NOTICE TO OWNER

Under the California Mechanics' Lien Law, any contractor, subcontractor, laborer, supplier or other person or entity who helps to improve your property, but is not paid for his or her work or supplies, has a right to place a lien on your home, land, or property where the work was performed and to sue you in court to obtain payment. This means that after a court hearing, your home, land and property could be sold by a court officer and the proceeds of the sale used to satisfy what you owe. This can happen even if you have paid your contractor in full if the contractor's subcontractors, laborers or suppliers remain unpaid.

To preserve their rights to file a claim or lien against your property, certain claimants such as subcontractors or materials suppliers are each required to provide you with a document called a "Preliminary Notice." Contractors and laborers who contract with owners directly do not have to provide such notice since you are aware of their existence as an owner. A preliminary notice is not a lien against your property if you are not paid. It's purpose is to notify you of persons or entities that may have a right to file a lien against your property if they are not paid. In order to protect their lien rights, a contractor, subcontractor, supplier or laborer must file a mechanics' lien with the county recorder which then becomes a recorded lien against your property. Generally, the maximum time allowed for filing a mechanics' lien against your property is 90 days after substantial completion of your project.

Dear Ms. Miks:

Pursuant to Chapter 14B of the San Francisco Administrative Code, your firm has been certified as a SBA-Local Business Enterprise by the Contract Monitoring Division (CMD) beginning on the date of this letter.

Your SBA-LBE certification number is SBA-LBE-CMD-13710

As an SBA-Local Business Enterprise, your firm is eligible to receive a 2% percent bid discount for all contracts with the City and County of San Francisco greater than \$400,000 when bidding as a provider of: Civil Engineering and Transportation and Traffic Engineering.

The CMD's SBA-LBE Certification does not expire. If you believe your firm is below the economic threshold and you would like to petition to become a regular LBE Certified firm, you must request the review of taxes by the CMD's Certification Unit. The economic threshold for Professional Services category is \$2,000,000 average receipts of sales for the past three years.

The Contract Monitoring Division reserves the right to withdraw this certification at any time. CMD also reserves the right to request additional information and/or conduct on-site visits for purposes of verification.

If there are any changes in your firm's status, you are required to notify this office immediately. Thank you for your interest in the CMD's San Francisco Local Business Enterprise program.

Sincerely,

Dear Ms. Koprek:

We are pleased to advise you that after careful review of your application and supporting documentation, the Bay Area Rapid Transit District (BART) has determined that your firm meets the eligibility standards to be certified as a Disadvantaged Business Enterprise (DBE) as required under the U.S. Department of Transportation (U.S. DOT) Regulation 49 CFR Part 26, as amended.

Your firm will be listed in the California Unified Certification Program (CUCP) database of certified DBEs under the following specific areas of expertise that you have identified on the NAICS Codes form of the Application Package:

Your DBE certification is good for five years from the date of this letter and applies only for the above codes. Any additions and revisions must be submitted to the Bay Area Rapid Transit District (BART) for approval.

Near the end of your five-year certification period, your entire file will be reviewed in order to ascertain continued DBE certification status. You will be notified of the pending DBE status review and any documentation updates necessary several weeks prior to the renewal due date.

April 15, 2010

The Regulations also require annual updates during this five-year period. In order to assure continuing DBE status, you must submit annually a No Change Declaration form (which will be sent to you), along with supporting documentation. Based on your annual submission that no change in ownership and control has occurred, or if changes have occurred, they do not affect your firm's DBE standing, the DBE certification of your firm will continue until the end of your five-year certification period.

Also, should any changes occur that could affect your certification status prior to receipt of the DBE Declaration, such as changes in your firm's name, business/ mailing address, ownership, management or control, or failure to meet the applicable business size standards or personal net worth standard, please notify me immediately. DBE certification is subject to review at any time. Failure to submit forms and/or change of information will be deemed a failure to cooperate under Section 26.109 of the Regulations.

You should know that all U.S. DOT recipients in California will honor your DBE certification status if your firm is certified by any one of the CUCP certifying agencies listed below:

- California Department of Transportation (Caltrans)
- Central Contra Costa Transit Authority (CCCTA)
- City of Fresno
- City of Los Angeles
- Los Angeles County Metropolitan Transportation Authority (METRO)

- Santa Clara Valley Transportation Authority (VTA)
- Yolo County Transportation District (Yolobus)

Low

Estimating:

Congratulations on being the apparent low bidder for the Caltrans 04-3S8304 Project. WCBS was able to provide you and your organization with a quote for some of the materials pertaining to this project. We are hopeful that our quoted prices were satisfactory and we look forward to supplying your organization with required materials.

In addition, WCBS serves as a manufacturer's representative and distributor for over 400 different vendors. We would welcome the chance to compare some of our prices and services on materials for your current and future construction project needs.

Once again, WCBS congratulates you on being the apparent low bidder.

Respectfully,

Kiley Olson
