Dear Mr. Fain:

The Department of Transportation (Caltrans) received the attached Disadvantaged Business Enterprise (DBE) Commitment form for Contract No. 05-1G3404 from Telfer Highway Technologies (Telfer). Caltrans established a DBE goal of 10 percent for this project. Telfer initially claimed a DBE commitment of 13.9 percent of the total bid amount.

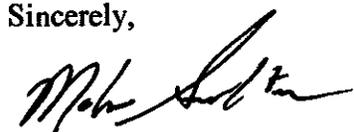

Telfer listed (for credit toward the DBE goal) LMS Transport (LMS) to provide Hot Mix Asphalt for this project. The Office of Business and Economic Opportunity, Contract Evaluation Branch (CEB), determined that Telfer claimed 60 percent of the asphalt supply, but 100 percent of the trucking portion. Therefore, CEB reduced the amount that Telfer could claim towards the trucking portion of work for LMS participation from \$332,045.00 to \$312,435.00. The total dollar amount counted towards the DBE goal is \$612,965.00 or 13.53 percent of the total bid amount.

CEB staff determined that Telfer met the DBE participation goal for this contract.

The Resident Engineer will receive a copy of this letter for contract administration compliance.

If you have any questions, please contact Tim Bullivant, Branch Chief, Contract Evaluation Branch at (916) 324-1805.

Sincerely,

for JOHN C. McMILLAN
Deputy Division Chief
Office Engineer
Division of Engineering Services
