Dear Estimator,

Attached is our bid to provide you with Materials Testing, Inspection, and related Quality Control Services for the subject project.

We are currently providing similar services to Caltrans projects all over California. Our facilities and testing staff are accredited by Caltrans. We have the capabilities and equipment to provide all services for this project in-house.

We are a Caltrans and State Certified SBE / DBE (#35308) and are Signatory to Operating Engineers.

We have delineated the entire QC Testing and Inspection Scope into individual services. Services should be evaluated and selected based on your in-house capabilities and the capabilities of materials suppliers.

Should you have any questions, or need a more accurate bid based on your estimated construction schedule or anticipated placement quantities, I hope you will not hesitate to contact me.

Best Regards,

Joel Tirney

Contractor shall furnish, without charge, suitable equipment fully operated for hoisting/lowering reinforcing steel, wire mesh, etc., including unloading trucks, staging of reinforcing to points of installation (into foundations and onto elevated decks, etc...) setting of columns/cages and/or assemblies, and power placing of individual bars that LA Steel Services may require. **Contractor to provide a minimum of 8 hours of actual hook time.** (Hours and/or price provided do not include hoisting/lowering for F.O.B. trucks jobsite material and/or setting of tied and stockpiled cages or mats).

SPECIAL NOTES:

1. Night work is excluded except by additive quote.
2. Contractor to accept responsibility and guard against theft of material for pre-assembled approach mats upon completion.
3. Pricing does not include any coupling devices or form savers of any kind.

SCOPE OF WORK EXCLUSIONS

1. All testing and inspection and/or any related costs thereof other than mill test reports. (Rebar, mechanical couplers and/or welded hoop test bar samples to be provided F.O.B. trucks jobsite).
2. As-Built Drawings (Shop Drawings).
3. Plain (smooth) round bars or dowels, threaded bars, form savers, rods, sleeves, sheathing, anchors, studs, bolts (anchor & misc.), and inserts.
4. Wrapping, coating, painting and/or greasing of reinforcing steel and/or wire mesh.
5. Supplying, installing, and /or maintaining any form of rebar cap or safety device on installed reinforcing steel or reinforcing steel on the ground/stored (per latest OSHA Standards).
6. Cost of pour watchman.
7. All permits and licenses, other than city/county business licenses and State Contractor's license, required for the work.
8. Cutting, burning, cleaning, straightening and/or bending of existing steel and/or improperly placed drill and grout/bond dowels.
9. Drilling, grouting, and dry packing/placing bars in drilled holes
10. Payment and/or Performance Bonds. (Material Bond may be provided if available.)
11. Furnishing and/or welding of dowels/anchors to miscellaneous steel and/or structural steel
12. Metal tags (LA Steel Services or fabricators standard tags will be used to identify steel).
13. Any and all reinforcing steel, and/or wire mesh not shown on drawings unless specifically included in Scope of Work/Price.
14. Placing or Shop Drawings prepared, reviewed, sealed or stamped by a licensed engineer.
15. All welding.
16. Pre-stressing and/or pre-stressing materials. (Including but not limited to, any additional reinforcing steel required by any pre-stressing/post tensioning system.)

17. Epoxy Coated/Galvanized deformed and/or plain bars and/or wire mesh.
18. Field bending of rebar other than by additive quote.
19. The cost of reworking, rehabilitating and/or replacing reinforcing steel damaged or lost as a result of flood conditions. If storm damage should occur, responsibility for steel fully or partially in place, and for steel stored in locations designated by Contractor, shall be for Contractor's account.
20. Traffic control (lane closures, barricades, flagmen, signs, lights, etc.).

