	Phone: 919-946-4662	Fax Number:

	Services offered: The IAS Water Quality Skimmers is a floating device for erosion and sediment control applications, which releases/drains the downstream surface water slowly from ponds, sediment traps or basins at a controlled rate flow. It skims clean water from the surface of sediment retention traps/basins where the water contains the least amount of suspended solids instead of draining from the bottom where sediment concentrations are their highest, and sends it to a riser or the backside of a dam. Skimmer basins may be used in areas that are near high quality waters, buffer zones, environmentally sensitive areas, and/or sensitive watersheds, and in areas where drainage areas are too large for a basin with a standard rock weir.

CONDITIONS OF BID PROPOSAL

06-0H1804

Kern County About 24 Miles North Of Mojave

Acceptance of this proposal by Contractor shall be acceptance of all terms and conditions recited herein which shall supersede any conflicting term in any other contract document. Any of the Contractor's terms and conditions in addition or different from this proposal are objected to and shall have no effect. Contractor's agreement herewith shall be evidenced by Contractor's signature hereon or by permitting Subcontractor to commence work for project.

1. Subcontractor shall be paid monthly progress payments on or before the 15th of each month for the value of work completed plus the amount of materials and equipment suitably stored on or off site. Final payment shall be due 30 days after the work described in the Proposal is substantially completed. No provision of this agreement shall serve to void the Subcontractor's entitlement to payment for properly performed work or suitably stored materials or to require the Subcontractor to continue performance if timely payments are not made to Subcontractor for suitably performed work or stored materials or to void Subcontractor's right to file a lien or claim on its behalf in the event that any payment to Subcontractor is not timely made. **NO RETENION WILL BE HELD ON MATERIALS ON HAND**

2. The Contractor will withhold no more retention from the Subcontractor other than is being withheld by the Owner from the Contractor with respect to the Subcontractor's work.

3. All sums not paid when due shall bear an interest rate of 1½% per month or the maximum legal rate permitted by law whichever is less; and all costs of collection, including a reasonable attorney's fee, shall be paid by Contractor.

4. No backcharges or claim of the Contractor for services shall be valid except by an agreement in writing by the Subcontractor before the work is executed, except in the case of the Subcontractor's failure to meet any requirement of the subcontract agreement. In such event, the Contractor shall notify the Subcontractor of such default, in writing, and allow the Subcontractor reasonable time to correct any deficiency before incurring any cost chargeable to the Subcontractor.

5. Contractor is to prepare all work areas so as to be acceptable for Subcontractor work under the Subcontract. Subcontractor will not be called upon to start work until sufficient areas are ready to insure continued work. The Contractor shall furnish all temporary site facilities including suitable storage space, hoisting, temporary electrical and water at no cost to Subcontractor.

6. Subcontractor shall be given a reasonable time in which to make delivery of materials and/or labor to commence and complete the performance of the contract. Subcontractor shall not be responsible for delays or defaults where occasioned by any causes of any kind and extend beyond its control, including but not limited to: delays caused by the owner, general contractor, architect and/or engineers, delays in transportation, shortage of raw materials, civil disorders, labor difficulties, vendor allocations, fires, floods, accidents and acts of God. Subcontractor shall be entitled to equitable adjustment in the subcontract amount for additional costs due to unanticipated project delays or accelerations caused by others whose acts are not the Subcontractor's responsibility and to time extensions for unavoidable delays. The Contractor shall make no demand for liquidated damages for delays in excess of the amount specified in the subcontract agreement and no liquidated damages may be assessed against Subcontractor for more than the amount paid by the Contractor for unexcused delays to the extent actually caused by Subcontractor.

7. The Subcontractor's equipment and work are guaranteed for a period of one year from the date of substantial completion or use by the Contractor or the Contractor's customer, whichever is earlier. THIS WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. The exclusive remedy shall be that Subcontractor will replace or repair any part of its work which is found to be defective. Subcontractor shall not be responsible for damage or defect caused by abuse, modifications not executed by the Subcontractor, improper or insufficient maintenance, improper operation or normal wear, tear and usage.

8. Work called for herein is to be performed during Subcontractor's regular working hours. All work performed outside of such hours shall be charged for at rates or amounts agreed upon by the parties at the time overtime is authorized.

9. Contractor shall, if the Owner does not, purchase and maintain all risk insurance upon full value of the entire work and/or materials delivered to the jobsite, which shall include the interest of Subcontractor.

10. The Subcontractor shall indemnify and hold harmless the Contractor, Owner, Architect or others from damages only to the extent such damages were caused by any negligent act or omission of the Subcontractor or anyone for whose acts the Subcontractor is liable.

Insurance or insurance coverage required in addition to or in excess of the insurance and coverage provided under this provision shall be paid for by Contractor in advance of being acquired by Consultant.

