at all times be subject to the approval of the Seller's credit department. Invoices submitted by Seller under this order are payable at par in legal tender of the United States of America in the city designated in the remittance address , upon the payment terms and in the amounts set forth hereon. Discount is applicable only to the amount shown on the face of the invoice as "Discount Amount". Whenever reasonable grounds for insecurity should arise with respect to due performance by the Buyer, Seller may demand different terms of payment from those specified on the face of this order and may demand satisfactory security for the performance of Buyer obligation . Any such demand shall be in writing and Seller may, upon making such demand, suspend shipments hereunder. If, within the period stated in such demand, Buyer fails or refuses to agree to such different terms of payment, or fails or refuses to give adequate security for due performance, Seller may at its option treat such failure or refusal as a repudiation of a portion of order which has not been fully performed or may resume shipments under reservation of possession or of a security interest and may demand payment against tender of documents of title. AS LIQUIDATED DAMAGES AND NOT AS A PENALTY BUYER SHALL BE OBLIGATED TO PAY on ALL ACCOUNTS NOT PAID ON THE DUE DATE THEREOF, THE LOWER OF (I) 11/2% PER MONTH ON THE OUTSTANDING ACCOUNT BALANCE OR (II) THE HIGHEST RATE PERMITTED BY LAW TOGETHER WITH ALL ATTORNEYS FEES INCURRED BY SELLER TO COLLECT ANY DELINQUENT ACCOUNTS. Buyer agrees that notwithstanding any endorsements or legend appearing on Buyer's checks, drafts or other orders for payment of money they do not, solely because of such endorsement of legend or otherwise, constitute payment in full or settlement of the account. No failure of the Seller to exercise any right accruing from any default of the Buyer shall impair Seller's right in case of any subsequent default of the Buyer.

5. Standard Tolerances --- Except in particulars specified by the Buyer expressly agreed to in writing by Seller, the materials furnished hereunder are produced in accordance with standard manufacturing practices at the country of origin. All materials are subject to mill tolerances and variations consistent with normal manufacturing practice with respect to dimension, weight, straightness, section, composition and mechanical properties, normal variations in surface and internal conditions and in quality, to deviations in tolerances and variations consistent with practical testing and inspection methods and to regular mill practices of Seller's suppliers of over and under shipments. The Seller is not responsible for any deterioration in quality which may result from processing operations or improper use by the Buyer.

6. Changes --- Order or specifications may not be cancelled or changed except upon terms that will indemnify the Seller against all loss. Postponement of delivery at Buyer's request, if for a period of more than thirty days, will not be made without Seller's approval first being obtained. Seller assumes no responsibility for any changes in specifications unless such changes are confirmed in writing by Buyer and accepted in writing by Seller. Any price variation resulting from such changes shall become effective immediately upon the acceptance of such changes .

7. Delivery and Transportation --- Delivery terms are as stated on the face of this document. Terms are subject to change without notice to those in effect at time of shipment .

   A. Shipments F.O.B. Destination --- Unless indicated otherwise on the face of this document, all shipments made F.O.B. destination at Buyer's plant or such other place served by common carrier at which Buyer or his representative takes custody of the product, when custody is taken at a point within the United States, are based upon prevailing freight rates. Freight will be allowed on delivered prices only to the extent set forth on the face of the invoice. Cash discounts provided for in this order shall apply only to the discount value as indicated on the face of the invoice. In the case of pickup by the Buyer, Buyer's truck is destination and Seller will not deliver or bear any cost of shipment or transportation or make any allowance with respect thereto. Seller will in no event be responsible for spotting, switching, drayage, or other local charges at destination.

   B. Deliveries F.O.B. Shipping Point --- Unless indicated otherwise on the face of this document, when the order is sold F.O.B. shipping point, whether the same be premises of Seller or its supplier, the cost of transportation thereof shall be borne by the Buyer.

8. Inspection --- Where Buyer is to inspect, inspection and acceptance must be made before shipment.

9. Warranty and Limitation of Remedies --- Seller undertakes that the products sold hereunder shall conform to specifications on the face hereof. Upon receipt of definite shipping instructions from Seller, Buyer shall return all defective material or material not conforming to such specifications to Seller after inspection by Seller, or at Seller's election subject to inspection by Seller's representative. The material returned must be returned in the same condition as when received by the Buyer. Defective material or material not conforming to specification so returned shall be replaced or repaired by the Seller without an additional charge or, in lieu of such replacement or repair, Seller may at its option, refund the purchase price applicable to such material. Seller agrees to pay return transportation charges not exceeding those which would apply from original destination on all defective material or material not meeting specification. However, Seller shall not be obligated for such charges when material returned proves to be free from defect and to meet specifications. Material which proves to be free from defect and to meet specifications shall be held by Seller for shipping instructions. Buyer shall furnish such instructions promptly upon request. SELLER' S LIABILITY SHALL BE LIMITED SOLELY TO REPLACEMENT OR REPAIR, OR, AT SELLER'S OPTION TO REFUNDING THE PURCHASE PRICE APPLICABLE TO DEFECTIVE MATERIAL OR MATERIAL NOT MEETING SPECIFICATIONS. SELLER SHALL IN NO EVENT BE LIABLE FOR ANY CONSEQUENTIAL OR INCIDENTAL DAMAGES OR FOR LOSS, DAMAGES OR EXPENSES DIRECTLY OR INDIRECTLY ARISING FROM THE USE OF THE MATERIAL INCLUDING, WITHOUT LIMITATION, WAREHOUSING, LABOR HANDLING AND SERVICE CHARGES NOT EXPRESSLY AUTHORIZED BY SELLER. THIS WARRANTY IS IN LIEU AND EXCLUDES ALL OTHER WARRANTIES (except for any warranty furnished by any supplier which runs directly in favor of the Buyer) GUARANTEES OR REPRESENTATIONS, EXPRESS OR IMPLIED, BY OPERATION OF LAW OR OTHERWISE, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR PURPOSE.

10. Claims --- Any course of dealings between the parties to the contrary notwithstanding, at Seller's election any claim for breach of warranty, failure or delay in delivery or otherwise, shall be deemed waived by the Buyer unless presented in writing to the Seller within ten days after receipt of material. No inspection or investigation of claims by the Seller even though occurring after the period above specified, shall be deemed a waiver of this provision. Carriers are responsible for goods lost or damaged in transit and Buyer must immediately notify the carrier in writing of such loss or damage.

11. Taxes --- All taxes of any sort now or hereafter imposed by any federal, state, municipal or other governmental agency that may be levied against this transaction at any time now or in the future are for the Buyer's account.

12. Source of Materials --- Unless otherwise expressly agreed upon, Seller has the right to obtain the material ordered from any source at its discretion.

13. Patents --- If any material shall be sold by Seller to meet Buyer's specifications or requirements and is not a part of Seller' s standard line offered by it to the trade generally in the usual course of Seller's business, Buyer agrees to defend, protect and save harmless Seller against all suits at law or in equity and from all damage, claims and demands for actual or alleged infringement of any United States or foreign patent and to defend any suits or action which may be brought against Seller for any alleged infringement because of the sale of any such material

14. Waivers --- No waivers by the Seller of any breach of any provisions hereof shall constitute a waiver of any other breach of such provision. Seller's failure to object to provisions contained in any communication from the Buyer shall not be deemed an acceptance of such provisions or as a waiver of the provisions of this contract.

15. Compliance With Laws, Rules and Regulations --- In the performance of its obligations hereunder, Seller shall comply with all applicable laws, ordinances, rules and regulations including, without limitation: Executive Order 11246 (Equal Employment Opportunity); Executive Order 11625 (Minority Business Enterprises), Vocational Rehabilitation Act of 1973 and Executive Order 11758 (Employment of Handicapped Persons); Veterans Employment and Readjustment Act of 1972 and Executive Order 11701 (Disabled Veterans and Vietnam Veterans); Executive Order 11141 (Age Discrimination in Employment); and Fair Labor Standards Act of 1938.

16. Timing of Billing to Buyer - Seller will invoice Buyer upon shipment from its supplier or facility, unless otherwise indicated on the face of this document.

17. Storage of Material For Buyer - If, at Buyer's request, goods covered by this document are held at Seller's facility or service provider for more than 21 days after they are available for shipment, Buyer shall accept Seller's invoice and pay said invoice based on payment terms set forth herein.

18. Material Reservation - Seller will only reserve material for 30 days with receipt of an excecuted purchase order, quote or order acknowledgement acceptable to Seller. After that time, material availability, price and shipment date may be adjusted, at Seller's option.

| **3. FABRICATION – Provide and Install Corner Pile Angle Plates (Pile #5 & #21)** | **$ 5,640.00** |
| **4. FREIGHT – Provide Freight to Jobsite from R&B's Facility (3 loads)** | **$ 2,775.00** |

**Note: The pricing above includes all applicable material sales tax and R&B's services are not taxable. Therefore, there is no need to add any additional taxes to this project proposal**

With payment to be made as follows: Net Thirty (30) Days
****R&B reserves the right to modify the payment terms for any reasons associated with the project****

COMMENTS: **The proposal does not include any field work. All testing to be performed at R&B's Facility. Fabrication pricing does not include 3rd Party Inspection and is based on being performed at R&B's facility prior to coating if allowed by project construction. The freight price includes one hour for unloading at the jobsite. Should additional standby time be required, it will be billed accordingly at $95.00 per hour. The jobsite is to be accessible with a standard CA legal tractor semi-trailer. Contractor is to provide sufficient turn around space or offer an alternative drop zone.** R&B is not responsible for any inaccessible areas or rust leaching caused by inaccessible areas. The price does not include any allowance for third party inspection. Any testing beyond R&B's Standard Quality Control of PA-2 will be done at R&B's Facility on a change order basis. Pricing is based on processing straight run knockdown structural steel, unless otherwise notified prior to quoting. The quoted pricing is based on processing full loads or all project steel in a process run. Piecemeal processing is subject to additional costs. The pricing noted above is based on either a detailed project takeoff received prior to quoting or based on per square foot basis. Square foot pricings provided are based on steel being processed having a minimum 1sf per lineal foot. All rack marks are to be touched up in accordance with R&B's standard packaging. The price does not include conditioning of thermal cut edges (TCEs) or knife edges produced by others. Any work performed beyond that directly stated above will be done so on a change order basis. The price does not include any surface preparation of R&B's shop applied primer prior to additional coats applied in the field. The surface preparation of the shop applied coatings required for field applied coats is the responsibility of the field painter. Primer only systems should be protected or top coated within Manufacturer's Recommendations. R&B welcomes and encourages owner's acceptance and / or 3rd party inspection provided by others at our facility. Any coating defects identified by the contractor after leaving R&B's facility that are deemed to be the responsibility of R&B will be shipped back to R&B's Facility by the contractor at the contractor's expense for the necessary repairs. R&B will only warranty the application of the coating to be applied in accordance with the manufacturer's recommendations and the project specifications provided and does not apply any warranty to the coating material or it's intended use. Any warranties applied to this proposal are for a duration of One (1) Year from the date of R&B's Final QC. Any warranties beyond One (1) Year will need to be discussed, priced and issued prior to work performed. Price does not include a dunnage surcharge for any dunnage provided by R&B for shipping painted steel. R&B will make all efforts to meet our customer's delivery requirements. However, R&B is not a party to onsite requirements and assumes no responsibility for jobsite delays, back-charges, adverse weather conditions and all inconveniences for final erection and installation. Schedules will be binding only if R&B receives a written delivery schedule in a timely fashion prior to coating, and concurs to meet the submitted schedule in writing. Contractor will pay interest at the rate of 1.5% monthly on all overdue balances. R&B is a supplier, not a subcontractor, and should be treated as such on this project. All work is to be performed on a simple Purchase Order only. Delivery of steel to R&B or notice to proceed for said work acts as full acceptance of this proposal. Acceptance of this proposal makes this document legally binding. This document shall supersede any additional documents and purchase orders that are not agreed upon in writing. This proposal may be withdrawn by R&B if not accepted within 30 days. Contractor will pay all attorney fees & costs needed to collect overdue balances.

