Re: 06-0N9604
Subject: Bid Extension

Dear Mr. McMillan,

Techno Coatings, Inc. submitted the low bid on Contract 06-0N9604 on July 28, 2015. It has come to our attention that Award Recommendation, Civil Rights Evaluation and Funding Certification have been designated as "Received" on the Department's web site. Additionally, the extension of our offer/bid as proposed in our letter of August 27, 2015 is about to expire and yet we have received no communication from the Department regarding our protest. We herein offer to extend our bid for 90 days following the bid opening of July 28, 2015 and request the award be extended. We hope the Department will expeditiously communicate their decision to rescind its finding of non-responsiveness. We also request the Department provide any notice of award directly to Techno Coatings, Inc.

Our protest remains in full force and effect for this extension and protest any award other than to Techno Coatings, Inc. As you may recall, the Department found Techno's bid to be non-responsive based on clarifications Techno made after receiving verbal approval and direction from Office Engineer staff. The Department must rescind its determination under both equitable and estoppel principals.

Your continued cooperation is greatly appreciated.

Sincerely,

Thomas Puett
Nace Coating Inspector Level 3-Certified
CIP Certification #7993
