Bidder's Name: Guy F. Atkinson

Contract No.: 07-1193U4

1. List items of work the Bidder made available to DBE firms. Identify items of work the Bidder might otherwise perform with its own forces, items that have been broken down into economically feasible units to facilitate DBE participation, and items for which the Bidder has established flexible time frames for performance and delivery schedules in a manner that encourages and facilitates DBE participation. For each item listed, show the dollar value and percentage of the total contract. The Bidder must demonstrate that sufficient work to meet the goal was made available to DBE firms.

Bidder's Name: Guy F. Atkinson

Contract No.: 07-1193U4

2. List the names of certified DBEs and all the dates on which they were solicited to bid on this project. Include the items of work offered and the dates and methods used for following up initial and follow-up solicitations to determine with certainty whether the DBEs were interested. Attach copies of solicitations, e-mail messages, telephone records, fax confirmations, etc.

Name of DBE Solicited	Date of Initial Solicitation	Items of Work Offered	Follow Up Methods and Dates
See attached list of 100 DBEs solicited by Small Business Exchange on behalf of Guy F. Atkinson	Solicitation emailed on 09/22/15	See list of items on bid flyer. The solicitation also noted that the complete list of bid items was included in the project specifications.	Telephone calls were placed to all DBEs solicited on 09/23/15 and 09/24/15. Messages were left for the companies that did not answer their phones.
	Solicitation also faxed on 09/22/15	See list of items on bid flyer. The solicitation also noted that the complete list of bid items was included in the project specifications.	
	Email solicitations were re-sent to some DBEs on 09/23, 09/24 and 09/29.		Recalls were made to DBE companies that no one had actually spoken to on 09/29/2015.
See attached list of 364 DBE companies solicited by Guy F. Atkinson.	Emails and faxes sent out on 09/22/15.	See list of work items and project supplies listed on the outreach flyer. The emails contained an excel list of all the bid items per the specs.	Phones calls and emails were responded to as received. Our estimating email address and a tended phone number were listed on the flyer. The solicitation also contained the words, "Have Questions," that could be circled to indicate that the DBE wanted us to be in touch. Those were followed up on. See print screens of estimating email inbox and outbox. Please note that many replies simply provided quotes or completed flyer responses.
74 Faxes of those sent out by Guy F. Atkinson on 09/22/15 failed. The solicitation was re-faxed to all the failed fax numbers on 09/24/15.	On 09/24/15, re-faxed to 74 companies (of the list of 364) whose first fax attempt failed on 09/22/15.		

3. For each item of work made available, indicate whether the Bidder provided plans and specifications specific to the items of work being offered, list the selected firm and its status as a DBE, the DBEs that provided quotes, the price quote for each firm, and the price difference for each DBE if the selected firm is not a DBE. Provide copies of each DBE and Non-DBE quote submitted to the Bidder whenever a Non-DBE firm was selected over a DBE for work on the Contract.

See attached list of 87 additional companies solicited.	Solicitations emailed and faxed out on 09/24/15.	Please see flyer for list of work items and project supplies. The solicitation noted that all bid items were listed in the specs. The email solicitation included an excel list of all the bid items as well as call out notes to pipe suppliers surveyors and truckers.	As noted on the previous page. all emails and phone calls were responded to.
19 Failed faxes from outreach on 09/24/15 re-faxed	On 09/25/15 re-faxed to 19 companies whose fax failed on 9/24/15.	Same flyer as sent as noted above. All re-faxes failed.	
Combined both Guy F. Atkinson solicitation lists and did a mass email to 452 DBE companies.	10/09/15	The email included the excel bid item list. The flyer had been revised to note that Addendum 3 had been issued.	
Did a follow up outreach via fax and email to the DBE companies that Small Business Exchange had solicited for us and that were unsure if they would bid and companies that had not been successfully reached although two attempts had been made.	10/13/15	The email included the excel bid item list. The flyer had been revised to note Addendum 4.

Guy F. Atkinson is a union contractor and an Equal Opportunity Employer. 100% Performance & Payment Bonds from an approved surety company will be required for subcontractors greater than $100,000. Atkinson will pay the cost of bonds up to 1.5%. Atkinson will assist in obtaining necessary equipment, supplies, materials or related services. We will split items of work (refer to project specs for full list of bid items) and provide assistance for bonding, LOC and insurance where needed. Subcontractors will be expected to sign Atkinson's standard subcontract and to comply with our company's standard insurance requirements which include a waiver of subrogation. Subcontractors must provide contractor's license number and Department of Industrial Relations (DIR) registration number with their quote.

Fax Status Legend

Fax Status Legend
KeyesFax

Status

The Status field lets you know what is happening or what has happened to each fax. There are a lot of different status messages that the system uses, this is what they mean:

IMGCONV JQ
The fax is waiting on the IMGCONV job queue to be converted.
Converting
The fax is being converted from text form to a Fax image.
FAXCOM JQ
The fax has been converted, now it is waiting to be faxed.
Cnsolidatd
The fax has been consolidated with another to the same recipient.
Scheduled
The fax is scheduled to be sent at the time shown on the far right.
Held or *HOLD
The fax has been put on HOLD using option 3. You can restart the fax using option 9.
use Opt 1
The fax has a phone number of *FAX, *PBX, or *LIST with multiple recipients. You can see the details using option 1.
Active, Running, Dialing, Connecting
The fax is in the process of trying to connect with a fax machine.
Sending
The fax page listed on the right is currently being transmitted.
Sent
The fax has been sent. The last page sent is shown under the Page field.
Sent?
The fax was sent, but without a confirmation from the fax machine.
Will Retry
The fax failed, but is scheduled to retry at the time shown on the right. The reason for the failure can be seen by choosing option 1 (Details).
Resubmited
The fax had to be started over, choose option 1 (Details) to see why.
No Cnctn
The fax system could not connect to the remote fax machine.
Lost Cnctn
The fax was transmitting, but the connection was lost.
Busy
The phone number called was busy.
No Answer
The phone number called rang, but no one answered.
NoDialTone
The modem picked up the phone but there was no dial tone. See the detailed description of this error later in these help screens.

Fax Status Legend
KeyesFax

No Carrier
Someone answered the phone call but it was not a fax machine.
Cancelled
The fax was cancelled using the Work with Fax Lines option 7.
Bad File, Missing, No Pages, Bad Cover
These messages mean that something was wrong with the original fax image or its coversheet. You will have to recreate the fax.
Bad LibL, No ICF File, BadLicense
These indicate that the system has not been installed correctly or the library has been damaged.
Com failed, Failed, Bad Modem
These indicate that something is wrong with the communication to the fax modem. Check to see that it is turned on and properly connected.
Separating
The program is separating a multi-page spooled file by phone numbers.
E-mailed
The fax was converted to an e-mail attachment and was e-mailed.
Eml Failed
The fax was converted to an e-mail attachment but failed to be mailed. You must use the Work with KeyesMail screen to determine the cause.

When a failure occurs, you will get a message sent to you that further describes what had happened. A copy of the message is also sent to the FAXCOM message queue and is described below:

Excessive line errors
This is caused when the remote fax machine reports that the phone line has caused too many errors on the fax scan lines. When this happens, the system will automatically send the page again. If the remote fax machine again reports too many line errors, this message is reported to you. In most cases, the recipient will be able to make out the entire fax from the 2 copies that they receive.

Did not connect
This means that the system contacted a fax machine but could not get a connection with it.
Line is busy
This means that the phone line did not ring at the destination. It got a busy signal.

Lost connection
This means that a fax machine was connected and the first page was transmitted, but the system lost the connection. It did not get a response from the remote fax machine saying that it had received the page. It must be assumed that the page was not received.

Fax Status Legend
KeyesFax

No connection or Did not connect
This means that the first page was not even attempted. A fax machine did answer the phone but the 2 systems could not establish a connection

Phone Rang, Ringing
While the fax was getting ready to be sent, the phone rang.

May not be Class 1 Fax modem
This is caused when the fax system asks the modem what class it is and the modem does not respond correctly. The system issues this message, then Varies OFF the Fax line and Varies it back ON. This usually resets the modem so that it again works properly. If the modem was not a Class 1 modem or if it were malfunctioning, you would get this message 6 times then the system will shut the fax line down.

Modem not responding
This is similar to the above explanation.

No Confirmation, Not Cnfrmd
At the end of each page a fax machine is supposed to confirm that it has received the page. Sometimes this confirmation is lost, due to an incompatibility with the modem that you are using. In this case, we do not resend the same page. To do so would usually result in the same page being sent, repeatedly.

, will retry
When this is added to a message it means that the job has been scheduled to try again in a few minutes.

, Job canceled
When this is added to a message it means that the system cannot complete the fax and it is going to stop trying, usually because it has exhausted all of the retries.

, Resubmitting
When this is added to a message it means that the system is automaticall resubmitting the job to try to correct the problem.

Guy F. Atkinson invites you to bid to us for the upcoming Caltrans I-10 HOV Project located in West Covina, Covina, San Dimas and Pomona, Los Angeles County, CA (Caltrans Contract 07-1193U4).

This project bids on Thursday, October 15, 2015.

The engineer's estimate is $170,000,000. The DBE goal is 10%.

We welcome all scopes of work, quotes, rate sheets and price lists for the work and supply categories listed on the flyer below. Please refer to the attached list of bid items for more information.

I have attached a pdf version of the flyer below in case you want to print it out, fill it in and return it to us via fax at 949-553-0252 or via email to socal.estimating@atkn.com

Please feel free to contact our estimating team with any questions, scope sheets, price lists, rate sheets, etc. via e-mail to socal.estimating@atkn.com . Or call our office at 949-382-7145 if you would like to talk to one of our estimators.

Please let me know if you would like to be removed from this outreach list. Every effort has been made to include only subs and vendors that might be interested.

Thank you.

Margo Gawelko

Guy F. Atkinson invites you to bid to us for the upcoming Caltrans I-10 HOV Project located in West Covina, Covina, San Dimas and Pomona, Los Angeles County, CA (Caltrans Contract 07-1193U4).

This project bids on Thursday, October 15, 2015.

The engineer's estimate is $170,000,000. The DBE goal is 10%.

We welcome all scopes of work, quotes, rate sheets and price lists for the work and supply categories listed on the flyer below. Please refer to the attached list of bid items for more information. The list is in Excel so it's easy to search.

I have also attached the project Notice to Bidders and Specifications. The item code # to the right of the bid item # on the list will direct you to the specs relating to the bid item.

Per the 2010 Standard Specifications: The bid items set forth the construction specifications that apply. The first 2 digits of a bid item code correspond to the specification section number with the same 2 first digits except for bid item code 999990 that corresponds to section 9 and unless shown otherwise in the table titled "Bid Items and Applicable Sections" in the special provisions.

PIPE SUPPLIERS: Please see bid list for quantities and units.

SURVEYORS: Please see bid items 99 (Displacement Monitoring) and 265 (Pre/Post Construction Surveys).

TRUCKERS: Please send us your rate sheet and terms.

I have attached a pdf version of the flyer below in case you want to print it out, fill it in and return it to us via fax at 949-553-0252 or via email to socal.estimating@atkn.com

Please feel free to contact our estimating team with any questions, scope sheets, price lists, rate sheets, etc. via e-mail to socal.estimating@atkn.com . Or call our office at 949-382-7145 if you would like to talk to one of our estimators.

When you email us at socal.estimating@atkn.com, our estimating team all have access to your questions.

Please let me know if you would like to be removed from this outreach list. Every effort has been made to include only subs and vendors that might be interested.

Thank you all.

******* ***With apologies to those companies that previously indicated they would not be bidding: To save time I have used the same email list I used for our first invitation. Please kindly ignore and delete this email. Thank you.*** ********

Guy F. Atkinson is reaching out for a second time and inviting you to bid to us for the upcoming Caltrans I-10 HOV Project located in West Covina, Covina, San Dimas and Pomona, Los Angeles County, CA (Caltrans Contract 07-1193U4).

This project bids on Thursday, October 15, 2015. **Addendum 3 was issued earlier today.**

This project has a 10% DBE goal.

We welcome all scopes of work, quotes, rate sheets and price lists for the work and supply categories listed on the flyer below. Please refer to the attached list of bid items for more information. We also welcome lower tier DBE participation.

I have attached a pdf version of the flyer below in case you want to print it out, fill it in and return it to us via fax

at 949-553-0252 or via email to socal.estimating@atkn.com . **If you have already responded there is no need to reply again.**

Please feel free to contact our estimating team with any questions, scope sheets, price lists, rate sheets, etc. via e-mail to socal.estimating@atkn.com . Or call our office at 949-382-7145 if you would like to talk to one of our estimators.

Please let me know if you would like to be removed from this outreach list. Every effort has been made to include only subs and vendors that might be interested.

Best regards,

Margo Gawelko

This email is a follow up to the outreach that Small Business Exchange has done on our behalf for this project. We understand they have attempted to contact your company several times and have never received a response.

Just in case you may be interested, Guy F. Atkinson is reaching out again.

We invite you to bid to us for the upcoming Caltrans I-10 HOV Project located in West Covina, Covina, San Dimas and Pomona, Los Angeles County, CA (Caltrans Contract 07-1193U4).

This project bids on Thursday, October 15, 2015.

Addendum 4 was issued earlier today.

This project has a 10% DBE goal.

We welcome all scopes of work, quotes, rate sheets and price lists for the work and supply categories listed on the flyer below. Please refer to the attached list of bid items for more information. **We also welcome lower tier DBE participation.**

I have attached a pdf version of the flyer below in case you want to print it out, fill it in and return it to us via fax at 949-553-0252 or via email to socal.estimating@atkn.com .

Please feel free to contact our estimating team with any questions, scope sheets, price lists, rate sheets, etc. via e-mail to socal.estimating@atkn.com . Or call our office at 949-382-7145 if you would like to talk to one of our estimators.

I apologize if you are not interested in being contacted in such project outreach. We are just trying to make sure no one is inadvertently left out.

Thank you for your time.

Summary of Outreach by Guy F. Atkinson by Email and Fax

Outreach Dates via Fax, Email, Mtgs, Agency, etc.

Date	Which Flyer Used?	Outreach List Used	Reason for Outreach: Basic outreach? Bid date change? Addendum issued?	Fax confirmations or copy of email saved?
09/22/2015	Guy F Atkinson flyer dated 092215 emailed out to 364 companies and then faxed out to each of those companies that had a fax number on the Caltrans DBE site.	09/17/2015 and 09/22/2015 dbe search lists.	Basic outreach to all subs and vendors by bid item code and Caltrans bid codes used to determine the 10% DBE goal.	Yes
09/23/2015	More searches for erosion control, msg signs, lighting and signs.			
09/24/2015	Increased the size of the words, Guy F. Atkinson, on the 09/22 flyer and labeled it 09/24/2015 flyer.	Stack of 74 failed fax receipts from Tuesday, 09/22/2015, mass fax.	74 faxes sent out on Tuesday, 09/22/2015 failed. I re-faxed the flyer to these numbers again. Only one of the companies with a failed fax did not provide an email address. So between email and fax attempts, most companies on the outreach lists should have been successfully contacted.	Yes
09/24/2015	Flyer labeled 09/24/2015 with Guy F. Atkinson in larger font size. Emailed to additional 87 companies and faxed to them afterwards.	Did additional DBE searches on 09/23/2015 for various companies and categories of work for which we would like to have DBE participation. See print screen of searches for the categories.	Searched for more of the categories that Caltrans used to develop the goal; companies that we would like to bid to us for this project; and companies on the Opt In list that we had not yet contacted.	Yes
09/25/2015	Re-faxed 19 failed faxes from the previous day, 09/24/15. They all failed again.			
09/25/2015	FAXED OUT TO **ALL** SUBS & VENDORS ON OUR LIST			
09/28/2015	Finished mass fax to all subs & vendors on our list			

Outreach Dates via Fax, Email, Mtgs, Agency, etc.

Date	Which Flyer Used?	Outreach List Used	Reason for Outreach: Basic outreach? Bid date change? Addendum issued?	Fax confirmations or copy of email saved?
10/02/2015	Both DBE and all certified and qualified subcontractors & suppliers	Agency Assistance List	Requesting help from agencies that help small and disadvantaged businesses succeed	Emailed to 58 companies. Email saved.
10/09/2015	Agency Outreach Letter accompanied with All Certified and Qualified DBEs	Did a follow up to SBE's Agency Outreach. First compared their list with our inhouse Agency List so that I didn't re-send to Agencies we had already contacted. Faxed to 27 Agencies and emailed to 29 Agencies.	Follow up outreach to Small Business Exchange's outreach to Agencies on our behalf. Also noted Addendum 3 which had been issued earlier that day (October 9th).	Both fax confirmations and email saved.
10/09/2015	All certified and qualifed DBEs	A second mass email to all DBE searches combined for a total of 452.	This flyer noted Addendum 3 which had been issued earlier that day (October 9th). Emailed out Friday afternoon around 5:11 pm.	Email saved. Inbox reflects returned emails.
10/13/15	All certified and qualifed DBEs	Follow up to Small Business Exchange's outreach to companies that were unsure if they would bid and companies not reached although two attempts had been made via email and fax.	Flyer updated to note that Addendum 4 had been issued.	Email saved. Inbox reflects returned emails. Fax receipts.

Thank you for considering L.D. King for work on this project. Due to our current work load we will not be able to submit a proposal for this project. However, please keep us in mind for additional projects. L.D. King, Inc., is a cerlified DBE/WBE as well as a certified SBE.

I apologize for the late response; we would very much have liked to propose on this project but, as noted above, current work load would not permit us to provide the level of service consistent with our standards.

This project bids on Thursday, October 15, 2015.

The engineer's estimate is $170,000,000. The DBE goal is 10%.

We welcome all scopes of work, quotes, rate sheets and price lists for the work and supply categories listed on the flyer below. Please refer to the attached list of bid items for more information.