**ACCEPTANCE OF PROPOSAL**

The above prices, specifications and conditions are satisfactory and are hereby accepted. You are authorized to do the work as specified. Payment will be as outlined above.

**Accepted by:**_____ **Date:**_____

## TERMS AND CONDITIONS

1. Prior Sale, Mill Rollings --- All material is offered subject to prior sale and /or availability of current mill rollings and Seller shall have no liability whatsoever from a failure to provide goods because of prior sale or unavailability of current mill rollings.

2. Prices --- Unless otherwise specified herein, prices noted on the face of this document are firm for thirty (30) days; subject, however, to the provision that, if, before shipment of this order, Seller should receive increases from its manufacturers or suppliers, the right is reserved to adjust the above price to those in effect at time of shipment without notice .

3. Delays --- Seller shall not be responsible for any failure or delay in delivery due to fires, floods, labor troubles, whether or not due to fault of the Seller, breakdowns, delay of carriers, mill delay, total or partial failure for any reason of the usual sources of supply or transportation, requirements or request of any government or subdivision thereof, or any similar or dissimilar cause beyond he Seller's direct control. In the event of inability of the Seller, for any cause beyond Seller's control, to supply the total demands for any materials specified in this order, Seller may allocate its available supply among any or all Buyers on such basis as Seller at its sole discretion may decide without liability for any failure to perform the contract which may be of consequence thereof. SELLER SHALL IN NO EVENT BE LIABLE FOR ANY CONSEQUENTIAL OR INCIDENTAL DAMAGES WHATSOEVER RESULTING FROM ANY FAILURE OR DELAY IN DELIVERY WHETHER FROM CAUSES BEYOND SELLER'S CONTROL OR NOT.

4. Payments and Credit --- Shipments, deliveries and performance of work shall at all times be subject to the approval of the Seller's credit department. Invoices submitted by Seller under this order are payable at par in legal tender of the United States of America in the city designated in the remittance address , upon the payment terms and in the amounts set forth hereon. Discount is applicable only to the amount shown on the face of the invoice as "Discount Amount". Whenever reasonable grounds for insecurity should arise with respect to due performance by the Buyer, Seller may demand different terms of payment from those specified on the face of this order and may demand satisfactory security for the performance of Buyer obligation . Any such demand shall be in writing and Seller may, upon making such demand, suspend shipments hereunder. If, within the period stated in such demand, Buyer fails or refuses to agree to such different terms of payment, or fails or refuses to give adequate security for due performance, Seller may at its option treat such failure or refusal as a repudiation of a portion of order which has not been fully performed or may resume shipments under reservation of possession or of a security interest and may demand payment against tender of documents of title. AS LIQUIDATED DAMAGES AND NOT AS A PENALTY BUYER SHALL BE OBLIGATED TO PAY on ALL ACCOUNTS NOT PAID ON THE DUE DATE THEREOF, THE LOWER OF (I) 11/2% PER MONTH ON THE OUTSTANDING ACCOUNT BALANCE OR (II) THE HIGHEST RATE PERMITTED BY LAW TOGETHER WITH ALL ATTORNEY'S FEES INCURRED BY SELLER TO COLLECT ANY DELINQUENT ACCOUNTS. Buyer agrees that notwithstanding any endorsements or legend appearing on Buyer's checks, drafts or other orders for payment of money they do not, solely because of such endorsement of legend or otherwise, constitute payment in full or settlement of the account. No failure of the Seller to exercise any right accruing from any default of the Buyer shall impair Seller's right in case of any subsequent default of the Buyer.

5. Standard Tolerances --- Except in particulars specified by the Buyer expressly agreed to in writing by Seller, the materials furnished hereunder are produced in accordance with standard manufacturing practices at the country of origin. All materials are subject to mill tolerances and variations consistent with normal manufacturing practice with respect to dimension, weight, straightness, section, composition and mechanical properties, normal variations in surface and internal conditions and in quality, to deviations in tolerances and variations consistent with practical testing and inspection methods and to regular mill practices of Seller's suppliers of over and under shipments. The Seller is not responsible for any deterioration in quality which may result from processing operations or improper use by the Buyer.

6. Changes --- Order or specifications may not be cancelled or changed except upon terms that will indemnify the Seller against all loss. Postponement of delivery at Buyer's request, if for a period of more than thirty days, will not be made without Seller's approval first being obtained. Seller assumes no responsibility for any changes in specifications unless such changes are confirmed in writing by Buyer and accepted in writing by Seller. Any price variation resulting from such changes shall become effective immediately upon the acceptance of such changes .

7. Delivery and Transportation --- Delivery terms are as stated on the face of this document. Terms are subject to change without notice to those in effect at time of shipment .

   A. Shipments F.O.B. Destination --- Unless indicated otherwise on the face of this document, all shipments made F.O.B. destination at Buyer's plant or such other place served by common carrier at which Buyer or his representative takes custody of the product, when custody is taken at a point within the United States, are based upon prevailing freight rates. Freight will be allowed on delivered prices only to the extent set forth on the face of the invoice. Cash discounts provided for in this order shall apply only to the discount value as indicated on the face of the invoice. In the case of pickup by the Buyer, Buyer's truck is destination and Seller will not deliver or bear any cost of shipment or transportation or make any allowance with respect thereto. Seller will in no event be responsible for spotting, switching, drayage, or other local charges at destination.

   B. Deliveries F.O.B. Shipping Point --- Unless indicated otherwise on the face of this document, when the order is sold F.O.B. shipping point, whether the same be premises of Seller or its supplier, the cost of transportation thereof shall be borne by the Buyer.

8. Inspection --- Where Buyer is to inspect, inspection and acceptance must be made before shipment.

9. Warranty and Limitation of Remedies --- Seller undertakes that the products sold hereunder shall conform to specifications on the face hereof. Upon receipt of definite shipping instructions from Seller, Buyer shall return all defective material or material not conforming to such specifications to Seller after inspection by Seller, or at Seller's election subject to inspection by Seller's representative. The material returned must be returned in the same condition as when received by the Buyer. Defective material or material not conforming to specification so returned shall be replaced or repaired by the Seller without an additional charge or, in lieu of such replacement or repair, Seller may at its option, refund the purchase price applicable to such material. Seller agrees to pay return transportation charges not exceeding those which would apply from original destination on all defective material or material not meeting specification. However, Seller shall not be obligated for such charges when material returned proves to be free from defect and to meet specifications. Material which proves to be free from defect and to meet specifications shall be held by Seller for shipping instructions. Buyer shall furnish such instructions promptly upon request. SELLER' S LIABILITY SHALL BE LIMITED SOLELY TO REPLACEMENT OR REPAIR, OR, AT SELLER'S OPTION TO REFUNDING THE PURCHASE PRICE APPLICABLE TO DEFECTIVE MATERIAL OR MATERIAL NOT MEETING SPECIFICATIONS. SELLER SHALL IN NO EVENT BE LIABLE FOR ANY CONSEQUENTIAL OR INCIDENTAL DAMAGES OR FOR LOSS, DAMAGES OR EXPENSES DIRECTLY OR INDIRECTLY ARISING FROM THE USE OF THE MATERIAL INCLUDING, WITHOUT LIMITATION, WAREHOUSING, LABOR HANDLING AND SERVICE CHARGES NOT EXPRESSLY AUTHORIZED BY SELLER. THIS WARRANTY IS IN LIEU AND EXCLUDES ALL OTHER WARRANTIES (except for any warranty furnished by any supplier which runs directly in favor of the Buyer) GUARANTEES OR REPRESENTATIONS, EXPRESS OR IMPLIED, BY OPERATION OF LAW OR OTHERWISE, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR PURPOSE.

10. Claims --- Any course of dealings between the parties to the contrary notwithstanding, at Seller's election any claim for breach of warranty, failure or delay in delivery or otherwise, shall be deemed waived by the Buyer unless presented in writing to the Seller within ten days after receipt of material. No inspection or investigation of claims by the Seller even though occurring after the period above specified, shall be deemed a waiver of this provision. Carriers are responsible for goods lost or damaged in transit and Buyer must immediately notify the carrier in writing of such loss or damage.

11. Taxes --- All taxes of any sort now or hereafter imposed by any federal, state, municipal or other governmental agency that may be levied against this transaction at any time now or in the future are for the Buyer's account.

12. Source of Materials --- Unless otherwise expressly agreed upon, Seller has the right to obtain the material ordered from any source at its discretion.

13. Patents --- If any material shall be sold by Seller to meet Buyer's specifications or requirements and is not a part of Seller' s standard line offered by it to the trade generally in the usual course of Seller's business, Buyer agrees to defend, protect and save harmless Seller against all suits at law or in equity and from all damage, claims and demands for actual or alleged infringement of any United States or foreign patent and to defend any suits or action which may be brought against Seller for any alleged infringement because of the sale of any such material

14. Waivers --- No waivers by the Seller of any breach of any provisions hereof shall constitute a waiver of any other breach of such provision. Seller's failure to object to provisions contained in any communication from the Buyer shall not be deemed an acceptance of such provisions or as a waiver of the provisions of this contract.

15. Compliance With Laws, Rules and Regulations --- In the performance of its obligations hereunder, Seller shall comply with all applicable laws, ordinances, rules and regulations including, without limitation: Executive Order 11246 (Equal Employment Opportunity); Executive Order 11625 (Minority Business Enterprises), Vocational Rehabilitation Act of 1973 and Executive Order 11758 (Employment of Handicapped Persons); Veterans Employment and Readjustment Act of 1972 and Executive Order 11701 (Disabled Veterans and Vietnam Veterans); Executive Order 11141 (Age Discrimination in Employment); and Fair Labor Standards Act of 1938.

16. Timing of Billing to Buyer - Seller will invoice Buyer upon shipment from its supplier or facility, unless otherwise indicated on the face of this document.

17. Storage of Material For Buyer - If, at Buyer's request, goods covered by this document are held at Seller's facility or service provider for more than 21 days after they are available for shipment, Buyer shall accept Seller's invoice and pay said invoice based on payment terms set forth herein.

18. Material Reservation - Seller will only reserve material for 30 days with receipt of an executed purchase order, quote or order acknowledgement acceptable to Seller. After that time, material availability, price and shipment date may be adjusted, at Seller's option.

