Thank you Tammy for the follow up.

I believe someone from our office has been collaborating with your company on another project (East Bay BRT- a 9 mile stretch of road). Are there any other current or anticipated bids for which our team could support OHL's traffic control needs?

Hello Kevin and Tammy,

Thank you again for the opportunity to collaborate with OHL on the upcoming CalTrans project ON550 Fenner Watson Bridge. Attached is a copy of our quote along with our SOQ. Apologize for the delay- I was on my way back from San Diego this today. Please let us know if there is anything else we can provide to you at this time.

I was opting in as a material supplier, not as a general contractor. If I clicked the wrong button at yoru site, I am sorry.

We are a material supplier on Joint Seal Assembly Items to the Contractor only.

ATTN: Estimating Department

RE: Caltrans 08-0Q3004 State Highway Route 138
CIDH Drilled Shafts
Hesperia, CA
MDCI Est. No. SC-15-550

Malcolm Drilling Co., Inc. (MDCI) is pleased to provide this Proposal for the installation of the Drilled Shafts on the above referenced project. Our proposal is based on the following unit prices, scope of work and attached Standard Conditions (Rev. 04/15).

PROPOSAL IS BASED UPON THE FOLLOWING INFORMATION PROVIDED BY OTHERS:

- Foundation Report for Double Drain Creek Bridge by Caltrans dated December 20, 2013
- Revised Foundation Report for Miner's Shack Creek Bridge dated February 4, 2014
- Drawings and Specs. by Caltrans dated September 11, 2015
- Addenda Nos. 1 thru 5

SCOPE OF WORK TO BE PERFORMED:

- Mobilization of equipment and tooling to site.
- Provide labor and equipment necessary to install (16 each) drilled shafts. The quantity includes 8, 84" drilled shafts and 8, 42" drilled shafts.
- Apply polymer slurry as needed.
- Stockpiling of spoils within operating swing radius of drill rig and drilled shaft locations (with continuous removal by prime contractor).
- Installation of the reinforcing steel cages (cages will be supplied by others).
- Furnish and install the drilled shaft concrete to the optional construction joint (CJ) elevation 12' below pile cutoff.
- MDCI will supply a concrete pump and place the concrete.
- Pump water/slurry displaced during concreting into MDCI supplied water storage tanks (Baker tanks) within 500 feet of drilled shaft locations.
- Supply and install integrity testing tubes, grout tubes after acceptance from Engineer as required.
- Supply and install Corrugated Metal Pipe (CMP) up to 1' larger than the CIDH pile and at least 5' below the CJ except at Pier 4 piles. CMP shall be backfilled with concrete slurry via tailgate.
- Supply and install 58' (finish grade to 5' below CJ) length of 120" 8 gauge Isolation Casing at each Pier 4 pile within a 132" drilled hole. CMP shall be backfilled with concrete slurry via tailgate.

Contractor's License No. 259543
DIR Public Works Contractor Registration No. 1000003389

Note: For providing Payment and Performance Bonds, if required, ADD: 1.0% of the contract amount.

CONSTRUCTION METHODS:

MDCI proposes to utilize open hole drilling in both wet and dry methods of construction, all in accordance with the contract plans and specifications. Corrugated metal pipes (CMP) will be installed at all the pier drilled shaft locations. All CMP will be backfilled with 2 sack slurry cement in lieu of grout and will be placed using the tailgate method unless groundwater is present. Hydrostatic head will be counteracted during drilling and polymer slurries are intended to be used for all wet pile conditions. The proposed means and methods are based upon our extensive experience with these techniques in similar subsurface conditions.

BID ASSUMPTIONS:

Mobilization:

- This proposal is based on one mobilization(s) of the drilled shaft crew to the site with continuous work. MDCI assumes all shafts will be constructed in a single phase(s). Any additional mobilizations shall be treated as extra work and shall be at the rate above.

Equipment Provided by MDCI:

- 1 Each Track-Mounted Drill Unit.
- 1 Each Main Service Crane.
- 1 Each Concrete Pump.
- 1 Each Forklift.

SEQUENCE & SCHEDULE:

- MDCI will work 5 days per week (Monday thru Friday), approximately 9 hours per day (7 AM to 4 PM).
- MDCI has assumed that the work will take roughly six weeks. These durations do not include mobilization.
- MDCI has assumed up to 4 days to move equipment between pier locations. Additional trucking has been included for 1 relocation between Abutment locations at the Double Drain Creek Bridge.

ACCESS & UTILITIES:

- Clear access/egress shall be provided for MDCI to do its work. It's our assumption that any and all utilities that may conflict with Drilled Shaft installation must be removed or relocated prior to MDCI's work. It has been assumed that there shall be no low overhead shafts on this project and a minimum working pad of 30' on one side of drilled shaft will be provided.
- Prime Contractor shall provide suitable locations to allow MDCI to complete its work and staging (for material, tooling, drill unit, concrete boom pump, concrete trucks, cranes, etc.). Minimum staging area requirements are 100 feet by 100 feet.
- Drilled shaft installation work is to be performed prior to performance of any structural excavation, unless otherwise agreed to in writing. If structural excavation is performed before shaft installation, Prime Contractor shall be responsible for any required cleanup of drill spoils from excavation, re-trimming or fine grading the of bottom of excavations, cleaning sloughage from excavation side walls, and installing

or removing overbreak concrete from outside the neat lines of structural excavation.

- It is assumed that the Abutment piles at Double Drain Creek Bridge will be drilled from bottom of pile cap elevation.
- It is assumed that the Pier piles at Miners Shack Creek & Double Drain Creek will be drilled from a maximum of 2' above pile cutoff elevation except for the Pier 4 piles at Double Drain Creek.
- It is assumed that Pier 4 piles at Double Drain Creek will be drilled from El. 3588 and will include the 120" x 58' length Isolation Casing to allow for column cage setting and forming by others.

TECHNICAL:

- Tolerance for Drilled Shaft installation will be a horizontal location tolerance of 3 inches and a vertical plumbness tolerance of 1.5% per ACI 336.
- MDCI has assumed a concrete mix design that includes 9.5 sack cement, 3/8" aggregate size and 6% air as required in freeze-thaw environments. The sack content

SUPPLIED BY OTHERS:

- Spoil removal, including removal of excess concrete, shall be done in a timely manner so as not to interfere or slow production of the drilled shafts in any way.
- Wheel wash is to be installed and maintained by others.
- Rebar cages shall be supplied full length. No down time for splicing has been accounted for. All rebar cages shall be either fabricated or delivered adjacent to drill shaft locations within picking distance of MDCI's cranes.
- Rebar cages must be adequately tied and sufficiently braced so they will retain their shape during handling, lifting placing of concrete and casing withdrawal. All rebar cages must be jointly inspected on-site by the Prime Contractor, rebar Subcontractor and MDCI to ensure full compliance with MDCI's picking plan. For bidding purposes, MDCI has assumed the following minimum requirements:

  Four (4) each bars tied 100% with double wire and the remaining hoop to vertical intersections tied at a minimum 50% uniformly distributed of the entire length of the rebar cage. Adequate cross bracing must be installed to handle the lifting forces during the cage picks.

