2. **Purchase orders/letter of intent must be issued within 14 working days of bid date; Hourly rates only will be honored during the transition period.**
3. When per load / un-scaled loads are quoted, the following allowable times apply: Quarry site / Load site with Aggregates for all truck (4 and 5 axle) types: 5 minutes. And at the Dumpsite / Job site with Aggregates for Double bottoms / Semi ends / Super dumps: 5 minutes.
4. **Demurrage / Standby Time charges will be billed and due & payable, after the standard allowable times listed, based on the hourly rates quoted on page 1 & 2, then divided by 60 minutes.** As an example: $ 105.00 hourly = $1.75 per minute. $ 108.00 hourly = $1.80 per minute, or $ 118.00/hourly = $ 1.97 per minute, etc. Also standby time,/demurrage starts upon arrival at the jobsite, including but not limited too; when governmental agencies/general contractors require traffic control points before the actual jobsite (traffic control points, flagmen control, lane closure etc.), and then standby time/demurrage charges will commence starting at the point of that traffic control location.
5. **It will be the contractor's /customers sole responsibility to pay all demurrage /standby time at any quarry site/ load site.**
6. **Never will any "Averaging of Standby Time" be allowed.** In other words; standby averaging is not allowed at all, as first stated on page 1, reflective in qualifying maximum allowable times in tonnage rate quotes. Demurrage / standby time will be billed and become due & payable after the maximum allowable times listed at the rate per minute quoted.
7. **Semi End Dumps, Double bottoms, Semi Bottoms and 10-Wheelers are hourly unless agreed in writing by R&S Trucking & Contractor prior to job commencing.**
8. **All quotes reflect 100% trucking of said job. R & S Trucking reserves the right to void any /all prices if less than 100%.**
9. * Please call truck orders in by 11:00 a.m.., to check availability. Please notify us several days in advance of any new jobs starting and/or any large truck orders of 8 trucks or more.
10. On all jobs that require certification rosters, additional names may be added at any time.
11. PROBLEMS ON PROJECTS: The contractor must FAX into our main office a detailed description of the occurrence, including the sub hauler and/or drivers name, owner of the truck, truck number/trailer(s) number and description of truck/trailer(s), and copy of the freight tag that pertains to this incident or occurrence, along with estimated dollar ($) amount of loss within 24 hours on the same day of the incident or occurrence. R&S Trucking will accept "NO EXPENSE CHARGES OR BACK CHARGE CLAIMS" unless we are notified as stated above. R &S Trucking will then respond back to customer after investigating the incident. All claims for recovery by contractor for loss or damage to commodity hauled must follow this procedure. To clarify: R & S Trucking treats invoices billed as revenue and claims or back charges as expenses, so as such, any claims or back charges need to be received as an invoice, not a deduction on any R & S Trucking invoice. Any deviation from this procedure will not change the costs incurred and may cause immediate withdrawal of trucking from said job
12. **It is the contractor's responsibility to FAX notice to R&S Trucking Estimator prior to job bidding if certified payroll and/or union participation is required (also see item.32 following).**
13. **Saturday rates: add 12.5% to the weekday rates, listed on Page 1. Also, Sunday & Holiday rates: add 25 % to the weekday rates, listed on Page 1. This applies to all rates quoted, regardless of hourly, per ton, per load = ALL RATES.**
14. **Minimum Show-up time: On every truck dispatched to customers project, customer will be responsible for paying at least a 6 hour minimum daytime, & 6 hour minimum nighttime, unless previously arranged with dispatch.**
15. All un-scaled tonnage quotes will be based on **26.20 tons** per load for Double bottoms. All scaled tonnage quotes for partial loads will be based on 24.00 tons for Transfers. All scaled tonnage quotes for partial loads will be based on 19.00 tons for Semi ends, Semi bottoms and Super Dumps These quotes are based on R&S Trucking performing all trucking requirements on said project. Also, when partial loads are sent back from the jobsite, back to the quarry: The time spent traveling back will be charged at the quoted hourly rate.

Continued.....