PROJECT: **CT 04-3G59U4**

SURFACE PREPARATION: SSPC-SP10 Near White Blast Clean

COATING SYSTEM: Apply one coat Solvent Based Inorganic Zinc @ 4 to 8 mils total D.F.T.
(when measured in accordance with SSPC-PA2, Level 5)

QUANTITY: 24 – W24x146# Steel Soldier Pile, per Structure Plan

PRICE:

| | |
|---|---|
| **1. BID ITEM 123 - Clean and Undercoat Soldier Pile to bottom of lagging +5'** | **$12,180.00** |
| **2. FABRICATION – Provide and Install 5/8"Ø x 4" Headed Studs (approx. 900 studs)** | **$14,877.00** |
| **3. FABRICATION – Provide and Install Corner Pile Angle Plates (Pile #5 & #21)** | **$ 5,640.00** |
| **4. FREIGHT – Provide Freight to Jobsite from R&B's Facility (3 loads)** | **$ 2,775.00** |

**Note: The pricing above includes all applicable material sales tax and R&B's services are not taxable. Therefore, there is no need to add any additional taxes to this project proposal**

With payment to be made as follows: Net Thirty (30) Days
****R&B reserves the right to modify the payment terms for any reasons associated with the project****

COMMENTS: **The proposal does not include any field work. All testing to be performed at R&B's Facility. Fabrication pricing does not include 3rd Party Inspection and is based on being performed at R&B's facility prior to coating if allowed by project construction. The freight price includes one hour for unloading at the jobsite. Should additional standby time be required, it will be billed accordingly at $95.00 per hour. The jobsite is to be accessible with a standard CA legal tractor semi-trailer. Contractor is to provide sufficient turn around space or offer an alternative drop zone.** R&B is not responsible for any inaccessible areas or rust leaching caused by inaccessible areas. The price does not include any allowance for third party inspection. Any testing beyond R&B's Standard Quality Control of PA-2 will be done at R&B's Facility on a change order basis. Pricing is based on processing straight run knockdown structural steel, unless otherwise notified prior to quoting. The quoted pricing is based on processing full loads or all project steel in a process run. Piecemeal processing is subject to additional costs. The pricing noted above is based on either a detailed project takeoff received prior to quoting or based on per square foot basis. Square foot pricings provided are based on steel being processed having a minimum 1sf per lineal foot. All rack marks are to be touched up in accordance with R&B's standard packaging. The price does not include conditioning of thermal cut edges (TCEs) or knife edges produced by others. Any work performed beyond that directly stated above will be done so on a change order basis. The price does not include any surface preparation of R&B's shop applied primer prior to additional coats applied in the field. The surface preparation of the shop applied coatings required for field applied coats is the responsibility of the field painter. Primer only systems should be protected or top coated within Manufacturer's Recommendations. R&B welcomes and encourages owner's acceptance and / or 3rd party inspection provided by others at our facility. Any coating defects identified by the contractor after leaving R&B's facility that are deemed to be the responsibility of R&B will be shipped back to R&B's Facility by the contractor at the contractor's expense for the necessary repairs. R&B will only warranty the application of the coating to be applied in accordance with the manufacturer's recommendations and the project specifications provided and does not apply any warranty to the coating material or it's intended use. Any warranties applied to this proposal are for a duration of One (1) Year from the date of R&B's Final QC. Any warranties beyond One (1) Year will need to be discussed, priced and issued prior to work performed. Price does not include a dunnage surcharge for any dunnage provided by R&B for shipping painted steel. R&B will make all efforts to meet our customer's delivery requirements. However, R&B is not a party to onsite requirements and assumes no responsibility for jobsite delays, back-charges, adverse weather conditions and all inconveniences for final erection and installation. Schedules will be binding only if R&B receives a written delivery schedule in a timely fashion prior to coating, and concurs to meet the submitted schedule in writing. Contractor will pay interest at the rate of 1.5% monthly on all overdue balances. R&B is a supplier, not a subcontractor, and should be treated as such on this project. All work is to be performed on a simple Purchase Order only. Delivery of steel to R&B or notice to proceed for said work acts as full acceptance of this proposal. Acceptance of this proposal makes this document legally binding. This document shall supersede any additional documents and purchase orders that are not agreed upon in writing. This proposal may be withdrawn by R&B if not accepted within 30 days. Contractor will pay all attorney fees & costs needed to collect overdue balances.

**ACCEPTANCE OF PROPOSAL**

The above prices, specifications and conditions are satisfactory and are hereby accepted. You are authorized to do the work as specified. Payment will be as outlined above.

**Accepted by:**_____ **Date:**_____

## *Payment Terms:*

Contractor to provide monthly progress payments for all completed work in accordance with the bid pricing schedule. Monthly payments must be received in full by BC Rentals, Inc. no later than 10 calendar days after the Contractor receives payment from Owner for our completed work. Delinquent payments will be subject to the highest interest rate allowed by law.

Retainage percentage on monthly progress payments to be no greater than the percentage retained by the Owner on its payments to the Contractor. If Owner reduces the retainage percentages on payments to the Contractor, the Contractor shall likewise reduce the retainage percentage on payments to BC Rentals, Inc. Full retention to be released no later than thirty (30) days after completion of BC Rentals, Inc. work. Excessive or delinquent retainage will be subject to the highest interest rate allowed by law.

## *General Terms & Conditions*

### *NOTE: All contracts must be written to our legal corporate name "BC Rentals, Inc."*

BC Rentals, Inc. requires a written contract, purchase order or signed quote prior to the start of work.

Any required Testing, Engineering, Design, Permits, Licenses or Applications, and the like to be provided by others.

Prices are based on Plans & Specifications available at bid time, including all addenda. Any request for work (post bid) under conditions differing from those represented by the Prime Contract Documents, including but not limited to; altered phasing or staging, design changes, modified layout resulting from plan errors or inaccurate designs, will require payment for additional work to be made to BC Rentals, Inc. at an amount agreed upon prior to performing this work. If an amount cannot be agreed upon prior to performing the additional work the amount will be determined using Caltrans Force Account Rates or unit prices established in the bid pricing schedule, or a combination thereof; whichever method results in a higher overall payment.

BC Rentals, Inc. is not responsible for delays caused by and or resulting from activities or non activities of others, including but not not limited to, owner, contractor, vendors, suppliers, other subcontractors and other factors not in direct control of BC Rentals, Inc. For the delays caused by the aforementioned, BC Rentals, Inc. will be reimbursed for all direct and indirect costs plus a mark up of forty percent (40%), or as specified and allowed by the Prime Contract if the delays are caused by the Owner / Agency. BC Rentals, Inc. will be granted an extension of time to perform its work tantamount to the delays.

Price includes General Liability Insurance coverage up to Two Million Dollars, Auto Liability up to One Million Dollars, and Umbrella Liability up to Five Million Dollars. Bid Price does not includes cost for insurance requirement beyond that requirement. Price does not include any special insurance requirement (i.e. Railroad Insurance, etc). An additional cost will be required for this type of policy.

BC Rentals, Inc. requires fifteen (15) working days notice prior to commencement of any production activity. If any of BC Rentals, Inc. work will be a controlling operation on the critical path of this project, BC Rentals, Inc. must be notified in writing prior to execution of the Subcontract Agreement and provided with a CPM schedule which details this work. Failure to provide this information will waive the Contractor's right to recover liquidated damages from BC Rentals, Inc. for this work.

All changes to the original scope of work or proposed extra work must be directed by the Contractor in writing prior to BC Rentals, Inc. performing this work.

For the purpose of this Subcontract Quotation one (1) move-in is considered to be: a period of consecutive eight (8) hour days of continuous work, not including weekends and holidays. Any discontinuities in this period, other than weekends and holidays, or for our own convenience, will be charged as an additional move-in at the Addition Move-in Charge as quoted herein.

BC Rentals, Inc. must receive a letter of intent to award us the subcontract no later than (30) calendar days after bid date or this Subcontract Quotation becomes null and void. Also, This quote shall become a part of any and all subcontract agreements and / or purchases orders related to the project. Violation of this action will nullify this proposal.

Any required Testing, Engineering, Design, Permits, Licenses or Applications, and the like to be provided by others.

Prices are based on Plans & Specifications available at bid time, including all addenda. Any request for work (post bid) under conditions differing from those represented by the Prime Contract Documents, including but not limited to; altered phasing or staging, design changes, modified layout resulting from plan errors or inaccurate designs, will require payment for additional work to be made to BC Rentals, Inc. at an amount agreed upon prior to performing this work. If an amount cannot be agreed upon prior to performing the additional work the amount will be determined using Caltrans Force Account Rates or unit prices established in the bid pricing schedule, or a combination thereof; whichever method results in a higher overall payment.

BC Rentals, Inc. is not responsible for delays caused by and or resulting from activities or non activities of others, including but not not limited to, owner, contractor, vendors, suppliers, other subcontractors and other factors not in direct control of BC Rentals, Inc. For the delays caused by the aforementioned, BC Rentals, Inc. will be reimbursed for all direct and indirect costs plus a mark up of forty percent (40%), or as specified and allowed by the Prime Contract if the delays are caused by the Owner / Agency. BC Rentals, Inc. will be granted an extension of time to perform its work tantamount to the delays.

Price includes General Liability insurance coverage up to Two Million Dollars, Auto Liability up to One Million Dollars, and Umbrella Liability up to Five Million Dollars. Bid Price does not includes cost for insurance requirement beyond that requirement. Price does not include any special insurance requirement (i.e. Railroad Insurance, etc). An additional cost will be required for this type of policy.

BC Rentals, Inc. requires fifteen (15) working days notice prior to commencement of any production activity. If any of BC Rentals, Inc. work will be a controlling operation on the critical path of this project, BC Rentals, Inc. must be notified in writing prior to execution of the Subcontract Agreement and provided with a CPM schedule which details this work. Failure to provide this information will waive the Contractor's right to recover liquidated damages from BC Rentals, Inc. for this work.

All changes to the original scope of work or proposed extra work must be directed by the Contractor in writing prior to BC Rentals, Inc. performing this work.

For the purpose of this Subcontract Quotation one (1) move-in is considered to be: a period of consecutive eight (8) hour days of continuous work, not including weekends and holidays. Any discontinuities in this period, other than weekends and holidays, or for our own convenience, will be charged as an additional move-in at the Addition Move-in Charge as quoted herein.

BC Rentals, Inc. must receive a letter of intent to award us the subcontract no later than (30) calendar days after bid date or this Subcontract Quotation becomes null and void. Also, This quote shall become a part of any and all subcontract agreements and / or purchases orders related to the project. Violation of this action will nullify this proposal.

DELAYS: DBE IS NOT RESPONSIBLE FOR DELAYS DUE TO THE FOLLOWING:
1. Lack thereof, or incorrect Prime Contractor or other subcontractor-furnished materials;
2. Lack thereof, or inadequate access;
3. Structure not ready.
4. Time lost due to the above or other delays out of the control of DBE including, without limitation, changed work, acts of God, inclement weather, acts of any government agency or third party, acts of terror, unsuitable ground conditions, differing site conditions or delays caused by or & in the control of the Contractor or its other Subcontractors or the Owner will be charged at Caltrans rates and markups and DBE will receive an extension of time to complete its work as is necessary as a result of such causes.

PAYMENT SCHEDULE:
Monthly progress payments will be due thirty (30) days from the date of DBE's invoice or seven (7) days after receipt from the Owner, whichever is earlier. Prime Contractor shall pay prompt payment penalties at 2% per month per state statute and interest on all amounts due and unpaid. If Prime Contractor fails to make payment when due, DBE shall have the right to stop work on forty-eight (48) hours' notice without any liability for project delay. Retention rate is not to exceed that withheld by the Owner. All retention will be released thirty-five (35) days after completion of DBE's work. DBE will be allowed to furnish securities in an escrow account in lieu of retention being withheld.

FORCE ACCOUNT WORK:
DBE is to receive all mark up with the exception of the percentage allowed to the Prime Contractor in the Prime Contract.

WORK SCHEDULE:
1. DBE requires 60 day preliminary written notice of move-in date, with final written notice given three weeks in advance.
2. This proposal is based on a standard 8-hour shift, 5 days per week, with DBE's work to be performed in continuous operations, or as the job staging allows, in accordance with a mutually agreeable schedule, without delay by others. Prime Contractor shall furnish to DBE electronic copies of CPM baseline schedule and monthly updates.
3. If the baseline or any subsequent schedule dictates work being performed after the completion date set forth above, DBE shall have the right to receive increased payments from Prime Contractor and/or Owner to account for labor, equipment, and/or material price escalation and Prime Contractor shall also grant time extension(s) to DBE.

INDEMNIFICATION:
DBE and Prime Contractor (the "Indemnitor") will indemnify and defend the other (the "Indemnitee") for the Indemnitor's proportionate share of responsibility for the cause of any claims for injury or damages except to the extent arising out of the Indemnitee's negligence, whether in whole or in part. Additionally, DBE will not provide a waiver of subrogation unless it is required by the Prime Contract.