CONTRACTUAL:

- MDCI assumes borings to be accurate and material encountered shall be the same as borings represent.
- All obstructions and utilities (including overhead) are to be removed or relocated prior to the commencement of MDCI's work.
- Our estimate has been prepared with current pricing and availability provided by our suppliers. However, due to the current construction climate, we reserve the right to adjust the material costs presented herein to reflect the actual material costs at the time of notification to proceed, as the actual material costs are beyond our control.
- During the work, progress payments shall be made at least monthly. Progress payments shall include reimbursement of costs for all materials that have been purchased and/or satisfactorily fabricated, even if they have not yet been installed. Interest or late fees will be charged on all past due accounts, at 10% per annum. Retention, if withheld, shall be limited to no more than 5% of MDCI's earned payments. Full payment for MDCI work

shall be made within 45 days after completion and acceptance of that work. No payments shall be made with joint checks unless authorized in writing by MDCI. Payment of retention shall not be conditioned on payment from Owner.

SPECIFIC EXCLUSIONS:

While the attached Standard Conditions (Rev. 04/15) apply to this project, we wish to specifically emphasize the following exclusions:

- Field engineering, surveying and layout, including clearly marked center lines, grades, and offset stakes. Survey monuments and maintenance of same is excluded.
- Settlement and vibration monitoring.
- Removal, verification, (including potholing by others), protection (including capping of side sewer laterals), or relocation of utilities.
- Safe access/egress including dry, level, firm, work platform for the entire site is required to be provided by others, including all-weather benches and ramps.
- Prime Contractor shall provide protection and repair, if needed, of any driveways, paved roadways, sidewalks, or other finished/unfinished areas.
- Clearing, grubbing and any demolition.
- Any earthwork, including but not limited to any structural excavation, backfill, grade restoration, re-grading of pad or work areas, or finished grades after completion of shaft installation.
- Spoils handling, removal, disposal, including street cleaning and any ventilation and dust control measures.
- Trash bins or any disposal of non-salvaged materials.
- Concrete, slurry and/or grout washout areas and disposal.
- Site dewatering, if required, before and during MDCI's work to prevent hydrostatic head that interferes with progress of work.
- Handling and disposal of any waste water generated during our operations.
- Flagging, traffic / pedestrian control; including any installation, removal or replacement of traffic control barricades, signs or other measures required for MDCI work operations.
- Water Source (hydrant, water truck). Water source must be capable of supplying up to 50,000 gallons per day to the drilled shaft work so as to keep up with excavation rates.
- Obstructions to drilling (boulders, debris, existing structures, etc.).
- Overhead obstructions (buildings, trees, utility lines, etc.).
- Cut-off or removal of any CMP, casing shoring or permanent casing.
- Curing of drilled shaft tops or construction joints, laitance removal and trimming of up to 6 inches of over-poured shaft concrete to design cut-off elevation or construction joint location.
- Forming, sandblasting, placement of dowels, anchor bolts and keyways.
- Rebar and Column Cages and required temporary lateral support.
- Storm water pollution prevention plans or measures.
- Site security to ensure there is no damage to or theft of MDCI's equipment and tooling.
- Sanitation facilities.
- LEED specific material requirements or compliance (lagging, steel material, concrete waste, etc.).
- Night work, including lighting.
- Any proposed subcontract provision which allows Prime Contractor to take-over MDCI's

equipment, plant or tooling.

- Any proposed subcontract provision which requires MDCI to defend, indemnify and insure Prime Contractor / Owner in excess of MDCI's proportionate share in the total fault causing the loss or damage.
- Parking for crew.
- As-built drawings.
- Non-destructive testing (CSL, Gamma Gamma, etc.).
- Cost or charges associated with electronic billing/payment services (costs/charges to be borne by Prime Contractor or invoiced by MDCI as extra work).
- Payment and performance bonds.
- Permits.
- Sales tax.

We look forward to working with you on this project. Please contact me at 626-430-1767 or by fax at 626-338-7113 if I can be of further assistance or if further clarification is required.

Sincerely,

Bid No. SC-15-550

Job Name: CT 08-0Q3004 Rt. 138

MALCOLM DRILLING CO., INC. (MDCI) STANDARD CONDITIONS

This proposal is based upon the following conditions, exclusions and requirements.

1. **PRIME CONTRACTOR COORDINATION AND SUPPORT.** Throughout the project, the Prime Contractor shall be responsible for providing MDCI with each of the following, which are excluded from MDCI's scope of work:

   a. coordinating all work of other contractors and suppliers so as not to hinder, interfere with or delay MDCI work;

   b. all required soil, concrete and materials testing, and inspection;

   c. suitable areas on or adjacent to the site for MDCI's office, storage of materials and equipment and fabrication of materials.

   d. protection (including capping side sewer laterals), location (including potholing), relocation, removal, and/or repair of all pavement, sidewalks, conduits, wires, pipelines and other utilities, whether underground or overhead, in the project area and on adjacent property, as required to prevent interference with MDCI's work;

   e. furnishing water, sanitary facilities and electrical power, in such quantity and quality as required by MDCI and available within 200 feet of each work location.

2. **EXCLUSIONS.** Unless otherwise stated in the accompanying proposal, the following items of work are excluded from MDCI's scope and shall be paid for as additive change orders if required:

   a. removal of subsurface obstructions of any kind that were not disclosed in the project soils information provided to MDCI at bid time;

   b. removal of materials after they have been installed, except when such removal is caused by MDCI defective work;

   c. unscheduled overtime required by Owner and/or Prime Contractor;

3. **SCHEDULE.** Time is of the essence in this agreement. Prime Contractor and MDCI shall adhere to a mutually agreed upon schedule. Prime Contractor shall provide workmen, materials, and supervision as needed to expedite the work to meet or exceed the project schedule.

4. **DELAYS.** If MDCI is delayed by Owner and/ or Prime Contractor, or anyone else under their control, MDCI shall be entitled to equitable compensation and time extension.

5. **HAZARDOUS MATERIALS.** MDCI shall not be required to remove, transport or dispose of hazardous substances or contaminated materials (as designated by any government agency). Before MDCI's work begins, Prime Contractor shall disclose in writing all information it has and can obtain from Owner regarding hazardous and contaminated materials at the project site. Prime Contractor shall arrange for all tests, inspections, and notices required by law.

   The encountering of any hazardous substance or contaminated material that affects MDCI's work shall constitute a differing site condition for which MDCI shall be entitled to equitable price and schedule adjustments. If such a condition is discovered, MDCI shall be entitled to stop all affected work and shall have no obligation to perform investigation or remedial work. Prime Contractor shall immediately arrange for investigation of the condition and give prompt notice as to how it will be handled. If the Prime Contractor certifies that the condition is alleviated and directs MDCI to proceed, MDCI may require the Prime Contractor to provide insurance with mutually agreed policy limits to cover any personnel health risks and remediation liabilities to which MDCI may thereby be exposed.