Billing. Except as otherwise provided herein, Consultant shall submit invoices monthly for work performed on the project. Payment term is net thirty (30) days from receipt of invoice for progress payment and net forty-five (45) days from receipt of invoice for retention payment. Payments not received in accordance with this provision shall accrue interest at the rate of one and one-half percent (1-1/2%) per month from due date until paid.

Instruments of Service. All plans, reports, data, photographs and other documents or electronic media prepared in whole or in part by or on behalf of Consultant ("Instruments of Service") shall not be used or permitted to be used by Contractor on any project other than the project for which Consultant prepared such Instruments of Service.

Change Orders and Extra Work. Consultant shall not be required to perform work different than or in addition to the scope of work agreed in Consultant's contract with Contractor without a written change order signed by Contractor and Consultant or extra work authorization signed by Contractor which includes an adjustment to the contract price and time for performance as agreed to by Contractor and Consultant.

Suspension of Work and Termination or Cancellation of Contract. Consultant may suspend work or terminate or cancel Consultant's contract with Contractor upon forty-eight (48) hours written notice to Contractor. Consultant may cancel its contract with Contractor for breach of any provision contained herein. Consultant may terminate its contract with Contractor for the following causes: (1) a force majeure event; (2) the filing of a voluntary petition in bankruptcy by Contractor; (3) the failure by Contractor to pay Consultant's invoices as provided herein; (4) the failure by Contractor to execute change orders or extra work authorizations as provided herein.

Site Conditions. Contractor represents and warrants that the site conditions of the project are as represented in Consultant's contract with Contractor, drawings and specifications (collectively "Contract Documents") and acknowledges that Consultant has only relied on the site conditions as represented in the Contract Documents. Contractor shall be responsible for extra work necessitated by unforeseen site conditions not represented in the Contract Documents.

Force Majeure. Consultant shall not be liable for any damage or delays caused by any act or event beyond the reasonable control of Consultant, including, but not limited to, natural catastrophe, war or public disorder, strikes or labor disputes, and actions by a governmental authority.

Alternative Dispute Resolution. As a condition precedent to any legal action concerning any dispute between the parties which arises out of or relates to these General Terms and Conditions ("General Terms") or the Contract Documents, the parties shall mediate such dispute before the American Arbitration Association ("AAA") pursuant to the AAA's Construction Industry Arbitration and Mediation Procedures. Provided, however, that nothing contained in this provision shall prevent the parties from filing an action to preserve its rights to foreclose on a design professional or mechanic's lien, to enforce a stop notice claim, or to enforce a payment bond claim. The locale of the mediation shall take place at the AAA office nearest to the site of the project. Expenses of mediation shall be borne equally by the parties to the mediation.

Indemnity. Contractor shall indemnify, hold harmless, and defend (with counsel acceptable to Consultant) Consultant from any and all claims, damages, liabilities or other obligations of any nature arising out of or which relates to Consultant's work on the project, except that caused by the sole and active negligence of Consultant.

Incidental, Special, and Consequential Damages. Consultant shall not be liable for any incidental, special or consequential damages, including, but not limited to, loss of revenues or profits, liquidated damages, delay damages, or liabilities or other obligations to third parties.

Cooperation. Contractor shall cooperate with Consultant in obtaining documents and other information requested by Consultant, including, but not limited to, requests for information, change orders and other approvals, and the status of Consultant's applications for payment and payments to Contractor for work performed by Consultant. Contractor shall cooperate with Consultant's recommendations so as not to impair Consultant's ability to perform under the CGP and Caltrans' specifications, as applicable, by, among other things, mobilizing crews within 72 hours to implement or maintain BMPs or corrective actions, ensuring Consultant access to the construction site at all times including after hours, weekends and holidays, and properly managing construction materials, stockpiles and waste.

Application. These General Terms shall alter and supersede any conflicting terms or conditions contained in the Contract Documents concerning the work performed or to be performed by Consultant on the project including any provision purporting to alter or supersede these General Terms.

Construction. These General Terms shall not be construed against any of the parties and the rule of constructing contract ambiguities against the party drafting the contract shall be inapplicable.

Attorneys' Fees. In the event any legal action is filed which arises out of relates to these General Terms or the Contract Documents, the prevailing party shall be entitled to recovery its reasonable attorney's fees and other costs, including expert costs, in addition to any other relief to which it may be entitled.

Governing Law. These Conditions and the Contract Documents shall be construed under, and governed by, the laws of the State of California.

Severability. If any provision contained herein is held to be invalid or unenforceable, such invalid or unenforceable provision(s) shall not affect the validity or enforceability of any other provision contained herein.

Survivability. The provisions contained in herein shall survive the completion, cancellation or other termination of Consultant's contract with Contractor.

Additional information

C. A. Rasmussen, Inc. makes it a practice to encourage our subcontractors to utilize 2nd and 3rd tier DBE subs and suppliers. Additionally, members of CAR staff are actively involved in advocacy groups promoting outreach to minority and disadvantaged subcontractors, including DBEs.