CHANGES:
DBE reserves the right to review and approve all Contract Change Orders relating to DBE work items prior to submittal and acceptance. Additional or changed work will be performed upon the completion of an executed Change Order, but Prime Contractor shall pay DBE for extra or changed work if DBE is given written or oral direction by Prime Contractor or Owner to proceed with such work.

# GENERAL CONDITIONS
## BID # 5744

1. Unless specifically excluded in our SPECIAL CONDITIONS, subcontractor will provide traffic control for his items of work at no cost to Contractor and includes **ONE MOVE-IN** for his work

2. **INSURANCE-** Limits of liability, $2,000,000 general aggregate. Limits of workers compensation, $1,000,000. Excess/Umbrella Liability, $5,000,000. Excludes railroad, Pollution Liability, or Rigger's Liability Insurance. Pollution Insurance can be provided for a fee of 0.75% of MBI's Bid pricing, with a minimum of $400.00 LS per project. Rigger's Insurance can be provided for a minimum fee of $250.00 LS. Cannot provide insurance to, or additionally insure home builders.

3. **INDEMNIFICATION-** MBI's obligations with regard to defense and indemnity stated in any Subcontract Agreement shall be consistent with and limited by the provisions of Senate Bill 474, Civil Code Section 2782, and Civil Code Section 2782.05.

4. If requested, Subcontractor will furnish Surety Bonds on MBI's Surety or UCON forms only. Premium of **1%** of Subcontract amount for projects less than 2 years in duration, plus additions, shall be paid by Contractor. Guarantee/Warranty is valid for one year per Section 6-3.06 of the CDOT 2010 Standard Specifications. Longer Guarantee periods can be provided. Costs of such extensions shall be paid by Contractor.

5. Contractor shall furnish an e-mail link to pertinent contract plans and specifications, including all addenda.

6. Subcontractor excludes survey controls and staking, all electrical and lighting work, permits and fees, as built or record drawings.

7. Contractor shall not sign any Contract Change Order affecting Subcontractor's work, without the Subcontractor's prior written authorization.

8. Subcontractor will not furnish Certificates of Labor Non-Performance unless required by the Specifications.

9. Contractor shall reduce each payment to Subcontractor by the same retention percentage as the Contractor's payment from the Owner is reduced. Retained percentage shall be paid to Subcontractor promptly after Contractor receives payment of retention from Owner.

10. Addendum(s) number 1-6 - (is) are acknowledged.

11. Project is bid A+B for completion within 55 plus 350 < 450 Working Days as stated in Special Provisions.

12. Subcontract documents **will not be accepted** and executed if applicable General and Special Conditions are not attached to the subcontract, as quoted. Contractor's signature, or by first allowing MBI to begin work on the project, shall serve as evidence of acceptance of these conditions.

3/4

**SPECIAL CONDITIONS #5744**
**CDOT #04-3G59U4/ALA,SJ-205.580-ALTAMONT & CASTRO VALLEY**

1. Subcontractor requires unobstructed access to work areas for men and equipment, including tailgating by PCC transit mixers. Barriers & Railings are to be placed on finish grades from finish grade.

2. Contact MBI to discuss packages. Neither Bid nor Packages may be split without MBI's permission, unless noted. Any split of MBI's bid without consent will result in repricing of MBI's Items of work.

3. Traffic Control (TC) by others. See each Item Package for required Traffic Control (TC). All shifts require TC. Much work may be concurrent with other operations.

4. Excludes all temporary barricades, K-rail, Crash Cushions, Safety Railings, dust control, sandblasting, embankment widening, clearing and grubbing, pruning, grading, excavation, and backfill.

5. Except for 14-11.09, "Treated Wood Waste," excludes training, handling, managing, storage, or disposal of, contaminated and/or hazardous materials, water and/or waste, and/or "Aerially Deposited Lead," and/or "Asbestos," and/or "Existing Paint Systems."

6. MBI will USA pre-existing utilities. Utilities installed under this contract are to be located and marked by others prior to MBI move-in. Excludes interference with UG and OH utilities. Excludes power shutdown, if required.

7. All electrical and lighting work and materials furnished and securely installed to finish grades by others.

8. Contractor is to provide twenty (20) working days written notice prior to MBI move-in. Use (10) working days with receipt of Contractor's Subcontract, Schedule and subsequent updates.

9. **Items #26-183, Midwest Guardrail & Thrie Beam Barrier:** Post hole spoil is to be wasted in-place. Excludes repair or patching of HMA or dike. Anchor Bolt holes in concrete barrier, retaining walls or any walls for MBGR/TBB connections by others, if not MBI's Item. MGS is to be installed before Vegetation Control. Contractor is to coordinate temporary K-railing placement, removal and Traffic Control with removal and installation of MBGR & MGS. Two (2) move-ins Each for removals and installations. Removals are bid for completion during Stages 1 & 2 from existing finish grade. Installations are bid for completion during Stages 1 & 2 after finish shoulder grade is established by the Contractor. Concurrently, adjacent grade must be within one (1) foot of finish grade for a sufficient width to safely support MBI post driver and support equipment. Installation at any given location will occur one (1) time only, and additional adjustment of Guardrail grade or alignment is not included. Thirty (30) shifts for removals. Sixty (60) shifts for installations.

10. **Items#158-184, Concrete Barrier, Type 60 Series, Anchor Blocks & Transitions:** <u>INCLUDES PCC and Rebar</u>. Includes pour Barrier Anchors excavated neatline by others. Barriers are to be placed on finish grade from finish grade. Drainage inlets and pipes are to be covered by others to prevent entry of PCC. **Special Conditions:**

1. M1 will not perform extra work at force account until a CCO for said extra work is fully executed or another method for paying for extra work is established so that extra work will be paid on the next progress estimate following the start of the extra work.
2. All work not paid at a quoted item rate will be charged to the prime at a rate no less than the Caltrans extra work rate for subcontractors with standard markups, regardless of the payment or reimbursement to prime from owner.
3. No amounts shall be withheld from our extra work payments. Only the prime's markup on M1, should the owner pay the markup, may be withheld.
4. Release of progress and final payments within five (5) calendar days of warrant date or EFT date whichever is sooner.
5. Price based on mutually agreed upon schedule, in writing, with 60 days' written notice for all move-ins. Subject to supplier availability.
6. Prices subject to change if not accepted in writing within thirty (30) days.
7. M1 will require prime contractor to coordinate construction activities at each location.
8. Prime to provide and maintain all-weather track grade, clear of obstacles.
9. Prime to provide and maintain clear, safe concrete mixer truck and concrete pump access to the work.
10. Prime contractor to provide barrier survey staking for line and grade. Survey points to be 4' offset from left/right of centerline of barrier with a fill to top of barrier marked on stakes. The left or right of centerline will be determined by M1 on site prior to starting the work. Staking to be 50' centers in tangents and 25' centers in radius.
11. Our insurance for this project will <u>not</u> include a "Waiver of Subrogation" on any insurance coverage in favor of others, or coverage beyond the standard limits carried by M1, or an excess umbrella liability policy.
12. M1 shall receive copy of all CPM's and schedules and their revisions with time to comment and dispute prior to submittal to owner failure to comply shall relieve M1 of any obligations related to the contents of the schedule or impacts to the schedule and any related penalties. In the event that durations or information is forwarded to Caltrans without the consent of M1 and the unapproved information becomes part of a claim or contract change

**Standard Notes**

2. Construction loadings typically exceed the intended post-construction live load used for design. Contact your Contech representative for specific guidelines and limitations based on the construction live loads anticipated.

3. Flexible structures of the type on this project are reliant on the type of structural backfill used, the compaction of that material and the balanced placement of structural backfill. Contact your Contech representative for specific information.

4. Prices are based on standardized loading to achieve full truckloads. If special loading requirements are needed additional freight charges will be added.

5. Quotation is based upon estimated (not guaranteed) quantities. Buyer must verify final quantities needed prior to commencement of work by Contech. If Buyer elects to purchase from Seller only a portion of the material quoted, Seller retains the right to adjust its prices.

6. This quotation expires 30 days from the date shown. Prices are firm for shipment within 60 days of the date of quotation and are subject to a maximum escalation of 8% for each 30 days thereafter.

**Scope Of Work**

**HDPE**

HDPE pipe pricing includes standard pipe lengths, bell and spigot gasketed joints and sufficient quantity of lubricant. Pipe is per AASHTO M294 and has a corrugated exterior with smooth interior lining.
Prices quoted are based on shipping nested diameters whenever possible. If un-nested loads are required additional freight charges will be added.
Non standard fittings are not returnable.

**Hel-Cor Pipe**

Corrugated Metal Pipe (Hel-Cor Pipe) will be provided in standard lengths. Special lengths may be provided at an additional charge and are subject to manufacturing tolerances and shipping limitations.
Prices quoted are based on nesting diameters whenever possible. If un-nested loads are required additional freight charges will be added.

**Slotted Drain**

Slotted Drain will be provided in standard 20' lengths and is subject to manufacturing tolerances. Special lengths are available for an additional charge. Leveling devices or other installation tools are not included and are by others.

## Contech - CONDITIONS OF SALE

1. ACCEPTANCE. This quotation is an offer to sell to potential customer(s). BUYER'S RIGHT TO ACCEPT THIS OFFER IS LIMITED TO BUYER'S ASSENT TO THE TERMS AND CONDITIONS PRINTED HEREON AND THE ATTACHED OR ACCOMPANYING QUOTE, AND NO TERMS ADDITIONAL TO OR DIFFERENT FROM THOSE IN THIS OFFER ARE BINDING ON SELLER. THERE ARE NO UNDERSTANDINGS, TERMS, CONDITIONS OR WARRANTIES NOT FULLY EXPRESSED HEREIN.

2. LIMITED WARRANTIES. Seller warrants that it can convey good title to the products sold under this contract and that they are free of liens and encumbrances. Seller also warrants that the products sold under this contract are substantially free from defects in material and workmanship for a period of one year after the date of delivery. There are no express or implied warranties with respect to products sold hereunder which are misused, abused or used in conjunction with mechanical equipment improperly designed, used or maintained, or which are used, supplied for use or made available for use in any nuclear application of which Seller has not been notified in writing by Buyer at the time of order for the products sold hereunder. SELLER MAKES NO OTHER WARRANTY WHATSOEVER, EXPRESS OR IMPLIED. ALL IMPLIED WARRANTIES OF MERCHANTABILITY AND ALL IMPLIED WARRANTIES OF FITNESS FOR ANY PARTICULAR PURPOSE ARE DISCLAIMED BY SELLER AND EXCLUDED FROM THIS CONTRACT.

3. LIMITATION OF BUYER'S REMEDIES AND SELLER'S LIABILITY. Seller's liability hereunder shall be limited to the obligation to repair or replace only those products proven to have been defective in material or workmanship at the time of delivery, or allow credit, at its option. Seller's total cumulative liability in any way arising from or pertaining to any product or service sold or required to be sold under this contract shall NOT in any case exceed the purchase price paid by Buyer for such products or services. IN NO EVENT SHALL SELLER HAVE ANY LIABILITY FOR COMMERCIAL LOSS, LOST PROFITS, CLAIMS FOR LABOR, OR CONSEQUENTIAL, SPECIAL, PUNITIVE OR INCIDENTAL DAMAGES OF ANY TYPE, WHETHER BUYER'S CLAIM BE BASED IN CONTRACT, TORT, WARRANTY, STRICT LIABILITY, NEGLIGENCE, OR OTHERWISE. IT IS EXPRESSLY AGREED THAT BUYER'S REMEDIES EXPRESSED IN THIS PARAGRAPH ARE BUYER'S SOLE AND EXCLUSIVE EMEDIES.