I have attached a pdf version of the flyer below in case you want to print it out, fill it in and return it to us via fax at 949-553-0252 or via email to socal.estimating@atkn.com

Please feel free to contact our estimating team with any questions, scope sheets, price lists, rate sheets, etc. via e-mail to socal.estimating@atkn.com . Or call our office at 949-382-7145 if you would like to talk to one of our estimators.

Please let me know if you would like to be removed from this outreach list. Every effort has been made to include only subs and vendors that might be interested.

Thank you.

RE: Disadvantaged Business Enterprise Certification

Dear Mr. Karanja:

We are pleased to advise you that after careful review of your application and supporting documentation, the Los Angeles County Metropolitan Transportation Authority (Metro) has determined that your firm meets the eligibility standards to be certified as a Disadvantaged Business Enterprise (DBE) as required under the U.S. Department of Transportation (U.S. DOT) Regulation 49 CFR Part 26, as amended. This certification will be recognized by all of the U.S. DOT recipients in California. Your firm will be listed in the California Unified Certification Program (CUCP) database of certified DBEs under the following specific areas of expertise that you have identified on the NAICS codes form of the application package:

NAICS (2007)	Description
561612	Security Guards and Patrol Services

Your DBE certification applies only for the above codes. You may review your firm's information in the CUCP DBE database which can be accessed at the CUCP's website at www.californiaucp.org. Any additions and revisions must be submitted to Metro for review and approval.

In order to ensure your continued DBE status, you are required to submit an annual No Change Declaration Form (which will be sent to you) along with supporting documentation. If no changes are noted, then your DBE status remains current. If there are changes, Metro will review to determine continued DBE eligibility. Please note, your DBE status remains in effect unless Metro notifies you otherwise.

Should any changes occur that could affect your certification status prior to receipt of the No Change Declaration Form, such as changes in your firm's name, business/mailing address, ownership, management or control, or failure to meet the applicable business size standards or personal net worth standard, please notify Metro immediately. Failure to submit forms and/or change of information will be deemed a failure to cooperate under Section 26.109 of the Regulations.

Metro reserves the right to withdraw this certification if at any time it is determined that it was knowingly obtained by false, misleading, or incorrect information. Your DBE certification is subject to review at any time. The firm thereby consents to the examination of its books, records and documents by Metro.

Congratulations, and thank you for your interest in the DBE program. Should you have any questions, please contact us at 213-922-2600. For information on Metro contracting opportunities, please visit our website at www.metro.net.

Dear Mr. Keye

I am pleased to advise you that after careful review of your application and supporting documentation, the California Department of Transportation (Caltrans) has determined that your firm meets the eligibility standards to be certified as a Disadvantaged Business Enterprise (DBE) as required under the U.S. Department of Transportation's Code of Federal Regulation (CFR) 49, Part 26, as amended.

Your firm will be listed in the California Unified Certification Program (CUCP) database of certified DBEs under these specific areas of your expertise and license identified following a comprehensive review of your firm:

NAICS Category Codes	Description
423220	Home Finishing Merchant Wholesalers
423310	Lumber, Plywood, Millwork and Wood Panel Merchant Wholesalers
423320	Brick, Stone and Related Construction Merchant Wholesalers
423390	Other Construction Material Merchant Wholesalers
423440	Other Commercial Equipment Merchant Wholesalers
423510	Metal Service Centers and Other Metal Merchant Wholesalers

Work Category Codes	Description
G1000	Non-Store Wholesale Merchant
G1003	Wholesale Trade Agents and Brokers

Your DBE certification is recognized solely for the above codes. You may review your firm's information in the CUCP DBE Database, which can be accessed at Caltrans' Web site at

http://www.dot.ca.gov/hq/bep/. Any additions and revisions must be submitted to Caltrans for review and approval.

In order to assure continuing DBE status, you must annually submit a No Change Declaration Form (which will be sent to you) along with supporting documentation. Based on your annual submission – that no change in ownership and control has occurred – or if changes have occurred, they do not affect your firm's DBE standing. The DBE certification of your firm will continue until or unless it is removed by Caltrans.

Also, should any changes occur that could affect your certification status prior to receipt of the No Change Declaration Form, such as changes in your firm's name, business/mailing address, ownership, management or control, or failure to meet the applicable business-size standards or personal net worth standard, please notify us immediately. Failure to submit forms and/or change of information will be deemed a failure to cooperate under Section 26.109 of the Regulations.

Caltrans reserves the right to withdraw this certification if at any time it is determined that it was knowingly obtained by false, misleading, or incorrect information. DBE certification is subject to review at any time. The firm thereby consents to the examination of its books, records, and documents by Caltrans.

For information on Caltrans' contracting opportunities, please visit our website at http://www.dot.ca.gov/hq/esc/oe/.

Congratulations, and thank you for your continued interest in participating in the DBE Program. I wish you every business success.

Sincerely,

JANICE SALAIS

RE:PROPOSAL FOR GEOTECHNICAL AND MATERIALS TESTING AND INSPECTION
07-1193U4 CONSTRUCT HOV LANES, WIDEN BRIDGE, AND REALING RAMPS
LOS ANGELES COUNTY NEAR WEST COVINA, SAN DIMAS AND POMONA, CA

MTGL proposal is for "as needed" time and materials inspections to satisfy the needs for quality control. MTGL is qualified for this scope of work and is a registered DBE 33843 under the California Unified Certification Program. MTGL is also certified for Hoops Couplers and 7–Wire Strands locally.

Based on 1,530 working days we estimate our services as detailed below for on call compliance testing & inspections. Due to the size of this project an adjustment of our submitted hours will be provided with input of our client and the sub-contractors chosen for the project.

SOIL & MATERIALS FIELD TESTING

2,000 Hours	Soil, Asphalt, Materials Inspection	$82.00	Hour	$164,000.00

LABORATORY TESTING based on 25% if field services

Maximum Density, Expansion Index, Nuclear Gauge, Sample Pick up, Concrete Compression, Aggregates, Soil Cement Testing, Engineering, Reporting, Equipment Allowance

$ 41,000.00

Base Bid **$ 205,000.00**

SCHEDULE OF FEES

EFFECTIVE JULY 1, 2015

MTGL, Inc. is a woman-owned, minority-business-enterprise. Our facilities have been structured and professionally staffed to provide our clients with comprehensive services in the field of Construction Inspection and Testing, Geotechnical Engineering, Engineering Geology, and Environmental Services.

GEOTECHNICAL ENGINEERING	Planning and feasibility studies, preliminary and final design, grading and foundation plan reviews, observation, testing, verification and engineering consultation during construction.
CONSTRUCTION INSPECTION	Field inspection by registered deputy inspectors.
ROOFING INSPECTION	Field inspection by qualified technicians.
ENGINEERING INVESTIGATIONS	Evaluation of existing and damaged structures.
PAVEMENT MANAGEMENT	Design, failure investigations, remedial measures.
CONSTRUCTION ENGINEERING	Materials, specifications, quality assurance, expert testimony.
PHYSICAL TESTING	Construction materials, structural systems.
NON-DESTRUCTIVE EXAMINATION	Ultrasonic, magnetic particle, dye penetrant.
RESEARCH	Product and process development, reliability testing.
ENVIRONMENTAL / INDUSTRIAL HYGIENE	Asbestos & lead-paint based consultation, project design, monitoring & management, remediation planning environmental site assessments, thermographic imaging, indoor air quality testing, mold screening & consultation, water intrusion & investigation.

Dear Mr. Hutalla:

Thank you for your interest in becoming a Caltrans Authorized Laboratory to perform testing on mechanical reinforcement splices.

We received your latest submittal package on November 13, 2013. A review of your documentation has been completed and satisfies the necessary authorization requirements. MTGL, Inc. is granted "Conditional Approval" status to perform testing for mechanical couplers sizes #6-#9 and resistance welded hoops sizes, #7 and #8.

Please forward proof of accreditation with a nationally recognized accreditation in order to receive "Fully Approved" status. You must receive accreditation by November 13, 2014 to achieve "Fully Approved" status on the Authorized Laboratory List. Once your lab is accredited, recertification is required every two years in order to maintain your status on the approved Authorized Laboratories List.

Failure to comply with the above requirement will result in the removal of your laboratory from the Department's Authorized Materials List. Please contact Dena Joseph at (916) 227-6946 or myself at (916) 227-7253 if you have any additional questions.

Sincerely,

Dear Mr. Cortez:

In reference to your check no. 54806, dated December 5, 2014, and audit agreement, dated December 11, 2014, an audit based on your AASHTO Accreditation was performed on documents submitted by your laboratory. We examined the AMRL On-site Assessment Report No. 186T, dated July 12, 2012, the CCRL Inspection Report No. C-380, dated June 7, 2013 and the AASHTO accreditation certificate effective December 30, 2014.

Your Quality System meets the requirements of the U.S. Army Corps of Engineers. The material test methods that you are validated to perform for the U.S. Army Corps of Engineers were determined from the inspection reports from AASHTO and are as follows:

Aggregate Tests: ASTM C40, C117, C127, C128, C136, C566, C702, C1077, D3666, and E329.

Bituminous Tests: ASTM D1560, D1561, D2041, D2726, D2950, D3203, D3666, D5444, D6307, D6926, D6927, and E329.

Concrete Tests: ASTM C31, C39, C138, C143, C172, C173, C231, C1064, C78, C192, C511, C617, C1077, C1231, and E329.

Masonry, Mortar, & Grout Tests: ASTM C140, C1093, C1019, and C1552.

Metal Tests: ASTM A615-A706, A370-E8 (Measurement of Deformation, Tensile & Bending Tests).

Soil Tests: ASTM D421, D698, D1140, D1557, D2216, D2419, D2844, D3740, D4318, D6938, and E329.

We will add your laboratory to the list of commercial laboratories qualified to conduct material tests for the U.S. Army Corps of Engineers; see the Materials Testing Center homepage at www.erdc.usace.army.mil/Media/FactSheets/FactSheetArticleView/tabid/9254/Article/476661/materials-testing-center.aspx. All Corps offices will be notified of this decision and will have the opportunity to use your services. MTGL, Inc., Anaheim, CA will remain on our list of laboratories qualified to conduct material tests until **December 30, 2016** two (2) years from the date of the audit. In the event your AASHTO accreditation is suspended in whole or part, MTGL, Inc., Anaheim, CA is to notify the Materials Testing Center immediately to perform a re-evaluation of your laboratory's validation. Failure to notify the Materials Testing Center will result in immediate suspension of your U.S. Army Corps of Engineers validation.

RE: Disadvantaged Business Enterprise Certification

Dear Ms. Sierra:

We are pleased to advise you that after careful review of your application and supporting documentation, the Los Angeles County Metropolitan Transportation Authority (Metro) has determined that your firm meets the eligibility standards to be certified as a Disadvantaged Business Enterprise (DBE) as required under the U.S. Department of Transportation (U.S. DOT) Regulation 49 CFR Part 26, as amended. This certification will be recognized by all of the U.S. DOT recipients in California. Your firm will be listed in the California Unified Certification Program (CUCP) database of certified DBEs under the following specific areas of expertise that you have identified on the NAICS codes form of the application package:

NAICS (2007)	Description	Size Standard
541380	Testing Laboratories	$14 million
541620	Environmental Consulting Services	$14 million

Your DBE certification applies only for the above codes. You may review your firm's information in the CUCP DBE database which can be accessed at the CUCP website at www.californiaucp.org. Any additions and revisions must be submitted to Metro for review and approval.

In order to assure continuing DBE status, you must submit annually a No Change Declaration form (which will be sent to you) with supporting documentation. Based on your annual submission that no change in ownership and control has occurred, or if changes have occurred, they do not affect your firm's DBE standing, the DBE certification of your firm will continue until or unless it is removed by our agency.

Also, should any changes occur that could affect your certification status prior to receipt of the DBE Declaration, such as changes in your firm's name, business/mailing address, ownership, management or control, or failure to meet the applicable business size standards or personal net worth standard, please notify Metro immediately.

Metro reserves the right to withdraw this certification if at any time it is determined that it was knowingly obtained by false, misleading, or incorrect information. Your DBE certification is subject to review at any time. The firm thereby consents to the examination of its books, records and documents by Metro.

Congratulations, and thank you for your interest in the DBE program. I wish you every business success and should you have any questions, please contact us at 213-922-2600. For information on Metro contracting opportunities, please visit our website at www.metro.net.

Re: Small Business Enterprise Certification

Dear Ms. Sierra:

We are pleased to advise you that after careful review of your application and supporting documentation, the Los Angeles County Metropolitan Transportation Authority (Metro) has determined that your firm meets the eligibility standards to be certified as a Small Business Enterprise (SBE) as required under the Metro SBE Program. Your firm will be listed in the Metro SBE database of certified SBEs under the following specific areas of expertise:

NAICS (2007)	Description	Size Standard
541380	Testing Laboratories	$14 million
541620	Environmental Consulting Services	$14 million

Your SBE certification is good for five years from the date of this letter and applies only for the above NAICS 2007 codes. Requests for additional or revised NAICS 2007 codes must be made in writing to Metro. After the five-year certification period, your entire file will be reviewed in order to ascertain continued SBE certification status. You will be notified of the pending SBE status review and any documentation updates necessary prior to the expiration date.

Should any changes occur that could affect your certification status, such as changes in your firm's name, business/mailing address, ownership, management or control, or failure to meet the applicable business size standards or personal net worth standard, please notify Metro immediately. SBE certification is subject to review at any time.

Metro reserves the right to withdraw this certification if at any time it is determined that certification was knowingly obtained by false, misleading, or incorrect information. Metro also reserves the right to request additional information and/or conduct on-site visits at any time during the certification period. The firm thereby consents to the examination of its books, records, and documents by the Metro.

Congratulations, and thank you for your interest in Metro's SBE Program. I wish you every business success and should you have any questions, please contact us at 213-922-2600. For information on Metro contracting opportunities, please visit our website at www.metro.net.

RE: DISADVANTAGED/WOMEN BUSINESS ENTERPRISE (DBE/WBE) CERTIFICATION APPROVAL File No. - 9620

Dear Mrs. Borgens:

We are pleased to advise you that after careful review of your application and supporting documentation, the City of Los Angeles has determined that your firm meets the eligibility standards to be certified as a **Disadvantaged/Women Business Enterprise (DBE/WBE)** as required under the U.S. Department of Transportation (U.S. DOT) Regulation 49 CFR Part 26, as amended.

Your firm will be listed in the California Unified Certification Program (CUCP) database of certified DBEs and the City of Los Angeles DBE/MBE/WBE directory under the following specific areas of expertise that you have identified on the business service form for contracting opportunities:

NAICS Codes	Description
423320	**Brick, Stone, and Related Construction Material Merchant Wholesaler**
532120	**Truck, Utility Trailer and RV Rental and Leasing**
425120	**Wholesale Trade Agents and Brokers**

Your DBE certification is good for five years from the date of this letter and applies only for the above codes. You may review your firm's information in the CUCP DBE database which can be accessed at the California Department of Transportation's website at www.dot.ca.gov/hq/bep/ and the City of Los Angeles DBE/MBE/WBE database at http://bca.lacity.org . Any additions and revisions must be submitted to the City of Los Angeles for review and approval.

After the five-year certification period, your entire file will be reviewed in order to ascertain continued DBE certification status. You will be notified of the pending DBE status review and any documentation update necessary prior to the expiration date.

The Regulations also require annual updates during this five-year period. In order to assure continuing DBE status, you must submit annually a DBE Declaration with supporting documentation, in the format, which will be sent to you. Based on your annual submission that no change in ownership and control has occurred, or if changes have occurred, they do not affect your firm's DBE standing, the DBE certification of your firm will continue until the five-year certification has expired.

THIS QUOTE INCLUDES PRE-CON'S TERMS AND CONDITIONS.

PRE-CON PRODUCTS TERMS AND CONDITIONS

1. **Purchase Price.** The Purchase Price specified on the face of this invoice is and shall be considered a lump sum price for the sale and/or installation of the Products based upon the aggregate prices of the time and material components of the Purchase Price including installment charges, if any, as have been separately stated.

2. **Payment.** Payment in full of the Purchase Price, including transportation costs, shall be due thirty (30) days after delivery. Interest at the rate of eighteen percent (18%) per annum shall accrue on the unpaid balance, and on any other charges or expenses payable by Buyer, from the due date until paid in full. Seller reserves the right to forthwith cease all further deliveries if timely payment in full has not been received.

3. **Price Change.** The Purchase Price is binding on the Seller only for the period indicated, and prices are subject to change without notice. The possession of price sheets or catalogs by any person should not be construed as a binding offer to sell by Seller. Price changes made by Seller shall apply to all materials covered by this contract and delivered after said period, provided that delivery is not delayed due to any fault of the Seller.

4. **Delivery.** Seller will deliver the Products to the job site, and if requested in writing by Buyer, Seller shall install, attach and affix the Products to their final location using Seller's trucks, trailers and personnel. The unloading, placement and installation of the Products shall be the sole responsibility of Seller based upon the reasonable directions and requirements of Buyer, unless otherwise agreed in writing. Buyer shall provide and maintain suitable access roads to the delivery site and protect utilities and adjacent structures.

5. **Installation.** In the event Seller is required to install the Products pursuant to Buyer's request, Seller shall further furnish all tools, equipment, labor, materials, structures and accessories which may be required or necessary to properly install and affix to the job site all of the Products. Seller makes no representations or guaranties, nor assumes any responsibility regarding the proper location, alignment, depth size, bedding, supports, physical requirements, base, backfill, compaction or any other condition affecting the placement or installation of the Products specified by Buyer, which responsibilities are exclusively borne by Buyer. Seller assumes no responsibility for water infiltration into any Product placed into any excavation.

6. **Capacity.** Seller shall be deemed a construction contractor for all purposes if Seller is required to install and affix the Products according to the plans and specifications of Buyer. Buyer's payment of the Purchase Price shall not be reduced or subject to any offset, retention, back-charge or other claims by reason of any term or condition not contained herein.

7. **Title.** Seller shall retain title to all Products until the full Purchase Price has been paid and, if Seller is responsible for the installation of the Products, until the Products have been attached to, incorporated in and affixed to their final position by Seller.