   Prime Contractor shall indemnify, hold harmless, and defend MDCI and its officers, employees, subcontractors of any tier, suppliers, and consultants from and against any liability, claim, loss, or expense (including legal and expert expenses) arising out of the existence, encountering, handling, disposal, release, or remediation of any hazardous substance or contaminated material other than materials brought to the site by MDCI.

6. **LIMITATIONS ON DAMAGES.** MDCI will accept a reasonable amount for liquidated damages proportionate to MDCI's contract value. MDCI shall under no circumstances be liable to Owner and/or Prime Contractor or to any of Owner's and/or Prime Contractor's employees, contractors or consultants for any indirect, consequential, or exemplary damages.

7. **DIFFERING SITE CONDITIONS.** Notwithstanding any other provision in any contract documents, MDCI shall be entitled to an equitable adjustment to its price and schedule whenever its work is adversely affected by encountering any latent condition at the project site that differs from conditions (a) indicated by the Contract documents or soils data furnished to MDCI at bid time, or (B) ordinarily encountered and generally recognized as inherent in work of the character provided in the Contract.

8. **INDEMNITY.** MDCI shall defend and indemnify Prime Contractor and Owner (each an "Indemnitee") with respect to any claim against it for loss or damage negligently or intentionally caused by MDCI, its subcontractors or agents in the performance of work under this contract, but only in the same proportion as that causation bears to the whole of the causation, including that attributable to the Indemnitee on the basis of either active or passive liability or fault, giving rise to such loss or damage. These proportions of causation shall be determined upon the resolution of such claim, and Indemnitee shall repay to MDCI that part, if any, of the costs of Indemnitee's defense or indemnity provided by MDCI that is in excess of MDCI's proportionate share of such causation.

9. **INSURANCE.** MDCI shall maintain in place, throughout the performance of its work hereunder, worker's compensation coverage as required by law, and commercial general liability insurance, for bodily injury and property damage coverage (without the exclusion for explosion, collapse and underground loss), with a single occurrence limit of $1 Million. MDCI shall only be required to provide such coverage to the extent of MDCI's share in the total fault causing loss or damage.

10. **LIMITS ON CONDOMINIUM CONVERSION.** If the owner elects to convert a project to condominiums, the owner will provide Condominium Conversion Insurance prior to any such conversion. This insurance will cover the contractor and its subcontractors retroactively to the commencement of construction with a tail through the Statute of Limitations.

    Owner and contractor will defend, indemnify and hold MDCI harmless from any claims by a Condominium Association for damages arising from or connected with the sale or construction of any condominium property.

11. **ENTIRE AGREEMENT.** These general conditions and attached bid proposal comprise the parties' entire agreement for the work. They supersede all prior and contemporaneous written or verbal agreements and representations relating to the work, and these conditions may only be amended by a mutually signed written instrument.

12. **DISPUTES.** In the event of a claim or dispute between MDCI and Prime Contractor arising out of or in any way relating to this contract or the work to be performed hereunder, the parties shall first attempt to resolve it through mediation conducted by a single mediator, to be selected by the parties and compensated equally by them. Only those claims or disputes, if any, which are not resolved by such mediation shall be submitted to binding arbitration before a single arbitrator selected by the parties or, if they are unable to agree, by a court of competent jurisdiction. That arbitration shall be conducted under the arbitration statutes of the state in which the work is to be performed, or under such other rules of arbitration as the parties may agree. The prevailing party in such arbitration shall be entitled to recover from the other party, in addition to any other damages awarded, all of its reasonable attorneys' fees, expenses, experts' and consultants' charges, and the costs of the arbitration.

13. **PRECEDENCE.** These conditions shall be attached to and become part of the contract and shall take precedence over any conflicting provisions.

14. **EXPIRATION.** Unless specified otherwise, this bid quotation shall not remain in effect after 30 days of the bid date unless accepted in writing or by Contract.

Bid Item: 74- Prestressing CIP Concrete
Bid Date: Feb. 25, 2016, 2:00PM

Gentlemen:
DSI is pleased to offer our Post-tensioning Quotation for the referenced project. This quotation is based on "Standard Subcontract Provisions" and covers supply of materials, equipment and labor to install, stress and grout the post-tensioning per Plans and Specifications, with completion of all subcontract work by mid-year 2018, as per the following:

Item # 74- Prestressing CIP Concrete: Lump Sum $ 311,200.00

INCLUDED in this price:
1) Furnish FOB jobsite post-tensioning materials: anchorages with rebar spiral attached, conduit, prestressing strand and grout materials. All materials are of domestic origin.
2) Labor and equipment for the installation of anchors, conduit, strands, stressing and grouting.
3) Post-tensioning shop drawings and stressing calculations.
4) Move-in's as required.
5) Attachment's "A" & "B" are part of this proposal.

EXCLUDED, provided by Contractor:
1) Compressed air (200cfm) and electrical power (110V).
2) Water suitable for grouting to point of use.
3) Secured on-site storage area for material and equipment.
4) Traffic control, lighting, waste bin/container and disposal of waste as required.
5) Safe access to structure and working areas for men and equipment; secured and adequate in-place work platforms, ladders, ramps and scaffolds; rebar caps in-place to insure the safety of workers above exposed vertical steel reinforcing bars.
6) Formwork and blockouts adequate to support anchors with bolt holes for anchor attachment and holes to pass tool to check duct clearance.
7) All concrete that may be required for flares, anchor zones, and concrete cover.
8) Supply & installation of all reinforcing steel per Contract Plans and adjustment to reinforcement to obtain unrestricted clearance for duct and post-tensioning system installation and stressing equipment.
9) Contractor to provide unloading and reloading of trucks at jobsite and hoisting to and from superstructure as required for the support of the work.
10) DSI will check duct clearance during and immediately after installation. Contractor to check duct clearance during and after concrete placement and to make necessary corrections to provide clear ducts for strand installation. DSI to perform air testing of tendons prior to grouting, contractor to repair all leaks and costs for subsequent air tests attributed to concrete consolidation, form holes or any other concrete related deficiencies.
11) Certified laboratory testing of grout for quality control per specification.

DYWIDAG SYSTEMS INTERNATIONAL USA, INC.

ATTACHMENT A

CONDITIONS:

1) Progress and payment schedule as per the following subcontract activities with percentages representative of the value of the subcontract price proportioned per structure, frame or stage: 5% upon submittal of shop drawing, 25% on installation of anchorages and ducts, 50% on installation of prestressing strand, 10% upon completion of stressing operations and 10% when grouting is complete.
2) Progress payments to DSI will be made monthly as invoiced with no deduction of retention. Joint checks are required where DSI participated as a second tier subcontractor.
3) Terms are net 30 days. All sums not paid when due shall bear an interest rate of 1½% per month or the maximum legal rate permitted by law whichever is less; and all costs of collection, including attorney's fees, shall be paid by Contractor. DSI retains the right to stop work if amounts due are not paid within 10 days after DSI's written reminder.
4) No provision of the subcontract shall serve to void DSI's entitlement to payment for work properly performed or suitably stored materials or to require DSI to continue performance if payments are due but not made to DSI. No provision of the subcontract will restrict DSI's lien or other rights.
5) No backcharges will be valid without the subcontractor's written agreement at time of occurrence.
6) Work to be performed during DSI's regular working hours (8 hrs per day) and with a number of move-in(s) as indicated in DSI's proposal. All work performed outside of such hours and all additional move-in(s) due to reasons beyond DSI's control shall be charged at a rate or amount agreed upon by the parties at the time overtime is authorized.
7) Quotation is based on acceptance of DSI's standard insurance policy containing the following coverages:

Coverage	Limits
General Liability	$1,000,000/occ-2,000,000/agg
Product Liability	$1,000,000/occ-2,000,000/agg
Automobile Liability	$1,000,000
Employee Liability	$1,000,000

Costs for additional coverage, if obtainable, and Railroad Protective Insurance are not included in this proposal and will be billed separately.