GENERAL CONDITIONS

1. Contractor's acceptance of all of the terms and conditions of this Bid/Offer shall be conclusively evidenced by Contractor listing, permitting/directing performance, or signing and returning this offer.
2. LA Steel Services may begin performance of the work, pending receipt of an executed final agreement. However, should a final mutually acceptable agreement not be forthcoming or should the terms and conditions of LA Steel Services offer be altered or modified, LA Steel Services reserves the right to immediately stop performance and Contractor agrees to indemnify LA Steel Services for all costs and loss of profit.
3. The following items, as required, are to be provided by Contractor, fully erected for use at all locations necessary without charge to LA Steel Services:
 - A. Lines, grades, supporting templates, layout, racks, ramps, ladders, sanitary facilities, trash bins, adequate lighting, and Cal-OSHA approved Heavy Duty scaffolding (per sections 1926 subpart L App. A & E).
 - B. Full access to all working areas for material, equipment, manpower, and level space for delivery, assembly and storage of steel, accessible to tractor-semi-trailer deliveries and within 25 feet of where materials are to be used or hoisted.
 - C. As required, adequate electrical power and compressed air (90 PSI Min.).
 - D. Adequate areas for staging, storage, and pre-assembly of materials.
4. Subcontractor shall be paid monthly progress payments equal to one hundred percent (100%) of monthly billings within ten days (10) days of Contractor receiving payment from project owner for value of work completed, plus Owner approved amount of materials on hand and/or equipment (if any) suitably stored on or off site. Contractor shall, at all times, be financially responsible to LA Steel Services for labor and material supplied pursuant to this offer. If a dispute arises between Contractor and Owner that delays receipt of payment by Contractor from Owner, unrelated to the performance of or materials supplied by Subcontractor, Contractor shall make progress and/or retention payment to Subcontractor within a reasonable time. A reasonable time for payment from Contractor to Subcontractor shall be defined as being due 45 days from Subcontractor's progress billing date.
5. Contractor shall not withhold retention greater than that being withheld by the Owner from the Contractor and shall immediately reduce retention withheld from Subcontractor, by a like percentage, when reduced to Contractor by Owner. In no event shall retention withheld by Contractor from LA Steel Services exceed the percentage withheld from Contractor by Owner. Final retention payment shall be made not later than 35 days from date LA Steel Services has completed its scope of work.
6. No retention shall be withheld on FOB and/or tied and stockpiled material, if approved by Owner.
7. LA Steel Services shall not be required to continue performance if, after Contractor has received payment for the properly performed work of LA Steel Services, timely payments are not made to LA Steel Services.
8. All sums not paid when due shall bear an interest rate of 2% per month or the maximum legal rate permitted by law, whichever is greater; and all costs of collection, including a reasonable attorney's fee, shall be paid by Contractor as prescribed by Section 7108.5 of the California Business and Professions Code.
9. No provision of this Subcontract shall serve to void LA Steel Services entitlement to payment for properly performed contract/extra work or suitably stored materials, or to void Subcontractor's right to file a lien, stop notice, and/or claim on its behalf.
10. Neither party will have the right of set-off against the other party for any reason.
11. If LA Steel Services is required by the Contractor to perform change order/extra work, said extra work must be authorized in writing by Contractor's Field Management personnel having apparent authority to authorize such extra work or an officer of the Contractor. Such written/executed directives from the Contractor shall constitute acceptance of financial responsibility by Contractor and a billable event upon completion of the work. **Extra/CCO shall be net 30 days regardless of being paid by owner.**
12. No back charges or claims of the Contractor for services provided shall be valid except by an agreement in writing, agreed to between the parties prior to services being provided.
13. Field labor called for herein is to be performed during LA Steel Services regular working hours, eight hours per day, five days a week (all Union Holidays are observed), unless required and agreed to during bid negotiations. All work performed outside of such hours shall be charged at LA Steel Services standard rates for overtime, weekend, or holiday work. LA Steel Services standard rates are per Caltrans force account rates. (Labor Surcharge % per Concrete Construction - Bridge) However, should LA Steel Services be behind the preapproved construction schedule, all overtime/premium time required to regain the construction schedule shall be for subcontractor's account.
14. LA Steel Services will indemnify, defend and save harmless Contractor and Contractor's customer from LA Steel Services' proportionate share of liability for claims attributable to bodily injury (including death) and/or property damage (to other than the Work itself) to the extent caused by the negligence or intentional misconduct of LA Steel Services or anyone directly or indirectly employed by LA Steel Services. Subcontractor will name Contractor and Contractor's customer as additional insured on Subcontractor's insurance policies only if required to do so by the Contract Documents and only by means of Subcontractor's standard additional insured endorsement. Indemnification and insurance provided by LA Steel Services shall not extend coverage to Architects, Engineers or other design professionals. Indemnification and insurance coverage shall be limited to Contractor and Contractor's customer only.