8. **Sales Tax.** The Purchase Price of the Products is based upon the assumption that Seller shall install and affix the Products, provided that in the event Buyer does not elect or contract with Seller to install the Products, then Buyer shall be further liable and responsible for the payment of all sales or use tax computed on the gross Purchase Price of the Products.

9. **Warranties.** Seller only warrants that the Products shall conform to the specification thereof and shall be free from defects in labor and materials for a period of one (1) year from date of delivery. If the Products should be found to be defective then upon written notice and after the return of the Product at Buyer's expense to Seller's business premises, Seller shall replace the Product with a duplicate Product free from defect without charge, but without further expense to Seller. SELLER MAKES NO OTHER WARRANTIES OF ANY KIND WHATSOEVER, EXPRESS OR IMPLIED, AND SELLER HEREBY EXPRESSLY DISCLAIMS ALL OTHER IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR USE OR PURPOSE. EXCEPT FOR THE REPLACEMENT OF ANY DEFECTIVE PRODUCTS AS SET FORTH ABOVE, SELLER SHALL NOT BE LIABLE OR RESPONSIBLE FOR ANY INCIDENTAL OR CONSEQUENTIAL DAMAGES, COSTS, EXPENSES OR LOSSES SUFFERED BY BUYER, INCLUDING ANY CLAIMED OR ALLEGED DELAY DAMAGES, RESULTING FROM OR CAUSED BY DEFECTIVE PRODUCTS SUPPLIED BY SELLER. Products sold by Seller, but not manufactured by it, are warranted only to the extent such Products are warranted to Seller by the supplier.

10. **Inspections.** Buyer shall inspect the Products for any broken, chipped or other visible defect or deficiency prior to unloading the same and seller shall have no liability for any such deficiencies unless Buyer provided written notice to Seller on the shipping/delivery document evidencing Buyer's receipt of the same. All other inspections of the Products shall be made by Buyer within five (5) days from Seller's delivery of the products to the job site, at Buyer's sole cost and expense, for correct size, symmetry, depth and quality consistent with allowable tolerances and variations consistent with usual trade practices. Unless written notice of rejection is timely received by Seller, it is conclusively deemed that the Products meet with the Buyer's purchase requirements and are complete in accordance with the description of the Products.

11. **Returns.** Products shall not be returned by the Buyer without prior written acceptance by the Seller. The amount of credit to be given, if any, shall be determined by the Seller after inspection of the Products upon return to Seller's business premises.

12. **Quantity.** When the Buyer requests a reduction in total quantity of the Products ordered of more than ten percent (10%) for any category of Products listed, Seller may at its option increase the unit price of the Products a reasonable amount to offset the reduction in quantity.

13. **Scheduling.** Seller's delivery of the Products is based on its present estimate of the time required to ship after receipt of Buyer's order. ACCEPTANCE BY BUYER OF ANY PRODUCTS WITHOUT WRITTEN OBJECTION SHALL CONSTITUTE A WAIVER BY BUYER OF ANY CLAIM FOR ACTUAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES ON ACCOUNT OF ANY DELAY IN DELIVERY OF SUCH PRODUCTS.

14. **Ordering Odd Lengths.** The Purchase Price is based upon furnishing not over two percent (2%) of total Products sold having standard four-foot lengths, unless otherwise agreed in writing on the reverse hereof. An additional charge will be made for any excess in such percentage. All pipe and Products will be billed at nominal lengths (4' or 8') and no allowance shall be chargeable for shortage due to bevelling.

15. **Default.** Upon any default by Buyer under this contract, Seller, at its option, may cancel the unfilled portion of this contract, and the full Purchase Price for all Products manufactured by Seller for Buyer under this contract, whether or not delivered to the job site, shall, at Seller's sole option, become immediately due and payable, the exercise by Seller of any of its rights under this contract shall not bar Seller from exercising any other rights or remedies under the applicable lien laws against the property where the Products are placed or installed. In the event of default in payment, or any other breach, Seller may retake possession of the Products wherever they may be found, and may resell the same without notice to Buyer, applying the amount so received to the balance due. Seller may otherwise exercise all rights and remedies available to Seller in accordance with California law.

16. **Sole Contract.** This contract is subject to acceptance only on the terms and conditions stated in this offer. This contract shall not be subject to modification except by an agreement in writing signed by both parties. Any additional or different terms and conditions proposed by Buyer, either before or after this offer, are hereby rejected.

17. **Force Majeure.** The Seller shall not be liable for delays or other failure to perform because of any delays in manufacture or delivery due to unforeseeable causes beyond the control and without the fault or negligence of the Seller, including, but not restricted to, acts of God or of the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, excessive traffic, major equipment or transportation failures, delays or defaults of third parties, freight embargoes, unusually severe weather or delays of subcontractors or suppliers due to any causes and non availability of materials. All claims for delay in delivery of the Products shall be deemed waived unless presented in writing concurrently with acceptance of the Products. Delays in delivery, for whatever reason, shall not be cause of cancellation of this contract by Buyer. The parties hereto acknowledge that the amount of damages suffered or incurred by Buyer as a result of any delay in the delivery of Products which is caused by Seller's neglect or default shall be incapable of accurate measurement and that the parties hereby agree that Seller shall solely be liable to Buyer in such event in an amount equal to Fifty Dollars ($50) per day of delay which amount shall constitute the sole and exclusive measurement of damages suffered by Buyer due to any such delay damages.

18. **Bid Jobs.** On bid jobs, this contract shall be binding on the parties only (a) for deliveries within sixty (60) days from the date on this contract and (b) if Buyer is awarded either from a general or subcontract embracing the use of the Products.

19. **Taxes Not Included.** The Purchase Price is exclusive of all state or local sales or use taxes and all other taxes of any governmental or public agency, applicable to this order unless specifically included.

20. **Indemnification.** Buyer expressly agrees to indemnify, defend and hold Seller harmless from and against all claims, demands, losses, expenses, costs, including reasonable attorney's fees, liabilities, suits or judgments of any kind or nature, arising out of, in connection with, or resulting from death or injury to persons and loss, damage or injury to property, caused or due directly or indirectly to the sale, delivery, installation, storage or use of the Products being provided to Buyer. Buyer further agrees to erect sufficient protective and warning devices at the time the Products are placed on the job site.

21. **No Assignment.** Buyer shall not assign this contract or any interest therein, without Seller's prior written consent.

22. **Risk of Loss.** Risk of damage or loss of the Products shall pass to the Buyer upon the transfer of title. Thereafter, Buyer shall be responsible for compliance of all governmental regulations and ordinances with regard to storage or placement of the Products.

23. **Attorney Fees.** In the event of any litigation, action or proceeding is commenced in connection with this contract, the prevailing party therein shall be entitled to recover its reasonable attorney's fee and court costs.

24. **Storage.** In the event Buyer does not accept delivery of the Products in accordance with the delivery schedule agreed upon between the Seller and Buyer, Seller will store the undelivered Products on its business premises for a period of thirty (30) calendar days beyond the scheduled delivery date; provided that Seller will charge Buyer an amount equal to one and one-half percent (1½%) for each month, or any portion thereof, of the Purchase Price for the undelivered Products from the scheduled delivery date, payable monthly, and continuing until delivery of the Products or the termination of this contract whichever shall last occur. Seller shall have the right to cancel this contract, retain any deposits or prepayments, and recover the remaining balance of the full Purchase Price of any undelivered Products, plus interest thereon at the rate of one and one-half percent (1½%) per month until paid in full, if Buyer shall not accept delivery, for any reason whatsoever, within ninety (90) days from the scheduled delivery date.

25. **Disclaimer of Plans.** Buyer hereby acknowledges that in the event the Seller has provided any layouts, schematics, drawings or other plans to Buyer in connection with the placement, location or installation of the Products, any such plans were prepared solely for the benefit of Seller and Seller hereby disclaims, and shall expressly not be liable or responsible for, any loss, damage, expense or other injury suffered by Buyer, or claimed to be suffered or incurred by Buyer, with respect to or arising out of Buyer's use of such plans. Buyer shall solely be responsible for determining the numbers, lengths, configurations, layouts installations, dimensions and all other design parameters affecting the installation of the Products provided by Seller.

Re: **Storm Water Pollution Prevention Plan**
Route 57/10
Los Angeles County, California
Caltrans Contract No.: 07-1193U4
Terradyne Proposal No.: LP153037-J

Dear Mr. Nelson:

Terradyne LAX, Inc. (Terradyne) is pleased to submit this estimated budget proposal for Water Pollution Control Program for the above referenced project. Terradyne is a minority owned firm specializing in environmental, geotechnical and civil engineering as well as construction materials testing. With five offices located throughout the United States (Southern California, Denver, Dallas, Austin and Pittsburgh,) Terradyne has the technical capabilities, personnel, equipment resources and local expertise to provide you with superior testing and inspection services.

Per the attached assumptions, SWPPP estimate with unit rates and "Standard Terms and Conditions," Terradyne shall provide experienced personnel to perform inspection services in general accordance with the project specifications. The actual costs for SWPPP services can decrease or increase with changes in the scope of work or with the contractor's work method. If this proposal meets your approval, please sign in the space provided and return one copy of the proposal intact. We will proceed with the work upon receipt of a signed proposal.

We are looking forward to providing services to Guy F. Atkinson during construction of the Route 57/10 in Los Angeles County, California. For your convenience, you may also contact our Project Manager, Gabrielle Zamora at 714-273-8883. Please do not hesitate to contact us should you have any questions or comments. Thanks in advance for your consideration.

Very Truly Yours,
Terradyne LAX, Inc.

STANDARD TERMS & CONDITIONS

Parties and Scope of Work Terradyne, LLC shall include said company or its particular subsidiary or affiliate performing the work and owners, employees, partners, members, officers, directors and agents. All work including additional work ordered by client shall also be subjected to these Standard Terms and Conditions. If client is ordering the work on behalf of another, Client represents and warrants that it is the duly authorized agent of said party for the purpose of ordering and directing said work. Client shall communicate these Standard Terms and Conditions to each and every third party to whom client transmits any part of Terradyne's work. Terradyne should have no duty or obligation to any third party greater than that set forth in Terradyne's proposal. The ordering of work from Terradyne, or the reliance on any of Terradyne's work shall constitute acceptance of the term of Terradyne's proposal and these Standard Terms and Conditions, regardless of the terms of any subsequently issued document.

Invoicing & Payment Invoices are due and payable upon receipt, unless specific arrangements have been made. Accounts become delinquent 30 days after the invoice date. Any balance remaining unpaid on the account 30 days after the invoice date shall be subject to a finance charge, at a periodic rate of 1.50% per month, which is an annual percentage rate of 18%. Terradyne computes the finance charge by applying the periodic rate to the adjusted balance of your account. Taking the balance owed by the client at the end of the previous billing cycle and subtracting all payments and credits received during the present billing cycle determines the balance. To avoid the finance charge, clients must pay the new balance shown on the billing statement within 30 days following the presentation of the billing. The client will be held responsible for any and all costs related to collections, including attorney's fees.

Confidentiality Inherent in our dealings with clients, as a third party independent consulting engineering company, is the confidentiality of all work performed for any client. All plans and/or reports are submitted for the exclusive use of the client to whom it is addressed.

Prevailing Wages This proposal specifically excludes compliance with any project labor agreement, labor agreement, or other union or apprenticeship requirements. In addition, unless explicitly agreed to in the body of this proposal, this proposal specifically excludes compliance with any state or federal prevailing wage law or associated requirements, including the Davis Bacon Act. Due to the professional nature of its services Terradyne is generally exempt from the Davis Bacon Act prevailing wage schemes. It is agreed that no applicable prevailing wage classification or wage rate has been provided to Terradyne, and that all wages and cost estimates contained herein are based solely upon standard, non-prevailing wage rates. Should it later be determined by the Owner or any applicable agency that in fact prevailing wage applies, then it is agreed that the contract value of this agreement shall be equitably adjusted to account for such changed circumstances. These exclusions shall survive the completion of the project and shall be merged into any subsequently executed documents between the parties, regardless of the terms of such agreement. Client will reimburse, defend, indemnify and hold harmless Terradyne from and against any liability resulting from a subsequent determination that prevailing wage regulations cover the Project, including all costs, fines and attorney's fees.

Reports The significance of the report is subject to the adequacy and representative character of the samples, and the comprehensiveness of the test, examination or surveys. No quotation from our reports or use of Terradyne name is permitted except as authorized by Terradyne in writing.

Samples Sampling and testing is performed in general accordance with applicable standard test methods except when otherwise noted. Samples will be discarded 30 days after completion of the test. Upon written request by the client, Samples will be returned and/ or stored at an agreeable charge.

Property Surveys The location of existing and proposed improvement; wells and/or drain fields are not the result of a property survey. Improvement locations are approximate. It is the property owner's responsibility to define property boundaries and ensure all onsite improvements are located within the platted site and out of inappropriate easements. All separation distances are to be verified prior to excavation.

Representations and Limitations of Professional Liability No representations, expressed or implied, are made or intended by the rendering of consulting services of by the furnishing of oral or written report of the findings and laboratory tests performed. Terradyne makes no implied warranty of fitness for a particular purpose of warranty of merchantability or any other express or implied warranties whatsoever. Terradyne's (including its owners, agents and employees jointly) liability for damages, due to breach of contract, breach of warranty, professional negligence, any act or omission arising out of the performance of this Agreement, or for any and all other reasons whatsoever will be limited to a sum not to exceed $10,000 or fee paid whichever is greater, and the amount of the limitation of liability shall include liability for attorney's fees, litigation expenses and costs.

Utilities Terradyne will contact the local one-call public utility locator service and take reasonable precautions to avoid damage or injury to identified underground structures or utilities. Client shall provide any documents necessary or helpful in locating all private underground structures and utilities. Client shall assume responsibility for the accuracy of any information provided. Client agrees to hold harmless, defend, and indemnify Terradyne for any damages to underground structures and utilities, and any damage, injury or death arising directly or indirectly there from, which were not identified on the documents furnished, or by local utility identification agencies.

Delay and Force Majeure Terradyne will be excused for delay in the performance of services under this Agreement if caused by acts of God; inclement weather; acts of utility companies, unions, organized labor, or inspectors; or other unforeseen contingencies; beyond Terradyne's reasonable control.

Indemnification To the fullest extent permitted by law, Client shall hold harmless, indemnify, and defend Terradyne and its owners, partners, members, employees, officers, directors, affiliates, and agents from and against all claims and causes of action for bodily injury, death, property damage, and economic losses that may arise from the performance of services under this Agreement, except where such bodily injury, death or property damage arises directly from the sole negligence, errors, or omissions of Terradyne. Client's agreement to indemnify as stated above in this section includes any indemnifying from, holding harmless for and defending from any liability for claims, damages, attorney's fees, expenses and costs incurred by any third party who asserts a claim against Terradyne in excess of the Limitation of Liability set forth in Limitations of Professional Liability section of the Agreement above.

Consequential Damages Client agrees to waive its rights, if any, to recover from Terradyne and its owners, partners, members, employees, officers, directors, affiliates, and agents any consequential damages incurred allegedly as a result of any acts, errors or omissions arising out of the performance of this Agreement, including the right to recover any lost profits, diminution in value, cost overruns, or delay damages.

Attorney's Fees In the event of any dispute arising out of this Agreement or the performance of this Agreement leads to litigation or arbitration, the successful or prevailing party to any such dispute will be entitled to recover from the other party the party's reasonable and necessary attorney's fees, expenses and costs incurred as a result of the dispute.

Dispute Resolution The parties will attempt to resolve any claim or dispute (whether in contract, tort or otherwise) against the Company, its' agents, employees, successors, assigns or affiliates arising out of or relating to this agreement or the services through mediation utilizing a mutually agreeable mediator, prior to any litigation. Cost of mediation shall be split equally between both parties.

Litigation Support If Terradyne is required by operation of law, subpoena, or other legal process to appear, participate, or give testimony as an expert or fact witness, in any legal discovery, administrative, or court proceeding, as a result of the performance of services under this Agreement, Client agrees to compensate Terradyne pursuant to Terradyne's current fee and rate schedule, and to reimburse Terradyne for all reasonable costs and expenses Terradyne may incur in connection with such activities, including the fees of any attorney Terradyne may retain on its own behalf.

SUBCONTRACT QUOTATION

October 15, 2015

BIDS ON - 10/15/2015
PROJECT DESCRIPTION: Construct HOV Lane – Rte. 10 West Covina & Pomona, CA.
CONTRACT / PROJECT NO: Caltrans # 07-1193U4 07-LA-10-37.2/42.4
ADDENDA ACKNOWLEDGED: 1, 2, 3, 4

1. Cal Stripe Inc.'s subcontract proposal is good for 60 days only. Prices are based on Plans & Specifications available at bid time including all addenda.
2. If this proposal is accepted, it is to be incorporated as an exhibit to the Contract or purchase order. A signed purchase order, or subcontract is required prior to commencement of any work associated with this proposal. A baseline schedule, complete set of plans and specs (including special provisions) will be provided with the subcontract agreement.
3. Contractor to provide monthly progress payments for all completed work in accordance with the bid pricing schedule. Monthly progress payments must be received in full by Cal Stripe no later than 10 calendar days after the Contractor receives payment from Owner. Retention percentage on monthly progress payments to be no greater than the percentage retained by the Owner on its payments to the Contractor. If Owner reduces the retention percentages on payments to the Contractor, the Contractor shall likewise reduce the retention percentage on payments to Cal Stripe. Full retention to be released no later than thirty (30) days after completion of Cal Stripe's stage, phase or permanent work.
4. All changes to the original scope of work or proposed extra work must be directed by the Contractor in writing prior to Cal Stripe performing this work. No extra work or additional work will be performed without written authorization.
5. Any required Testing, Engineering, Design, Permits, Licenses or Applications, and the like to be provided by the Prime, or Owner.
6. If the Prime Contractor requires a bond, the Prime Contractor shall pay for the cost of the bond. Cal Stripe's bond rate is 1.5 %. Calstripe carries $5,000,000.00 of insurance coverage only. Additional coverage's required by the Prime to be paid by the Prime. Cal Stripe does not carry railroad insurance.
7. For the purpose of this Subcontract Quotation one (1) move-in is considered to be a period of consecutive eight (8) hour days of continuous work, not including weekends and holidays. Any discontinuities in this period, other than weekends and holidays, or for our own convenience, will be charged as an additional move-in at the additional move-in charge stated below.
8. **Traffic control plans are not included. All lane closure requests are to be submitted by the Prime contractor.**
9. Cal Stripe requires the work area to be unobstructed by other operations while stripe removal and stripe installation is being performed.
10. **A baseline schedule and written notification is required a minimum of 30 calendar days prior to the commencement of work and for each additional move-in.**
11. CHANGES OR DELETIONS OF ANY ITEM MUST BE APPROVED PRIOR TO BID TIME.