8) Local property taxes are paid by Contractor for DSI equipment and materials on the project, if required.
9) This quotation is valid for 30 days from date of quotation. Written acceptance or letter of intent must be received within this period.
10) Terms and conditions of the Contract between Owner and Contractor are incorporated into this subcontract only insofar as specific clauses or paragraphs are expressly agreed upon between Contractor and Subcontractor. Use of the Contractor's subcontract form is subject to mutually agreed-upon clarifications and changes. If any of the Contractor's terms or conditions are in conflict with the above paragraphs the stipulations of these Subcontractor Conditions shall govern. Contractor agrees with the above by signature hereon as indicated or by permitting Subcontractor to commence work for the project.

EXCLUSIONS:

- Cost of permits & bonds (bond rate = 1.5%) Bond provided upon receipt of payment for cost of bond.
- Liquidated damages
- Testing, inspections

Very truly yours,

Rev 9/26/12

DSI TERMS AND CONDITIONS OF SALE AND SERVICE v.1 112012
ATTACHMENT B

DEFINITIONS:
"*Buyer*" -the party who will purchase Material and/or Services from DSI;
"*Conditions*" - these Terms and Conditions of Sale and Service;
"*Contract*" - means the contract between Buyer and DSI for the supply of Material and/or Services which shall comprise these Conditions and the Order;
"*DSI*" - either Dywidag Systems International USA, INC. or Dywidag Systems International Canada LTD.
"*Material*" - goods of any description to be supplied to Buyer by DSI;
"*Order*" - means i) Buyer's instruction to supply the Goods and/or Services (or Buyer's acceptance of DSI's offer to supply the same) whether made in writing (by letter, email or fax or other electronic means) or orally or by conduct or ii) the written document to which the Conditions are attached or in which they are referred to or iii) any other document in writing evidencing the terms for the supply by DSI of Goods and/or Services;
"*Price*" - the price of the Goods and/or Services as set out in the Order;
"*Services*" - services or work of any kind to be performed for Buyer by DSI;

ENTIRE CONTRACT:
These Conditions are exclusive and in lieu of all other terms and conditions appearing on Buyer's purchase order or elsewhere and apply to all supplies of Material and/or Services by DSI. Any other terms, whether in a purchase order or other document issued by or referred to by Buyer, irrespective of their materiality, which are either different or additional to the Conditions are objected to by DSI and excluded unless expressly and clearly agreed to in writing by DSI. Supply of Material or Services by DSI shall constitute Buyer acceptance to the Conditions. There are no understandings, representations or warranties of any kind not expressly set forth herein.

TERMS OF PAYMENT:
Terms of payment shall be the terms set out on the face of this Contract as supplemented by the terms of this paragraph. If not otherwise stated on the face of this Contract, DSI shall be entitled to invoice Buyer periodically as Material and/or Services are provided and payment shall be due and payable within 30 days after the date of each invoice. A service charge, computed on all payments past due and owed by Buyer under this Contract at an annual percentage rate of 18% shall be added to the Price; however, if such rate is prohibited under applicable law, then such service charge shall be computed at such lower rate as is the maximum rate permitted by law. Buyer also shall be liable for all legal fees and reasonable expenses incurred by DSI in the collection of past due accounts. DSI, upon notice to Buyer, may decline to make deliveries under this Contract, except for cash sales, whenever DSI for any reason doubts Buyer's ability to make payments as agreed under the Contract. Buyer shall not be entitled to set off any amounts owing or purported to be owing by DSI to Buyer or any 3rd party against amounts owing to DSI by Buyer.

DELIVERY/RISK OF LOSS/TITLE:
Unless otherwise indicated on this Contract, delivery of Materials shall be Ex Works DSI's Facility (Incoterms 2010). Delivery dates will be confirmed upon receipt of a binding order from Buyer. Risk of loss or damage to, and responsibility for, the Material shall pass to Buyer upon delivery to carrier at shipping point. No shipment shall be diverted or reconsigned without DSI's prior written consent. Unless otherwise agreed, DSI shall select means of transportation and routing. Title and right to possession of any Material covered by this Contract shall remain with DSI until the purchase price is paid in full or until DSI's lien rights cease.

ACCEPTANCE OF MATERIAL:
Upon tender of delivery of any Material to Buyer, Buyer shall immediately inspect the Material and shall give written notice to DSI of any shortages and of any Material rejected as damaged or otherwise nonconforming. Where delivery is made by common carrier, such notice shall be accompanied by the original freight bill with a notation thereon by the carrier confirming the shortage, damage or nonconformity. Any Material not so reported by Buyer to DSI as rejected shall be deemed to be irrevocably accepted. If Buyer so notifies DSI of any shortage or rejected Material, DSI may if it reasonably notifies Buyer have a further reasonable time to tender substitute Material.

WARRANTIES:
Materials - DSI warrants to Buyer only that the Materials delivered hereunder will conform to their specifications (either as agreed in writing with Buyer or DSI's standard specifications as set out in its product literature in force at the date of delivery) at the time of shipment and shall be free from defects in material and workmanship. Any recommendations or technical advice provided Buyer by DSI is believed reliable, but DSI makes no warranty of results to be obtained or fitness for Buyer's purpose and Buyer accepts such recommendations or advice at Buyer's risk.

DSI also warrants that the Material furnished hereunder will not, in the form in which furnished, infringe any valid United States patent which claims the Material itself, but DSI does not warrant against infringement by reason of Buyer's use thereof in combination with other materials or in the operation of any process. This warranty is conditioned upon Buyer's prompt notification in writing to DSI of any claim made against Buyer for such patent infringement, and upon Buyer's authorization of DSI to assume full and exclusive control of the defense or settlement of such claim or any legal action based thereon.

DSI MAKES NO OTHER EXPRESS OR IMPLIED WARRANTY, STATUTORY OR OTHERWISE, CONCERNING THE MATERIALS INCLUDING, WITHOUT LIMITATION, A WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE OR A WARRANTY OF MERCHANTABILITY. THE WARRANTIES GIVEN UNDER THIS SECTION ARE EXPRESSLY IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED.