15. LA Steel Services carries the following insurance coverage's.

16. Contractor shall provide LA Steel Services with copies of all contract documents applicable to LA Steel Services performance, duties, or obligations at its Headquarters Office.
17. Subcontractor shall be provided a mutually approved construction schedule providing a reasonable time in which to make delivery of submittals, materials and/or labor so as to commence and complete the performance of the Subcontract.
18. Subcontractor shall not be responsible for delays, accelerations, or defaults where occasioned by any causes beyond its control, including but not limited to: delays caused by the Owner, General Contractor, Architect and/or Engineers.
19. Subcontractor shall be entitled to equitable adjustment in the subcontract amount for additional costs due to unanticipated project delays or accelerations caused by the Contractor or others under the direct control of Contractor, and whose acts is not Subcontractor's responsibility.
20. The Contractor shall make no demand for liquidated damages for delays in excess of the amount specified in the Contract Documents and no liquidated damages may be assessed against Subcontractor for more than its proportionate share of the amount paid by the Contractor for unexcused delays to the extent actually caused by Subcontractor.
21. Splices in reinforcing bars and/or construction joint dowels for Contractor's convenience shall be for Contractor's account. Also splices required due to low overhead, power lines and/or deficiencies in hoisting equipment unless specifically shown on contract drawings at that particular location shall be for Contractor's account.
22. LA Steel Services shall not be liable for repair of any damage caused by others outside the control of LA Steel Services. Approval for pouring or embedment in concrete shall constitute acceptance by Contractor of that portion of work and shall terminate LA Steel Services responsibility. Required remedial work, due to damage caused by others shall be for Contractor's account.
23. Cost of Ironworker show-up and/or stand-by time, scheduled by Contractor, when work is not ready shall be for Contractor's account.
24. Contractor shall furnish, without charge, templates/starter walls constructed with sufficient accuracy to support vertical reinforcing steel within placing tolerances specified by Owner. Templates/Starter walls shall not be double formed before reinforcing steel is installed unless prior approval has been granted.
25. Contractor shall furnish adequate parking for all LA Steel Services employees at no cost to LA Steel Services within three (3) standard blocks of the jobsite. If Contractor does not provide this parking, Contractor will pay LA Steel Services for all parking related costs including cost of vehicle parking, cost of shuttle services and travel time costs while employees are in transit unless specifically included in Scope of Work/Price or by additive quote.
26. Contractor will provide full access to all areas of the project for at least one (1) LA Steel Services' Foreman truck to provide supplies and accessories as needed for the project.
27. Ramps adequate to allow semi tractor-trailer deliveries of reinforcing to point of final placement shall be furnished by Contractor for all work below grade and shall be maintained in place until all work below grade is complete. If above ramps are not provided, all cost for equivalent service shall be for Contractors account.
28. Contractor shall furnish adequate working heavy duty OSHA scaffolding/platforms and windscreens as required from which welding, mechanical coupling and placing of reinforcing steel can be safely performed.
29. Contractor shall provide and secure in place all supports in tunnels and shafts, which LA Steel Services may require for supporting and placing steel.
30. Subcontractor shall not be responsible for material replacement cost due to theft and or lost on job, when materials are scheduled by contractor and not used promptly.
31. Contractor shall furnish approved work drawings of the temporary support system for columns, wall cages and/or any assemblies regardless of height, which the bid documents, may require. Contractor shall furnish and maintain adequate bracing, rigging, cables and guys, set all deadmen required to guy vertical reinforcing, and comply with the temporary system design (Rigging includes but is not limited to: chokers, shackles, spreader bars, etc....). Prior to hoisting support being removed, Contractor to inspect, approve compliance with temporary support system plan, and accept work.