GENERAL CLARIFICATIONS:

1. Prices include applicable State and Local Sales Tax.
2. **Prices / Bid items quoted are not for separate acceptance without prior written approval from Subcontractor.**

   Subcontractor's price is based on detailing, fabricating, shipping and placing on a normal five (5) day, forty (40) hour work week (all Union contract and nationally recognized holidays are observed). Night, Premium and/or shift work is not included.

12451 Arrow Route, Etwanda, CA 91739 Phone 909.803.1500 Fax 909.899.9799 www.cmc.com

All work performed outside of such hours shall be charged at Subcontractor's standard rates for overtime, weekend, night or holidays.

4. Subcontractor's price is based on Contractor furnishing all design information, location of construction joints and lift plans in sufficient time to allow for preparation and approval of submittals (if they are required), plus seven (7) working days for fabrication and delivery. Performance will be based on conventional construction and the timely receipt of two (2) complete printed sets of plans, specifications and CADD files (if available). Additional lead time will be required for special mill rolling (including but not limited to #14, #18, A706, Grade 75 & Grade 100 reinforcing steel bars), spirals, threaded bars, welded hoops, epoxy coating, galvanizing, special mesh, mechanical connections, T-Headed anchors, etc. A Letter of Intent and/or a Subcontract authorizing procurement of these long lead / mill order items must be received in a timely manner. Delays of more than forty five (45) days may result in additional cost of materials.
5. Subcontractor's price includes additional labor time for a Foreman to attend standard weekly scheduling meetings and for all onsite employees to attend daily safety tail-gate meetings. It does not include any additional labor time for any type of special safety, coordination, and/or instructional training meetings unless specifically included in the Special Notes section.
6. The Contract and/or Change Order unit prices (if reflected herein) is (are) based on receipt of information or scope of work changes, prior to detailing, fabrication, shipment and/or placement of material.

1. Trucking: Prices are based on a maximum of two (2) hours of unloading per load. (Additional hours are at $125.00 each)
2. Bid Item 180 Type R Approach Slabs will be tied and stockpiled F.O.B. jobsite at a Contractor designated yard. The mat cages will be loaded, delivered and set into place by Contractor at night. We will not have a pour watchman during the pour.
3. Testing: Prices above include welded hoop & mechanical coupler test samples. All transportation & testing costs are by others. Quantities below do not include control bars:
    - 12 - #6 Welded Hoops
    - 24 - #5 Welded Hoops
    - 12 - #11 Ultimate Couplers
    - 12 - #8 Ultimate Couplers
    - 12 - #8 Headed Bars
    - 12 - #5 Headed Bars
    - 12 - #10 Service Couplers
    - 12 - #6 Service Couplers
    - 28 - #5 Service Couplers

HOISTING/LOWERING NOTES:

ntractor shall furnish, without charge, suitable equipment fully operated for hoisting/lowering reinforcing steel, accessories, etc., including unloading trucks, staging of reinforcing to points of installation (into foundations and onto elevated decks, etc.) setting of all reinforcing steel items and/or any pre-tied assemblies and including any power placing of individual bars that Subcontractor may require.

Contractor is to provide Subcontractor with a minimum of 1,520 hours of actual hook time. (Hook time is the amount of time that the hoisting hook is actively supporting any reinforcing steel. Travel time in & out is NOT included in these hours) (These hours are for Subcontractor's use only and do NOT include hoisting/lowering of any C.I.D.H. piling cages and/or any F.O.B. trucks jobsite material, both of which must be rigged, unloaded and hoisted by others).

SCOPE OF WORK EXCLUSIONS:
(Furnishing and/or Installing)

1. All testing, inspection, X-ray and/or any related costs thereof other than mill test reports. (Rebar, wire mesh, mechanical coupler and/or welded hoop test samples to be provided F.O.B. trucks jobsite).
2. As-Built Drawings / Building Information Modeling (BIM) / Shop Drawings / Record Drawings / Coordination Drawings (Rebar Placement Drawings will be provided as submittals in lieu of).
3. Threaded bars, rods, sleeves, smooth dowels, dowel baskets, anchors (DBA's & misc.), bolts (anchor & misc.), embeds and inserts.
4. Wrapping, coating, sheathing/sleeves (Rubitex, plastic and/or cardboard), painting, and/or greasing of reinforcing steel, smooth round and/or wire mesh.
5. Supplying, installing, and/or maintaining any form of rebar cap or safety device on installed reinforcing steel, any bars to be "field" bent and/or any reinforcing steel on the ground/stored. (Per latest OSHA Standards).
6. Cost of pour watchman, unless from crews already working on site.
7. All permits (except hauling) and licenses, other than city/county business licenses and State Contractor's license, required for the work.
8. Cost of Payment and Performance Bonds. (See Item BOND)
9. Costs for relocation of materials for the convenience of others after materials are unloaded at Contractor designated areas.
10. The cost of reworking, rehabilitating and/or replacing reinforcing steel damaged or lost as a result of flood conditions. If storm damage should occur, responsibility for steel fully or partially in place, and for steel stored in locations designated by Contractor, shall be for

12451 Arrow Route Etiwanda, CA 91739 Phone 909.803 1500 Fax 909.899.9799 www.cmc.com

Contractor's account.

11. Traffic control (Lane closures, barricades, signs, lights, etc.). (A flagman for our deliveries only is included.)
12. Splices in reinforcing bars and/or construction joint dowels for Contractor's convenience shall be for Contractor's account. Also splices required due to low overhead, power lines and/or deficiencies in hoisting equipment unless specifically shown on contract drawings at that particular location shall be for Contractor's account.
13. Exposing, cutting, burning, cleaning, straightening and/or bending of existing steel, previously poured steel and/or improperly placed drill and grout/bond dowels.
14. Drilling, coring, grouting, dry packing and the placing of bars into and/or through any drilled and/or precast holes. Extensive coordination between the Contractor responsible for drilling and grouting the reinforcing steel dowels and this Subcontractor must take place prior to installation and grouting of these items to insure our ability to install remainder of reinforcing steel for that element.
15. All welding, except welded hoops.
16. Field bending of rebar unless shown as "field bent" on the drawings.
17. Prestressing and/or prestressing materials. (Including but not limited to any additional reinforcing steel required by any prestressing/post tensioning system).
18. The setting of tied and stockpiled F.O.B. trucks jobsite cages as well as all spacer material and/or placing accessories (centering devices, dobies, plastic wheels, etc.) required to position same. Reinforcing steel cages will be unloaded by Contractor and stockpiled at the jobsite in locations designated by Contractor. Relocation of stockpiled cages shall be Contractor's responsibility.
19. Masonry Steel, other than deformed rebar. (Dura-Wall, ladders, positioners, hangers, etc.)
20. Pulling, bricking and/or chairing of wire mesh at the slope paving. (This work is to be performed by others and Subcontractor excludes all responsibility for positioning of mesh to its final location within the concrete).
21. Tying reinforcing steel to waterstops.
22. Providing and/or laying out holes in driven steel piles for reinforcing bars to pass.

CONTRACTOR TO PROVIDE:

The following items are to be provided by Contractor, fully erected for use at all locations necessary without charge:

1. Accurate & level grades / elevations.
2. Proper layout lines for all concrete elements such as footings, slabs, walls, columns, openings, depressions, masonry wall dowels, etc. Subcontractor will layout its own reinforcing steel from the contractor provided lines.

   Templates/starter walls constructed with sufficient accuracy to support any vertical reinforcing steel and/or dowels within placing tolerances specified by Owner. Templates/Starter walls shall not be double formed before reinforcing steel is installed unless prior approval has been granted.
4. Full access to all working areas via ramps, ladders, etc. for material, equipment and manpower & level space for delivery, assembly and storage of steel, accessible to tractor-semi-trailer deliveries and adjacent to jobsite location where steel is to be installed and/or hoisted/lowered. Ramps for all work below grade and shall be maintained in place until all work below grade is complete. If above ramps are not provided, all cost for equivalent service shall be for Contractors account.
5. Sufficient staging area for prefabricating cages at the jobsite.
6. Full access to all areas of the project for at least one (1) Subcontractor Foreman's truck to provide supplies and accessories as needed for the project.
7. Adequate working CAL/OSHA approved heavy duty scaffolding / platforms as required from which mechanical coupling and placing of reinforcing steel can be safely performed.
8. Adequate lighting, ventilation, electrical power, sanitary facilities & trash bins.
9. Parking for all Subcontractor employees within three (3) standard blocks of the jobsite. If Contractor does not provide this parking, Contractor will pay extra to Subcontractor for all parking related costs including cost of vehicle parking fees, cost of shuttle services and travel time costs while Subcontractor employees are in transit.
10. Approved engineered work drawings of the temporary support system for columns, wall cages and/or any assemblies regardless of height, which the bid documents, may require. Contractor shall furnish and maintain adequate bracing, rigging, cables and guys, set all deadmen required to guy vertical reinforcing, and comply with the temporary system design. (Rigging includes but is not limited to: chokers, shackles, spreader bars, etc.)
11. All necessary field dimensions so that the material can be detailed correctly. Subcontractor shall not take any responsibility for any dimensions not shown on the drawings or those provided by others. These dimensions must be provided to Subcontractor a minimum of three (3) weeks prior to delivery and six (6) weeks if submittals and/or special materials are required.

TERMS & CONDITIONS

(The following provisions are a condition of Subcontractor's Bid Proposal)

ORDER OF PRECEDENCE – The order of precedence in interpreting the agreement between Contractor and Subcontractor is 1)

12451 Arrow Route, Etiwanda, CA 91739 Phone 909.803.1500 Fax 909.899.9799 www.cmc.com

Addendum(s) to Subcontract; 2) Subcontract; 3) Prime Contract.

CREDIT – The final Subcontract and payment terms shall be subject to the approval of Subcontractor's credit department.

PROGRESS PAYMENTS – Contractor shall pay Subcontractor within 60 days of receipt of Subcontractor's invoice or 10 days of receipt from Contractor's Customer, whichever occurs first.

ANGE ORDERS – Subcontractor will submit Notice of Cost and/or Schedule Impact within 7 working days of receipt of notice of ...ange. Change Order Proposals will be submitted within a reasonable time thereafter depending on magnitude of change. Subcontractor shall not waive its right to properly performed change order work conducted pursuant to the written direction of Contractor. If any completed change orders remain unapproved for more than 90 days from the date of submission by Subcontractor, Contractor will meet in person with Subcontractor to resolve the unapproved change order, and Contractor will arrange for the attendance of any other parties reasonably necessary to resolve the unapproved change order.

RETENTION – Contractor shall pay Subcontractor retention within 60 days of Contractor's final retention billing date or 10 days from receipt of retention from Contractor's Customer, whichever occurs first. Contractor shall not withhold more retention from Subcontractor than the amount withheld by Contractor's Customer. Contractor agrees to use its best efforts to reduce any retention due Subcontractor upon substantial completion of Subcontractor's work; this includes arranging in-person meetings with Contractor's Customer and Owner.

F.O.B. – No retention shall be withheld on FOB and/or tied and stockpiled material. Payment shall NET 30 from Subcontractor's billing.

OWNER NEGOTIATIONS – In the event of any offer under a cost reduction incentive provision of the General Contract and/or change order negotiations, Contractor shall offer Subcontractor the right to participate fully in all negotiations relevant to Subcontractor's work. Contractor shall protect Subcontractor's interest and shall keep Subcontractor fully apprised of all offers, which may affect the value of Subcontractor's work.

NO WAIVERS – No provision of the subcontract shall serve to void Subcontractor's entitlement to payment for properly performed contract or change order work or to void Subcontractor's right to file a lien, stop notice and/or claim on its behalf.

SET-OFF – Neither party shall set-off beyond this subcontract.

TERMINATION – Contractor shall be liable to Subcontractor for damages, including lost profits, if Contractor either wrongfully terminates Subcontractor or terminates Subcontractor for convenience.

PROTECTION OF WORK – Subcontractor shall not be liable for repair of any damage to Subcontractor's work caused by others outside the control of Subcontractor, regardless of when such damage occurs.

WARRANTY – Subcontractor warrants the materials and workmanship of its work for a period of one year from substantial completion of such work, and EXCLUDES ANY OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY WARRANTIES OF MERCHANTABILITY AND/OR FITNESS FOR A PARTICULAR PURPOSE. Subcontractor's warranty does not extend to any work that has been misused, abused, modified, improperly or insufficiently maintained; to defects caused by normal wear and tear under normal ...ge.

INDEMNIFICATION – Subcontractor shall only indemnify, hold harmless, and defend Contractor and Contractor's Customer against all claims for bodily injury and property damage (as defined by Commercial General Liability policy – standard ISO Form CG 00 01) to the extent attributable to the negligent acts or omissions of Subcontractor. Subcontractor's indemnification obligations shall not extend to any design professionals for design related work for their professional services or for defects in designs furnished by such persons.

INSURANCE – Subcontractor will provide: 1) Worker's Compensation: statutory. 2) Employer's Liability $1m limits. 3) Auto: standard "any auto", $3m each accident. 4) Commercial General Liability: standard (ISO Form CG 00 01) including, $1m each occurrence, $0 med pay, $1m personal and advertising, $5m general aggregate, $5m products/completed operations aggregate (2 years max. coverage). 4) Excess/Umbrella: follow form to satisfy limits where subcontract dollar amount justifies increase in limits. If CGL Additional Insured Endorsement required, it shall be Subcontractor's standard form or CG 20 10 07 04 and CG 20 37 07 04 if specifically required by subcontract. Subcontractor will not provide insurance coverage for any design professionals for their professional services or for defects in designs furnished by such persons but will provide a general liability CG 20 32 07 04 Additional Insured Endorsement form for design professionals if required by subcontract. Subcontractor cannot guarantee exact policy coverage's upon annual renewals but will attempt to provide equal to or greater policy coverage's. Subcontractor will not provide the following insurance: Railroad Protective Liability, Builder's Risk, Owners and Contractors Protective Liability, Installation Floater, Architects & Engineers Professional Liability or Pollution Liability. Subcontractor will not provide certificates of insurance with amended cancellation notices.

TIME / SCHEDULE – Subcontractor shall be provided a mutually agreed upon construction schedule which provides a reasonable amount of time in which to make delivery of submittals, materials and/or labor so as to commence and complete the performance of the Subcontract.

PERFORMANCE OF THE WORK – Field labor called for under the subcontract shall be performed during Subcontractor's regular working hours, eight hours per day, five days a week (all Union Holidays are observed) unless stipulated otherwise in Subcontractor's Bid Proposal. All work performed outside of such hours shall be charged at the applicable prevailing wage rates for Subcontractor's work force for overtime, weekend, or holiday work. However, should Subcontractor be behind the mutually agreed to construction schedule, due to Subcontractor's own fault or failure to perform in accordance with such schedule, then all overtime/premium time required to regain the construction schedule shall be paid for by Subcontractor.

DAMAGES – The Contractor shall make no demand for liquidated damages for delays in excess of the amount specified in the Contract Documents and no liquidated damages may be assessed against Subcontractor for more than the amount paid by the Contractor for ...excused delays to the extent actually caused by Subcontractor. In no event shall liquidated damages exceed 10% of the original ...ubcontract dollar amount. Subcontractor will not be liable for consequential damages.

EXHIBIT A – Price Schedule

BASE PRICE:

For all work described in the bid documents (Exhibit B) and subject to the conditions of Exhibits C and D, MSC agrees to perform all work for the following prices:

Please refer to Pages 2A, 2B and 2C for Pricing by Units

Prices quoted are based on starting rebar installation on February 1, 2016 and completion of MSC scope of work by March 31, 2020.

If MSC is requested to proceed with work prior to an executed subcontract agreement, then it shall be understood and agreed that this proposal shall take precedence and govern until such time that a subcontract agreement is accepted and executed.

RETENTION:

Five percent (5%) retention shall be due and payable 35 days after substantial completion of MSC's work. No retention shall be withheld on materials. If retention is to be held on any job, Martinez Steel Corporation will require a 10% deposit (upfront fee) on materials and labor prior to the commencement of any work including, but not limited to, detailing and fabrication of rebar for the placing of the same.

CHANGE ORDERS:

Martinez Steel Corporation shall submit pricing for changes in the scope of work to the Contractor within three (3) weeks of receipt. Change orders shall be issued no later than thirty (30) days from the date of our submittal. If this is exceeded, then MSC shall retain the right to refuse to provide any further material and /or labor associated with those changes until such time that a change order is issued.

