CAPABILITIES

Landscape Construction Services - We provide a full range of planting, irrigation and turf installation services. The Jungle has a C-27 certified Landscape Contractor. We are fully capable of proceeding on a design-build basis for any size project. The Jungle also specializes in the installation of water conserving irrigation techniques including drip systems, native and drought tolerant planting, turf, hydro-seeding and tree installation of any size or species. With its Class "A" General Engineering license, The Jungle is able to handle a full project scope from grading and drainage to trenching and concrete walkways. The Jungle has successfully undertaken landscaping projects for numerous governmental and quasi-governmental institutions such as LAUSD, the City of Los Angeles, the County of Los Angeles, the Los Angeles Community College District, (LACCD), the City of Palos Verdes Estates, U.S.D.A. and the Figueroa Corridor Partners.

Tree Trimming & Tree Removal - The Jungle maintains a D-49 classification (Tree Service Specialty). Services include tree trimming and tree care (all species); Tree removal and relocation; and arbor preservation. The Jungle has had extensive experience removing wind or storm damaged specimens as it did for the City of Los Angeles Dept. of Recreation and Parks following the historic wind storms of 2011. A certified arborist is available at all times.

Site Preparation, Drainage, Sidewalk, Curb & Gutter – With a California Class "A" General Engineering license, The Jungle's range of general engineering services include building demolition and certified disposal; land clearing; rough and finished grading; trenching; sidewalk, curb, gutter and drainage installation. The Jungle also can design and install landscape drains, French drains, slope drains, storm water collection and cistern systems, bio-swales and retaining walls. The Jungle's clients for these services include, Restore Neighborhoods Los Angeles, the City of Los Angeles, U.S.D.A. and LAUSD.

Storm Water & Erosion Control Services - These services include initial SWPPP's (Storm Water Pollution Prevention Plan) compliant with federal and state law; installation of BMP's (Best Management Practices) including but not limited to sandbags, fiber rolls, silt fences, temporary slope drains, hydro-seeding, dust control and other temporary drainage measures. We also provide monitoring of SWPPP compliance along with preparation and submission of final reporting. As a general engineering firm, The Jungle brings a full range of expertise to each unique storm water or erosion challenge.

Brush Clearance/Fire Control – The Jungle is certified as a qualified fire brush clearance vendor by the Los Angeles County and Orange County Fire Departments. The Jungle's expert crews are fully familiar with applicable state and local fire codes as well as establishing "Defensible Space" for effective fire protection of property, life and the environment. The Jungle is currently under a multi-year contract with the City of Palos Verdes Estates and has performed these services extensively for other agencies such as the LAUSD.

Landscape/Site Maintenance –The Jungle provides a full range of maintenance services in concert with and as a compliment to it other capabilities. The Jungle's maintenance services include mowing and turf preservation; hedge trimming, weeding plant maintenance and irrigation; plant replacement and seasonal ornamental planting; tree trimming and tree replacement; irrigation system monitoring and maintenance; general groundskeeping; and parking lot sweeping. These services can be provided on nearly any scale. Maintenance packages are available in conjunction with other services such as landscaping, planting and irrigation.

Nursery - A full operating nursery with indoor and outdoor plant material including California Natives, drought tolerant specimens, succulents, turf and a wide selection of plants suitable to institutional buildings. The Jungle works extensively with local landscape professionals; provides delivery, installation and has available contract maintenance services for all material supplied and installed. Warranties on all plant materials are available.

Additional Classifications & Certifications - The Jungle certified as a SBA 8a business. It also is certified as SB (Small Business) by the State of California; DBE (Disadvantaged Business Enterprise) by LACMTA; a MBE (Minority-Owned Business Enterprise) by the City of Los Angeles; and a CBE (Community Business Enterprise) by the County of Los Angeles. Currently, The Jungle maintains full liability and workers compensation coverage for all projects, and currently, can secure project bonding up to $500,000.00.

The Jungle pays prevailing wages and as required will prepare certified payroll on all municipal or government-related projects.

Health & Safety and Environmental Compliance & Mitigation Services Proposal

FEBRUARY 13TH, 2013

NBG Construction Services Proposal No. 0213-01

Environmental Compliance & Mitigation

Contract No. 08-0P8604

[redacted]

PROJECT DESCRIPTION

For **Contract No. 08-0P8604**
NBGCS's responsibility consists of Environmental Compliance and Mitigation that will include:

- Development of the Lead Compliance Plan
- Development of the Excavation and Transportation Plan
- Development of the Storm Water Pollution Prevention Plan

SCOPE

Lead Compliance Plan

NBGCS will prepare a project-specific lead compliance plan to prevent or minimize worker exposure to lead while handling material contoining aerially deposited lead or lead containing material from any source. The Lead Compliance Plan will contain the elements listed in Title 8, California Code of Regulations, section 1532.1(e)(2)(B), and will be signed by an Industrial Hygienist certified in Comprehensive Practice by the American Board of Industrial Hygiene.

Excavation and Transportation Plan

NBGCS will prepare a written, project-specific, Excavation and Transportation Plan establishing the procedures the Contractor will use to comply with requirements for excavating, stockpiling, transporting, and placing (or disposing) of material containing aerially deposited lead. The plan shall conform to the regulations of the DTSC and Cal-OSHA. The sampling and analysis portions of the Excavation and Transportation Plan shall meet the requirements for the design and development of the sampling plan, statistical analysis, and reporting of test results contained in USEPA, SW 846, "Test Methods of Evaluating Solid Waste," Volume II: Field Manual Physical/Chemical, Chapter Nine, Section 9.1. The sampling plan will include all elements as stated required in the RFP.

