**RE Caltrans Contract No. 07-293804
Bid Protest; Follow-up**

Dear Mr. McMillan:

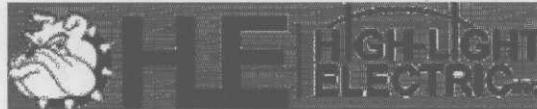

High Light Electric issued a formal notice of bid protest for the apparent first and second low bidders for this project on August 5, 2015. As stated in the letter, Steiny and Co. and Crosstown Data, Inc.'s bids were non responsive for multiple reasons and should be rejected. Since that letter, Caltrans has disqualified Steiny and Co., on its own motion, but has not responded to HLE's letter regarding Crosstown Data, Inc. and it appears that the award is still being considered.

Please advise whether Crosstown Data, Inc.'s bid will be accepted despite the multiple patent defects in their bid and non-responsiveness. Please understand that lax enforcement of the bid requirements will encourage contractors to game the system. Indeed, HLE's prime bid was deemed non-responsive for technical non-compliance with the bid requirements, which have been shown in the case of Crosstown. Thank you for your time and consideration.

Sincerely,

Ian W. Rodriguez
General Counsel