NOTES:

1. **Payment for bar reinforcing steel in CIDH piles 24" in diameter and larger is paid as bar reinforcing steel (bridges, spec page 167)**
2. **Reinforcing in cast in place concrete south detail is paid for as bar reinforcing steel (retaining wall, spec page 174)**
3. **Epoxy coating is to be light green in color**
4. **Per CA state standard, spec section 53-2.04 "payment for bar reinforcing steel is not included in the payment for structural shotcrete"**
5. **It is assumed the welded wire mesh in structural shotcrete is also not included in the payment for structural shotcrete. All reinforcement in structural shotcrete will be estimated with bar reinforcing steel (reinforcing wall)**
6. **On sheet #208, use 12"+x12" mw 32/mw32 welded wire fabricate. Note, mw32 is approximately equal to the #4 bar**
7. **On sheet #1838 and #1871, reinforcing for Pile caps concrete facing and grouted dowels are estimated as bar reinforcing steel, (retaining wall)**
8. **This project has over 30 retaining walls and thousands of lineal feet of barrier rails and sound walls. The rail dowels, masonry dowels and adding longitudinal will be estimated in accordance with the payment standards of the Caltrans Standard Specs. If the State makes revisions to these walls during the project, this will make the changes much simpler to address**
9. **Barrier rail dowels and ADDED longitudinal reinforcing at barrier rail dowels are to be bid with the barrier rail items**
10. **Masonry wall vertical dowels and added longitudinal reinforcing at masonry wall dowels are to bid with the masonry wall item**

EXHIBIT C – Scope of Work

INCLUSIONS

- Furnish, fabricate and install deformed reinforcing bars for cast-in-place concrete
- Furnish welded wire fabric for cast-in-place concrete, FOB job site
- Furnish deformed reinforcing bars detailed per CRSI standards, FOB job site for concrete masonry units, drill and grouted dowels (placing of reinforcing by others)
- Furnish, fabricate and build on job site; cages for CIDH piles, cages stockpiled FOB (blocking and setting cages by others)
- Reinforcing for all Type 60 barrier rails and reinforcing for minor concrete, furnished FOB job site
- Epoxy coated pile dowels furnished FOB jobsite

EXCLUSIONS

- Hoisting or lowering of reinforcing materials including unloading trucks, setting cages or assemblies and power placing bar bundles
- Reinforcing shown in civil, landscape, architectural and structural drawings
- Trim steel for openings not shown on structural drawings
- Pulling or chairing of welded wire fabric
- Pour watchman other than available if needed from ironworkers on-site
- Furnishing and/or welding of dowels/anchors to miscellaneous steel and/or structural steel
- Welding of rebar to rebar, form savers, couplers not shown on design drawings
- Reinforcing for construction joints, pour strips and/or delay strip not shown on structural drawings or for contractor's convenience
- Smooth, galvanized or threaded bar, anchors, embeds, bolts, studs (stud rails), sleeves or inserts
- Wrapping, coating, sheathing/sleeves (rubitex, plastic and/or cardboard), painting and/or greasing of reinforcing steel and/or wire mesh
- All permits and licenses, other than city/county business licenses and state contractor's license required for the work
- Drilling, placing and grouting of rebar in drilled holes and dry pack
- Reinforcing in pre-cast items, all work on existing reinforcing
- Equipment pads not shown on structural drawings
- Cutting, bending or cleaning existing reinforcement. All work on existing reinforcing
- The cost of reworking, rehabilitating and/or replacing reinforcing steel damaged or lost as a result of flood conditions. If storm damage should occur, responsibility for steel fully or partially in place and for steel stored in locations designated by contractor shall be for contractor's account
- Guying and/or bracing of assemblies including design and installation of bracing for reinforcing steel that is not encased in concrete and exceeds 20 feet in height
- All site work, including but not limited to paving, sidewalks, all storm drain items such as curbs and gutters, catch basins, clean-outs, inlets, outlets, manholes, headwalls, collars, vaults, sump pits, etc. unless specifically included in scope of work/price
- ¾" rods and coupling nuts at longitudinal construction joints in approach slab
- Polystyrene sleeves and end caps for galavanized joint dowels at masonry and installation of same

EXHIBIT D – General Conditions

Contractor shall provide without charge to Martinez Steel Corporation the following:

- Lines, grades, templates, layout of openings in walls and/or slabs
- Scaffolding where needed for access for installation
- Access for delivery and space for storage of materials within 25 feet of where materials are to be used or hoisted
- Traffic control and street use permits except for flagmen to facilitate entry and exit of delivery trucks
- Protection for exposed vertical rebar
- Sanitary facilities and drinking water source
- Trash bins (excessive rebar excluded), (tie wire clippings to be removed in form of blow down)
- Man lift when required by law
- Safety guardrails when required
- Testing and inspection services and fees
- Parking
- Hoisting or lowering of reinforcing materials including unloading trucks, setting cages or assemblies and power placing bundles
- Space on jobsite to build column cages and wall panels
- Shop drawings and information from other trades (MEP, masonry,etc.) in a timely manner to allow rebar detailing to be completed, submitted and approved in time to meet the construction schedule

LA Steel Services, Inc. **(DBE Certified CUCP No. 42683; SBE Certified Metro File #6818 & MWD (Net Connect) #372820; MB Certified DGS #1796624; WBE Certified Supplier Clearinghouse VON#15040001)** is pleased to submit the following offer/agreement for the above referenced project, subject to the terms and conditions specified herein. Performance of this Bid/Offer shall be governed by and in compliance with the **Concrete Reinforcing Steel Institute Manual of Standard Practice.** This offer represents the full scope and intent on the part of LA Steel Services to provide services and materials to Contractor.

This bid is submitted subject to and expressly conditioned upon all of the terms and conditions set forth below.

PLANS AND SPECIFICATIONS:

Specifications: Cal State Std Plans 2010

Addendum: # 1-3

Plans/Drawings: Sheet #1 thru #2313

Architect/Engineer: Caltrans

PRICING CONDITIONS:

- **Prices, as quoted, will remain firm for thirty (30) calendar days**, after which time LA Steel Services reserves the right to revise this quotation.
- Prices / Bid items quoted are not for separate acceptance without prior approval.
- Seller reserves the right to renegotiate additional price increases, for any shipments and/or placing after the projected end of the job per timeline and schedule as out-lined in the specifications at time of bid.
- LA Steel Services' price is based on detailing, fabricating, and placing on a normal five (5) day, forty (40) hour work week (all Union contract and nationally recognized holidays are observed). Performance will be based on conventional construction, timely receipt of two (2) complete printed sets of plans, specifications (in addition to CADD files) and adequate written schedules to which LA Steel Services has agreed. Contractor shall furnish design information, locations of pour joints, and construction schedules in sufficient time to allow for preparation and approval of submittals, plus seven (7) working days for fabrication and delivery. Additional lead-time will be required for special mill rolling, spirals, epoxy coating, and/or special mesh. Contract delays of more than forty-five (45) days may result in additional cost of materials.

2. As-Built Drawings (Shop Drawings).
3. Plain (smooth) round bars or dowels, threaded bars, form savers, rods, sleeves, sheathing, anchors, studs, bolts (anchor & misc.), and inserts.
4. Wrapping, coating, painting and/or greasing of reinforcing steel and/or wire mesh.
5. Supplying, installing, and /or maintaining any form of rebar cap or safety device on installed reinforcing steel or reinforcing steel on the ground/stored (per latest OSHA Standards).
6. Cost of pour watchman.
7. All permits and licenses, other than city/county business licenses and State Contractor's license, required for the work.
8. Cutting, burning, cleaning, straightening and/or bending of existing steel and/or improperly placed drill and grout/bond dowels.
9. Drilling, grouting, and dry packing/placing bars in drilled holes
10. Payment and/or Performance Bonds. (Material Bond may be provided if available.)
11. Furnishing and/or welding of dowels/anchors to miscellaneous steel and/or structural steel
12. Metal tags (LA Steel Services or fabricators standard tags will be used to identify steel).
13. Any and all reinforcing steel, and/or wire mesh not shown on drawings unless specifically included in Scope of Work/Price.
14. Placing or Shop Drawings prepared, reviewed, sealed or stamped by a licensed engineer.
15. Providing and/or laying out holes in structural steel for reinforcing bars to pass.
16. All electrical bonding and/or grounding material (i.e. welding for cathodic protection).
17. All welding.
18. Pre-stressing and/or pre-stressing materials. (Including but not limited to, any additional reinforcing steel required by any pre-stressing/post tensioning system.)
19. Masonry Steel, other than deformed rebar.
20. Reinforcing for precast concrete items.
21. Reworking of any reinforcing steel and/or post-tensioned cables extending from precast piles.
22. The setting of tied and stockpiled F.O.B. Truck Jobsite cages as well as all spacer material and/or placing accessories required to position same. Reinforcing steel cages other than over-length or job-site built cages will be unloaded by Contractor and stockpiled at the jobsite in locations designated by Contractor. Relocation of stockpiled cages shall be Contractor's responsibility.
23. Epoxy Coated/Galvanized deformed and/or plain bars and/or wire mesh.
24. Field bending of rebar other than by additive quote.
25. The cost of reworking, rehabilitating and/or replacing reinforcing steel damaged or lost as a result of flood conditions. If storm damage should occur, responsibility for steel fully or partially in place, and for steel stored in locations designated by Contractor, shall be for Contractor's account.
26. Traffic control (lane closures, barricades, flagmen, signs, lights, etc.).
27. All site work, including but not limited to paving, sidewalks, curb and gutter, storm drain items such as catch basins, clean-outs, inlets, outlets, manholes, headwalls, collars, etc. unless specifically included in Scope of Work/Price.

28. Diaphragm dowels or bolts required for precast members.
29. Protection of exposed steel for future construction.
30. Overtime premiums and/or shift work.
31. Removal of spoils from footings and small wire clippings caused by normal reinforcing installation.
32. All work on existing reinforcing.
33. ¾" rods and coupling nuts at longitudinal const' joints in approach slabs.
34. Polystyrene sleeves and end caps for galvanized joint dowels at masonry and installation of same.

GENERAL CONDITIONS

1. Contractor's acceptance of all of the terms and conditions of this Bid/Offer shall be conclusively evidenced by Contractor listing, permitting/directing performance, or signing and returning this offer.
2. LA Steel Services may begin performance of the work, pending receipt of an executed final agreement. However, should a final mutually acceptable agreement not be forthcoming or should the terms and conditions of LA Steel Services offer be altered or modified, LA Steel Services reserves the right to immediately stop performance and Contractor agrees to indemnify LA Steel Services for all costs and loss of profit.
3. The following items, as required, are to be provided by Contractor, fully erected for use at all locations necessary without charge to LA Steel Services:
    A. Lines, grades, supporting templates, layout, racks, ramps, ladders, sanitary facilities, trash bins, adequate lighting, and Cal-OSHA approved Heavy Duty scaffolding (per sections 1926 subpart L App. A & E).
    B. Full access to all working areas for material, equipment, manpower, and level space for delivery, assembly and storage of steel, accessible to tractor-semi-trailer deliveries and within 25 feet of where materials are to be used or hoisted.
    C. As required, adequate electrical power and compressed air (90 PSI Min.).
    D. Adequate areas for staging, storage, and pre-assembly of materials.
4. Subcontractor shall be paid monthly progress payments equal to one hundred percent (100%) of monthly billings within ten days (10) days of Contractor receiving payment from project owner for value of work completed, plus Owner approved amount of materials on hand and/or equipment (if any) suitably stored on or off site. Contractor shall, at all times, be financially responsible to LA Steel Services for labor and material supplied pursuant to this offer. If a dispute arises between Contractor and Owner that delays receipt of payment by Contractor from Owner, unrelated to the performance of or materials supplied by Subcontractor, Contractor shall make progress and/or retention payment to Subcontractor within a reasonable time. A reasonable time for payment from Contractor to Subcontractor shall be defined as being due 45 days from Subcontractor's progress billing date.
5. Contractor shall not withhold retention greater than that being withheld by the Owner from the Contractor and shall immediately reduce retention withheld from Subcontractor, by a like percentage, when reduced to Contractor by Owner. In no event shall retantion withheld by Contractor from LA Steel Services exceed the percentage withheld from Contractor by Owner. Final retention payment shall be made not later than 35 days from date LA Steel Services has completed its scope of work.
6. No retention shall be withheld on FOB and/or tied and stockpiled material, if approved by Owner.
7. LA Steel Services shall not be required to continue performance if, after Contractor has received payment for the properly performed work of LA Steel Services, timely payments are not made to LA Steel Services.
8. All sums not paid when due shall bear an interest rate of 2% per month or the maximum legal rate permitted by law, whichever is greater; and all costs of collection, including a reasonable attorney's fee, shall be paid by Contractor as prescribed by Section 7108.5 of the California Business and Professions Code.
9. No provision of this Subcontract shall serve to void LA Steel Services entitlement to payment for properly performed contract/extra work or suitably stored materials, or to void Subcontractor's right to file a lien, stop notice, and/or claim on its behalf.
10. Neither party will have the right of set-off against the other party for any reason.
11. If LA Steel Services is required by the Contractor to perform change order/extra work, said extra work must be authorized in writing by Contractor's Field Management personnel having apparent authority to authorize such extra work or an officer of the Contractor. Such written/executed directives from the Contractor shall constitute acceptance of financial responsibility by Contractor and a billable event upon completion of the work. **Extra/CCO shall be net 30 days regardless of being paid by owner.**
12. No back charges or claims of the Contractor for services provided shall be valid except by an agreement in writing, agreed to between the parties prior to services being provided.
13. Field labor called for herein is to be performed during LA Steel Services regular working hours, eight hours per day, five days e week (all Union Holidays are observed), unless required and agreed to during bid negotiations. All work performed outside of such hours shall be charged at LA Steel Services standard rates for overtime, weekend, or holiday work. LA Steel Services standard rates are per Caltrans force account rates. (Labor Surcharge % per Concrete Construction - Bridge) However, should LA Steel Services be behind the preapproved construction schedule, all overtime/premium time required to regain the construction schedule shall be for subcontractor's account.
14. LA Steel Services will indemnify, defend and save harmless Contractor and Contractor's customer from LA Steel Services' proportionate share of liability for claims attributable to bodily injury (including death) and/or property damage (to other than the Work itself) to the extent caused by the negligence or intentional misconduct of LA Steel Services or anyone directly or indirectly employed by LA Steel Services. Subcontractor will name Contractor and Contractor's customer as additional insured on Subcontractor's insurance policies only if required to do so by the Contract Documents and only by means of Subcontractor's standard additional insured endorsement. Indemnification and insurance provided by LA Steel Services shall not extend coverage to Architects.

Engineers or other design professionals. Indemnification and insurance coverage shall be limited to Contractor and Contractor's customer only.

15. LA Steel Services carries the following insurance coverage's.
    General Liability: Carrier-A.M. Best Rated A X Non-Admitted. Form: CG2001 10/01-2001 ISO Occurrence Commercial General Liability including products. Limits: Each Occurrence $1,000,000.     Workers Compensation: Carrier: State Compensation Insurance Fund, Statutory includes Employers Liability.
16. Contractor shall provide LA Steel Services with copies of all contract documents applicable to LA Steel Services performance, duties, or obligations at its Headquarters Office.
17. Subcontractor shall be provided a mutually approved construction schedule providing a reasonable time in which to make delivery of submittals, materials and/or labor so as to commence and complete the performance of the Subcontract.
18. Subcontractor shall not be responsible for delays, accelerations, or defaults where occasioned by any causes beyond its control, including but not limited to: delays caused by the Owner, General Contractor, Architect and/or Engineers.
19. Subcontractor shall be entitled to equitable adjustment in the subcontract amount for additional costs due to unanticipated project delays or accelerations caused by the Contractor or others under the direct control of Contractor, and whose acts is not Subcontractor's responsibility.
20. The Contractor shall make no demand for liquidated damages for delays in excess of the amount specified in the Contract Documents and no liquidated damages may be assessed against Subcontractor for more than its proportionate share of the amount paid by the Contractor for unexcused delays to the extent actually caused by Subcontractor.
21. Splices in reinforcing bars and/or construction joint dowels for Contractor's convenience shall be for Contractor's account. Also splices required due to low overhead, power lines and/or deficiencies in hoisting equipment unless specifically shown on contract drawings at that particular location shall be for Contractor's account.
22. LA Steel Services shall not be liable for repair of any damage caused by others outside the control of LA Steel Services. Approval for pouring or embedment in concrete shall constitute acceptance by Contractor of that portion of work and shall terminate LA Steel Services responsibility. Required remedial work, due to damage caused by others shall be for Contractor's account.
23. Cost of Ironworker show-up and/or stand-by time, scheduled by Contractor, when work is not ready shall be for Contractor's account.
24. Contractor shall furnish, without charge, templates/starter walls constructed with sufficient accuracy to support vertical reinforcing steel within placing tolerances specified by Owner. Templates/Starter walls shall not be double formed before reinforcing steel is installed unless prior approval has been granted.
25. Contractor shall furnish adequate parking for all LA Steel Services employees at no cost to LA Steel Services within three (3) standard blocks of the jobsite. If Contractor does not provide this parking, Contractor will pay LA Steel Services for all parking related costs including cost of vehicle parking, cost of shuttle services and travel time costs while employees are in transit unless specifically included in Scope of Work/Price or by additive quote.
26. Contractor will provide full access to all areas of the project for at least one (1) LA Steel Services' Foreman truck to provide supplies and accessories as needed for the project.
27. Ramps adequate to allow semi tractor-trailer deliveries of reinforcing to point of final placement shall be furnished by Contractor for all work below grade and shall be maintained in place until all work below grade is complete. If above ramps are not provided, all cost for equivalent service shall be for Contractors account.
28. Contractor shall furnish adequate working heavy duty OSHA scaffolding/platforms and windscreens as required from which welding, mechanical coupling and placing of reinforcing steel can be safely performed.
29. Contractor shall provide and secure in place all supports in tunnels and shafts, which LA Steel Services may require for supporting and placing steel.
30. Masonry steel to be F.O.B. trucks jobsite, with Contractor agreeing to accept all responsibility for any shortages and/or replacement costs discovered twenty-four (24) hours subsequent to delivery. Unless shown otherwise on plan drawings, masonry vertical reinforcing is to be furnished in one piece, full height between stories of structure. If four-foot (4' 0") vertical lifts are required, Contractor and/or Contractor's subcontractor to assume all costs for additional splices required. All horizontal reinforcing #5 and smaller will be furnished in stock lengths plus corner bars.
31. Contractor shall furnish layout of dowels, which extend into masonry.
32. Subcontractor shall not be responsible for material replacement cost due to theft and or lost on job, when materials are scheduled by contractor and not used promptly.
33. Contractor shall furnish approved work drawings of the temporary support system for columns, wall cages and/or any assemblies regardless of height, which the bid documents may require. Contractor shall furnish and maintain adequate bracing, rigging, cables and guys, set all deadmen required to guy vertical reinforcing, and comply with the temporary system design (Rigging includes but is not limited to: chokers, shackles, spreader bars, etc....). Prior to hoisting support being removed, Contractor to inspect, approve compliance with temporary support system plan, and accept work.

