- All work not paid at a quoted item rate will be charged to the prime at a rate no less than the Caltrans extra work rate for subcontractors with standard markups, regardless of the payment or reimbursement to prime from owner.
- No amounts shall be withheld from our extra work payments. Only the prime's markup on RES, should the owner pay the markup, may be withheld.

4. Release of progress and final payments within five (5) calendar days of warrant date or EFT date whichever is sooner.
5. Price based on mutually agreed upon schedule, in writing, with 45 days written notice for all move-ins.
6. Prices subject to change if not accepted in writing within thirty (30) days.
7. RES will require prime contractor to coordinate construction activities at each location.
8. Prime to provide and maintain all weather track grade, clear of obstacles.
9. Prime to provide clear and safe concrete mixer truck and concrete pump access to the work.
10. All barrier paving to be done by machine, from the high side of the barrier, machine to run on final lift of pavement
11. Our insurance for this project will not include coverage beyond the standard limits carried by RES, or an excess umbrella liability policy.
12. RES shall receive copy of all CPM's and schedules and their revisions with time to comment and dispute prior to submittal to owner failure to comply shall relieve RES of any obligations related to the contents of the schedule or impacts to the schedule and any related penalties. In the event that durations or information is forwarded to Caltrans without the consent of RES and the unapproved information becomes part of a claim or contract change order any monetary consequences will become the Contractor's responsibility. Referring RES to review the project schedule at the contractor's office is not acceptable.
13. Prime Contractor to provide **BARRIER survey staking** for line and grade. Survey points need to be 1.2 meters offset from left/right of center line of barrier with a fill to top of barrier marked on stakes. The left/right of centerline is to be determined with RES superintendent on site. Staking to be 20 meter centers in tangents and 10 meter centers in radius. Should survey not be provided exactly as stated above, RES reserves the right to have it provided by a third party and shall charge the prime contractor for these costs plus 5% markup for administrative fees.
14. **This quotation shall be made an integral part of our subcontract agreement in its entirety, and as such shall supersede any conflicting language in the subcontract agreement.**
15. Prices bid as a package, please call before splitting.
16. Jobsite water at work areas and sanitary facilities to be provided by others at no cost to RES.
17. RES will require any temporary k-rail movement and specific location of k-rail openings to be coordinated with its operations and will be staging paving equipment and related equipment at worksite unless other arrangements satisfactory to RES are made in advance at no cost to RES.

6. List efforts made to provide interested DBEs with adequate information about the plans, specifications, and requirements of the contract to assist them in responding to a solicitation. Identify the DBE assisted, the information provided, and the date of contact. Provide copies of supporting documents.

- All DBEs solicited by email were sent a copy of the bid item list, as well as a link to the Caltrans website, where plans and specifications were available for download. Instructions for download were provided. They were given Granite's contact information and the name of our estimator, as well as suggested items of work for bidding.
- Solicitations encouraged DBEs to register on the Caltrans website under the "Opt-in" link.
- All solicitations also provided a response sheet with a request to fax us with their intent to bid, as well to request additional information if needed.

7. List efforts made to assist interested DBEs in obtaining bonding, lines of credit, insurance, necessary equipment, supplies, materials, or related assistance or services, excluding supplies and equipment the DBE subcontractor purchases or leases from the prime contractor or its affiliate. Identify the DBE assisted, the assistance offered, and the date. Provide copies of supporting documents.

All of Granite's advertisements and email solicitations offered assistance with bonding, insurance or supplies. No DBEs requested this assistance.

8. Include additional data to support a demonstration of good faith efforts.

Granite provided access to the tools necessary to bid the project through links to plans, specs, and addenda. Emails also offered to fax or email specific sections for DBE subs/suppliers.
