Attention: John C McMillan

Dear Mr. McMillan:

Rege Construction is in receipt of your letter dated June 26, 2013 concerning our failure to submit our good faith effort for the above referenced project.

Rege Construction hereby protests the allegation that we failed to submit our good faith effort for the above referenced project. On Friday the 21<sup>st</sup> of June, 2013 our good faith effort was shipped Fedx to your office. A receipt of delivery on Monday the 24<sup>th</sup> of June 2013 is available for review. The project bid on June 19<sup>th</sup>, 2013 with three working days to submit the good faith effort would mean that delivery of the good faith effort to the Cal Tran offices would be at close of work on the 24<sup>th</sup>. Again, this dead line was meant!

Please investigate your mail room and offices as Rege Constructions has turned in the Good Faith Effort in a timely manner to Cal Trans.

Thank you for your consideration in this manner.

Please call with questions.

Dear Mr. Rege:

The Department of Transportation (Caltrans) received a bid submitted by Rege Construction, Inc. (Rege) for Contract No. 04-3S7524 on June 26, 2013. By this letter, Caltrans notifies Rege that its bid is nonresponsive because Rege failed to submit the Disadvantage Business Enterprise (DBE) commitment form and quotes within 4 business days after bid opening.

The Caltrans Bidder - DBE Commitment form states, "Failure to submit the required DBE information will be grounds for finding the proposal nonresponsive." Since Rege failed to submit the required DBE commitment form and quotes, your bid is considered nonresponsive.

Based on the above, Caltrans will proceed to award the contract to the lowest responsible bidder.

If you have any questions, please contact Nicole Butler, Contract Awards Analyst, at (916) 227-6292.

Sincerely,