Guy F. Atkinson Would Like Outreach for the I-10 HOV Lanes in West Covina - Bids October 15, 2015

Hi Valerie and Nabil,

Atkinson would like outreach for the I-10 HOV Lanes in West Covina project that bids on Thursday, October 15th. This project has a 10% DBE goal. The engineer's estimate is $170,000,000.

I've attached the pertinent pages from the project Notice to Bidders and Special Provisions (first 39 pages with the complete bid list), the UDBE spec from the 2010 Caltrans standard specifications (revised to DBE in the special provisions), the DBE forms for the project (Caltrans now wants **all** bidders to turn in their DBE commitments to compare with those of the low bidders) and a flyer with the wording we'd like used.

Drew Nelson, our Chief Estimator, would like our ads to list only the work and supply items listed on my info sheet, but I would like you to do the DBE search for the bid items and trucking companies located in LA, Orange, Riverside and San Diego Counties AND willing to work in LA County.

We'd like our usual ads in your Small Business Exchange weekly newspaper, the SBE Today newsletter and on your website, sbeinc.com.

We'd like fax/email outreach to a combo of 100 subs and/or suppliers with a phone call follow up and a second call if no response the first time.

Valerie, what difference in price would there be for SBE to reach out to 200 or 300 DBEs instead of our usual 100?

We'd also like the outreach to the local organizations and agencies.

Please note that we will be bidding from now on as Guy F. Atkinson. Our address is 18201 Von Karman Avenue, Suite 800, Irvine, CA 92612. Our phone number is 949-382-7145. Our fax number is 949-553-0252. Our estimating email address is socal.estimating@atkn.com .

Any answer to my question on the price difference between reaching out to 100, 200 or 300 DBEs?
100 = 989.50 total
200 = 1407.60 (includes a 10% discount on the additional 150)
300 = 1711.60 (includes a 20% discount on the additional 250)

Also, I noticed that in our flyer for this project you ask DBEs to email their response. Do you ever do faxing anymore?
We certainly can. I will instruct Nabil

On the outreach I did for the Victorville job I mostly emailed DBEs rather than faxing them and I got the lowest response I ever have. I began to wonder if by them not having a fax in their hand, it was too much effort for them to open the attachment and print it themselves. These days everyone seems short staffed and rushed for time.
I agree. And with email you run into possible "spam", "clutter", etc.

I'm thinking of both emailing and faxing my own outreach this time. What kind of ballpark price increase would it be for SBE to do both -- blast emails and faxes?
Both are included in our outreach and are included in the pricing.

Yes, and it's a great idea.

Thank you for being so thorough with your searches.

Saw the attached in the Q&A just now.

It might be helpful for your search, but I think using the bid items is the way to go.

We are not interested in Land Surveyors (8760) or Construction Scheduling (8802). Environmental Engineer (8722) might open the search to all kinds of companies that are better suited to studies or design build. We want environmental services, but not full time environmental engineering services.

Commercial electrical (9859) is doubtful. We need specific highway electrical services as listed in the bid items.

Hi, Margo ~

I have made the following 100 selections according to the attached spreadsheet. You can sort according to various columns, FYI, to see the numbers per trade, Caltrans division, etc.

Let us know if okay to send or if you'd like changes.

Thank you,

Marie

Apprenticeships in Technology

■ **Continued from page 5**

from the City budget to TechSF over the next two years to offset expiring Federal grants. TechSF is a committed partner to President Obama's TechHire initiative, and its effective practices, strong employer partnerships and national recognition will create numerous opportunities for the dissemination and replication of the apprenticeship model.

"Apprenticeships are a tried-and-true job training [illegible] that offer tremendous value for both employ[illegible]d workers, and can be particularly effective in high-skilled, high-growth industries like Information Technology," said U.S. Secretary of Labor Thomas E. Perez. "Programs like TechSF Applied Learning Accelerator are great examples of new industries utilizing apprenticeships to help more people punch their ticket to the middle class."

According to the Department of Labor hands-on apprenticeships, where workers earn and learn at the same time, are a proven path to good, secure middle-class jobs. In fact, 87 percent of apprentices are employed after completing their programs. Studies from around the globe suggest that for every dollar spent on apprenticeship, employers get an average of $1.47 back in increased productivity, reduced waste and greater front-line innovation.

The U.S. Department of Labor's American Apprenticeship grant awarded $175 million to 46 communities throughout the United States. Each grantee has pledged to train and hire more than 34,000 new apprentices in the tech industry over the next five years. Each grantee has also committed to expanding apprenticeship programs and to align apprenticeships with further education and career advancement, and to scale proven apprenticeship models that work.

About TechSF

TechSF is an initiative of the Office of Economic and Workforce Development which was launched in 2012 to provide jobseekers with industry-recognized skills and experience, and secure internships and employment in high-tech occupations. The program launched with an $8 million in Federal grants from the Department of Labor. Since the program launched in 2012, approximately 1,000 people have been trained, and placed in jobs and internships. UCLA scientists confirm: New technique could make cement manufacturing carbon-neutral

By Shaun Mason

Concrete surrounds us in our cities and stretches across the land in a vast network of highways. It's so ubiquitous that most of us take it for granted, but many aren't aware that concrete's key ingredient, ordinary portland cement, is a major producer of greenhouse gases.

Each year, manufacturers produce around 5 billion tons of portland cement — the gray powder that mixes with water to form the "glue" that holds concrete together. That's nearly three-quarters of a ton for every person on Earth. For every ton of cement produced, the process creates approximately a ton of carbon dioxide, all of which accounts for roughly 7 percent of the world's carbon dioxide emissions.

And with demand increasing every year — especially in the developing world, which uses much more portland cement than the U.S. does — scientists are determined to lessen the growing environmental impact of portland cement production.

One of those scientists is Gaurav Sant of the California NanoSystems Institute at UCLA, who recently completed research that could eventually lead to methods of cement production that give off no carbon dioxide, the gas that composes 82 percent of greenhouse gases.

Sant, an associate professor of civil and environmental engineering and UCLA's Edward K. and Linda L. Rice professor of materials science, found that carbon dioxide released during cement manufacture could be captured and reused. The study is published in the journal Industrial and Engineering Chemistry Research.

"The reason we have been able to sustain global development has been our ability to produce portland cement at the volumes we have, and we will need to continue to do so," Sant said. "But the carbon dioxide released into the atmosphere creates significant environmental stress. So it raises the question of whether we can reuse that carbon dioxide to produce a building material."

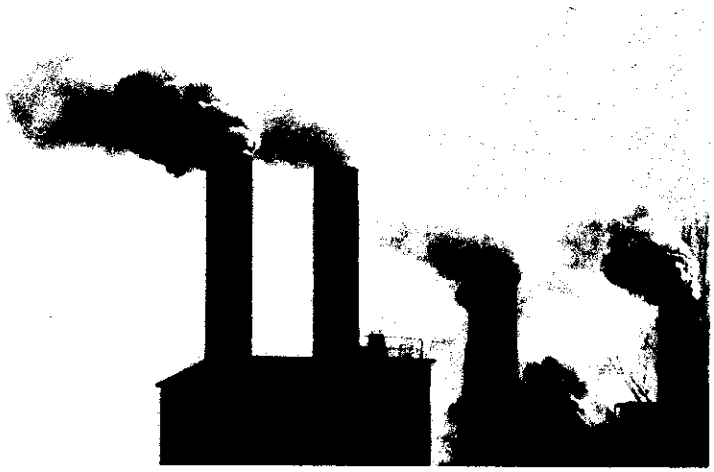
During cement manufacturing, there are two steps responsible for carbon emissions. One is calcination, when limestone, the raw material most used to produce cement, is heated to about 750 degrees Celsius. That process separates limestone into a corrosive, unstable solid — calcium oxide, or lime — and carbon dioxide gas. When lime is combined with water, a process called slaking, it forms a more stable compound called calcium hydroxide.

And the major compound in portland cement is tricalcium silicate, which hardens like stone when it is combined with water. Tricalcium silicate is produced by combining lime with siliceous sand and heating the mixture to 1,500 degrees Celsius.

Of the total carbon dioxide emitted in cement manufacturing, 65 percent is released when the limestone is calcined and 35 percent is given off by the fuel burned to heat the tricalcium silicate compound.

But Sant and his team showed that the carbon dioxide given off during calcination can be captured and recombined with calcium hydroxide to recreate limestone — creating a cycle in which no carbon dioxide is released into the air. In addition, about 50 percent less heat is needed throughout the production cycle, since no additional heat is required to ensure the formation of tricalcium silicate.

Sant said the method is analogous to how limestone cementation occurs in nature, where limestone forms the tough exoskeletons of coral, mollusks and seashells, and when microbes form limestone that cements grains of sand together.



Although scientists had examined this idea previously, Sant said it had never been demonstrated before with a view to carbon dioxide-neutral cement production — and that it actually worked faster than he and his colleagues expected. The cycle took just three hours to complete, compared with the more than 28 days needed for portland cement to react with water to near completion and reach its final hardest consistency.

The successful sample was very small, as required by laboratory conditions. But Sant said now that the process has been proven, it could, in time, be scaled up to production levels.

If cement manufacturers continue to operate as they currently do, and if proposed carbon taxes in the U.S. and other nations are eventually enacted, cement production would be much more expensive than it is now. Were that to happen, a new method for producing cement with little or no environmental impact would be of even greater interest, Sant said.

The study's co-authors were Mathieu Bauchy, an assistant professor of civil and environmental engineering, Magdalena Balonis, a research scientist, postdoctoral scholars Kirk Vance and Isabella Pignatelli, and doctoral scholar Gabriel Falzone, all of UCLA.

ORDER FOR SUMMONS (Family Law)

ORDER FOR PUBLICATION OF STANDARD FAMILY LAW RESTRANING ORDERS
Case No. 15 - 784118

Notice to Respondent: Magdaleno Jesus Rodriguez
You have been sued. Read the information below and on the next page.

Petitioner's name is: Geraldine Miravite Rodriquez

1. The name and address of the court are
Superior Court of California, County of San Francisco
400 McAllister Street
San Francisco, CA 94102

2. The name, address, and telephone number of the petitioner's attorney, or the petitioner without an attorney, are:
Geraldine Miravite Rodriquez
2020 Geneva Avenue
San Francisco, CA 94134

You have 30 calendar days after this Summons and Petition are served on you to file a Response (form FL-120) at the court and have a copy served on the petitioner. A letter, phone call, or court appearance will not protect you.

If you do not file your Reponse on time, the court may make orders affecting your marriage or domestic partnership, your porperty, and custody of your children. You may be ordered to pay support and attorney fees and costs.

For legal advice, contact a lawer immediatly. Get help finding a lawer at the California Courts Online Self-Help Center (www.courts.ca.gov/selfhelp.htm), at the California Legal Services website (www.lawhelpca.org/). or by contacting your local county bar association.

NOTICE—RESTRAINING ORDERS ARE ON PAGE 2:
These restraining orders are effective against both spouses or domestic partners until the petition is dismissed, a judgment is entered, or the court makes further orders. They are enforceable anywhere ia California by any law enforcement officer who has received or seen a copy of them.

FEE WAIVER: If you cannot pay the filing fee, ask the clerk for a fee waiver form. The court may order you to pay back all or part of the fees and costs that the court waived for you or the other party.

Starting immediately, you and your spouse or domestic partner are restrained from:

1. removing the minor children of the parties from the state or applying for a new or replacement passport for those minor children without the prior written consent of the other party or an order of the court;

2. cashing, borrowing against, canceling, transferring, disposing of, or changing the beneficiaries of any insurance or other coverage, including life, health, automobile, and disability, held for the benefit of the parties and their minor children;

3. transferring, encumbering, hypothecating, concealing, or in any way disposing of any property, real or personal, whether community, quasi-community, or separate, without the written consent of the other party or an order of the court, except in the usual course of business or for the necessities of life; and

4. creating a nonprobate transfer or modifying a nonprobate transfer in a manner that affects the disposition of property subject to the transfer, without the written consent of the other party or an order of the court. Before revocation of a nonprobate transfer can take effect or a right of survivorship to property can be eliminated, notice of the
change must be filed and served on the other party.

You must notify each other of any proposed extraordinary expenditures at least five business days prior to incurring these extraordinary expenditures and account to the court for all extraordinary expenditures made after these restraining orders are effective. However, you may use community property, quasi-community property or your own separate property to pay an attorney ia help you or to pay court costs

NOTICE—ACCESS TO AFFORDABLE HEALTH INSURANCE:

Do you or someone in your household need affordable health insurance? If so, you should apply for Covered California. Covered California can help reduce the cost you pay towards high quality affordable health care. For more information, visit www.coveredca.com. Or call Covered California at 1-800-300-1506.

WARNING—IMPORTANT INFORMATION
California law provides that, for purposes of division of property upon dissolution of a marriage or domestic partnership or upon legal separation, property acquired by the parties during marriage or domestic partnership in joint form is presumed to be community property. If either party to this action should die before the jointly held community property is divided, the language in the deed that characterizes how title is held (i.e., joint tenancy, tenants in common, or community property) will be controlling, and not the community property presumption. You should consult your attorney if you want the community property presumption to be written into the recorded title to the property.

Tiene 30 días de calendario después de haber recibido la entrega legal de esta Citación y Petición para presentar una Respuesta (formulario FL-120) ante la corte y efectuar la entrega legal de una copia al demandante. Una carta o llamada telefónica o una audiencia de la corte no basta para protegerlo.

Si no presenta su Respuesta a tiempo, la corte puede dar órdenes que afecten su matrimonio o pareja de hecho, sus bienes y la custodia de sus hijos. La corte también le puede ordenar que pague manutención, y honorarios y costos legales.

Para asesoramiento legal, póngase en contacto de inmediato con un abogado. Puede obtener información para encontrar un abogado en el Centro de Ayuda de las Cortes de California (www.sucorte.ca.gov), en el sitio web de los Servicios Legales de California (www.lawhelpca.org) o poniéndose en contacto con el colegio de abogados de su condado.

AVISO—LAS ÓRDENES DE RESTRICCIÓN SE ENCUENTRAN EN LA PÁGINA 2: Las órdenes de restricción están en vigencia en cuanto a ambos cónyuges o miembros de la pareja de hecho hasta que se despida la petición, se emita un fallo o la corte dé otras órdenes. Cualquier agencia del orden público que haya recibido o visto una copia de estas órdenes puede hacerlas acatar en cualquier lugar de California.

EXENCIÓN DE CUOTAS: Si no puede pagar la cuota de presentación, pida al secretario un formulario de exención de cuotas. La corte puede ordenar que usted pague, ya sea en parte o por completo, las cuotas y costos de la corte previamente exentos a petición de usted o de la otra parte.

ÓRDENES DE RESTRICCIÓN ESTÁNDAR DE DERECHO FAMILIAR
En forma inmediata, usted y su cónyuge o pareja de hecho tienen prohibido:

1. llevarse del estado de California a los hijos menores de las partes, o solicitar un pasaporte nuevo o de repuesto para los hijos menores, sin el consentimiento previo por escrito de la otra parte o sin una orden de la corte;

2. cobrar, pedir prestado, cancelar, transferir, deshacerse o cambiar el nombre de los beneficiarios de cualquier seguro u otro tipo de cobertura, como de vida, salud, vehículo y discapacidad, que tenga como beneficiario(s) a las partes y su(s) hijo(s) menor(es);

3. transferir, gravar, hipotecar, ocultar o deshacerse de cualquier manera de cualquier propiedad, inmueble o personal, ya sea comunitaria, cuasicomunitaria o separada, sin el consentimiento escrito de la otra parte o una orden de la corte, excepto en el curso habitual de actividades personales y comerciales o para satisfacer las necesidades de la vida; y

4. crear o modificar una transferencia no testamentaria de manera que afecte la asignación de una propiedad sujeta a transferencia, sin el consentimiento por escrito de la otra parte o una orden de la corte. Antes de que se pueda eliminar la revocación de una transferencia no testamentaria, se debe presentar ante la corte un aviso del cambio y hacer una entrega legal de dicho aviso a la otra
parte.

Cada parte tiene que notificar a la otra sobre cualquier gasto extraordinario propuesto por lo menos cinco días hábiles antes de realizarlo, y rendir cuenta a la corte de todos los gastos extraordinarios realizados después de que estas órdenes de restricción hayan entrado en vigencia. No obstante, puede usar propiedad comunitaria, cuasicomunitaria o suya separada para pagar a un abogado que la ayude o para pagar las costos de la corte.

AVISO—ACCESO A SEGURO DE SALUD MÁS ECONÓMICO:
¿Necesita seguro de salud a an costo asequible, ya sea para usted o alguien en su hogar? Si es así, puede presentar una solicitud con Covered California. Covered California lo puede ayudar a reducir el costo que paga por seguro de salud asequible y de alta calidad. Para obtener más información, visite www.coveredca.com. O llame n Covered California al 1-800-300-0213.

ADVERTENCIA—IMFORMACIÓN IMPORTANTE
De acuerdo a la ley de California, los propiedades adquiridas por las partes durante su matrimonio o pareja de hecho en forma conjunta se consideran propiedad comunitaria para fines de la división de bienes que ocurre cuando se produce una disolución o separación legal del matrimonio o pareja de hecho. Si cualquiera de las partes de este caso llega a fallecer antes de que se divida la propiedad comunitaria de tenencia conjunta, el destino de la misma quedará determinado por las cláusulas de la escritura correspondiente que describen su tenencia (por ej., tenencia conjunta, tenencia en común o propiedad comunitaria) y no por la presunción de propiedad comunitaria. Si quiere que la presunción comunitaria quede registrada en la escritura de la propiedad, debería consultar con un abogado.

