Some clauses of importance to us are realistic payment clauses which protect both parties, guarantee us that we get paid promptly for our work and eliminate unnecessary paperwork; indemnification clauses which equitably allocate risk to the parties, insuring that you are indemnified for the negligent acts of A-C Electric Company, without A-C indemnifying or defending you for your negligence; scheduling clauses which give us adequate time to perform our work efficiently and safely, compensate us for acceleration required for reasons outside our control, and limits any requirement for us to accelerate without compensation to our failure to perform in meeting a reasonable schedule.

In the event that we are unable to reach a mutually acceptable contract utilizing Contractor's proposed document, this bid is conditioned on the use of Consensus DOCS 750 or 751, documents drafted and agreed to by the various construction trade associations with the intent to be fair to the contractor, subcontractor and owner.

- 2) As an interim measure, while we are working on a mutually acceptable contract document, we will perform work and supply material upon receipt of a written authorization to do so with the assurances that we will be paid timely for the work done.

- 3) If you are one of the more than 50 Contractors with which we have worked out a mutually acceptable contract, or an addendum to your standard contract, our bid is conditioned to it.

Legal venue of this project will fall under the jurisdiction of the state and county in which the work is performed.

A-C Electric Company is signatory to collective bargaining agreements with the International Brotherhood of Electrical Workers. This bid is based on doing the work of our bid items with our own forces who are signatory to the IBEW or selected subcontractors. We will cooperate with you in resolving labor problems involving our work and the IBEW resulting from claims or grievances made by labor unions to which you are signatory. We will provide representation and bear our own costs for doing so. We will not indemnify nor reimburse you for costs you incur resulting from such claims or grievances.

If you have any questions, please call Dan Irvin, our estimator, at 661-410-0308, or me, at 559-732-4733.

General Conditions: Unless otherwise specified a 4 hour day, 6 hour night/weekend minimum will be incurred on any trucking day, as well as a 10% increase on all rates for nights and weekends. All tonnage quotes are per US ton based on full loads and direct routes to and from the jobsite and never will any averaging of standby be allowed. Standby will be assessed at the first point of arrival or delay due to the construction site (i.e., traffic control, detours, etc.) and will end when the truck is free and clear to return to the plant or point of origin without delay. If for any reason there is a dispute over standby all tonnage prices will be reversed to hourly rates. A fuel increase will be applied to all rates at 2% for every \$0.20 increase in fuel rates as of bid time. For a current rate on fuel please refer to www.eia.gov on-highway retail diesel prices. All quotes including material subject to change without notice depending on material availability. All individual quotes will be void if this quote is not used in its entirety. It will be customer's responsibility for any citations written for load showing or over loads from job site off hauls. To ensure truck availability WTB requires a weekly estimate of trucks needed, with a 24 hour notice of confirmation for the scheduling of trucks required. Also, WTB Inc. is a Vendor not a Sub Contractor.

Life of Quote: Unless otherwise specified herein this quote will be VOID 30 days after the noted bid date of WTB Inc. Due to material availability and price fluctuations all material prices will be VOID after 30 days.

Payment: All invoices shall be paid by the 20th of the following month. Late payments will be assessed carrying charges at 1.5% compounded monthly on the outstanding balance. If a dispute arises between the parties, the prevailing party shall be entitled to recover attorney fees in addition to any other relief to which the party may be entitled.

Acceptance: Buyer shall SIGN and RETURN this quote sheet confirming "Special Conditions", price and estimated delivery date via fax or return mail. Failure to return a signed copy within 5 days after the start of quoted project constitutes complete and full acceptance.

Under the California Mechanics Lien Law, any contractor, subcontractor, laborer, supplier or other person who helps to improve your property, but is not paid for his/her work or supplies, has a right to enforce a claim against your property. This means that after a court hearing, your property could be sold by a court officer and the proceeds of the sale used to satisfy the indebtedness. This can happen even if you have paid your contractor in full if the subcontractor, laborers, or suppliers remain unpaid. To preserve their right to file a claim or lien against your property, certain claimants such as subcontractors or material suppliers are required to provide you with a document entitled "Preliminary Notice." Original (or prime) contractors and laborers for wages do not have to provide this notice. A Preliminary Notice is not a lien against your property. Its purpose is to notify you of persons who may have a right to file a lien against your property if they are not paid. (Generally, the maximum time allowed for filing a claim or lien against your property is ninety (90) days after completion of your project.)

This proposal is to be paid per above written agreement and everything after ten (10) days is late & subject to service charge of 1.5% per month. Interest rate per annum is 18%. Price good for thirty (30) days.