Services Warranty - DSI warrants that the Services will be performed in a good and workmanlike manner. Buyer's sole and exclusive remedy and DSI's entire liability with respect to this warranty will be, at the sole option of DSI, to either (a) use its reasonable commercial efforts to reperform or cause to be reperformed any Services not in substantial compliance with this warranty or (b) refund amounts paid by Buyer related to the portion of the Services not in substantial compliance; provided, in each case, Buyer notifies DSI in writing within 30 days after performance of the applicable Services. EXCEPT AS SET FORTH HEREIN OR IN ANY STATEMENT OF WORK THAT EXPRESSLY AMENDS DSI'S WARRANTY, DSI EXPRESSLY DISCLAIMS ALL OTHER WARRANTIES, REPRESENTATIONS, CONDITIONS OR COVENANTS, EITHER EXPRESS OR IMPLIED (INCLUDING WITHOUT LIMITATION, ANY EXPRESS OR IMPLIED WARRANTIES OR CONDITIONS OF FITNESS FOR A PARTICULAR PURPOSE, MERCHANTABILITY, DURABILITY, TITLE, ACCURACY OR NON-INFRINGEMENT) ARISING OUT OF OR RELATED TO THE PERFORMANCE OR NON-PERFORMANCE OF THE SERVICES.

LIMITATIONS ON DSI'S LIABILITY:
DSI's total aggregate liability under this Contract and for any damages in any action or claim based upon contract or tort (including negligence) or breach of statutory duty or for any other reason and which arises out of or in connection with this Contract or the supply of Materials and/or Services shall in no event exceed 100% of the total amount paid to DSI by Buyer under this Contract. However, nothing excludes or limits DSI's liability for (i) death or personal injury resulting from its sole negligence, or (ii) any claim against Buyer relating to DSI infringing a third party's intellectual property.
In no event shall DSI be liable for i) any liquidated or delay damages or for any costs related to delays or the avoidance of delays ii) any consequential, special or incidental damages or indirect losses, (including without limitation fines, punitive damages, loss of profit, business or contract, pure economic loss, depletion of goodwill incurred or suffered by Buyer).

CLAIMS:
All claims, except for the infringement of patents, must be made in writing strictly within 30 days after delivery of the Materials or completion of Services hereunder, and failure so to do shall constitute a waiver by Buyer of any such claims. Buyer shall use all reasonable efforts to minimize such claims or suits and to mitigate its losses. No claim of any kind shall be greater in amount than the paid purchase price of the Material or Services for which a claim is made. Any claim that is not asserted as a claim, counterclaim, defense or set off in a judicial proceeding instituted within one (1) year after the date on which the Materials were delivered to Buyer or Services performed, whichever date is earlier, shall be forever waived, barred and released. Time is of the essence for all Buyer notifications to DSI.

If Buyer notifies DSI in writing of any defect in Material within 30 days after the date of last delivery of Material and such material breaches the relevant warranty above, then Buyer's sole and exclusive remedy shall be to cause DSI, at DSI's option to either replace such nonconforming Material or reimburse Buyer for the price paid for such nonconforming Material provided by DSI.

Buyer shall indemnify, hold harmless and defend DSI from and against any and all claims, actions, suits, proceedings, costs, expenses, damages and liabilities, including actual legal fees and expenses, attributable or alleged to be attributable in whole or in part to Buyer's breach of the Contract, its negligence or other fault arising out of or pertaining to the use, performance, non-performance or misuse of the Material or Services supplied by DSI hereunder.

FORCE MAJEURE:
DSI shall not be liable for any breach of its contractual obligations if performance of its obligations is suspended, delayed or interrupted or rendered impossible or impractical for reasons of Force Majeure. If an event of Force Majeure negatively impacts DSI, it shall be entitled to an extension of time in which to perform its contractual obligations and DSI and Buyer shall negotiate any change to the Contract including time periods and Price in good faith. Force Majeure means events outside or beyond DSI's reasonable control including without limitation Acts of God, flood, earthquake, or other natural disaster; epidemic or pandemic; war, threat of or preparation for war, armed conflict, imposition of sanctions, embargo, breaking off of diplomatic relations or similar actions; terrorist attack, civil war, civil commotion or riots; nuclear, chemical or biological contamination or sonic boom; any law or government order, rule, regulation or direction, or any action taken by a government or public authority, including but not limited to imposing an embargo, export or import restriction, quota or other restriction or prohibition, or failing to grant a necessary license or consent; fire, explosion or accidental damage by a third party; loss during transportation; adverse weather conditions; interruption or failure of utility service, including but not limited to electric power, gas or water; any labor dispute, including but not limited to walkouts, strikes, industrial action or lockouts (other than by DSI's employees); non-performance by DSI's suppliers, inability to obtain raw materials; and unexpected failure of plant machinery, machinery, computers or vehicles. If an event of Force Majeure lasts more than 3 months or immediately renders DSI's performance impossible or impractical, DSI shall be entitled to terminate its Contractual obligations by notice to Buyer and without penalty and shall be entitled to payment by Buyer of a pro-rata sum of the Price to reflect goods and/or Services delivered by DSI up to the date on which it terminated its Contractual obligations. DSI reserves the right to allocate its available supply of Materials among any or all purchasers, as well as departments and divisions of DSI on such basis as it may deem reasonable, fair and practical, without liability for any failure of performance relating to this Contract.

TAXES:
Any tax, excise, fee or other charge of any increase thereof now or hereafter imposed by law upon the production, storage, withdrawal, sale, transportation, use or delivery of the Material sold or Services provided hereunder, shall be in addition to the price quoted and shall be paid by Buyer.

ASSIGNMENT:
No right or interest under this Contract shall be assigned and no obligation under this Contract shall be delegated by Buyer without the prior written approval of DSI. Any attempted assignment or delegation without such approval shall be wholly void and totally ineffective for all purposes.

APPLICABLE LAW/FORUM:
This Contract shall be governed by the laws effective and in force on the date hereof in the state or province in which DSI's office indicated on the face sheet of this Contract is located. Any action arising out of or related to this Contract shall and may be brought only in the court of appropriate jurisdiction of the state and county or province of the pertinent DSI location; provided, however, that DSI, at its option, may bring an action in any jurisdiction where the Material and/or Services provided hereunder are located, or where Buyer maintains an office or other facility, or as permitted by any bond.

COMPLIANCE:
DSI agrees that the Materials shipped hereunder will be produced in compliance with the Fair Labor Standards Act of 1938, as amended, and when applicable, the Equal Opportunity Clause of Executive Order 11246, as amended, and other applicable federal, state or local laws. Buyer agrees that the Materials purchased hereunder will be used in compliance with all applicable laws.

SPECIAL MATERIALS:
If this Contract covers Materials which are manufactured especially for Buyer and the Contract is terminated or an order thereunder cancelled, Buyer will take delivery of and make payment for such Material as has been manufactured and such as is in the process of being manufactured on the date notice of such termination or cancellation is received by DSI.

CHANGE ORDERS
Buyer may order, without invalidating this Contract, changes in the work within the general scope of this Contract consisting of additions, deletions or other revisions. Before DSI shall be required to proceed with such change order, the parties must agree in writing as to the adjustment to the Contract price and delivery terms for such changed work.

