Dear Ms. Green:

The Department of Transportation (Caltrans) received letters dated May 20, 23, and 31, 2016, from CE Green Contractors (CE Green) protesting the bid submitted by BRM Construction (BRM) and Northstate Earth and Water, Inc. (Northstate) for the above contract. The protest alleges that BRM listed First Vanguard Rental & Sales, Inc. (First Vanguard) to perform bid item 5, Building Works, and First Vanguard does not possess the proper classifications for roofing and exterior siding material. CE Green also alleges that Northstate listed Roll 'N Rock Construction, Inc. (Roll 'N Rock) on the Subcontractor List form as performing work described as bid item 5, excavation, water truck, and building; however, on its Disabled Veteran Business Enterprises (DVBE) Certified Summary form included bid item 4, temporary concrete washout which constitutes an inconsistent bid.

Caltrans did not review the protest as it relates to BRM Construction since the Office of Business and Economic Opportunity, Contract Evaluation Branch (CEB), determined that BRM did not meet the 5 percent DVBE goal for this contract.

In regards to Northstate, Caltrans reviewed the bid submitted by Northstate and finds that although Northstate listed Roll 'N Rock on the DVBE Certified Summary form, Roll 'N Rock is performing the excavation for the temporary concrete washout. This amount is less than the required listing amount and therefore Northstate is not required to list them.

The Resident Engineer will receive a copy of this letter for Contract Administration and Compliance.

If you have any questions, please contact Mulissa Smith, Contract Awards Branch Chief, at (916) 227-6228.

Sincerely,