PURCHASING

Minor B and the SB/DVBE Option

By Alicia Sequeira Smith

California state agencies and departments may use a streamlined procurement process known as the SB/DVBE option to create contracting and procurement opportunities for SB/DVBE firms. The SB/DVBE option allows an agency or department to contract directly with a certified SB or DVBE for goods, services, and information technology related business [illegible] and $345,000.00 for up to $381,000 for public works contracts. Caltrans refers to public works contracts that fall under the $381,000 threshold cap as "Minor B" contracts.

Since July 1, 2014, Caltrans' Division of Procurement and Contracts has awarded 69 Minor B contracts, 67 of which were awarded to SB prime contractors and 1 to a DVBE prime contractor. This has resulted in over $6.7 million in SB/DVBE participation.

Minor B contracts are attractive to SB and DVBE firms because they are more manageable in terms of size and scope. In addition, Caltrans contract analysts can utilize the SB/DVBE option in lieu of traditional public bidding processes, which reduces competition. SB/DVBEs would otherwise face in bidding work.

Contract analysts locate eligible SB/DVBE firms through the California Certified SB/DVBE database, maintained by the Department of General Services. Once they have located at least two eligible firms, contract analysts make contact and invite firms to bid on the project.

Minor B contracting is a great way for SB/DVBE firms looking to become familiar with Caltrans and government contracting requirements. Minor B also provides an opportunity for SB and DVBE firms to network and establish business relationships.

San Francisco: Two Tales of One City

By Cheryl Hentz, SBE Staff Writer

In a Tale of Two Cities, Charles Dickens wrote "It was the best of times, it was the worst of times." Though this line was written about France and England in the late 1700s, it could just as easily be written about the environment for African Americans (or any other minorities) in modern-day San Francisco.

It is certainly the best of times for the City of San Francisco as it enjoys an economic boom driven by the ever-tech industry, historic records, and record-breaking tourism. But when you peek behind the curtain of this supposedly progressive and welcoming city you find the worst of times. You see the blatant economic and racial disadvantages of communities of color – something that is well-documented in studies of the out-migration of African Americans conducted over the past 25 years.

City records show that the first known report on the issue, *"The Unfinished Agenda"* was released in 1995. Subsequent studies have shown that the adversity echoed issues identified in 1995 have only intensified over the years, with two exceptions. The years that Randy Jackson and Willie Brown served as mayor of both the City and County of San Francisco. During their administrations, San Francisco had its highest number of African American department heads, commissioners and city workers. It becomes easy to understand why an alleged institutionalized discrimination by the San Francisco travel industry (Convention and Visitors Bureau) has gone unchallenged, when equity shown by succeeding mayors, the county Board of Supervisors, department heads and the San Francisco Human Rights Commission (HRC), toward African Americans is exposed.

At present, San Francisco is experiencing the best of times in the travel industry, recording record numbers of tourist for the past two years. So hosted for the 28th year in a row as one of Travel & Leisure's top North American cities, San Francisco appears to have been rewarded in understanding its "diverse and inclusionary" image. Areas that appears of the documented discrimination against African Americans would tarnish its image, San Francisco has continued to dodge what some call "a tourism-busting bullet."

After being hit with its first-ever tourism and hospitality industry boycott in January, 2014, the city and several other entities and organizations partnered with each other to save resources and quell the ever-growing frustration.

On January 15, 2014, a Working Group comprised of more than 60 leaders representing San Francisco community and faith-based organizations, Africans Americans still rights and business organizations, departments of the City & County of San Francisco, labor, higher education, and the travel and hospitality industry convened to establish a forum and process for their collective work. The Working Group on African American Inclusion and Diversity in Travel and Hospitality was San Francisco's first-ever initiative on equity and inclusion in the city's hospitality and tourism industries.

The group was formed, in part, on educating the inclusion and vitality of African American businesses and the African American community as a whole in the hospitality and tourism communities. Toward this end, the Working Group agreed to subdivide into five sub-committees charged with identifying recommendations that can be pursued to fulfill the purpose of the Working Group, culminating in a final report of their work to the full working group by April 30, 2014. These subcommittees included the following: • Tourism Diversity and Inclusion • Hospitality Workforce Development and Employment • Business Development and Technical Assistance • Communications Outreach and Procurement • Job Readiness, Training, and Education Opportunities. Members of the Working Group and the various sub-committees convened many times during the months that followed to identify tangible actions that can be pursued jointly to advance diversity, equality and full inclusion throughout the city's travel and hospitality sector.

Examples included the establishment of a number of recruitment efforts engaged throughout the year to attract diverse applicants to hospitality jobs; dedicated pre-apprenticeship program jobs-

As the business and economics research arm of McKinsey & Company, MGI aims to provide leaders in the commercial public, and social sectors with the facts and insights on which to base management and policy decisions.

MGI research combines the disciplines of economics and management, employing the analytical tools of economics with the insights of business leaders. Our "micro-to-macro" methodology examines microeconomic industry trends to better understand the broad macroeconomic forces affecting business strategy and public policy. MGI's in-depth reports have covered more than 20 countries and 30 industries. Current research focuses on six themes: productivity and growth, natural resources, labor markets, the evolution of global financial markets, the economic impact of technology and innovation, and urbanization. Recent reports have assessed global flows; the economies of Brazil, Mexico, Nigeria, and Japan; China's digital transformation; India's path from poverty to empowerment; affordable housing; the effects of global debt; and the economics of tackling obesity.

MGI is led by three McKinsey & Company directors: Richard Dobbs, James Manyika, and Jonathan Woetzel. Michael Chui, Susan Lund, and Jaana Remes serve as MGI partners. Project economists, including Nobel laureates, act as research advisers.

The partners of McKinsey & Company fund MGI's research; it is not commissioned by any business, government, or other institution. For further information about MGI and to download reports, please visit www.mckinsey.com/mgi.

In Brief

The Power Of Global Gender Parity

Narrowing the global gender gap in work would not only be equitable in the broadest sense but could double the contribution of women to global GDP growth between 2014 and 2025. Delivering that impact, however, will require tackling gender equality in society.

- MGI has mapped 15 gender equality indicators for 95 countries and finds that 40 of them have high or extremely high levels of gender inequality on at least half of the indicators. The indicators fall into four categories: equality in work, essential services and enablers of economic opportunity, legal protection and political voice, and physical security and autonomy.
- We consider a "full-potential" scenario in which women participate in the economy identically to men, and find that it would add up to $28 trillion, or 26 percent, to annual global GDP in 2025 compared with a business-as-usual scenario. This impact is roughly equivalent to the size of the combined US and Chinese economies today. We also analyzed an alternative "best-in-region" scenario in which all countries match the rate of improvement of the best-performing country in their region. This would add as much as $12 trillion in annual 2025 GDP, equivalent in size to the current GDP of Japan, Germany, and the United Kingdom combined, or twice the likely growth in global GDP contributed by female workers between 2014 and 2025 in a business-as-usual scenario.

Prices Drop in August

Bay Area home sales slowed in August compared with July and home prices also dipped, according to figures released Thursday by CoreLogic.

The median price paid for a new or existing home or condo in the nine-county Bay Area was $650,000 last month — down 1.3 percent from July. The 6.2 percent price increase over August 2014 was the smallest since January.

"The downshifting (in sales) between July and August was pronounced and not necessarily expected," said CoreLogic analyst Andrew LePage.

A total of 8,062 homes were sold, down 11.7 percent from July and up 4.5 percent from August of last year. The 4.5 percent year-to-year gain was the smallest increase since sales began to rise by that measure in March.

Over the past 25 years, Bay Area home sales have risen an average of 2 percent between July and August.

It's too soon to say whether the market changed fundamentally in August or simply took a breather. Sales in June and July were the highest in nine and 10 years, respectively. "One question since late spring has been whether we can replenish inventory fast enough to keep sales at this higher, more normal level," LePage said.

He does not think the stock market selloff in late August had much impact on home sales or prices because most deals recorded in August were started in July or early August. But affordability, which continues to get worse, was probably a factor.

CoreLogic reported that absentee buyers, mostly investors, bought 17.9 percent of all homes sold in August. That compares to 16.8 percent in July, 18.9 percent last August and a peak of 28.4 percent in February 2013. Cash buyers represented 21.3 percent of August home sales, up from 20.1 percent in July and down from 22.5 percent last August. Cash sales peaked at 32.9 percent of transactions in February 2013.

The New Tool Helping Cities Build Sustainably

Celebrating Immigrants' Contributions on Constitution Week

By Leon Rodriguez

This week we celebrate Constitution Week, a time to reflect on the uniquely American idea that citizenship in this country is a matter of commitment and conscience.

Constitution Week focuses largely on September 17. "Constitution Day and Citizenship Day" – a recognition of naturalized American citizens and an opportunity for them to express their pride in their citizenship. We also celebrate the Constitution and the rights and responsibilities it bestows in all of us.

At U.S. Citizenship and Immigration Services (USCIS), Constitution Week is an opportunity to celebrate the way in which the Constitution set the foundation for welcoming new Ameri-

eans – those who have chosen to subscribe to our civic ideals of "liberty and justice for all" and have committed themselves to our "We the people" in our pursuit of "a more perfect union."

Our celebration includes administering special naturalization ceremonies across the nation, highlighting the connection between the Constitution and the honor, privilege, and responsibility of becoming a U.S. citizen through naturalization.

These ceremonies have special meaning to me. My parents and grandparents were refugees from Cuba. And as a young boy, I watched as my parents studied for, and took, their citizenship test. Before they took the Oath of Allegiance, I did not fully appreciate what citizenship truly meant. But seeing how proud they were to naturalize made it clear to me, even then, that they were fulfilling a life-long dream – for them and for me.

As a public servant for most of my professional career, I have often taken oaths to support and defend the Constitution. But as Director of USCIS, one of my highest privileges is to administer the Oath of Allegiance – the same oath my parents took – at a naturalization ceremony and welcoming new citizens to the promise and hope of America.

The South Los Angeles Wetland Park has earned the Envision platinum award. (FlickrCC/Roy Randall)

By Daniel C. Vock

Like many public agencies, the Los Angeles County Department of Public Works is putting an increased emphasis on sustainability. By "sustainability," the agency said in a pledge three years ago that it would work to "ensure the long-term health and well-being of the communities we serve." The problem agency leaders faced was how to demonstrate that they were making any progress toward that goal.

The Department of Public Works serves 10 million people. It builds and maintains everything from highways to sewers to airports. The department wanted a tracking system that could show how it was doing with all of those different pieces of their work.

The agency settled on a system called Envision, which measures the sustainability of projects, not by their costs but by their potential to benefit the environment, neighborhood and economy. Supporters compare it to the LEED (Leadership in Energy and Environmental Design) Building certification process, a rating system for the design, construction, operation and maintenance of environmentally friendly buildings and neighborhoods. The two systems even use similar ratings scales -- the top three categories of projects are rated platinum, gold or silver.

There are environmental ratings systems for other types of infrastructure like roads. But Envision is different because it can be applied to a vast array of infrastructure projects -- not just a single type. Envision also goes beyond environmental considerations and encourages community input.

Now, the Los Angeles County agency uses the system in all of its design work, and it's incorporating it into other facets of its work, too.

"In the past when we would design a project, we had one focus," whether it was building a road or controlling flooding, said Rossana D'Antonio, the head of the agency's design division. "We wanted to do it for the lowest price possible. But now with sustainability, it incorporates the social, environmental and the economic impacts to a project."

While Envision is only three years old, it's catching on across the country. New York City's water agency is on board, as are smaller munici-

10 Quick Tips on Business Plan Summaries

Continued from page 3

executive summary that comes first in a document, or a summary memo, make that reader want more information.

A good summary is a collection of tips of icebergs. Each one has enough information to imply its entire iceberg, but it can't go too deep, and it has to leave the iceberg somewhere. Don't promise in the summary anything you can't back up in the document or following discussions.

Real business plans change often. It's planning, not just a plan. And as your plan changes, rewrite and revise your summary to keep it fresh and keep it aligned with the plan.

Different experts have different opinions on the ideal length of a summary. I've always recommended a summary of 2-5 pages, which can be used as a stand-alone summary memo where that's appropriate. For example, in my angel investment group, we don't read full business plans of all the startups that apply for investment. We eliminate some proposals just from reading the summaries. We read the full business plan only after deciding, from the summary, that we want to know more.

A generalized summary will include the obvious information such as essential business details, what you sell, what locations, projected sales growth, profitability, and news you don't want anybody to miss. It's a good place to put a highlights chart, a bar chart that shows sales, gross margin, and profits before interest and taxes for the next three years. You should also cite and explain those numbers in the text.

However, generalized summaries are as rare as generalized business plan events. Write a new summary for each time you need one. Tailor it to match the requirements of your specific business need. The summary you show angel investors is different than one you show a bank loan manager, and different again from the one you show a potential partner, employee, or attorney. How? How can you tell? Think what's most important for each audience, in each context. That changes depending on the occasion.

What you highlight depends on the context, as in point #8, but also on the specifics of your business. Highlight what serves your purpose best. For example, if you're looking for investment and have a venture already backed by major brand-name backers, say so early in the summary. If you've got a founders team that includes several known entrepreneurs with good track records, then put it up front. If you have a good business track record, like impressive early sales or landmark deals with major channels, corporations or governments, put that first. If you have an amazing new invention or break-through technology, lead with that. Use good judgment. You're an editor, at this point, looking at things through the audience's eyes.

Is Your Business Cybersecure? Five Steps to Find Out

By Maria Contreras Sweet,
SBA Administrator

Too often, small businesses don't consider themselves at risk for a cyberattack. Maybe the business thinks it's too small, or doesn't think it carries anything worth stealing. But that's far from the unfortunate reality. According to a 2013 Small Business Technology Survey by the National Small Business Association, 44 percent of small businesses reported being the victim of a cyberattack, with an average cost of approximately $9,000 per attack. Cybercriminals thrive on data about employees, customers, bank accounts and many other types of information any small business would carry. And with fewer resources than large firms, small businesses are especially at risk for attacks.

October is National Cyber Security Awareness Month. If you are a small business owner, SBA wants to help you safeguard your critical data. Here are five steps you need take immediately – as soon as this week -- to make your business more cybersecure:

1. Protect against viruses, spyware, and other malicious code

Make sure all of your organization's computers are equipped with antivirus software and antispyware and update regularly. Such software is readily available online from a variety of vendors. All software vendors regularly provide patches and updates to their products to correct security problems and improve functionality. Configure all software to install such updates automatically.

2. Secure your networks

Safeguard your Internet connection by using a firewall and encrypting information. If you have a Wi-Fi network, make sure it is secure and hidden. To hide your Wi-Fi network, set up your wireless access point or router so it does not broadcast the network name, known as the Service Set Identifier (SSID). Password protect access to the router.

3. Educate employees about cyberthreats and hold them accountable

Educate your employers about online threats and how to protect your organization's data, including safe use of social networking sites. Depending on the nature of your business, employees might be introducing competitors to sensitive details about your firm's internal business. Employees should be informed about how to post online in a way that does not reveal any trade secrets to the public or competing businesses. Hold employees accountable to the firm's Internet security policies and procedures.

Guy F. Atkinson invites you to bid to us for the upcoming Caltrans I-10 HOV Project located in West Covina, Covina, San Dimas and Pomona, Los Angeles County, CA (Caltrans Contract 07-1193U4).

This project bids on Thursday, October 15, 2015.

The engineer's estimate is $170,000,000. The DBE goal is 10%.

We welcome all scopes of work, quotes, rate sheets and price lists for the work and supply categories listed on the flyer below. Please refer to the attached list of bid items for more information. The list is in Excel so it's easy to search.

I have also attached the project Notice to Bidders and Specifications. The item code # to the right of the bid item # on the list will direct you to the specs relating to the bid item.

Per the 2010 Standard Specifications: The bid items set forth the construction specifications that apply. The first 2 digits of a bid item code correspond to the specification section number with the same 2 first digits except for bid item code 999990 that corresponds to section 9 and unless shown otherwise in the table titled "Bid Items and Applicable Sections" in the special provisions.

PIPE SUPPLIERS: Please see bid list for quantities and units.

SURVEYORS: Please see bid items 99 (Displacement Monitoring) and 265 (Pre/Post Construction Surveys).

TRUCKERS: Please send us your rate sheet and terms.

I have attached a pdf version of the flyer below in case you want to print it out, fill it in and return it to us via fax at 949-553-0252 or via email to socal.estimating@atkn.com

Please feel free to contact our estimating team with any questions, scope sheets, price lists, rate sheets, etc. via e-mail to socal.estimating@atkn.com . Or call our office at 949-382-7145 if you would like to talk to one of our estimators.

When you email us at socal.estimating@atkn.com, our estimating team all have access to your questions.

Please let me know if you would like to be removed from this outreach list. Every effort has been made to include only subs and vendors that might be interested.

Thank you all.

Bidder's Name: Guy F. Atkinson

Contract No.: 07-1193U4

4. Describe the Bidder's outreach efforts to identify and solicit the interest of all certified DBEs that have the capability to perform the work of the Contract. Provide copies of supporting documents.

Description of Outreach	Dates	Location (if applicable)	Results

5. Describe the Bidder's efforts made to provide interested DBEs with adequate information about the plans, specifications, and requirements of the Contract to assist them in responding to a solicitation. Identify the DBEs assisted, the type of information provided, and the date of the contracts. Provide copies of supporting documents.

6. Describe the Bidder's efforts made to assist interested DBEs in obtaining bonding, lines of credit, or insurance. Identify the DBEs assisted, the type of assistance offered, and the dates. Provide copies of supporting documents.

All of our ads stated that we would pay the cost of bonds up to 1.5% and that we would assist in obtaining necessary equipment, supplies, materials or related services; and that we would split items of work as well as provide assistance for bonding, LOC and insurance where needed. Guy F. Atkinson is always looking to develop new DBE working relationships.