CONTRACTOR REGISTRATION REQUIREMENTS: LABOR CODE SECTION 1771.1 (a)
A contractor or subcontractor shall not be qualified to bid on, be listed in a bid proposal, subject to the requirements of Section 4104 of the Public Contract Code, or engage in the performance of any contract for public work, as defined in this chapter, unless currently registered and qualified to perform public work pursuant to Section 1725.5. It is not a violation of this section for an unregistered contractor to submit a bid that is authorized by Section 7029.1 of the Business and Professions Code or by Section 10164 or 20103.5 of the Public Contract Code, provided the contractor is registered to perform public work pursuant to Section 1725.5 at the time the contract is awarded.

Any bid submitted will confirm the acceptance of the terms and conditions of SCCI's Standard Long Form Subcontract, available upon request. A Subcontractor providing a proposed bid/price will be viewed as accepting SCCI's Standard Long Form Subcontract. 100% Performance and Payment bonds with a surety company acceptable to Shimmick Construction are required of subcontractors. Shimmick Construction will pay bond premium up to 1.0%. Subcontractors will be required to abide by terms and conditions of the AGC Master Labor Agreements and to execute an agreement utilizing the latest Shimmick Construction Standard Long Form Subcontract incorporating prime contract terms and conditions, including payment provisions-subcontract draft copy available upon request. Subcontractor must provide insurance coverage for their work as required by the Prime contract or Shimmick minimum - whichever is greatest. Shimmick's minimum insurance requirement is: General Liability \$1M-Per Occurrence/\$2M-Agg/\$2M-Completed Operations; Excess Liability \$5M; Auto Liability \$1M; Workers Comp & Employer Liability \$1M. Shimmick Construction's listing of a Subcontractor is not to be construed as an acceptance of all of the Subcontractor's conditions or exceptions included with the Subcontractor's price quote. Shimmick requires that Subcontractor and Supplier price quotes be provided at a reasonable time prior to the bid deadline to enable a complete evaluation. For assistance with bonding, insurance or lines of credit contact Scott Fairgrieve (510) 777-5000.

PLANS & SPECIFICATIONS: Project Bid Documents may be obtained from the Project Owner or you may view them at BBII's office by appointment. For your convenience, you may also view and download plans by following this link maintained by BBII: <https://secure.smartbidnet.com/ExternalPublicPlanRoom.aspx?id=202586>. Subcontractors and Suppliers are responsible for reading and acknowledging all Specifications and Addenda.

BONDING & INSURANCE: The project will be covered by an Owner Controlled Insurance Program (OCIP). This program will include Commercial General Liability, Workers Comp & Employee Liability and Excess/Umbrella Liability and should not be included in the Subcontractor's pricing. Please see 00 21 13-7 of the Spec Book V1_Revision 00-01 for details. Subcontractors may be required to furnish performance and payment bonds in the full amount of their subcontract, by an admitted surety subject to approval by BBII. Bonding cost assistance is available. Subcontractors should expect to sign the standard BBII subcontract agreement and provide a waiver of subrogation. Please contact BBII at 707-427-8900 for bonding and other types of assistance.

QUESTIONS: For questions regarding the bid, please contact Brian Miller at 707-427-8900, fax: 877-763-4002, email: estimating.wr@bbiis.com, or in writing to: 5050 Business Center Dr, #250, Fairfield, CA 94534.

Quotations must be valid for the same duration as specified by the Owner for contract award. Conditions or exceptions in Subcontractor's quote are expressly rejected unless accepted in writing. Subcontractor scope (including any conditions or exceptions) is required one week prior to bid deadline, to allow proper evaluation. To assist DBE Subcontractors and Suppliers, we will divide total scopes into smaller tasks or quantities, and if necessary adjust schedules to permit maximum participation by DBE firms. We also provide assistance in connecting DBE firms with other DBE and non-DBE firms and facilitate partnering between firms for bidding of larger scopes. All non-DBE subcontractors are encouraged to utilize DBE firms at lower tiers. All subcontractors are required to indicate all lower-tier DBE participation offered on their quotations.