SWPPP (Storm Water Pollution Prevention Plan)

Below is a brief description of the services NBGCS will provide. NBGCS will assign properly trained personnel with significant experience developing and managing SWPPP compliance for industrial and construction projects of varying complexity. This project will be managed by Mr. Mark Drollinger. Mr. Drollinger is a certified California Qualified Storm Water Developer (QSD).

<u>Develop the SWPPP Program</u>

NBGCS will develop project specific SWPPP's based on the representative county's model. To customize each SWPPP, NBGCS will conduct a project inspection of each phase of work to evaluate surface run-off areas, storage, handling, maintenance, disposal practices and specific testing requirements for the specific receiving water shed.

NBGCS will provide services related to maintaining the Regional Water Quality Control Board's Storm Water Multiple Application and Report Tracking System (SMART) database.

[redacted]

Provide Training of SWPPP Inspection and Reporting Requirements

NBGCS will provide specific project training sessions for designated **Granite Construction Company** personnel who will have responsibility for managing the SWPPP and documenting inspections of the project-specific Best Management Practices (BMPs). A Rain Event Action Plan (REAP) is to be developed by a qualified storm water practitioner (QSP) and is required at least 48-hours before a qualified rain event. Assigned **Granite Construction Company.** staff will be responsible for following the REAP as well as daily and weekly visual inspections of the BMPs; and before and during rain events. Repairs to any BMP's are to be completed within 72 hours of discovery. Most inspection requirements are reported annually, but more frequent visual inspections of the BMPs are itself a BMP.

Per the General Permit, and prepared SWPPP, documented visual inspections of the project should be performed weekly; prior to forecast rain events, at 24 hour intervals during extended rain events, and after rain events causing visible runoff, and quarterly inspections for non-storm water BMPs.[1] **NBGCS** will be available on a time and materials basis to assist in implementation of the SWPPP program.

COMPENSATION

Lead Compliance Plan (Fixed Fee)	**$2,500.00**
Excavation And Transportation Plan (Fixed Fee)	**$2,500.00**
SWPPP	**$4,000.00-7,500.00**

Additional Services will be billed in accordance with the attached Unit Price schedule

1 Per the Storm Water Permit, visual inspections are required prior to, every 24 hours during, and after a qualified rain event. The inspection prior to the rain event is to be conducted anytime there is a 50% chance or greater for rain. A qualified rain event is any storm that equals or exceeds 0.5-inches of precipitation. Storms separated by 48 hours or more are considered separate storm events and would have to be re-inspected.

ATTACHMENT "A" - TERMS AND CONDITIONS

Services

NBG Construction Services. (NBGCS) has developed the Project scope of services, schedule, and compensation based upon available information provided by the Client and various assumptions. The client acknowledges that based on actual conditions and circumstances encountered by NBGCS in performing their services that it may be necessary to adjust the schedule and compensation.

Additional Services

The Client and NBGCS acknowledge that additional services may be necessary for the Project to address issues that may not be known at the Project initiation, or that may be required to address circumstances that were not foreseen. In that event, NBGCS shall notify the Client of the need for additional services and the Client shall pay for such additional services in an amount and manner as the parties may subsequently agree.

Payment

Client will pay **NBGCS** for services and expenses in accordance with this agreement (understood to be comprised of **NBGCS** Proposal No. 042012-1dated March 30, 2012, and these attached terms) upon receipt of written invoice from **NBGCS** for such services and expenses. Each invoice is payable and due upon presentation to the Client. Invoices are past due after 30 calendar days of receipt by Client of such invoices. Past due amounts are subject to a charge on the outstanding balance of ten percent (10%) per annum or the maximum amount permissible by law. Client agrees to pay **NBGCS'** reasonable attorney's fees and all other reasonable costs associated with the collection of outstanding fees. The Client's obligation to pay for the services contracted for is in no way dependent upon the Client's ability to obtain financing, payment from third parties, approval of governmental or regulatory agencies, or upon the Client's successful completion of the project. The Client shall remain obligated to pay **NBGCS** for the contracted services even though testing results and/or the report may contain conclusions unfavorable to the Client's interests.

Standard of Care, Warranty Disclaimer

NBGCS represents that it will perform services for Client using that degree of care and skill ordinarily exercised by, and consistent with the standards applicable to, persons performing similar services in such industry under similar conditions in the same locality as the project(s).

The Client acknowledges that **NBGCS** has neither created nor contributed to the creation or existence of any hazardous, radioactive, toxic, irritant, pollutant, or otherwise dangerous substances or conditions at the project, and **NBGCS'** compensation hereunder is not commensurate with the potential risk of injury or loss that may be caused by exposure to, contamination by, or the presence of such substances or conditions. Accordingly, the Client waives any claim against and agrees to indemnify and save **NBGCS**, its agents, and employees harmless to the extent allowed by law from any claim, liability or defense cost, including but not limited to reasonable attorney fees and other incidental costs for injury or loss sustained by any party, including the United States Government, from such exposures or from the presence of any such substance or condition at a project, allegedly arising out of or related to **NBGCS'** performance of services hereunder (other than as a result of the negligence or willful misconduct of **NBGCS**, its agents, or subcontractors, each **NBGCS** Party (collectively "**NBGCS** Parties")).