16. If Contractor chooses not to have loads weighted, then contractor is responsible for all overloads, overload tickets, and anything that occurs if load is not weighed.
17. Hourly time to be charged will start from the time reporting to work (time truck was ordered to be at load site), to the time completing the hourly service, which includes travel time back to the load site on the last load. Time to be charged shall include time for transportation in both directions, time for loading and unloading, and waiting or standby time, at origin and/or destination. Total chargeable time shall be computed to the nearest one-tenth of an hour. Deductions from the time only allowed for carrier equipment failure and meal delays. . *** Travel-Time:** When listed and/or when applicable, travel-time charges will be billed at the hourly rates listed, per man, per truck, per day. **** Increased Hourly Rates:** When listed and/or when applicable, the increase of hourly rates will apply due to distance/mileage, traffic conditions & environment, duration of time involved, geography, etc.
18. R & S Trucking shall render to contractor invoices for services agreed to in the quote sheet/purchase order. Contractor agrees to pay R & S Trucking by the 20th day following the last day of the calendar month in which the work was performed, billed by the 5th day of the following month. When large truck orders are continuous in a given period it may be required that the contractor will be billed weekly and said payment to be no later than 10 days of receipt of invoice. Interest to be charged on all past due accounts at the maximum allowed by law.
19. Please provide R & S Trucking Estimator with all specific job information, which will be the basis of our quotes. Specific details such as lane closures, traffic control points, project labor agreements/organized labor unions, locations for transfers to drop trailers, State, County & City agencies road closures, on and/or off-ramp turn-around access, designated truck routes per job specific contract language, etc., are needed to qualify per ton or per load rates, as these types of rates reflect time constraints. R & S Trucking reserves the right to void quoted rates that reflect time constraints (per ton or per load) at any time, due to lack of specific accurate information given at time of request. Default to hourly rates might prevail, however that could change also dependent on information given at time of request!
20. R & S Trucking provides a "Commercially Useful Function" as defined by 49 CFR 26 in achieving the awarded contractors DBE commitment goals. DBE contract commitment goals, whether in dollars or percentages, are strictly the contractor's achievement responsibility, as defined by 49 CFR 26.
21. **Contractor must provide a site on each job for all truckers to clean out trailers daily at end of the last load.**
22. R & S Trucking is not responsible for delays caused by equipment failure of employees, agents or sub haulers of R & S Trucking, or by act of God, strikers, lockouts or similar matters beyond the control of R & S Trucking.
23. If any action at law or in equity, including an Action for Declaratory Relief, is brought to enforce or interpret the provisions of this agreement, the prevailing party shall be entitled to reasonable attorney's fee which may be set by the court in the same action or in a separate action brought for that purpose in addition to any other relief to which that party may be entitle. This agreement will be governed by and construed in accordance with the laws of the State of California.
24. Any changes to R & S Trucking freight tags must be received by FAX in the R & S Trucking main office within 2 working days from date of work performed by R & S Trucking for review.
25. Notices will be deemed communicated to either party to this agreement by either fax or certified mail using date of actual receipt of notice to receiving party.
26. **R&S Trucking is not responsible for project production**; this includes the availability of trucks, daily plant and/or jobsite production goals, UDBE, DBE & SB dollar listed/commitment amounts material quota amounts or any other reason, on any job, at any time.
27. As it is standard practice in the construction industry for contractors not to sign truckers trucking quotes, If R & S Trucking sign's a contractor's agreement/contract for trucking services; this action will be construed as a contractor signing an R & S Trucking complete quote with its Contract of Terms & Conditions. This also means that an R & S Trucking quotes supersedes any/all contractors agreements/contract/purchase order, and contractor will hold harmless anything associated in that contract, including production.

Continued.....