- Prices include applicable State and Local Sales Tax.
- **Prices, as quoted, will remain firm for thirty (30) calendar days,** after which time Integrity Rebar Placers reserves the right to revise this quotation.
- Prices / Bid items quoted are not for separate acceptance without prior approval.
- Integrity Rebar Placers' price is based on detailing, fabricating and placing on a normal five (5) day, forty (40) hour work week (all Union contract and nationally recognized holidays are observed). Performance will be based on conventional construction, timely receipt of (2) complete printed sets of plans, specifications (in addition to CADD files) and adequate written schedules to which Integrity Rebar Placers has agreed. Contractor shall furnish design information, locations of pour joints, and construction schedules in sufficient time to allow for preparation and approval of submittals, plus seven (7) working days for fabrication and delivery. Additional lead-time will be required for special mill rolling, spirals, epoxy coating and/or special mesh. Contract delays of more than forty five (45) days may result in additional cost of materials.
- Seller reserves the right to renegotiate additional price increases, for any shipments and/or placing after _____.

HOISTING/LOWERING:

Contractor shall furnish, without charge, suitable equipment fully operated for hoisting/lowering reinforcing steel, wire mesh,

etc, including unloading trucks, staging of reinforcing to points of installation (into foundations and onto elevated decks, etc...) setting of columns/cages and /or assemblies, and power placing of individual bars that Integrity Rebar Placers may require. **Contractor to provide a minimum of 242 hours of actual hook time.** (Hook time is the amount of time that the hoisting hook is actively supporting any reinforcing steel.) If Integrity Rebar Placers is to perform its own hoisting, add $_____. (Hours and/or price provided do not include hoisting/lowering for F.O.B. trucks jobsite material and/or setting of tied and stockpiled cages or mats).

SPECIAL NOTES:

1. Payment and Performance Bonds may be provided at .1% if necessary.
2. Night work is excluded except by additive quote.

RE: Disadvantaged Business Enterprise Certification

Dear SAROEUNG POCH:

We are pleased to advise you that after careful review of your application and supporting documentation, the Los Angeles County Metropolitan Transportation Authority (Metro) has determined that your firm meets the eligibility standards to be certified as a Disadvantaged Business Enterprise (DBE) as required under the U.S. Department of Transportation (U.S. DOT) Regulation 49 CFR Part 26, as amended. This certification will be recognized by all of the U.S. DOT recipients in California. Your firm will be listed in the California Unified Certification Program (CUCP) database of certified DBEs under the following specific areas of expertise that you have identified on the NAICS codes form of the application package:

NAICS (2007)	Description
238120	Structural Steel and Precast Concrete Construction

Your DBE certification applies only for the above codes. You may review your firm's information in the CUCP DBE database which can be accessed at the CUCP's website at www.californiaucp.org. Any additions and revisions must be submitted to Metro for review and approval.

In order to ensure your continued DBE status, you are required to submit an annual No Change Declaration Form (which will be sent to you) along with supporting documentation. If no changes are noted, then your DBE status remains current. If there are changes, Metro will review to determine continued DBE eligibility. Please note, your DBE status remains in effect unless Metro notifies you otherwise.

Should any changes occur that could affect your certification status prior to receipt of the No Change Declaration Form, such as changes in your firm's name, business/mailing address, ownership, management or control, or failure to meet the applicable business size standards or personal net worth standard, please notify Metro immediately. Failure to submit forms and/or change of information will be deemed a failure to cooperate under Section 26.109 of the Regulations.

Metro reserves the right to withdraw this certification if at any time it is determined that it was knowingly obtained by false, misleading, or incorrect information. Your DBE certification is subject to review at any time. The firm thereby consents to the examination of its books, records and documents by Metro.

Congratulations, and thank you for your interest n the DBE program. Should you have any questions, please contact us at 213-922-2601. For information on Metro contracting opportunities, please visit our website at www.metro.net.

Re: Small Business Enterprise Certification

Dear SAROEUNG POCH

We are pleased to advise you that after careful review of your application and supporting documentation, the Los Angeles County Metropolitan Transportation Authority (Metro) has determined that your firm meets the eligibility standards to be certified as a Small Business Enterprise (SBE) as required under Metro's SBE Program. Your firm will be listed in Metro's SBE database of certified SBEs under the following specific areas of expertise:

NAICS (2007)	Description
238120	Structural Steel and Precast Concrete Construction

Your SBE certification is good for five years from the date of this letter and applies only for the above NAICS 2007 codes. Any additions and revisions must be submitted to Metro for review and approval

After the five-year certification period, your entire file will be reviewed in order to ascertain continued SBE certification status. You will be notified of the pending SBE status review and any documentation updates necessary prior to the expiration date.

Also, should any changes occur that could affect your certification status prior to receipt of the renewal application, such as changes in your firm's name, business/mailing address, ownership, management or control, or failure to meet the applicable business size standards or personal net worth standard, please notify Metro immediately.

Metro reserves the right to withdraw this certification if at any time it is determined that it was knowingly obtained by false, misleading, or incorrect information. Your SBE certification is subject to review at any time. The firm thereby consents to the examination of its books, records, and documents by Metro

Congratulations, and thank you for your interest in Metro's SBE Program. Should you have any questions, please contact us at 213-922-2600. For information on Metro contracting opportunities, please visit our website at www.metro.net.

Sincerely,

Performance of this Bid/Offer shall be governed by and in compliance with the **Concrete Reinforcing Steel Institute Manual of Standard Practice.** This offer represents the full scope and intent on the part of LA Steel Services to provide services and materials to Contractor.

This bid is submitted subject to and expressly conditioned upon all of the terms and conditions set forth below.

PLANS AND SPECIFICATIONS:

Specifications: 2010 Caltrans Specs, Section 52

Addendum: # 1-6

Plans/Drawings: Sheets 1 to 212 of 212 Sheet Bid Set

Architect/Engineer: Caltrans

PRICING CONDITIONS:

- **Prices, as quoted, will remain firm for thirty (30) calendar days**, after which time LA Steel Services reserves the right to revise this quotation.
- Prices / Bid items quoted are not for separate acceptance without prior approval.
- Seller reserves the right to renegotiate additional price increases, for any shipments and/or placing after the projected end of the job per timeline and schedule as out-lined in the specifications at time of bid.
- LA Steel Services' price is based on detailing, fabricating, and placing on a normal five (5) day, forty (40) hour work week (all Union contract and nationally recognized holidays are observed). Performance will be based on conventional construction, timely receipt of two (2) complete printed sets of plans, specifications (in addition to CADD files) and adequate written schedules to which LA Steel Services has agreed. Contractor shall furnish design information, locations of pour joints, and construction schedules in sufficient time to allow for preparation and approval of submittals, plus seven (7) working days for fabrication and delivery. Additional lead-time will be required for special mill rolling, spirals, epoxy coating, and/or special mesh. Contract delays of more than forty-five (45) days may result in additional cost of materials.