In the performance of the scope of services indicated hereunder, **NBGCS** will take reasonable precautions to avoid damaging buried structures and utilities. **NBGCS** will offer Client the opportunity to approve all projects for subsurface investigation and/or excavation in the field. Client assumes all liability for claims allegedly arising out of damage to buried structures and utilities of which Client did not promptly notify **NBGCS**, which were not properly located on plans furnished to **NBGCS** or which were not properly located by locating companies called to the project by or on behalf of Client to identify such structures and utilities.

Insofar as job project safety is concerned, **NBGCS** is responsible solely for **NBGCS** Parties' activities on the job project, but this shall not be construed to relieve Client or any independent construction contractors from their responsibilities for maintaining a safe job project. Neither professional activities of **NBGCS**, nor the presence of **NBGCS** Parties, shall be construed to imply **NBGCS** has any responsibility for methods of work performance, supervision, sequencing of construction, or safety in, on or about the job project for third parties.
Client agrees to provide **NBGCS** Parties' the right to enter from time to time property owned by Client in order for **NBGCS** to fulfill the scope of services indicated hereunder. Client agrees that any part or parcel of property to which **NBGCS** is not provided access will not be subject to claim by Client against **NBGCS** under this Agreement. Client further understands and agrees that **NBGCS** shall not be responsible to pay any costs incurred by Client to correct any damage to the surface of client's property caused by **NBGCS'** equipment except to the extent such damage was caused by negligence or willful misconduct of **NBGCS** Parties.

NBGCS is solely responsible for the performance of this Agreement and none of its directors, officers, employees or agents shall have any legal responsibility hereunder, whether in contract or tort, including negligence, except for acts of gross negligence, intentional torts, or willful misconduct.

NBGCS shall comply with all Federal, State, and local statutes, codes, laws, and administrative regulations for the services described in this Agreement.

Limitations of Method Reliability

The Client recognizes and agrees that all testing and remediation methods have reliability limitations and that no method nor number of sampling locations can guarantee that a hazard will be discovered if contamination or other evidence of the hazard is not encountered within the performance of the services as authorized. The Client further acknowledges and agrees that reliability of testing or remediation varies according to the sampling frequency and other service variables selected by the Client and that factors other than reliability, including cost, have been considered in the Client's selection of services. Client agrees that it has knowledgeably accepted these limitations and that **NBGCS** shall be considered to be at fault, but not liable only to the extent that the services selected by the Client are performed negligently or by willful misconduct.

[redacted]

Client recognizes that **NBGCS** uses the "best available technology" and commonly accepted industry standards, practices and procedures in the performance of its responsibilities to Client. Client agrees that **NBGCS** will not be held liable for future changes in industry standards, practices and procedures, nor for revelations or changes in technology.

Claims

Client agrees to pay **NBGCS**' costs (including attorney's fees) of defending itself against any claims Client or any third party makes against **NBGCS** related to the services performed pursuant to this Agreement that are not adjudicated to be valid.

Indemnity

In performing its services under this Agreement **NBGCS** shall be deemed to be acting as an independent contractor, and only to the extent and specific purposes set forth in this Agreement. Nothing herein shall, at any time, be construed as to create a relationship of employer and employee, partnership, principal and agent, or joint venture partner, between Client and **NBGCS**. **NBGCS** shall indemnify, defend, and hold harmless Client, its agents, and employees from and against any and all claims, costs, expenses, and liabilities of any kind or nature whatsoever (including attorney's fees and defense costs) arising from or in connection with **NBGCS** Parties' negligence or willful misconduct with performance of services or breach of warranty under this Agreement, other than those arising from the sole negligence or willful misconduct of Client, its agents, or employees.
The provisions of this section shall survive the expiration or earlier termination of this Agreement and completion or termination of the services under the Agreement.

Landscape Construction Services - We provide a full range of planting, irrigation and turf installation services. The Jungle has a C-27 certified Landscape Contractor. We are fully capable of proceeding on a design-build basis for any size project. The Jungle also specializes in the installation of water conserving irrigation techniques including drip systems, native and drought tolerant planting, turf, hydro-seeding and tree installation of any size or species. With its Class "A" General Engineering license, The Jungle is able to handle a full project scope from grading and drainage to trenching and concrete walkways. The Jungle has successfully undertaken landscaping projects for numerous governmental and quasi-governmental institutions such as LAUSD, the City of Los Angeles, the County of Los Angeles, the Los Angeles Community College District (LACCD), the City of Palos Verdes Estates, U.S.D.A. and the Figueroa Corridor Partners.

Tree Trimming & Tree Removal - The Jungle maintains a D-49 classification (Tree Service Specialty). Services include tree trimming and tree care (all species); Tree removal and relocation; and arbor preservation. The Jungle has had extensive experience removing wind or storm damaged specimens as it did for the City of Los Angeles Dept. of Recreation and Parks following the historic wind storms of 2011. A certified arborist is available at all times.

Site Preparation, Drainage, Sidewalk, Curb & Gutter – With a California Class "A" General Engineering license, The Jungle's range of general engineering services include building demolition and certified disposal; land clearing; rough and finished grading; trenching; sidewalk, curb, gutter and drainage installation. The Jungle also can design and install landscape drains, French drains, slope drains, storm water collection and cistern systems, bio-swales and retaining walls. The Jungle's clients for these services include, Restore Neighborhoods Los Angeles, the City of Los Angeles, U.S.D.A. and LAUSD.