28. **R&S Trucking Co. is a VENDOR, not a SUB CONTRACTOR.**
29. Yearly escalation raise on top of the base rate quoted shall occur at **6% yearly**, commencing 1 year after the job bid date, and shall continue yearly with 6% raises, year after year, for the continued duration of this same job.
30. All Asphalt mix designs, such as **Polymer blends, Rubberized, Open-Grade, etc.,** require the contractor to supply a designated clean-out area on the jobsite, and to supply release agents, such as: United Products, Smart Solve Tar Remover # 603, along with additional equipment & manpower to help facilitate the clean-out of any and all truck and trailer(s). This also includes other sticky materials: such as Bay Mud, Wet Concrete mixes, etc. The time spent on this additional clean-out is chargeable at the hourly rates listed and accrues separately for this clean-out procedure, and this extra-time is not allowed to be averaged-out. In addition, R & S Trucking only hauls rubberized/open-grade type asphalts in 5-axle Double bottoms/Semi bottoms only, when available.
31. All rates quoted reflect a diesel cost per gallon up to and including: **$ 3.25/per gallon**. After it rises to: **$ 3.26/per gallon**, R & S Trucking will apply a **diesel fuel surcharge rate of 1% for every $ .10 cent per gallon cost increase**, as reported by the U.S. Dept. of Energy weekly on-highway diesel cost reports. Applying a diesel surcharge, after $ 3.26/per gallon, shall be billed thru the previous weeks trucking work (1 week in arrears).
32. All quoted rates DO NOT reflect the cost of an on-site truck boss. If the need of one is required, and mutually agreed upon by R & S Trucking and the contractor requesting this need, then the requesting contractor agrees to pay all costs associated for an on-site truck boss type monitor: This additional fee typically runs approx. $ 350.00/per day/per 8 hour shift, plus fuel cost. This rate is subject to change accordingly.
33. **R & S Trucking is not a union company. We are not affiliated or part of any union organization or any union subsidiary. We do not follow any union structure, including but not limited to any union laws, guidelines, wage structure, rules or regulations.**
34. **R & S Trucking is not obligated to become a member of the Teamsters or join into any other agreement with any organized union organization arising from PLA (project labor agreements).**
35. When "budget trucking only estimates" are provided alongside quoted hourly rates, these budgets are provided reflecting the contractors/estimators desire & requests to help arrive to a: "Approximation of time cycles and/or tonnage estimate to help create a budget cost +/-". These budget costs/rates are not to be considered accurate enough for a commitment and are created only for a convenience, therefor only the hourly rates quoted at the time shall prevail.

Portland cement concrete grinding is excluded from this quotation unless specifically quoted.

Removal of Asphalt Concrete over gutter damages can't be guaranteed by ABSL.

ABSL Construction will cold plane as close as possible to existing manholes, water valves, and other obstructions in cutting plane. Handwork and placing temporary asphalt tapers around these objects or at pavement edge for safety requirements are excluded.

Contractor to post streets with "No Parking" signs prior to subcontractor's phase of work, provide water or water meter and provide traffic control during cold planing operation.

All areas to be ground shall be clearly marked by the general or the job inspector.

A minimum of two weeks notice is requested prior to move in.

Anything not specifically included in this price should be considered excluded.

ABSL Construction does not accept backcharges due to machine breakdown during operation above the machine's daily rental fee.

Back charges will only be based on the time the machine is broken and will reflect the cost of the equipment for that time. All others costs due to the equipment breakdown will not be charged to ABSL Construction.

All teeth over one complete set will be charged to the contractor.

ABSL does not accept force account rates or retention.

This quotation will be part of our contract or purchase order agreement and is valid till a new change of the rates.

If you have any questions regarding the above quote please call me at (510) 727-0900 or fax at (510) 727-0912.

Sincerely,

Daryl Vorne

GRINDING JOB AGREEMENT

The prices set forth above are based on the following assumptions and are subject to change under conditions set forth below.

