BID PROPOSAL

November 3, 2015

PROJECT: Caltrans Hwy 17 project 05-0T9804
CONTRACTOR: Gordon N. Ball – Attn: Tristen Davis

November 2, 2015

BID ITEMS	PRICE	TRUCK TYPE
*Transport and disposal of +/- 165 tons of Class I (non-RCRA) California-hazardous waste soil (no serpentine)	$139.00 / ton	Semi-ends

*=Minimum transport and disposal charge of 24 tons for final load offhauled during each day of offhaul for each classification of waste soil. Rates based on and contingent upon soil being heavy enough that trucks are able to obtain at least 24 ton loads. If soil is not heavy enough for trucks to obtain 24 ton loads, then there will be a 24 ton minimum transport and disposal charge per truck load.

Truck standby of $100.00/hour applies after 10 minutes on jobsite. Loading hours are from 7:00 am (or earlier) through 11:00 am. All hazardous trucks must be loaded by no later than 11:00 am so they can make it to the landfill before it closes.

For any haz trucks that arrive to the Project site but do not get loaded with haz waste, there is a 6 hour minimum show-up/no-load charge at $100.00 per hour.

Rates are based on and contingent upon the quantity and classification of waste listed above.

P.O. must be provided to Eighteen Trucking within 10 business days of receipt of this quote.

All permits and truck route approval necessary shall be provided by the General Contractor.

Rates quoted are subject to fuel increases if diesel fuel goes above $4.00/gallon. Additionally, all prices are for transport and disposal services performed through March of 2016, and are contingent upon waste classification as listed above, and waste approval and acceptance as such at a disposal facility (or disposal facilities) to be determined by Eighteen Trucking.

Hazardous waste transport and disposal quote includes transport, disposal, 10% county tax, landfill's fuel and environmental fee, and landfill's recovery fee. Rate does not include BOE Land Disposal Fee or BOE Generator Fee (which this waste is likely exempt from since the material is being generated in a cleanup and the contamination was caused by the general public) or any other fees or taxes not specifically identified herein.

All quotes based on truck availability.

Testing of any kind is not included in any rates.

Thank you for considering Eighteen Trucking. Please call us at (415) 552-1818 if you have any questions.

Thank you,

BID ITEMS	PRICE	TRUCK TYPE
*Transport and disposal of +/- 165 tons of Class I (non-RCRA) California-hazardous waste soil (no serpentine).....	$139.00 / ton	Semi-ends

*=Minimum transport and disposal charge of 24 tons for final load offhauled during each day of offhaul for each classification of waste soil. Rates based on and contingent upon soil being heavy enough that trucks are able to obtain at least 24 ton loads. If soil is not heavy enough for trucks to obtain 24 ton loads, then there will be a 24 ton minimum transport and disposal charge per truck load.

Truck standby of $100.00/hour applies after 10 minutes on jobsite. Loading hours are from 7:00 am (or earlier) through 11:00 am. All hazardous trucks must be loaded by no later than 11:00 am so they can make it to the landfill before it closes.

For any haz trucks that arrive to the Project site but do not get loaded with haz waste, there is a 6 hour minimum show-up/no-load charge at $100.00 per hour.

Rates are based on and contingent upon the quantity and classification of waste listed above.

P.O. must be provided to Eighteen Trucking within 10 business days of receipt of this quote.

All permits and truck route approval necessary shall be provided by the General Contractor.

Rates quoted are subject to fuel increases if diesel fuel goes above $4.00/gallon. Additionally, all prices are for transport and disposal services performed through March of 2016, and are contingent upon waste classification as listed above, and waste approval and acceptance as such at a disposal facility (or disposal facilities) to be determined by Eighteen Trucking.

Hazardous waste transport and disposal quote includes transport, disposal, 10% county tax, landfill's fuel and environmental fee, and landfill's recovery fee. Rate does not include BOE Land Disposal Fee or BOE Generator Fee (which this waste is likely exempt from since the material is being generated in a cleanup and the contamination was caused by the general public) or any other fees or taxes not specifically identified herein.

All quotes based on truck availability.

Testing of any kind is not included in any rates.

Thank you for considering Eighteen Trucking. Please call us at (415) 552-1818 if you have any questions.
