RE: Contract No. 06-ON1604
Response to Cal Trans Non-Responsive Letter

Mr. McMillan,

Bowman Asphalt, Inc. (Bowman) has reviewed the letter received by Cal Trans dated April 18, 2013 regarding the subcontractor list on Contract No. 06-ON1604.

The subcontractor list submitted at the time of bid shows Maneri Traffic Control (Maneri) crossed out, their item of work in column 4, "Construction Area Signs" is also crossed out. "Statewide Construction" was added in column 4 under the crossed out "Construction Area Signs". This was an error made by the Bid Runner service used by Bowman. The Bid Runner was instructed to cross out Maneri and add Construction Area Signs to Statewide Safety (already listed to perform various items of work). The 24 hour Subcontractor List shows Statewide Safety performing Construction Area Signs, as this is what was intended and what the Bid Runner was instructed to do. Bowman is prepared to show backup documentation confirming this.

The error made on the Subcontract List has no impact on the project, it was simply a miscommunication with the bid runner. The tax payers should not be burdened with paying more money for a project due to a clerical error made on a Subcontractor List. Bowman has gained no advantage and respectfully requests that our bid be deemed responsive.

A handwritten signature in black ink, appearing to read "Scott Miles".