1) A minimum daily rate is any part of an 8 hour day and overtime will be charged for work done other than a regular weekday shift.
2) Modification to the work may require a change in the quote.
3) Unless otherwise indicated the unit prices are based on ABSL performing all the work included on the proposal. If ABSL does not receive a contract for all the work, the unit prices are subject to adjustment.
4) The unit prices are based on the estimated quantities in the bid proposal. If the quantity of the item changes by 25% or more the unit price is subject to equitable adjustment.
5) All teeth over one complete set will be charge to the contractor.
6) Prices are good for 30 days from the date of this proposal, after that date the prices are subject to adjustment.
7) In the event there is an increase in the cost of fuel of more than $0.50 per gallon during the performance of this contract, ABSL will be entitled to a $75.00 per day fuel surcharge. The base cost of fuel shall be established on the bid date of the contract by reference to the Weekly Retail On-Highway Diesel Prices for California, as published by the U.S. Department of Energy on its web site at www.tonto.eia.doe.gov/oog/info/wohdp/diesel.asp.
8) If ABSL cannot proceed with its work as scheduled due to others, standby time will be charged at the following rate: $500.00 per hour.
9) Downtime for equipment becoming stuck in wet or muddy sub-grade conditions will be charged at a stand-by time rate until removed. Additional equipment required for removal will be charged at a time and materials basis.
10) This proposal to be attached and made part of any and all resulting contracts.
11) The above price does not include permits, fees, bonding, state or local taxes.
12) This is a proposal only for the purpose of establishing a price for work as outlined. In the event ABSL is the low bidder a formal contract or PO suitable to both parties shall be prepared and fully executed.
13) Repairs of damage to ABSL equipment due to unmarked or buried obstructions; i.e. valve boxes, manholes covers, concrete, steel fence posts, steel pipe or excessive depth asphalt will be billed at time and material for repairs.
14) Backcharges to ABSL must be communicated by contractor in a written notice within 72 hours from the time of occurrence.
15) Unless otherwise agreed to in writing prior to start of work, payment is due and payable within 30 days of billing, and no retention to be withheld on payments.
16) All utilities within mill grade are to be located and marked by customer. It is the sole responsibility of the lessee or renter (customer) to follow the requirements of the regional notification center law pursuant to Article 2 (Commencing with Section 4216) of Chapter 3.1 of Division 5 of Title 1 of the California Government Code. Customer assumes sole responsibility for, and all subsequent liabilities coincident with following the requirements of the regional notification center law. Furthermore, customer agrees to be responsible for all damage to both utilities themselves and to our company's equipment by reason of ABSL equipment encountering unmarked utilities.
17) Items not specifically included are considered to be excluded. If you have any questions please call.

Thank You,

Daryl Vorne

9. Include additional data to support a demonstration of good faith efforts.

- Ghilotti Construction Company consistently and routinely makes every effort possible to identify, locate and communicate with various minority firms by placing advertisements in a wide variety of publications and utilizing several databases when searching for applicable firms.
- The nature of the work on this project is such that the only way to have met the 19% goal was to use a DBE sub for the structural concrete. Ghilotti Construction sent solicitations to all available firms in District 04 with the appropriate work code for this scope of work (C5100) and followed up with each firm (see attached work code C5100 search result). Ghilotti Construction did not receive any quotes for this scope from a DBE firm or non-DBE firm.

GCC is available to discuss breaking out any portion of work to encourage minority participation

Mr. Jim Petnic (707/585-1221 or jimp@ghilotti.com) is the Estimator for this project and is available to provide you with assistance to clarify any questions regarding the scope of work, including interpretation of plans, specifications and requirements, bid preparation and obtaining bonds, lines of credit, insurance and any technical assistance. GCC may also assist in obtaining any necessary equipment, supplies, materials or related services. (Please note: G.C.C. may require Payment & Performance Bonds on all sub-contracts over $25,000 per Ca. Public Contract Code Sect. 4108. G.C.C. will pay bond premiums up to 1 ½% of contract cost. G.C.C. is a UNION CONTRACTOR. Any non-signatory subcontractors will be required to sign an agreement for trades covered under our agreements.) Plans, specifications and project requirements may be reviewed at our office in Santa Rosa. They may also be downloaded for free through the Department of Transportation via their website at http://www.dot.ca.gov/hq/esc/oe/contract_awards_services.html. Plans may also be downloaded through local plan rooms, builder's exchanges, or a GCC closer to your location. Ghilotti Construction Company encourages the use of minority and women subcontractors and suppliers and considers such to be an important aspect of the project.

Requirements: By submitting a proposal, the bidder affirms that they have carefully examined ALL the bidding documents/Addenda and that from his/her own investigation, they have satisfied themselves as to the nature and location of the work. GCC's written subcontract document execution is required of all successful subcontract bidders. A copy is available for inspection on GCC's website (www.ghilotti.com/subcontractors/documents) and/or can be provided upon written request prior to bid submission. Inconsistent bid terms and conditions shall be void.

Insurance: As per our insurance requirements, your bid must include the cost of naming GCC as additional insured; including completed operations coverage; Use form 'CG-2010-1185' or equivalent; include Primary and Non-Contributing wording on your certificate of insurance and waiver of subrogation is required.