7. LA Steel Services shall not be required to continue performance if, after Contractor has received payment for the properly performed work of LA Steel Services, timely payments are not made to LA Steel Services.
8. All sums not paid when due shall bear an interest rate of 2% per month or the maximum legal rate permitted by law, whichever is greater; and all costs of collection, including a reasonable attorney's fee, shall be paid by Contractor as prescribed by Section 7108.5 of the California Business and Professions Code.
9. No provision of this Subcontract shall serve to void LA Steel Services entitlement to payment for properly performed contract/extra work or suitably stored materials, or to void Subcontractor's right to file a lien, stop notice, and/or claim on its behalf.
10. Neither party will have the right of set-off against the other party for any reason.
11. If LA Steel Services is required by the Contractor to perform change order/extra work, said extra work must be authorized in writing by Contractor's Field Management personnel having apparent authority to authorize such extra work or an officer of the Contractor. Such written/executed directives from the Contractor shall constitute acceptance of financial responsibility by Contractor and a billable event upon completion of the work. **Extra/CCO shall be net 30 days regardless of being paid by owner.**
12. No back charges or claims of the Contractor for services provided shall be valid except by an agreement in writing, agreed to between the parties prior to services being provided.
13. Field labor called for herein is to be performed during LA Steel Services regular working hours, eight hours per day, five days a week (all Union Holidays are observed), unless required and agreed to during bid negotiations. All work performed outside of such hours shall be charged at LA Steel Services standard rates for overtime, weekend, or holiday work. LA Steel Services standard rates are per Caltrans force account rates. (Labor Surcharge % per Concrete Construction - Bridge) However, should LA Steel Services be behind the preapproved construction schedule, all overtime/premium time required to regain the construction schedule shall be for subcontractor's account.
14. LA Steel Services will indemnify, defend and save harmless Contractor and Contractor's customer from LA Steel Services' proportionate share of liability for claims attributable to bodily injury (including death) and/or property damage (to other than the Work itself) to the extent caused by the negligence or intentional misconduct of LA Steel Services or anyone directly or indirectly employed by LA Steel Services. Subcontractor will name Contractor and Contractor's customer as additional insured on Subcontractor's insurance policies only if required to do so by the Contract Documents and only by means of Subcontractor's standard additional insured endorsement. Indemnification and insurance provided by LA Steel Services shall not extend coverage to Architects, Engineers or other design professionals. Indemnification and insurance coverage shall be limited to Contractor and Contractor's customer only.
15. LA Steel Services carries the following insurance coverage's.
    General Liability; Carrier-A.M. Best Rated A X Non-Admitted. Form: CG2001 10/01-2001 ISO Occurrence Commercial General Liability including products. Limits: Each Occurrence $1,000,000. General Aggregate $2,000,000 Products/Comp Ops Aggregate $2,000,000 Personal Injury & Advertising $1,000,000 Medical Payments-Per Person $5,000 Fire Legal Damage $50,000.
    Workers Compensation: Carrier: State Compensation Insurance Fund, Statutory includes Employers Liability.
16. Contractor shall provide LA Steel Services with copies of all contract documents applicable to LA Steel Services performance, duties, or obligations at its Headquarters Office.
17. Subcontractor shall be provided a mutually approved construction schedule providing a reasonable time in which to make delivery of submittals, materials and/or labor so as to commence and complete the performance of the Subcontract.
18. Subcontractor shall not be responsible for delays, accelerations, or defaults where occasioned by any causes beyond its control, including but not limited to: delays caused by the Owner, General Contractor, Architect and/or Engineers.
19. Subcontractor shall be entitled to equitable adjustment in the subcontract amount for additional costs due to unanticipated project delays or accelerations caused by the Contractor or others under the direct control of Contractor, and whose acts is not Subcontractor's responsibility.
20. The Contractor shall make no demand for liquidated damages for delays in excess of the amount specified in the Contract Documents and no liquidated damages may be assessed against Subcontractor for more than its proportionate share of the amount paid by the Contractor for unexcused delays to the extent actually caused by Subcontractor.
21. Splices in reinforcing bars and/or construction joint dowels for Contractor's convenience shall be for Contractor's account. Also splices required due to low overhead, power lines and/or deficiencies in hoisting equipment unless specifically shown on contract drawings at that particular location shall be for Contractor's account.
22. LA Steel Services shall not be liable for repair of any damage caused by others outside the control of LA Steel Services. Approval for pouring or embedment in concrete shall constitute acceptance by Contractor of that portion of work and shall terminate LA Steel Services responsibility. Required remedial work, due to damage caused by others shall be for Contractor's account.
23. Cost of Ironworker show-up and/or stand-by time, scheduled by Contractor, when work is not ready shall be for Contractor's account.
24. Contractor shall furnish, without charge, templates/starter walls constructed with sufficient accuracy to support vertical reinforcing steel within placing tolerances specified by Owner. Templates/Starter walls shall not be double formed before reinforcing steel is installed unless prior approval has been granted.
25. Contractor shall furnish adequate parking for all LA Steel Services employees at no cost to LA Steel Services within three (3) standard blocks of the jobsite. If Contractor does not provide this parking, Contractor will pay LA Steel Services for all parking related costs including cost of vehicle parking, cost of shuttle services and travel time costs while employees are in transit unless specifically included in Scope of Work/Price or by additive quote.
26. Contractor will provide full access to all areas of the project for at least one (1) LA Steel Services' Foreman truck to provide supplies and accessories as needed for the project.
27. Ramps adequate to allow semi tractor-trailer deliveries of reinforcing to point of final placement shall be furnished by Contractor for all work below grade and shall be maintained in place until all work below grade is complete. If above ramps are not provided, all cost for equivalent service shall be for Contractors account.
28. Contractor shall furnish adequate working heavy duty OSHA scaffolding/platforms and windscreens as required from which welding,

mechanical coupling and placing of reinforcing steel can be safely performed.

29. Contractor shall provide and secure in place all supports in tunnels and shafts, which LA Steel Services may require for supporting and placing steel.
30. Masonry steel to be F.O.B. trucks jobsite, with Contractor agreeing to accept all responsibility for any shortages and/or replacement costs discovered twenty-four (24) hours subsequent to delivery. Unless shown otherwise on plan drawings, masonry vertical reinforcing is to be furnished in one piece, full height between stories of structure. If four-foot (4' 0") vertical lifts are required, Contractor and/or Contractor's subcontractor to assume all costs for additional splices required. All horizontal reinforcing #5 and smaller will be furnished in stock lengths plus corner bars.
31. Contractor shall furnish layout of dowels, which extend into masonry.
32. Subcontractor shall not be responsible for material replacement cost due to theft and or lost on job, when materials are scheduled by contractor and not used promptly.
33. Contractor shall furnish approved work drawings of the temporary support system for columns, wall cages and/or any assemblies regardless of height, which the bid documents, may require. Contractor shall furnish and maintain adequate bracing, rigging, cables and guys, set all Deadman required to guy vertical reinforcing, and comply with the temporary system design (Rigging includes but is not limited to: chokers, shackles, spreader bars, etc....). Prior to hoisting support being removed, Contractor to inspect, approve compliance with temporary support system plan, and accept work.

