State of CA, CALTRANS DBE Program Good Faith Effort Summary

Outreach Efforts Summary / Narrative:
Graham Contractors Inc. identified the appropriate search engine to search for DBE subcontractors/suppliers for Construction on State Hwy in Fresno County near Mendota & Firebaugh. Graham placed advertising in four locations soliciting DBE subcontractors/supplier participation on this project. Graham posted on the US Dept of Commerce MBDA bid matching system which generated 636 matches. When US Dept of Commerce MBDA establishes matches those companies are notified of the bid opportunity and bid information thru the system. It cannot be determines how many of the companies that were matches are certified as DBE companies, however, the companies that were considered matches are either MBE or WBE companies that do work in the specified region and would potentially be certified and/or eligible to be certified as a DBE contractor. Graham also posted on the US SBA Subnet. US SBA Subnet's exposure is unknown but it is an industry practice to advertise DBE projects on the US SBA Subnet. Graham also advertised in two other Eldridge Bid Reporter publications that outreach to DBEs. Eldridge Bid Reporter publications have 3000+ distribution made up of SBE/DVBE & DBEs. DBEs are roughly 50% of the distribution. Graham then searched the appropriate DBE databases (CUCP & US SBA) to identify potential DBE subcontractors/suppliers that performed the specified services. The Graham list contained 151 potential subcontractors/suppliers. Graham went to the CALTRANS Opt-in link and added two DBEs that had opted-in to the project for solicitation. Graham sent direct solicitations by fax to 55 potential subcontractors/suppliers that were located in a reasonable proximity to the project. Then Graham sent direct email solicitations to **ALL 153** potential subcontractors/suppliers. Of those 153 potential subcontractors/suppliers, there were 3 emails that bounced (bad emails) and 0 companies declined the opportunity by unsubscribing to the email list. Graham followed up by email at a later date with **ALL 153** potential subcontractors and by phone with the DBE companies that were in close proximity of the project, as wells as, stayed in close contact with DBEs that had questions or had trouble obtaining the bid package.

Included:

- Contacted local DBE assistance organizations to obtain a DBE list.
- Solicited Potential DBE Subcontractors/suppliers by fax/email
- Follow-up contact was made by both email & phone with potential DBEs to Confirm Interest/Lack of Interest in Opportunity