GCC is available to discuss breaking out any portion of work to encourage minority participation

Mr. Jim Petnic (707/585-1221 or jimp@ghilotti.com) is the Estimator for this project and is available to provide you with assistance to clarify any questions regarding the scope of work, including interpretation of plans, specifications and requirements, bid preparation and obtaining bonds, lines of credit, insurance and any technical assistance. GCC may also assist in obtaining any necessary equipment, supplies, materials or related services. (Please note: G.C.C. may require Payment & Performance Bonds on all sub-contracts over $25,000 per Ca. Public Contract Coda Sect. 4108. G.C.C. will pay bond premiums up to 1 ½% of contract cost. G.C.C. is a UNION CONTRACTOR. Any non-signatory subcontractors will be required to sign an agreement for trades covered under our agreements.) Plans, specifications and project requirements may be reviewed at our office in Santa Rosa. They may also be downloaded for free through the Department of Transportation via their website at http://www.dot.ca.gov/hq/esc/oe/contract_awards_services.html. Plans may also be downloaded through local plan rooms, builder's exchanges, or a GCC closer to your location. Ghilotti Construction Company encourages the use of minority and women subcontractors and suppliers and considers such to be an important aspect of the project.

Requirements: By submitting a proposal, the bidder affirms that they have carefully examined ALL the bidding documents/Addenda and that from his/her own investigation, they have satisfied themselves as to the nature and location of the work. GCC's written subcontract document execution is required of all successful subcontract bidders. (Please note: G.C.C. may require Payment & Performance Bonds on all sub-contracts over $25,000 per Ca. Public Contract Code Sect. 4108. G.C.C. will pay bond premiums up to 1 ½% of contract cost. G.C.C. is a UNION CONTRACTOR. Any non-signatory subcontractors will be required to sign an agreement for trades covered under our agreements.) Plans, specifications and project requirements may be reviewed at our office in Santa Rosa. They may also be downloaded for free through the Department of Transportation via their website at http://www.dot.ca.gov/hq/esc/oe/contract_awards_services.html. Plans may also be viewed or purchased through local plan rooms, builder's exchanges, Dodge Scan or a GCC closer to your location. Ghilotti Construction Company encourages the use of minority and women subcontractors and suppliers and considers such to be an important aspect of the project. Req: By submitting a proposal, the bidder affirms that they have carefully examined ALL the bidding documents/Addenda and that from his/her own investigation, they have satisfied themselves as to the nature and location of the work. GCC's written subcontract document execution is required of all successful subcontract bidders. A copy is available for inspection on GCC's website (www.ghilotti.com/subcontractors/documents) and/or can be provided upon written request prior to bid submission. Inconsistent bid terms and conditions shall be void. Insurance: As per our insurance requirements, your bid must include the cost of naming GCC as additional insured; including completed operations coverage; Use form 'CG-2010-1185' or equivalent; include Primary and Non-Contributing wording on your certificate of insurance and waiver of subrogation is required. We are an equal opportunity employer.

(Please note: G.C.C. may require Payment & Performance Bonds on all sub-contracts over $25,000 per Ca. Public Contract Code Sect. 4108. G.C.C. will pay bond premiums up to 1 ½% of contract cost. G.C.C. is a UNION CONTRACTOR. Any non-signatory subcontractors will be required to sign an agreement for trades covered under our agreements.) Plans, specifications and project requirements may be reviewed at our office in Santa Rosa. They may also be downloaded for free through the Department of Transportation via their website at http://www.dot.ca.gov/hq/esc/oe/contract_awards_services.html. Plans may also be viewed or purchased through local plan rooms, builder's exchanges, Dodge Scan or a GCC closer to your location. Ghilotti Construction Company encourages the use of minority and women subcontractors and suppliers and considers such to be an important aspect of the project. Req: By submitting a proposal, the bidder affirms that they have carefully examined ALL the bidding documents/Addenda and that from his/her own investigation, they have satisfied themselves as to the nature and location of the work. GCC's written subcontract document execution is required of all successful subcontract bidders. A copy is available for inspection on GCC's website (www.ghilotti.com/subcontractors/documents) and/or can be provided upon written request prior to bid submission. Inconsistent bid terms and conditions shall be void. Insurance: As per our insurance requirements, your bid must include the cost of naming GCC as additional insured; including completed operations coverage; Use form 'CG-2010-1185' or equivalent; include Primary and Non-Contributing wording on your certificate of insurance and waiver of subrogation is required. We are an equal opportunity employer.