4. LIMITATION OF BUYER'S REMEDIES AND SELLER'S LIABILITY FOR FAILURE OR DELAY IN DELIVERY. NO DELIVERY DATES ARE GUARANTEED. BUYER'S SOLE AND EXCLUSIVE REMEDIES AND SELLER'S ONLY LIABILITY FOR ANY DELAY IN DELIVERY SHALL BE LIMITED AS SET FORTH IN PARAGRAPH 3 OF THIS CONTRACT.

5. FORCE MAJEURE. In any event and in addition to all other limitations stated herein, Seller shall not be liable for any act, omission, result or consequence, including but not limited to any delay in delivery or performance, which is (i) due to any act of God, the performance of any government order, any order bearing priority rating or order placed under any allocation program (mandatory or voluntary) established pursuant to law, local labor shortage, fire, flood or other casualty, governmental regulation or requirement, shortage or failure or raw material, supply, fuel, power or transportation, breakdown of equipment, or any cause beyond Seller's reasonable control whether of similar or dissimilar nature to those above enumerated, or (ii) due to any strike, labor dispute, or difference with workers, regardless of whether or not Seller is capable of settling any such labor problem.

6. BUYER'S OBLIGATION TO PASS ON LIMITATION OR WARRANTIES AND REMEDIES. In order to protect Seller against claims by Buyer's buyer, if Buyer resells any of the products purchased under this agreement, Buyer shall include the language contained in paragraphs 2 and 3 of this agreement, dealing with Seller's limitations of warranties and remedies, in an enforceable agreement with Buyer's buyer, or otherwise include language in an enforceable agreement with its buyer that makes Seller's limitation of warranties and remedies binding on its buyer. Buyer shall also include a provision in its agreement with its buyer applying Ohio law to any claims its buyer might assert against Seller with respect to products manufactured by Seller, and requiring its buyer to bring any such action against Seller either in federal district court in Cincinnati, Ohio or the common pleas court for Butler County, Ohio. Buyer shall defend, indemnify and hold Seller harmless from any and all claims, causes of action, damages, losses or expenses (including reasonable attorneys' fees) that Seller incurs by reason of Buyer's failure to comply with this paragraph.

7. PASSAGE OF TITLE. Title to the products sold hereunder shall pass upon delivery to the carrier at the point of shipment. Neither Buyer nor the consignee shall have the right to divert or reconsign such shipment to any destination other than specified in the bill of lading without permission of the Seller. Unless otherwise agreed Seller reserves the right to select the mode of transportation.

8. PAYMENTS AND LATE CHARGES ON PAST DUE ACCOUNTS. Buyer represents that Buyer is solvent and can and will pay for the products sold to Buyer in accordance with the terms hereof. If Buyer shall fail to comply with any provision or to make payments in accordance with the terms of this contract or any other contract between Buyer and Seller, Seller may at its option defer shipments or, without waiving any other rights it may have, terminate this contract. All deliveries shall be subject to the approval of Seller's Credit Department. Seller reserves the right, before making any delivery, to require payment in cash or security for payment, and if Buyer fails to comply with such requirement, Seller may terminate this contract. A late charge of 1-½% monthly (18% annual rate) or the maximum allowed by state law, if less, will be imposed on all past due accounts, and Buyer is responsible for all costs of collection including without limitation reasonable attorneys' fees and court costs.

9. TRANSPORTATION CHARGES. Delivered prices or prices involving competitive transportation adjustments shall be subject to appropriate adjustment to reflect changes in transportation charges.

10. CLAIMS BY BUYER. Buyer shall thoroughly inspect products sold under this contract immediately upon receipt to verify conformance with the specifications of the contract. Buyer must notify Seller of claims for failure or delay in delivery within 30 days after the scheduled delivery date. Buyer must notify Seller of any claims for nonconforming or defective products within 30 days after the nonconformity or defect was or should have been discovered. In addition, Seller must be given an opportunity to investigate the claim before Buyer disposes of the material, or else Buyer's claim will be barred. Seller shall incur no liability for damage, shortages, or other cause alleged to have occurred or existed at or prior to delivery to the carrier unless the Buyer shall have entered full details thereof on its receipt to the carrier.

11. MECHANICAL PROPERTIES; CHEMICAL ANALYSES. Data referring to mechanical properties or chemical analysis are the result of tests performed on specimens obtained from specific locations of the product(s) in accordance with prescribed sampling procedures; any warranty thereof is limited to the values obtained at such locations and by such procedures. There is no warranty with respect to values of the materials at other locations.

12. PATENTS. Seller shall indemnify Buyer against attorneys' fees and any damages or costs awarded against Buyer in the event any legal proceeding is brought against Buyer by a third person claiming the material delivered hereunder in itself constitutes an infringement of any U.S. patent, provided Buyer gives Seller prompt notice of any such suit being brought, gives Seller the opportunity to defend any such suit, and cooperates with Seller with respect to any such defense; unless the material is made in accordance with material designs, or specifications required by Buyer, in which case Buyer shall similarly indemnify Seller.

13. PERMISSIBLE VARIATIONS. The products sold hereunder shall be subject to Seller's standard manufacturing variations, tolerances and classifications.

14. TECHNICAL ADVICE. Buyer represents that it has made its own independent determination that the products it is purchasing under this contract meet the design requirements of Buyer's project and are suitable for Buyer's intended application. Buyer further represents that it has not relied in any respect on any written or oral statements or advice from Seller, other than the standard product specifications set forth in the most recent edition of Seller's published product brochures, in making that determination.

15. TAXES. No taxes imposed with respect of the sale of the products or services sold hereunder are included in any quotation by Seller. All applicable taxes shall be added and paid by Buyer in addition to the purchase price.

16. BUYER'S RIGHT OF TERMINATION. Buyer may terminate this contract in whole or in part upon notice in writing to Seller. Seller shall thereupon cease work and transfer to Buyer title to all completed and partially completed products and to any raw materials or supplies acquired by Seller especially for the purpose of performing this contract, and Buyer shall pay Seller the sum of the following:
(1) the contract price for all products which have been completed prior to termination;
(2) the cost to Seller of the material or work in process as shown on the books of Seller in accordance with the accounting practice consistently maintained by Seller plus a reasonable profit thereon, but in no event more than the contract price;
(3) the cost f.o.b. Seller's plant of materials and supplies acquired especially for the purpose of performing this contract; and
(4) reasonable cancellation charges, if any, paid by Seller on account of any commitment(s) made hereunder.

17. SELLER'S RIGHT OF TERMINATION. In addition to the other rights of termination provided for in this contract, and if this contract is made pursuant to any governmental rule or regulation, plan, order or other directive, upon the directive, effected or impaired termination thereof, Seller shall have the option of canceling this contract in whole or in part.

18. WAIVER. Failure or inability of either party to enforce any right hereunder shall not waive any right in respect to any other or future rights or occurrences.

19. DELIVERY. Unless otherwise agreed to in writing by the Seller, the Buyer hereby agrees to take delivery of the materials on this order within the later of thirty (30) days after the wanted date shown on the face of the order or within thirty (30) days after notification, oral or written, that the materials are ready for shipment. In the event that the Buyer does not arrange to take delivery of the materials in accordance with this Contract, Seller, at Seller's option, may:
(a) invoice the Buyer for the materials less freight if applicable; store the material in Seller's yard for a period not to exceed sixty (60) days from the date of invoice; charge a storage fee not to exceed 5% per month or fraction thereof of the selling price of the stored materials; add any applicable price increases listed on the face of the order; charge for any repair work to protective coatings harmed by weathering while such material is being stored; and charge applicable freight when shipment to the Buyer is made. Materials remaining in storage after sixty (60) days from the invoice date shall become the property of the Seller for disposition at the Seller's discretion. In that event, Buyer shall not be liable for the invoice price of the materials, but shall be liable for the storage fee and any repair work to protective coatings; or
(b) cancel the order and invoice the Buyer for cancellation charges, which shall be 25% of the selling price of the materials if the materials are standard, in-stock material, or the full selling price if the materials are special or nonstandard in nature and were especially fabricated for the Buyer.

20. PERIOD OF LIMITATIONS. Buyer and Seller agree that any action by Buyer against Seller relating to this contract or the products sold hereunder, including, without limitation, any action for breach of contract or warranty, or otherwise in connection with the products sold under this contract, must be commenced by Buyer against Seller within one year after the cause of action therefore accrues or one year of delivery of the products sold hereunder, if less.

21. CONFLICTING PROVISIONS OFFERED BY BUYER. Any terms and conditions of any purchase order or other instrument issued by the Buyer, in connection with the subject matter of this document, which are in addition to or inconsistent with the terms and conditions expressed herein, will not be binding on Seller in any matter whatsoever unless accepted by Seller in writing.

22. SEVERABILITY. In case any provision of this contract shall be declared invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired.

23. APPLICABLE LAW. This contract shall be governed by, and construed and enforced in accordance with, the laws of Ohio. Buyer and Seller specifically agree that any legal action brought relating to this contract shall be brought and tried exclusively in the federal district court in Cincinnati, Ohio, or, in the absence of jurisdiction, the Butler County Court of Common Pleas in Hamilton, Ohio.

## Standard Notes

2.Construction loadings typically exceed the intended post-construction live load used for design. Contact your Contech representative for specific guidelines and limitations based on the construction live loads anticipated.

3.Flexible structures of the type on this project are reliant on the type of structural backfill used, the compaction of that material and the balanced placement of structural backfill. Contact your Contech representative for specific information.

4.Prices are based on standardized loading to achieve full truckloads. If special loading requirements are needed additional freight charges will be added.

5.Quotation is based upon estimated (not guaranteed) quantities. Buyer must verify final quantities needed prior to commencement of work by Contech. If Buyer elects to purchase from Seller only a portion of the material quoted, Seller retains the right to adjust its prices.

6.This quotation expires 30 days from the date shown. Prices are firm for shipment within 60 days of the date of quotation and are subject to a maximum escalation of 8% for each 30 days thereafter.

## Contech - CONDITIONS OF SALE

1. ACCEPTANCE. This quotation is an offer to sell to potential customer(s). BUYER'S RIGHT TO ACCEPT THIS OFFER IS LIMITED TO BUYER'S ASSENT TO THE TERMS AND CONDITIONS PRINTED HEREON AND THE ATTACHED OR ACCOMPANYING QUOTE, AND NO TERMS ADDITIONAL TO OR DIFFERENT FROM THOSE IN THIS OFFER ARE BINDING ON SELLER. THERE ARE NO UNDERSTANDINGS, TERMS, CONDITIONS OR WARRANTIES NOT FULLY EXPRESSED HEREIN.

2. LIMITED WARRANTIES. Seller warrants that it can convey good title to the products sold under this contract and that they are free of liens and encumbrances. Seller also warrants that the products sold under this contract are substantially free from defects in material and workmanship for a period of one year after the date of delivery. There are no express or implied warranties with respect to products sold hereunder which are misused, abused or used in conjunction with mechanical equipment improperly designed, used or maintained, or which are used, supplied for use or made available for use in any nuclear application of which Seller has not been notified in writing by Buyer at the time of order for the products sold hereunder. SELLER MAKES NO OTHER WARRANTY WHATSOEVER, EXPRESS OR IMPLIED. ALL IMPLIED WARRANTIES OF MERCHANTABILITY AND ALL IMPLIED WARRANTIES OF FITNESS FOR ANY PARTICULAR PURPOSE ARE DISCLAIMED BY SELLER AND EXCLUDED FROM THIS CONTRACT.