Dear Tammy,

We do project control services such as schedule development and analysis, construction claims, and change management. We are providing such services to projects in the range of 100-650 Millions. With extensive experience, professional certification, and advanced degrees in engineering, we can save our clients at least 10% of cost associated with performing such services by their own staff or less qualified consultants.

LA Steel Services, Inc. (**DBE Certified CUCP No. 42683; SBE Certified Metro File #6818 & MWD (Net Connect) #372820; MB Certified DGS #1796624; WBE Certified Supplier Clearinghouse VON#15040001**) is pleased to submit the following offer/agreement for the above referenced project, subject to the terms and conditions specified herein. Performance of this Bid/Offer shall be governed by and in compliance with the **Concrete Reinforcing Steel Institute Manual of Standard Practice**. This offer represents the full scope and intent on the part of LA Steel Services to provide services and materials to Contractor.

This bid is submitted subject to and expressly conditioned upon all of the terms and conditions set forth below.

PLANS AND SPECIFICATIONS:

Specifications: 2010 Caltrans Specs, Section 52 Addendum: # 1
 Plans/Drawings: Sheets 1 through 192 of 192 bid set Architect/Engineer: Caltrans

PRICING CONDITIONS:

- **Prices, as quoted, will remain firm for thirty (30) calendar days**, after which time LA Steel Services reserves the right to revise this quotation.
- Prices / Bid items quoted are not for separate acceptance without prior approval.
- Seller reserves the right to renegotiate additional price increases, for any shipments and/or placing after the projected end of the job per timeline and schedule as out-lined in the specifications at time of bid.
- LA Steel Services' price is based on detailing, fabricating, and placing on a normal five (5) day, forty (40) hour work week (all Union contract and nationally recognized holidays are observed). Performance will be based on conventional construction, timely receipt of two (2) complete printed sets of plans, specifications (in addition to CADD files) and adequate written schedules to which LA Steel Services has agreed. Contractor shall furnish design information, locations of pour joints, and construction schedules in sufficient time to allow for preparation and approval of submittals, plus seven (7) working days for fabrication and delivery. Additional lead-time will be required for special mill rolling, spirals, epoxy coating, and/or special mesh. Contract delays of more than forty-five (45) days may result in additional cost of materials.

SCOPE OF WORK/PRICE

				\$ 75,641.00

HOISTING/LOWERING:

Contractor shall furnish, without charge, suitable equipment fully operated for hoisting/lowering reinforcing steel, wire mesh, etc., including unloading trucks, staging of reinforcing to points of installation (into foundations and onto elevated decks, etc...) setting of columns/cages and/or assemblies, and power placing of individual bars that LA Steel Services may require. **Contractor to provide a minimum of 8 hours of actual hook time.** (Hours and/or price provided do not include hoisting/lowering for F.O.B. trucks jobsite material and/or setting of tied and stockpiled cages or mats).

SPECIAL NOTES:

1. Night work is excluded except by additive quote.
2. Contractor to accept responsibility and guard against theft of material for pre-assembled approach mats upon completion.
3. Pricing does not include any coupling devices or form savers of any kind.