Bonding requirements for three of our listed DBE subs (High Light Electric, Austin Enterprise and Ace Fence) have been waived in lieu of their enrolliment in the Subguard Insurance Program that Guy F. Atkinson uses.

7. Describe the Bidder's efforts made to assist interested DBEs in obtaining necessary equipment, supplies, materials, or related assistance or services, excluding supplies and equipment the DBE purchases or leases from the prime contractor or its affiliate. Identify the DBEs assisted, the type of assistance offered, and the dates. Provide copies of supporting documents. List efforts made to assist interested DBEs in obtaining bonding, lines of credit, insurance, necessary equipment, supplies, materials, or related assistance or services, excluding supplies and equipment the DBE subcontractor purchases or leases from the prime contractor or its affiliate. Identify the DBE assisted, the assistance offered, and the date. Provide copies of supporting documents.

8. List the names of agencies and the dates on which they were contacted to provide assistance in contacting, recruiting, and using DBE firms. If the agencies were contacted in writing, provide copies of supporting documents.

9. Include additional data to support a demonstration of good faith efforts.

NOTE: USE ADDITIONAL SHEETS OF PAPER IF NECESSARY.

Identify the DBEs assisted, the type of information provided, and the date of the contracts. Provide copies of supporting documents.

6. Describe the Bidder's efforts made to assist interested DBEs in obtaining bonding, lines of credit, or insurance. Identify the DBEs assisted, the type of assistance offered, and the dates. Provide copies of supporting documents.

7. Describe the Bidder's efforts made to assist interested DBEs in obtaining necessary equipment, supplies, materials, or related assistance or services, excluding supplies and equipment the DBE purchases or leases from the prime contractor or its affiliate. Identify the DBEs assisted, the type of assistance offered, and the dates. Provide copies of supporting documents. List efforts made to assist interested DBEs in obtaining bonding, lines of credit, insurance, necessary equipment, supplies, materials, or related assistance or services, excluding supplies and equipment the DBE subcontractor purchases or leases from the prime contractor or its affiliate. Identify the DBE assisted, the assistance offered, and the date. Provide copies of supporting documents.

Three of the DBE subcontractors that we listed are not able to bond at this time. Per verbal conversations with High Light Electric, Austin Enterprise and Ace Fence, Atkinson will enroll them in the Subguard program in lieu of bonding. See attached info on the Subguard Program that Guy F. Atkinson uses. Enrollment will take place during the subcontract process.

8. List the names of agencies and the dates on which they were contacted to provide assistance in contacting, recruiting, and using DBE firms. If the agencies were contacted in writing, provide copies of supporting documents.

9. Include additional data to support a demonstration of good faith efforts.

NOTE: USE ADDITIONAL SHEETS OF PAPER IF NECESSARY.

From our parent company, Clark Construction Group's inhouse website, below is info on the Subguard program Guy F. Atkinson uses.

SubGuard - Subcontractor Default Insurance

The SubGuard program is offered to subcontractors as an alternative to bonding. SubGuard is an insurance policy that provides similar protection as a bond but allows Clark to resolve subcontractor issues immediately without involving a subcontractor's bonding company. This greatly reduces the cost to the project associated with subcontractor issues and decreases the time to resolution. Subcontractors enrolled in this program are billed the SubGuard rate against their contract value, up front. Some specifics of the program include:

- SubGuard replaces subcontractor payment and performance bonds
- The subcontractor/supplier must complete the Subcontractor Qualification Form and update it annually until work is complete.
- The buyer must complete a Subcontractor Qualification Review for each contract.

Advantages to using SubGuard include:

- Benefit to Project Schedule – Clark controls the default remedy so delay is minimized. No negotiation with a subcontractor bonding company is necessary. Insurance carrier helps Clark to manage claims compared to a surety who works to minimize the claim for the defaulted subcontractor.
- Control of subcontractor selection – SubGuard helps to meet project goals for DBE/MBE/WBE by affording coverage to all qualified bidders.
- Uniform coverage by Zurich North America, an A+ rated insurance carrier, compared to multiple bonding companies of various financial strengths.
- Cost is equal to or less than the cost of subcontractor bonds.
- Direct costs of correcting and completing work, indirect costs of job acceleration and extended overhead and legal fees are covered. Indirect costs are subject to a $5 million sub limit.
- Coverage period of 10 years after substantial completion.

8. List the names of agencies and the dates on which they were contacted to provide assistance in contacting, recruiting, and using DBE firms. If the agencies were contacted in writing, provide copies of supporting documents.

See the list of Outreach Agencies contacted by Small Business Exchange on Guy F. Atkinson's behalf. Ninety one agencies were identified and contacted via fax on 09/18/15. Seventy two of those agencies were also contacted via email on the same day.

On 10/02/15, Guy F. Atkinson contacted 58 agencies from our inhouse list requesting assistance for outreach to certified DBEs that may be interested in working on this Caltrans project. On 10/09/15, Atkinson did a follow up outreach to Small Business Exchange's agency outreach, contacting 29 agencies via email as well as 27 of those agencies via fax, too. Atkinson's follow up did not include agencies we had previously contacted on our own.

9. Include additional data to support a demonstration of good faith efforts.

Guy F. Atkinson requests your assistance in reaching out to potential highway construction subcontractors and vendors that may be interested in bidding to us for the I-10 HOV Lanes Project in West Covina, Covina, San Dimas and Pomona.

This project bids on Thursday, October 15, 2015. The engineer's estimate is $170M.

Our outreach flyers are attached. Would you kindly post them or forward them on to any such businesses that perform or supply heavy civil highway work, or that are interested in working on a Caltrans project?

If you do not wish to be contacted by Atkinson again regarding such opportunities, please let me know.

Thank you for your help.

Kind regards,

Margo Gawelko

This email is a follow up to the outreach that Small Business Exchange has done on our behalf for this project.

Guy F. Atkinson requests your assistance in reaching out to potential highway construction subcontractors and vendors that may be interested in bidding to us for the I-10 HOV Lanes Project in West Covina, Covina, San Dimas and Pomona, Caltrans Contract 07-1193U4.

This project bids on Thursday, October 15, 2015.

Our outreach flyer is attached. Would you kindly post it or forward it on to any such businesses that perform or supply heavy civil highway work, or that are interested in working on a Caltrans project?

If you do not wish to be contacted by us again regarding such opportunities, kindly let us know.

Thank you for your help.

Kind regards,

Margo Gawelko

DBE GOOD FAITH EFFORTS DOCUMENTATION

DES-OE-0102.11A (REV 12/2014)

Bidder's Name: Guy F. Atkinson

Contract No.: 07-1193U4

4. Describe the Bidder's outreach efforts to identify and solicit the interest of all certified DBEs that have the capability to perform the work of the Contract. Provide copies of supporting documents.

Description of Outreach	Dates	Location (if applicable)	Results

5. Describe the Bidder's efforts made to provide interested DBEs with adequate information about the plans, specifications, and requirements of the Contract to assist them in responding to a solicitation. Identify the DBEs assisted, the type of information provided, and the date of the contracts. Provide copies of supporting documents.

6. Describe the Bidder's efforts made to assist interested DBEs in obtaining bonding, lines of credit, or insurance. Identify the DBEs assisted, the type of assistance offered, and the dates. Provide copies of supporting documents.

7. Describe the Bidder's efforts made to assist interested DBEs in obtaining necessary equipment, supplies, materials, or related assistance or services, excluding supplies and equipment the DBE purchases or leases from the prime contractor or its affiliate. Identify the DBEs assisted, the type of assistance offered, and the dates. Provide copies of supporting documents. List efforts made to assist interested DBEs in obtaining bonding, lines of credit, insurance, necessary equipment, supplies, materials, or related assistance or services, excluding supplies and equipment the DBE subcontractor purchases or leases from the prime contractor or its affiliate. Identify the DBE assisted, the assistance offered, and the date. Provide copies of supporting documents.

8. List the names of agencies and the dates on which they were contacted to provide assistance in contacting, recruiting, and using DBE firms. If the agencies were contacted in writing, provide copies of supporting documents.

9. Include additional data to support a demonstration of good faith efforts.

Guy F. Atkinson always sets out to meet or exceed the DBE goal for every bid. Early on we developed a DBE plan and did our best to follow it. We were careful with our searches to identify every company that could possibly provide a quote for any and all bid items. A simple thing was to both email and fax solicitations for the bid. It takes less time to look at a fax in your hand than to open an email, click on the attachment and print it. Estimators also actively reached out to DBEs that we have successfully worked with before.

NOTE: USE ADDITIONAL SHEETS OF PAPER IF NECESSARY.

ADA Notice For individuals with sensory disabilities, this document is available in alternate formats. For information, call (916) 445-1233, TTY 711, or write to Records and Forms Management, 1120 N Street, MS-89, Sacramento, CA 95814.

On September 3rd, before we actually began our outreach for the I-10 HOV project in West Covina, Guy F. Atkinson reached out to 548 DBE construction companies inviting them to take part in our parent company's Strategic Partnership Program. Clark Construction Group (Atkinson's parent company) has run a mentoring program for some time now. A number of companies responded and some have been admitted to the ten month program long for the upcoming year. Only 25 companies are chosen to participate each year. We hope to continue this invitation from now on.

Atkinson team members also take part in outreach events when possible. Drew Nelson, Atkinson's Chief Estimator, and Margo Gawelko, an estimating assistant attended Metro's Meet the Primes on 03/12/15. Two of our engineers attended SanBAG's Business2Business Expo on 09/09/15.

Subject: An Invitation to Clark Construction's 2015-2016 Strategic Partnership Development Program

Guy F. Atkinson Construction (formerly Atkinson Contractors, LP) invites you to take part in our parent company's (Clark Construction Group / Clark Construction Group-California, LP) 2015-2016 Strategic Partnership Development Program. This year's program has room for about 6-8 more candidates.

Please keep in mind that Clark specializes in vertical building. However, they have several civil divisions. These classes will also serve as an opportunity for you to introduce your company to Clark Construction Group.

This program is a comprehensive initiative developed by Clark Construction to supplement the capabilities of local, small, and disadvantaged businesses in the greater Los Angeles and Southern California area. Clark's goal is to help you to build capacity, and succeed in today's competitive environment by providing you with key business management strategies.

The program will start with a half day, introductory orientation and class on Building Capacity for Sustainable High Performance. The following nine months of interactive evening classes, covering Financial Statements and Accounting, Insurance and Bonding, Architectural Blueprint Reading, Estimating, Purchasing, and Presentation Skills, will enable participants to study the fundamentals of growing a business in today's competitive environment.

In addition, monthly lunch time seminars will be facilitated by various community partners, along with a Project Management Fundamentals class taught by the Clark Construction Group. The Microsoft Excel training will provide participants with the skills to create estimates and to analyze important data. The program will culminate with a Capstone Team presentation to industry leaders.

Upon completion of the program you will receive a certificate, and be recognized for completing the Clark Construction Group Strategic Partnership Program.

The 2015-2016 Southern California and Northern California catalogs are attached for your info. **The NorCal Orientation is scheduled for Monday, September 14, 2014. The SoCal Orientation is scheduled for Thursday, September 17, 2015.**

If you have any questions, would like more information, or would like to register, please contact Molly Huddleston at 714-427-2842, molly.huddleston@clarkconstruction.com

Outreach to Construction DBEs

Date	Summary
09/03/2015	On Thursday, September 3, 2015, I emailed 548 DBE construction companies telling them that they were invited to join the Clark Strategic Partnership Program. Forty two emails bounced back. A couple of companies reached out to me rather than Molly Huddleston. Molly said she got a good response and that all 25 slots in the program were filled. She had previously told me that 6-8 places were still available. I had to send the emails in two mailings since G mail cannot handle more than 500 email addresses at a time. So I split the mailing in two.

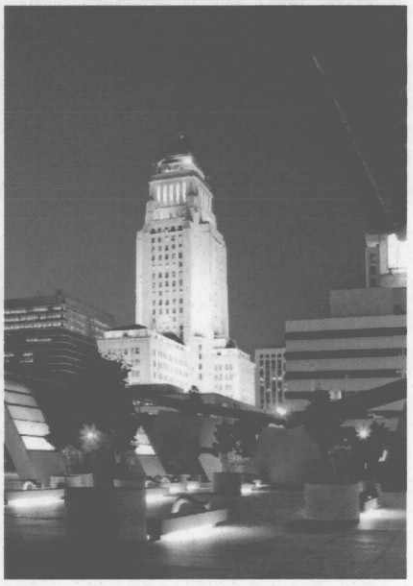
CLARK
CONSTRUCTION



To the Strategic Partnership Program Participants:

On behalf of Clark Construction Group-California, LP (Clark Construction), it is our pleasure to welcome you to the 2015-2016 Strategic Partnership Development Program. This program is a comprehensive initiative developed by Clark Construction to supplement the capabilities of local, small, and disadvantaged businesses in the greater Los Angeles and Southern California area. Clark's goal is to help you to build capacity, and succeed in today's competitive environment by providing you with key business management strategies. The following pages contain a complete outline of the Strategic Partnership Program.

Program Highlights

The program will start with a half day, introductory orientation and class on Building Capacity for Sustainable High Performance. The following nine months of interactive evening classes, covering **Financial Statements and Accounting, Insurance and Bonding, Architectural Blueprint Reading, Estimating, Purchasing, and Presentation Skills**, will enable participants to study the fundamentals of growing a business in today's competitive environment. In addition, monthly lunch time seminars will be facilitated by various community partners, along with a Project Management Fundamentals class taught by the Clark Construction Group. The Microsoft Excel training will provide participants with the skills to create estimates and to analyze important data. The program will culminate with a Capstone Team presentation to industry leaders. Upon completion of the program you will receive a certificate, and be recognized for completing the Clark Construction Group Strategic Partnership Program.

You are an important business associate to Clark Construction and we share mutual goals of increasing the productivity and capabilities of our Strategic Partners. We hope you take full advantage of the opportunity to enroll in this program, and you and your company experience personal and professional growth as a result.

Sincerely,
Clark Construction Group-California, LP

Attendance

The Strategic Partnership Program allows **a maximum of four (4) excused absences**. More than four (4) excused absences will result in dismissal from the program, no exceptions.

Cancellation Policy

If you cannot attend a class, please notify the instructor or one of the above Clark Construction contacts.

Attire for Classes

Unless otherwise specified, the appropriate attire for Clark courses is business casual. The training rooms are often cool; you may need a sweater or jacket.

Mobile Phones/Pagers

As a courtesy to other participants and to the instructors, **the use of pagers, mobile phones, lap tops and two-way radios is not permitted** while class is in session. These devices should be turned off during class. You may retrieve messages and make phone calls during the scheduled breaks.

Program Overview and Requirements

The Clark Construction Group Strategic Partnership Development Program is a 10 month program designed to supplement the capabilities of local, small, and disadvantaged businesses in the greater Los Angeles and Southern California area. The program is structured in an interactive format with a focus on providing core construction management and business skills to program participants. Courses will be taught by local industry experts and will include interactive classroom learning, team projects and presentations.

The program will start with a half day orientation session. The following 9 months of interactive evening classes will enable participants to study the fundamentals of growing a business in today's competitive environment. Students will be expected to participate in classroom discussions, and to meet with their team outside of the classroom to complete assignments. The program will culminate with a capstone team presentation to industry leaders. Participants will have seven weeks to prepare for the group presentation.

In addition to the formal classroom training, monthly lunch time seminars will be facilitated by various community partners.

Program participants are required to complete all of the courses, **attend at least five (4) of the seven(7) lunch time seminars and participate in the presentation of the capstone project (this is mandatory).** At the completion of the program you will receive a certificate and be recognized for completing the Clark Construction Group Strategic Partnership Program in Southern California.

Meet the Primes 2015 | Instructions for Prime Contractors

Thank you for taking part in the 2015 Meet the Primes networking event, co-hosted by Metro and TBAC (Transportation Business Advisory Council). As a reminder, the event will take place on **Thursday, March 12, 2015 at Metro Headquarters at One Gateway Plaza in Los Angeles from 5:30 to 8:30 pm.** However, we'll need your company to arrive earlier for set-up and orientation. Please refer below for the day's itinerary.

Purpose of Event:
The purpose of Meet the Primes is for small businesses to meet and get to know the prime contractors in the region, learn what each company does and – most importantly – how small businesses can do business with these prime contractors. Therefore, the one-on-one interviews are critically important as it will be the first opportunity small businesses will have to introduce themselves to you.

Event Format:

- 4:00 – 4:30 pm: Your entire team arrives and begins table set-up
- 4:30 – 5:00 pm: Food and Beverage set-up (food stations will open at 6:00 pm on the Plaza Level)
- 5:00 – 5:15 pm: Meet in Board Room for Greeting and Event Orientation with Metro staff. (After orientation one team member to remain in Board Room for program; remaining Team Members to return to table.)
- 5:30 – 6:30 pm: Event Program
- 6:30 – 8:30 pm: Interviews with Small Businesses
- 8:30 pm: Event Closes

Event Logistics:
Please arrive between 4:00-4:30 pm to register, and locate and set up your table. Please allow 15 minutes for parking and entry. The tables are 6'Lx2'W. If available, please bring a table cover with company logo. Due to limited space, stand-up displays are not allowed. Refreshments will be on the Plaza Level.

At 5:00 pm please have all your team members come to the Metro Board Room on the 3rd floor for greeting and orientation. There will be seats reserved for the prime contractors on the far right side of the Metro Board Room. Miriam Long, Metro DEOD Business Outreach Manager, will conduct the brief orientation and answer any questions your team might have.

Materials:

- Business cards of people who small businesses should follow up with (adequate quantity)
- Contracting opportunities for small businesses, i.e. list of projects, services and products needed.
- Explanation of the qualification/selection criteria your company utilizes to choose subcontractors.
- Instructions on how to access the contracting opportunities (who to contact, what to provide, etc.)
- Immediate next steps after the initial interview.
- Other prepared handouts that would be useful for small businesses.

Because we are expecting a large turnout, we recommend that each interview be approximately three to five minutes.

Thank you once again for your participation.
We hope this will be an enjoyable and productive event for everyone in attendance.