3. LIMITATION OF BUYER'S REMEDIES AND SELLER'S LIABILITY. Seller's liability hereunder shall be limited to the obligation to repair or replace only those products proven to have been defective in material or workmanship at the time of delivery, or allow credit, at its option. Seller's total cumulative liability in any way arising from or pertaining to any product or service sold or required to be sold under this contract shall NOT in any case exceed the purchase price paid by Buyer for such products or services. IN NO EVENT SHALL SELLER HAVE ANY LIABILITY FOR COMMERCIAL LOSS, LOST PROFITS, CLAIMS FOR LABOR, OR CONSEQUENTIAL, SPECIAL, PUNITIVE OR INCIDENTAL DAMAGES OF ANY TYPE, WHETHER BUYER'S CLAIM BE BASED IN CONTRACT, TORT, WARRANTY, STRICT LIABILITY, NEGLIGENCE, OR OTHERWISE. IT IS EXPRESSLY AGREED THAT BUYER'S REMEDIES EXPRESSED IN THIS PARAGRAPH ARE BUYER'S SOLE AND EXCLUSIVE REMEDIES.

4. LIMITATION OF BUYER'S REMEDIES AND SELLER'S LIABILITY FOR FAILURE OR DELAY IN DELIVERY. NO DELIVERY DATES ARE GUARANTEED. BUYER'S SOLE AND EXCLUSIVE REMEDIES AND SELLER'S ONLY LIABILITY FOR ANY DELAY IN DELIVERY SHALL BE LIMITED AS SET FORTH IN PARAGRAPH 3 OF THIS CONTRACT.

5. FORCE MAJEURE. In any event and in addition to all other limitations stated herein, Seller shall not be liable for any act, omission, result or consequence, including but not limited to any delay in delivery or performance, which is (i) due to any act of God, the performance of any government order, any order bearing priority rating or order placed under any allocation program (mandatory or voluntary) established pursuant to law, local labor shortage, fire, flood or other casualty, governmental regulation or requirement, shortage or failure or raw material, supply, fuel, power or transportation, breakdown of equipment, or any cause beyond Seller's reasonable control whether of similar or dissimilar nature to those above enumerated, or (ii) due to any strike, labor dispute, or difference with workers, regardless of whether or not Seller is capable of settling any such labor problem.

6. BUYER'S OBLIGATION TO PASS ON LIMITATION OR WARRANTIES AND REMEDIES. In order to protect Seller against claims by Buyer's buyer, if Buyer resells any of the products purchased under this agreement, Buyer shall include the language contained in paragraphs 2 and 3 of this agreement, dealing with Seller's limitations of warranties and remedies, in an enforceable agreement with Buyer's buyer, or otherwise include language in an enforceable agreement with its buyer that makes Seller's limitation of warranties and remedies binding on its buyer. Buyer shall also include a provision in its agreement with its buyer applying Ohio law to any claims its buyer might assert against Seller with respect to products manufactured by Seller, and requiring its buyer to bring any such action against Seller either in federal district court in Cincinnati, Ohio or the common pleas court for Butler County, Ohio. Buyer shall defend, indemnify and hold Seller harmless from any and all claims, causes of action, damages, losses or expenses (including reasonable attorneys' fees) that Seller incurs by reason of Buyer's failure to comply with this paragraph.

7. PASSAGE OF TITLE. Title to the products sold hereunder shall pass upon delivery to the carrier at the point of shipment. Neither Buyer nor the consignee shall have the right to divert or reconsign such shipment to any destination other than specified in the bill of lading without permission of the Seller. Unless otherwise agreed Seller reserves the right to select the mode of transportation.

8. PAYMENTS AND LATE CHARGES ON PAST DUE ACCOUNTS. Buyer represents that Buyer is solvent and can and will pay for the products sold to Buyer in accordance with the terms hereof. If Buyer shall fail to comply with any provision or to make payments in accordance with the terms of this contract or any other contract between Buyer and Seller, Seller may at its option defer shipments or, without waiving any other rights it may have, terminate this contract. All deliveries shall be subject to the approval of Seller's Credit Department. Seller reserves the right, before making any delivery, to require payment in cash or security for payment, and if Buyer fails to comply with such requirement, Seller may terminate this contract. A late charge of 1-½% monthly (18% annual rate) or the maximum allowed by state law, if less, will be imposed on all past due accounts, and Buyer is responsible for all costs of collection including without limitation reasonable attorneys' fees and court costs.

9. TRANSPORTATION CHARGES. Delivered prices or prices involving competitive transportation adjustments shall be subject to appropriate adjustment to reflect changes in transportation charges.

10. CLAIMS BY BUYER. Buyer shall thoroughly inspect products sold under this contract immediately upon receipt to verify conformance with the specifications of the contract. Buyer must notify Seller of claims for failure or delay in delivery within 30 days after the scheduled delivery date. Buyer must notify Seller of any claims for nonconforming or defective products within 30 days after the nonconformity or defect was or should have been discovered. In addition, Seller must be given an opportunity to investigate the claim before Buyer disposes of the material, or else Buyer's claim will be barred. Seller shall incur no liability for damage, shortages, or other cause alleged to have occurred or existed at or prior to delivery to the carrier unless the Buyer shall have entered full details thereof on its receipt to the carrier.

11. MECHANICAL PROPERTIES; CHEMICAL ANALYSES. Data referring to mechanical properties or chemical analysis are the result of tests performed on specimens obtained from specific locations of the product(s) in accordance with prescribed sampling procedures; any warranty thereof is limited to the values obtained at such locations and by such procedures. There is no warranty with respect to values of the materials at other locations.

12. PATENTS. Seller shall indemnify Buyer against attorneys' fees and any damages or costs awarded against Buyer in the event any legal proceeding is brought against Buyer by a third person claiming the material delivered hereunder in itself constitutes an infringement of any U.S. patent, provided Buyer gives Seller prompt notice of any such suit being brought, gives Seller the opportunity to defend any such suit, and cooperates with Seller with respect to any such defense; unless the material is made in accordance with material designs, or specifications required by Buyer, in which case Buyer shall similarly indemnify Seller.

13. PERMISSIBLE VARIATIONS. The products sold hereunder shall be subject to Seller's standard manufacturing variations, tolerances and classifications.

14. TECHNICAL ADVICE. Buyer represents that it has made its own independent determination that the products it is purchasing under this contract meet the design requirements of Buyer's project and are suitable for Buyer's intended application. Buyer further represents that it has not relied in any respect on any written or oral statements or advice from Seller, other than the standard product specifications set forth in the most recent addition of Seller's published product brochures, in making that determination.

15. TAXES. No taxes imposed with respect of the sale of the products or services sold hereunder are included in any quotation by Seller. All applicable taxes shall be added and paid by Buyer in addition to the purchase price.

16. BUYER'S RIGHT OF TERMINATION. Buyer may terminate this contract in whole or in part upon notice in writing to Seller. Seller shall thereupon cease work and transfer to Buyer title to all completed and partially completed products and to any raw materials or supplies acquired by Seller especially for the purpose of performing this contract, and Buyer shall pay Seller the sum of the following:
(1) the contract price for all products which have been completed prior to termination;
(2) the cost to Seller of the material or work in process as shown on the books of Seller in accordance with the accounting practice consistently maintained by Seller plus a reasonable profit thereon, but in no event more than the contract price;
(3) the cost f.o.b. Seller's plant of materials and supplies acquired especially for the purpose of performing this contract; and
(4) reasonable cancellation charges, if any, paid by Seller on account of any commitment(s) made hereunder.

17. SELLER'S RIGHT OF TERMINATION. In addition to the other rights of termination provided for in this contract, and if this contract is made pursuant to any governmental rule or regulation, plan, order or other directive, upon the directive, effected or impaired.termination thereof, Seller shall have the option of canceling this contract in whole or in part.

18. WAIVER. Failure or inability of either party to enforce any right hereunder shall not waive any right in respect to any other or future rights or occurrences.

19. DELIVERY. Unless otherwise agreed to in writing by the Seller, the Buyer hereby agrees to take delivery of the materials on this order within the later of thirty (30) days after the wanted date shown on the face of the order or within thirty (30) days after notification, oral or written, that the materials are ready for shipment. In the event that the Buyer does not arrange to take delivery of the materials in accordance with this Contract, Seller, at Seller's option, may:
(a) invoice the Buyer for the materials less freight if applicable; store the material in Seller's yard for a period not to exceed sixty (60) days from the date of invoice; charge a storage fee not to exceed 5% per month or fraction thereof of the selling price of the stored materials; add any applicable price increases listed on the face of the order; charge for any repair work to protective coatings harmed by weathering while such material is being stored; and charge applicable freight when shipment to the Buyer is made. Materials remaining in storage after sixty (60) days from the invoice date shall become the property of the Seller for disposition at the Seller's discretion. In that event, Buyer shall not be liable for the invoice price of the materials, but shall be liable for the storage fee and any repair work to protective coatings; or
(b) cancel the order and invoice the Buyer for cancellation charges, which shall be 25% of the selling price of the materials if the materials are standard, in-stock material, or the full selling price if the materials are special or nonstandard in nature and were especially fabricated for the Buyer.

20. PERIOD OF LIMITATIONS. Buyer and Seller agree that any action by Buyer against Seller relating to this contract or the products sold hereunder, including, without limitation, any action for breach of contract or warranty, or otherwise in connection with the products sold under this contract, must be commenced by Buyer against Seller within one year after the cause of action therefore accrues or one year of delivery of the products sold hereunder, if less.

21. CONFLICTING PROVISIONS OFFERED BY BUYER. Any terms and conditions of any purchase order or other instrument issued by the Buyer, in connection with the subject matter of this document, which are in addition to or inconsistent with the terms and conditions expressed herein, will not be binding on Seller in any matter whatsoever unless accepted by Seller in writing.

22. SEVERABILITY. In case any provision of this contract shall be declared invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired.

23. APPLICABLE LAW. This contract shall be governed by, and construed and enforced in accordance with, the laws of Ohio. Buyer and Seller specifically agree that any legal action brought relating to this contract shall be brought and tried exclusively in the federal district court in Cincinnati, Ohio, or, in the absence of jurisdiction, the Butler County Court of Common Pleas in Hamilton, Ohio.

Unless otherwise agreed Seller reserves the right to select the mode of transportation.

8. PAYMENTS AND LATE CHARGES ON PAST DUE ACCOUNTS. Buyer represents that Buyer is solvent and can and will pay for the products sold to Buyer in accordance with the terms hereof. If Buyer shall fail to comply with any provision or to make payments in accordance with the terms of this contract or any other contract between Buyer and Seller, Seller may at its option defer shipments or, without waiving any other rights it may have, terminate this contract. All deliveries shall be subject to the approval of Seller's Credit Department. Seller reserves the right, before making any delivery, to require payment in cash or security for payment, and if Buyer fails to comply with such requirement, Seller may terminate this contract. A late charge of 1-½% monthly (18% annual rate) or the maximum allowed by state law, if less, will be imposed on all past due accounts, and Buyer is responsible for all costs of collection including without limitation reasonable attorneys' fees and court costs.

9. TRANSPORTATION CHARGES. Delivered prices or prices involving competitive transportation adjustments shall be subject to appropriate adjustment to reflect changes in transportation charges.

10. CLAIMS BY BUYER. Buyer shall thoroughly inspect products sold under this contract immediately upon receipt to verify conformance with the specifications of the contract. Buyer must notify Seller of claims for failure or delay in delivery within 30 days after the scheduled delivery date. Buyer must notify Seller of any claims for nonconforming or defective products within 30 days after the nonconformity or defect was or should have been discovered. In addition, Seller must be given an opportunity to investigate the claim before Buyer disposes of the material, or else Buyer's claim will be barred. Seller shall incur no liability for damage, shortages, or other cause alleged to have occurred or existed at or prior to delivery to the carrier unless the Buyer shall have entered full details thereof on its receipt to the carrier.