SCOPE OF WORK EXCLUSIONS

1. All testing and inspection and/or any related costs thereof other than mill test reports. (Rebar, mechanical couplers and/or welded hoop test bar samples to be provided F.O.B. trucks jobsite).
2. As-Built Drawings (Shop Drawings).
3. Plain (smooth) round bars or dowels, threaded bars, form savers, rods, sleeves, sheathing, anchors, studs, bolts (anchor & misc.), and inserts.
4. Wrapping, coating, painting and/or greasing of reinforcing steel and/or wire mesh.
5. Supplying, installing, and /or maintaining any form of rebar cap or safety device on installed reinforcing steel or reinforcing steel on the ground/stored (per latest OSHA Standards).
6. Cost of pour watchman.
7. All permits and licenses, other than city/county business licenses and State Contractor's license, required for the work.
8. Cutting, burning, cleaning, straightening and/or bending of existing steel and/or improperly placed drill and grout/bond dowels.
9. Drilling, grouting, and dry packing/placing bars in drilled holes
10. Payment and/or Performance Bonds. (Material Bond may be provided if available.)
11. Furnishing and/or welding of dowels/anchors to miscellaneous steel and/or structural steel
12. Metal tags (LA Steel Services or fabricators standard tags will be used to identify steel).
13. Any and all reinforcing steel, and/or wire mesh not shown on drawings unless specifically included in Scope of Work/Price.
14. Placing or Shop Drawings prepared, reviewed, sealed or stamped by a licensed engineer.
15. All welding.
16. Pre-stressing and/or pre-stressing materials. (Including but not limited to, any additional reinforcing steel required by any pre-stressing/post tensioning system.)

17. Epoxy Coated/Galvanized deformed and/or plain bars and/or wire mesh.
18. Field bending of rebar other than by additive quote.
19. The cost of reworking, rehabilitating and/or replacing reinforcing steel damaged or lost as a result of flood conditions. If storm damage should occur, responsibility for steel fully or partially in place, and for steel stored in locations designated by Contractor, shall be for Contractor's account.
20. Traffic control (lane closures, barricades, flagmen, signs, lights, etc.).