Storm Water & Erosion Control Services - These services include initial SWPPP's (Storm Water Pollution Prevention Plan) compliant with federal and state law; installation of BMP's (Best Management Practices) including but not limited to sandbags, fiber rolls, silt fences, temporary slope drains, hydro-seeding, dust control and other temporary drainage measures. We also provide monitoring of SWPPP compliance along with preparation and submission of final reporting. As a general engineering firm, The Jungle brings a full range of expertise to each unique storm water or erosion challenge.

Brush Clearance/Fire Control – The Jungle is certified as a qualified fire brush clearance vendor by the Los Angeles County and Orange County Fire Departments. The Jungle's expert crews are fully familiar with applicable state and local fire codes as well as establishing "Defensible Space" for effective fire protection of property, life and the environment. The Jungle is currently under a multi-year contract with the City of Palos Verdes Estates and has performed these services extensively for other agencies such as the LAUSD.

Landscape/Site Maintenance –The Jungle provides a full range of maintenance services in concert with and as a compliment to it other capabilities. The Jungle's maintenance services include mowing and turf preservation; hedge trimming, weeding plant maintenance and irrigation; plant replacement and seasonal ornamental planting; tree trimming and tree replacement; irrigation system monitoring and maintenance; general groundskeeping; and parking lot sweeping. These services can be provided on nearly any scale. Maintenance packages are available in conjunction with other services such as landscaping, planting and irrigation.

Nursery - A full operating nursery with indoor and outdoor plant material including California Natives, drought tolerant specimens, succulents, turf and a wide selection of plants suitable to institutional buildings. The Jungle works extensively with local landscape professionals; provides delivery, installation and has available contract maintenance services for all material supplied and installed. Warranties on all plant materials are available.

Additional Classifications & Certifications - The Jungle certified as a SBA 8a business. It also is certified as SB (Small Business) by the State of California; DBE (Disadvantaged Business Enterprise) by LACMTA; a MBE (Minority-Owned Business Enterprise) by the City of Los Angeles; and a CBE (Community Business Enterprise) by the County of Los Angeles. Currently, The Jungle maintains full liability and workers compensation coverage for all projects, and currently, can secure project bonding up to $500,000.00.

The Jungle pays prevailing wages and as required will prepare certified payroll on all municipal or government-related projects.

General Terms & Conditions

NOTE: All contracts must be written to our legal corporate name "BC Rentals, Inc."

BC Rentals, Inc. requires a written contract, purchase order or signed quote prior to the start of work.

Any required Testing, Engineering, Design, Permits, Licenses or Applications, and the like to be provided by others.

Prices are based on Plans & Specifications available at bid time, including all addenda. Any request for work (post bid) under conditions differing from those represented by the Prime Contract Documents, including but not limited to; altered phasing or staging, design changes, modified layout resulting from plan errors or inaccurate designs, will require payment for additional work to be made to BC Rentals, Inc. at an amount agreed upon prior to performing this work. If an amount cannot be agreed upon prior to performing the additional work the amount will be determined using Caltrans Force Account Rates or unit prices established in the bid pricing schedule, or a combination thereof; whichever method results in a higher overall payment.

BC Rentals, Inc. is not responsible for delays caused by and or resulting from activities or non activities of others, including but not not limited to, owner, contractor, vendors, suppliers, other subcontractors and other factors not in direct control of BC Rentals, Inc. For the delays caused by the aforementioned, BC Rentals, Inc. will be reimbursed for all direct and indirect costs plus a mark up of forty percent (40%), or as specified and allowed by the Prime Contract if the delays are caused by the Owner / Agency. BC Rentals, Inc. will be granted an extension of time to perform its work tantamount to the delays.

BC Rentals, Inc. requires fifteen (15) working days notice prior to commencement of any production activity. If any of BC Rentals, Inc. work will be a controlling operation on the critical path of this project, BC Rentals, Inc. must be notified in writing prior to execution of the Subcontract Agreement and provided with a CPM schedule which details this work. Failure to provide this information will waive the Contractor's right to recover liquidated damages from BC Rentals, Inc. for this work.

All changes to the original scope of work or proposed extra work must be directed by the Contractor in writing prior to BC Rentals, Inc. performing this work.

For the purpose of this Subcontract Quotation one (1) move-in is considered to be: a period of consecutive eight (8) hour days of continuous work, not including weekends and holidays. Any discontinuities in this period, other than weekends and holidays, or for our own convenience, will be charged as an additional move-in at the Addition Move-in Charge as quoted herein.

BC Rentals, Inc. must receive a letter of intent to award us the subcontract no later than (30) calendar days after bid date or this Subcontract Quotation becomes null and void. Also, This quote shall become a part of any and all subcontract agreements and / or purchases orders related to the project. Violation of this action can nullify this proposal.

CAPABILITIES

Landscape Construction Services - We provide a full range of planting, irrigation and turf installation services. The Jungle has a C-27 certified Landscape Contractor. We are fully capable of proceeding on a design-build basis for any size project. The Jungle also specializes in the installation of water conserving irrigation techniques including drip systems, native and drought tolerant planting, turf, hydro-seeding and tree installation of any size or species. With its Class "A" General Engineering license, The Jungle is able to handle a full project scope from grading and drainage to trenching and concrete walkways. The Jungle has successfully undertaken landscaping projects for numerous governmental and quasi-governmental institutions such as LAUSD, the City of Los Angeles, the County of Los Angeles, the Los Angeles Community College District (LACCD), the City of Palos Verdes Estates, U.S.D.A. and the Figueroa Corridor Partners.