Contractor shall furnish, without charge, suitable equipment fully operated for hoisting/lowering reinforcing steel, wire mesh, etc., including unloading trucks, staging of reinforcing to points of installation (into foundations and onto elevated decks, etc...) setting of columns/cages and/or assemblies, and power placing of individual bars that LA Steel Services may require. **Contractor to provide a minimum of 220 hours of actual hook time.** (Hook time is the amount of time that the hoisting hook is actively supporting any reinforcing steel.) (Hours and/or price provided do not include hoisting/lowering for F.O.B. trucks jobsite material and/or setting of tied and stockpiled cages or mats).

SPECIAL NOTES:

1. CIDH piles tied & stockpiled one-piece full length only. Cages will be tied to industry standards for placement of concrete. Additional tying and rack braces for pile setting operation are excluded. For piles with recessed columns and/or pin columns the columns and/or pin columns will be delivered FOB as individual cages for placing by others.
2. Payment and Performance Bonds excluded (Material Bond may be provided at .7% if necessary)
3. Night work is excluded except by additive quote.
4. For these build-on-site piles/columns, Contractor to provide (2) forklifts for building operation at no charge to subcontractor. The weight capacity of lifts to be determined by schedule and production. (This is in addition to the Hook-time crane hours.)
5. Special order bars will be required, ample lead time for #14 and #18 bar will be required, subject to mill rolling dates.

SCOPE OF WORK EXCLUSIONS

1. All testing and inspection and/or any related costs thereof other than mill test reports. (Rebar, mechanical couplers and/or welded hoop test bar samples to be provided F.O.B. trucks jobsite).
2. As-Built Drawings (Shop Drawings).
3. Plain (smooth) round bars or dowels, threaded bars, form savers, rods, sleeves, sheathing, anchors, studs, bolts (anchor & misc.), and inserts.
4. Wrapping, coating, painting and/or greasing of reinforcing steel and/or wire mesh.
5. Supplying, installing, and /or maintaining any form of rebar cap or safety device on installed reinforcing steel or reinforcing steel on the ground/stored (per latest OSHA Standards).
6. Cost of pour watchman.
7. All permits and licenses, other than city/county business licenses and State Contractor's license, required for the work.
8. Cutting, burning, cleaning, straightening and/or bending of existing steel and/or improperly placed drill and grout/bond

dowels.
9. Drilling, grouting, and dry packing/placing bars in drilled holes
10. Payment and/or Performance Bonds. (Material Bond may be provided if available.)
11. Furnishing and/or welding of dowels/anchors to miscellaneous steel and/or structural steel
12. Metal tags (LA Steel Services or fabricators standard tags will be used to identify steel).
13. Any and all reinforcing steel, and/or wire mesh not shown on drawings unless specifically included in Scope of Work/Price.
14. Placing or Shop Drawings prepared, reviewed, sealed or stamped by a licensed engineer.
15. Providing and/or laying out holes in structural steel for reinforcing bars to pass.
16. All electrical bonding and/or grounding material (i.e. welding for cathodic protection).
17. All welding.
18. Pre-stressing and/or pre-stressing materials. (Including but not limited to, any additional reinforcing steel required by any pre-stressing/post tensioning system.)
19. Masonry Steel, other than deformed rebar.
20. Reinforcing for precast concrete items.
21. Reworking of any reinforcing steel and/or post-tensioned cables extending from precast piles.
22. The setting of tied and stockpiled F.O.B. Truck Jobsite cages as well as all spacer material and/or placing accessories required to position same. Reinforcing steel cages other than over-length or job-site built cages will be unloaded by Contractor and stockpiled at the jobsite in locations designated by Contractor. Relocation of stockpiled cages shall be Contractor's responsibility.
23. Epoxy Coated/Galvanized deformed and/or plain bars and/or wire mesh.
24. Field bending of rebar other than by additive quote.
25. The cost of reworking, rehabilitating and/or replacing reinforcing steel damaged or lost as a result of flood conditions. If storm damage should occur, responsibility for steel fully or partially in place, and for steel stored in locations designated by Contractor, shall be for Contractor's account.
26. Traffic control (lane closures, barricades, flagmen, signs, lights, etc.).
27. All site work, including but not limited to paving, sidewalks, curb and gutter, storm drain items such as catch basins, clean-outs, inlets, outlets, manholes, headwalls, collars, etc. unless specifically included in Scope of Work/Price.
28. Protection of exposed steel for future construction.
29. Overtime premiums and/or shift work.
30. Removal of spoils from footings and small wire clippings caused by normal reinforcing installation.

GENERAL CONDITIONS

1. Contractor's acceptance of all of the terms and conditions of this Bid/Offer shall be conclusively evidenced by Contractor listing, permitting/directing performance, or signing and returning this offer.
2. LA Steel Services may begin performance of the work, pending receipt of an executed final agreement. However, should a final mutually acceptable agreement not be forthcoming or should the terms and conditions of LA Steel Services offer be altered or modified, LA Steel Services reserves the right to immediately stop performance and Contractor agrees to indemnify LA Steel Services for all costs and loss of profit.
3. The following items, as required, are to be provided by Contractor, fully erected for use at all locations necessary without charge to LA Steel Services:
    A. Lines, grades, supporting templates, layout, racks, ramps, ladders, sanitary facilities, trash bins, adequate lighting, and Cal-OSHA approved Heavy Duty scaffolding (per sections 1926 subpart L App. A & E).
    B. Full access to all working areas for material, equipment, manpower, and level space for delivery, assembly and storage of steel, accessible to tractor-semi-trailer deliveries and within 25 feet of where materials are to be used or hoisted.
    C. As required, adequate electrical power and compressed air (90 PSI Min.).
    D. Adequate areas for staging, storage, and pre-assembly of materials.
4. Subcontractor shall be paid monthly progress payments equal to one hundred percent (100%) of monthly billings within ten days (10) days of Contractor receiving payment from project owner for value of work completed, plus Owner approved amount of materials on hand and/or equipment (if any) suitably stored on or off site. Contractor shall, at all times, be financially responsible to LA Steel Services for labor and material supplied pursuant to this offer. If a dispute arises between Contractor and Owner that delays receipt of payment by Contractor from Owner, unrelated to the performance of or materials supplied by Subcontractor, Contractor shall make progress and/or retention payment to Subcontractor within a reasonable time. A reasonable time for payment from Contractor to Subcontractor shall be defined as being due 45 days from Subcontractor's progress billing date.
5. Contractor shall not withhold retention greater than that being withheld by the Owner from the Contractor and shall immediately reduce retention withheld from Subcontractor, by a like percentage, when reduced to Contractor by Owner. In no event shall retention withheld by Contractor from LA Steel Services exceed the percentage withheld from Contractor by Owner. Final retention payment shall be made not later than 35 days from date LA Steel Services has completed its scope of work.
6. No retention shall be withheld on FOB and/or tied and stockpiled material, if approved by Owner.