GENERAL CONDITIONS

1. Contractor's acceptance of all of the terms and conditions of this Bid/Offer shall be conclusively evidenced by Contractor listing, permitting/directing performance, or signing and returning this offer.
2. LA Steel Services may begin performance of the work, pending receipt of an executed final agreement. However, should a final mutually acceptable agreement not be forthcoming or should the terms and conditions of LA Steel Services offer be altered or modified, LA Steel Services reserves the right to immediately stop performance and Contractor agrees to indemnify LA Steel Services for all costs and loss of profit.
3. The following items, as required, are to be provided by Contractor, fully erected for use at all locations necessary without charge to LA Steel Services:
 - A. Lines, grades, supporting templates, layout, racks, ramps, ladders, sanitary facilities, trash bins, adequate lighting, and Cal-OSHA approved Heavy Duty scaffolding (per sections 1926 subpart L App. A & E).
 - B. Full access to all working areas for material, equipment, manpower, and level space for delivery, assembly and storage of steel, accessible to tractor-semi-trailer deliveries and within 25 feet of where materials are to be used or hoisted.
 - C. As required, adequate electrical power and compressed air (90 PSI Min.).
 - D. Adequate areas for staging, storage, and pre-assembly of materials.
4. Subcontractor shall be paid monthly progress payments equal to one hundred percent (100%) of monthly billings within ten days (10) days of Contractor receiving payment from project owner for value of work completed, plus Owner approved amount of materials on hand and/or equipment (if any) suitably stored on or off site. Contractor shall, at all times, be financially responsible to LA Steel Services for labor and material supplied pursuant to this offer. If a dispute arises between Contractor and Owner that delays receipt of payment by Contractor from Owner, unrelated to the performance of or materials supplied by Subcontractor, Contractor shall make progress and/or retention payment to Subcontractor within a reasonable time. A reasonable time for payment from Contractor to Subcontractor shall be defined as being due 45 days from Subcontractor's progress billing date.
5. Contractor shall not withhold retention greater than that being withheld by the Owner from the Contractor and shall immediately reduce retention withheld from Subcontractor, by a like percentage, when reduced to Contractor by Owner. In no event shall retention withheld by Contractor from LA Steel Services exceed the percentage withheld from Contractor by Owner. Final retention payment shall be made not later than 35 days from date LA Steel Services has completed its scope of work.
6. No retention shall be withheld on FOB and/or tied and stockpiled material, if approved by Owner.
7. LA Steel Services shall not be required to continue performance if, after Contractor has received payment for the properly performed work of LA Steel Services, timely payments are not made to LA Steel Services.
8. All sums not paid when due shall bear an interest rate of 2% per month or the maximum legal rate permitted by law, whichever is greater; and all costs of collection, including a reasonable attorney's fee, shall be paid by Contractor as prescribed by Section 7108.5 of the California Business and Professions Code.
9. No provision of this Subcontract shall serve to void LA Steel Services entitlement to payment for properly performed contract/extra work or suitably stored materials, or to void Subcontractor's right to file a lien, stop notice, and/or claim on its behalf.
10. Neither party will have the right of set-off against the other party for any reason.
11. If LA Steel Services is required by the Contractor to perform change order/extra work, said extra work must be authorized in writing by Contractor's Field Management personnel having apparent authority to authorize such extra work or an officer of the Contractor. Such written/executed directives from the Contractor shall constitute acceptance of financial responsibility by Contractor and a billable event upon completion of the work. **Extra/CCO shall be net 30 days regardless of being paid by owner.**
12. No back charges or claims of the Contractor for services provided shall be valid except by an agreement in writing, agreed to between the parties prior to services being provided.
13. Field labor called for herein is to be performed during LA Steel Services regular working hours, eight hours per day, five days a week (all Union Holidays are observed), unless required and agreed to during bid negotiations. All work performed outside of such hours shall be charged at LA Steel Services standard rates for overtime, weekend, or holiday work. LA Steel Services standard rates are per Caltrans force account rates. (Labor Surcharge % per Concrete Construction - Bridge) However, should LA Steel Services be behind the preapproved construction schedule, all overtime/premium time required to regain the construction schedule shall be for subcontractor's account.
14. LA Steel Services will indemnify, defend and save harmless Contractor and Contractor's customer from LA Steel Services' proportionate share of liability for claims attributable to bodily injury (including death) and/or property damage (to other than the Work itself) to the extent caused by the negligence or intentional misconduct of LA Steel Services or anyone directly or indirectly employed by LA Steel Services. Subcontractor will name Contractor and Contractor's customer as additional insured on Subcontractor's insurance policies only if required to do so by the Contract Documents and only by means of Subcontractor's standard additional insured endorsement. Indemnification and insurance provided by LA Steel Services shall not extend coverage to Architects, Engineers or other design professionals. Indemnification and insurance coverage shall be limited to Contractor and Contractor's customer only.

15. LA Steel Services carries the following insurance coverage's.

General Liability; Carrier-A.M. Best Rated A X Non-Admitted. Form: CG2001 10/01-2001 ISO Occurrence Commercial General Liability including products. Limits: Each Occurrence \$1,000,000. Workers Compensation: Carrier: State Compensation Insurance Fund, Statutory includes Employers Liability.