Tree Trimming & Tree Removal - The Jungle maintains a D-49 classification (Tree Service Specialty). Services include tree trimming and tree care (all species); Tree removal and relocation; and arbor preservation. The Jungle has had extensive experience removing wind or storm damaged specimens as it did for the City of Los Angeles Dept. of Recreation and Parks following the historic wind storms of 2011. A certified arborist is available at all times.

Site Preparation, Drainage, Sidewalk, Curb & Gutter – With a California Class "A" General Engineering license, The Jungle's range of general engineering services include building demolition and certified disposal; land clearing; rough and finished grading; trenching; sidewalk, curb, gutter and drainage installation. The Jungle also can design and install landscape drains, French drains, slope drains, storm water collection and cistern systems, bio-swales and retaining walls. The Jungle's clients for these services include, Restore Neighborhoods Los Angeles, the City of Los Angeles, U.S.D.A. and LAUSD.

Storm Water & Erosion Control Services - These services include initial SWPPP's (Storm Water Pollution Prevention Plan) compliant with federal and state law; installation of BMP's (Best Management Practices) including but not limited to sandbags, fiber rolls, silt fences, temporary slope drains, hydro-seeding, dust control and other temporary dralnage measures. We also provide monitoring of SWPPP compliance along with preparation and submission of final reporting. As a general engineering firm, The Jungle brings a full range of expertise to each unique storm water or erosion challenge.

Brush Clearance/Fire Control – The Jungle is certified as a qualified fire brush clearance vendor by the Los Angeles County and Orange County Fire Departments. The Jungle's expert crews are fully familiar with applicable state and local fire codes as well as establishing "Defensible Space" for effective fire protection of property, life and the environment. The Jungle is currently under a multi-year contract with the City of Palos Verdes Estates and has performed these services extensively for other agencies such as the LAUSD.

Landscape/Site Maintenance –The Jungle provides a full range of maintenance services in concert with and as a compliment to it other capabilities. The Jungle's maintenance services include mowing and turf preservation; hedge trimming, weeding plant maintenance and irrigation; plant replacement and seasonal ornamental planting; tree trimming and tree replacement; irrigation system monitoring and maintenance; general groundskeeping; and parking lot sweeping. These services can be provided on nearly any scale. Maintenance packages are available in conjunction with other services such as landscaping, planting and irrigation.

Nursery - A full operating nursery with indoor and outdoor plant material including California Natives, drought tolerant specimens, succulents, turf and a wide selection of plants suitable to institutional buildings. The Jungle works extensively with local landscape professionals; provides delivery, installation and has available contract maintenance services for all material supplied and installed. Warranties on all plant materials are available.

Additional Classifications & Certifications - The Jungle certified as a SBA 8a business. It also is certified as SB (Small Business) by the State of California; DBE (Disadvantaged Business Enterprise) by LACMTA; a MBE (Minority-Owned Business Enterprise) by the City of Los Angeles; and a CBE (Community Business Enterprise) by the County of Los Angeles. Currently, The Jungle maintains full liability and workers compensation coverage for all projects, and currently, can secure project bonding up to $500,000.00.

The Jungle pays prevailing wages and as required will prepare certified payroll on all municipal or government-related projects.

ITEM 6: JOB SITE MANAGEMENT:

- Option 1: Project specific JSM binder that an experienced Water Pollution Control Manager can use to assist them in meeting the project's Job Site Management requirements.
- Option 2: Weekly Inspections by a Caltrans certified QSP. Any Quarterly Reports are included in Weekly Inspection and no additional charge will be added. Pre-storm, during storm, and post-storm inspection. QSP shall observe site during extended rain event. Photographs will be taken during all inspections and included in all applicable reports.

ITEM 7: PREPARE SWPPP:

Consultant shall prepare project Storm Water Pollution Prevention Plan (SWPPP). The SWPPP shall be prepared, signed, and stamped by a Caltrans certified Qualified SWPPP Developer (QSD). Risk Level 1 and Risk Level 2

REAP:

Rain Event Action Plan work to include:

Preparing and submitting REAP forms and monitoring weather forecasts. The WPC Manager will submit a REAP to protect the jobsite at least 48 hours before predicted rain event. Prepare a REAP when the National Weather Service is predicting at least a 50% probability of precipitation within 72 hours. The REAP shall use approved forms and include:

- Site location, risk level, contact information including 24 hour emergency phone numbers.
- Storm Information
- Construction phase information

A REAP will be issued to the WPC Manager 48 hours before predicted rain event in order to satisfy the requirement of having the REAP on site 24 hours before the predicted rain event. Please see scope in Storm Water Sampling and Analysis Day for during event inspections. Pre and post inspections see item CSM, option 2.

Consultant shall provide a Cal Trans Certified QSP to perform water sampling and provide inspection for WPC practices identified in the SWPPP.

Includes preparation, collection, analysis, and reporting of storm water samples for turbidity, pH, and other constituents specified in the SWPPP. When there is a qualified rain event that produces runoff, comply with the project's SAP for preparation, collection analysis, and reporting of storm water samples. Samples will be collected during first 2 hours of qualified rain event that produces runoff, and normal working hours.