11. MECHANICAL PROPERTIES; CHEMICAL ANALYSES. Data referring to mechanical properties or chemical analysis are the result of tests performed on specimens obtained from specific locations of the product(s) in accordance with prescribed sampling procedures; any warranty thereof is limited to the values obtained at such locations and by such procedures. There is no warranty with respect to values of the materials at other locations.

12. PATENTS. Seller shall indemnify Buyer against attorneys' fees and any damages or costs awarded against Buyer in the event any legal proceeding is brought against Buyer by a third person claiming the material delivered hereunder in itself constitutes an infringement of any U.S. patent, provided Buyer gives Seller prompt notice of any such suit being brought, gives Seller the opportunity to defend any such suit, and cooperates with Seller with respect to any such defense; unless the material is made in accordance with material designs, or specifications required by Buyer, in which case Buyer shall similarly indemnify Seller.

13. PERMISSIBLE VARIATIONS. The products sold hereunder shall be subject to Seller's standard manufacturing variations, tolerances and classifications.

14. TECHNICAL ADVICE. Buyer represents that it has made its own independent determination that the products it is purchasing under this contract meet the design requirements of Buyer's project and are suitable for Buyer's intended application. Buyer further represents that it has not relied in any respect on any written or oral statements or advice from Seller, other than the standard product specifications set forth in the most recent addition of Seller's published product brochures, in making that determination.

15. TAXES. No taxes imposed with respect of the sale of the products or services sold hereunder are included in any quotation by Seller. All applicable taxes shall be added and paid by Buyer in addition to the purchase price.

16. BUYER'S RIGHT OF TERMINATION. Buyer may terminate this contract in whole or in part upon notice in writing to Seller. Seller shall thereupon cease work and transfer to Buyer title to all completed and partially completed products and to any raw materials or supplies acquired by Seller especially for the purpose of performing this contract, and Buyer shall pay Seller the sum of the following:
(1) the contract price for all products which have been completed prior to termination;
(2) the cost to Seller of the material or work in process as shown on the books of Seller in accordance with the accounting practice consistently maintained by Seller plus a reasonable profit thereon, but in no event more than the contract price;
(3) the cost f.o.b. Seller's plant of materials and supplies acquired especially for the purpose of performing this contract; and
(4) reasonable cancellation charges, if any, paid by Seller on account of any commitment(s) made hereunder.

17. SELLER'S RIGHT OF TERMINATION. In addition to the other rights of termination provided for in this contract, and if this contract is made pursuant to any governmental rule or regulation, plan, order or other directive, upon the directive, effected or impaired,termination thereof, Seller shall have the option of canceling this contract in whole or in part.

18. WAIVER. Failure or inability of either party to enforce any right hereunder shall not waive any right in respect to any other or future rights or occurrences.

19. DELIVERY. Unless otherwise agreed to in writing by the Seller, the Buyer hereby agrees to take delivery of the materials on this order within the later of thirty (30) days after the wanted date shown on the face of the order or within thirty (30) days after notification, oral or written, that the materials are ready for shipment. In the event that the Buyer does not arrange to take delivery of the materials in accordance with this Contract, Seller, at Seller's option, may:
(a) invoice the Buyer for the materials less freight if applicable; store the material in Seller's yard for a period not to exceed sixty (60) days from the date of invoice; charge a storage fee not to exceed 5% per month or fraction thereof of the selling price of the stored materials; add any applicable price increases listed on the face of the order; charge for any repair work to protective coatings harmed by weathering while such material is being stored; and charge applicable freight when shipment to the Buyer is made. Materials remaining in storage after sixty (60) days from the invoice date shall become the property of the Seller for disposition at the Seller's discretion. In that event, Buyer shall not be liable for the invoice price of the materials, but shall be liable for the storage fee and any repair work to protective coatings; or
(b) cancel the order and invoice the Buyer for cancellation charges, which shall be 25% of the selling price of the materials if the materials are standard, in-stock material, or the full selling price if the materials are special or nonstandard in nature and were especially fabricated for the Buyer.

20. PERIOD OF LIMITATIONS. Buyer and Seller agree that any action by Buyer against Seller relating to this contract or the products sold hereunder, including, without limitation, any action for breach of contract or warranty, or otherwise in connection with the products sold under this contract, must be commenced by Buyer against Seller within one year after the cause of action therefore accrues or one year of delivery of the products sold hereunder, if less.

21. CONFLICTING PROVISIONS OFFERED BY BUYER. Any terms and conditions of any purchase order or other instrument issued by the Buyer, in connection with the subject matter of this document, which are in addition to or inconsistent with the terms and conditions expressed herein, will not be binding on Seller in any matter whatsoever unless accepted by Seller in writing.

22. SEVERABILITY. In case any provision of this contract shall be declared invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired.

23. APPLICABLE LAW. This contract shall be governed by, and construed and enforced in accordance with, the laws of Ohio. Buyer and Seller specifically agree that any legal action brought relating to this contract shall be brought and tried exclusively in the federal district court in Cincinnati, Ohio, or, in the absence of jurisdiction, the Butler County Court of Common Pleas in Hamilton, Ohio.

# DISABLED VETERAN BUSINESS ENTERPRISE DECLARATIONS

STD. 843 (Rev. 5/2008)

**Instructions:** The disabled veteran (DV) owner(s) and DV manager(s) of the Disabled Veteran Business Enterprise (DVBE) must complete this declaration when a DVBE contractor or subcontractor will provide materials, supplies, services or equipment [Military and Veterans Code Section 999.2]. Violations are misdemeanors and punishable by imprisonment or fine and violators are liable for civil penalties. All signatures are made under penalty of perjury.

## SECTION 1

Name of certified DVBE: United Synergy Corporation DVBE Ref. Number: 1568820

Description (materials/supplies/services/equipment proposed): joint seal, drainage, lumber

Solicitation/Contract Number: 04-3G59U4 SCPRS Ref. Number: (FOR STATE USE ONLY)

## SECTION 2

**APPLIES TO ALL DVBEs. Check only one box in Section 2 and provide original signatures.**

☒ I (we) declare that the DVBE is not a broker or agent, as defined in Military and Veterans Code Section 999.2 (b), of materials, supplies, services or equipment listed above. Also, complete Section 3 below if renting equipment.

☐ Pursuant to Military and Veterans Code Section 999.2 (f), I (we) declare that the DVBE is a broker or agent for the principal(s) listed below or on an attached sheet(s). *(Pursuant to Military and Veterans Code 999.2 (e), State funds expended for equipment rented from equipment brokers pursuant to contracts awarded under this section shall not be credited toward the 3-percent DVBE participation goal.)*

**Project: CALTRANS Rte 580 Contract No. 043G59U4 ALAMEDA AND SAN JOAQUIN**

Dear Scott:

Cal-Con Pumping, Inc. is a woman owned company with over 40 years experience in the concrete construction industry. Cal-Con is able to provide you with concrete pumping needs for the Federal Government, public works and private industry projects. Current and past work performance includes bridges, water treatment plants, hospitals, transportation and other commercial and residential work. References can be provided upon request.

To furnish, pump and place concrete for a project, Cal-Con does not provide a standard rate as cubic yard rates vary based on mix designs. Cal-Con Pumping can obtain mix designs and pricing prior to bid upon request based on cost plus fixed fee. Additionally Cal-Con will provide labor at cost plus fixed fee.

Cal-Con Pumping, Inc. is a CUF compliant company.

Listed below is our pricing schedule for this project:

| Equipment | Rates Per Hour | Yardage Rates |
|---|---|---|
| Truck Mounted Line Pump | $135.00 per hour with a (5) hour minimum | $4.00 per cubic yard |
| 32 Meter Boom Pump (105') | $170.00 per hour with a (5) hour minimum | $2.75 per cubic yard |
| 39 Meter Boom Pump (126') | $195.00 per hour with a (5) hour minimum | $3.00 per cubic yard |
| 47 Meter Boom Pump (151') | $235.00 per hour with a (5) hour minimum | $3.15 per cubic yard |

**Terms and Conditions:**

- Time starts when we leave our yard until we are washed out and return to our yard.
- Overtime after 8 hours or past 2:00PM and prior to 4:00AM @ $36.00 per hour. After 12 hours double time will apply @ $72.00 per hour. Saturday pours overtime @ $36.00 per hour for the first 8 hours and double time @ $72.00 per hour after that. Sundays and Holidays double time @ $72.00 per hour will apply
- System will be charged @ $1.00 per foot after the first 100 feet.
- Slurry and permit fees of $55.00 will be charged on every pour.
- A 5% Fuel Surcharge will apply

- Wash out pools $35.00 small $60.00 large
- All pump cancellations must be called in 24 hours in advance of the scheduled pour or pump minimum rates will apply.
- Cal-Con Pumping, Inc. is not responsible for any costs incurred due to delays or stoppages resulting from the first hour of any mechanical breakdown or failure of equipment.
- Cal-Con Pumping, Inc. can provide other size pumps at fair market value +10% management fee.
- Safety training will be the responsibility of the contractor and should be performed day of first pour.
- Contractor will provide a safe location for the pump, a minimum of 20 feet away from all electrical lines and on solid ground able to support the weight of the pump full of concrete.
- All afternoon pours are subject to delays from morning pours.

Cal-Con Pumping, Inc. does not accept back charges or responsibility for any costs due to the inability to pump based on the concrete or objects in the concrete. Cal-Con Pumping, Inc. assumes no responsibility for delays caused by improper scheduling of mix trucks, changes in gradation of aggregate or incorrect batching of concrete. Concrete pumps may be subject to occasional mechanical failures and if assured performance is required, standby pumps may be made available at above rates. Net invoice amount is due 30 days after date of service. Past due accounts are subject to a 1.5% monthly finance charge.

This quote is valid through June 30, 2017

****Payments made by Credit Card (or other EFT process that incurs processing fees)**:
We have been receiving notices from several Prime Contractors who are automating their payment systems for their convenience and with these automated payment processes they are planning to use credit cards or other electronic means for payment. Typically credit card payments and other EFT transactions incur processing fees charged by the credit card companies. Since not all Prime Contractors are using credit cards as a method of payment, we are not going to automatically add this type of cost to our bid proposals so that we may keep our bids as competitive as possible. ****This will clarify that any Prime Contractors who intend to use an electronic method of payment (credit card, EFT, or other method that will cause All Steel Fence, Inc. to incur payment processing fees) must add 3.5% to the above bid pricing to cover any processing fees that may be incurred.**

**ADD 3.5% TO BID PRICE (IF APPLICABLE)**

**TRADE ASSOCIATIONS, CERTIFICATIONS & LABOR AFFILIATIONS: All Steel Fence is signatory to the Northern California Laborers Union Local 1130.** All Steel Fence, Inc. holds the following certifications: State of California Certified Small Business (certification # 20325 – exp. 9/30/2017); San Francisco Public Utilities Commission (PUC) Regional Local Business Enterprise and PUC Micro Local Business Enterprise (Certification # CMD071915033 – exp. 7/31/2019). In addition, All Steel Fence is a member of the Mid-Cal Better Business Bureau, California Fence Contractor's Association, American Fence Association, Sacramento Builders Exchange, Valley Builders Exchange and Builder's Exchange of Stockton.