16. Contractor shall provide LA Steel Services with copies of all contract documents applicable to LA Steel Services performance, duties, or obligations at its Headquarters Office.
17. Subcontractor shall be provided a mutually approved construction schedule providing a reasonable time in which to make delivery of submittals, materials and/or labor so as to commence and complete the performance of the Subcontract.
18. Subcontractor shall not be responsible for delays, accelerations, or defaults where occasioned by any causes beyond its control, including but not limited to: delays caused by the Owner, General Contractor, Architect and/or Engineers.
19. Subcontractor shall be entitled to equitable adjustment in the subcontract amount for additional costs due to unanticipated project delays or accelerations caused by the Contractor or others under the direct control of Contractor, and whose acts is not Subcontractor's responsibility.
20. The Contractor shall make no demand for liquidated damages for delays in excess of the amount specified in the Contract Documents and no liquidated damages may be assessed against Subcontractor for more than its proportionate share of the amount paid by the Contractor for unexcused delays to the extent actually caused by Subcontractor.
21. Splices in reinforcing bars and/or construction joint dowels for Contractor's convenience shall be for Contractor's account. Also splices required due to low overhead, power lines and/or deficiencies in hoisting equipment unless specifically shown on contract drawings at that particular location shall be for Contractor's account.
22. LA Steel Services shall not be liable for repair of any damage caused by others outside the control of LA Steel Services. Approval for pouring or embedment in concrete shall constitute acceptance by Contractor of that portion of work and shall terminate LA Steel Services responsibility. Required remedial work, due to damage caused by others shall be for Contractor's account.
23. Cost of Ironworker show-up and/or stand-by time, scheduled by Contractor, when work is not ready shall be for Contractor's account.
24. Contractor shall furnish, without charge, templates/starter walls constructed with sufficient accuracy to support vertical reinforcing steel within placing tolerances specified by Owner. Templates/Starter walls shall not be double formed before reinforcing steel is installed unless prior approval has been granted.
25. Contractor shall furnish adequate parking for all LA Steel Services employees at no cost to LA Steel Services within three (3) standard blocks of the jobsite. If Contractor does not provide this parking, Contractor will pay LA Steel Services for all parking related costs including cost of vehicle parking, cost of shuttle services and travel time costs while employees are in transit unless specifically included in Scope of Work/Price or by additive quote.
26. Contractor will provide full access to all areas of the project for at least one (1) LA Steel Services' Foreman truck to provide supplies and accessories as needed for the project.
27. Ramps adequate to allow semi tractor-trailer deliveries of reinforcing to point of final placement shall be furnished by Contractor for all work below grade and shall be maintained in place until all work below grade is complete. If above ramps are not provided, all cost for equivalent service shall be for Contractors account.
28. Contractor shall furnish adequate working heavy duty OSHA scaffolding/platforms and windscreens as required from which welding, mechanical coupling and placing of reinforcing steel can be safely performed.
29. Contractor shall provide and secure in place all supports in tunnels and shafts, which LA Steel Services may require for supporting and placing steel.
30. Subcontractor shall not be responsible for material replacement cost due to theft and or lost on job, when materials are scheduled by contractor and not used promptly.
31. Contractor shall furnish approved work drawings of the temporary support system for columns, wall cages and/or any assemblies regardless of height, which the bid documents, may require. Contractor shall furnish and maintain adequate bracing, rigging, cables and guys, set all deadmen required to guy vertical reinforcing, and comply with the temporary system design (Rigging includes but is not limited to: chokers, shackles, spreader bars, etc....). Prior to hoisting support being removed, Contractor to inspect, approve compliance with temporary support system plan, and accept work.

CONDITIONS (continued):

7. The cost of ironworker show-up time when work scheduled by Purchaser is not ready will be for Purchaser's account.
8. Purchaser shall not form starter walls before reinforcing steel is installed or have anything across footings where rebar is to be installed, and screeds or stakes are to remain clear if we are to install mesh in slabs.
9. No splices in reinforcing bars will be furnished for contractors' convenience, other than shown on contract drawings.
10. The Seller shall not be responsible for the replacing of steel that has been displaced by others, or for additional construction laps, cleaning or sandblasting of steel made necessary due to operation of others.
11. Payment for materials (reinforcing steel, mesh, etc) due within 30 days after delivery to jobsite.
12. Wet-stamp on shop drawings by Civil or Structural Engineer to be provided by Purchaser.
13. Above prices are based on complete project only. Separate item prices or group of item prices are not valid alone.
14. Re-detailing and/or estimating resulting from design changes shall be billed at the rate of \$69.00 per hour.
15. This Quotation, in it's entirety, is to be incorporated into any subcontract between Purchaser and Rouch Rebar.

SPECIAL CONDITIONS:

1. The prices quoted are binding for contracts received within 30 days from bid date.
2. Rouch Rebar will not be held responsible for cost of delays or liquidated damages due to material shortages caused by factors or market conditions beyond our reasonable control.

ESCALATION:

Increased cost of materials plus 15% markup based on shipped weights will be charged after August 31, 2016. Material escalation will be based on published mill increases.