STORM WATER ANNUAL REPORT

Preparation to include: certifications, monitoring and inspection results, obtaining Storm Water Annual Report Acceptance.

Storm water monitoring information including:

- Summary and evaluation of sampling and analysis results including laboratory reports.
- Analytical methods, reporting units, detection limits for analytical parameters.
- Summary of corrective actions
- Identification of corrective actions or compliance activities that were not implemented.
- Summary of violations
- Names of individuals performing storm water inspections and sampling
- Logistical information for inspections and sampling including location, date, time, and precipitation.
- Visual observations and sample collection records.

Include documentation on training.

If you would like a detailed breakdown of each item, or if you have any questions, please contact me at **(949) 394-1980**. The quote is a personalized and private bid for your company.

We look forward to working with you.

Landscape • Earth Services • Tree Care • Nursery

California License No. 957522
Classifications: A, C27, D49
SBA 8a, DBE, MBE, CBE, SB

CAPABILITIES

Landscape Construction Services - We provide a full range of planting, irrigation and turf installation services. The Jungle has a C-27 certified Landscape Contractor. We are fully capable of proceeding on a design-build basis for any size project. The Jungle also specializes in the installation of water conserving irrigation techniques including drip systems, native and drought tolerant planting, turf, hydro-seeding and tree installation of any size or species. With its Class "A" General Engineering license, The Jungle is able to handle a full project scope from grading and drainage to trenching and concrete walkways. The Jungle has successfully undertaken landscaping projects for numerous governmental and quasi-governmental institutions such as LAUSD, the City of Los Angeles, the County of Los Angeles, the Los Angeles Community College District, (LACCD), the City of Palos Verdes Estates, U.S.D.A. and the Figueroa Corridor Partners.

Tree Trimming & Tree Removal - The Jungle maintains a D-49 classification (Tree Service Specialty). Services include tree trimming and tree care (all species); Tree removal and relocation; and arbor preservation. The Jungle has had extensive experience removing wind or storm damaged specimens as it did for the City of Los Angeles Dept. of Recreation and Parks following the historic wind storms of 2011. A certified arborist is available at all times.

Site Preparation, Drainage, Sidewalk, Curb & Gutter – With a California Class "A" General Engineering license, The Jungle's range of general engineering services include building demolition and certified disposal; land clearing; rough and finished grading; trenching; sidewalk, curb, gutter and drainage installation. The Jungle also can design and install landscape drains, French drains, slope drains, storm water collection and cistern systems, bio-swales and retaining walls. The Jungle's clients for these services include, Restore Neighborhoods Los Angeles, the City of Los Angeles, U.S.D.A. and LAUSD.

Storm Water & Erosion Control Services - These services include initial SWPPP's (Storm Water Pollution Prevention Plan) compliant with federal and state law; installation of BMP's (Best Management Practices) including but not limited to sandbags, fiber rolls, silt fences, temporary slope drains, hydro-seeding, dust control and other temporary drainage measures. We also provide monitoring of SWPPP compliance along with preparation and submission of final reporting. As a general engineering firm, The Jungle brings a full range of expertise to each unique storm water or erosion challenge.

Brush Clearance/Fire Control – The Jungle is certified as a qualified fire brush clearance vendor by the Los Angeles County and Orange County Fire Departments. The Jungle's expert crews are fully familiar with applicable state and local fire codes as well as establishing "Defensible Space" for effective fire protection of property, life and the environment. The Jungle is currently under a multi-year contract with the City of Palos Verdes Estates and has performed these services extensively for other agencies such as the LAUSD.

Landscape/Site Maintenance –The Jungle provides a full range of maintenance services in concert with and as a compliment to it other capabilities. The Jungle's maintenance services include mowing and turf preservation; hedge trimming, weeding plant maintenance and irrigation; plant replacement and seasonal ornamental planting; tree trimming and tree replacement; irrigation system monitoring and maintenance; general groundskeeping; and parking lot sweeping. These services can be provided on nearly any scale. Maintenance packages are available in conjunction with other services such as landscaping, planting and irrigation.

Nursery - A full operating nursery with indoor and outdoor plant material including California Natives, drought tolerant specimens, succulents, turf and a wide selection of plants suitable to institutional buildings. The Jungle works extensively with local landscape professionals; provides delivery, installation and has available contract maintenance services for all material supplied and installed. Warranties on all plant materials are available.

Additional Classifications & Certifications - The Jungle certified as a SBA 8a business. It also is certified as SB (Small Business) by the State of California; DBE (Disadvantaged Business Enterprise) by LACMTA; a MBE (Minority-Dwned Business Enterprise) by the City of Los Angeles; and a CBE (Community Business Enterprise) by the County of Los Angeles. Currently, The Jungle maintains full liability and workers compensation coverage for all projects, and currently, can secure project bonding up to $500,000.00.

The Jungle pays prevailing wages and as required will prepare certified payroll on all municipal or government-related projects.

Health & Safety and Environmental Compliance & Mitigation Services Proposal

FEBRUARY 13TH, 2013

NBG Construction Services Proposal No. 0213-01

Environmental Compliance & Mitigation

Contract No. 08-0P8604

[redacted]

PROJECT DESCRIPTION

For **Contract No. 08-0P8604**
NBGCS's responsibility consists of Environmental Compliance and Mitigation that will include:

- Development of the Lead Compliance Plan
- Development of the Excavation and Transportation Plan
- Development of the Storm Water Pollution Prevention Plan

SCOPE

Lead Compliance Plan

NBGCS will prepare a project-specific lead compliance plan to prevent or minimize worker exposure to lead while handling material containing aerially deposited lead or lead containing material from any source. The Lead Compliance Plan will contain the elements listed in Title 8, California Code of Regulations, section 1532.1(e)(2)(B), and will be signed by an Industrial Hygienist certified in Comprehensive Practice by the American Board of Industrial Hygiene.