**GENERAL CONDITIONS: Acceptance of this bid proposal means acceptance of all exclusions and scope of work notes contained on this bid proposal. All Steel Fence, Inc. reserves the right to request changes to any contract, subcontract, or purchase order issued for our scope of work and any such contract, subcontract, or purchase order shall be negotiated and mutually agreed to between the parties.** All material is guaranteed to be as specified. All work to be completed in a professional manner according to standard practices. All Steel Fence is not responsible for determining legal property lines, boundaries, and/or easements of customer's property. If a permit is required, all permits are to be obtained by customer and all permit fees are to be paid by customer (unless otherwise noted above). Jobs cannot be ordered and material prices locked in until customer has completed and signed the acceptance of proposal and returned to our office. In addition, if customer fails to make payment in full to All Steel Fence, Inc., for all completed work and materials provided to customer, and customer has not given written notice to All Steel Fence regarding the reason for non-payment, customer agrees that All Steel Fence shall retain ownership of all materials installed and/or provided to customer until they have been paid for in their entirety by customer. All Steel Fence, Inc. shall have the right to remove any materials not paid for within 20 days of written request for payment and customer has no legal entitlement or ownership of any materials provided or installed on customer's property until said materials have been paid for in full by customer.

**BID EXPIRATION**: We have been advised by our suppliers that at the present time there is extreme volatility in the steel market and prices are fluctuating on a weekly and sometimes daily basis. The price on this proposal is good through 10/14/2016 and pricing is subject to change after this date. NOTE: If the expiration date has passed, please call our office to confirm if the price of your proposal has changed. Thank you for your understanding and if you have any questions, please give us a call.

**ORDER CANCELLATION POLICY**: By signing any page of this acceptance of proposal, customer is authorizing All Steel Fence to proceed with ordering of materials for this project. If this order is cancelled by customer after materials have been ordered by All Steel Fence, customer agrees to pay all charges for materials that cannot be returned to the supplier or manufacturer. Customer also agrees to pay All Steel Fence a material handling fee in addition to all restocking charges incurred by All Steel Fence.

| | Totals | | | | $766,773.00 | |

## ONLY BID ITEM #72 MAY BE SEPARATED.

Notes: 1) Total price includes submittals, certified payrolls, standard certificates of insurance, waiver of subrogation (if required), materials, labor, equipment (air pollution control (CARB PERP-and DOORS-compliant)), night work (only for Item #17, #71 & #73), taxes on materials, incidentals and installation as per specifications (unless as otherwise noted).

Please note that Temporary Hydraulic Mulch (Bonded Fiber Mulch) includes installation only, not maintenance, re-installation or removal. Application rate for Temporary Hydraulic Mulch (Bonded Fiber Matrix) is 3,500 pounds per acre. In addition, if Item #72 is separated from total bid, revised price for Item #70 shall be $850.00. Fiber Rolls shall be installed during regular daytime working hours.

2) Total price excludes re-installation of Temporary Hydraulic Mulch (Bonded Fiber Matrix), maintenance and removal of Temporary Hydraulic Mulch (Bonded Fiber Matrix), clearing bedding area of obstructions (debris greater than 1 inch in diameter prior to installation) for Fiber Rolls, maintenance of Fiber Rolls, Type 2 installation of Fiber Rolls, re-installation of Fiber Rolls, rolled erosion control products (RECPs), site preparation (trash, debris and weed removal and disposal, removal and disposal of loose rocks larger than 2 ½ inches in maximum dimension unless otherwise authorized), placement of stakes or other suitable markers at the locations designated by the Engineer, re-installation of Hydromulch, coloring agent (already included in the wood fiber and cellulose fiber), re-installation of Hydroseed, compost, straw mulching, straw incorporation, supplemental lighting necessary for night work at each work location, clean up, dust control (our straw mulching machines are retrofitted for dust suppression with the "Dust Dog" (United States Patent US 8,550,384 B2 (10/08/13)), costs of local licenses, permits, fees and/or other taxes, watering, maintenance, pedestrian protection and traffic control.

3) Up to ten (10) move-ins (mobilizations) is included in the total bid price for Temporary Hydraulic Mulch (Bonded Fiber Matrix). Additional move-ins caused by weather related issues, other delays in work and other conditions out of our control is at $750.00 each for Temporary Hydraulic Mulch (Bonded Fiber Matrix). Additional mobilizations for Hydromulch, for Fiber Rolls and for Hydroseed are covered under Move-In/Move-Out (Erosion Control). Approximately (10) working nights (weekends and holidays excluded) is required to complete an estimated 28,000 SQYD of Temporary Hydraulic Mulch (Bonded Fiber Matrix). Approximately three (3) working nights (weekends and holidays excluded) is required to complete an estimated 94,900 SQFT of Hydromulch and an estimated 94,900 SQFT of Hydroseed. Approximately (94) working days (weekends and holidays excluded) is required to complete an estimated 138,000 LF of Fiber Rolls. Stand-by time will be billed at $320.00 per hour for Temporary Hydraulic Mulch (Bonded Fiber Matrix), at $850.00 per hour for Hydromulch and for Hydroseed, and at $610.00 per hour for Fiber Rolls.

4) Bond premium (performance and payment) rate is 2%. Minimum bond premium charge per project is $150.00. Bond premium amount is not included in the bid price. Commercial Liability Insurance does not cover Railroad Protective Insurance, Coverage for "volunteers," Umbrella Liability Limits and/or Excess Liability Limits, Professional Liability, Avian Influenza A (Avian Flu – Absolute), Employment Related Practices, Silica (Absolute), Residential Construction Defect PCO, Construction Wrap-UP/OCIP Exclusion, EIFS & Spray-on Siding, Known Damage or Injury, Biological Contaminants - Mold, Fungus, Micro-Organisms (covered under Pollution policy), Engineers, Architects, or Surveyors Professional Liability, Nuclear Energy Liability, Lead (Absolute), Asbestos (Absolute), Injury to Independent Contractors, Residential Construction Activities (Absolute except Apartments), Condominium Conversion, Beryllium, Advertising Liability and Certified Acts of Terrorism. With the exception that our bid-proposal shall in no event be construed to require indemnification by Subcontractor to a greater extent than permitted under the public policy of the State of California, Subcontractor shall indemnify and save harmless Owner and Contractor only arising out of or in connection with Subcontractor's operations to be performed under this bid-proposal.

5) Terms: Due and payable within 30 days from date of installation and/or as per Business and Professional Code §7108.5 and Public Contract Code §10262.5 (for progress payments) and/or as per Public Contract Code §7107 (for retention due).

6) Attorney fees and interest: If court action be instituted on this invoice, general contractor promises to pay reasonable attorney fees. A late payment charge of 1 1/2% per month will be charged on all invoices not paid within terms of quote. This is annual percentage rate of 18 %.

7) General Contractor to provide and pay for water source on jobsite (i.e., fire hydrant with valid water meter and/or water permit, 4,000 gallon capacity water truck, or other approved source at a minimum rate of 200 g.p.m. and/or at a minimum vertical height of 14 feet (for water towers or stands)). We'll require approximately 60,000 gallons of water for an estimated 28,000 SQYD of Temporary Hydraulic Mulch (Bonded Fiber Matrix) and approximately 20,000 gallons of water for an estimated 94,900 SQFT of Hydromulch and an estimated 94,900 SQFT of Hydroseed. **If water isn't made available on jobsite, this bid-proposal is invalid.**

8) General Contractor to provide good, drivable truck access to each site to be treated with Temporary Hydraulic Mulch (Bonded Fiber Matrix), with Hydromulch, with Fiber Rolls and with Hydroseed.

9) Final field measured quantities shall be provided by General Contractor and/or Owners' Representative prior to installation of Temporary Hydraulic Mulch (Bonded Fiber Matrix), of Hydromulch, of Fiber Rolls and of Hydroseed. If final field measurement shall be required of Nitta Erosion Control at jobsite, it shall be performed on a time and material basis with an authorized representative from the General Contractor and Owner in attendance.

Thank you for the opportunity to quote on this project.

Yours truly,

## NOTICE TO OWNER

Under the California Mechanics' Lien Law, any contractor, subcontractor, laborer, supplier or other person or entity who helps to improve your property, but is not paid for his or her work or supplies, has a right to place a lien on your home, land, or property where the work was performed and to sue you in court to obtain payment. This means that after a court hearing, your home, land and property could be sold by a court officer and the proceeds of the sale used to satisfy what you owe. This can happen even if you have paid your contractor in full if the contractor's subcontractors, laborers or suppliers remain unpaid.

To preserve their rights to file a claim or lien against your property, certain claimants such as subcontractors or materials suppliers are each required to provide you with a document called a "Preliminary Notice." Contractors and laborers who contract with owners directly do not have to provide such notice since you are aware of their existance as an owner. A preliminary notice is not a lien against your property if you are not paid. It's purpose is to notify you of persons or entities that may have a right to file a lien against your property if they are not paid. In order to protect their lien rights, a contractor, subcontractor, supplier or laborer must file a mechanics' lien with the county recorder which then becomes a recorded lien against your property. Generally, the maximum time allowed for filing a mechanics' lien against your property is 90 days after substantial completion of your project.

Dear Scott:

Cal-Con Pumping, Inc. is a woman owned company with over 40 years experience in the concrete construction industry. Cal-Con is able to provide you with concrete pumping needs for the Federal Government, public works and private industry projects. Current and past work performance includes bridges, water treatment plants, hospitals, transportation and other commercial and residential work. References can be provided upon request.

To furnish, pump and place concrete for a project, Cal-Con does not provide a standard rate as cubic yard rates vary based on mix designs. Cal-Con Pumping can obtain mix designs and pricing prior to bid upon request based on cost plus fixed fee. Additionally Cal-Con will provide labor at cost plus fixed fee.

Cal-Con Pumping, Inc. is a CUF compliant company.

Listed below is our pricing schedule for this project:

| Equipment | Rates Per Hour | Yardage Rates |
|---|---|---|
| Truck Mounted Line Pump | $135.00 per hour with a (5) hour minimum | $4.00 per cubic yard |
| 32 Meter Boom Pump (105') | $170.00 per hour with a (5) hour minimum | $2.75 per cubic yard |
| 39 Meter Boom Pump (126') | $195.00 per hour with a (5) hour minimum | $3.00 per cubic yard |
| 47 Meter Boom Pump (151') | $235.00 per hour with a (5) hour minimum | $3.15 per cubic yard |

Terms and Conditions:

- Time starts when we leave our yard until we are washed out and return to our yard.
- Overtime after 8 hours or past 2:00PM and prior to 4:00AM @ $36.00 per hour After 12 hours double time will apply @ $72.00 per hour. Saturday pours overtime @ $36.00 per hour for the first 8 hours and double time @ $72.00 per hour after that. Sundays and Holidays double time @ $72.00 per hour will apply
- System will be charged @ $1.00 per foot after the first 100 feet.
- Slurry and permit fees of $55.00 will be charged on every pour.

10.5 HR X $195 = $2,047.50
41 CY X $3 = $123

- A 5% Fuel Surcharge will apply
- Wash out pools $35.00 small $60.00 large
- All pump cancellations must be called in 24 hours in advance of the scheduled pour or pump minimum rates will apply
- Cal-Con Pumping, Inc. is not responsible for any costs incurred due to delays or stoppages resulting from the first hour of any mechanical breakdown or failure of equipment.
- Cal-Con Pumping, Inc. can provide other size pumps at fair market value +10% management fee.
- Safety training will be the responsibility of the contractor and should be performed day of first pour.
- Contractor will provide a safe location for the pump, a minimum of 20 feet away from all electrical lines and on solid ground able to support the weight of the pump full of concrete.
- All afternoon pours are subject to delays from morning pours.

Cal-Con Pumping, Inc. does not accept back charges or responsibility for any costs due to the inability to pump based on the concrete or objects in the concrete. Cal-Con Pumping, Inc. assumes no responsibility for delays caused by improper scheduling of mix trucks, changes in gradation of aggregate or incorrect batching of concrete. Concrete pumps may be subject to occasional mechanical failures and if assured performance is required, standby pumps may be made available at above rates. Net invoice amount is due 30 days after date of service. Past due accounts are subject to a 1.5% monthly finance charge.