Excavation and Transportation Plan

NBGCS will prepare a written, project-specific, Excavation and Transportation Plan establishing the procedures the Contractor will use to comply with requirements for excavating, stockpiling, transporting, and placing (or disposing) of material containing aerially deposited lead. The plan shall conform to the regulations of the DTSC and Cal-OSHA. The sampling and analysis portions of the Excavation and Transportation Plan shall meet the requirements for the design and development of the sampling plan, statistical analysis, and reporting of test results contained in USEPA, SW 846, "Test Methods of Evaluating Solid Waste," Volume II: Field Manual Physical/Chemical, Chapter Nine, Section 9.1. The sampling plan will include all elements as stated required in the RFP.

SWPPP (Storm Water Pollution Prevention Plan)

Below is a brief description of the services NBGCS will provide. NBGCS will assign properly trained personnel with significant experience developing and managing SWPPP compliance for industrial and construction projects of varying complexity. This project will be managed by Mr. Mark Drollinger. Mr. Drollinger is a certified California Qualified Storm Water Developer (QSD).

Develop the SWPPP Program

NBGCS will develop project specific SWPPP's based on the representative county's model. To customize each SWPPP, NBGCS will conduct a project inspection of each phase of work to evaluate surface run-off areas, storage, handling, maintenance, disposal practices and specific testing requirements for the specific receiving water shed.

NBGCS will provide services related to maintaining the Regional Water Quality Control Board's Storm Water Multiple Application and Report Tracking System (SMART) database.

[redacted]

Provide Training of SWPPP Inspection and Reporting Requirements

NBGCS will provide specific project training sessions for designated **Granite Construction Company** personnel who will have respansibility far managing the SWPPP and documenting inspections of the project-specific Best Management Practices (BMPs). A Rain Event Action Plan (REAP) is to be developed by a qualified storm water practitioner (QSP) and is required at least 48-hours before a qualified rain event. Assigned **Granite Construction Company.** staff will be responsible for following the REAP as well as daily and weekly visual inspections of the BMPs; and before and during rain events. Repairs to any BMP's are ta be completed within 72 haurs of discovery. Most inspection requirements are reported annually, but more frequent visual inspections of the BMPs are itself a BMP.

Per the General Permit, and prepared SWPPP, documented visual inspections of the project should be performed weekly; prior to forecast rain events, at 24 hour intervals during extended rain events, and after rain events causing visible runoff. and quarterly inspections for nan-storm water BMPs.[1] **NBGCS** will be available on a time and materials basis to assist in implementation af the SWPPP program.

COMPENSATION

Lead Compliance Plan (Fixed Fee)	**$2,500.00**
Excavation And Transportation Plan (Fixed Fee)	**$2,500.00**
SWPPP	**$4,000.00-7,500.00**

Additional Services will be billed in accordance with the attached Unit Price schedule

1
Per the Storm Water Permit, visual inspections are required prior to, every 24 hours during, and after a qualified rain event. The inspection prior to the rain event is to be conducted anytime there is a 50% chance or greater for rain. A qualified rain event is any storm that equals or exceeds 0.5-inches of precipitation. Storms separated by 48 hours or more are considered separate storm events and would have to be re-inspected.

ATTACHMENT "A" - TERMS AND CONDITIONS

Services

NBG Construction Services. (NBGCS) has developed the Project scope of services, schedule, and compensation based upon available information provided by the Client and various assumptions. The client acknowledges that based on actual conditions and circumstances encountered by NBGCS in performing their services that it may be necessary to adjust the schedule and compensation.

Additional Services

The Client and NBGCS acknowledge that additional services may be necessary for the Project to address issues that may not be known at the Project initiation, or that may be required to address circumstances that were not foreseen. In that event, NBGCS shall notify the Client of the need for additional services and the Client shall pay for such additional services in an amount and manner as the parties may subsequently agree.

Payment

Client will pay **NBGCS** for services and expenses in accordance with this agreement (understood to be comprised of NBGCS Proposal No. 042012-1 dated March 30, 2012, and these attached terms) upon receipt of written invoice from **NBGCS** for such services and expenses. Each invoice is payable and due upon presentation to the Client. Invoices are past due after 30 calendar days of receipt by Client of such invoices. Past due amounts are subject to a charge on the outstanding balance of ten percent (10%) per annum or the maximum amount permissible by law. Client agrees to pay **NBGCS'** reasonable attorney's fees and all other reasonable costs associated with the collection of outstanding fees. The Client's obligation to pay for the services contracted for is in no way dependent upon the Client's ability to obtain financing, payment from third parties, approval of governmental or regulatory agencies, or upon the Client's successful completion of the project. The Client shall remain obligated to pay **NBGCS** for the contracted services even though testing results and/or the report may contain conclusions unfavorable to the Client's interests.

Standard of Care, Warranty Disclaimer

NBGCS represents that it will perform services for Client using that degree of care and skill ordinarily exercised by, and consistent with the standards applicable to, persons performing similar services in such industry under similar conditions in the same locality as the project(s).

The Client acknowledges that **NBGCS** has neither created nor contributed to the creation or existence of any hazardous, radioactive, toxic, irritant, pollutant, or otherwise dangerous substances or conditions at the project, and **NBGCS'** compensation hereunder is not commensurate with the potential risk of injury or loss that may be caused by exposure to, contamination by, or the presence of such substances or conditions. Accordingly, the Client waives any claim against and agrees to indemnify and save **NBGCS**, its agents, and employees harmless to the extent allowed by law from any claim, liability or defense cost, including but not limited to reasonable attorney fees and other incidental costs for injury or loss sustained by any party, including the United States Government, from such exposures or from the presence of any such substance or condition at a project, allegedly arising out of or related to **NBGCS'** performance of services hereunder [other than as a result of the negligence or willful misconduct of **NBGCS**, its agents, or subcontractors, each **NBGCS** Party (collectively "**NBGCS** Parties")].

In the performance of the scope of services indicated hereunder, **NBGCS** will take reasonable precautions to avoid damaging buried structures and utilities. **NBGCS** will offer Client the opportunity to approve all projects for subsurface investigation and/or excavation in the field. Client assumes all liability for claims allegedly arising out of damage to buried structures and utilities of which Client did not promptly notify **NBGCS**, which were not properly located on plans furnished to **NBGCS** or which were not properly located by locating companies called to the project by or on behalf of Client to identify such structures and utilities.

Insofar as job project safety is concerned, **NBGCS** is responsible solely for **NBGCS** Parties' activities on the job project, but this shall not be construed to relieve Client or any independent construction contractors from their responsibilities for maintaining a safe job project. Neither professional activities of **NBGCS**, nor the presence of **NBGCS** Parties, shall be construed to imply **NBGCS** I has any responsibi lity for methods of work performance, supervision, sequencing of construction, or safety in, on or about the job project for third parties.
Client agrees to provide **NBGCS** I Parties' the right to enter from time to time property owned by Client in order for **NBGCS** to fulfill the scope of services indicated hereunder. Client agrees that any part or parcel of property to which **NBGCS** is not provided access will not be subject to claim by Client against **NBGCS** under this Agreement. Client further understands and agrees that **NBGCS** shall not be responsible to pay any costs incurred by Client to correct any damage to the surface of client's property caused by **NBGCS'** equipment except to the extent such damage was caused by negligence or willful misconduct of **NBGCS** Parties.

NBGCS is solely responsible for the performance of this Agreement and none of its directors, officers, employees or agents shall have any legal responsibility hereunder, whether in contract or tort, including negligence, except for acts of gross negligence, intentional torts, or willful misconduct.

NBGCS shall comply with all Federal, State, and local statutes, codes, laws, and administrative regulations for the services described in this Agreement.

Limitations of Method Reliability

The Client recognizes and agrees that all testing and remediation methods have reliability limitations and that no method nor number of sampling locations can guarantee that a hazard will be discovered if contamination or other evidence of the hazard is not encountered within the performance of the services as authorized. The Client further acknowledges and agrees that reliability of testing or remediation varies according to the sampling frequency and other service variables selected by the Client and that factors other than reliability, including cost, have been considered in the Client's selection of services. Client agrees that it has knowledgeably accepted these limitations and that **NBGCS** shall be considered to be at fault, but not liable only to the extent that the services selected by the Client are performed negligently or by willful misconduct.

[redacted]

Client recognizes that **NBGCS** uses the "best available technology" and commonly accepted industry standards, practices and procedures in the performance of its responsibilities to Client. Client agrees that **NBGCS** will not be held liable for future changes in industry standards, practices and procedures, nor for revelations or changes in technology.

Claims

Client agrees to pay **NBGCS'** costs (including attorney's fees) of defending itself against any claims Client or any third party makes against **NBGCS** related to the services performed pursuant to this Agreement that are not adjudicated to be valid.

Indemnity

In performing its services under this Agreement **NBGCS** shall be deemed to be acting as an independent contractor, and only to the extent and specific purposes set forth in this Agreement. Nothing herein shall, at any time, be construed as to create a relationship of employer and employee, partnership, principal and agent, or joint venture partner, between Client and **NBGCS**. **NBGCS** shall indemnify, defend, and hold harmless Client, its agents, and employees from and against any and all claims, costs, expenses, and liabilities of any kind or nature whatsoever (including attorney's fees and defense costs) arising from or in connection with **NBGCS** Parties' negligence or willful misconduct with performance of services or breach of warranty under this Agreement, other than those arising from the sole negligence or willful misconduct of Client, its agents, or employees.

The provisions of this section shall survive the expiration or earlier termination of this Agreement and completion or termination of the services under the Agreement.

Granite requests quotes from certified UDBE/DBE firms. Quotes will be broken down into comparable packages as reasonably necessary. Granite works with interested subcontractors to identify opportunities to breakdown items into economically feasible packages. Granite is an equal opportunity employer. Performance & Payment Bonds may be required. Subcontractors must possess a current contractor's license, insurance & worker's compensation coverage meeting Granite's requirements & will have to sign Granite's standard Subcontract Agreement. Joint party checks are available when requested. Contact the Estimator for a copy of Granite's insurance requirements or standard subcontract or if you need assistance obtaining bonding, insurance, equipment, materials and/or supplies. Plans & Specs can be reviewed at Granite's office.

_____Yes, we will quote this project. _____No, we will not quote this project.
